O. B. Edmondson in releasing the statement concerning the increases, that the sewer system is in need of some major repairs at the present time. He also explained that the water system s in the same condition, needing repairs and updating.

The release stated, "The Health Department (Texas) is demanding that the present masonry storage tank (popularly known as the settling basin) must be replaced with a metal tank and such cost will be approximately \$15,000.00".

The Cross Plains City Council explained that the old charges had been in effect for some 20 years. In the release the council stated, "We all realize that the cost of supplies and operating costs have increased steadily over the past years-in some instances 300 per cent or more.'

The statement continued, The council hopes, by this action, to avoid the situation that our gas system was in, such as short supply and the entire system needing to be replaced."

"The Churches Of Christ Salute You"

THE RAPTURE

(Continued)

Please re-read last week's article before reading this one.

That Jesus is coming again and the saints will be caught up to be with him, there is no doubt in the minds of those who believe the Bible. (1 Thess. 4:13-17). But that his coming and the "catching away" of the saints will be "secret" is in direct opposition to the Bible. The basic idea of "the rapture" philosophy is based on many suppositions,

1. That God made promises to literal (fleshly) Israel

But the Bible says, "The Lord gave unto Israel all the

land which he sware to give unto their fathers: and they

possessed it, and dwelt therein. There failed not aught of

any good thing which the Lord had spoken unto the house

But the Bible says, "Behold he cometh with the clouds;

3. That a kingdom age on earth is to follow the church

But the Bible makes no distinction between the church

and kingdom, Mt. 16:18-19. They are both the same insti-

tution beginning at the same time with the same Ruler

as we have set forth in earlier articles. The Bible teaches

us that the kingdom was established in the first century

A.D., Col. 1:13; Rev. 1:9, the day of Pentecost following

4. That the Church will be caught away secretly to join

But the Bible says nothing of a secret catching away of

5. That the saints will be in the air for seven years while there is tribulation on the earth. After which Jesus and the saints will return to earth to gain victory and set

But the Bible says when the saints are caught up to be

with the Lord in the air "so shall we ever be with the

Lord," 1 Thess. 4:17. When Jehus comes and welcomes

the righteous into heaven that it will be for "eternity"

Mt. 25:46. Please read Vs. 31-46 again. Since the kingdom

of Christ was set up in apostolic day, as we have shown

above, we know it is false to say that is going to happen

Now, my friends, since it is plain that 'he "rapture"

philosophy is in direct opposition to plain Bible teaching

we have to choose either the philosophy of man (philoso-

phy and vain deceit, Col. 2:8) OR the Bible, NOT both

because they are in opposition to each other. Are you

willing to choose the Bible as the basis of your faith in

Jesus' second coming and throw away this "rapture"

The money will be used for the company's loss prevention program.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The insurance company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important to prevent fires. It is their hope this money will help the Cross Plains Volunteer Fire Department in its program.

If you grow sorghum on sandy soils, it's time you tried Igran.

Because Igran® is the sorghum herbicide that really fits the sandy soil conditions in the South High Plains and South Rolling Plains.

And because it fits, Igran is easier to use. There's no guesswork or experimenting with rates. Just follow the label directions.

Then watch your sorghum come through clean and healthy. Because Igran controls those tough broadleaf weeds like carelessweed and annual morningglory. Controls them early, before they have a chance to rob your crop of vital soil moisture and nutrients.

Igran. Once you try it, you'll keep on using it. Because now you've got a sorghum herbicide that really fits your sandy soil conditions.
