Jonathon Nelson was transferred to Parkland Memorial Hospital in Dallas Sunday afternoon with multiple head lacerations and a broken collarbone, in fair condition. His father, James, and grandfather, Edwin Weiss, accompanied him to Dallas. As of Tuesday, plans were being made to transfer him back to Hendrick Medical Center.

by the Buffalo Band, under the direction of Bill Strickler. Joe Coppinger will lead the invocation.

The public is cordially invited to attend the ceremony in honor of the Seniors.

Class officers are Calvin Champion,

thusiastically arranging various entertainment activities to provide a funfilled day that would raise funds to assist Cody and his family with the tremendous medical expenses which will be incurred for a liver transplant.

Efforts are presently being made to encourage some celebrities such as musicians, singers, actors, actresses, or athletes to volunteer their talents for this worthy benefit. A concert, interview, or autographs could be valuable in this project.

Knowing there are many influential subscribers to the Cross Plains Review, I hope that someone might have a personal connection to some celebrity for this special community event.

If anyone could assist in this area, please contact Kala (Pill) Key (817) 725-7243, Kerry Peevy (817) 725-6423, or the Cross Plains Review (817) 725-6111.

Cody is a popular Sophomore at Cross Plains High School who has been active in tennis, band and basketball, while coping with serious health problems. He is on a waiting list for a liver, and the support of our community is of utmost importance.

Blue ribbons for Cody are already displayed on lapels, businesses, the high school, automobile antennae, and were even incorporated in the decoration scheme of the Buffalo Band Banquet last Friday evening honoring a friend. Lockers at the high school display the blue ribbons. Blue posters with his photo and the announcement of Cody Winfrey Day appear in the window of businesses in town.

Beta Sigma Phi is sponsoring an aluminum can drive as a fund raiser for Cody. Please take your donation of cans (preferably crushed) to the City Hall during business hours.

Tony and Paula, Cody's parents, are both former graduates of Cross Plains High School and have lived in the community for years.

The compassion of local residents has been touching, and if anyone can be of further assistance, it would be greatly appreciated.

## 'Jack's Place'

Jody Brown competed in the 110 high hurdles and 300 intermediate hurdles and Tamara Flippin competed in the triple jump at the State Track Meet held in Austin last Friday and Saturday.

Brown, a Senior, took first place in both his events earning him two gold medals. His official time in the 110 hurdles was 15.1 and 38.4 in the 300 hurdles. This is the first time in the history of Cross Plains High School that any athlete has won two gold medals in State competition.

Junior Lee was the last athlete from the local high school to win a gold medal in the mile in 1966. His record setting time held up for many years. Weather conditions were not accomodating for the meet, as Jody ran the first race in pouring rain. Many runners fell during the event due to the slippery surface. Brown's time was slowed by the rain, as he had a 14.2

just the week earlier at the State Qualifier Meet held in Abilene where he placed 3rd in both events competing against Class 4A and Class 5A tracksters.

During his second event the rain lightened to a mist and his time was reflective of his usual runs. Last year at State he finished 2nd in the 300 hurdles and 3rd in the 110 hurdles. Jody stated that he was determined to reach his goal of two gold medals.

The long hours of work-outs, drills, weight lifting, running hills and dedication to training, even after school hours were well worth it for this young man. He has qualified for record in the 1992 Regional Meet at McMurry.

He is the son of Mr. and Mrs. Jim Brown. He will be attending Texas Tech University with a football scholarship in the fall.

Tamara Flippin placed 7th in the State triple jump with 34 feet and 1 1/2 inches. It was her first State competition and she is only a Sophomore.

Her best jump this year was 36 feet 3/4 inches at the Panther Creek Relays. She won 1st in District in the long jump and ran on the 400 mile relay which claimed 5th in District. Tamara took 3rd place at District in the 800 meter relay and the 1600 meter relay. She also ran a 62.1 on anchor leg of the mile relay.

She is the daughter of Mr. and Mrs. E.J. Flippin.

"Tamara is an exceptional young woman who has accomplished many goals this year due to hard work and love of the sport," remarked Coach Elaine Shedd.

Both Jody and Tamara were named Buffaloes Best in Track and Athletes of the Year in 1992.

A note of interest for youthful track enthusiastics, Brown started running track at age 8 in the summer programs at Texas Amateur Athletic Federation in Abilene and Brownwood. Another locally known youth from May, Vicki Lee, also participated in these summer programs and walked away with two gold medals in Class A 100 meter sprint and 200 meter sprint at the State Meet. She is the daughter of Mr. and Mrs. Don Lee.

#### **Card Of Thanks** Dear Cross Plains,

The students of the Cross Plains Band and I would like to take this opportunity to thank you for your support of the band program. The students have worked diligently canvassing the town selling candy to raise money for new band uniforms. Folks were very receptive. We received several donations which were greatly appreciated.

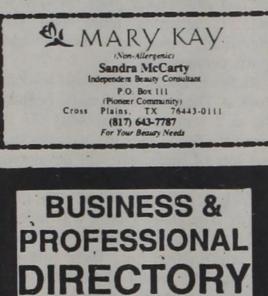

The Band Boosters worked very hard running the concession stand at the games, the Christmas Store, Homecoming Supper, and the Spaghetti Supper. All of these were well attended and were a big help in achieving our goals. It is impossible to thank everyone. A special thanks goes

Review for publicizing all the events and coverage of activities.

There are many things which attributed to a successful band program such as ours. The students, the director, the school board, the administration, teachers, parents, and community. I am happy to say because of all these folks the band will have a new fresh look next fall.

The uniforms are totally paid in full due to the support of the community and school board. It is our wish that with your continuing support of the Cross Plains Band Program, we will continue to have a fine musical organization, something students. school, and community will be proud of.

> Thanks again, **Bill Strickler Band** Director

The fourth grade class taught by Mrs. Purvis has been writing the fourth grade class of Kala Key at Northwest Elementary in Brownwood for several months. Over the time the exchange of letters varied from short notes and letters to gifts of friendship, including favorite books and stuffed animals. Finally the day came for the meeting of their Pen Pals.

The students from Northwest Elementary came to Cross Plains on May 4. Nerves and anticipation filled the room, then finally the wall of fear came down and the group acted like regular 4th graders - talking and giggling.

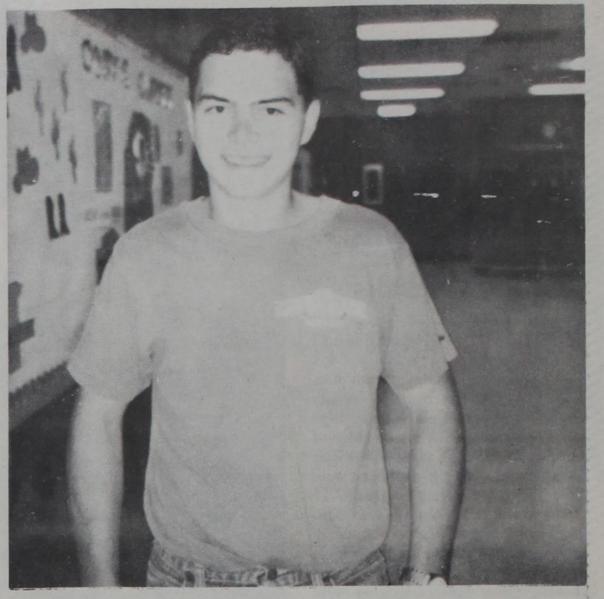

Mrs. Purvis' class took their Pen Pals to P.E. with them, had a picnic lunch, and toured the campus.

Highlight of the day was having Cody Winfrey come talk to the children. At the day's end, farewells were exchanged and plans made to see each other again on the following Monday.

On May 11 Mrs. Purvis' 4th graders taveled to Brownwood to be treated to a skating party and picnic lunch with their Pen Pals of Northwest Elementary. The morning was spent skating and enjoying visiting with their Pen Pals again. After a picnic lunch at Coggin Park, they all traveled to Northwest to tour their school and more visiting. Finally the time came to say their good-byes and we traveled home. Both teachers agreed that this was a wonderful learning experience for all who participated.

The school board and administration gave all volunteers a beautiful card with the enscription: "Special Thanks from Cross Plains Schools. For special volunteers, such as you and all the good things you do, we would like to

express our thanks and appreciation for the hours you have shared so willingly at our school."

Lee Thompson told the volunteers, "I have compared our volunteer program to other programs in our

volunteer program to other programs in our area and found ours to be one of the very best." Lisa Flood and Leonard Wood shared encouraging words about the success of the pro-

# **Property Tax Protest and Appeal Procedures**

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these appeal procedures if you have a concern about:

the value placed on your property

 any exemptions that may apply to you the cancellation of an agricultural appraisal

the taxable status of your property

the local governments which should be taxing your

property

 any action taken by the appraisal district that adversely affected you.

## **Informal Review**

Contact Central Appraisal District of Callahan County, 130 W. 4th Street, Baird, Texas 79504, (915) 854-1165.

## **Review by the Appraisal Review Board**

I you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board (ARB).

The ARB is an independent board of citizens that reviews problems with appraisals or other concerns listed above. It has the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notice of the time, date and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on

#### More information

You can get more information by contacting your appraisal district at 130 W. 4th in Baird, 854-1165. You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Comptroller's Property Tax Division at 4301 Westbank Drive, Building B, Suite 100, Austin, Texas 78746-6565.

## **Deadline for Filing Protests** with the ARB\*

## **Usual Deadline**

On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

Late protests are allowed if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.

Late protests are due the day before the appraisal review board approves records for the year. Contact your appraisal district for more information.

#### **Special Deadlines**

For change of use (the appraisal district informed you that you are losing agricultural appraisal because you changed the use of your land), the deadline is before the 30th day after the notice of the determination was mailed to you.

the evidence presented. You can get a copy of a protest form from the appraisal district office at 130 W. 4th in Baird, or call (915) 854-1165.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires ARB members to sign an affidavit saying that they haven't talked about your case before the ARB hears it.

## **Review by the District Court**

After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision, you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

For ARB changes (the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed), the deadline is before the 30th day after the notice of the determination was mailed to you.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

\*The deadline is postponed to the next business day if it falls on a weekend or holiday.

## ATPE RELEASES SURVEY RESULTS

AUSTIN — Many of the education reforms passed by the Texas Legislature in 1984 have not worked, according to a recent survey of public school educators.

The random survey of 1,638 members of the Association of Texas Professional Educators shows that 81 percent of those surveyed say state mandated teacher evaluations consume too much administrative time; and more than half say the suspension period under the no-pass, no-play rule should be reduced from six to three weeks.

This doesn't 'feel' like Monday but the morning paper indicates that it is. I've had such little energy thus far, I hope to build up more energy and ambition. I believe everyone needs ambition - for one task or more. Attendance at First Baptist was only

fair - church attendance was more impressive than Sunday School. The pastor's message was very interesting and impressive (read Phil. 3:1-16).

I received an interesting letter from my sister, Opal, who lives in the area where we all were "born, bread and buttered." She keeps busy with her club work, flowers, and "fighting grasshoppers." She is active in church work, also.

I called my friend, Nell Fleming, but she had already given her news to Irma Miller - read her 'Pioneer Patchwork.'

"No-pass, no-play was designed to make students work harder and maintain passing grades, but instead, students are opting for less-demanding courses," said Beverly Sinkey, ATPE state president.

The mandated 22:1 teacher/pupil ratio for kindergarten through grade four received the most favorable response of all the 1984 reforms. Twice as many teachers said the ratio in their classroom had improved, compared to those who said conditions had worsened.

Three-fourths of those surveyed say school violence is on the increase in their district. "This is the most alarming response in the survey," said Sinkey. "Incidents of violence against students and teachers are becoming much too common. Learning cannot

Sixty-four percent favor year-round schooling if they are compensated accordingly; and only 28 percent favor consolidation as a solution to the school finance issue.

The survey was conducted for the association by M. Lee Williams of Southwest Texas State University.

Ms. Novilia Barton of the Rising Star area visited Betty Beggs on Friday of last week. On Sunday, Mr. and Mrs. Dick Smith of Fort Worth visited Betty and J.T. They enjoyed their visit so much.

Mr. and Mrs. Norman Lee enjoyed a nice weekend with their daughter, Norma and Terry Cundiff and children. He said the grandchildren were just growing up so fast. They live at Valley View, Denton County.
