Little League Baseball Celebrates 36th Anniversary

By VANDA KING
Editor

Little League baseball was first organized in Cross Plains some 36 years ago in 1952. The first baseball diamond was located on the property owned by Tom Bryant which now serves as the site for the Federal Housing Authority apartments.

The original organizers consisted of Minnie Dallas, Katie Oliver, Ella Faye Merrill, Ruby Latson, Mrs. Flinn, and the late, Shorty Montgomery.

Minnie Dallas said, "With the help of all the men in the community who helped build the fields, install lights, serve as coaches, umpires, etc. the ex-

istence of a Little League team became a reality."

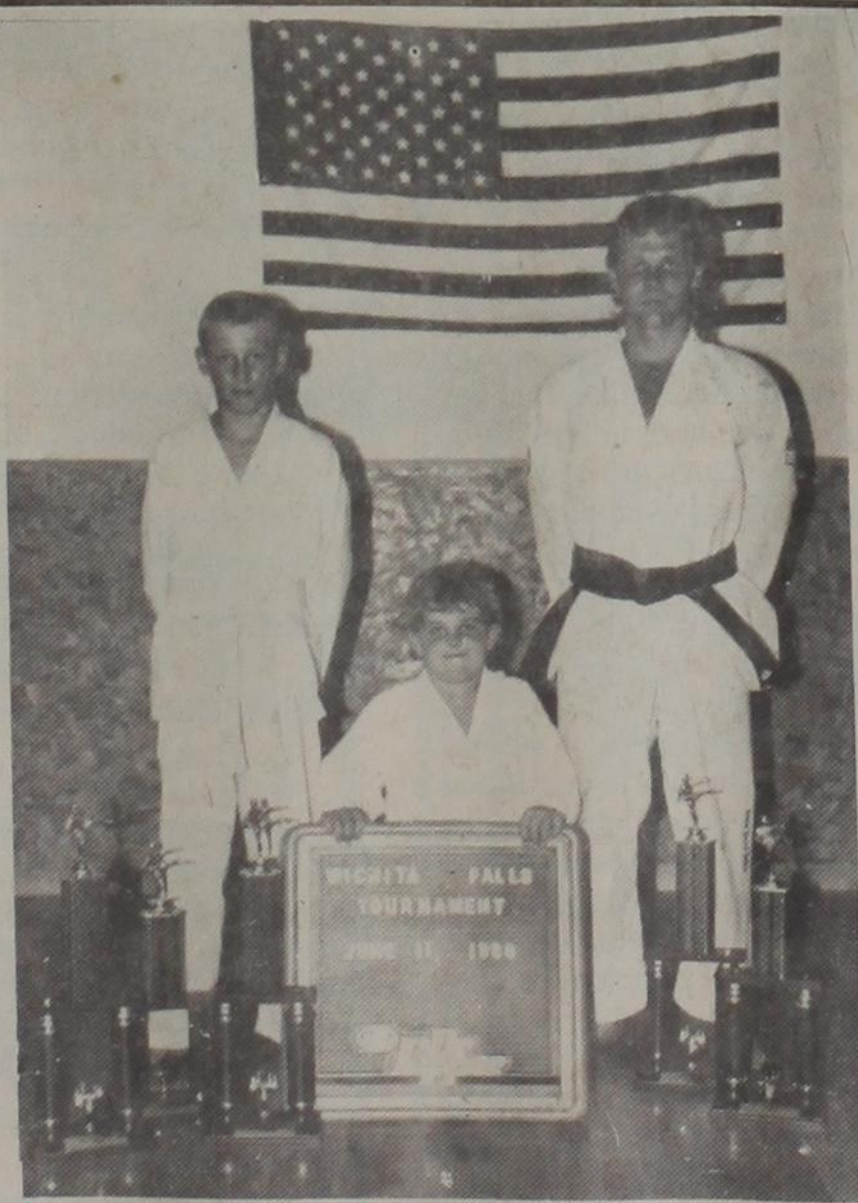

Mrs. Dallas recalled most of the funding was received through donations while she worked at a cafe in Cross Plains. She stated that many oil men and workers contributed to its success. She also said that the late Neal Dillard contributed the first \$100 to the Little League.

Since the 1988 baseball season is completed it seemed appropriate to salute the history of the organization. I am sure that the players today are appreciative of those brave enough to start the project, and those willing to continue making it worthwhile throughout the years.

The Buffs came in second with the Kilowatts third, and the Cats in fourth. Team work and cooperation were necessary to play the sport, and of course, good sportsmanship is of prime importance.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

This is a beautiful Monday morning. My lawn looks like a city park, nicely groomed. Also, there are so many wildflowers this spring!

I called my best friend in Abilene yesterday. I always get a lift from talking to her. She reminded me that I had not answered her last letter in which she had sent me photographs made here when she and her daughter-in-law of Virginia visited me early this spring.

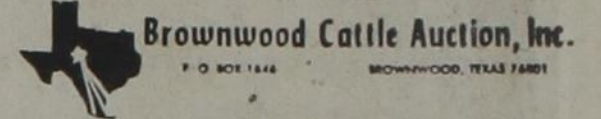

My good neighbors on the west were busy all weekend, building 'something' up there. I don't call them for news on Mondays for fear someone is sleeping — they work all hours!

Thanks to Mrs. Cole (Helen) Tillotson for answering this morning. At least a half dozen 'phones were not answered. Ruth, Ronnie, and Clinton Hutchins of Odessa visited their numerous relatives in the Cross Plains area. The Tillotsons and others attended the famous Fandangle at Albany. They visited Mr. Dee Burleson of DeLeon on Father's Day.

J.T. and Betty Beggs enjoyed

Father's Day dinner in Cross Plains with Mr. and Mrs. Rex Lee Beggs and family. Edith had prepared a special treat for them. Granddaughter, Nikki, attended church with J.T. and Betty, then spent Sunday night with them. After church the Begges enjoyed ice cream and a lot of good 'talk' with the L.W. Mitchells, their good neighbors.

Several neighbors did not answer — maybe the ladies are in the gardens while it is cool.

ROWDEN NEWS

MRS. N.V. GIBBS

Here we are in the month of June, nearly half of 1988 is history. June is also the month for weddings, and family reunions, not to mention vacations. Farm residents hardly ever take vacations due to every day being a work day on the farm.

One half inch of rain fell throughout this area Thursday. It was needed on pastures and crops.

Descendants of the late J.L. and Cora Tabor met for reunion in Clyde Sunday. Living children are Anna Bell Tabor, Jewel Swanzy, and Clark Tabor all of Clyde. Attending the gathering from here were Sterling and Joyce Odum, Claribel Gibbs, and her granddaughter, Tonya Steel, and K-Trina Meador of Cross Cut. Janet and Tan Flippin of Midlothian were visiting her parents Friday night and Saturday. Their son, Drew, had spent the week with James and Dorothy Reynolds and in Pioneer with his other grandparents. Janet, Drew, and Dorothy visited their father and grandfather, Billy Henry.

Dorothy Reynolds also reported they were observing Father's Day at

the Cherry Heights Baptist Church in Clyde Sunday with a meal at the church.

Frank and Mildred Sayre of Eastland came to spend the day with Edna Dye on Wednesday. They finished gathering the fruit from two apricot trees in Edna's garden.

Robert Burks of the Cross Plains rest home was out for a short visit with his sisters, Lizzie Burks and Emma Johnson, one day last week.

Company in the Gene Mauldin home for the weekend were their daughter, Marjorie and her husband, Danny Brown, and their daughter, Cindy Brown, all of San Antonio. Roland and Faye Mauldin of Denton Valley also were there to visit the family.

Don Harrell answered the phone at his house Saturday morning. Their week had been busy as usual. His mother, Mrs. Frank Harrell of Abilene, had undergone eye surgery this week, and Leigh has been attending swimming classes in Abilene with her mother, Maryana.

Dorothy Watson has been quilting this week, so has not been visiting. Robert is helping with concrete work on walks and driveway at the Bud Young place.

Weekly Health Tip

OZONE DEPLETION

Our chemical age is a mixed blessing. Scientists now report that certain man-made chemicals are depleting the ozone layer in the earth's stratosphere — ozone which filters out ultraviolet rays that can cause skin cancer. It is now more urgent that adults and especially children, have their exposed face, neck, arms, and legs coated with a sunscreen before playing outdoors in the sun. Sunbathing, which increases the risk of skin cancer, should definitely be discouraged.

Your better health is our concern.

Fire Departments Organize In Co.

Available representatives from several Callahan County fire depts. met Saturday, June 11th at the Clyde Volunteer Fire Dept. and laid the ground work for an association that will help organize and benefit county fire dept. operations in the future.

Volunteer fire department all seek to be the best prepared and equipped for what ever job that arises but acquiring this expensive equipment creates operational "holes" in the network. One way to deal with this "have and have-not" situation is to inventory each department's assets and utilize them according to each emergency situation,

time and distance considered.

Primary goals center on a communication network that all departments may use to better work large fires or delegate equipment and specially trained personnel.

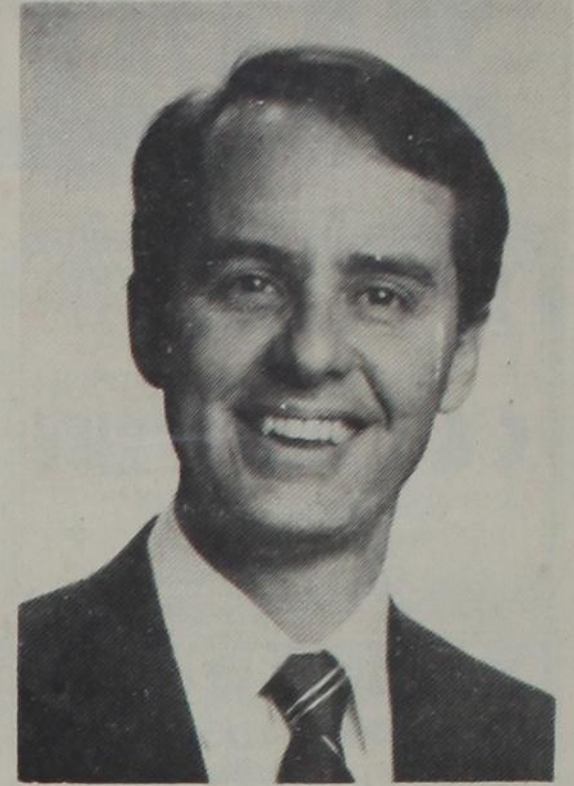

On Monday, July 11th a multi-county firefighters meeting attended by Texas Forestry Service representatives will be held at the Baird county courthouse at 7:30 p.m. This will be the second such meeting in about a month's time to secure information on possible cost-share programs available through their service.

The next scheduled Callahan County Firefighter's Association meeting will

be held that following Thursday, July 14th at 7:00 p.m. at the Cross Plains volunteer fire dept.

We encourage any other fire depts. that were unable to attend so far to be present and become a part of this worthwhile effort.

Association officers elected at the Saturday morning meeting represent departments that span our county. They are: president, Duane Allen, Eula V.F.D.; 1st vice president, Butch Woodard, Oplin V.F.D.; 2nd vice president, Mike McClure, Cross Plains V.F.D.; sec.-treas, Don Haley, past Clyde V.F.D. chief and current mayor of Clyde.

...recipient of weather service award

Burkett Man Receives 15 Year Award From National Weather Service

L.E. "Lat" Mountain of Burkett received a 15 year service award from the National Weather Service for his daily reporting and recording of rainfall in the Burkett Community.

The award was presented by Alan Starnes, cooperative program manager with the National Weather Service in Waco. Starnes noted that Mountain is one of 205 observers recognized for their service. There are 600 co-op weather observers in the state who record rainfall and temperatures.

Starnes stated that Mountain had received a ten year award earlier. He emphasized the importance of the information recorded and appreciated

his efforts.

Mr. Mountain explained that he recorded the amount of rainfall each morning, and at the end of the month the report was mailed to Asheville, North Carolina.

He said, "Eighteen years ago I retired and moved to Burkett, and it seems like it has only been 30 minutes ago." He plans to continue his work compiling weather data in his community.

Cattle branding was practiced 4,000 years ago. Old tomb paintings show Egyptians branding their cattle.

bara Strickland, Lee Ann Dominguez, Tina Dukes, Bethany Meador, Chris Duncan, Darin Apple, Dave Wilson, and Scotty Cupit.

Sponsors for the trip were: Joan and James Apple, Jan Pope, and Ellen Rutledge.

Everyone agreed they had a blast surfing in the gulf; swimming and playing frisby in the two pools; getting a tan; boy watching; girl watching; shopping on the strip; bowling; shooting pool; miniature golf; the jacuzie; the night time band entertainment at the Holiday Inn; and eating out.

The group that took a boat out deep sea fishing were: Joan and James Apple, Chris, Scotty, Dave, Lisa, and Tina. They fished four hours and had some interesting fish stories and brought back fish.

A trip over the border to Matamoros, Mexico was quite an experience. Everyone shopped the market places and did some bargaining for some really neat stuff. Some people ate, and some didn't. Everyone agreed not to drink the water!

Everyone agreed South Padre Island was a great place and would like to go back some day.

Many Dads Deserve Thanks, Some Sould Be Ashamed

By JIM MATTOX
Texas Attorney General

It seemed an appropriate time for us to thank the thousands of non-custodial fathers who support their children with regular child-support payments. Many of you are separated from your children by painful divorces, and perhaps, by many miles; yet, your support cuts across the distances. It is a steady reminder to your children of your love and concern for their well-being.

Unfortunately, you responsible parents are outnumbered by the irresponsible parents who fail to make child-support payments.

The Attorney General's Office of Child Support Enforcement works overtime to track down these deadbeats who refuse to support their children.

Historically, the courts have given custody of the children in divorce cases to the mothers. Consequently, most of our cases involving failure to pay child-support are against fathers.

Our statistics show that 40 percent of the women with children in need of child support don't even have a court order for child support. Of the women with child support awards or agreements, 26 percent receive no payment, and another 26 percent receive some payment, but not the full amount. Nationwide, only about 30 percent of non-custodial parents make regular child support payments. That's a national disgrace.

Because the job of enforcing child-

support laws is so overwhelming, I have had to focus my efforts and public pleas on those who fail to pay. Our aim is to stimulate voluntary compliance through public education, and occasionally making an example out of the more aggravated cases of non-support.

Sometimes we have to put people in jail, because a law without enforcement is no law at all. And nothing stimulates voluntary compliance like the real possibility of going to jail.

Each time we conduct arrests, voluntary compliance increases by about five percent. That equals approximately \$1 million for the children.

Our public education and enforcement efforts have paid off.

Since the Attorney General's Office took over the child-support enforcement responsibility in 1983, our child-support collections have risen to \$70 million in fiscal 1987 from the \$18 million that was collected the year before I took over the program. That is more than a 300 percent increase. We expect collections to top \$100 million by the end of this year.

We are proud of our accomplishments, but very aware of how much more needs to be done. Our caseload has doubled to 335,000 applicants who need help getting child-support. Unfortunately, we have the resources to handle only about 60,000 cases at a time. Therefore, clients sometimes have to wait months for help. We have asked the Texas Legislature for more resources.

It is a tragedy that so many custodial parents are having to bear sole responsibility for supporting their children, while the non-custodial parents are able to improve their standard of living by avoiding all legal and moral responsibility for their children. One study discovered that non-custodial parents are making higher and more consistent new car payments than payments for the support of their children.

Public opinion must be changed about those who neglect and abuse their children. The failure to pay child support is another form of child abuse. It deprives the child of his basic needs for proper nutrition, shelter, and clothing.

I want to acknowledge and congratulate those responsible parents who consistently contribute to their children's lives. Others need to follow your example, because we want your numbers to grow.

Clyde Jaycees Fifth Annual 4th Of July Celebration Upcoming

Walking across the water has become common place for Clydefolk, well, almost.

This is the fifth annual 4th of July celebration and every year it has gotten bigger and better. It began as an effort to draw attention to the depleted water supply at Clyde Lake. The "Walk on Clyde Lake" competition, fireworks display, entertainment and games throughout the afternoon have been enjoyed by hundreds since its inception.

The fun, which begins at noon, Monday, July 4, includes sack races, washers, horseshoe pitching, watermelon seed spitting, 96-pound Anvil Toss, "42" Tournament, dunking booth, Co-ed beach volleyball tournament, and timed lake walking. Prizes or trophies will be given for winners in each event. The Boy Scouts will be conducting kids' games throughout the afternoon.

Jim Rummage world famous barbecue brisket, hamburgers, hotdogs, and snow cones will be available throughout the day. "Plain Country," The Famous Ramos Band, will provide entertainment later in the afternoon. Also, local merchants will be donating merchandise to be raffled just prior to the fireworks display. The evening will be highlighted with the fireworks display over Clyde Lake.

The Jaycees are a non-profit organization and (as in the past) ask that everyone that can, help defray the cost of the fireworks by a donation. The donation will only go towards the purchase of fireworks.
