'Facing The Problems'

By VANDA KING
Editor

The two hour "Town Meeting" program, produced by Peggy Carpenter on March 30, was an informative and progressive action taken by KTXS Television Station concerning several major problems affecting our country. Congressman Charles Stenholm, Representative Bob Hunter, law enforcement officers, alcohol and drug rehabilitation counselors, etc. made for great panel discussion guests. Audience involvement was productive, too.

Many outstanding facts such as Task Force accomplishments, overcrowding conditions of prisons, and the need for rehabilitation and education concerning drugs and alcohol were shocking. Having two hours of discussion, rather than the 2 to 3 minute reports heard on the news makes you realize the problem. Seeing someone address these problems, rather than just ignore them, was gratifying.

Overcrowding conditions in the prisons have become severe. According to Taylor County Sheriff Middleton, this situation has been allowing many offenders very brief stays. The average sentence now is only one month for each year sentenced. A 20 year stay could be shortened to 20 months. Thus, offenders no longer fear punishment of crimes. Only life sentences or death row hold any threat.

Rehabilitation programs for alcohol and drug users at prisons need to be included in their sentence, according to many panel members. Without such a program, they return to society only to commit the exact same crimes.

Alcohol and drug abuse counselors pointed out the fact that the public MUST acknowledge that alcohol is indeed a drug. In case, it is the most widely abused in the United States. One man stated that if you are telling your teenager not to use drugs, while standing with a beer in your hand, you cannot make any headway.

As you can see, there are major problems in many areas which must be changed, and the "Town Meeting" which will air periodically may be the start in the right direction. At present, the United States may not be in a declared state of war with another nation, but it has declared a "War on Drugs." This one is being fought on our own grounds and within countless families. It exists in every community and cries out to be dealt with.

If you need information concerning alcohol or drug abuse rehabilitation, you can contact the following agencies for help: Mental Health/Mental Retardation (MHMR) 915-673-8106; Serenity House 915-672-1221; Harmony Family Services 915-677-4663; or Hendrick Medical Center Care Unit 915-670-6351.

Be concerned, become educated, and please get involved.

Local Cub Scouts Participate In Kiwanis Auction

The local Cub Scouts will benefit from their sales at the Annual Kiwanis Consignment Auction on April 22, and would like the community to support them by donating items to the auction. Any item, with the exception of clothing, will be accepted.

Those donating items will receive a receipt showing that it was a contribution which may be deducted from their taxes.

For more information please call Cheryl Trenary at 725-7614 or 725-6681. The Cub Scouts will appreciate your assistance.

The Deli Opens Friday

Charla Brown and Barbara Goode are pleased to announce the opening of "The Deli" on Friday, April 14. Located on Highway 36 West next to Stroud's Diamond Shamrock, it will open at 7 a.m. The public is invited to come in for coffee, tea, soft drinks, samples, and treats, in addition to full service.

Charla Brown and Pete Perez are partners in the new establishment. The building formerly Am-Vets, owned by Howet Wilson, has been totally renovated and decorated in old west styling and Indian motif.

Renovation was done by AAA Roofing and Cervantes Construction of Del Rio. Electrically wired by Elvan Goode, and plumbed by Carroll Cook of the Rowden Community.

Specialty sandwiches are featured, but they can prepare any type sandwich from a wide selection of meats and cheeses. Breads include rye, onion kaiser rolls, wheat, and French subs.

The menu offers a full Deli fare including a salad bar with eighteen items, plus ingredients. Desserts available are New York cheese cake,

deep-dish apple pie, soda fountain specialties, and frozen yogurt.

The Deli has a seating capacity for 24, but all items may be purchased to go. Meats, cheeses, potato salad, coleslaw, and macaroni salads may be purchased by desired weight.

Charla remarked, "We would like to offer our community a wider choice of food selections, on a lighter side. We felt that many people are becoming health conscious, and cannot tolerate heavier fried foods, which we do not offer. Our specialty sandwiches are either grilled, broiled, or toasted."

In the concept of the old-time deli, coffee is 25 cents and iced tea 55 cents. The needs of the customers and friends have not been lost, as prices will reflect concern for the community's economic affordability.

A game room with a pool table and video games is another extra. Newspapers from Abilene, Brownwood, Fort Worth, and Cross Plains will be on the stands.

Charla and Barbara welcome you, the citizens of Cross Plains, to The Deli and hope to see you soon.

NEWLY REMODELED — The interior of The Deli features a color scheme of black, white, and red with a southwestern flair. Hanging plants and

clever wall hangings enhance the appearance. Barbara Goode (left) and Charla Brown are pictured.

Elephant Power Erects Massive Tent April 17

Carson & Barnes 5-Ring Circus will be in Coleman on Monday, April 17, ONE DAY ONLY for shows at 4:30 and 8 p.m. For over 50 years this family show has toured America own-

ed by D.R. Miller, a circus legend in his own time.

Like the good old days, Carson & Barnes Circus still gets around in caravan style. The first of some 80 trucks and other vehicles will arrive soon after dawn and they will continue to file in through much of the morning as the circus city sets up.

Elephants still help hoist the big top. More than 100 metal poles of varying length support the massive rain and flameproof polyvinyl tent and each pole is pulled into place by one of the lumbering elephants.

Other trucks carrying the more than 200 wild, exotic and domestic animals will arrive and empty their cargo. Everyone is invited to see the beasts watered and fed circus morning. Carson & Barnes has more species on exhibit than any other circus in the U.S. and the circus zoo includes a giraffe, rare white rhino, hippo, and many others.

"We get a big thrill from having the public watch us set up," says D.R. Miller, circus owner. "I don't remember much about the first circus performance I ever saw, but still vivid in my memory are the sights and sounds of them erecting the big tent and unloading the animals."

All this is preliminary to the big show. Carson & Barnes says this is the biggest and most spectacular show in 50 years. While maintaining its international reputation for top-notch animal acts, it has added world-class human acts for this spectacular 5-Ring production.

Tickets are now available at Buy-Rite Superette. The V.F.W. Post #3375 is sponsoring the event at the Coleman Rodeo Grounds.

Amelia's House Of Beauty Grand Opening Saturday

By VANDA KING
Editor

Amelia's House of Beauty will be celebrating its Grand Opening Saturday, April 15, from 9 a.m. — 4 p.m. The salon has been in operation for 9 years, but recently moved into a new and modernized facility at Avenue D and 13th Street.

Everyone is invited to stop by for coffee, punch, and cookies and view the shop, which is beautifully decorated in yellow, orange, black, and white accessories.

A large room features two stations, two shampoo bowls, and three hair dryers. A comfortable waiting area is available.

Amelia encourages everyone to see her new toning bed. A private room is provided for use. A 30 minute program, three (3) times per week is suggested for best results.

The machine does all the exercising for you while you remain cool and comfortable. The program is totally relaxing. Amelia invited me to use the toning bed and it was very impressive.

The undulating motion of the unit

stimulates the muscles, increasing need for oxygen. This forces the circulatory system to increase the flow of oxygen-rich blood to the muscle groups and the entire body system.

The blood also delivers other vital nutrients to the muscles and vital organs. Additionally, it cleanses the body of waste materials and harmful toxins. The unit aids the body to feed, cleanse, and heal itself, while at the same time improving overall physical appearance.

There will be a drawing for nine (9) 30 minute sessions on the toning system for three (3) lucky people (consists of 3 sessions per winner). You need not be present to win, so go by and register.

Amelia, the owner and operator, represents 11 years of hair styling experience, while Linda Strength, her assistant, has been a hair stylist for 7 years.

The new salon is another progressive addition to the community and our congratulations is extended to Amelia. Ernest Cortez, her husband, has worked for months preparing the facility. His dedication is commendable.

St. Jude's Bike-A-Thon Slated For Saturday

Bike-A-Thon coordinator Dessa Higgins asked Cross Plains residents to join the St. Jude Children's Research Hospital "Wheels For Life" Bike-A-Thon slated for April 15 at the corner of Avenue E and 7th Street at Granny's Cottage.

This ride honors Brian, a leukemia patient at St. Jude. "With every turn of the wheel, riders become 'spokes-men' for all the kids with cancer, like Brian," Higgins said. "This ride is a vital part of the fight against childhood cancer at St. Jude. Riders are really needed. They make or break a Bike-A-Thon."

Riders sign up sponsors who promise to make a donation based on each mile completed. All riders turning in money will receive a certificate. Those who raise \$25 receive a certificate and a St. Jude T-shirt. When \$75 is raised, the rider receives a sports bag, a T-shirt and a certificate. Pick up sponsor forms at Village Market, PK's Stomping Ground, The Movie Store, Hughes Upholstery, WTU, and Buy-Rite Superette.

LETTER TO THE EDITOR

Editor,
I am sure most of your readers who keep up with current events are aware of the recent happening in Stockton, California concerning the killings of five innocent children and following suicide of the psychopathic killer, Patrick Purdy.

Purdy is another prime example of our failed criminal justice system. Before this tragic incident, Purdy was arrested for soliciting sex, possession of narcotics, dangerous weapons charges, attempted robbery and receiving stolen property — and released on all counts. His most serious charge from all these accounts was a misdemeanor. One has to ask the question, "What was Purdy even doing on the streets?"

Most of the before mentioned information is somewhat available, however, what most of you have not been told is that Purdy was able to purchase guns on five different occasions despite California's 15 day waiting period for gun purchases, which accurately illustrates the ineffectiveness of waiting periods.

Of course the pro-gun control groups have again seized upon the emotions and media hype generated by the Purdy incident to pursue more gun control legislation. President Bush and others have decided it is their inherent right to decide who can own or import a semi-automatic weapon. Other legislation is also pending in Washington and in Austin that if passed would grant various governments all over the country the right to decide who can own and operate a firearm of any kind and would also give government the authority to confiscate your firearms at any time.

A few years ago when our Congressman Charles Stenholm was a statesman (Boll Weevil Days) one did not worry about his position on such issues. Unfortunately, he now cannot be trusted in this area of politics because of his unwavering support for a waiting period before purchasing guns. Despite receiving opposition and not being able to publish any evidence otherwise, he maintains this is what the 17th District wants. Mr. Stenholm's supposed informal polls do not give him the authority to violate the Bill of Rights. No U.S. Representative should have the discretion to bargain with the right to keep and bear arms for is that right upon which all others depend. I wish more people could see the real depth of the gun control issue and that is one of freedom. Gun control has not been proven to be an effective deterrent of crime. Mr. Stenholm and his colleagues only have to look out their back porches in Washington to see this. Washington D.C. has some of the countries most strict gun control laws and also can brag of having the country's highest murder rate (151 murders to date).

Can Mr. Stenholm guarantee that a gradual infringement of rights imposed on us by a waiting period will stop? In 1913 our income tax rate was 3 percent. Medicare began in 1965 with an annual \$200 million budget. Food stamps now consume \$12 billion annually. Too bad our Congress doesn't have the courage to put the same amount of energy into reforming wrongs as they do something as useless as a waiting period.

I hope the voters of the 17th District remember this before the next election.

Sincerely,
Joe W. Peeks, D.C.

I would like to say a "SPECIAL" thank you to Jack Scott for the article in the Review about Cross Plains and Project Pride. We appreciate you, Jack, for your interest and contributions through the years and your willingness to help.

I would also like to say how much I appreciate the Review and look forward to reading it each week.

Vanda, we appreciate you so much for the consideration and cooperation when we ask for something to be printed in the paper. Thank you for a job well done.

If you have ever been in the Cross Plains Cafeteria from about 10:50 to 12:45, you know how hectic things can get. With students from kindergarten through high school eating lunch in shifts, it gets quite busy, particularly for the ladies that operate the cafeteria and keep everything running so smoothly.

It was Mrs. Ann Kitchens, (also in behalf of the other ladies: Annette Nickerson, Lee McNutt, Ferne Hutchins, and Lillian Jackson), that offers this "Special Thanks" to Mrs. Morgan's sixth grade class.

She says they have been an outstanding group consistently all year long. They have been well mannered, polite, and very helpful by putting things where they belong and leaving their tables clean. All of the cafeteria ladies would like them to know how much they have appreciated them, all of them!

CARD OF THANKS

Card of Thanks
Appreciation:
Perhaps you sang a song or sat quietly in a chair,
Perhaps you sent beautiful flowers if so, we saw them there.
Perhaps you sent or spoke kind words, as any friend can say,
Perhaps you were not there at all, just thought of us that day.
Perhaps you prepared some tasty food,
Perhaps you rendered a service unseen, near home or far away.
Whatever you did to console the heart,
We thank and love you so much,
Whatever the part.
The Family of D.C. Hargrove

Card of Thanks
I want to thank everyone for your concern while I was hospitalized with burns during a snake hunting accident. A special thanks for your prayers and for every kindness shown to me. Your thoughtfulness is greatly appreciated.

Card of Thanks
Words are inadequate to express our gratitude for all the kindnesses shown us during our time of sorrow over the loss of our beloved wife, mother, and grandmother.
The expressions of sympathy, phone calls, flowers, visits, memorial contributions, food, and the meals prepared for us by the ladies of United Methodist Church were deeply appreciated by a grateful family.
We were comforted by the ministers' words and the beautiful music. The service was a tribute to our loved one.
May you all be blessed with such good friends at your time of need is our prayer.

Remember it is time for the American Cancer Crusade. By giving a donation to the Cancer Fund, we are helping to fight the battle against cancer. Nearly all families are touched in some way with this disease.

Lillian Brown visited Mr. and Mrs. Willie Henderson and the Virgil Burkett's Sunday afternoon.

Virgil and Freeda Burkett attended directors meeting of the Coleman County Cancer Society on Tuesday of last week, and Saturday, April 1, they attended the District 4 Crusade Kickoff meeting at the American Cancer Society office in San Angelo. After the meeting they visited Doyle and Nina Edwards of San Angelo and her mother, Oneta Neitzke of Michigan.

Those visiting Vergie Adams were Harold and Verda Odom of Philip, South Dakota, Opal Gray of Cross Plains, Erma Tomlinson, Jennifer Tomlinson, and Lorene Gray of Coleman, and Ollie and Peggy Bradford of Proctor Lake.

Lanham REEDER, Rt. 8, Box 158, New Braunfels, TX 78130 would like to contact descendants of great-grandfather, R.B. McDONALD, who about 1877 moved from Coffeerville, Ala. to Ranger, Texas. In 1901, at age 83 years, he died and is buried in Ranger.

I believe he had one son who lived in Cleburne, TX in the 1920's and was the Soda Water Bottling agent there. I do hope there are some descendants in Texas.

Any information would be appreciated.

MINUTE MUSINGS

By ESTHLOY S. DICKSON

Wow! Spring's first authentic day is still a week away, and today feels like winter yet! I dragged out my warmest robe, socks, and turned up the heat all around. I drove down to the highway to get the morning paper, rather than to face that north wind. If only we could have a rain — all would be forgiven!

I met an old friend in town last week — Gregg Williams. He asked about C.V. Jr. — they were schoolmates a few years ago. Gregg stated that he looks forward to this column each week — thanks, pal.

I talked to my son on Saturday. They all are doing well. He recently made a business trip to Little Rock, Arkansas. He said it was already spring there — trees and flowers in bloom — very pretty.

There was a huge flock of those handsome blackbirds in my front yard this morning — a welcome sight!

Betty Beggs' brother, Floyd Russell of Fort Worth, spent several days with them last week. They attended the Revival at First Baptist Church in Cross Plains. They attended a musical show at the Majestic Theatre in Eastland one evening. It was a program by Johnny High's Orchestra from Fort Worth. Betty said it was 'tremendous.'

Sally Roady's news was a mixture of good and bad this Monday morning. The good news — Billie Freeman took Ms. Nettie to the 'quilting' at Pioneer one day. On Wednesday, Bob's cousin, Don Cooper and wife of Houston, visited them. Billie and H.A. Freeman came for supper one evening. That sweet Sally fell and broke her ankle. It is really severe, in a cast. Someone took a wheel chair to her, and she has Cindy and Charlie, also her brother, Gene Hicks of Rising Star, to help her. Bless her heart!

My good neighbor, Sherry Goble, helped me with my house cleaning last week. My daughter had taken my drapes to Cisco to be cleaned, and Shawn brought them back to me last week. I'm grateful!

Ms. Jewel Foster stated that she was staying close to the stove this very cool morning. She attended the Revival last week — also the 'quilting' one day.

STEPHANIE DAWN STRENGTH — RONALD LEE HILBURN

Strength-Hilburn Engagement

Charles and Linda Strength are happy to announce the engagement and approaching marriage of their daughter, Stephanie Dawn Strength, to Ronald Lee Hilburn. A July 29 wedding is planned at the First Baptist Church in Cross Plains.

The bride-elect, graduate of Cross Plains High School and Cisco Junior College, is a student at Tarleton State University. She is presently employed by More Than Yogurt in Stephenville.

The prospective bridegroom, son of Mr. and Mrs. H.D. Hilburn of Cottonwood, is also a graduate of Cross

Plains High School and Cisco Junior College. He is a student at Tarleton State University of Stephenville, where he is employed by David's Discount Grocery.

At 11 a.m. Kendall 'Ace' Jones will speak, and a luncheon in the Main Room of the Campus Center is set for 11:45 a.m. - 1 p.m. Special attractions are planned throughout the day.

Saturday's events begin with a coffee hour and visitation from 10-11 a.m. at the Women for ACU Museum. The Golden Anniversary Luncheon will take place at 11:30 a.m. in the Main Room. Each member of the Class of '39 will receive two complimentary tickets, while additional tickets for additional guests will be \$10.

THE PIONEER PATCHWORK

By IRMA MILLER

The Quilting Circle attendance was down a little. There were nine ladies present. We had our business meeting. A section of sheet rock ceiling fell in the little-used room. We were startled but thankful that no one was in that room at the time.

Don and Doris Cooper of Houston came Tuesday to visit at Billie and H.A. Freeman's home for a few days.

Nell Fleming reported that Sandra Overstreet of Andrews came to see her and Joe Saturday afternoon. Frankie and Anna Foley of Lubbock came to see them Sunday. Betty Meiron also visited last week. Jerry Fleming is slowly improving. He is still in St. Anthony's Hospital in Amarillo.

DON'T MISS IT! DON'T MISS IT! DON'T MISS IT!

BIGGEST CIRCUS IN 52 YEARS COMING MONDAY, APRIL 17

Sunday, April 17 is circus day, sponsored by th Coleman V.F.W. #8875.

The largest herd of performing elephants, horses, camels, llamas, lions, tigers, and a host of performers take possession of the Coleman Rodeo Grounds when the gigantic Carson & Barnes 5-Ring Circus under the "Biggest Big Top on Earth" spreads its magic city of tents for ONE DAY ONLY, Shows at 4:30 & 8 p.m.

The 5-cent beer and the dollar steak may be things of the past, but if you remember them you'll be glad to know that elephants still help erect the Big Top and that Carson & Barnes Circus is a show for all ages.

Be at the showgrounds early to delight in seeing more than 200 wild, exotic, and domestic animals unloaded, fed, and watered. Then see the elephants push and pull the Big Top into the air. It's all part of the "Grandest Day of the Year", Circus Day, when everyone is a child and proud to admit it.

Revel in the spectacular performance of the nation's last big traditional circus—the largest tent show to visit here in more than fifty years. Long noted for outstanding elephant, wild animal, and horse displays, Carson & Barnes is famed for its large cast of top-flight human performers from many nations.

See America's last big traveling zoo at no additional charge—with a giraffe, massive white rhino, hippo, 20 African and Asian elephants, Patricia White's Nubian lions and Siberian tigers and many more—25 species in all.

Inflation and the high cost of maintaining a quality show raise questions of how much longer a huge 5-ring circus under a big top can continue to operate. Indeed, fuel prices already have dictated a reduction in distances between traditional one-day engagements and has given opportunity for residents of smaller cities and towns to again see a massive, traditional circus—just like the good old days.

Hurry! Hurry! Hurry! Only a few days left to buy advance tickets — only *6 adults & *4 child.

*1.00 Higher On Circus Day. Visa & M/C Accepted at Circus Box Office Only. Advance tickets on sale now at:
