Editor's Note: Mabel Halsell contributed the following article to help strengthen our faith, especially in times of great sorrow. Vanda King.

"REMEMBERING"

By MABEL FALLS HALSELL

I read a recent article from the Houston Chronicle, written by a talented contributor, Leon Hale. Mr. Hale's columns may be inspired by pleasant memories of the past or subjects of recent dates. The article I refer to was about songs of the past. He gave the background for several songs and the writer of them; John Wesley was mentioned, but his brother, Charles, was the greater contributor of songs with John affording the inspiration.

One I recall was a little known writer of spiritual lessons, wisdom, and truth. "The words of this song may have rolled from your lips without ever realizing the tragic circumstances that produced this chorus of faith."

It was the year 1871, when Horatio Spafford, a wealthy Chicago lawyer, stood on a deck, gazing into the Atlantic Ocean. He had lost all of his possessions in the Chicago fire. He sent his grieving wife and four daughters on a cruise to ease their burden of grief. A collision at sea sank their vessel, drowning all five. As he looked into the water at the place where the tragedy occurred, he realized that it was there that his family was buried at sea; he went to his berth and wrote these words:

"When peace like a river attendeth my way—
When sorrows like sea billows roll;
Whatever my lot, thou hast taught me to say,
It is well, it is well with my soul."
Chorus:
"It is well, it is well, with my soul, with my soul."
It is well, it is well with my soul."

He wrote three more stanzas, continuing the acceptance of anything that happens because he had "Faith."

Find this beautiful hymn in your gospel song book, or better still, sing it in its entirety.

Faith is victory to overcome the world; confident assurance one is in God's hands in all circumstances of life. Psalm 139:7-10 says it best. Therefore, "It is Well With My Soul."

Inspiration and information came from a column by Bishop Joe Wilson of the Central Texas Methodist Conference.

Junior Class Fall Festival October 28

The Cross Plains High School Junior Class will be hosting the 1995 "Fall Festival" on October 28. The site and times have not been finalized as of this writing, but will be published in the *Cross Plains Review* as soon as they are known.

If all goes well, the usual Fall Festival event will take place: fishing booth, a football and basketball throw, Fortune telling, and many others. In addition to these, the Juniors will also test the skills of the area cowboys with a "Rolo Roper" calf roping machine.

Also, for the area artists, craftsmen, and anyone with creative ideas, the class will rent booth spaces for selling and displaying their works. The booth cost will be \$15 with all profits to be kept by the seller. This would be an excellent chance to display and receive orders on crafts for holidays, birthday, anniversaries, etc.

To reserve a place at the Fall Festival, please contact a Junior Class sponsor at school: 725-6121. Place your orders with Roy Richey, Charlene Fleming, or John Starcher.

CHRISTMAS VILLAGE AT LIBRARY

If you have anything you would like to share or would consent to putting on display for folks to see at the Library for Project Pride's Christmas Village, please contact Billie Loving at 725-7722 or 725-7432.

The theme this year is TEXAS, but items do not have to be on that theme alone. For one special exhibit we would like to have children's pictures. There will be three categories: Before 1940, from 1940-1965, and from 1965-present. As we expect a great response to this section, please come by the library soon for other specifications.

Again, we would like to hear about any collection or item of special interest that anyone might want to display. Each year we think the displays are the best. Help us make this one extra-special!

NEWS FOR VETERANS

Annual School: Your County Service Officer attended annual training last week. Apologies to those who missed notice of the closed office on September 25 and 26. It was a good training session with new ideas to help our Vets and families.

World War II Books: "Up Front" by Bill Mauldin is in reprint by Norton Press at \$19.95; "Reporting World War II, American Journalism 1938-1946" from The Library of America, two volumes, \$35.00 each; "Code-Name Down Fall: The Secret Plan to Invade Japan and Why Truman Dropped The Bomb" by Thomas B. Allen and Norman Polmar from Simon & Schuster, \$25.00; "Okinawa: The Last Battle of World War II" by Robert Leckie from Viking Press at \$24.95. More titles later.

Prisoners of War: Former American POWs are eligible for special Veterans benefits including medical care in VA

hospitals and disability compensation for injuries and disease presumed to be caused by internment. These benefits are in addition to regular Veterans benefits and services to which they, as Veterans, are entitled.

Less than half (44 percent) of the Americans held prisoner in the last five wars are now living. As of January 2, 1995, there were still 50 POWs from World War I still living! Some tough GIs!!

For POWs detained or interned for 30 days or more, it will be presumed that a disability was incurred in or aggravated during military service, unless there is evidence of some other cause. The laws on former POW benefits recognize that military medical records do not cover periods of incarceration. Adequate medical reasons are required, however, for relating any current condition to military service or POW status.

HURRICANE NATIONAL PARTICIPANTS—Amanda Hook (from left), Shannon Davenport, Larry Fields (Instructor), Blake Dunn, and Kenny Thompson.

"More On Herbs"

I first became interested in growing, harvesting, drying and cooking with herbs when my medical doctor took me off all salt and then later off sugar.

If you can, just imagine how blah and mundane foods taste when you can no longer have either salt or sugar. Ever taste mashed potatoes or cream gravy with no salt or seasoning? I would not advise you to try it, you probably won't like it. Unless... you season with herbs!

To discover what herbs compliment or enhance which types of foods I became an avid reader of recipes. For instance garlic and saffron really go well with shrimp; dill is delicious with a variety of foods; eggs, potatoes, cucumbers with sour cream, on vegetable salads, select meat dishes especially fish and very appealing and decorative for hors d'oeuvres and appetizers.

A variety of herbs are good in omelets, ie: basil, mint, dill, parsley and sage (just a pinch); oregano compliments tomato

sauce or any dish containing tomatoes... se magnifique!

"Waldorf Salad" with fennel

Prepare and chop 2 cups of the bulb of a fennel (remove tops for drying and future use).

1 1/2 cups peeled diced fresh pears

3/4 cup loosely chopped pecans

Dressing

Combine yolk of one egg (raw), 1/2 cup orange juice, 1 tablespoon lemon juice, 1/4 cup olive oil*, add to salad with 1/2 cup croutons, toss with 2 packets artificial sweetener, and 1 teaspoon salt with rest of ingredients for a deliciously different Waldorf salad.

*Peanut oil may be substituted for olive oil, also walnuts instead of pecans.

Fennel is very easy to grow. I purchased my fennel plants here in Cross Plains about 2 1/2 years ago.

---I'll be wandering back your way next column.

Class of 1939 Makes Gift To Local Library

By JACK SCOTT

Members of Cross Plains High School's graduating class of 1939 met in reunion at the Comfort Inn in Brownwood over the weekend and re-lived experiences of more than six decades ago.

The group began assembling Friday night and met together for breakfast the following morning. Highlight of the day was a program opened in the early afternoon by Granvel Pierce. He provided a brief summary of the surviving members of the class, whom each had married and other pertinent particulars. Pierce's summary revealed that the class of '39 had 40 members, 20 boys and 20 girls, and that every male in the class had served in the armed forces during World War II and that the girls had become the cutest mothers and grandmothers he had

been privileged to know. He then passed the gavel to Frenchy Bennett who introduced Jack Scott, former local newsmen.

Scott's talk consisted of reminiscences of the little town that the 39ers had known during their teenage years. He reminded them that their hometown had been proud of them then and that this admiration had been enhanced with the passing of time.

Before adjourning Bennett invited others to join him in making a gift from the class to the Cross Plains Public Library. A hat was passed and \$275 was contributed along with the suggestion that other alumni groups follow suit.

Prayer for recovery and best wishes was conveyed to two classmates who were reported suffering problems of health. They are Harold Barclay and J.N. Varnor.

AN EVENING WITH THE STARS

By JUDY LUTER

It was a beautiful evening for us to have a campfire under the stars. The concrete slab which was once the foundation for Dora Smith's barn was the location for Alpha Rho Zeta's gathering last Monday evening. Everyone enjoyed fire roasted hot dogs and marshmallows or smores.

We shared information about Beta Sigma Phi with our guests, Lisa Price and Kathy Anderson. We look forward

to seeing them again. Making the evening even more special was the return of Bobbie Johnson. We all missed her during her absence and are delighted with having her back.

Members present were: Sarah Brashar, Debra Childers, Jody Finn, Judy Luter, Joyce McCoy, Wanda Merryman, Nora Odom, Janice Phillips, Dora Smith, and Cathy Wood.

Our next meeting will be our costume party on October 23.

CRR HORSE SALE OCT. 14

Saturday, October 14, Abilene Livestock Auction will take a break from their regular horse sale to sell donated horses to benefit West Texas Rehabilitation Center. After an absence of a couple of years, the horse sale will once again be a part of the Cattlemen's Round-Up for Rehab. The Rehab Sale starts at 1:00 p.m.

Several good horses have already been donated for the special sale with the Rehab Center expecting more pledges as the sale approaches. Anyone with horses to donate should contact West Texas Rehabilitation Center at (915) 691-7290 in Abilene, or (915) 949-9535 in San Angelo.

Danny Isbell, WTRC coordinator for the sale, expressed his appreciation to Abilene Livestock Auction for making the Rehab Sale a part of their regular sale. The sale barn also hosted the CRR cattle sale on September 26 that raised almost \$112,000 for the Rehab Center.

Isbell said, "I am delighted to have the horse sale back as part of the Round-Up and know that our friends in the horse business will kick back in as generously as they have in the past."

LYME DISEASE

Lyme Disease is transmitted by the bite of a tick that lives on deer but can also infest dogs. Most cases have occurred in the northeastern U.S. but cases have been reported in other parts of the U.S. as well. Its early effects are a rash, flu-like symptoms, and joint pains. Lyme Disease may cause debilitating arthritis and other problems down the road if not properly treated. Check with your pharmacist for the best insect repellent to use in the area you're going to for your vacation.

CALLING ALL MEMBERS -- PAST, PRESENT & FUTURE -- TO "SPECIAL SUNDAY"

Every Sunday has been special, since and beginning with the one upon which Jesus raised Himself from death and the grave. Specialty of Sundays was heightened seven weeks later on the Day of Pentecost as the Holy Spirit was poured forth from heaven (as promised), the apostles were empowered by Him, Peter preached the gospel (the Good News of Jesus and salvation through Him) and the church (God's promised spiritual kingdom) was established.

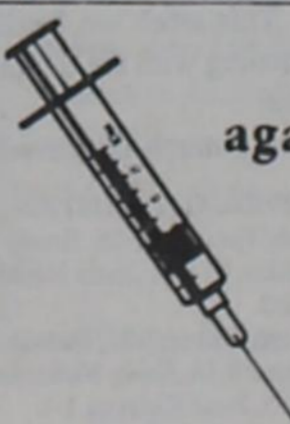

Every Sunday is special to all clear thinking Christians, members of the Lord's Body, His church. This Sunday, October 15th, our theme is "Special Sunday" -- in an attempt to remind all of our members (past, present and future) that Sundays are special. We are inviting friends, relatives, neighbors -- everyone -- to join us in this special emphasis. Our regular members are all staying in town this weekend so they can be in the assembly. We are especially encouraging, yea begging, members who have not been regular in attendance, and members who have been negligent toward the assembly for far too long, to return and share again the joy of praise and worship, fellowship and edification.

We are also encouraging everyone who comes to reassemble at our Activity Center, 617 East Highway 36, after the morning periods of Bible study and worship for a physical meal together, and more spiritual feasting in the form of fellowship.

Sunday Morning Bible Class ... 9:45 a.m.
Sunday Morning Worship ... 10:45 a.m.

Sunday Evening Worship ... 6:00 p.m.
Wed. Evening Bible Study ... 7:00 p.m.

Cross Plains Junior High Football Team Travels To Santa Anna

By LARRY WHITEHEAD

Cross Plains Jr. High will open District play Thursday at 6:00 p.m. in Santa Anna.

Last week, CPJH hosted Robert Lee and did a fine job in the first half in a defensive battle ending in a 0-0 tie. The entire defense looked very good, especially Jody Gosnell, Jaden Winfrey, and Jody Pancake.

The second half was much closer than the score indicates. Except for a couple of breakaway runs, the game would

have been very close. Our lone score came on a hand-off from Coby Richards to Jody Pancake who made a fine run for the T. D. This made the score 20-6 in favor of the Steers.

This year, the seventh grade team is looking very impressive coming off a 14-6 victory over Eden and doing very well in the scrimmage with Robert Lee.

The defense looked great and the offense moved the ball very well. Our two scores came from hand-offs and runs by Nate Hawkins to Chris Kitchens, and L. D. Whitehead to Scott Mackey.

Our teams are coming off good practices this week and are improving day by day. Thanks to the dedication of the players and coaches, Cord Woerner, Kevin McLean, Bill Boyd, and Mitchell Atchley, who come early and stay late to teach our kids. This dedication will not only pay off this year but in many years to come for the Cross Plains Football Program.

Don't forget Athletic Booster meetings every Monday night at 6:30 p.m. Everyone is invited.

See you at the games!

FIRST BUFF DISTRICT GAME FRIDAY

By GREG TURNER

The Cross Plains Buffaloes traveled to Robert Lee last Friday night to play the #6 ranked team in State Class A. Although the crowd was small, a good game was witnessed and the excitement was intense. The Buffaloes played a good first quarter not allowing the Robert Lee Steers to score. Justin Hopkins, first game back since injuries sidelined him, had a good defensive night with nine tackles, eight assists, and caused one fumble with Kevin Nickerson recovering the loose football. As the first quarter ended, the Buffaloes had run 17 offensive plays to the Steers 12 plays, with the score 0-0.

The game bounced back and forth until Robert Lee scored with 2:31 left in the second quarter; Torres' kick was good. The Buffaloes again found it hard to get a good offensive game going. Not many rushing yards were allowed by the stubborn defense of Robert Lee. The leading rusher of the night was Jody Fortune, carrying the ball eleven times for only 26 yards.

At the halftime, the score was Robert Lee 7, Cross Plains 0.

The Buffaloes kicked off to Robert

Lee to start the second half. With 9:33 left in the third quarter, the Steers scored, making the score 14-0. The Buffaloes score came in the fourth quarter, but a nice offensive drive at the end of the third lead up to the T. D. Cross Plains ran 17 straight plays from scrimmage mixing the pass play and rushing plays well. In the series, Joseph Turner caught three passes from QB Walker, totaling 37 yards, Donnie Dillard-two passes for 16 yards, Fortune-two passes for seven yards. 10:31 left in the fourth quarter, Fortune scored on a two-yard run; the extra point failed, making the score 14 fro Robert Lee and 6 for C. P.

The Steers wasted no time making up the six points, scoring with 8:45 left in the game. After the kickoff, Cross Plains ran only four plays before having to punt the ball. The Steers again moved the ball and scored with 6:32, making the score 26 to 6. This was how the game finished up.

The Buffaloes had a good outing last week, showing a little excitement and enthusiasm. This week we begin District play, opening with the Santa Anna Mountaineers!

Santa Anna, a much improved team

from last year, starts district play with a record of 3 and 2, while the Buffaloes start with a 0 and 5 record.

With Cross Plains being the defending District Champion, it is time for the town to show its support this week. I urge everyone to pack the stands Friday night in Buffalo Stadium, wearing only purple and gold clothing.

A special Student Section will be established to cheer on the team. All students will be able to participate in this event. A lot of fun and prizes will be available while we help lead the Buffaloes to victory.

Cross Plains, playing a tough pre-season schedule, must get prepared mentally and play with more excitement from here on. We must be motivated to play intense football and play four full quarters of football. After last week's game with Robert Lee, I know and am excited about this week's game with Santa Anna.

The Athletic Booster Club will be cooking hamburgers before and during the game, so help support the Booster Club by eating a burger.

See you at the game!!!

AARP'S TAX AIDE PROGRAM NEEDS VOLUNTEERS TO HELP SENIORS

This year, more than 1.5 million Americans--including over 102,000 Texans--received free tax-filing assistance from some 30,000 trained volunteers in the American Association of Retired Persons' (AARP) Tax-Aide Program.

This successful program is seeking more volunteers to serve as Tax-Aide counselors, instructors and coordinators during the 1996 tax-filing season.

Volunteers will receive free training from the Internal Revenue Service. They will then be asked to serve just four hours per week from February 1 through April 15, 1996. All program-related expenses will be reimbursed.

Tax-aide volunteers come from an amazing variety of backgrounds. The include retired teachers, bookkeepers, homemakers, bank managers, CPA's,

business owners, hospital dieticians, retired generals, plant managers, salespersons, and even IRS employees.

But they share certain qualities that make them successful Tax-Aide volunteers: They like to work with numbers, they are dependable and accurate, they know how important it is to protect the confidentiality of taxpayer information, and--most important of all--they enjoy helping other people.

Many of them enjoy it so much that they return year-after-year. More than ninety percent of all AARP Tax-Aide volunteers have worked in the program for over a year--some for more than a decade.

For information on how to become a Tax-Aide volunteer, write to: Sybil Williams, 512 West Hullum, Breckenridge, Texas 76424.

Dr. Schultz has been a member of the medical staff at Brownwood Regional Medical Center since 1975. He is a graduate of North Texas State University and he received his medical degree in 1971 from the University of Texas Southwestern Medical School in Dallas.

In 1972, Dr. Schultz completed his internship, with a specialization in Obstetrics and Gynecology, at Parkland Memorial Hospital in Dallas. He remained at Parkland Memorial Hospital and completed his residency in 1974.

Dr. Schultz is a member of the Dallas County Medical Association and the Texas Medical Association. He is a fellow of the American College of Obstetrics and Gynecology and of American College of Emergency Medicine.

A Pilot's Prayer
By Shannon Miller
(Niece of Harold Casey)*

Dear Lord I ask the same as everyday to watch and look over me as I go my way. I fly through the sky on your wings of faith and love and pray for your guidance from heaven above.

I know you'll look over me for I am your child and I know that your love is not meek nor mild. But your love and grace is omnipotent from every man to every child and I thank you every time I see the job you gave and the love for me.

There is no place in the entire world that puts me closer to you Lord and I pray that you know I look forward to the day when I can fly high enough to reach you, for that would be the ultimate flight.

Heel Pain?

A new endoscopic technique has been developed to correct heel pain caused from Heel Spur Syndrome. Unlike traditional surgery which required long, often painful recovery periods, this new technically advanced procedure uses very tiny incisions which enable the patient to return to normal shoes in approximately three days, and back to work soon thereafter! A very simple, fast procedure without general anesthetic.

7 — CROSS PLAINS REVIEW OCTOBER 12, 1995

**WHEN YOU INSERT
YOUR ADVERTISING
IN THE CROSS
PLAINS REVIEW,
PEOPLE PAY MONEY
TO SEE IT!**

That's because they either buy a subscription, or pay for the newspaper on the newsstand. And, 1,600 readers get it every week!

When you consider Cross Plains' population is 1,063, that's pretty good coverage!

When people pay good money for a newspaper, they take it into their homes and it's there for the whole family to read. As we all know, much Bulk-mail advertising is promptly discarded in "File 13!"

The old saying still holds true today...
**"Newspaper Advertising
Doesn't Cost, it Pays!"**

Stenholm Accepting Applications For Service Academies

WASHINGTON, D.C.—Congressman Charles W. Stenholm is currently accepting applications from young men and women in the 17th Congressional District who are interested in attending one of the nation's service academies.

This December Congressman Stenholm will have the opportunity to nominate area citizens for appointments to the four U.S. academies: the Air Force Academy in Colorado Springs, Colorado; the Military Academy in West Point, New York; the Naval Academy in Annapolis, Maryland; and the Merchant Marine Academy in Kings Point, New York.

Persons interested in the possible nominations should contact the Congressman's San Angelo office as soon as possible. The deadline for completed application files is December 1, 1995.

To be eligible for an appointment, the applicant must meet certain require-

ments. The requirements are: American citizenship; good SAT or ACT scores; outstanding high school record; and good physical condition, including excellent eyesight. There is a very limited number of waivers for non-pilot candidates whose eyesight is less than 20/20.

Aside from academic achievement, emphasis is also placed on character, church and community involvement, extra-curricular activities and/or part-time employment. Applicants must be single with no dependents and at least 17 years of age, but not past their 22nd birthday upon admission into the academy on July 1, 1996.

Additional information may be obtained from high school guidance counselors or by contacting Jayne Schoonmaker in Congressman Stenholm's San Angelo office at (915) 655-7994 or by writing to: 33 East Twohig \$318, San Angelo, Texas 76903.

Winter Energy Saving Tips From WTU

October is National Energy Awareness Month and West Texas Utilities Company (WTU) offers the following tips to save on energy costs as temperatures fall this season.

- **Seal Air Leaks:** About 15 percent of the energy used to heat your home is wasted on warming cold air leaking through cracks. Caulk around windows, wall cracks and install weather stripping around doors.

- **Add Insulation:** An extra layer of R-30 attic insulation (a thickness of 10 to 11 inches) can cut your energy bills by 8 percent or more.

- **Install Attic Vents:** Moisture build-up during cold weather lessens the effectiveness of attic insulation. Your attic should be able to "breathe" during hot and dry weather. Proper ventilation will help attic insulation year-round.

- **Install Storm Doors and Windows:**

No part of a home lets more heat escape per square foot than windows and doors. Storm windows and doors add value to your home while lowering heating bills and raising comfort.

These improvements help save energy and money, but the biggest savings come from high-efficiency heating and cooling equipment - such as an electric heat pump.

Heat pumps don't "create" heat like conventional systems. Instead, they pump heat from one place to another. By using energy that's already in the environment, heat pumps help conserve natural resources and can help cut energy bills by up to 40 percent less than conventional systems.

Programmable thermostats can also help reduce energy needs by heating your home and water when you need it most.

Awards Offered To Young Wheat Farmers

Young Texas wheat farmers are eligible to enter an essay contest to compete for two leadership development awards of which 40 will be awarded nationally. The program of the Texas Wheat Producers Association and National Association of Wheat Growers is sponsored by Monsanto Agricultural Products Company and the Production Credit Association of Texas. The awards are designed to acquaint young wheat farmers with the wheat association's organizational structure, leadership development, policy development, and the education aspects of attending wheat organizational meetings, according to Jack Norman, President of the Texas Wheat Producers Association.

The awards which total more than \$1000 each are to defray the cost for the winners to participate in their choice of either the National Association of Wheat Growers 1996 Annual Convention, held February 7-10, 1996, Reno, Nevada; or the NAWG Summer Leadership Conference, July 28-31, 1996, Sun Valley, Idaho.

Any Texas wheat farmer between the age of 20 and 35 years, who has not previously participated in either of the NAWG meetings mentioned above is eligible to enter. The winners are selected based upon completion of a short questionnaire relative to their perception of the current greatest needs of wheat farmers, how they are or would be utilizing their leadership abilities, along with a brief 50-word essay, explaining why they would like to receive the educational grant.

Entry forms may be obtained by either writing or calling Rodney Mosier of the Texas Wheat Producers Association, 2201 Civic Circle, #803, Amarillo, TX 79109--PH# (806) 352-2282.

The deadline for receiving the completed form is November 30, 1995.

Vote For Proposition 4 November 7 — It Could Save Your Home

By REPRESENTATIVE JOHN COOK

It is now October, the leaves are about to fall--or have started in some places--and it's a few weeks away from November 7, an election day that probably most Texans haven't begun to think about yet.

While there are no 'hot' contests this year on the statewide ballot, there are 14 constitutional amendments that voters should consider.

I am the sponsor of one of them: Proposition 4, the Homeowner's Rights Amendment.

If you read the amendment on the ballot, you will agree that it appears to be a bunch of gobbledegook, written by a committee of lawyers fond of such phrases as "owely or partition" or "encumbrance."

"No Deals To Water Down Tax Cut"

WASHINGTON—U. S. Sen. Phil Gramm will stick by his promise to cut taxes by \$245 billion--and not a dime less-- when he takes his seat on the powerful Senate Finance Committee.

"I didn't get on the Finance Committee to cut deals," Gramm said. "I'm going on the Finance Committee to cut spending and to cut taxes."

"If we can let working people in Texas keep more of what they earn to spend on their own families, we can take a big step forward to creating jobs, growth and opportunity in our state," said Gramm, explaining his deep commitment to cuts in government spending and taxing.

The Finance Committee has broad jurisdiction over taxes, Medicare, Medicaid, welfare, trade as well as most of the budget-cutting issues that form the heart of the congressional agenda this year.

As the committee's newest member, Gramm vowed to resist any attempt to scale back the tax cuts Republicans proposed for inclusion in the Senate budget reconciliation bill.

"The American people said to us, 'Stop the taxing, stop the spending, stop the regulating.' I am committed to doing exactly that. We set out in the budget the goal of \$245 billion in tax cuts; and I will not vote for any bill that does not live up to that, period," Gramm said.

In taking the Finance Committee seat, the senator will give up his slot on the Appropriations Committee. The senator also serves on the Budget and Banking Committees.

Unfortunately, we sometimes have to write these things that way because of the very technical nature of the law.

But here's what all of that means and why it is important to you:

The Texas Constitution has long allowed Texans to borrow against their homesteads for only a few purposes;

First, Texans could borrow against their property to purchase the property--you put up the value of the property as collateral for the mortgage.

Second, Texans could borrow against their property to get funds to improve their property--you put up the equity you have in the home and borrow money for a new roof.

Third, Texans could use the value of their homes as collateral to pay off their federal, state, and local taxes.

And finally, Texans could borrow against the value of their property to divide the property in cases of death or divorce. If a person died leaving three heirs and a farm and one of the heirs wanted to keep the farm in the family, he or she could borrow against the value of the farm and pay off the other heirs.

The same in the case of a divorce: a former spouse borrows against the couple's home to buy out the other party.

Then a few years ago, a federal bankruptcy court and a state court with very

narrow and legalistic views, took the last two homeowners' rights away. You can no longer borrow money against your home to pay off a federal tax lien and you can no longer borrow against your home to divide the property.

The courts' decisions have placed Texans caught in these all-too-common situations in the silly position of being able to sell their property to anyone other than a member of their own family!

Proposition 4 simply restores these two rights. It does nothing more.

Heaven forbid that any of us get caught in these situations. But if you are ever involved in a bad tax situation, a divorce or death, you will need the protections that Proposition 4 provides.

I urge you to take the time and go vote November 7 (early voting runs from October 18 through November 3).

The most important thing to remember about Proposition 4 is that it could save your home.

Representative Cook is a rancher and attorney living in Breckenridge. He represents District 60 in the Texas House of Representatives.
