## Unidentified Man Found in Southwest Part of Co

An unidentified man with two bullet holes in head was found about noon Tuesday in southeast part of county by Lowell Johnson and several men from a road crew who had stopped to eat lunch, about 1 mile south of highway 36 just southwest of Mary Loving's Gulf station.

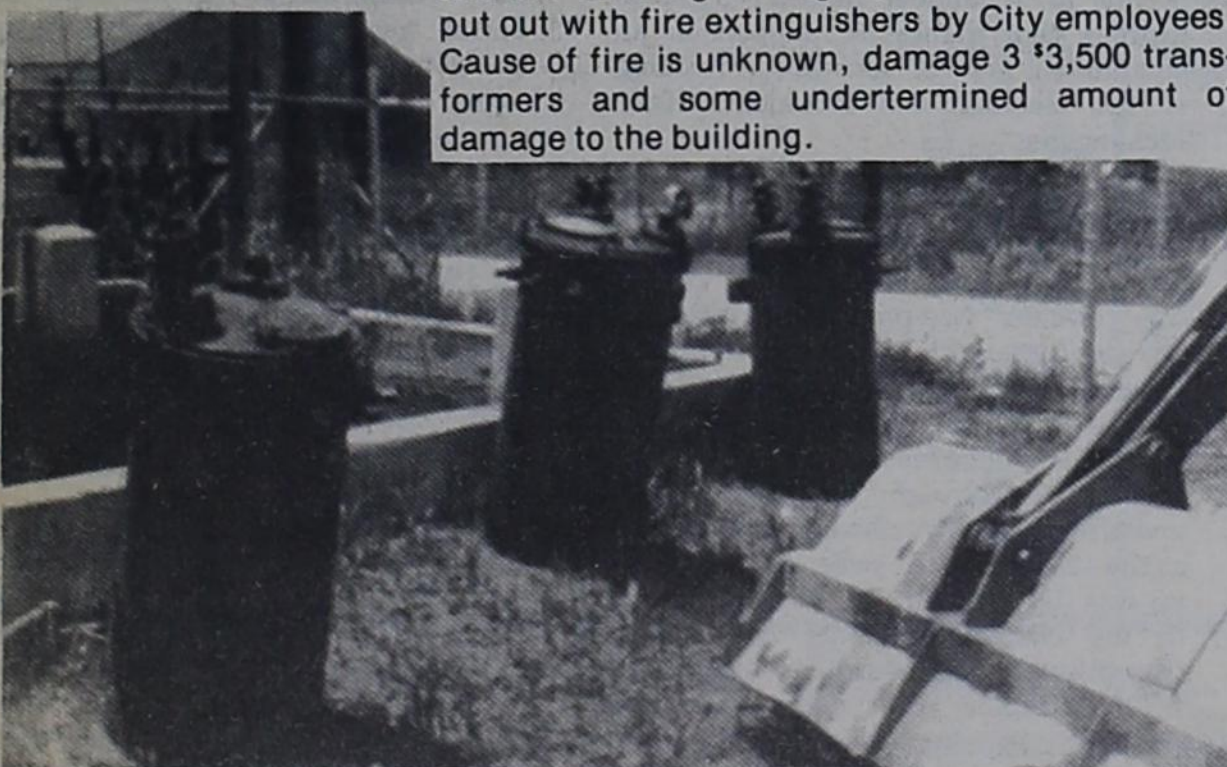

The corpse was face-down against a

fence, partially covered, he was fully clothed including a brand new pair of boots, according to Sheriff Bill Skinner who is heading the investigation.

Law enforcement officers from Abilene are also working on the mystery, Skinner is accompanying the body to the Dallas County crime lab for autopsy.

**EARLY MORNING FIRE**—Monday morning at 7:30 firemen answered a call at the city water filtering plant to find three transformers burned and the building damaged, the fire was already put out with fire extinguishers by City employees. Cause of fire is unknown, damage \$3,500 transformers and some undetermined amount of damage to the building.

## RAIN, HAIL BRINGS MOISTURE TO COUNTY

Much needed rain fell in the county in the past week, over 2 inches of rain fell in town and some reports of more in other parts of the county, the latest was Sunday afternoon with a trace reported in town, and a little more fell south of

town and some hail was reported in the south part of the county, Sunday afternoon, although no reports of any damage from the hail was reported. As this story was being set it has started to rain some more.

## Money, Traffic, Loose Dogs Topics of Council Meeting

Baird City Council met in regular session Monday night at 7 p.m., with 4 council and the mayor present. The first thing discussed was the problems that all of us are having with dogs running loose all over town, turning over trash cans and even biting one youth lately. The mayor and council are to look into something like the City of Clyde is doing to see if the problem can be helped.

The second item taken up by council was the fuel adjustment charge, WTU's charge changes from month to month, and the City started with a set rate, the council amended this to fluctuating with WTU's charges.

The council then took up the matter of paying bills, which seemed to be a problem, since they are about \$25,000 short of cash, the council voted to borrow the \$25,000 so they could get the bills paid up to date and start even, the bills in question is previous bills made before the change of councilmen.

In some other matters taken up by the council, it was noted that the meter fund is about \$2,000 or more short.

Employees of the light plant were discussed with two present, at least two of them will be put in other spots for the time being, such as fixing alleys and streets.

Council approved a request for the Chamber of Commerce to hold a street dance down on the south end of Market St. July 4th.

Berry Fikes has been approved to run the swimming pool for the summer.

Council also discussed a problem with traffic at 7th and Market streets, this seems to be where all the little kids have to walk to get to the ball park, and swimming pool, then some of the older ones (all ages) drive to the park, but do not slow down to make the corner, putting the little ones at a disadvantage and endangering their lives, council stated without a city Judge or city police that it would be hard to correct this problem, but are going to see what can be done about correcting the situation.

The next council meeting was changed from Monday, May 26 to Tuesday, May 27 because of Memorial Day.

## Voice Your Views on 5-Day Delivery

BAIRD-Are you ready to concede to the government's plan for five-day mail delivery? If not, stand up now and be counted! Write your congressman and senators today, and state your views so that the public can be properly represented on this matter.

The government feels that it is feasible to cut down the time of a public service agency, instead of cutting on other agencies that are not essential to

the lives of every citizen in the United States.

We tend to take guaranteed mail service, six days a week, for granted. If this cut does come into effect, however, it may not mean Saturday delivery will be cut out. Different areas may close different days, causing chaos throughout the land.

Don't let them take away our mail service!!! Write your congressional leaders today!

## Meal on Wheels Garage Sale Success

We had a garage sale in Clyde last Saturday and it was a pretty good one, although we had a lot of things left over. We will be having another one here later on in the summer. We will have the next one so that the sale will be available to the public for a week or two.

We owe a big thanks to

Mrs. Lola Appleton from Clyde. She donated a lovely afghan. We sold tickets on it and held the drawing in Clyde. The lucky person was the same person who won the beautiful quilt at our last musical. She is Mrs. Lois Lynch and she said that she just started to help deliver meals in Clyde and that could have been

something to do with her luck. Perhaps some of you might like to try your luck and help us with meal deliveries here. We really do need help on Tuesday, Thursday, and Friday.

We were very disappointed that we had such a small group at the coffee last Friday. We do want to thank those who did come and volunteered to help. Mr. Grady Lankford is really needing some names of those who need help in fixing their houses for winter or for safety. You can leave your name and phone number with us here 854-1916 and we will get in touch with him. Let's start that phone ringing and let us have some volunteers to help with the work also. Don't forget we are still having our Thursday covered dish luncheons so bring a dish and join us.

Fern Lee, director

### Letter to the Editor:

Dear Sir; Please allow me to use your letters to the editor column to offer my thanks to the voters who went to the polls recently in my behalf. Those who supported me during my three races in 1978 made possible my present term which ends at the close of the year.

To the many who voted for me, worked for me, and contributed in 1980, I also say thank you, and pledge that I will do my best to complete this term in a way that will best serve the interests of all Texans.

I will never forget my friends, and I remain grateful for the splendid opportunity of serving this great

state.  
Sincerely yours,

Farm Bureau, is proud to announce that Clyde has a new agent. He is Billy Kniffen. Billy lives in Clyde with his wife, Mary, and their two children, Kirk, age 5, and Wendy, who is 9 months old.

Billy will work primarily in the Clyde area. If you are in need of insurance of any kind, or have insurance changes to make, feel free to contact Billy at the Clyde office.

We do not have a toll free number in Clyde at this time, but you are welcome to call collect at 915-893-4616.

St. John wasn't his last name—that was French and usually mispronounced. But around Cape Cod, he was known simply as St. John, after his home town in Canada.

His appearance seemed far from saintly. Yet it never seemed awkward calling him that. He loved people. He loved the sea. He loved hard work. Most importantly, he loved his church and God. And his enthusiasm was contagious—somehow you felt better after you'd been with St. John.

It's refreshing and exciting to run into someone who tries hard to put his religion into living and working.

Remember that, Sunday and every day. Then folks might feel that same excitement when they run into you and me. That's something to strive for.

## Isenhower-Massingill Exchange Vows Sat

Laura Isenhower, daughter of Mr. and Mrs. John Doyle Isenhower of Putnam and Kim Massingill, son of Mr. and Mrs. J. C. Massingill of Snyder, were married in the Baird Church of Christ on Saturday May 10, with Charles Wharton II of Orange Avenue Church of Christ, Fort Pierce, Florida, officiating.

Given in marriage by her father, the bride wore a wedding gown of organza sheer. The high rise see-through neckline was enhanced with deep chantilly lace on the yoke forming a V effect. The lace was repeated on victorian sleeves featuring flow lace cuffs. The semi-flow skirt sweeping to a chapel train in the back was traced with wide lace mid-way around the skirt and hemline. The fingertip length mantilla of tulle was heavily touched with lace at head level. She carried a bouquet of pink and white roses and baby's breath.

Elizabeth Meyers of Brownwood was matron of honor. Bridesmaids were Kelly Bennie of Mineral Wells, Jill Holley of Humble, Kerry Petty of Eastland, and Patty Team of Amarillo. The bride's attendants wore long dresses of polyester brocade in pale pink and dusty rose. They carried silk nosegays of burgandy carnations and pink forget-me-nots. Flower girl was Laura Beason of Elk City, Oklahoma, and James Reynolds of Abilene was

ring bearer.

Best man was Charles Wharton III of Abilene. Groomsmen were Ron Hester and Jerry Worsham both of Snyder; Sam Kitching of Searcy, Arkansas; and Martin Isenhower of Putnam, brother of the bride. Roger Reynolds, Donald Isenhower, and Tim Truett, all of Abilene, seated guests.

The bride's parents hosted the reception at the church and the parents of the bridegroom were hosts for the rehearsal dinner at the church.

The bride is a graduate of Baird High School and attended Abilene Christian University.

The bridegroom graduated from Snyder High School and attended Western Texas College and A.C.U. He is employed by KEAN Radio in Abilene and is youth minister for the Baird Church of Christ. After a wedding trip to San Antonio and Corpus Christi the couple will live at 2418 Campus Courts, Abilene.
