You Can Talk

About the Klondike region, but when I went to T. E. Powell's I found everything in a rush. They found time to wait on me, and he certainly has a courteous set of Clerks. And just think of it has anything you may want in Dress Goods, Millinery, Etc. You can't "send off" and get Silks, Ribbons, Etc. as cheap as Powell can sell them--this has been proven. You ought to see his line of Millinery. Well, he has anything you may want--if not Miss Emerson, his milliner, can fix it up for you in all the latest styles.

ADMIRAL ALMANAC.

October 18.—Hers to Mr. and Mrs. John S. Walker, of Belle Plaine, a girl on the 13th inst.

This is also to register the arrival of a girl each at the homes of Fless West near Belle Plaine, of Frank West south of Belle Plaine and of E. Miller in the Sikes settlement. This makes with the happy event in the family of F. L. Walker five new comers in one week and they are all girls. I declare what is this world coming to!

In 90 days more or less the writer hopes to be in telephone connection with Tux Spear office. He did not mind to subscribe freely to the new enterprise because he believes it the duty of every public spirited man not to show this only by cheap talk but by acting. But that in your pipe all you gentlemen, who are always in the front when there is some paying office or a paying company job in view, but are not at home whenever they are required to do the proper thing for a public enterprise that will benefit the whole community and the individual also. I wish you could hear the "principles" that some fellows develop to avoid an attack on their purses, shame.

Mrs. S. D. Hill and Mrs. S. Bell left last week for Ft. Worth to undergo medical treatment by a specialist. The neighborhood wishes and hopes that these esteemed ladies may find speedy and lasting relief from their sufferings.

A light rain Friday and Saturday, but not copious enough to do any good. The water question becomes aggrivating and it is no fun to drive the stock daily 4 and 5 miles especially in these busy times. It's also time to plant what to sow that the weather has been too dry to break land.

One good effect these light showers had. They stopped to certain degree the rush of cotton to the few remaining gins that were not only crowded to their full capacity, but really overworked. This year some folks by a

CLYDE CLIPPINGS.

Mr. Estor.—I have not seen anything from our interesting little city for quite awhile I will send you a few lines.

Clyde is strictly on a boom and the merry music of saw and hammer is to be heard from early dawn till dusky twilight.

Mr. Six has just completed a new store, and has in a few goods. We understand he contemplates bringing on a complete stock of groceries, sundries, patent medicines, etc. in the near future. We wish him success. Mr. Brown recently of Baylor Co. has just completed a new store house and is now at work on his dwelling.

Mr. Hollinghead is quite sick this week.

There was a small gathering of the young people at the residence of Mr. Lee McCann last Friday night. They met for a social and musical entertainment, but the violin and organist failed to appear. The music part of it came very near being a failure, however Mr. Hudson gave us some very nice music on the guitar and banjo, which was highly appreciated by all present.

Mr. M. A. Darden, the old reliable groceryman is at the same old stand the counter than helping to pump a hand car.

Owing to the inclemency of the weather Sunday night the attendance at prayer meeting was quite small.

Rev. G. H. Ayers returned Sunday from Brownwood.

Prof. W. I. McFey was in our midst last week endeavoring to get up a writing school. He succeeded in signing 84 scholars, but on the first night only 14 put in appearance so he gave up the school. Prof. McFey is undoubtedly a fine teacher, his many pupils who are teaching all over this western country go to prove that and give him a recommendation. We believe had he stayed he would have had a large

WHAT BRANN SIGNED.

W. C. Brann, editor of Brann's Iconoclast and familiarly known throughout the world as the "Apostle" being moved by weighty and powerful considerations not necessary here to mention, do hereby admit and declare that I am a liar, a scoundrel, a falsifier, and a coward and a puppy; that I have made repeated innocent and unprovoked attacks upon Baylor University upon its faculty, and upon its students; that I have made statements and insinuations in the columns of my dry sheet concerning said institution for which there was no foundation in fact or in rumor; that I did so willfully and maliciously, flooding the country with the rotten carnion with which my own maggot working mind and being it filled and permeated, knowing at the same time that everything that I wrote and said was libel and malicious scandal; that I have outraged the virtues worshipped by my country and filthy utterances. That by my course I have put myself beyond the pale of the protection of moral law and that I am worthy and deserve the contempt of every honest man who loves truth and respect morality and virtue. And I further agree to leave the city of Waco within twenty-four hours and never put my foot within its precincts, look one of its citizens in the face, lose another copy of my infamous sheet so help me God. Oct. 2nd, 1897.

W. O. W. ORGANIZED.

Mr. Jim J. Bates instituted a camp of the Woodmen of the World at the Odd Fellows Hall with the following as officers:

R. A. ST. JOHN, Consul Commander.
R. B. HARMON, Adviser Lieutenant.
E. A. SPYER, Banker.
DR. E. R. SARTON, Camp Physician.
GEO. W. DEAN, Secour.
C. L. GUNN, Watchman.
T. K. BRADLEY, Secretary.
W. E. MAXES, } Managers.
J. B. CUTWRIGHT, }

The Camp was named "Baird Camp No. 1." Officers will be installed Friday night, at which time any applicant can be admitted as charter member and at which time the charter will be closed.

The W. O. W. is an up-to-date fraternal order, furnishing very reasonable insurance; sets markers on graves of deceased members with a beautiful monument. We are glad to see our citizens planting such a benevolent institution.

DIPHTHERIA REMEDY.

The Scientific American gives the following receipt for the whole world to know: At the first indication of diphtheria in the throat of a child, make the room close; then take a tin cup and pour into it an equal amount of tar and turpentine then hold the cup over the fire so as to fill the room with the fumes. The patient, in inhaling the fumes, will cough and spit up the membranous matter and the diphtheria will depart. The fumes of the tar and turpentine lessens the trouble in the throat and thus affords the relief that has baffled the skill of physicians.

MARRIED.

FLOYD-PEARSON.—At Tecumseh, Sunday, Oct. 17, 1897, Mr. Douglas Floyd of Baird, and Miss Emma Pearson of Tecumseh, Rev. Davis officiating. The young couple arrived in town the same evening and are stopping with the parents of the groom, Mr. and Mrs. Theo. Floyd.

Novel Burson, of Seranton, who is only 8 years old and weighs only 65 lbs. picked 313 lbs. of cotton one day last week.

A POLITICAL SPEAKER.

A political speaker said from the stump that he could tell a man's politics from his looks. He pointed out a man in the crowd and said that man was a democrat. The man answered yes. To another he said "You are a republican." That man said: "Yes, but how can you tell?" "From your looks," said the speaker. To a third man he said: "You are a populist." The man acknowledged the fact and wanted to know how he could tell, and the speaker replied as before, "From your looks." To a fourth he said: "You are a goldbug democrat." "No, I'm not," replied the man angrily, "I've had a bad spell of dysentery's what makes me look that way."—Texas State Democrat.

DEATHS.

T. F. McLAURY, an old and respected citizen of this county, brother of W. A. McLAURY, fell out of a peach tree on lower Deep Creek Monday morning and was killed. We were unable to learn any particulars.

PREACHING.

Rev. C. W. Young of Cottonwood, will preach at Belle Plaine, commencing Saturday night being the 23rd Sunday. Preaching Sunday, Sunday.

W. C. BRANN, The Apostle.

The episode caused a genuine sensation in Waco and the city is divided into partisan camps and many fights have grown out of the affair.—Terrell Times-Star.

Little Wick Marvin, aged 3 years and 10 months, son of Mrs. and Mr. E. A. Kendall of Baird, died Monday night and was buried in the Baird cemetery Tuesday. This week gives the friends of the family in sympathy for them in their sad loss.

Little J. B. aged 3 1/2 years, son of Mr. and Mrs. J. R. McFarlane of Baird, died Wednesday evening and was buried at Belle Plaine yesterday. This week and how to the parents, sympathy and how to the friends of the family in sympathy for them in their sad loss.

REPORT OF HEALTH OFFICER.

BAIRD, TEX., Oct. 18, 1897. To Hon. W. H. CLIBERT, Mayor of Baird.

Having been requested by you to examine certain cases of fever now existing in this city, and to ascertain if cholera, whether or not there is scarlet fever or other contagious disease within the city...

I make this statement confidentially, after a very careful examination, and with due regard for anyone who may have reason to differ with my opinion.

Very Respectfully, W. E. GILLILAND, City Health Officer.

NOTE: Dr. R. G. Powell agrees with the City Health Officer that it is highly probable that Dr. S. T. Frazer, the attending physician, is just as emphatic in stating that it is scarlet fever.

W. E. GILLILAND, Mayor.

TO MUSIC CLASS. The school will be held on Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday.

Boydston's Store.

WITH our usual alertness and attention to business we got in on the ground floor and our goods were all bought before the advances. We can confidently say that we are better prepared to serve our trade satisfactorily than we have for several years. In view of the fact of good crops and prosperous times dawning upon us again, we anticipated the wants of the people and have loaded our counters with such goods as are usually in demand with our trade. Come to my store and get prices, everything sold on the live and let live basis.

LOCAL NEWS.

Dr. Sartor went to Dallas Tuesday. T. E. Powell is on the sick list this week. See report of First National Bank in this issue. Several Baidettes are taking in the State Fair this week. C. S. Boyles and wife left for the Dallas Fair last Sunday. Mr. Ed Douglas and Mr. Earnest Harford of Abilene visited our city last Sunday. Mrs. Lena Turner returned home last Monday after an extended visit in Arkansas, and Tennessee. Mr. Sam Dribble, "Bud" Oliver, Miss Lillian McIlwain and others left for the Dallas Fair Wednesday. The mayor requests all to clean up and use disinfectants liberally. This is good advice and helps all will heed it. Mrs. T. E. Powell and children returned from Kentucky Tuesday, where they have been visiting for sometime. Keep your children at home until the present disease abates. By so doing you may save the lives of some of your children; or the children of some of your neighbors. Many subscribers promised to pay us their subscriptions as soon as they could sell cotton. That time has come and this is to remind all who have not paid that we need the money. THE STAR 444

Baid has been extremely healthy for a long time, and people become careless about cleaning up their premises. There are several cases of fever diphtheria cases. Every head of a family should make themselves a conscientious one to see that all uncleanliness is destroyed. To neglect this now is worse than criminal.

R. F. Gurney was in the city Monday. Cotton is rolling into Baid every day. Fred Gardner, of Eagle Cove, was in town, Tuesday. Jim Newton, from Cottonwood, was in town Monday. Clean up your premises and keep the children off the streets. Several Abileneites were down attending the meeting Sunday. J. A. Wagner, of Cross Plains, was in town on business this week. Putnam has received about twelve hundred bales of cotton up to date.

Rev. W. D. Wilson filled his appointment at Putnam last Sunday. Will Bates and John Hambron, from Cottonwood, were in the city Tuesday. J. W. Hutchison and wife, from Putnam, were in the city trading Monday. THE STAR Job Office turned out some nice work for Henry L. Buchen this week. The hand boys have received their new trams and are now prepared to make a noise. The Baid Cyclyer has received several new wheels this week, among them a tandem.

Julius Norton, one of Baid's enterprising grocerymen was on the sick list the first of the week. Messrs. Kennedy and Pehl, from the Cottonwood neighborhood, were in the city with cotton, Monday. F. T. Scott, the enterprising hardware man, from Cottonwood was in the city on business the later part of last week. Miss Elms Hargrave, of Dallinger, who spent several weeks in town the guest of Mr. and Mrs. H. E. Jones, returned home last Sunday.

Don't you want that wrinkle out of your face? It has been broadening and deepening during the past year. Be on hand during the Broad-Up week, and dollars to doughnuts you will laugh it out. The side splitting performance on the Broad-Up grounds are going to be simply immense.

CUTBIRTH GIN. All parties owing me for ginning are hereby notified that accounts have been left with T. E. Powell, B. L. Boydston, Julius Norton and W. D. Wristen, either of whom is authorized to collect and receipt for same. S. K. CURRIENT, Oct. 22nd, '11

JOB PRINTING. It is strange, but true nevertheless, that some business men will send out of town for printing and pay more for it and get not with better work than is turned out in THE STAR office every day. We have over three thousand dollars invested in a printing plant and can do as fine work as any office in Texas, but it seems that it is impossible to convince some people that they can get just as good work at home and save freight. We pay taxes, buy groceries and dry goods in Baid yet the very men we patronize send off for hundreds of dollars worth of printing that THE STAR office can duplicate in workmanship, material and price.

DON'T GET SCARED. Several people left town as soon as it was announced that there was diphtheria or scarlet fever in town. We believe the best course is to remain in town, keep the children off the streets, and clean up the town generally. The writer has as many children, perhaps, as any one in town, but we believe it is safer to keep them here than to go to the country, where they cannot have as good attention as they can in town. By using the proper precautions the disease can be checked, we believe without much trouble; but parents must keep their children at home as long as they are liable to have a severe epidemic.
