The craft show will be from 10:00 A.M. until 5:00 P.M. at the Baird

A parade, Santa,

I.S.D. cafetorium located at 400 West 7th Street, Bird, Texas. A new feature of this year's event will be the addition of a book fair. or Reading Roundup. in the school library from 10:30 A.M. until

5:00 P.M.

The day's festivities will begin at 10:00 A.M. with a parade. Grounder, the Abilene Prairie Dog's mascot, will be the Grand Marshal. Santa Claus has agreed to be a special parade also. Santa Clause has agreed to be a special parade guest also. Santa will once again ride into town with his very close friends, Tom and Darlene Hicks, in their old fashion hitch wagon. Parade participants are requested to line up on the east side of the Baird City Park which is Walnut Street, by 9:30 A.M. so that parade coordinators can get everyone arranged properly. The M.F. T. hopes that as many children as possible will show Santa a warm Texas welcome by riding with Santa in the wagon during the parade. All Baird churches and civic groups, as well as those of our neighboring communities, are encouraged to enter a float or decorate vehicle in the parade. This year's chairpersons, Barbara Corn and Jack Willoughby, will be delighted to have your participation and ask that you contact Mr. Willoughby at 854-1999 or 854-1574 to notify them of your plans. This will greatly help ir, preparing information for the parade an- ,

nouncer. A public address system will be set up on the balcony of Henson's Antique Store so that parade goers can identify everyone participating.

Santa will be available from approximately 11:00 A.M. until 1:00 P.M. and again from 2:00 P.M. until 4:00

P.M. to make photos and visit with everyone. If weather permits, Santa will pose for photos aboard an authentic western wagon. In case of inclement weather, photos will be indoors. Photos will be Polaroid Instamatics and the cost will be \$3.00 per picture. Multiple children may be photographed with Santa at the same time.

Along with Santa

and the parade, there will be hayrides; raffles including one by Project Graduation for a jeep Cherokee or \$15,00 cash; a book fair featuring books, videos and computer software by Scholastic Books, Inc. and entertainment. The Baird Junior High School Band will perform on the grassy knoll near the cafetorium from approximately 11:00 A.M. until 11:30 A.M. Other groups and their times to perform are as follows: 11:30 A.M. Pre-Kindergarten; 11:45 A.M. Kindergarten; 1:00 P.M. First Grade; 1:30 P.M. Third Grade; 1:45 P.M. Fourth grade; 2:00 P.M. fifth grade and 2:15 P.M. Sixth grade.

While shopping and enjoying the entertain-

ment, don't forget to stop by the concession stand to try the delicious fajitas, nachos, hot dogs, homemade desserts, tea, coffee and soft drinks. Fajitas can be purchased for \$2.00 a piece or beans, rice and chips can be added to make a fajita plate for only \$4.00. Desserts will be 50¢ a slice. They may also be purchased whole.

The Baird M.F.T. cordially invites the entire community and all of our Big Country Neighbors to join us for our Cowboy Christmas Show and Reading Roundup festivities. We think this will be a great way to get into the Christmas spirit, do some holiday shopping, and make some old fashioned family memories which will be cherished for years to come!

# First Flight Winter Weather Swept Into Area

By: Billy Harris BAIRD-"First Flight gained some attention Saturday afternoon when they arrived in town, and landed just to the west of the T&P depot, for a training

session with area

emergency personal.

About 15 first responders completed the 2 hour "Scene Team" training session, which consisted of aircraft familiarization and class instruction. Representing of Clyde Fire Department, Baird Fire Department, and Citizens EMS participated in the training presented by First Flight crew members Pat Rollins, Flight Nurse; Chad Burns,

Greg Pope, EMS pilot. Many local citizens received a tour of the air ambulance during the afternoon, which included getting to board the craft and

Flight Paramedic; and

closely view the equipment that is very simular to a hospital emergency room.

Callahan County EMS providers have utilized First Flight four times in November to transport six critically injured wreck victims, these incidents all occured in the first six days of the month in various parts of the county.

These training ses-

sions also give all the EMS groups a chance to visit and get to know each other in a less stressful environment than they normally work together. All EMS personal are required to have a minimum number of contueing education to hold their certification with the Health Texas Department and this training will count towards that goal.

By: Billy Harris CALLAHAN COUN-TY-Winter weather swept into the area with a vengence Sunday

morning. Freezing rain followed closely by sleet and snow made driving almost impossible across Callahan County.

A three vehicle on the T&P overpass on I-20 two miles east of Putnam occurred about 11:00 a.m. that resulted in no injuries to passengers. A 1992 GMC 18 wheeler, belonging to Frito Lay out of Oklahoma, jackknifed in the east bound lanes trying to dodge a skidding car. This in turn led to a 1990 Toyota Corolla from Arlington getting tangled up with a 1964 Chevrolet 1 ton pickup from West, Texas. T&P overpass is historically the first place to freeze in the COunty according to a Baird

Fireman.

Three passengers in overturned Chevrolet Van at the 315 mile marker were transported Hendrick Hospital by a Citizens EMS Ambulance. Martha Fores, one on the occupants, was treated and released. Idnentity and atatus of the other two occupants was unavailable.

An early afternoon accident took the lives of a Dallas couple at about 2:30 pm near the 304 mile marker I-20 in the East Bound lane. R.C. Cook, 70, and his wife Joan, 50 were pronounced dead at the scene by Justice of the Peace Don Burns.

According to D.P.S. Trooper Bill Russell, the Cooks were headed West when R.C. lost control of his 1995 Lincoln Town Car crossing the median becoming airborne and landing sideways in the path of an East bound 1996 Jeep Cherokee driven by Eddie Lee Bogdon, 46, of Whitewright, Texas. Bogdon was accompanied by his sister Barbara Cantrell, 42, and both were transported to Hendrick Hospital by Citizens EMS ambulance where they were admitted and listed in stable condition. Russell listed speed and road conditions as contributing to the accident.

The East bound lanes were blocked for over an hour while emergency crews worked to free victims and clear the wreckage. Baird and Clyde

Fire Department responded to the call and used "Jaws of Life" equipment to free victims from the wreckage and assisted with treatment of the injured. Arrangements for the Cooks were pending with Restland Funeral Home in Dallas.

A multiple vehicle accident East of Hanner Chevrolet on I-20 sent two people to the Hospital about 4:00 pm. No details were available Sunday evening.

Callahan County Dispatcher recorded 56 accidents that were reported and confirmed between 11:00 am Sunday and 11"30 am Monday. Numerous accidents were reported and not located due to the motorists being assisted by passers-by and had left the scene before overloaded law enforcement officers could arrive.

Baird had snow accumalations of about three inches with some drifts of near two feet after close to an inch of rain in the early hours Sunday morning. Roadways were all completely covered with packed snow and ice Sunday afternoon until noon Monday. Baird and Clyde Schools were delayed opening until 10 am.

IH-20 was blocked periodically Monday morning from jacknifing trucks blocking sections of the roadway. East bound

traffic was at a stanstill from about Hwy. 283 overpass back to Clyde for close to two hours as emergency

crews cleared stalled eighteen-wheelers blocking both East and West bound lanes between the 306 and 307 mile markers at Baird. East bound traffic was routed onto the service road at Clyde and then through Baird on Business I-20. The area around Cherry Lane and IH-20 in Clyde was snarled almost hopeless for a while Monday morning when the 301 onramp was blocked by stalled vehicles.

Traffic flow back to normal after lunch Monday although very heavy. Emergency personal were breathing a sigh of relief as they were able to catch up on rest and paper work from the last 24 hours. Texas Department of Transportation employees from the Baird year worked in shifts keeping gravel trucks rolling for about twenty-four hours and assisting with traffic control in accident areas.

Agricultural Viewpoint By M. Davy Vestal

**Peanut Harvest Nearing Completion** 

Eastland County peanut growers have enjoyed generally good harvest weather for the 1996 crop. Unfortunately as a whole, this may be the only enjoyable facet of this year's labor. Peanut grades have

been well below normal due to disease factors, cool weather in August and long periods of wetness or drought. Just about everything that could go wrong, did. In many areas, dryland production exceeded irrigated crops generally because of disease factors.

Eastland County experienced a large Tomato influx of Spotted Wilt, a disease transmitted by small insects. Thousands of acres of irrigated fields were infested because these insects are attracted to lush growing fields. In July, when the insect was present, only irrigated fields were in lush

Service and the Texas Agricultural Experiment Station made believers out of producers who attended Peanut Field Days in September. Agents and Research Scientist exhibited plants that have been bred and produced to be resistant to tomato spotted wilt.

TAM Run 96 is one variety that shows excellent resistance. Unfortunately it will be 1998 before enough seed is produced to use on a commercial basis.

Georgia Green is another variety that shows some resistance to Tomato Spotted Wilt.

Peanut producers are encouraged to begin early to secure seed if they anticipate Tomato Spotted Wilt problem. At present, resistant varieties and delayed planting are the only tools to combat this disease.

We will look at new varieties in 1997 in some area demon- cubator of unhatched eggs: stration plots.

Getting The Most From Your Money

#### WHAT'S NEW FOR **IRAS IN 1997**

Congress has been busy again changing the tax laws, and several new provisions affect IRAs. The changes discussed below all take effect in 1997.

Under current law, you are generally subject to a 10% penalty if you withdraw money from your IRA before age 59 1/2. Under the new law, you will be allowed to make penalty-free withdrawals from your IRA at any age to cover family medical bills, if total medical expenses exceed 7.5% of your adjusted gross income. If you have been receiving unemployment compensation for at least 12 weeks, and you meet certain minor timing requirements, you also qualify to make penalty-free IRA withdrawals at any age to pay for medical insurance.

Currently, a husband and wife are limited to a combined IRA contribution of \$2,250 if only one spouse has employment income. Under the new law, a spouse who isn't employed outside the home will be eligible for a full \$2,000 IRA contribution. This brings the maximum combined IRA contribution for a married couple to \$4,000.

The new law establishes a simplified retirement plan for small businesses, to be known by the acronym SIMPLE. A SIMPLE plan can be established as an IRA for each employee, or as part of a 401(k) plan. If a SIMPLE plan is established as an IRA, each employee may contributed a stated percentage of compensation, up to a current maximum of \$6,000. The employer also must contribute, according to formulas provided in the law. Under a SIMPLE 401(k) plan, employee contribution limits initially will be the same as the SIMPLE IRA, but employer contribution rules will be somewhat less flexible. Carefully examine the pros and cons of the SIMPLE 401(k) before replacing an existing plan.

### **Another 'Mighty Ducks'** To Show At Majestic

Walt Disney Pictures' action/comedy picture series "The Mighty Ducks" continues to score with "D3: The Mighty Ducks", the third installment of this perennial family favorite.

This time, the coolest team on ice has a new school and a new coach. But it's the same old Duck attitude that shines through as they face off against an upper-class varsity team of tough hockey players who are determined to melt their winning streak

After winning the Goodwill Junior Games in "D2: The Mighty Ducks", the young hockey champions accept athletci scholarships from exclusive Eden Hall Academy, whose Warriors team have held the state title for 20 years.

When Ducks Coach Gordon Bombay (Emilio Estevez) does not immediately accompany them to Eden Hall, the team feels abandoned.

Adjusting to the pressures of being at a new school, and reporting to a new Coach Orion (Jefferey Nordling) are just the beginnings of the Ducks' woes. They face their final test in the exciting showdown game against the bullies of the Warrior Varsity.

Brill says of the talented cast members, who have returned for a third installment of the Ducks: "They're becoming young men and women, and flourishing right before our very eyes. In many ways, that's what the movie is about - grow-

ing up. "This time, we have developed the characters in a deeper way, and we treat them a little more an individuals."

This movie, rated PG, will open at the Majestic Theatre in

Eastland on Friday, Nov. 29, 7:30 p.m. It will show nightly at the same time through Monday, Dec. 1.

Admission will be \$3.50 at the box office, with balcony seats available at \$5 to adults

#### **Economic** Development Corporation

By Billy Harris Baird Correspondent The Baird Economic

Development Corporation met Monday evening, Nov. 25, at 6:30 p.m. The meeting convened at City Hall but was moved to the Housing Authority building due to the board member with the key failing to attend. President Felix Manion called the meeting to order with board members Kim Vestal and Larry Newton present.

Manion gave the board a report on the progress on the purchase of the railroad land south of the tracks. He said the board had received a letter of intent from the Railroad to accept the bid offered for the land. As soon as a copy of the land survey is received the board can proceed with the purchase of the land. It is unclear kactly h many cres of 1d are

## **Midwest Texas Leaders Learn About The Internet**

Members of Midwest Texas Leadership met at Ranger College for the November training meeting to learn about accessing the internet. Dr. Joe Mills, president of Ranger College, welcomed the group to the college campus. Doug Presley, Assistant Professor and Extension computer specialist at Texas A&M University gave an internet demonstration and answered questions.

Presley explained that the internet today is much like automobile travel at the turn of the century. "In the early 1900s it was possible to drive a car from California to New York, but unfortunately at this time there were no road maps. Locating information on the internet is often frustrating because

there are "no road maps" or clear directions for finding what you want without some trail and error. In time, it will become much easier," he said.

Presley also predicts that the computer and use of the internet will become a common place in the future as the telephone is today. After lunch, leadership

members toured EBAA Iron, Inc., near Eastland. Mr. Earl Bradley and Mr. Jim Keffer greeted everyone and arranged the tour through the foundry that manufactures joint restraints used on water and wastewater pipelines. Mr. Keffer gave an overview of the company's operations in Eastland, Albany and Georgia. EBBA employs over 200 people at the Eastland plant.

Following the EBBA Iron tour, the group traveled back to Eastland for a tour of the Majestic Theater. Mr. Ed Allcorn told about the history of the old theater and renovation efforts over the years. One of the objectives of the rural leadership program is to showcase areas of interest in the communities.

Mary Wells is a leadership member from Ranger who attended the November training.

You could gather information that is already prepared and then you could begin to take inventory of records and go to the cemeteries of your county and get every tombstone read and recorded on paper. The Stephens County Society has done every cemetery in their county. We have only done 3 of ours. We do have all of them that were done in 1974 but all need updating. The Eastland Cemetery has been done lately and a few others. Many churches have done their histo-

All of these plus family histories of all in your county who already done their family history would make a wonderful beginning for a nice society. If you have a society, please get in touch with Wanda Skinner Route 3, Box 300 Eastland Texas 76448 or call 817-629-8439. We would love to help or have you join us if you don't have society. We meet at Cisco Junior College Library every 2nd Thursday of the month. December 10 we will have our Christmas party as Dutch Treat at Jordan's Steakhouse Eastland.
