Area United Fund Budget Raised \$700; Drive Set

Cross Plains Area United Fund budget was increased by \$700 by officers and directors Monday afternoon to \$4,000.

Ten officers and directors met in called session in the Directors' Room at the Citizens State Bank and voted to raise the annual budget of the charitable by \$700 from the previous \$3,300. It had been set at the lower figure for the past few years.

The officers and directors also set the annual drive to raise the money for the only charitable drive sanctioned in Cross Plains for Friday, Oct. 6, less than three weeks away.

Again this year Mrs. Raymond DeBusk and Mrs. Frank Ferrell have been named co-chairpersons for the annual door-to-door canvass. The two local ladies have served the United Fund in that capacity the past few years.

An itemized breakdown of the proposed Area United Fund budget for 1978-79 is scheduled to be published in next week's Review.

Officers present for the session Monday were Dale Bishop, president; Jimmielee Payne,

vice-president; Jack W. Tunnell, treasurer, and Mrs. Gretna Payne, secretary. Other directors attending were Peggy Koenig, Claribel Gibbs, Pat McNeel, Jr., E. K. Coppinger, Harold Garrett and Susie Smith.

Dressy Cemetery Fence Up; More Donations Are Told

Dressy Cemetery has a new chain-link fence surrounding it. Installation was completed last week, and Frank Ferrell, secretary of the Dressy cemetery, said, "It looks real good."

He qualified the statement that the fence was completed with the exception of lettering over the gate. Ferrell stated that that will cost some more and will be done later. Cost of the fence and installation was \$7,746.00.

Most of that amount was raised through donations from those who have loved ones buried at Dressy. The Cross Plains mar listed the contributions received in the last month as follows: Colbie H. Thorn \$25, Imogene Bragg \$10, Anonymous \$20 and Alice Neeb \$5.

"We want to thank everyone for the support and donations," Ferrell said, "and anyone is welcome to go out and inspect the fence; look things over." He emphasized, "It is something to be proud of." He said, "If there are questions, please contact me."

Donations received for the cemetery henceforth will go to the Dressy Cemetery Association, as usual, Ferrell stated, and continued that the fence is not the only expense incurred by the association. "Maintenance must go on," he pointed out, "grass, markers and graves need attention also." Ferrell added, "Now that we have the fence done, we can turn our attention to other work."

He again expressed his appreciation for the support given the fencing project, and assured that the lettering on the gate will be installed in the future. Persons who wish to help

Albany Thanks Folks Of Cross Plains Area

The following letter was received by the Review from the office of Shackelford County Judge. It is reproduced as follows.

"To the Citizens of Cross Plains:

"The people of Albany appreciate so much the help that friends and neighbors from other towns have given to those who lost so much in the recent flood. So many people have been generous, not only with material goods and financial help, but with their time, services, love and concern. "Your contributions to Albany and Shackelford County during this trying time have been invaluable to us in our recovery efforts. You have demonstrated what a true neighbor really is. Thank you."

After the closing, it was signed by E. D. Fincher County Judge, the County of Shackelford; Richard Fox, Mayor, the City of Albany; and Johnny L. Jeatly, President, the Albany Chamber of Commerce.

W.T.U. Explains Dropping Sales Tax Item From Bills

The state's four per cent sales tax on utility bills for residential customers will be dropped after October 1, but an overlap for billing periods beginning during the month of September, will cause the tax to appear on all bills received during October and on some received in November.

Fred Foy, supervisor of statistics and state taxes for West Texas Utilities Co., said that instructions issued by the State Comptroller are specific on how the recently approved tax exemptions are to be applied. "A lot of people apparently think that October billing will not include the tax," Foy said "but this is not the case."

"The law states that the exemption shall apply to each regular monthly billing period beginning on or after October 1. This means that if we bill a customer for service from any time prior to October 1, the four per cent sales tax will be applied to the total bill."

Citing an example, Foy said that if a meter is read on September 29, that particular customer will be taxed on the bill he received in October and also on the bill he receives in November, since his November bill is for service from September 30—October 29.

The tax exemption was enacted during the special session of

Bisons Thump Jim Ned 14-6 For First Victory In 13 Starts

Cross Plains Buffaloes used team effort and alert play to break a consecutive loss string at 12 before home fans Friday night as the Herd defeated Jim Ned Indians 14-6 in opening football game for the locals.

Bisons suffered through an 0-10 season last year, and dropped the final two contests in the 1976 campaign. Last victory posted by a Herd before Friday night was a 34-0 beating of the Dublin Lions.

Although the Bisons dominated the statistic sheet, it was strong defense that preserved the Buffalo triumph with stout play in the fourth quarter. Jim Ned had three opportunities to score in the final four minutes of the contest, but Bison defenders kept the Indians at bay. Three times the visitors owned

the ball at or inside the Herd's 20 in fading moments of the game but Bison defenses held.

Athletic Director and Head Coach Chuck Eoff, who was named "Coach of the Week" by Abilene Reporter-News for his Herd upsetting Jim Ned, stated, "We have a lot of room for improvement, but we were well pleased with individual efforts." He added, I was real proud; the team carried out offensive and defensive game plans to a "T". There were a few breakdowns the coach said, but he said that the defense did a fine job.

Jim Ned got on the scoreboard first with 11:02 left in the second quarter. Halfback James Allmand capped a determined drive with a nine-yard spurt. A two-point conversion attempt failed, but the Indians owned a

6-0 lead. Cross Plains quickly countered with a 74-yard blitz, aided by a major penalty against Jim Ned. Tailback Randy Dillard crossed the goal line from 11 yards out with 8:20 left in the first half. Dillard then toed the ball from placement through the uprights to put the Herd ahead 7-6.

With only 2:15 remaining in the third period the Buffaloes lighted the scoreboard again. Fullback Glynn Nickerson scampered the final 16 yards for the tally. That touchdown drive was set in motion when Defensive Halfback Michael Clark made a fine return of an intercepted pass. During the 58-yard drive Nickerson got a 9-yard gainer, and Dillard added 10 yards.

Dillard missed the first placement kick, but an infraction against Jim Ned on the play moved the ball closer to the goal, and on the second attempt Dillard split the uprights, for the final 14-6 count.

Statistics reveal the Buffs collected 19 first downs to 8 for the visitors. Buffs gained 258 yards, 190 on the ground, and 68 in the air on 4 completed passes in 13 tries. The Indians rushed for 51 yards and passed for 41.

Buffis intercepted three Indian aerial, two by David Flingworth, and Jim Ned got one stray Bison pass. Buffs lost four fumbles and Jim Ned two. Visitors were penalized nine times for 93 yards, and Cross Plains drew 65 yards on seven infractions.

Starting Quarterback Duane Hutchins was taken from the field in the last half and rushed to an Abilene hospital. He suffered a concussion and deep muscular bruises. He is reported to be doing nicely now, attending classes, but is not expected to play in the Baird game Saturday.

Other Buffs suffering painful bruises were Bud McCorkle, Jimmy Kelly, Allen Philips and Dale Foster. McCorkle, back-up quarterback, is listed as doubtful for Saturday's tilt.

Baird will host the Buffs Saturday at 8 p.m. It is Baird's homecoming.

Baird is regarded as a fine team. Scouting reports indicate they are an extremely quick team with at least 16 solid grid-ders. The Bears do not seem to be quite as large as in recent seasons.

It was noted that Chris Vestal is one of the finest quarterbacks in the area, and Danny Stovall is a top running back.

It was stressed that especially on defense the Bears will hit hard, but do it cleanly. Coach Eoff stated that he had a lot of respect for Baird and Coach Gary Williams. District 8-A members do too, they picked the eBears to win the championship, three places ahead of Jim Ned.

Baird has won two consecutive games, blanking Class AA Merkel 26-0 in the first game and zipping past Santa Anna 35-6 last week.

Buffaloes have not beaten a Baird team since 1968.

Mr. and Mrs. Leslie Watson of Longview and Mr. and Mrs. George Watson of Stephenville spent the week end here with their sister, Mrs. Rhoda Lawson and also visited Mr. and Mrs. Edgar McNutt and son, Ronnie.

School's Tax Bills Due Early Mailing

Peggy Dickson, tax assessor-collector for the Cross Plains Independent School District, has advised taxpayers that mailings of the 1978 tax statements is scheduled to begin this week.

She quickly explained, however, that not all the tax statements will be mailed at once. "They will be mailed in alphabetical order, and not everyone will get the statements at the same time," Mrs. Dickson said.

Although statements are being mailed early and payment will be accepted upon receipt of the statements, taxes will not become delinquent until after January 31, 1979.

The early and piece-meal mailing is being done so as to facilitate operation of the school's tax office, and mailings of tax statements hopefully will be completed by October 1 or before.

Evangelical Church Sets Revival; Missions Event

Rev. Rucker was a pastor in Indiana before joining OMS (formerly the Oriental Missionary Society which is undenominational faith mission), he was asked to direct activities of the OMS in Texas, Oklahoma, Arkansas, Louisiana and Mississippi, from the Tyler office in 1974. During the past term in Africa, Mr. Lewis served as manager of the Burundi Literature Center in Citega, largest city in Burundi. After furlough, the Lewises, who hold several educational degrees, anticipate returning to Burundi for the World Gospel Mission, and interdenominational missionary organization.

Rev. John Swift, pastor of the local church, invited all persons of all faiths to attend any or all of the services during the eight-day meeting.

Cottonwood News Items

By Alice Champion

Monday dawned another fine morning with a nice breeze. We can be so thankful for all our many blessings when we hear of all the trouble in other places, death and destruction. Let us say with thankful hearts, "God Bless America".

Mrs. Ethel Anderson's brother, John Conger, is in the Eastland Memorial Hospital after suffering a heart attack. Last week Mrs. Anderson took care of her great-granddaughters while her daughter-in-law, Mrs. Darwin Anderson of Abilene was in a hospital there. And Saturday her granddaughter, Mrs. Tommy (Vanda) King was rushed to an Abilene hospital for treatment. It seems to her as though things usually hit her in bundles. All seem to be doing better now.

On Wednesday Mrs. Owen Junis of California, sister-in-law of Wes Holcomb, visited the Holcombs at Sabanno. Ethel Anderson also visited them. Neither Wes nor Daisy are doing well.

Mrs. John (Janice) Purvis had gall bladder surgery at Hendrick Medical Center in Abilene Wednesday. We hope for her a speedy recovery.

Monday of last week Curtis Brothers went to Odessa for a check-up. He had eye surgery recently.

Paul Neeb and his sons have moved in the rent house of Mr. Lamb. Welcome back, Paul.

Mrs. Bob (Cookie) Robinson made a business trip to Cross Plains and then visited the J. P. Clarks, Bill Robinson and Mrs. Lucille Clark before returning to her home in Clyde.

Mr. and Mrs. Liburn Tate of Denver City visited at their farm southwest of Cottonwood.

Mrs. Murl Champion of Denver City spent Friday night with her mother-in-law, Alice Champion. She had been visiting her brother, Pete Barnett, who had been in intensive care unit at Hendrick Medical Center at Abilene several days but had been removed to a private room. She also visited her dad and another brother, Son Barnett, while at Abilene. Isn't it wonderful when our children come home?

Mr. and Mrs. Gary Don Ballinger and Richard Wayne Ballinger of Cisco visited their grandmother, Mrs. Jessie Wilcoxon, last week.

Sunday afternoon Mr. and Mrs. R. D. Childers and boys of Scranton visited his parents, the Blanton Childerses. While R. D. helped his dad haul in hay, Sharon, Todd and Shane mowed the lawn for Lillian. Oh boy, what a wonderful work of love.

David Winslett has finished selling the home of his sister in Boerne. There is always heart ache in finishing the business of a loved one who has passed on.

Mr. and Mrs. Daton Williams and her mother, Mrs. Emma Rosenbush, visited their daughter, Virginia Durst, and David Mike, Kacy and Amy at Mason. They really enjoyed the visit.

Ethel Champion and Calvin Lewis came last Wednesday and took her mother-in-law, Alice Champion, and Monty to Lawn to watch the junior varsity football game. We really enjoyed the game even if the boys did lose. They worked hard. Glenn Champion, Jr. was playing.

Glenn Champion, Sr. came home Saturday night. Ethel and Calvin returned home with him Sunday evening. He has about three weeks more work on that job at Grapevine.

Mrs. Irene Wall of Shreveport, La., and her cousin, Syble Williams of Rochester, are visiting the Strahans and other relatives and friends this week.

Tommy Nordyke of California returned home Friday. Maurine Strahan and Gloria took him to Abilene to catch his plane. He had been visiting here with his sister, Mrs. Bud Strahan, and came to attend the funeral of Mr. Strahan.

Mrs. Bessie McMillan and Mrs. Jewel Woody visited Alice Champion Sunday.

Mr. and Mrs. Bill Robinson had their children home Sunday. Mrs. Vivian McCowen and daughter, Tina, and her friend and Mrs. Martha Malone, all of Abilene, and their son and wife. Mr. and Mrs. Bob Robinson of Clyde. Bob and Cookie visited the J. P. Clarks a while Sunday evening before returning home.

Marvin Wilcoxon had his car smashed Thursday night when returning from Cisco. He was lucky to receive only bruises. His car was a loss.

Mrs. Nelda Wilcoxon returned home Saturday from Austin where she had been helping care for her new grandson and its mother. It's good to have you home, Nelda.

Jessie Kelly and Alice Champion were at the community center at Cottonwood putting in their quilt. There was a good sized crowd and a wonderful lunch was served last Thursday at the quilting.

Mrs. Alda Nordyke, who resides at the Golden Holiday Nursing Home in Baird, room 25, will appreciate hearing from friends and acquaintances in the Cottonwood area. Mrs. Nordyke was reared west of Cottonwood and would appreciate receiving cards and letters from folks down this way.

Stretch your energy dollars - Install an energy-efficient electric heat pump

A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

If you have plans to buy, build, or remodel, or are looking for a new heating and cooling system for your home, call a local FACTORY CERTIFIED heat pump dealer or talk with WTU. We will arrange for a WTU heating and cooling specialist to contact you. Learn more about the easy-to-install, economical electric heat pump - your most energy-efficient heating and cooling system buy.

Remember REDDY Supplies the energy - but only YOU can use it wisely!

ROM. 16:16

RIGHTEOUSNESS EXALTETH A NATION

"Righteousness exaltech a nation; but sin is a reproach to any people." Prov. 14:34. Please read all of chapters 14 and 15.

Sin is defined as, "transgressing God's law" 1 Jno. 3:4; as "knowing to do good and doing it not" Jas. 4:17; and "all unrighteousness is sin" 1 Jno. 5:17. Our text teaches that righteousness exalts people, but sin reproaches.

Someone has given the following thoughts, and I'd like to share them with you for your consideration. They're not new, but good.

"HISTORY'S WARNINGS. One of the most widely read books of all times is 'The Decline and Fall of the Roman Empire', written in 1788 by Edward Gibbon. It sets forth five (5) basic reasons why that great civilization withered and died. These were:

1. The undermining of the dignity and sanctity of the home, which is the basis of human society.
2. Higher and higher taxes; the spending of public money for free bread and circuses for the populace.
3. The mad craze for pleasure. Sports becoming every year more exciting, more brutal, more immoral.
4. The building of greater armaments when the real enemy was within — the decay of individual responsibility.
5. The decay of religion; faith fading into mere form, losing touch with life, and losing power to guide the people.

The oft-heard warning that 'history repeats itself' has an omnibus meaning in the light of the above."

It seems obvious to me that we can see these same basic things developing in our great America. But we are prone to ask: What can I, just one person, do to help change this trend? The answer is: Live a righteous life (righteousness according to God's word, not according to man's standards), and encourage your family and friends to do the same.

More important than America falling is that our SOUL AND ETERNITY is involved.

9-Day Teal Season Is Now In Progress

Last Saturday was opening day of the 1978-79 waterfowl hunting season. Teal season began then and the nine-day season will run through Sunday, Sept. 24.

The popular teal season was designed primarily to take advantage of the early migration of blue-winged teal through the state, although significant numbers of greenwings also are harvested each season, according to C. D. Stutzenbaker, water fowl project leader for the Texas Parks and Wildlife Department.

The teal season is statewide, and the daily limit of four and possession limit of eight can include any teal species.

Stutzenbaker said that although some teal are harvested by dove hunters and casual hunters who "jump shoot" the birds from ponds and lakes, most of the harvest is by serious waterfowlers who specifically go after teal with decoys and blinds. "Teal are highly gregarious birds, and they can usually provide some good shooting action if you go after them that way," Stutzenbaker said.

Digital Switching

We're using it to hold the line on higher phone rates.

Every dollar we can shave off our operating expenses is a dollar that helps us delay the need for rate increases.

Our objective, of course, is to hold the line on operating costs without reducing the quality of your telephone service.

Sometimes this requires Continental to invest huge sums of money in technological advancements that, in the long run, save money. Digital switching is one of these advancements.

Digital switching equipment not only helps us control costs with reduced maintenance requirements, but also provides better noise levels and faster service when you dial a number.

It handles more calls with fewer trunk lines, yet occupies about 80% less floor space than conventional equipment.

Installed in areas where fast growth is expected, the new equipment will let us meet the growth without the expense of building new facilities.

Because the rates you pay for telephone service are based on our costs of doing business throughout our system, digital switching works in your behalf wherever we install it.

It's one of the ways we're doing our best to do more for you.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 7, 1978

"The Tax Relief Amendment" (H.J.R. 1)

H.J.R. 1 proposes an amendment to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homesteads of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing

authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

NUMBER ONE (S.J.R. 50)

S.J.R. 50 proposes an amendment to the Texas Constitution to delete an archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the 'Deaf and Dumb Asylum,' allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirement that the Governor, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions."

NUMBER TWO (S.J.R. 55)

S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

NUMBER THREE (S.J.R. 44)

S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its credit for such purposes."

NUMBER FOUR (S.J.R. 53)

S.J.R. 53 proposes an amendment to the Texas Constitution to allow the legislature to exempt from taxation solar or wind-powered energy devices.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices."

NUMBER FIVE (H.J.R. 37)

H.J.R. 37 proposes an amendment to the Texas Constitution to grant exclusive jurisdiction to justices of the peace in civil cases where the amount in controversy does not exceed \$200, except where the legislature gives exclusive jurisdiction to another court.

The amendment grants justices of the peace concurrent jurisdiction with county courts where the amount in controversy is between \$200 and \$500, except where the legislature gives the county court exclusive jurisdiction.

The amendment also grants justices of the peace concurrent jurisdiction

Farmers are busy in the fields, plowing and sowing grain and summer weather returned last week when temperatures neared the 100 mark again.

Gardens have about ended production. This writer has a few black eyed peas that Colorado grass is taking over. One neighbor cautioned to watch for snakes while out there looking for peas.

Outlook Brighter As Fall Season Begins

Agricultural outlook in the Cross Plains area is considered ably brighter as the Autumn season approaches than it was when the last vernal equinox.

As Summer began Cross Plains and area was experiencing searing temperatures and was in the throes of a drought which had been plaguing the area several months. Hot temperatures and lack of moisture continued for six weeks until the first of August when heavy rains covered the area.

Earthen stock tanks were filled by those rains, which in some parts measured over 12 inches, and following showers. All crops and pastures were revived. First day of Autumn will be Saturday, Sept. 23.

2-Point Conversions Doom Mighty Mites In Opener

Host Jim Ned counted three, two-point conversions and defeated the visiting Cross Plains Junior High School Mighty Mites 24-20 in the season opener for local team at Lawn Thursday.

Mighty Mite Right Halfback Johnny Neeb scored on a 55-yard reverse behind fine blocking by Apple to cut the deficit to 16-12. Koenig carried the ball across for the two extra points to slice the margin to two points 14-16.

Neeb gave Cross Plains the lead 20-16 when he circled end

for 60 yards and another touch down.

Later, in the fourth quarter, Jim Ned re-captured the lead with another eight points and the final 24-20 count.

In a preliminary game of the seventh grade teams, the host defeated Cross Plains counter parts 38-0. Coach Mack McConal said that his seventh grade unit did a good job, although the were beaten.

McConal so rated several Mites as doing good jobs on both offense and defense. Those he mentioned were Kirby Stephens, Richard Creamer, Mike Newman, Andy Meiron, Ricky Wheeler, Billy Pope, Jeff McCoy, James Hennesay and Gary Jackson. He also noted that Ricky Brown did an outstanding job at quarterback in his first start.
