Monday, Sept. 2, will be a legal holiday for most businesses in observance of Labor Day.

## Baird businesses which will Baird Lake Catches

We received some rain here the last couple of days, after months of almost completely dry weather. We had a small shower on the afternoon of Aug. 27, which came fast and hard giving us about 1/2 inch. Then about 2:30 a.m., Aug. 28, the rains began again, this time much slower and steadier. We deceived about 11/2 to 2 inches varying throughout the city.

This gave us a total of 2 to 21/2 inches for the two days. At press time some water was running into the Baird Lake.

#### Clyde FHA Elects Officers Monday

CLYDE - Clyde 4-H Club met Monday night in the Junior High building, with Greg Gern-All Bear football gross, County Agent, as advisor. CLYDE — Qualified voters in the Clyde Independent School District will go to the polls on Saturday, August 31, to decide whether or not the district will issue \$750,000.00 in bonds to build a new elementary building and remodel the present campus.

Polling places will be in Oplin Community Center and the Clyde School Cafeteria. Polls will be open from 8:00 a. m. to 7:00 p. m. A. N. Johnson will be election judge of the Clyde box and Mrs. Emma Poindexter will be judge of the Oplin box.

Approximately 70 people attended a public meeting on August 22 where the proposals were discussed. Mr. Don Hampton, the architect of the project, gave a short discussion of the proposal and a question and answer session followed.

Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the

night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving,

CARE FOR LIGHTING EQUIPMENT

Dust and dirt alone cause substan-

tial losses in the amount of light

produced. Systematic cleaning is

(when they are cool) with a damp

Under terms of the act, the loan guarantee will be in effect through July 25, 1975. It may be extended for 6 months beyond that date if the Secretary of Agriculture determines that it is needed to help the livestock industry obtain sufficient credit.

The law calls for loans to be made by banks or other legally organized lenders. Mr. Hendrson said interested producers are urged to make applications to, and complete loan arrangements with lending institutions. The lender in turn will ask FmHA for a loan guarantee if one is required. The lender will process the application, close the loan and service it.

The maximum loan to any single borrower that can be assisted by an FmHA guarantee is \$250,000. Loans will be payable in 1 to 3 years, although renewal for 3 years may be authorized. Interest rates are determined lion reasons why the Breath of over the years has made posbetween borrowr and lender

# HOW OLD IS EARTH?

We would like to invite all of the Baird folks to attend our opening Service, this Sunday, Sept. 1st, at our new extension Church at 245 Market Street. (The Old Plaza Theater).

We have a very special Ladies duet that will be singing for us in this first service - Mrs. Murry and Mrs. Hood. They are such a tremendous blessing to us with their singing and they will bless the hearts of all those who come this Sunday.

Rev. Larry Johnson, one of our Abilene Assistant Pastors, will be conducting the Sunday Services and will be bringing a message that will bless your hearts.

We believe in lots of teen activity and will be having one of our young coples from Abilene to be in charge of our Junior High and High School Depts., and they want to really get a good lively Youth group started in the Church.

We will be running a Church bus on Sunday to give free Transportation to all those needing it.

Again it would be our privilege to have all of you in the Baird area to come be with us in this FIRST SUNDAY SER-VICE. We have a nice NURSERY and paid Nursrey lady to keep the babies for us. See you in Sunday School at Ten.

We live in a world today that is ever-learning but unable to grasp an answer for many of it's questions. The Bible, the Word of the Lord, is a store of whose contents no man can afford to be ignorant. Many people ask the question, "HOW OLD IS PLANET EARTH?" They read where science tells them that certain rocks and fossils of prehistoric creatures are millions of years old. Then they ask, "doesn't the Bible tell us that the earth is only 6,000 years old?" The answer to that question is definitely "NO." According to the geneologies in the Bible we can be confident that "MAN" is approximately 6,000 years old.

THE BIBLE GOES BACK TO THE BEGINNING. If the beginning was ten Billions years ago, then that is how far the Bible record takes us. We find in Genesis 1:1 that God created a perfect world (God never created a world in chaos, He only creates perfection). This particular event took place "in the beginning," or as far back as you wish to speculate (it might be well to mention here that no attack on science is being made here, on the contrary, the more man sets out to disprove the Bible the more he finds agreement between the two). However. something happened and God destroyed this creation. Jer. 4:23-26 and Isaiah 24:1, 45:18 clearly indicates that the earth underwent a cataclysmic change as the result of divine judgment. Even today the earth bears marks of this. Some believe this has to do with the fall of the angels (Ezk. 28:12-15, Isaiah 14:9-14). How many years the earth laid in waste we do not know (perhaps millions), but we do know that about 6,000 years ago God restored His original creation. It is interesting to note that science has never produced any substantial evidence to prove that man existed more than 6,000 years ago. So, what most people think of as the original creation was actually "THE RESTOR-ATION" of the original creation.

We know life in creatures existed in the original creation (hence man's futile attempts to link our race by "evolution" to some of these ancient

Also note that God said to Adam in Gen. 1:28 the same thing he said to Noah when he got out of the ark (Gen. 9:1) which was "be fruitful and multiply and replenish the earth." How can something be "RE-PLENISHED" if it had not already been previously "PLENISHED" or

We have a booklet ministry in our church and we would be happy for you to write us at the address above so we can share this ministry with you.

Now I would like to personally invite you and your family to come and worship with us this Lord's Day. Our Sunday School starts at 10:00 with morning worship at 11:00 and the evening service is at 7:00. Come visit us in Abilene or in our Clyde church. Either place we think you will find our people are the "FRIENDLIEST CONGREGATION THIS SIDE OF HEAVEN."

## Who gave Dave Flake modern equipment to install in your home?

Continental Telephone did ... with your help.

Your telephone is a vital part of your daily life you can take for granted because Continental people, like Dave, don't.

Continental reinvests your revenues to provide installers, like Dave, with the equipment, tools and transportation to fill your requests for new phones. Dave's busy all day long installing telephones and making repairs. When he's in your home, he listens to you, and we listen to him.

Dave isn't the only one you can talk to about your phone service. We have given someone at the business office the very important job of listening to you because we want

New phones and solving your problems are parts of Continental Telephone's continuing planned program to upgrade service everywhere as we work toward our goal of providing you the best service at the lowest rates.
