A MESSAGE FROM HOOPES.

In the name of the quarter of a million men who have left this District to fight for us, I appeal to the citizenship of the Eleventh Federal District to subscribe and over subscribe the Fourth Liberty Loan, and I call upon them to do it quickly.

Let us put away as unworthy of ourselves and of this occasion the usual thoughts of our little, and really unimportant, lives.

Men are fighting, braving and suffering even death itself for you and for me.

As ordinary average decent human beings we should feel that we must support these men and provide them with the minimum amount the Government asks of us. As men of pride in our race, birth and nationality, we must do more and make our response both prompt and generous.

To count our money while our sons are fighting for our lives, our homes and our future, is out of place and unworthy.

Conditions in this District of ours are not ideal and the burden of the Loan has been most carefully adjusted. Not a single man, not a single community has been asked to do more than is possible or reasonable.

Upon the wealthy men of this community rests a responsibility greater than that ever placed upon their shoulders before. They must lend to their country the accumulated wealth of past years and we know that they will do it.

Our boys went to our defense fearlessly, courageously and with a smile on their faces. We must all lend as they have given. J. W. HOOPES

TWO MILLION DOLLAR RAIN

The rain that fell here Monday night can easily be qualified as a two million dollar rain, with apologies to B. L. Shields. The fall was estimated to be from 1 1/2 to 2 inches and it fell exactly to order. Plenty of stock water, all grain sowed is sure to thrive, and oil development can start. The drought is certainly broken for a few months, anyway. The west is coming back.

THE ODOM WELL

The car of tools for the Odom well arrived last week and now on the ground. J. E. Noel of Oklahoma, who is joint owner of the tools with P. J. McBride, is superintendent of the job. Three other drillers and tool dressers are on the ground. They are at work now building houses to take care of the workers. The tanks are full of water, and work will be pushed.

THE CHILDS WELL

W. R. Wadsworth, superintendent of drilling on the Childs well, states that the rig on same was finished on Tuesday. They are repairing Childs' rent house to be used by drillers and tool dressers. The drilling tools are all on the ground, five cars of pipe are here and unloaded. In all six cars of material have been received. Likely they will spud in on Monday week. The drillers arrived on Thursday of this week.

MRS WILL HARLOW DEAD

The many friends of Mrs. W. J. Harlow and the family were grieved to learn of her death at her home in Brownwood on Friday morning. She was another victim to the fell disease the Spanish influenza. Her remains were laid to rest in the Cross Plains cemetery on Saturday morning. Rev. F. O. Sensabaugh presiding elder of this district and Elder J. M. Ferguson of Cottonwood, conducted the services. Her death is a hard loss to her husband and children who are left without a mother. She was a member of the Christian Church. She was a daughter of Mr. and Mrs. T. C. Thorn of this place, and was well known and liked here where she had lived for a number of years. Mr. Harlow says he will continue in his work in a grocery store at Brownwood. He had figured on coming to his father's farm here.

The deceased leaves her husband, Will Harlow, and five boys ranging from four to fourteen years of age, to mourn her loss. Our sincere sympathy is extended.

BECOMES AN ACE

Lieutenant Will P. Erwin, son of the Rev. and Mrs. W. A. Erwin, well known here, who is an officer in the aviation service, has been officially credited with bringing down his fifth German plane and therefore is an 'American Ace.' He has credited also for landing two sausage balloons. Likely he has done a great deal more than he is credited with. He has been recommended for the French croix de guerre and the congressional cross. He tells his folks that he intends to bring back all the trophies that are over there. The Victoria cross will be next in line. He is made of the stuff that makes America great and unconquerable.

MRS. B. T. HIGGINBOTHAM DEAD

The many friends of Mrs. B. T. Higginbotham in Cross Plains are sad to hear of her death on Saturday night of last week at her home in Comanche. Death resulted from influenza. Interment was made at the DeLeon cemetery where some of her husband's folks are buried.

Mr. and Mrs. B. T. Higginbotham lived in Cross Plains for three or more years. Mr. Higginbotham being largely responsible for the placing of the Higginbotham store here of which he was manager during his residence in Cross Plains. Mrs. Higginbotham was a member of the Presbyterian church, was a good woman, and a devoted mother. She was a daughter of Mr. and Mrs. Jack Lee of the Haskell country.

Mr. and Mrs. J. H. Horn went on Sunday and Mrs. H. Morange and W. C. Baggett Monday to DeLeon to attend the funeral.

She leaves her husband B. T. Higginbotham, and her parents and number of brothers and sisters. We extend our sympathy to the bereaved ones.

IN THE AVIATION SERVICE

The Rev. W. A. Erwin of Amarillo is visiting his brother and other relatives of Sabanno. His son Paul Erwin, who is in the aero service at Camb Travis has been with the folks on a furlough; Paul is carried away with the work, and says that he and another companion held a prayer meeting recently and prayed that the war would not end until they got a chance at the Huns.

He may have been joking as to the prayer but his bunch evidently have red blood and are eager for the fray.

DIED AT CAMP TRAVIS

Claude W. Eastham, age 25, reared in the Admire Country, but of late in Terry County, died at Camp Travis on Oct. 17 with influenza and was buried in Terry County. He was sent to camp Sept. 5. He leaves his mother and three brothers and six sisters to mourn his death. One of his sisters is Mrs. W. S. Connelly of Dressy. His father who was a confederate soldier died a good many years ago. The old timers here will remember him and his family well. We offer our condolence to the bereaved.

Mr. and Mrs. Ollie Johnson of Ranger is visiting the latter's parent Mr. and Mrs. J. B. Upton of near town.

IMPORTANT

We at home are on trial. Can you look our soldier boys in the face when they return and say you did your part? Are you keeping your pledge to buy War Saving Stamps?

Now is the time to redeem your pledge and then buy more. Let's all do our duty and help end the war as soon as possible. Don't delay. Buy War Saving Stamps now. We have a good supply on hand.

SCHOOL IN SESSION AGAIN

After a two weeks interregnum in favor of the Spanish influenza the teachers of the Cross Plains school are again in power at the local building with a reasonably good attendance. The influenza situation here is not bad, but still every precaution in the school, and elsewhere should be taken to protect the children and the public.

Rev. W. A. Erwin To Preach Sunday

Rev. W. A. Erwin will preach at the Presbyterian church next Sunday. Mr. Erwin will be remembered by many for the meeting he held in Cross Plains a few years ago. A cordial invitation is extended to all to come and hear him.

Edwin Neeb has returned from a trip to Rockwood where he visited his brother Ky, who is in the bank at that place. He says Ky is doing well and that the drought is broken.

CALL MADE FOR LIQUIDATION OF W.S.S. PLEDGES THIS WEEK

Pledges for War Savings Stamps made by 3,107,336 Texans are due for payment before Oct. 31.

Pledges for November and December should, if possible, be paid during this eight-day period.

Every person in this county should make arrangements to completely liquidate his pledge during this week of Oct. 24-31, which has been officially designated as Pay W.S.S. Pledge Week.

War Savings Stamps equal to the present unliquidated portion of your pledge may be had at any bank, the postoffice or any sales agency.

Because of the immense amount of money needed now by the Government in connection with the vast military operations which are taking place, the War Savings Committee is calling for the complete liquidation of all War Savings Pledges.

To this end the eight-day period beginning Thursday, Oct. 24, and ending Thursday, Oct. 31, has been designated for the payment of the outstanding amounts of all pledges.

"There are some pledges or portions of pledges which call for liquidation in November and December, in view of the extraordinary needs at this time every loyal pledger is most earnestly requested to make his payment during Pay W.S.S. Pledge Week, even though it may require close figuring and personal attention upon the part of that patriotic person," Louis Lipsitz, State Director of War Savings, declares in his official announcement.

"Not only is it a solemn duty required of us for the Government, but at this time the complete payment of November and December pledges along with the portion due Oct. 31 will be of the utmost value to the Government in pushing to victorious conclusion the vast and vital operations on the fighting front.

The full payment of the year's pledges may be just a bit hard to make on or before Oct. 31, but I know that the loyal Texas pledgers, thoroughly understanding what their action will achieve, will give full attention to the call and answer it as Texans have always answered their Government's requests."

Promises vs. Money

The Government can't spend money. Your W.S.S. Pledge is of no value unless it's paid.

The soldier can't fight with an empty gun and a broken bayonet. He will have to do without gun or bayonet as long as you get off paying that W.S.S. Pledge. The Government can't buy cartridges and bayonets with promises.

The Government needs fuel to use in the engines of the transports that take the fighters to France. The Government can't buy coal and oil with your pledge. It must have the money. Are you willing to tie up transports in harbor by failing to pay that W.S.S. Pledge promptly?

YOU PASSED YOUR WORD

"My word is as good as my bond!" Have you ever heard that said about you or some other person? It means a whole lot, doesn't it?

When you made your War Savings Stamp Pledge you passed your word and gave your bond to the Government. That pledge is due now. The Government is calling for its payment. You pledged to the United States Government and you told President Wilson and Secretary McAdoo they could depend on you. Is your word as good as your bond? Prove it by liquidating that pledge promptly.

A man or woman is known by the way he acts and the willingness with which she does what the Government asks.

LIBERTY LOAN

A few names in the Liberty Loan list last week were credited with the wrong amount, and a few that bought later did not get their names in. Uncle Bill Nees was given credit for buying \$1050 in bonds whereas he bought \$800 and his wife \$100. S. A. Barr subscribed for \$500 but a typographical error gave him only \$200. The following are late buyers whose names we did not get last week.

Ed Crockett.....	\$100
Ed Henderson.....	100
J. W. M. Daniel.....	100
Dr. Tyson.....	100
Mrs. G. A. Swafford.....	100
Mrs. J. B. Harlow.....	100
Wm. Armstrong.....	50
A. Rudloff.....	50
C. G. Hsmpson.....	50
B. C. Blackburn.....	50

Cross Plains and Callahan county have gone over the top and in spite of the drought. As a reward the finest rain for months fell on Monday night, blessing the entire county. However, we can not help from saying that in our opinion a good many who were plenty able failed to buy bonds, or to buy what they could. More could have been done without hurt.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation for the loving kindness shown us in our recent bereavement; we treasure so tenderly all the loving words of comfort spoken to us in the loss of our dear sweet wife and darling mother. May God let his loving care and protection be with every one in our prayer.

W. J. Harlow and children.

Wood, of Madison Heights, Va. "I got down so weak, could hardly walk... just staggered around... I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when I come down. I had no appetite, and I commenced coughing. It is the best tonic I ever saw." Try Cardui.

FROM WAYNE NEWSOME

Camp Dix, N. J. Oct. 10, 1918.

Dear Aunt Ina Pele, I received your letter this afternoon and will tell you about my life since leaving Cody. It took us 5 1/2 days to make the trip. We came by Kansas City and stopped off, then our next stop was Chicago where we paraded, staying there four hours. I saw Lake Michigan as the train was leaving out of the city. We passed through Ft. Wayne, Indiana & Cleveland, Ohio, but did not stop. We took breakfast the next morning in Pittsburg and later passed through Johnston where they had the big flood.

At Harrisburg, Penn., we paraded and passed in review before the Governor of the state. We next passed through Philadelphia but did not stop there. We are only 60 miles from New York, 20 from Trenton & 40 from Philadelphia. Army life is quite different from civil life but I like it fine and am standing it nicely. You should see me in my woolen suit, hob nail shoes wrapped leggings and cap which just sets on my right ear. It is modeled after the Canadian cap and has no bill at all.

Imagine you would laugh if you were to see me under my pack and with my army rifle. My equipment complete weighs 85 lbs. You will think it would kill a man to hike with that much weight but I can do it easily and it does not hurt me at all. I weigh more and feel better than I ever did in my life. I would not have thought that it could have been done.

We are leaving soon for France. I can not tell you on what date for military reasons but will say that while you read this I'll be sailing on the water.

The whole company wants to go and it's a hard matter to keep them still and believe me this division is going to do something when we get there.

General Hugh L. Scott (you know of him) is commander of this corps with headquarters here, says this is the best division that ever has passed through here and my requirement is the best in the division. I expect to account for a few Germans myself. I'm not afraid of his bullets and he will have to be good with his cold steel bayonet or I'll get him there. I belong to an automatic rifle squad. We have pocket belts for the butt of our rifle and shoot them from the hip instead of shoulders.

Reports the past two weeks have been quite favorable indeed for us but no such reports will keep us out of Germany and I'm going to be in the last drive and were going to see that Germany's brought to her knees and made to respect the law of civilized nations.

We are fighting for a principle and we can't and we will not stop until the purpose for which we are fighting is accomplished.

The experience that I will get here is worth a year in school to say nothing of my duty to the nation & civilization and I'll have lots to tell when I get home and I know that I'm going to see a great deal.

The training which we get gives a man a reckless spirit and if we don't go through the German line we will not live to tell the tale but don't worry about me for I will take as good care of myself as is consistent with my duty as a soldier. I would like write more but must stop and draw an issue of clothes; we have to be on time when any thing is issued.

They even wake us at 12 or 10 o'clock at night to issue us a pair of socks around. I will write you again the first chance I get and tell you more when I get back. I imagine I would feel rather strange in a blue serge suit and I guess I'd want to put legends on with them too.

So by by for awhile Lovingly Wayne R. Newsome Co. H. 135th Infantry Camp Dix N. J. A. E. F.

OUR HONOR ROLL

It will be the Review's purpose to give a public receipt thru this honor roll for all money paid on subscription for a while, after Nov. 1 the Review will be \$1.50 to everybody alike and no apologies to offer, that have not been offered. Our subscribers are willing to let a paper exist on the same basis they are existing; that is, to offset the high prices for everything consumed to get more for what they produce. We offer you the Review for one dollar a year until Nov. 1. You can pay to Jan. 1, 1921. However, we had rather you would pay yearly at a live and let live price, which is the 1.50 for a year's subscription.

E. L. Teston of Pioneer has got ahead of the Review advance in price. He joins the Albin place and of course he may be able to pay any old price for his home paper.

J. H. Waller "Uncle Mike" west of town has paid a years subscription on the Review. Uncle Mike is a veteran peddler of fruit and truck, and is just about expert at it. He says he knows how to get a good price for his stuff which means he is a good salesman. We believe him after trading with him on a watermelon.

J. C. Teague of Burnt Branch has taken out another years service with the Review and the Farm News at the old price.

H. C. Ingram of Cottonwood last week paid his regular fall dollar on subscription. He is a little gloomy on account of poor crops, but the rain this week should restore his hopes.

H. L. Shipp of Pioneer has put his names ahead at the old price. He is a good friend to his local paper. He is in a good crop belt that is for this year.

N. A. Smedley of Rowden who was here last week to visit his son Henry and his wife, who have been sick with influenza, made his relation with the Review more or less permanent by reason of a dollar being left in the till. Mr. Smedley is a good progressive farmer but he states that the drought was more than a match for him this year.

Uncle Wm. Nees a few days ago paid his Review ahead in. He usually keeps ahead. More of this kind, please.

A letter from J. C. DeBusk from Burnt Branch with a check for \$1.75. No more need be said. Review and Dallas News. A good way to attend to business.

Earl Shell of McLean has sent a substantial word to keep his Review going. Suppose he is prospering.

Austin Payne is taking time by forelock. He has paid his Review ahead at a saving price.

H. A. Pierce on last Saturday paid his Review into 1919.

W. A. Thompson of west of town on Monday renewed for the several times his Review and Dallas News. He says he has been at work at Ranger, but too much sickness for him any more.

Mrs. W. R. Wright of south of town on Monday paid for her Review another year. Thanks.

Frank Bryson on Monday had the Review forwarded to his son Joe who is in France. Frank wanted him to get last weeks paper on account of the oil and Liberty Loan news it contains. He said it was a dandy paper. Others have said the same thing.

A. E. Haley on Monday placed his Review to last of 1919 at a saving.

Mrs. J. C. Ford of Atwell was in town on Monday. She ordered the Review sent to her address for another year. She is an old reader but will be new one at Atwell.

B. C. Stewart, lately here from Ranger, when accosted by the Review man stated that he should have made himself known before, as he and his wife had already discussed the matter and wanted to know why he did not show up as they wanted the paper.

From Hub Mitchell

T. E. Mitchell has a letter from
his son Herbert stating that he had
got out of the hospital after being
interned in the same for some
months. Herbert was knocked out
of going to France on account of
getting crippled. We will pause
here to say that his friends here will
be glad to know that he frequently
takes occasion to express his hatred
of slackers, which is now getting to
be a pretty common sentiment.

The Rev. Cal C. Wright and
family of Hedley, Texas, were here
over Sunday the guests of Rev.
Wright's parents, Mr. and Mrs. W.
R. Wright of near this place. Rev.
Wright is a Methodist minister sta-
tioned at Hedley. He has many
friends here who are glad to know
he is doing well in his good work.

Interested in Business Course?

To the boys and girls who are
interested in attending a good com-
mercial college, we want to stress
the fact that we have two brand
new scholarships good for \$50.00
each, in the Tyler Commercial
College, Tyler, Texas, the biggest
school of the kind in the South,
and doubtless the best. Recently
we sold a scholarship to a boy
in Cottonwood, and he is now at
Tyler. He is the third one in the
family to go to Tyler, and his
father says that he considers it the
best school of the kind accessible.
We can make you a substantial
saving on these scholarships. See
us and get busy to help your
country.

IMPROVING PLACE

B. C. Stewart, formerly of Ran-
ger, has moved his teams to his
home in Cross Plains that he re-
cently bought of Carl Klutts. He
is preparing to work for the oil com-
panies that are due to begin de-
velopment here. He has bought
two lots from John Westerman ad-
joining his property on the north,
and has built barns and sheds to
take care of his stock on these lots.
He is a believer in improving the
town, and is doing his part of it.

CHILD'S MATERIAL ON GROUND

So short for us to say
week about the big
Wednesday. It was
powered campaign
Judges Russell and
Baird and Clyde
their souls into the
it was put up to a
og he had to buy
top; but every man
bought what he is
be expected to do so
stecker.

Cross Plains is putting on an
appearance of "surenuff" oil de-
velopment. Five cars of material
consisting of three cars of casing
and one with boiler and engine,
one loaded with tools and other
equipment, arrived first of the
week and are being hauled to the
Childs' location five miles north
of town. This furnishes an
unusual sight for the most of us
and it makes us feel that we are
about to be put on the map.

F. C. Henderson of Long Island,
N. Y., is owner of the well with
Lewis Gray of Mineral Wells
superintendent, and W. R. Wads-
worth head driller, the latter of
Bridgeport, Ill. C. P. Brant
& Co. of Indianapolis, Ind., are
owners of the tools and will do
the drilling. Mr. Wadsworth is
with the material. The com-
plete drilling outfit is here, in-
cluding the boiler and engine and
tools. Three out of five cars of
casing have arrived. Mr. Wads-
worth states that they will use
15 1-2 inch casing for about 200
feet, 12 and 10 inch for about
2000 and 6 5-8 inch casing to the
big lime, which should be struck
about 2800 or 3000 feet.

This well is to be put down in
a fine structure as far as geology
is concerned, and its development
will be watched with great inter-
est.

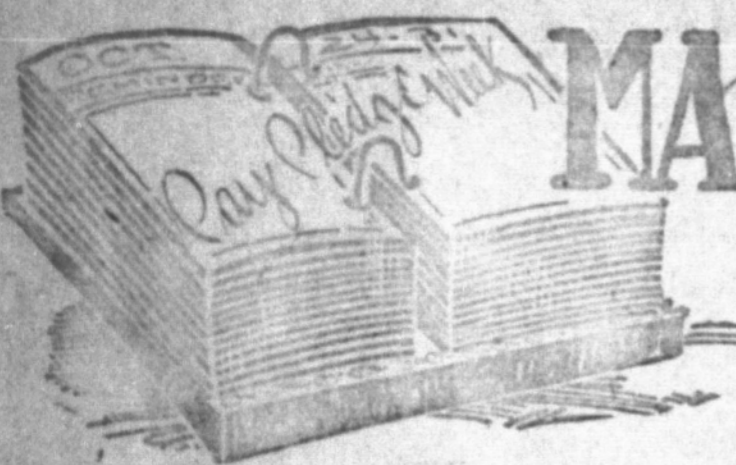

GO TO BOOSTING

Some have asked about the old
commercial club. It is dead and
buried. But we can get another
going and now is the time to start
it. M. E. Wakefield has asked the
Review to see if we could get the
thing started again. Wakefield is a
booster, having come from a boost-
ing country, namely the Pan Handle.
He says that the right kind of pub-
licity now will do wonders for the
country and town. The oil situation
if the world knew it would put us
on the map. If it does not know it
Cross plains will get little benefit un-
less greatness is thrust upon us, and
we should be willing and anxious
to achieve greatness. Everybody
that owns a foot of real estate that is
not willing to sit down and die on it
is interested in seeing the country
boom. Are you willing to help?
If so talk the matter to everybody.
This is opportunity's forelock, and
they say she is bald as an eagle
behind.
