"I'm Giving Them Both a Start."
By C. C. Brown

My little lad plays all the live-long day.
No pausing for rest needs he;
And out of on the air peals his laughter gay
As he chortles with childish glee.
My little lass plays too from morn till night
Although not so full of noise;
But her face is beaming with smiles as bright
As she plays with her doll and toys.
It seems only right, little lad and lass,
That your daddy should do his part,
And so the days of your childhood pass.
I'm giving you both a start.
The time will come when this arid old world
Will turn you from play to work;
Against life's real problems you'll be hurled
With many a jolt and jerk.
Now you would spend each nickel and dime
For pleasure, and that is well;
Alas, all too soon will come the time
You must face old H. C. L.
So now, little lass, and now, little lad,
Your daddy's saying for you,
And it's with a feeling, half glad, half sad,
He knows you must soon save too.
For the going is rough on the road of life
And nothing to y. u I gave
Will help you to win in the bitter strife
Unless you too learn to save.
So daddy is saving and in your name
War Saving Stamps is buying,
And when you are older you'll find the game
Of saving is well worth trying.
It seems only right, little lad and lass,
That your daddy should do his part,
And so the days of your childhood pass.
I'm giving you both a start.

LIVER DIDN'T ACT DIGESTION WAS

Says 65 year Old Kentucky Lady, Who Tells How She Was
After a Few Doses of Black-Draught.

Meadoreville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught." Seventy years of successful health. The standard, household remedy, member of every family, need the help that Black-Draught give in cleansing the system, relieving the troubles that attend constipation, indigestion, etc. You cannot keep well if your stomach, liver and bowels are out of working order. Keep them in good health by taking Black-Draught. It acts gently and in a natural way. If you feel sluggish, take a dose. You will feel fresh tomorrow. See a package—One of the best. All druggists.

Miracles in Money

A city skyscraper seems a miracle in steel and stone. But it is only a vast number of girders painstakingly placed together—a vast quantity of bricks placed end to end and one above another.

Miracles in money are seeming miracles only. You can work miracles in your own life.

Saving Wins Success

You can have a big prosperous farm, a car, or travel wherever you wish. You can have really success with the same success. You do not need a lot of money to do it. You need only the determination to start now and continue. Let us help you.

WIDOW ON GULF COAST

Some have been lost and property damage done that struck the Gulf coast on Sunday, [the day being reported in this and vicinity. The day is being called upon the sufferers.

Mr. E. Carter of Lockney, Tex. is on Monday to visit his home for Abilene where he will attend Simmons College.

Mr. R. Erwin, Sabanno, Tex. is now employed in the department of B. L. [unclear], where he will be with us again and in as bad a form as before, if all prophecy by physicians do not go wrong. This is its history. Every precaution should be taken to fight it and keep it from spreading; also to keep yourself in perfect condition.

Miss Gilbert arrived in Cross Plains on Saturday on what was supposed to be a discharge from the hospital. However, he present have been reported as does not know [unclear]. He had figured that for purposes he was out of the hospital. You will see how he does not [unclear].

Miss Bernice Haley will attend school at Baird this term. She is in the high school.

MARRIED.

Claude Stephens of Burnt Branch and Miss Linnie McGowen of this place were married in Brownwood on Saturday, Justice of the Peace Cross tying the knot. The groom is a son of Mr. and Mrs. E. M. Stephens of Burnt Branch and the bride is a daughter of Mr. and Mrs. W. S. McGowen of this place. Both are popular young people who have the best wishes of many friends for a prosperous and a happy married life. They will make their home in Cross Plains after they spend a few days on a honeymoon trip to Weatherford, Litt. and other points.

Eugene Renfro, son of J. T. Renfro of west of town, and Miss Lillie Martin, daughter of Mr. and Mrs. T. J. Martin of Dressy, were united in marriage on Sunday afternoon at the home of the bride, the Rev. S. A. Rogers performing the ceremony. The young couple have the best of wishes of many friends for a long and happy married life.

Cecil Aiken, son of Mr. and Mrs. J. G. Aiken, and Miss Renfro, youngest daughter of Mr. and Mrs. R. M. Renfro, both of this place, were married at Burnt Branch on Monday night, the Rev. S. A. Rogers performing the ceremony. The young couple are well known and popular, and the Review joins with their many friends in wishing them well.

The "flu" has already made its appearance in the State and even in our town. Dr. J. G. Rumph has just recovered from a severe attack of it. He states that Mr. and Mrs. T. J. Bruce have also had it. It will be with us again and in as bad a form as before, if all prophecy by physicians do not go wrong. This is its history. Every precaution should be taken to fight it and keep it from spreading; also to keep yourself in perfect condition.

Miss Bernice Haley will attend school at Baird this term. She is in the high school.

RANDOLPH AND JOHN ROBERTSON SHOT

Dr. Robertson received a telegram on Wednesday afternoon stating that his sons, Randolph and John, had been shot and robbed in Mount Signal, Cal., where they are conducting a general store. The message stated that Randolph was shot in the shoulder, neck, and thigh, and John in the shoulder. The attending physician sent the message. No further particulars have been learned at this date. Fred Robertson left immediately to be with his brothers.

Randolph has only recently returned from France where he was in service, while John was never called into active service. Randolph a short time ago had a residence to burn. They are in business in a small town nine miles from El Centro. Their folks here feel that they will get the best of attention, as the boys have lots of friends in that country.

J. L. Baum and family returned to their home at Loraine on Saturday after visiting their folks here. Joe says he will make about 100 bales of cotton off 250 acres, and is in bad need of pickers. He gambled pretty safe on trying a cotton crop this year in the west.

Frank Bryson, who is getting rich or trying to at Ranger, has ordered the Review to come to him at that place.

Mr. and Mrs. Fred Cutbirth and Miss Beulah McWhorter left a few days ago for an auto trip through the plains country and New Mexico.—Baird Star.

H. L. Vestal, R. B. Forbes and Uncle Dixon Marshall, to say nothing of the writer, made a trip to Baird on Saturday, going in Harve's big Case car.

Father Says—

"I like a store that I can depend upon to keep good kinds of tobacco and the quality brands of cigars. I appreciate also a conveniently placed store. But I am specially keen for the cigar counter where I am always sure to get fresh goods."

Father can satisfy his wishes here.

Well Stocked and Handy

Particular tastes are assured of gratification in our stock of cigars, tobacco, pipes and other smokers' accessories. A deserved popularity keeps it always fresh.

If you have a favorite brand, and it is worthy of your choice, you will find that it has also been worthy of ours.

TO OPEN NEW GROCERY

F. M. Gwinn, who until recently was manager and part owner of the Model, has rented the Gresham building first door south of Boydston's store, and is to open a new grocery and meat market in the same. He will be ready for business in the near future. His business will be known as the "White House Grocery & Market," and to make the name appropriate he will have all fixtures painted white.

T. E. Mitchell who lives two miles south of town on Monday sold a bale of cotton for 29.75c, the bale weighing 592, and netting him \$203 plus. He states that he will make about one-half bale to the acre, his only trouble being he has but fifteen acres planted to cotton.

John Murphy and family of Travis County have moved to Cross Plains. Mr. Murphy is a brother to Mrs. A. F. Tate. Mr. and Mrs. Murphy's twelve-year old daughter, Verdie, has since coming here undergone an operation for removal of a needle which had got stuck in her foot.

George Kemper and family have moved to the Cross Plains country from Holtville, Cal. Geo. is figuring on farming in the Broad Flat country.

Lieut. Corley Moragne, son of Mr. and Mrs. J. H. Moragne, who has been working for some time in Waco and Dallas, is here for a few days' visit with his parents.

Mrs. Bill Gibbard has sent a dollar from Stamford for that amount of subscription.

Lee Payne made a trip recently to Lubbock County where he went to buy a farm. He does not know as yet whether he will get his place.

Make Your Rooms What They Ought To Be

To add a touch of the artistic to rooms otherwise commonplace; to have walls and ceilings that endure as long as the building stands without cracking, warping or falling; and to build or remodel quickly, but free from muss or litter—you should know about Beaver Board.

Order Genuine Beaver Board And Make Sure of Satisfaction

Beaver Board is your logical wall and ceiling material for home, office, store or public building. Beaver Board is supplanting lath, plaster, metal and wood. It is made of pure wood fiber throughout, compressed into handy board form. Readily applied and easily decorated, Beaver Board makes walls and ceilings that are unusually attractive yet permanently durable. New rooms are easily built with Beaver Board in attic, basement or wherever you have waste space. Old rooms, where plaster has cracked, can be made attractive once more and permanently. Beaver Board also possesses many advantages for window displays, booths, exhibits and other commercial purposes. Talk over your building or remodeling plans with us and we will arrange to supply you with a complete decorative scheme for the use of Beaver Board. Ask us about this free service today.

Style is the trusting place for the profiteer. Style has caused more, wrecked more homes, caused more girls to pander their virtue than all the combined evils catalogued to date. Hang the style originators and designers and the profiteers will hang themselves.

Ralph Newton, son of Mr. and Mrs. J. G. Newton of this place, has returned from overseas and has received his discharge. He visited his parents here two or three days last week, then leaving for his old home at Burkett, Coleman county.—Clyde Enterprise.

J. T. Arledge of Cross Cut, an old friend of the Review, last week renewed his allegiance to the same by a substantial payment, for which he has our thanks.

Mr. and Mrs. Rube Lee are visiting Mrs. Lee's parents, Mr. and Mrs. J. J. McCord of this place. They have recently moved from Lubbock to Rising Star. Rube was in the railway employ before leaving the plains.

Miss Fay Tartt has left for Abilene where she will attend Simmons College. She finished the high school here last term.

JIM NED AND THOMAS WELLS

The Jim Ned well, Dibrel No. 1, is standing full of oil and flows intermittently with baler and tools in the hole following a recent fire. The bottom of the hole is on top of the big lime, 2733 feet. The well in its present condition is showing from one-fourth to a half million feet of gas. Rig has been rebuilt and the operators are repairing to swab and fish for the lost tools. There is 800 feet of open hole in the well.

Two New Locations by Thomas.

The Thomas well, Dibrel tract, at 3100 feet is standing full of light green oil after passing through 400 feet of black lime and resting two feet in the sand. The oil is a light green and has a test of 46 gravity. Big production is looked for from the Thomas well when finished. The well flows at intervals. It is stated the Thomas interests have made two new locations, one north and the other south of No. 1. The location north is reported as 2200 feet from Thomas No. 1.

Texas Co. Locates Production Headquarters Here

The Texas Company has established offices in Coleman to direct the production department of five counties in this section of Texas. Mr. McCasland, recently of Ranger, recently transferred to Coleman and has charge of the company's office here. Mr. McCasland is located over the Coleman National Bank.

National Supply Company here

A representative of the National Supply Company, one of the largest oil supply houses of the country, was in Coleman during the week to arrange for truckage and secure building for opening a branch supply store here.

Texas Company Location.

The Texas Company is moving a standard rig from Brown county to the Newsom tract on the Jim Ned creek and in the vicinity of the Jim Ned and Thomas discovery wells. Extensive and increased operations are promised in this section of the

D. R. Bailey's Looper No. 1 now drilling at around 2350 feet is due to reach the oil sand within a week. It is hoped that this sand should be reached at about 2450 feet, and unless trouble of some kind develops the additional hundred feet should be drilled by the latter part of this week.—Democrat-Voice.

DR. C. W. GODDARD, STATE HEALTH OFFICER, SOUNDS NOTE OF WARNING.

On the twenty first day of September the first case of influenza in Texas was reported to the State Health Department. This case was followed in rapid succession by others from different parts of the State.

No equinoxal storm ever recorded, reached such a fury or exacted a toll in loss of life comparable to this pandemic which made its appearance in our State last fall.

It is a well known fact among medical men, that one of the special characteristics of influenza is that it recurs in cycles, and with each return records a heavy mortality. In each cyclic outbreak in the past the disease has reappeared in the fall

and winter for from one to three years following the initial outbreak.

The great epidemic of 1889 was followed by outbreaks in the fall and winter for three years following, and with an increasing mortality rate each year. The same history is recorded of epidemics of influenza in Europe, and in fact as far back as we have been to gather statistics, each initial outbreak of influenza has been followed by recurrences in the next two or three years following. Since it is well known that history repeats itself, we may reasonably expect a recurrence of this dreadful disease this fall and winter, with a high mortality, especially from pneumonia.

I can not predict with certainty that we will have another epidemic of influenza this fall and winter, but I can with certainty say that if we do not, the history of epidemics of influenza in the past, will not hold good for the future.

In the light of past knowledge and experience, it would be nothing short of criminal to take no steps to protect the public against a possible recurrence of last season's devastation. Based on incomplete statistics from rural and urban reports, it is estimated that there were approximately 450,000 deaths from influenza in the United States and approximately 55,000 in Texas, from the recent epidemic last year which swept over the country with hurricane like rapidity, found the country depleted of its doctors and nurses, many communities having neither. At this time most of them have been released from the Army and have come back to us rich in experience and trained in public health work.

The excessively heavy rains this year have caused and unusually heavy growth of vegetation which is apparent not only in the small villages and towns, but even in places in our largest cities; while pools of stagnant water, and litters of garbage are to be seen in far too many places.

I am now calling upon you to begin an active campaign in anticipation of a possible recurrence of influenza, and as a matter of civic pride and health protection in general.

In every village, town and city, Health Boards should be organized, or rejuvenated, where they already exist, and "CLEANUP CAMPAIGNS" put on, and every possible means taken to be prepared for any emergency.

Local Health Officers should at once call a meeting of their local health boards if they have one, or a meeting for the purpose of organizing one if they do not already have one, and then enlist the aid of the Commercial Clubs, Civic Clubs, Boards of Trade, Social Welfare Workers, Parent-Teachers Associations and all other organizations interested in civic advancement and the betterment of health conditions in their communities.

If these preventive measures are not taken, then from past experiences with influenza, you may reasonably expect your community to suffer the penalty of YOUR NEGLIGENCE.

C. W. Goddard, M. D.
State Health Officer.

To Men and Boys Only

I have been in Cross Plains for the last twenty-eight years and have been barbering for fifteen years, and have always tried to give the people the best work I could. I am running a "scab" shop, so called, as I am shaving for 20c and cutting hair for 35c. My reason for doing this is because I can't think it is worth any more, and I am not in an oil town as yet, and am not a grafter. Still doing good honest work at five-and-ten-cent prices. Will be glad to see you.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk... just staggered around. I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

Sweetheart of Fighter is Kept by S.A.

Soldier Boy Leaves His Girl With Gospel Workers To Be Cared for in War.

She was just a little red-cheeked country girl who had come to the city to work. She hadn't come for any story-book motive, such as paying off the mortgage on the old farm. She was just a country girl who wanted to make a little money for her very own. There wasn't any chance at home. There was the butter and egg money, of course, but the family was large and there wasn't much to sell. So, like hundreds of other country girls, she came to the city to work.

She secured a position as nurse-girl to two children, not much smaller than herself—she was scarcely more than fifteen. But the wages she drew amounted to very little more than the butter and egg money back home. The children were not always kind and she could never do as she wished, but always what they desired.

He was square. "I've treated her square," he said, "but she will get lonesome again and the next fellow might not be so square. I am wanting you to care for her and look after her for me while I am gone."

The girl stayed at the home, and when the war was over, a big, browned fellow rushed into the home, calling, "Mary!"

Mary was there and the two were married in the home. Now Mary and Mary's soldier boy are living on the old farm, caring for mother and father, and just being happy. And when they go to the city, they never fail to visit the Salvation Army home, which, they say, meant home for both of them.

"I was wonderful—then I awoke. I said: 'That fire in me was not a joke.' However unreal it all may seem the dream I dreamed was NOT a dream. Salvation Army senters see this dream of mine a reality. The poor are helped, the hungry fed, the bum is given food and bed while factory girl, or bum or wife—all who apply are given work. A home of rescue for the stray who's somehow lost the better way; all it is and more these workers do to make a town ideal for you."

Wood Visits in Ardmore
Lieutenant Colonel George Wood made a trip to Ardmore, Oklahoma, last week for the purpose of addressing the Rotary and Lions' clubs in a joint meeting at the Chamber of Commerce. The Ardmore booster have raised their quota from \$10.00 to \$25.00 for the home service fund. They will build a rps barracks with the money.

Life

The simple lass. The broken working man. When life entered the door. Only a gutter bum. The woman who knew no shame.

By W. Alexander Inlay
She was only a simple girl from the country. She entered the big city in the hope of earning enough money to give her the clothing of the fashion plate ladies and movie queens. Perhaps she came with the intent of making herself useful in the world.

She got a job. It was work, if that constituted a job? She slaved nine hours a day behind a counter or possibly she stocked matches in boxes—no matter she got the job. And the salary, magnificent—\$10 a week. The clerks in Perkins' store back home only got \$6 but then she was ignorant as yet you see.

So she drifted along until one fine night she found herself hanging over the railing of the river bridge, pocketbook empty, hungry—contemplating a leap from the bridge—or worse.

Then there is the working man. He knows no trade for he grew up in untrammeled America where one is permitted to do as he pleases. An indolent father had not insisted on him learning anything useful. His mother upheld him in idleness.

Possibly the father went broke. Possibly he never had anything. At least we find our hero at forty, discouraged, knowing no trade, on the bum.

A bad season strikes his section of the country. He has no money, no friends. Then we find him—where?
Riding the rods to a better land, in jail and out, a knight of the cinder trail.

The poor man comes one dreary night to a cold home. He is out of work. He knows no friends. His children are huddled around a stove in which the last embers are dying. A small girl of four weeps for food.

WILL ANSWER CALL OF WHOLE WORLD

THIS IS AIM OF SOUTHERN BAPTISTS IN THEIR PRESENT DRIVE FOR \$75,000,000.

ENLARGE PRESENT WORK
Forces in Field Today Are Far From Sufficient to Meet Needs of Situation, Leaders Declare—Europe Included On Program.

Now that the larger liberties enjoyed by peoples everywhere, following the close of the world war, have revealed as never before the need and the opportunity for the spread of the gospel to all the ends of the earth, the Baptists of the South have launched their program for \$75,000,000 to be raised in cash and five-year subscriptions between now and December 31, in the hope of making a worthy beginning toward supplying this world need.

DR. J. F. LOVE, Secretary of Foreign Missions for the Southern Baptist Convention.

to be made during Victory Week, November 30-December 7, \$45,000,000 will be devoted to missions, and \$20,000,000 of this sum will be devoted to enlarging the work on the ten important foreign fields occupied already and to opening up new fields where countless millions of people have not yet heard the story of Jesus Christ.

Asia, Africa, Latin America (including Mexico as well as South America), and Europe are the four continents in which the missionaries of Southern Baptists are operating today, but in all of the ten countries of these continents, Southern Baptists have only 316 missionaries, 787 native workers, 192 of whom are ordained, 12 foreign physicians, 6 foreign trained nurses, 21 native physicians and 23 native nurses.

Our missionaries already on the field have wrought wonderfully for the Master, considering the difficulties they have had to confront," Dr. J. F. Love, secretary of foreign missions, declares, "but we at home have not supported them as we ought with helpers of all kinds and with schools, hospitals and other agencies to enable them to do a larger work in every way. The smallness of the work we have done already can be realized when we look at the vast number of people who have not been reached in the foreign fields we are occupying today. China, for instance, has a population four times that of the United States or one-fourth the population of the entire world, and our force there consists of only 65 men, 62 married women, 45 unmarried women, 71 ordained natives and 429 unordained native helpers.

Japan, which has half as many people as the United States, is being served by 9 men, 5 married women, 2 unmarried women, 11 ordained natives and 6 unordained native helpers. In Italy there are a third as many people as there are in the United States, yet we have there only 2 men, 2 married women, 35 ordained natives and 2,300 unordained native helpers. Mexico has 15,000,000 people and we have in that country and on the border a missionary force consisting of 11 men, 11 married women, 2 unmarried women, 24 ordained natives and 15 unordained native helpers.

BUMPER CORN CROP

Texas has made a bumper corn crop which is about the best in her history. The condition is 102 per cent of normal which indicates that an average yield for the state of 28.05 bushels per acre. This figure applied to an acreage of 7,176,000 gives a production figure of 201,289,000 bushels for the state. Generally the quality of the corn is good. Some of the crop has been milled within the state, a small part has been shipped to the northern market and other small shipments will likely follow but the main part of the crop will be fed within the borders of the state for even this amount is insufficient to supply the demands of the states. In 1910 the production for the state was 181,280,000 bushels and for 1915, 169,850,000 bushel. Both 1910 and 1915 were good crop years.

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home. It has been officially announced. Home missions is regarded by the Baptists as quite as essential as foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. B. D. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting for the particular obligations which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thorough by Christian in fact as well as in the spirit."

to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,900,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss."

Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must need them in our missionary and evangelistic work and likewise in the development of their religious life of pure and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere. It is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. This work among the foreigners not only gives them the Christian religion, but makes them more contented, and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 300,000 to 500,000 people in the South who are not Christians during the period of the campaign.

Put in your order for that suit NOW. Don't wait until you want it, for it takes 3 to 4 weeks to get a suit made, if it is ordered. Samples will soon be picked over.

Lazy Dollars

Dollars merely safe are not performing their natural function. They are not working. They are not doing the owner for the world any good.

Moreover, most hiding places thought to be safe are decidedly unsafe. Not only thieves, but fire or other unforeseen happenings may rob you of your wealth.

Saving Is Using

Dollars saved are safer! And they are constantly working to earn more for you. They are constantly working for the good of the whole community.

Consider this: We pay you for saving. And while you are saving, your money is never out of reach. It is always ready for you and ready to get when you need it.

Start with us today. One dollar will do it.

SCHOOL QUESTION

The Enterprise is in favor of school. In its last issue it reported that eight boys and girls, Clyde had a first-class education and remain at home, had to attend school. You were advised to get busy preparing yourselves and your town in anticipation of a recurrence. Since that time reports have reached this department of cases of influenza in three widely separated sections of the State.

While there are many things that have always acted as leading factors in promoting public health work, the dominating impulse should be to desire to prevent sickness, suffering and death, a love for one's fellow man and the desire to do everything possible to add to his comfort and welfare. Civic and personal pride follows closely as a factor promoting public health, for a desire to have the cleanest house and the cleanest town should be the pride of every one.

I am now calling upon you to set aside one day this week as "Clean up and Organization Day." Do not stop until you have organized your forces and given your town a thorough cleaning. After a thorough clean up, let us have for motto "No more trash littered back yards, streets or alleys. No more vacant lots overgrown with weeds and grass. No more pools of stagnant water."

I am asking that all Health Boards call a meeting this week and invite the School Boards, The Commercial Clubs, The Civic Clubs, The Parent Teachers Association, The Physician and nurses—and all other organizations interested in problems of health, be invited to participate and at this meeting organize forces, perfect plans for a present clean up, and provide for follow up workers and emergency demands that may arise.

In an anticipation of an epidemic of influenza or one of any other nature, organize your forces, enroll your workers and have everything ready to meet an emergency at a moment's notice.

If your numbers will permit I suggest that the following officers
