DEMOCRATIC PRIMARY IS SATURDAY

HOME TOWN GOSSIP

DEAR READERS: (Both of you—the new linotype man and myself.)

The hour is long past mid-night. Your columnist is as drowsy as a 10-year-old at a protracted meeting. But the paper must come out and for some foolish reason this column is a part of it.

As we sit here in the quiet hours of eventide not a thought, other than that of a "feather-bed, races through our cranium. The little note-book in which hints for this column are usually recorded is blank. It's a terrible feeling, almost as bad as being caught on a public street without your trousers (and having experienced both, we should know).

Well, here's our squib without apologies. If we're a little short on sensational reading, we point you to the numerous political ads which appear in this edition. And speaking of politics, that gives us an idea: why not open up on that subject! Here goes.

Political fever is running high. Tomorrow (Saturday) is the fateful day. Nearly one million Texans are expected to trek to the polls to ballot for their favorites.

In Callahan County there are but three races and interest is comparatively low, however, a heated congressional race and quite a bit of enthusiasm centered around the State Representative campaign are expected to attract 400 of the 'ol home town's citizens to the ballot box.

So many candidate cards and political circulars have been thrust in the average man's face the past week that even in his slumber he seems swimming in a sea of campaign literature.

Returns will be received in Cross Plains Saturday night. Assurance has been made that we'll get the dope here as soon as it is released from the various boxes over the county. Whether or not state returns will be available is yet an enigma, however at least the trends are expected.

And now to the intended theme of this column!

August 30 is Loyd Bryan's birthday. It may also be another significant date in his young life, as well as that of the attractive little Cottonwood debutante we've been telling you about.

Reports reach this department that they've definitely set the time.

The tennis tournament now in progress at the high school courts is worth most anyone's time to watch these beautiful afternoons. The 'ol home town has some very proficient racket artists. About the best bet to cop the tourney laurels is none other than Prof. Lewis Norman, and he may have an unprofitable encounter in his second round match with Leonard Davidson.

Discovery of oil in what is believed to be very profitable proportions on Ed Henderson's farm last week is causing a ripple of excitement in the 'ol home town. Business men are eyeing the producer expectantly, nearby property owners are jubilant, and oil men are noticeably non-committal. Since the test is less than 400 feet deep, the cost of drilling a well to the sand is very nominal. We wouldn't be surprised to see a bunch of spudders completely perforate Henderson Heights.

Jay Mayes and Bobbie Westerman are another of the city's inseparable couples.

This prediction may cost "yours truly" a face slapping and a strong

Work Will Begin Monday Morning On \$8,076.00 Road From Here To Abilene

ALL OUTSIDE FUNDS BUT \$675.10 WHICH COUNTY WILL SPEND

An \$8,076.30 federal government W.P.A. project was definitely okehed this week, for the routing of the proposed highway 36 through the Cross Plains precinct—commissioners precinct number four. Orders have been issued to place 40 men on the job Monday morning.

The labor scale calls for the paying of 22 and one half cents per hour.

Commissioner B. H. Freeland told the Review Wednesday afternoon that the men would go to work Monday morning grubbing and fencing, starting at the Tabor farm near Rowden and coming toward Cross Plains.

Although the precinct is to receive an expenditure of more than \$8000.00, the county's part will be but \$675.10, the federal government having appropriated the remaining sum, according to an official copy of the project specifications.

The road when completed will follow the present hard surfacing to the Turkey Creek bridge at the Western city limits. At the bridge the road is to take a Northwestward course, traversing a straight line, which is to run approximately one mile South of Rowden.

All W.P.A. employees who were working on the Cross Plains school project at the time of its termination are instructed to meet a "county truck" at eight o'clock Monday morning on Main Street here, for transportation to the job.

Men wishing to work on the project who are not now certified W.P.A. employees should enter their application with R. M. McCargo at the W.P.A. office in the Alexander Building at Abilene, the Review was told by Lewis Norman, project superintendent.

For the first month all employees are to be placed on the same labor scale—22 1/2 cents per hour—after which a few are to be classified for higher scales.

Approval of the project Wednesday marked the culmination of 11 months of work on the part of Commissioner Freeland to secure federal aid in routing the highway through this precinct. The application for the project was filed August 22, 1935.

The right-of-way along the road is to be 100 feet wide. A four strand wire fence, with cedar post 20 feet apart will be built on both sides.

SAN ANGELO JURIST SPEAKS ON STREETS FOR JIMMY ALLRED

Judge J. D. Burns of San Angelo, spoke on the streets here Wednesday afternoon in behalf of the candidacy of Governor James V. Allred for re-election.

He was originally scheduled to speak at eight o'clock but upon arriving and learning that a revival meeting was in progress he elected to speak in the afternoon in order to cause no conflict. Some 30 or 40 people heard the address.

CHURCH OF CHRIST TO START MEETING 31st

R. H. Montgomery, of Raymondville, Texas, will begin a revival meeting at the Church of Christ here July 31, which is to run through the ninth of August, the Review was told yesterday morning by M. C. Baum.

George A. Long, of San Angelo, will have charge of the song services.

SIAMESE TWINS EVEN IN CANTALOUPE ARE ODD; ONE SEEN HERE

A Siamese twin cantaloupe, regarded somewhat of an oddity by local melon growers, was shown on the streets here Saturday. It was grown on the F. S. Scott place, three and a half miles north of Cottonwood, and was sold to R. Elliott Bryant in Cross Plains.

The melon is of the Rocky Ford variety.

EARLY SETTLER IN DRESSY COMMUNITY IS BURIED SUNDAY

Mrs. G. J. Steele, 74, who died Saturday night after an illness of several weeks, was laid to final rest in the Dressy cemetery Sunday afternoon. Funeral services were conducted Sunday afternoon from the Baptist church there, of which she had been a member for more than 40 years, with the Reverends Roy O'Brien, V. W. Tatum, and W. S. Fisher officiating.

Mrs. Steele was born May 14, 1862, in Graves County, Kentucky. She moved with her husband to the Dressy community in 1896 and had made her home there since.

Mrs. Steele sustained a broken hip in a fall several weeks ago, which greatly weakened her condition and is said to have contributed to her death. She is survived by five children: C. R. and W. L. Steele, both of Dressy, Mrs. Otis Odom, of Merkel, Mrs. Dave Ingram Cross Plains, and Miss Imogene Steele who lived at the family home; also, one brother, J. H. Brown, Voss, Texas, and one sister, Mrs. G. W. Klutts, of Cross Plains.

Pallbearers at the funeral and interment services were grandsons: Loyd, Alton, Garth and Otis, Jr., Odom, Weldon and Malcom Steele. Flower girls were grand-daughters. Interment was made in the Dressy cemetery beside the grave of Mr. Steele, who died seven years ago. Higginbothams, Cross Plains, were in charge.

PRESBYTERIAN AND METHODIST REVIVAL TO LAST THRU 2nd

Large and attentive crowds have been present at nearly all services of the Methodist-Presbyterian revival, which opened Sunday at the Baptist tabernacle. Rev. C. H. Cole, Comanche Methodist pastor, is doing the preaching. Song services are in charge of Rev. J. C. Mann, local Methodist pastor.

The meeting is to continue through Sunday, August second.

"It's Been A Hard Year For Politicians With Sally Rand, Centennial, And Kissing Marathons Crowding Them Off Front Pages," Says Aubra C. Dodson

BY AUBRA DODSON

Well, folks, I have been "kinda" sad over our political situation in Texas this year. Our politicians have not had a fair chance... now you take with the President taking a swing "thru" Texas, and the Democratic and Republican conventions going on—and the Democrats determined to outdo the Republicans—they put on a special added feature this year and had a "darker" to open the convention one morning... and then the big Centennial too. And right in the middle of things Sally Rand lights in Texas with her fan. Fort Worth was bent on beating Dallas, as Dallas was only celebrating back 100 years ago. So the "cow-town" got

STRIKE PRODUCER AT 385 FEET ON HENDERSON FARM

A shallow well drilled in Thursday of last week on the Ed Henderson tract three miles West of town, is said to be standing more than 100 feet in oil. The test is owned by J. E. Beddingfield, Paul V. Harrell, Lee Leonard, Jimmie Henkel, et al.

Potentiality of the well has not yet been determined, however, well informed sources opine that it will make between five and 15 barrels per day. The sand—grassroots—was found at 385 feet.

A sample of the oil was tested last week and found to be 32 gravity.

The well is expected to open a shallow pool and already leases have sold as high as \$30 per acre.

It is located about 150 feet West of highway 206, about a half mile South of Harlon Lacy's grocery. It is visible and easily accessible from the road.

The well is less than six miles North of the famous Amarada lease, which was at one time reputed to be the most productive shallow oil field on earth.

SANDERS FAMILY HAS REUNION AT COLEMAN JULY 18

The Sanders family met for their third annual reunion at the Coleman Park Saturday, July 18, the occasion being the fifty-third wedding anniversary of Mr. and Mrs. B. F. Sanders of Cross Plains.

Mr. and Mrs. Sanders are pioneers of this section. During the day friends called to wish them many happy returns of the day.

At the noon hour a beautiful meal was served picnic style to the following: Mr. and Mrs. B. F. Sanders, of Cross Plains; Mr. and Mrs. Frank Sanders and family of Echo; W. T. Sanders and daughter, Edith of Olton; Mr. and Mrs. T. H. Crosby of Valera; Mrs. N. A. Oliver and son, Junior, of Coleman. Mrs. Bill Davis and children of Echo; Mr. and Mrs. Drev Merryman and family of Echo; Mrs. Dewey Cason and children of Echo. Mr. and Mrs. Gene Dodson and family of Talpa, all members of the Sanders family, and the following friends: Mr. Bill Gatlin of Cross Plains, Mr. and Mrs. Nixon of Talpa, Mrs. Bob Nixon and son, Mr. and Mrs. Tabor and daughter, Mrs. Joe Pratt and daughter, all of Talpa, Mr. Lee Duggins of Valera, Miss Billie Jean Carr of Cross Plains, Miss Inez Williams of Echo, and Miss Frances Metz of Coleman.

Arrangements Being Made To Get Returns Here Saturday Night

Returns from state, district, county and precinct elections will be received in Cross Plains Saturday night and posted on a large bulletin board on Main Street.

Tabulations will begin being made as early as seven o'clock when returns from the Cross Plains box will be available. Information from other boxes will be secured by telephone.

WILL PLAY FINALS IN TENNIS TOURNAMENT MONDAY AFTERNOON

Finals in a city-wide tennis tournament, now in progress at the high school courts, will be played Monday afternoon.

First round matches got underway Tuesday afternoon however, showers Wednesday temporarily delayed play and all first round games may not be concluded before the deadline Friday.

The pairings in men's singles are as follows:

Charles Frank Henphill vs. Billy Davidson, R. W. Neel vs. Jack Scott, Harry Ward vs. S. R. Jackson, Jr., W. S. Bingham vs. Billy Gray, Bill Payne vs. Donald Dale Davidson, Alton Barr vs. Moreland Baldwin, Lewis Norman vs. Dr. T. G. Edwards Leonard Davidson vs. Phil Bingham.

Matches in this group which had been completed as the Review went to press were: Billy Davidson defeated Charles Frank Henphill 6-4, 2-6, 6-2; Harry Ward defeated S. R. Jackson, Jr., 6-4, 7-5; Lewis Norman beat Dr. T. G. Edwards 6-2, 6-2; Leonard Davidson defeated Phil Bingham 6-0, 6-0.

Pairings in men's doubles are as follows:

Davidson and Davidson vs. Bingham and Anderson, Jackson and Davidson vs. Norman and Ward, Henphill and Settle vs. Gray and Edwards, Newton and Bowden vs. Baldwin and Payne.

Matches completed in this division are as follows: Davidson and Davidson beat Bingham and Anderson 7-5, 6-4, Norman and Ward beat Jackson and Davidson 6-3, 6-2.

Only two girls were entered in the feminine division of the tourney. They were Athalia Adams and Bobbie Nell Neel. They are to play and the winner will be pitted against the winner of the men's singles in a special exhibition match.

Although Competition Is Light Expect 400 Votes Here And Near 3000 In Callahan County

MUST MAKE SCHOOL TRANSFERS BEFORE FIRST OF AUGUST

All school patrons desiring to transfer their children to another school district should place their application with the County Superintendent prior to August first warns County Superintendent B. C. Chrisman. Transfers may be made to any district in the same county and to adjoining counties.

Private transportation will be paid by the district or state, provided the home school district is not so classified by the county school board that the proper grade is provided in the home district, and further provided that the transfer is made to a district that is either affiliated, classified or standardized.

In making application for a transfer, the applicant should bear in mind that the two dollars per month private transportation and does not apply, under the present law, unless the transfer is made to a classified affiliated or standardized school.

Under the school law, the obligation of private transportation and high school tuition rests upon the home district provided it has sufficient funds to make payment, and in the event of the home district's inability to make payment the state will assume the obligation, provided the transferred pupil is attending a school of proper classification, an affiliated, classified or standardized school.

Bus transportation will be paid the districts on the same basis as the past year.

Under a late ruling of the department of education no private transportation will be paid unless the home district maintains a minimum tax rate of fifty cents.

Applications for transfer must be made in duplicate and one copy mailed to Austin, as all transfer adjustments are now made by the Department of Education at Austin.

The signature of the applicant for all transfers is essential to the transfer of children.

Blanks may be obtained in the office of the county superintendent.

SLOUGH FAMILY HOLDS 10th ANNUAL REUNION

A reunion of the Slough family was held at Dummer Park July 18 and 19, with all of the children present for the first time in five years. They are: G. C. Slough and family of Goldsboro, R. P. Slough and family, B. G. Slough and family, Nathan Slough and family, all of Opalin, and J. F. Slough and family of Fort Worth. (Continued on Page 8)

Tomorrow is election day. Texas democrats will go to the polls for the first elimination process to determine nominees of the party to oppose Republican standard bearers in the November "general election." In Cross Plains, as well as all over the state, the polls will open at eight o'clock Saturday morning and close at seven that night.

Only three offices in Callahan County offer any competition. They are County Judge, for which L. B. Lewis and J. Rupert Jackson are candidates; Tax Assessor and Collector, for which Vernon R. King, incumbent, and Olaf Hollingshead are candidates; and District Clerk, for which three women, Mrs. Will Rylee, incumbent, Mrs. Corrie Driskill and Mrs. John Fraser Lusby, are running. All other Callahan County officials are unopposed.

Most interest throughout this section is centered on the congressional race between Thomas L. Blanton, Clyde Garrett, and Fred O. Jaye. The State Representative campaign is also causing some concern. Cecil A. Lotief, Ed Curry and Tip Ross are the aspirants for this place.

Election officials will announce the "counted returns" immediately upon the close of the polls at seven o'clock tomorrow night, and make hourly announcements thereafter until the totals are tabulated.

Close to one million votes are expected to be polled in the state. Estimates for the county are 3,000 and for Cross Plains 400.

Callahan County has 2,536 paid poll taxes. In Cross Plains there are 357 poll tax receipts, this box being second only to Baird, which has 599.

For the convenience of voters in studying the ticket before voting in the polls a sample ballot appears on another page of today's Review. The ballot is exactly the same as that which will be presented at the polls with the single exception of the word "sample" inserted in the place of "official" ballot of the Democratic primary. The official ballot was printed by this newspaper and the type in the sample ballot on another page is simply a "pick-up."

FATHER OF LOCAL MAN DIES MONDAY

R. N. Rutledge, 80, father of Roy Rutledge of this city, died at his home in Thrifty, in Brown County, Monday after an extended illness. Funeral and interment services were conducted Tuesday afternoon. Mr. Rutledge had been in declining health for the past two years. The survivors include, the widow and 10 children.

WALTER RAMSEY WILL OPEN GROCERY HERE

Walter S. Ramsey will open a Red & White Grocery Store in Cross Plains the latter part of this month. The firm will be housed in the old Farmers National Bank building which was purchased by Mr. Ramsey quite a while ago and has been recently remodeled and renovated.

Formal announcement of the store's opening will be made through the advertising columns within the very near future, Mr. Ramsey said.

Mr. and Mrs. E. C. Neel and son left Thursday morning for a few days with friends and relatives in San Saba.

"THE GARDEN MURDER CASE" WILL SHOW AT LIBERTY WEDNESDAY

One form of "black magic," most dreadful of all the occult arts, plays an important part in "The Garden Murder Case," newest of the Philo Vance stories to reach the screen. It opens Wednesday night at the Liberty Theatre.

Edmund Lowe appears as the super-detective and Virginia Bruce is a society girl with whom he falls in love. The picture was produced by Lucien Hubbard and Ned Martin and was directed by Edwin L. Marin for Metro-Goldwyn-Mayer.

"Black magic" has been outlawed by almost every civilized nation, but occasionally there are rumors that the fantastic rites have cropped up in some corner of the globe.

CLYDE L. GARRETT

Candidate for Congress 17th District

Exposes Blanton Deceit!

1. Mr. Blanton says he knows of 3,600,000 aliens in the United States who are here in violation of the law, but he is unable to have them sent out of the country because a Russian-born New Yorker is chairman of the House Immigration Committee, which has nothing to do with the enforcement of the laws. If Mr. Blanton, who claims to know so much about the rules of the house, will furnish Clyde Garrett the information he has, Judge Garrett will guarantee that the federal district attorneys and the immigration service are furnished with it so they can take the proper steps. No committee chairman can bluff Garrett.

2. Mr. Blanton, who owns property under his wife's name in the District of Columbia, and who is chairman of the sub-committee on district appropriations, filibustered against the passage of a bill to control high rents in the district, where tenants are being gouged by the big landlords. Why?

3. He says Clyde Garrett is incompetent, and yet Clyde Garrett, as county Judge of Eastland county eight years, covering the period of the depression and declining valuations, kept the county on a cash basis, met all bond interest and principal payments without default, and reduced both the county debt and the tax rate. Mr. Blanton was a member of the congress that raised the national debt to the highest figure in history. How can he claim to be more able than Judge Garrett?

4. Mr. Blanton says he got his district a fair share of all AAA money, WPA money, etc. The average cotton farmer in Eastland county in 1935 received \$23 00 AAA cotton money. Six or seven big sugar concerns in Hawaii, which has no representative in congress, got a million

more or less each, of AAA money for not growing sugar cane. Maybe our district would have done better without a representative. Meanwhile, Clyde Garrett and his commissioners court got \$222,955.96 of WPA money for lateral roads, etc.

5. Mr. Blanton says he is working, working, working for his constituents in Washington, trying to save them money, etc. Last summer he went on a costly junket trip, at government expense, to Hawaii. And all during the last session he was so busy chasing communists in the District of Columbia, that Clyde Garrett, as president of the Texas County Judges Association, and some of his brother judges, had to go to Washington to prevail upon the congress to appropriate more needed road money and have the WPA lift restrictions that were keeping many needy people from getting deserved WPA employment. He was successful in both missions, and Blanton now attempts to ridicule him and to claim credit for what he did.

6. Blanton tries to shift the blame for the restrictions of the federal old-age pension law on the state, when he knows that the state must follow the federal regulations or get no federal assistance for the old people. The federal law must be liberalized, then it is up to the state to do its part.

7. He "trades" compliments and flattery with other congressmen to be printed in the Congressional Record and sent to their districts to show what valuable men they are in congress.

8. He uses threats of libel action and retaliation against newspapers and people who dare oppose him in order to intimidate opposition.

Mr. Voter If you believe in good government and honest, able representation in Congress, vote for Clyde L. Garrett. He is not a pugilist; he is a statesman. Blanton can find nothing in Garrett's record as county judge to criticize, because Clyde Garrett has made an outstanding success in public life. The county judges and commissioners of the 254 counties of Texas recognized his ability by making him their president. Previously he served as president of the West Texas Association of County Judges. He has reduced Eastland county's debt, met all county obligations without default, lowered taxes, reduced valuations and kept the county on a cash basis all the time. He has been re-elected with constantly increasing majorities. His record speaks for itself.

He believes in

adequate federal old-age pensions; a free press and free speech; balanced federal budget attained by cutting out useless expenditures; tariff on foreign oil and farm products; restoration of private enterprise and retirement of federal government from business; closing loopholes in the income tax laws; putting postmasters under the merit system where they can't be dominated by political bosses; restoration of agriculture to a strong and stable basis etc.

He is against

foreign alliances; issuance of any more tax-exempt securities; federal sale tax of any kind, including the present federal gasoline and lubricating oil tax; federal control of the oil industry, and the use of the free mailing privilege and facilities of the government printing offices to advance the political or personal ambitions of any person. Read His Platform.

Pension Misrepresentations

Blanton claims congress appropriated enough money to pay every person 65 years or older a federal pension of \$15 a month provided the state matched that amount. Congress appropriated only \$85,000,000 to match the pensions in ALL the states. If Texas paid every 65-year-old person \$30 a month, it would take \$60,000,000 to pay the government's share alone. That would leave only \$25,000,000 to match the pensions in all the other 47 states. The truth is, the federal government will match pensions ONLY for the needy.

MOTHER! Here are Facts!

To guide your purchase of a Refrigerator!

DON'T CHOOSE BLINDLY

FOR HEALTH—Your refrigerator must maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too.

FOR CONVENIENCE—Your refrigerator must be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day.

FOR ECONOMY—Your refrigerator must maintain the above performance at low over-all cost. Before you buy, be sure.

BUY

AN ELECTRIC REFRIGERATOR

• If you buy a refrigerator that cannot provide satisfactory, economical performance, *all the time*, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, *all the time . . . under all conditions.*

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully and you will choose a modern electric refrigerator.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Dead Men Can Be Elected To Office In Texas, Say State's Election Statutes

It is possible for a dead man to be elected to office in Texas.

This fact is included among a number of unusual features of Texas election laws disclosed in the first compilation of those laws since 1928. Prepared by Attorney General McCraw and privately printed by him, the volume has just come from the press.

The election of a dead man is possible under Article 3019 of the election laws, which says that if a nominee dies before the election, and yet receives a plurality of the votes in the election, "the votes shall be counted and the returns made."

Other oddities about the Texas election statutes:

In determining the residence of a voter, an unmarried man's residence is "where he usually sleeps at night."

A convict who has forfeited his right to vote, nevertheless is liable for payment of the poll tax.

One of the exemptions from paying a poll tax is for those who have lost a hand or a foot. The courts have said the lost hand or foot must be "entirely severed."

If you, as a voter, plan to write in some name not appearing on the ballot, be certain you have black ink or pencil. Red ink won't do.

Contrary to the general impression, there is no statutory provision to prevent the counting of a multi-

lated ballot. Such a ballot is acceptable if the voter's intent may be determined.

The election judge has the power to preserve peace, and he may arrest you for being drunk or disorderly; but he must let you vote before you go to jail. If you're drunk, however, the burden is on you to sober up before you may vote. (Art. 3002).

Still another statute says you may not be arrested while going to, or coming from, the polls, except for treason, felony or breach of peace.

Under certain circumstances judges at elections may aid the distracted voter; but the judge must at all times speak English while offering this aid.

Moreover, the courts have said that the shortsighted voter who leaves his spectacles at home had better go home after them. The judges can't help him.

Failure to pay your city poll tax cannot deprive you of the right to vote in a city election. The reason: The levy of a city poll tax against women has never been authorized, therefore to force men to pay it as a prerequisite to voting would be in violation of the Nineteenth Amendment to the Constitution.

Texas has a six-year-old statute authorizing use of voting machines—but it has never been invoked.

One of the world's largest floating docks was recently completed in Danzig for Germany and towed to the harbor at Kiel. It is 800 feet long by 220 feet wide and has a capacity of 100,000 tons.

MARRIED HER BOSS AT LIBERTY SUNDAY AFTERNOON

"Mind your own business!" That's the advice Miss Claudette Colbert, screen star, has for every young person in the world. Miss Colbert, interviewed during production of Columbia's new comedy, "She Married Her Boss," showing Sunday, Monday and Tuesday at the Liberty Theatre, enlarged on her statement.

"I don't mean that in the snip-pish way it sounds," she continued. "I do mean that the business of cultivating charm and personality is such a difficult one that the average youth hasn't any time or energy to spare in finding fault with both."

"Envy, jealousy, and spite are the result of thinking too much about others and not enough about yourself. When you envy a person it is usually because you imagine they have something you haven't, isn't it? Take stock of yourself, then, and count your own assets. Endeavor to improve them, add to them—and there will be no cause for envy."

"There is so much to learn, so much to study, so much to acquire, that youth cannot afford to dissipate any of its energies finding fault or worrying about the shortcomings of others."

"She Married Her Boss," which has been called the surprise comedy successor to "It Happened One Night," finds Melvyn Douglas, Michael Bartlett, Raymond Walburn, Edith Fellows, Jean Dixon, Katherine Alexander and others supporting the star. Gregory La Cava directed from the story by Thyra Samter Winslow and the screen play by Sidney Buchman.

CAVALCADE HEROES STEP FROM PAGES OF TEXAS HISTORY

Dallas, Texas.—When the forty-foot rainbow colored water screen falls on the largest stage in the world at the Texas Centennial Exposition, heroes of the past step from the pages of history to recreate the glamorous story of the birth of an empire. Three hundred actors, a hundred head of horses, longhorns, burros, oxen and mustang ponies figure in this great cavalcade of Texas the biggest show at the Exposition. Above, eight of the men who portray outstanding Texans sign their names above genuine signatures of heroes of the Republic.

County Agent's Column

Callahan Farmers Receive About \$6,000 Per Month A.A.A. Checks.

Since Congress voted to pay the farmers for their co-operation for crop adjustments during the years of 1934 and 1935 Callahan farmers have received, beginning March 1, 1936, an average of \$6,000 per month or a total of \$30,000 has been distributed since payments were resumed in March. The payments listed in the county agent's office show cotton, dentals and parity, \$2500; peanuts \$537; corn-hog \$1212; wheat \$3750; 2 cent subsidy payment, \$22,000 which gives an average of \$6000 per month that has come at a time when the farmers were in real need of ready cash. It is estimated that some \$6000 more will come before the final payments have been made on the old A.A.A. contracts.

Trench Silos

Callahan County has undoubtedly produced and is producing the greatest feed crop in her history. There has never been a time when farmers should consider so seriously the question of preserving and keeping this feed as this year. For four years Callahan County, as a whole has produced as much or more feed than she has needed. Farmers who have lived in West Texas know that this bountiful condition will not continue very much longer before a serious drought will be upon us. Always the thing that made a drought so dreadful is that the farmers do not have enough feed to maintain their livestock.

Bankers have told the county agent that if the farmers could take care of their feed problems that it would be a small matter for the banks to be able to feed the farmers' families during the days of drought but when the farm animals must be fed as well as the family from the bank that was the condition which caused real hard times.

It has been proved beyond all contradiction that the trench silo will keep the farmer's feed over an indefinite period of time and will keep it in almost as valuable condition as when it grew in the field. In other words feed put into a silo is worth two-thirds more than the same feed that is cut and cured in the field later put into starks or if it be headed grain, maize especially, loses much of its value after one year. But maize when placed in a trench silo will keep as many years in perfect preservation as the farmer needs to keep it. The ordinary farmer should build his silo just wide enough at the bottom that he can back his wagon or truck into the pit. Recent experiments show that it is better to build the silo shallow and narrow, but make it as long as it is necessary to handle the tonnage on the farm. This county agent suggests that farmers intending to build a silo should build it 4 1-2 feet wide at the bottom, 5 1-2 feet wide at the top and not more than 4 feet deep. The smaller farms probably should not be dug more than 3 1-2 feet deep. This size trench silo will permit driving in at one end of the pit, unloading the green silage, driving

right on through and out the other end. This makes ease in filling the silo, makes ease in supplying the water, if it is necessary for it to be hauled, and at the same time the driving of the wagons and teams will pack it, thus eliminating air space. Silage can never be wet too much. Water does not spoil feeds but the air spoils silage. Air spoils the women's fruits that are canned, when any is lost. No man criticises his wife for placing water in the fruits that are being canned as he knows this liquid is necessary to make the fruit palatable. The same thing is true for silage. The more water that is in the silage the more palatable and the better silage it becomes.

There are free bulletins that give many helps to farmers interested in a trench silo that the county agent will be pleased to mail to anyone who is interested or if you are in the office they are for your use absolutely free.

Ross B. Jenkins, Callahan County Agent.

RULES FOR STOCK SHOW NEXT SPRING ARE NOW COMPLETE

Rules for the fourth annual F. F. A. Fat Stock Show, which is to be held here next spring, have been formulated and are made public this week by Harold Barclay, chapter reporter.

Those who desire to enter animals in the competition may do so as late as September first in the milk fed calf class, however, dry lot calves may be started August first and must have already been started by September first. Lambs and pigs may be started as late as December first.

Those eligible to enter include: any boy or girl who is either all-day, day-unit, or part-time student, under the supervision of the local F. F. A. advisor, provided the boy is an active F. F. A. member and the girl is an active F. F. A. Aggette.

For further information, those desiring to enter should either see V. A. Underwood or the rules committee, which is composed of Jimmie Payne, Basil Lusk, Colvin Lackey and James Carpenter.

The sale of Texas Centennial half dollars is now being conducted in 336 banks in Texas and in 150 leading hotels, drug stores and cafes. The coins are being sold to augment state and federal funds in the building of the first unit of the Texas Memorial Museum at Austin.

LETTER EXPLAINS PAYMENT DUE FOR AIDING THE SOIL

An expansion of interest to farmers who are co-operating in the federal government's agricultural program is made this week in a letter from A. L. Cook, Assistant County Agent, to George Clifton, chairman of the county committee. The letter follows:

"Pleased to advise that land diverted from feed or grain will not qualify for soil conserving payments, but will count as soil building practice and draw \$2.00 per acre for each acre so planted in 1936.

"Land diverted from the cotton base or peanut base sown to wheat or oats are harvested and fallowed with summer legumes will be soil conserving and a per acre payment made for each acre so diverted. Of course there must be a minimum diversion of approximately 50 per cent of the cultivated land.

"Following are two examples. "Example No. 1. A farm has a total soil-depleting base of 100 acres and a general soil depleting base of 100 acres. In 1936 there is planted on this farm, 80 acres of cotton, 80 acres of wheat, and 40 acres oats harvested and fallowed by legumes.

"Example 2. On another farm with the same base as above is planted in 1936 80 acres cotton, 80 acres interplanted feed and legumes, and 40 acres feed not interplanted.

"In each of these cases, the farm will qualify for soil conserving payments for the diversion of 20 acres of cotton and, in each case, the soil-building allowance for the farm will be \$40. No soil-conserving payment will be made for diverting 20 acres from the general

base in either case, because it had not been the previous practice to interplant legumes with feed on the first farm, and it had not been the previous practice to follow harvested oats with legumes on the second farm."

When Forbearance Ceases to Be a Virtue

TO THE VOTERS OF THIS DISTRICT:

My father, Congressman Thomas L. Blanton, has conducted his campaign upon a high plane commensurate with the dignity of his office. He has engaged in no personalities. He has resorted to no vituperation. In no speech has he even mentioned an opponent. On the other hand, Clyde Garrett, posing as a saint, and his coterie of disappointed, disgruntled position-seekers, have gone all over this district abusing, maligning and misrepresenting my father. While he is busy campaigning, I feel impelled to correct some of Garrett's many misrepresentations.

My father does not own any property whatsoever in Washington. For the past five years my father and mother have lived in an inexpensive-rented apartment, No. 502 in the Methodist Building, during the sessions of Congress, and friends from Abilene have visited them there. He is forced to rent same under yearly contract, in order to get it, and pays rent on it when he is at home during vacations. The only property my mother owns there is a \$1,000 equity in the Lee house, which she paid with money her father gave her, and assumed the indebtedness on it when Mr. Lee died.

Next January when he becomes Chairman of War Department appropriations, he will conduct all hearings, will frame the War Department bill, will introduce the bill in his own name, will present the Committee Report in his own name as Chairman, will have charge of the bill on the floor of the House, will conduct the debate, and be in charge of the time, and will be in charge of the bill through to its final passage, and then as the House Manager, will have charge of the bill in conference with the Senate.

Up to June 15, 1934, for printing alone, Congressman Blanton had paid the Government Printing Office the sum of \$17,316.60, and up to this date he has paid over \$21,000. In fighting Communism he paid \$976.46 last May for printing. Note the following certificates:

"UNITED STATES GOVERNMENT PRINTING OFFICE, Washington, D. C., June 15, 1934.
HON. THOMAS L. BLANTON,
House of Representatives of the United States,
Washington, D. C.

My Dear Mr. Blanton: Receipt is acknowledged of your letter of June 12, 1934, enclosing check for \$210.61, and requesting the full amount paid by you to the Government Printing Office during the time you have been in Congress.

The following statement is submitted, giving the information requested:

To December 10, 1927.....	\$11,469.73
December 10, 1927, to date.....	5,846.87
TOTAL.....	\$17,316.60

The communication you enclosed is returned herewith.

Respectfully,
GEORGE H. CARTER, Public Printer."

"GOVERNMENT PRINTING OFFICE
Congressional Record Clerk,
Washington, D. C., May 8, 1936.

As Congressional Record Clerk, who handles all orders for reprints of public document, I do hereby certify that the reprints of hearings and excerpts from the Congressional Record ordered by Congressman Thomas L. Blanton relating to his efforts to keep Communism out of schools, were not printed at government expense, but that Congressman Blanton was charged regular prices for same by the Government Printing Office, and such reprinting cost Congressman Blanton the following amounts, to-wit:

Order No. 54760, Extracts from Hearings, Committee on Appropriations, on eliminating Subversive matter from Public Schools.....	\$309.60
Order No. 12,573, excerpts of Speeches from Congressional Record, on Communism.....	668.86

TOTAL ON ABOVE.....\$978.46

The above shows the total charges made by the Government Printing Office against Mr. Blanton for printing the above.

W. A. SMITH,
Congressional Record Clerk."

When I heard Mr. J. C. Shipman introduce Clyde Garrett in Abilene Monday night, and learn that Shipman had been acting as "introducer" at other places, I am forced to wonder what has happened to Shipman since the last campaign. Mr. J. M. Brann of Shive, Texas, has allowed me to use the following letter, which upon the letter-head of "Martin & Shipman, Lawyers, Compton Building," Mr. J. C. Shipman wrote him praising and eulogizing Blanton, to-wit:

"Abilene, Texas, July 9, 1934.
Mr. J. M. Brann,
Shive, Texas
Dear Friend:

As Hamilton County is now in the 17th Congressional District, you and I have a common interest in the selection of a Congressman. Because of our friendship of many years standing, I want to solicit your support of Hon. Thomas L. Blanton of Taylor County.

Mr. Blanton has represented the 17th District of Congress for some fifteen years, and the service he has rendered not only to his district alone, but to the country as a whole can easily be ascertained from the Congressional Record. I most respectfully invite your close and careful study of the same, after which I am sure you will agree with me that this district has been well represented.

At this time Mr. Blanton is on some of the most important committees of the House, one of which is the Appropriations Committee through which all appropriation bills must pass. The Record will show that he has been instrumental in saving millions of dollars for the country by defeating and helping to defeat many appropriations for luxurious and extravagant purposes. It has been through his energy, his alertness, his watchfulness, his persistence and his seniority in time of service, that he has attained membership on such important committees which affords him the opportunity to be of greater service than otherwise one could be.

Another thing about Mr. Blanton is that he is always at his post of duty while Congress is in session. And I will guarantee you that in the event you should write or otherwise confer with him while he is in Washington, concerning any information you might desire or with reference to any matter, you will hear from him at the first possible moment.

I heartily endorse his candidacy and earnestly ask you to carefully consider the same.

Your friend,
J. C. SHIPMAN."

What has caused Mr. Shipman so suddenly to shift in reverse? Mr. E. E. Lawson is Garrett's Campaign Manager at Eastland. For 25 years Blanton has been the friend of E. E. Layton. In the last campaign of July, 1934, E. E. Layton was heartily supporting Blanton, and was praising him to the skies and eulogizing him as one of the ablest men in Congress. Because it was impossible for Blanton to appoint Layton postmaster at Eastland, Layton is now trying to injure Blanton in every way possible, and is sending out from Eastland every kind of misrepresentation through the mails. When there are twenty applicants for one appointment for postmaster, Garrett does not explain how he would appoint one of the applicants and please the other nineteen. I believe the people are tired of Garrett's sly mudslinging and would like to know what qualifications he has to offer to represent this district in Congress.

FAMOUS AMERICAN WOMAN PORTRAYED IN "ANNIE OAKLEY"

Grouped among the foremost American women of history, Annie Oakley is recreated on the talking screen through the characterization by Barbara Stanwyck in the new attraction at the Liberty Theatre. Annie Oakley was the leading performer in Buffalo Bill's Wild West Show. Emerging from a seclude life in the Ohio backwoods, she defeated the world's champion marksman, and evolved into the greatest rifle shot who ever lived, man or woman.

Ann's life was colored with romance throughout her career. The man she defeated in her initial exhibit on later became her husband. "Annie Oakley" faithfully captures the salient events in the life of the world-renowned gunner. Her romance, her career with Buffalo Bill's arena spectacle, her international tour and command performances before European royalty, all are realistically portrayed in "Annie Oakley."

Miss Stanwyck, who is starred in the title role, is supported by a noteworthy cast, including Preston Foster, Melvyn Douglas, Moroni Olsen, who depicts Buffalo Bill, Andy Clyde and Pert Kelton. George Stevens directed this RKO Radio Picture.

CARD OF THANKS

We take this means of thanking friends and neighbors who were so kind and considerate during our recent bereavement caused by the passing of our beloved mother. Especially do we thank the ladies who brought lunch, Mr. W. C. Walker for his thoughtfulness, and everyone who had any part in lessening our grief during that sad hour. Our prayer is that the Master's richest blessings may abide with each of you.

CEMETERY CLEANING TO THE PEOPLE OF THIS COUNTY

Wednesday of next week—July 29—will be "Clean Up" day for Cross Plains cemetery, the Review is told by E. I. Vestal, president of the Cross Plains Cemetery Association.

All persons who have relatives or friends buried in the local cemetery are urged to bring a well filled basket and come prepared to do a full day's work, this newspaper was told. Luncheon will be spread "picnic style" at noon.

The cemetery grounds are said to be in the most unsightly condition in recent years, with the exception of only a few lots.

ERNEST O. THOMPSON

FOR
Railroad Commissioner
PROTECT THE FUTURE OF TEXAS' SCHOOL CHILDREN!

The men who founded Texas made wise provision for the education of Texas children by dedicating large tracts of public land to free Public Schools.

These lands had but little value and brought but little income until discovery of old and gas made them extremely valuable.

School funds receive the income. The Common School Permanent Fund now is \$6,466,703.71 and that of the University of Texas and Texas A. & M. College is now \$18,490,411.71. This is chiefly due to oil and gas leases and royalties.

This income varies directly with the price of oil. When the East Texas oil field was wastefully "wide open," oil dropped to 10 and 75 cents a barrel.

The income of the Permanent School Funds during the year September 1, 1932, to August 31, 1933, totaled \$1,569,266.22.

Then the Railroad Commission of Texas, under the able leadership of Ernest O. Thompson, chairman, enforced the present legislative policy of conservation.

Immediately, the price of oil went to \$1.00 a barrel. In the year September 1, 1934, to August 31, 1935, the income of the two Permanent School funds rose to \$3,797,562.27. This was a clear dividend to the school children of Texas of \$2,228,296.05 per year over the chaotic period of wasteful oil production.

SAFEGUARD THE FUTURE OF YOUR CHILDREN!

"To insure SAFETY, COMFORT and ON-TIME SCHEDULES for our 30,000,000 PASSENGERS, Firestone GUM-DIPPED TIRES are used on Greyhound Buses"

Says C. E. Wickman, President, Greyhound Corporation, "world's largest highway transportation system"

FOLLOW the lead of big tire users who buy only on proof of performance.

Last year Greyhound buses traveled 138,000,000 miles from Coast to Coast and from Canada to the Gulf across deserts and over winding mountain roads.

They have won the National Safety Council's highest award in inter-city bus operation for the past four years. This is indeed a tribute to careful driving, efficient equipment and the reserve safety of Firestone Tires made possible by the Firestone Patented Process of Gum-Dipping which prevents internal friction and heat.

Firestone Gum-Dipped Tires run up to 28° cooler and give greatest blowout protection—the scientifically designed non-skid tread will stop your car up to 25% quicker and give you 50% longer non-skid mileage.

Take no chances! Buy your tires on proof of performance. Let us equip your car today with Firestone Gum-Dipped Tires, the Masterpiece of Tire Construction!

Visit the Firestone Exhibits at the Great Lakes Exposition in Cleveland and the Texas Centennial in Dallas.

FOR 25% LONGER TIRE MILEAGE EQUIP YOUR CAR WITH Firestone SEALTYTE TUBES

A special compound on inside of tube seals the inner surface against leakage. By maintaining a constant air pressure, Firestone Sealtyte Tubes will increase your tire mileage 25%.

ERA OF PROGRESS

There is every reason to believe that this great nation will go forward with greater and surer strides than ever before and that the beginning of the greatest era of progress is now, not at some distant date, not even on the morrow, but now. Aubra Dodson - Continued from Page One

Allred, why don't you pay the pension?"

In fact, Jim came right on home and wrote a front page editorial in his Forum balling out the Governor for not paying them. Well, the Governor called the Legislature right down and said: "Now, boys, the people have voted to legalize liquor, and pay the old folks a pension, and it's up to you to take care of these things in 30 days." Well, at the end of 30 days the boys came in and said: "Well, Governor, here's a liquor bill to regulate and tax, but we just could not get to

the old age pension business." So the Governor says "Well, here's another 30 days, see what you can do about getting the money to pay the old folks." Well, they went at it, but everything they would start to tax to get the money there would be as many lobbyists as representatives telling them no, no, no, don't tax that why that would just ruin things and so at the end of 30 days they came into the Governor's office and said here we have passed an old age assistance bill, but we could not find money to pay it, so you will just have to push liquor sales and get along on that," and they tore out home.

rolls his cigarettes from "P.A." second. You know, folks, I have always noticed that the noise was the loudest by the ones trying to get into the feed trough than by those already in.

So long.

AUBRA DODSON.

P. S.—If we have a very big run-off all who want to know how it's going send me a stamped self-addressed envelope and enclose just a one dollar bill, and I will give you my political deductions.

Mrs. F. A. Lane has returned home after a week's visit in Sparenberg and Hobbs, New Mexico.

Folks, about this time every two years we just get into a lather about our Governor's race, but I wonder how many of us know just how our candidate for State Senator or Representative stands on questions affecting our welfare. You know I have found out since I have been in Austin and "kinda" nosed around the Capitol that the legislature runs things. They pass the measures that we like or don't like and sometimes they don't pay much attention to the Governor's wishes in the matter.

All the four candidates opposing the Governor in the race are for old age pensions one way or another. They all have different ways of getting the money to pay it. Now if one of these gentlemen is elected all he will have to do to get his plan over will be to beat the lobbyist in getting a majority vote of the 150 Representatives and the 31 Senators—a small job.

If nothing unusual comes up this week on the last lap we should see some interest in state campaigns, 'cause they have "gotta" make up for lost time. Governor Allred's telling the people the old age pension child was laid on his door step when it was very weak and peaked and that he has nursed the child until she is very pretty and attractive and many are interested in her. But he says he would like to keep her two more years as he thinks he knows better how to take care of her now.

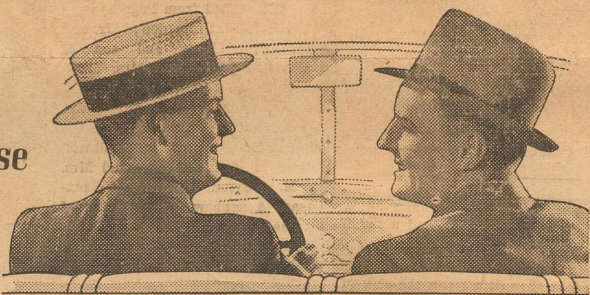

The old veteran, Jim, is pushing one candidate very strongly. His candidate advocates paying all old people in Texas over 65 \$15.00 per month. He wants a three per cent sales tax to get the money. Some argue that the needy old people in that way would be paying into the fund to pay a pension to the rich and those who do not need any assistance.

But, folks, seriously, I believe you had better talk with your candidates for Senator and Representative about the things you want done.

I'd sure like to be up there Saturday night to listen to the returns with you. Now I guess you want me to stick my chin out to be hit at and make a guess on just how the political horses will finish as they come under the ropes Saturday night, so you can laugh at me if I guess wrong. Well, we've missed 'em before, so here goes.

I look for Governor Allred to be two or three lengths in the lead, and Mr. Hunter, the fellow who

10 Reasons Why Cecil A. Lotief Should Be Re-elected As Representative 107th District

1. He has fulfilled all promises that he made to the people as a Representative.
2. He stood for economy, honesty, integrity and decency in government.
3. He worked hard for public schools, and his vote made it possible for boys and girls who reside in the country to receive the same schooling as in cities and obtain \$18.50 per capita and teachers got their pay promptly without an additional tax on farmers or home owners.
4. He fought the battle for the Old Age Pensions. He is not satisfied with the law as it is and so stated when he voted for it. (See page 291, House Journal Second Called Session.) He will if re-elected work and vote for a better Old Age Pension Law as he has repeatedly promised in his speeches.
5. He has offered many amendments to cut the cost of State Government and kill unnecessary expenditures thereby saving many thousands of dollars.
6. He has tried and proved to be honest, capable, faithful, and able to handle the job; then, why take a risk on wild promises when he already proved to be alright in every respect.
7. He has conducted a clean campaign, did not abuse or conduct any whispering campaign, but he fought a good fight and kept the faith.
8. He is not connected with any special interest or groups and did not accept any campaign fund from any corporation, lawyers or lobbyists.
9. His record has never been challenged by anyone—a record to be proud of.
10. His life public or private is clean, and he never betrayed your confidence, so for these reasons he solicits your vote and support on July 25th.

admonition to mind his own business, but here goes anyway. Our guess is that before the yuletide they'll quit or wed.

A lady from Rowden told the proponent of these phrases the other day that our attention of Dan Cupid's business in that community is gaining the Review scores of readers.

Thanks, lady, them's kind words and they're appreciated almost as much as the annual pay check.

At last we've learned what Walter Ramsey plans to do with the building he's been remodeling so long (you know all of us noseys folks have been wondering). It's to be a Red & White Grocery Store and will have prunes on sale before the month's end.

The type-setter, who is setting these lines almost as fast as they are written, reminds that our column is used; the tale is told. So with the hope that each of your favorite candidates is elected at the polls Saturday we say: "adios" until another Friday.

FOR SALE — 1929 Ford Coupe, fair condition. I have no use for two cars. Ninety dollars. O. W. GRAY, Kemper Hotel. 1tp

FOR SERVICE—Registered Hampshire Boar, 1½ miles West Cross Plains.
