Naming Of Supervisors Will Likely Be Next Move For Voters Of Four Counties

Unofficial returns yesterday from the four counties included in the proposed Central Colorado Soil Conservation district indicated that the district would be created, as the project was favored by a majority of nearly four to one

In a telephone conversation with R. G. Hollingsworth's office in Coleman Wednesday morning, the Review was told that no difficulty was anticipated with the state board in view of the substantial majority polled in favor of the district's creation. "Only possible point of contention is that only a fraction of the voting strength was polled Saturday, however, we feel that it Sparked by Bill Yarbrough, who represents a cross section of the copped the championship of their proposition", said Mr. Hollingsing the soil conservation work in the proposed district thus far.

Vote by boxes on the proposition follows: Coleman, 91 for and 23 against: Santa Anna, 51 for and 22 nine against; Mozelle, 19 for and 26 against; Cross Plains, 45 for and 14 against: Lawn, 73 for and against: Burkett 18 for and nine against: Talpa 25 for and five against Novice 29 for and five against: Callahan county boxes other than Cross Plains and Cotton-

The unofficial totals showed 536 for the creation of the soil conservation district and 153 against, a majority of between three and four to one. A two thirds majority vote was necessary for the passage of the proposition, the Review was

The next move expected is the calling of elections to name a board of supervisors, whose duty it will be

JOHN GARNER LEADS PRESIDENTIAL RACE

Texas' distinguished favorite son-John N. Garner, the only Democrat to have announced unqualifiedly that he is a presidential candidate-is today the leading choice of his Party to succeed to the Presidency.

JOHN N. GARNER

Uniformly popular in all sections of the country and among all classes of people, Vice President Garner is esteemed for his sound common sense, practical liberalism, and long experience in govern-mental affairs. Political observers in Washington agree that these attributes, together with the fact that his sturdy log-cabin Americanism is the nation's best safeguard against involvement in war, are responsible for his popularity among the rank and file of the people. His name has been submitted di-

rectly to voters in a number of state primaries, in accordance with his democratic philosophy that "the people should decide." In announcing his candidacy last December, Mr. Garner said: "I will accept the nomination for President. I will make no effort to control any delegates. The people should decide. The candidate should be selected at primaries and conventions as provided by law and I sincerely trust that all Democrats will participate

Patriotic Texans will attend their own precinct conventions May 4 to record their support of their noted fellow Texan.

"A program of industrial development centers around the manufacture of raw materials into finished products

OCATED in all sections of Texas, 141 refineries manufacture into finished petroleum products 80 per cent of the State's crude oil production.

In contrast, Texas processes only 3 per cent of its cotton production and none of its wool or mohair. Petroleum refining now constitutes 41 per cent of the value

of all Texas manufactures. Of the 225,000 Texans regularly employed by the oil business of the State, 25,000 skilled workmen and 5,000 office employees (a \$50,000,000 annual payroll)

are employed in this one division of our oil industry. All of the Texas oil refined in our State, whether used in Texas or shipped to other states, paid last year in taxes an average of 9.8 cents per barrel.

Badger, Beaver Dams, Buffalo, Buffalo Gap, Buffalo Springs, Crow, Swan, Crane and Birdville.

Hunters Be Careful

Hunters are warned to be more areful with their guns, During the past few days I have found a number of hunters in cars with two to five guns in one car. In a number of cases the guns were loaded and ready to shoot only if the trigger were touched. When one gets into a car be sure that the gun is unloaded thereby probably save the lives of some of your friends.
