FIRST PEACE TIME REGISTRATION IN NATION'S HISTORY

Pioneer Registers 56, Dressy 27, Cottonwood 49, Burkett Had 70 At 5 P. M. Wed.

Evidencing willingness to defend their country against aggression American men between the ages of 21 and 35, inclusive, marched to the polls Wednesday and signed-up in the nation's first peace time military registration.

In Cross Plains 213 registered. Nearly 200 of the number had signed at noon. And registrars who stayed on the job from seven in the morning until nine at night had virtually nothing to do the last several hours. The entire task was handled orderly and enthusiastically.

No aliens were registered here. Registration of near by communities was as follows:

Cross Plains	213
Pioneer	56
Dressy	27
Cottonwood	49
Putnam	113

At Burkett, 70 had registered up to five o'clock Wednesday afternoon. Final tabulation on the Burkett box was not available as the Review went to press.

It was pointed out that registration throughout the Cross Plains trade territory would probably have been heavier had it not been for the fact that some 30 or 40 boys from this immediately locality have recently volunteered and entered military service.

Twenty Students On High School Honor Roll First 6 Weeks

Honor rolls were released by Cross Plains schools this week, completing the first six weeks of the 1940-41 session. In high school, eleven seniors, six juniors, two sophomores and a lone freshman won scholastic honors during the initial period.

NEW MERCHANT BUYS CROSS PLAINS HOME

A deal has been closed between the Home Owners Loan Corporation and Ealy B. Dorbandt, who is to open an auto supply store in Cross Plains, whereby the latter became owner of the place just north of J. C. Huntington's home—that known as the Huckyby place.

The new owners will move into the dwelling within the near future. They are now living in the A. Webb place.

Mr. and Mrs. Bill Gray, of Hamlin, are spending their vacation in Cross Plains. She is remodeling the old Sam Westerman place in the Northwest part of town.

BUFFALOES AND COLEMAN FIGHT TO DRAW FRIDAY

Bluecats Come From Behind In 3rd Period To Tie Score With Soc Walker's Charges

Coleman high school Bluecats and the Cross Plains high school Buffaloes fought every inch of the way in a rock and sock district 8A football game last Friday night only to wind up in a tie, 7 to 7.

It was a game for the fans and played in ideal weather. Fumbles, long sensational runs and passes kept the enthusiastic crowd on its feet during most of the contest.

Cross Plains scored first in the second quarter after the ball was placed on the Coleman one yard line for pass interference. B. Smith, brilliant Cross Plains quarterback, plunged it over on the third try and then added the conversion point from placement.

Coleman scored midway in the third quarter on a pass play from quarterback, Starnes to Brewer, substitute back. Fullback, Jeff Justice kicked a perfect point from placement. For the visitors Smith, Byrd, Upton and Huckaby were outstanding, while for Coleman, Martin, Brewer and Starnes did nicely with Cleveger player an excellent defensive game.

Officials: Bobby Blackburn (McMurry), referee; Ed Keyes (Baylor), umpire; and Thurman Saxon (Baylor), head linesman.

The game was the second conference game of the season for Cross Plains and the first for Coleman.

MOZELLE MUSTANGS HERE FRIDAY NIGHT

Cross Plains high school Buffaloes tangled with the Mozelle Mustangs in a conference football game under the lights here Friday night. Kick-off is set for eight o'clock.

Smarting under three consecutive defeats the invaders are reported to be pointing to an upset over Coach Soc Walker's thundering herd. If the Cross Plains athletes are able to play as they did at Coleman last Friday night, however, Mozelle is expected to fall easy prey.

Homemaking Girls Attend Meeting In Anson Saturday 12

Miss Jane Ferguson, local Home Economics instructor, and several club members, attended the Home Economics meeting in Anson Saturday.

Miss Verda Gray was chosen district delegate. After the business meeting, the girls returned home by way of Abilene and attended the Abilene Fair.

Those making the trip were: Misses Doris Jean Graves, Betty Jean Browning, Norma Frances King, Jimmie Kate Howell, Verda Gray, Alpha Mae Horton and Jane Ferguson.

SINGERS TO MEET AT LOCAL CHURCH SUNDAY

Singers in this territory will gather at the Baptist Church Sunday afternoon at 2:00 o'clock, according to Leroy Butler, secretary of the Cross Plains singers.

LOCAL EASTERN STARS TO HAVE BAKE SALE SAT.

Cross Plains chapter, Order of the Eastern Star, will hold a bake sale Saturday at Piggly Wiggly, the organization announced Wednesday.

Cakes and pies will be the chief merchandise.

Mrs. C. S. Martin is in Colorado City at the bedside of her mother, who has been critically ill for some time.

Pioneer Grid And Pep Leaders

Pictured above are Paul and Ralph Huntington, co-captains of the Pioneer high school football team; Bessie Harris, pep squad leader, and little Zella Fay Huntington, football mascot. The Panthers meet Olden Friday in their first conference game.

GOVERNMENT FILLS FIRST WAREHOUSE MOVES TO ANOTHER

Between 600 & 700 Tons Are Expected To Be Bought In Cross Plains This Season

One of the largest peanut crops in history of Cross Plains is moving into local warehouses, according to word received yesterday from three buyers.

The government warehouse yesterday reported it had already handled 150 tons. The first building—that in rear of the Review building—was filled early this week and nuts are now being stored in the Dale Gary structure, adjacent to the city water tower. When this building is filled to capacity, of about 150 tons, warehousing will begin in the rear of the Community Public Service Company's building on South Main Street. The government warehouses in Cross Plains are expected to handle this year between 600 and 700 tons, according to word received from Willis J. Brown, local warehouseman.

It is pointed out that every farmer placing nuts in the government warehouse must pay 20 cents per ton for fees in the Southwest Peanut Growers Association. This charge, the only one made, goes to send a representative to Washington each year to assist in setting the price which the association pays. Number one nuts are being bought by the association for 96 cents, number twos bring 85 cents and number threes 82½ cents.

The first arrivals, as is always the case, were of somewhat lower grade than those due to come in from now on. This, it is explained, is due to the fact that many of the earlier arrivals were too green.

Although no accurate check was available yesterday it was estimated that more than 200 tons of nuts had been bought in Cross Plains this year. Buyers other than the government bidding for the crop in Cross Plains this year are Higginbotham Brothers & Company and W. T. Cox Feed and Produce Company.

42ND GRAND JURY TO OPEN TERM AT BAIRD, OCTOBER 28

Grand jurors for the Fall term of forty-second district court have been summoned to meet at Baird, October 28, according to C. R. Nordyke, sheriff, Judge M. S. Long will preside.

Two from Cross Plains, Hugh H. McDermott and C. W. Barr, will serve on the Grand Jury.

Others selected by the Jury Commission to serve are: B. Crow, Baird, route 2; John Berry, Clyde; N. H. Stephenson, Clyde, route 1; C. B. Harris, Clyde, route 1; Kirby Myers Clyde route 1; J. G. Ford, Clyde, route 2; Chas D. Straley, Clyde, route 2; V. Hughes, Baird, star route 2; C. P. Chick, Cottonwood; A. T. Blalock, Scranton, route; A. B. Hutchison, Putnam; A. E. Dyer, Baird; K. J. Houston, Moran, route 2; R. H. Morrisett, Abilene, route 1.

COTTON GINNINGS FOR YEAR BEHIND '39 SAYS BUREAU

Callahan county's 1940 cotton ginnings are lagging behind those of last year up to October 1, according to reports received this week from the Department of Commerce, Bureau of Census.

On October 1, 1939, 1942 bales of cotton had been ginned in the county. The tally to that date this year is 1728 bales.

Tom Bryant was a business visitor in South Texas over the week end.

Mrs. Debbie Haught and son, Billy, visited Mr. and Mrs. W. A. Williams Sunday.

Mrs. Tom Vaughn and children of Hamlin are visiting her parents, Mr. and Mrs. Frank Williams here this week.

PUTNAM WILL HAVE BEER VOTE OCT. 26

A local option beer election will be held at Putnam Saturday of next week, October 26. The referendum was ordered by the commissioners court in session Monday upon the request of a petition signed by the qualified number of electors.

At Putnam beer was legalized for the city incorporation only, whereas, at Baird and Cross Plains the entire precinct is scheduled. Therefore, at Putnam, only persons qualified to vote in city elections will be eligible to cast a ballot.

Donald Baird Weds Harlingen Girl In San Antonio Sunday

Announcement has been received here of the marriage in San Antonio Sunday, October 13, of Donald Baird, formerly of this place, to Miss Frances Witherspoon, of Harlingen. The ceremony was solemnized Sunday afternoon at three o'clock at the First Baptist parsonage with Dr. West, of Harlingen, officiating.

Attending the rites were: Mr. and Mrs. Vernon Baird, of Coleman; Mr. and Mrs. Bill Pope, Abilene; Mr. and Mrs. J. Ashburn and son, Jerry, of San Antonio, and Mrs. Witherspoon, the bride's mother.

The couple will make their home at Enochs, Texas, where Mr. Baird is employed by a gin company.

The groom is the son of Mr. and Mrs. C. D. Baird, of Abilene, and formerly of Dressy. He is also a brother of Mrs. C. M. Garrett of Cross Plains. He attended Cross Plains high school.

The bride is a graduate of Mary-Hardin Baylor College at Belton, where she studied for foreign missionary service.

W. B. Baldwin and son Moreland, who is Eastland high school band director, attended the Texas-Oklahoma game in Dallas Saturday.

Mr. and Mrs. Tom Havens and daughter, of Brownwood, visited Mr. and Mrs. Henry Williams Sunday.

HIGHWAY 36 TO BE ON STATE PROGRAM

County Judge L. B. Lewis and Commissioner B. H. Freeland have been advised by the state highway department that the state highway program recently included further work on highway 36, West of Cross Plains, to the list of objectives to be completed within the near future.

State Highway Engineer D. C. Greer advised that a project of five and four tenths miles had been set up to complete the road from the city of Cross Plains to the intersection of the Coleman-Baird-Albany highway. When this gap together with the project now under construction is finished the road will be open 15 and one half miles West of here. It is reported from the local highway office that when the gap now under the construction on the other end—that portion East of Abilene—is finished it will need but about four and one half miles to also intersect with the Coleman-Baird — Albany road, thereby opening highway 36 all the way from Cross Plains to Abilene, a distance of slightly less than 39 miles.

Atwell Girl, Bastrop Man Weds Saturday

Miss Opal Pilliams, of Atwell and J. T. Porter, of Bastrop, Texas, and formerly of Sabanno, were united in marriage Saturday at Atwell in the home of the bride's grand parents, Rev. and Mrs. J. C. Foster, with her grand-father reading the single ring ceremony.

Mrs. Porter is the daughter of Mr. and Mrs. B. P. Pilliams, prominent Atwell people. She was graduated from the high school there with the class of 1936.

J. T. is the son of Mr. and Mrs. J. C. Porter of Sabanno. He was graduated from Cross Plains high school in 1936.

The couple will make their home in Bastrop, where he is NYA supervisor.

Mr. and Mrs. Tom Havens and daughter, of Brownwood, visited Mr. and Mrs. Henry Williams Sunday.

Home Town Gossip

Primary registration day passed quietly over the nation Wednesday. The big job of selective service square confronts members of draft boards. In Callahan this paramount task is in the hands of Ace Hickman, S. Carr and Ralph W. Robinson.

From Shanghai, via the London Times, comes a story of a man living there who took Soviet papers and returned the U.S.S.R. Before leaving, he told his friends that if his first paper was written with blue ink, anything he said would be true. However, he used red ink, the conditions he described would be exactly the opposite of the actual facts.

A letter arrived written in Russian. "Life in Russia is wonderful," said the writer. "I have a comfortable room for a full sum and my wages allow me to go to the theatres, cinema and art galleries, and to buy books. There are milk, eggs and meat in abundance. The only thing I can not afford is ink."

Things were a bit confused this morning from a political standpoint—a Roosevelt sticker was found on a car. The automobile and the Willie adorning Ed Hendricks' windshield. Needless to say, the stickers were responsible.

Pat Allen is wearing a "must" order on the feminine side of the house. Remarks, unless complimentary, may therefore, be suppressed.

Congratulations are now in order to Donald Baird, formerly of Cross Plains, who tripped to Hymen's Sunday morning at San Antonio in company with Miss Frances Witherspoon, of Harlingen. The bride will make their home at Enochs, where the groom is employed by a gin company.

Elimination for one of the best ball games ever seen by this reviewer; that between Cross Plains and Coleman Friday night. The standpoint of thrills it first favorably with the Stephens-Cross Plains game in 1933, unexpected happened most minute.

Time is not far distant when Cross Plains MUST have some new things. Most all desirable rent things have been bought in rears and still the demand for is not adequately filled. At three more trades are reported in the process of making right.

Main street has been getting a bit of needed improvement lately. To keep the good work going this column would like to see the new street lights from another coat of aluminum paint. The first was not enough to cover the black tar and is rapidly sloughing off.

With pennants, cotton and sweet peas all moving to market at factory prices and yields reported far above the average, things of home town are humming. Deposits at the Citizens Bank jumped upward \$14,000, a single day this week.

Readers who have not availed themselves to the savings offered by the Review's current subscription are urged to do so at once. Member, in the faces of rising subscription costs we're writing subscription for the next 12 months for 33 and one third percent reduction.

Don't forget to pay the fiddler; the too must buy new strings.

Prediction for the Cross Plains football game slated here tonight; Cross Plains 20, Abilene nothing.

Vermon Huntington, son of Mr. and Mrs. B. B. Huntington of Cross Plains has completed six months of training at San Diego and been transferred to the U.S.S. He was here recently on leave of absence.

Monk of Cisco was a business visitor here Thursday.

WILL PAY CASH for good of about 200 acres with use of cultivation and balance in pasture. Must be located in Callahan county. See Olin E. Cross Plains, Texas.

STATEMENT
Of the ownership, management, etc., of the Cross Plains Review, published weekly at Cross Plains, Texas, as for October, 1940, required by act of Congress of August 34th, 1912:

Before me, a notary public in and for the county aforesaid, personally appeared Jack Scott, who having been duly sworn according to law, deposes and says that he is the editor of the Cross Plains Review...

That the name and address of the editor, is Jack Scott, Cross Plains, Texas.

That the known bondholders, mortgages, and other security holders, owning or holding one per cent or more of the total amount of bonds, mortgages, or other securities, are: None.

JACK SCOTT, Publisher. Sworn to and subscribed before me, this 11th day of October A. D. 1940.

MAGGIE COOK, Notary Public. My Commission expires June 1st, 1941.

If all the boys and girls in the United States who were members of 4-H clubs in 1939 were to join hands and form a circle it would have a diameter of about 500 miles.

High-strength steel wire is proving a better reinforcement in precast concrete beams than the steel bars ordinarily used...

INDUSTRIAL SERVICE IS MADE AVAILABLE BY A&M COLLEGE

Through the cooperation of Texas A&M College and the State Board for Vocational Education the services of itinerant teachers are now available to all public service agencies...

At the present time there are eight men covering the state to supplement existing facilities for training employed adults. Instruction now offered includes one-week courses in municipal sanitation, waterworks and sewage, peace officers traffic courses, custodianship of public buildings, automobile servicing with plumbing, air condition and refrigeration maintenance and operation courses to be added later.

While instruction at present is being done only with municipal and governmental groups such as fire and police departments, public custodians, water works and sewage plants, it is planned to include any group of employees who may request the instruction.

Mr. Williams has explained that whenever groups of people employed in those fields listed above request instructional services and cooperate with the designated agency responsible for this service in setting up plans for training that require the help of itinerant instructors, such instructors as are needed will be employed to conduct local, zone regional schools in accordance with the approved plans.

That the name and address of the editor, is Jack Scott, Cross Plains, Texas.

Governmental Bodies In Texas Can Help Solve Defense Problems, Says NCTN Head

How Cross Plains, Callahan county and the other 7,103 local governmental bodies in Texas can help solve the nation's toughest problem—that of defense—was told today by Mrs. Melville Muckelstone, president, the National Consumers Tax Commission, Chicago.

A sum "sufficient to purchase 176 pursuit planes of the most advanced design plus 584 fast, light tanks" would be saved each year if local governments in this state would adopt only two administrative improvements—centralized purchasing and the merit system—according to the head of the commission, which has 113 study groups in Texas.

"Authorities estimate universal adoption of centralized purchasing would save 5 per cent, or \$10,224, 100 of the \$204,482,000 spent annually by local governments in the state," Mrs. Muckelstone, who is a former national president of the American Legion Auxiliary, declared.

"It is planned to give the service a two-year try out and at the end of that time decision will be made as to whether or not it will be continued," Mr. Williams said.

Mr. and Mrs. V. A. Underwood, Miss Johnnie Frances Baldwin and Roland Howell were in Coleman Sunday afternoon.

Mr. and Mrs. J. W. Dunlap and Mrs. L. W. Westerman were in Brownwood Sunday.

Mr. and Mrs. Curtis Strickland and son, Billy Dale, and Mr. and Mrs. Travis Foster were in Brownwood Sunday.

New Method Is In Cream For Fitness Use For Testing

A new method of determining whether cream is fit for human consumption is presenting a challenge to the dairy industry under a new federal food law being enforced by the Food and Drug Administration.

Although the new method of determining the fitness of cream known as the mold mycelia count on butter—is no job for an amateur there are several things the cream producer can do to help assure good quality in his cream.

Clean the cows flanks and udder, and milk with clean dry hands.

Guard against the entry of dust or other foreign matter into the milk pail.

Strain milk before separating and cool cream immediately after separating.

Avoid mixing warm cream with cool cream.

Keep cream covered in a clean, cool, place, free from flies, dust, odors and other contamination.

Clean the separator thoroughly after each use.

LOCAL STUDENTS AT JTAC ARE ELECTED TO AGGETTE MEMBERSHIP

Mozelle Atwood, Jean Barr, Margaret Browning, and Evelyn Pethel all of Cross Plains, have been elected to membership in the Aggette Club at John Tarleton College.

The Aggette Club is one of the most unusual clubs at Tarleton in that it includes athletic, social and service activities. It is sponsored by Miss Laura Fellman, associate professor of Physical Education for Women.

Included in the club's plan for this year are basket ball games, golf tournaments, a banquet, a dance, and the donation of baskets to the poor at Christmas.

Contrary to popular belief, the use of snuff is not dying out.

Around 38 million pounds went to market in 1939.

Sixty years ago three out of every four farmers owned the land they cultivated. Today nearly half are tenants or sharecroppers.

Two-thirds of all deaths due to fires happen in the home.

Want to Get the Razzberry? Try telling folks the rates have been cut in half!

I work for the utilities and the other night I had supper over at Jim and Edith's house. It was a swell supper and I told Edith so. "Cooking," she said, "is easy. I have nearly everything electric." "There is a point," I says, excited-like. "And you using about twice as much electricity today as you did 10 years ago for the same money." "Maybe you mean the bill is twice as high nowadays," Jim chimed in. "Maybe just as high, Jim," I said. "Mine is, too. But there's a good reason for it. Look here..."

2 Then I took them around the house, pointing out their refrigerator, electric washer, the percolator, radio, toaster, iron, and all the other electric appliances, not to mention the better-light—better-sight lamps. I said: "Now, honestly, aren't you using a whole of a lot more electricity than you did just a few years ago?" They said that was right.

3 Then I tossed a couple nickels on the table, real dramatic-like, and said: "The average person pays only about a dime a day for electric service! Some pay less, some a little more. And the more you use, the lower the rate!"

4 "Is this a bargain isn't it?" I asked Edith. "Never thought of it that way," she said. "I certainly do get my money's worth!"

MRS. T. S. HOLDEN IS BRIDGE CLUB HOSTESS

Members of the Delta Kappa club were entertained with two tables of contract bridge when they met in the home of Mrs. T. S. Holden Wednesday afternoon of last week.

Mrs. J. H. McGowan was high score winner for the afternoon.

Following a series of games the hostess passed a refreshment plate of congealed salad, chicken salad sandwiches, olives, deviled eggs, pecan pie, topped with whipped cream, and iced tea to the following: Mmes. Fred Cutbirth, Edwin Baum, V. A. Underwood, J. H. McGowan, O. E. Edmondson, Jack Scott, W. J. Sipes and R. L. Little.

Mr. and Mrs. M. B. King and family visited his mother in Ballinger Sunday.

Mrs. Pete Ussery was elected room mother. Class colors are blue and pink. Bessie Harris was chosen most popular girl in the class and was nominated to be Sophomore candidate for Halloween queen.

RED CROSS DISASTER RELIEF GIVEN IN 106 CATASTROPHES IN '40

Tornadoes, floods, fires and other major catastrophes during the past year took the American Red Cross to the scene of 106 disasters throughout the United States where more than 100,000 persons were given shelter, food, medical attention and rehabilitation assistance.

Clifford V. Jones, chairman of the Callahan county chapter of the American Red Cross, said this week.

"The speed and efficiency with which the Red Cross was able to answer the call for disaster relief assistance last year emphasizes why strong membership support at Roll Call time is essential," he said. "On November 11, only three weeks away, the Red Cross will embark on its annual drive for membership. The opportunity is extended to every person in Cross Plains and Callahan county to support the disaster relief work and other services of the Red Cross."

The past 12 months, Mr. Jones said, represented a typical year of disaster fighting for the Red Cross. Red Cross operations in this field were carried on in all but 14 states where trained workers of the national staff coordinated their efforts with chapter volunteers to bring tangible aid to the disaster stricken.

"Although types of disaster varied considerably, relief needs were the same in most cases," Jones said, in summarizing the year's activities of disaster relief. "The emergency responsibility falling to the Red Cross in the wake of disaster was that of assisting in the saving of lives, then providing for emergency feeding, housing and medical attention."

The exacting task of rehabilitation followed the period of the emergency whether the disaster was a flood, fire or tornado. In each case trained disaster relief workers assisted the family in analyzing needs for recovery. Those unable to finance their rehabilitation, in part or all, were given assistance.

"Red Cross rehabilitation assistance includes the rebuilding and repair of damaged dwellings and replacing essential household goods and clothing destroyed by the disaster. Committees of leading citizens in the disaster-stricken communities acted as advisory groups in determining the amount and nature of help given each family."

Throughout the country, in 3,712 Red Cross chapters, committees are constantly preparing for disaster. Mr. Jones stated. Men and women are trained in the time-tested methods of disaster relief that some day be instrumental in relieving suffering in their communities or some nearby section. They are being guided by the experience of 59 years of American Red Cross disaster fighting.

In addition to the need for preparing for disaster relief in the year to come, the American Red Cross is taking an active part in the national defense program of the country, Jones said. Red Cross field directors in military posts are having their busiest year since the days of the first World War.

MARGARET BROWNING IS MEMBER OF J. T. A. C. MUSICAL ORGANIZATION

Margaret Browning, daughter of Mr. and Mrs. W. E. Browning of Cross Plains, has been selected as a member of one of the most unusual musical organizations in the south. She is a member of the John Tarleton College All Girls' Band of forty pieces. There are but few similar collegiate organizations in the country.

This John Tarleton College organization was started two years ago by Harold J. Blum, professor of Music. He still directs the band. Since John Tarleton has an ROTC Unit of 800 cadets, the official band was a military organization of cadets. But among the 500 co-eds there were so many girl musicians that Blum conceived the idea of an All Girls' Band.

In the short space of two years this group of girls attired in snappy purple and white uniforms have gained wide recognition.

Throughout West Texas they have been invited to play at fairs, football games, and other celebrations. The Tarleton student body goes wild when the forty co-eds march on the field twirling batons and playing the school songs.

Mr. and Mrs. Roy Wentzel, Mr. and Mrs. Claude Carpenter and Mrs. Ray Phink of Fort Worth were guests of Mrs. L. A. Jones Sunday.

P. P. Smith, who has been in Arkansas the past summer, has returned to his home here.

Mr. and Mrs. Roy Lee Little were business visitors in Brownwood Saturday. W. G. Ensor visited Mrs. Gus Byrd in Eastland Friday.

Want to Get the Razzberry? Try telling folks the rates have been cut in half!

1 I work for the utilities and the other night I had supper over at Jim and Edith's house. It was a swell supper and I told Edith so. "Cooking," she said, "is easy. We have nearly everything electric." "There is a point," I says, excited-like. "And you're using about twice as much electricity today as you did 10 years ago for the same money." "Maybe you mean the bill is twice as high nowadays," Jim chimed in. "It may be just as high, Jim," I said. "Mine is, too. But there's a good reason for it. Look here..."

2 Then I took them around the house, pointing out their refrigerator, electric washer, the percolator, radio, toaster, iron, and all the other electric appliances, not to mention the better-light—better-sight lamps. I said: "Now, honestly, aren't you using a whole of a lot more electricity than you did just a few years ago?" They said that was right.

3 Then I tossed a couple nickels on the table, real dramatic-like, and said: "The average person pays only about a dime a day for electric service! Some pay less, some a little more. And the more you use, the lower the rate!"

4 "Is this a bargain or isn't it?" I asked Edith. "Never thought of it like that," she said. "I certainly do get my money's worth!"

I GIVE YOU TEXAS By BOYCE HOUSE. Some time maybe I can write a tribute to Hick Halcomb, my friend who passed on the other day.

3—I love my friends. And he garnered friendships in every walk of life—rich or poor, high or low, scholarly or unlettered, none of those things mattered; Hick looked at the individual and tawdry tinsel meant nothing to him.

Born in Arkansas, he was successively linotype operator, editor of a West Texas weekly, eloquent stump-speaker, assistant Secretary of State and manager of Jerry Sadler's upset victory two years ago for Railroad Commissioner.

Will the wonders of this mechanical age never cease? Making a key used to be—or so I thought—quite a slow and painstaking process. The other day, having broken the switch key of my car, I took the spare downtown to get a duplicate.

Tom Martin, humorous "Sage of the Sagebrush," backed Irvin Cobb, Kentucky humorist, out of a debate on politics. If it had been held, that debate might not have been a laughing matter, at that.

Speaking of speaking, this columnist has been a little in demand here lately. Clubs and student groups in Temple, Breckenridge, Ranger, Weatherford and Fort Worth seem to have been interested in an informal talk on Hollywood, based on observations while serving as technical adviser on the Texas oil picture, "Boom Town."

Easterners are looking for "local color" when they come to Texas so Manager Henry Love of Hotel Texas, as in Fort Worth "where the West begins" has fixed up a Pioneer Suite, suggesting ranch life. Beds and chairs are made of highly polished wood that apparently was carved with crude tools; the mirror frame is a huge, wooden horse-shoe; the stand of the reading lamp is an ancient shotgun; a little table is supported by a big wagon-wheel hub, and cattle brands have been burned into the frames of pictures showing life on the range.

Somebody, speaking of the town's skinflint, asked, "How much is he worth?" and my Grandpa answered, "He ain't worth a darn cent but he's got a hundred thousand dollars."

Men have many conceptions of happiness. Nat Floyd, now on an English newspaper in China, used to say in his Fort Worth Star-Telegram days, "I would like to have enough money that I could throw away a razor blade after using it just once."

American Rodeo And Horse Show Tribute To Late Will Rogers

When the cowboys of the nation voted to hold their first World Championship Rodeo in Fort Worth, November 15-24, they had a two-fold purpose in mind. They wanted to end the season in Cow Town and to pay tribute to the memory of Will Rogers.

Therefore the All-American Rodeo and Horse Show was born. The Rodeo Assn. of America, The Southwest Rodeo Assn. and the Cowboy Turtle's Assn. will bring the top 75 cowhands of the Northwest in direct contest with an equal number of waddies of the Southwest to determine undisputed champions. These cowboys and officials elected T. E. Robertson, president of the Southwest Assn. to be the producer and today finds the headquarters in Fort Worth literally snowed under with offers of co-operation and announcements of huge delegations to attend. The festivities will open Friday afternoon, November 15, with what is expected to be the largest parade in the history of the State. There will be more than 1,000 horses and riders, Governors, Queens, celebrities and dignitaries. Every person who owns a horse or can secure one is urged

this afternoon to root for the home team when they clash against the Buffalo six.

Mr. and Mrs. E. G. Adams, Mrs. V. C. Adams, and Mrs. Hattie Henderson left Sunday morning for Wichita Falls where they were guests of the daughters of Mrs. Henderson and Mrs. V. C. Adams. They returned that afternoon.

Mrs. Marie Windham of Abilene visited her parents Mr. and Mrs. L. C. Scott over the week end.

Mr. and Mrs. J. D. Mullins and daughter, Mrs. Clayton Porter, visited in the home of Mrs. Mullin's sisters, Mrs. J. E. Oliver and Mrs. O. E. Brink, of Burkett last Saturday and Sunday.

The Baptist WMS met last Monday with ten ladies present and Mrs. Watson completed a book on Stewardship. The ten ladies quilted a quilt after the meeting.

The local Boy Scouts held their meeting last Monday night with nine present. Some passed the tenderfoot test and all of them played basketball after the meeting.

Mrs. Opal Koenig and Mrs. Taylor were in town last Thursday to get their fan mail.

HEALTH OFFICER SUGGESTS WAYS TO AVOID COLDS

With open season at hand, Dr. W. Cox, state health officer, suggests ways by which they can be avoided or reduced to a minimum. Here they are:

Number One: Keep yourself as fit as possible. Substitute the simpler and more nourishing foods for rich mixtures. Eggs, milk, and other dairy products, fruits and green vegetables are rich in the vitamins that are a protection against colds. Add them to your diet. Drink several glasses of water daily.

Number two: Dress according to the weather. Keep comfortably warm. Have a sweater handy or a warm coat to slip on when the days turn cold suddenly. Light a fire or turn on the heat if your house is damp and chilly. If you are a housekeeper, get your warm bedclothes out—and use them.

Number Three: Avoid sudden chilling. Change as quickly as possible to dry shoes and dry clothing if you are caught unprepared in a drenching rain.

Number Four: Get some exercise in the open air every day—a brisk walk, if you can't do more than that. Hold your head up and breathe deeply as you walk. Keep your sleeping quarters and your working rooms well ventilated, and get plenty of sleep.

Number Five: Colds are catching. Don't go where people are coughing or sneezing. Wash your hands before eating.

Number Six: If your powers of resistance have been lowered and a cold "catches" you, don't fight it. You will save time and strength and get well more quickly if you go to bed, eat lightly, drink plenty of water and stay in bed until your physician says you may get up. Don't walk, either, until you are seriously ill to send for your doctor. Send for him promptly, and follow his advice.

Number Seven: Don't give your cold to others. Have your own towel and drinking glass. Don't broadcast your germs. Don't sneeze or cough in your neighbor's face. Keep yourself supplied with paper handkerchiefs and destroy them after using. Postpone visits to friends until your cold is noncommunicable.

A Good Word Said For Bull Nettle

COLLEGE STATION. — Somebody has finally got around to saying a good word for the bull nettle.

The "somebody" is two University of California scientists who found that the plant contained a proteindigesting enzyme resembling pepsin in its action.

It is even more like the digestive compound found in the subtropical fruit papaya, known as papain. Papain has long been used as a medicine for indigestion, and it is possible that the new enzyme, which has been named solanin, may be useful in the same way.

It is also thought that solanin may find economic application in tanning and other industries, especially since it is more resistant to heat than other digestive enzymes.

Maybe Texas farmers will be planting bull nettles some day.

Mr. and Mrs. J. M. Jones and daughter, Gussie visited their son and brother Roy at Abilene Thursday of last week.

NEW BUSINESS EDUCATION COURSE OFFERED AT NTSTC

DENTON, Texas, October 18.—Unique addition to the curriculum at the North Texas State Teachers College is a new business education course, and introduction to Business principles and problems, which will bring 17 out-of-town business experts to the Teachers College campus in a lecture series this semester.

Opening the lecture schedule, E. O. Cartwright of Dallas, district manager of Fenner and Beane, one of the largest brokerage houses in the world, spoke to the business class. Also on the lecture schedule is E. W. Morrison, president of the Morrison Milling Company, one of the largest milling concerns in the Southwest.

Dehydration Of Yam Promises To Be Big Industry

DENTON, Texas, October 18.— Texans may now read the inside story of sweet potato dehydration, the chemurgic process which promises new outlets for the agriculture of the state, in the latest bulletin from the chemurgy laboratories of the North Texas State Teachers College, pioneer in the movement to industrialize the products of Texas farms.

"Sweet Potato Dehydration," the second in a chemurgic series from NTSTC, was compiled by Gilbert C. Wilson, NTSTC farm industrial chemist, and W. N. Masters, director of the college department of chemistry, in response to questions concerning the process received at the college from industry, agriculture, and civic organizations.

Recording the NTSTC experiments in sweet potato Vitamin A content, the bulletin states that the potato contains 76 International Units of carotene, Vitamin A source, proving it almost as valuable a carotene source as alfalfa. Other extracts, including coltsfoot, peetin, starch and sugar, are obtained in the dehydration process perfected in the NTSTC laboratories.

Somebody, speaking of the town's skinflint, asked, "How much is he worth?" and my Grandpa answered, "He ain't worth a durn cent but he's got a hundred thousand dollars."
