### Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupify the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is completefrom pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

I. Hezekiah Proclaims a Passover The way for a sinning and divided

people to get back to God and be united, is around the crucified Lord. 1. The Invitation Was Representative of the Nation (v. 2a). The king took counsel with the princes and the congregation to show that the proclamation was the expression of the "Get Wee Jerry back his Daddy nation's desire,

2. The Time Was Unusual (vv. 2b-4). There was not sufficient time to sanctify the people, nor to gather them together at the regular time, so they resolved instead of postponing it for a year to hold it on the fourteenth day of the second month. This liberty had been granted before in an exigency (Num. 9:6-13). This flexibility with reference to the holding of the passover shows that God's ordinances were made for man and not man for the ordinances.

3. The Scope of the Invitation (vv. 5-9). It included all of both nations who would come to keep the passover to the Lord God of Israel. "Israel" is now used to include both kingdoms. The effort was to win back the nation which had seceded. The posts who were sent with the message were authorized to supplement the proclamation with urgent exhortation to join as a united nation. This urgent invitation was tactfully put as follows: (1) It touched ancestral memories-"Turn again unto the Lord God of Abraham, Isaac and Israel" (v. 6) Both kingdoms had a common ancestry. (2) Recent bitter experience-"Be not like your fathers, and brethren, who trespassed against the Lord God, and were given up to desolation, as ye see" (v. 7). This was a delicate subject, but their ruin was so marked that such truth could be pressed. (3) Yearning for captive kinsfolk-"Your brethren and childrell shall find compassion before their captors" (v. 9). (4) The instinct of self-preservation-"So that they shall come again into this land" (v. 9). (5) The forgiving mercy of God (v. 9). away from Him. "Him that cometh

Some mocked. The urgent and sincere invitation only excited opposition and ridicule. (2) Some with humble hearts came to Jerusalem. This is ever the case. The gospel is a savor of life unto life and death unto death 1. Altars Removed (vv. 13, 14). In

the time of Ahaz (ch. 28:24), these heathen altars were erected in Jerusalem. Before there could be worship of the true God all these traces of idolatry must be removed. This act of the people was voluntary, and shows that a right spirit actuated them.

2. The Passover Killed (v. 15). 3. The Priests and Levites Ashamed (vv. 15-20). The zeal of the people put to shame the priests and Levites They were stimulated to perform their Kenzle is a very wicked man, and he duties according to the law of God has treated you abominably. Though unprepared ceremonially, yet they took part in this most sacred service and were accepted as worshipers through the intercession of Hezekiah. God accepted the purpose of heart rather than the letter of the law.

4. The Praise of Glad Hearts (vv. 21, 22). Huntington Citizen Could Neither Sleep Nor Eat With Any Satisfaction Before He Got Tanlac.

"Before taking Tanlac I had not seen a well day in six years," said W. R. Peoples, 328 22nd St., Huntington, W. Va.

"It seemed like I had lost my health for good. I could neither sleep nor eat with satisfaction. I was badly run down, nervous, had no appetite and had to force down every mouthful I ate. Even then my food soured. I would fill up with gas until I had intense pains in my stomach and chest. Headache almost drove me mad, rheumatism in my arms, shoulder and hips kept me in pain all the time, and I had to force myself to work.

"Tanlac went right after my troubles. On four bottles I gained ten pounds and the rheumatism and stomach trouble soon left me. My wife has given a statement about the good Tanlac did her, and I am glad to add my endorsement of this wonderful medi
