

### RANGER CITIZENS TO CLEAN UP THE CITY

CHALLENGE IS ISSUED TO LAWLESS ELEMENT BY VARIOUS CLUBS

### THE LAWS MUST BE OBEYED

Will Take Measures to Stop Gambling and Bootlegging in That City

Ranger, Texas.—Acting in the crisis in affairs of the city brought on by reported defiance of the police department here charged to an alleged bootlegging and gambling clique, the Rotary Club, Ku Klux Klan, Lions' Club, members of the City Commission and numerous individual citizens have challenged the existence of a lawless element as such in Ranger by pledging their combined moral and physical strength to the assistance of Chief of Police Luther Davenport, who is reported to have been recently threatened by a lawless clique.

Six persons were called before or called upon by a Rotary committee and told that a continuation of defiance of law by the sale of liquor and gambling would be considered a declaration of war on citizens of the city and handled as such.

The Ku Klux Klan has pledged its entire strength in support of the police department in the clean-up and it calls upon the City Commission to support the chief or step down and out. Sheriff Sam Nolley has been informed by a Rotary committee that in the future the situation here will be handled by Ranger citizens.

Recent happenings set forth in the Rotary Club report are the death of a young woman in a local rooming house which was unexplained by the coroner's verdict; the death of W. E. Nichols, electrician, Tuesday from an encounter in a Sunday brawl; threats against the police chief made following a recent raid.

Action to wipe out conditions started almost simultaneously from several sources, first at a meeting of three City Commissioners Tuesday and launched by Commissioner C. O. Terrell, and the second at a meeting of the Rotary Club on Wednesday. All plans were kept quiet until shortly before noon today.

### BONUS WILL BE PUT OFF UNTIL JULY 1

Harding Wants the Question to Lie Dormant Until After the British Pay

Washington.—The soldier bonus question, it is probable, will remain more or less dormant until about July 1.

According to reliable information from Senate leaders, President Harding has suggested that a postponement of consideration of a bonus bill until that time will accomplish two things:

First, it will enable this Government to reach a settlement with Great Britain on the question of funding Britain's loan, with the result that there will be negotiable British paper in the Treasury which will give the Treasury something to work on in financing the bonus.

Second, a delay will permit of the working out of a practicable measure, instead of the unworkable compilation of a hodgepodge of ideas that has come out of both sides of Congress in the effort to provide a bonus promise without funds to carry it out.

Liquor "Blue Book" Seized. Chicago, Ill.—A new problem in prohibition law enforcement confronts Charles F. Clyne, United States District Attorney, as a result of a raid on a drug store in which a card index containing 225 "blue book" names of persons said to have purchased liquor was seized. If it is proven the index was for the purpose of identification in purchase of whisky each of the persons whose names and signatures appeared would be subject to Federal grand jury action on a charge of conspiracy. This would mean the drawing up of 225 indictments.

Papers Served on Kimbro. Houston, Texas.—George B. Kimbro, Jr. was served Wednesday with papers in the \$200,000 damage suit against the Ku Klux Klan filed in Fort Worth by Mr. and Mrs. A. W. Harts. Deputy United States Marshal W. A. Bernyeder served the papers. The trial is scheduled for November.

Kansas G. A. R. Condemns K. K. K. Winfield, Kan.—Advising the Ku Klux Klan to confine its operations "below the Mason and Dixon Line," the Kansas G. A. R. in annual encampment here adopted resolutions strongly condemning the organization.

### BRIDGE OVER BRAZOS AT MARLIN COLLAPSES

NUMBER OF PERSONS MISSING INCLUDING PROMINENT MEN OF MARLIN.

Marlin, Texas.—Two bodies recovered, the Mayor of Marlin and another of the most prominent citizens given up for lost, and a general belief that the death list may reach twelve or fifteen, is the toll of the collapse of the Marlin-Belton bridge over the Brazos River, five miles west of Marlin, at 2:30 o'clock Tuesday afternoon.

The big double-span bridge over the Brazos gave way as workmen were repairing the approach that had been damaged by flood, and more than thirty persons on the structure were precipitated into the swollen stream thirty feet below. A large automobile truck and another automobile went down with the bridge.

J. B. Briggs was in the auto, owned by his father, and went into the river with the car. It is not known how many persons were on the bridge, and for this reason it is impossible to establish definitely the number of missing.

Mayor Frank Stallworth and Dr. W. H. Allen, owner of Allen's Hospital in Marlin, were known to have been among those thrown into the water. Neither had been rescued at midnight, and searchers at that time had given up all hope of finding either alive. Several eye witnesses say they observed Mayor Stallworth several hundred yards down the stream, his face bloody and apparently exhausted.

Many thrilling escapes are recounted by those who were rescued and by those who were able to swim or cling to floating wreckage. Many were injured by falling timbers when the bridge went down. Examination of the body of Mrs. Moseley revealed that her neck was broken, and it is believed she was killed outright before she struck the water.

Among those thrown into the water and rescued was the Rev. H. D. Knickerbocker, pastor of the Methodist church in Marlin. Rescuers say they several times saw Dr. Knickerbocker relinquish a piece of wreckage to which he was clinging to someone not so good a swimmer as he. The minister was rescued about a mile down the stream by a boy who went to his rescue after he had again relinquished his plank to another and was seen struggling in the water.

### HIGHER PRICED GASOLINE IS NOW PREDICTED

Rise of Three Cents a Gallon Within Week Expected by Market.

Dallas, Texas.—Substantial increases in the price of gasoline in Texas within the next week were predicted Tuesday by Dallas oil men as a result of the rising wholesale market, which is being stimulated by an unprecedented export demand and the comparatively few refiners operating. A representative of a company buying the greater part of the North Texas output Tuesday was paying 19c a gallon at the refineries for every carload of gasoline offered, consigning it to Gulf ports for export.

Sixty per cent of the North Texas refineries are reported shut down. While the greater part of the export demand is said to be for the same grade as that required by the State law, known as New Navy specification, hundreds of carloads of high-grade product of 64-66 gravity, termed aviation grade, are being shipped to France, Holland and England. The attractive price offered for the higher grade is said to have made its manufacture more profitable to the refineries than the making of the standard grade. The average refinery turns out only about half as much of the high grade gasoline as of the State specification, resulting in cutting down the output available for the motorists.

Officials of some of the largest oil companies in the country with head offices in Dallas declare that there has never been a time in the history of the petroleum when they would welcome a congressional investigation more than at present.

Mine Worker Killed. Jewett, Leon Co., Texas.—Holbert Rollwing, a mine worker for the Houston Coal Company, seven miles west of Jewett, was killed when a string of coal cars ran together in the mine. He is survived by his wife and one child, also his mother and father, who live here.

Iowa Park Postmaster's Examination. Washington.—The Civil Service Commission has ordered an examination June 13 for selecting a postmaster for Iowa Park, Texas, an office which has been vacant since July 21 of last year. The office pays \$2,300 annually.

False Alarm at Treasury. Washington.—A false alarm about Monday Tuesday called three companies of fire apparatus to the United States Treasury, but investigation showed no trace of a fire.

### HEAVY DRAINAGE BY HAIL, WIND

HOUSES, BARN, WIRE DOWN AND CREEKS FLOW ONCE MORE

Waco, Texas.—Considerable damage was caused here early Monday by a three-inch rain, which fell so rapidly that residential districts were unable to carry off the volume before it had risen to the sidewalks, entering the basements and first floors of some business houses.

Waco creek came out of its banks and Baylor Park and other parks in South Waco, together with the athletic field, were under water. Waco Creek traverses Cotton Palace Park, which was partially inundated. City employes were called out Tuesday morning to rescue people in South Waco, living in the flooded area.

The greatest damage to property was in the southern part of McLennan County, caused by heavy rain, hail and wind of cyclonic proportions. Probably the heaviest damage was wrought in Downsville community, eight miles south of Waco.

M. C. Dorsey, who lives on the Stiles place, went to the roof of his house to investigate the storm damage, when an unusually strong gust of wind struck the house, virtually demolishing it, carrying a bed in which his wife was lying fully forty yards away from the wrecked structure. Mrs. Dorsey was uninjured, but her husband was cut on the head and hands.

The Baptist Church and the two-story school building at Downsville were badly damaged, the latter structure being carried fourteen feet from its original location.

So strong was the wind at Downsville that a barn on the W. C. Webb place was literally blown through another barn, both structures being torn to pieces.

It became necessary for a crew of a San Antonio & Aransas Pass freight train to remove telegraph poles and wires from the track before the train could proceed in the Downsville community, and huge trees in that neighborhood were torn up by the roots.

En route from San Antonio to Dallas, northbound Katy train No. 8 was derailed a mile and a half south of Waco. There were eighty-one passengers aboard, but only one, Mrs. Sterling C. Robertson of San Antonio, was hurt seriously. She is being taken to a sanitarium. Her back was sprained and one finger of her right hand broken. The derailment was caused by the overflow of Waco Creek, which went out of its banks as a result of the unusually heavy rain here, early Monday, twenty-five feet of track being washed out at the place where the derailment occurred.

Taylor, Texas.—A cyclone struck about six miles north of Taylor Monday morning, about 4 o'clock, jumping as it went, and causing damage wherever it touched. Barns and houses were torn to pieces and a small building carried over a mile. Telephone wires and poles are down. Hail accompanied it, causing much damage to crops.

### WILLIAMS IS ASKED TO REPORT AT WASHINGTON

His Early Arrival to Take Oath of Office Sought by the Democratic Body.

Washington.—Definite information of the election of Cuyler Williams of Decatur, Wis. County, as a member of Congress from the Thirtieth Texas District, succeeding the late Lucian W. Parrish, was received here Monday. Representative Garner, dean of the Texas delegation, telegraphed Mr. Williams that if his election was without contest, the Democratic organization would appreciate his early arrival in Washington to take the oath of office, which may be done without awaiting the issuance of a certificate of election.

The new Congressman was formerly a member of the State Senate and is a leading banker of his district.

Lodge Men Hurt in Fall. Oklahoma City, Ok.—Three members of the Knights Templar attending the State convention here were injured Tuesday when a platform upon which a number were standing for a picture gave way. About 250 men were standing on the platform when it gave way without warning. More than a thousand members of the order from all parts of the state were here attending the annual convention.

Many Chicago Labor Leaders Indicted. Chicago, Ill.—Eight union labor leaders were named in true bills voted at a special session of a grand jury in connection with the slaying of Terrance Lyons, an acting police lieutenant, according to George E. Gorman, Assistant State's Attorney.

Among those named in the true bills according to Mr. Gorman, were Fred Madden, president of the Building Trades Council; Big Tim Murphy of the Gas Workers' Union; and Cornelius (Con) Shea, who directed the teamsters' strike in 1924. All of them are now in the custody of the police, having been taken in a spectacular series of raids on various union headquarters.

The slaying of Lyons came as the culmination of a series of bombings, blamed by the police on labor warfare in the building industry. The same time Lyons was shot another policeman was slain and a third injured in a running pistol fight with four bombers in an automobile.

The killings were followed by police raids on union headquarters and saloons known as centers for gunmen and bombers. More than 150 persons were taken into custody, including the men named in the true bills voted.

CHAPTER XIII—Continued.

“You're here, young man,” he said. “Well, muddling in this business? Do you any good. Didn't I tell you yesterday what I intended to do and you had the nerve to upset the laughing stock of the town? Now you'd better go if you don't want to witness a little of what'll stick in your memory many a long day.”

“Keep away, Percival,” snapped MacKenzie, pushing Robert backward. “If you lay one finger on my men, I'll take the girl along to jail!”

“To save the girl he loved, Robert compelled himself to stand by while the boy was torn bodily from him. He saw one of the men drag a blanket from the bed and throw it around Wee Jerry.”

Then he snatched at the girl, but she quickly eluded his grasp. How awfully her eyes glowed, and how her face twitched!

“Get out with him before she cuts up any more,” growled Marcus, as Polly bounded forward only to be met by the speaker's outstretched arms.

“If you make another scene, my lady,” he rapped out, “I'll have you arrested for obstructing the law. And remember this, huzzy, I'm going to get you next.”

His threat against herself meant nothing to Polly Hopkins. But the word “law!” It struck at her brain like a hammer. She suddenly felt as if a tidal wave, strong and relentless, had broken over her. It was the same law taking Jerry that had imprisoned Daddy Hopkins, that had carried away Larry Bishop from his woman. The thought brought her up with a sharp gasp. She did not care what they did with her, but little Jerry, Wee Baby Jerry!

“What you goin' to do with him, mister?” she begged, wringing her hands. “Tell me that! I can't let 'im go till you do!”

She caught at his arm, and the strong brown fingers dug deep into his flesh.

“Look into the paper there and you'll see where I'm going to take him,” answered MacKenzie. “Let go of my arm! There!” He wrenched himself free. Then, enraged and with eyes flashing, he shouted, “Get out with the kid, you men, and start off!”

Glad to be gone, the officials stepped into the open, one of them carrying the writhing Jerry. Then Polly Hopkins stood upright in the middle of the shanty, grief, consternation, and then an expression of insanity passing over her face.

Robert Percival was near her, not daring to utter a word; her deep-seated agony was too terrible for sympathy. All at once she started forward; and he made a desperate effort to stop her.

“Pollyop,” he pleaded, as she raced through the doorway, he called: “Wait—wait—”

In an instant he was out beside her, speaking her name softly, imploringly. She paid no heed to him, but flung up her arms. And then she laughed! Marcus MacKenzie was standing beside his horse, and on beyond in the lane a carriage was rolling away, from which came piteous screams from Jerry.

“Pollyop,” entreated Robert.

But Polly had bounded from him toward the man and the horse.

“I hope,” she shrieked at MacKenzie, “I hope your hands'll wither off! I'm wishin' all you love'd die before your eyes, an' every day I'll be askin' 'Granny Hope's lovin' God to do y' an' till you drop rottin' in your grave.”

Marcus had halted with his foot in the stirrup. He had heard every word she had uttered; and drops of cold sweat gathered on his brow. Then, with an oath, he vaulted into the saddle, put the spurs to his horse and galloped up the hill after the retreating carriage.

Robert was leaning limply against the side of the shanty when Polly moment MacKenzie was silent. Her eyes had an expression of such hate and deadly determination in their singular brown depths that for a moment he held his breath.

“If you take him,” she spoke at last, “why, d-n you, I'll kill you!”

At first MacKenzie eyed her contemptuously. What did such a girl's threats mean to him? Then he laughed. And that laugh stung the sensitive girl more than if he had struck her.

“You took our Daddy Hopkins,” she said, drooping a little at the telling, “but Jerry—He's my baby, an' I love him home. You hear, the hull of you don't you?”

Her eyes were roving from one to another, but her voice lowered on each word, because in the steady gaze of Daddy MacKenzie and his deputies she saw no relenting.

“I'd rather he'd die,” she screamed, “I'd rather he'd be next to Granny Hope in the graveyard—Get out of my eyes!”

The scene was even more nerve-racking than MacKenzie had expected. “Take him away from her, Bowers,” he ordered, turning to one of the men. The man spoken to stepped forward with evident unwillingness; but a shout from MacKenzie made him grab for

the child. With one hand the frenzied girl beat at him with all her energy, but he struck down her slim young fingers as if they had been twigs. Though Wee Jerry by the shoulders. But to disengage the boy's clutch from the chestnut curbs called forth all the quickness the man possessed. Polly struggled madly, and the child shrieked and clung to his sister with all the puny strength he had.

CHAPTER XIII—Continued.

"You're here, young man," he said. "Well, muddling in this business? Do you any good. Didn't I tell you yesterday what I intended to do and you had the nerve to upset me about it? You're making me feel like a laughing stock if I don't want to witness a little of your long day."

"Get out with him before she cuts up any more," growled Marcus, as Polly bounded forward only to be met by the speaker's outstretched arms. "If you make another scene, my lady," he rapped out, "I'll have you arrested for obstructing the law. And remember this, huzzy, I'm going to get you next."

"What you goin' to do with him, mister?" she begged, wringing her hands. "Tell me that! I can't let 'im go till you do!" She caught at his arm, and the strong brown fingers dug deep into his flesh.

"What you goin' to do with him, mister?" she begged, wringing her hands. "Tell me that! I can't let 'im go till you do!" She caught at his arm, and the strong brown fingers dug deep into his flesh.

"I hope," she shrieked at MacKenzie, "I wishin' all you love'll die before your eyes, an' every day I'll be askin' Granny Hope's lovin' God to do it, an' you till you drop rottin' in your grave!"

"You scot, too," she said to him; "get out, an' stay out; an'—an' tell your little blue-eyed cousin, I say, I hope if she ever has a baby it won't have no eyes to see 'er with, nor no mouth to kiss 'er with—I hope—"

"I'd rather he'd die," she screamed, "I'd rather he'd be next to Granny Hope in the graveyard!—Get out of here, I say!"

"God-Almighty, Polly brat!" exclaimed Larry Bishop one evening, "what made you come out a night like this, huh?"

"I've come, Larry Bishop," she began gravely, "to ask you to help me to even up a little with Old Marc."

"The squatter's head went up, and a startled expression shot into his fierce eyes. Then he sank lower in his chair, and the fire died out of his countenance."

"You can get even with that d—n brute," he muttered after a while. "Squatters can't! We'd all go to Auburn if we muss up him or his'n."

"An' you're gettin' sorry by the minute, La'ry," he said, "she returns givin' him a smart rap. 'Stand up, Larry man, once—' A sudden spasm of emotion thrust into her throat such an ache that for several seconds she was unable to conclude."

"It's done by God!" he hissed, almost strangling behind a shaking hand. "I were most awful, Polly. If I'd stuck a hog in the gizzard, the squealin' couldn't 'a been worse."

Dr. W. H. Beasley, Assistant State Health Officer, is in Washington, D. C., attending the national meeting of the State Health Boards.

Burnett Pharr, well-known musician of Austin and also a student of the University of Texas, was re-elected to direct the Longhorn band for the coming year.

D. E. Lyday, president of the Texas State Farmers' Union, has mailed his resignation to State Secretary A. L. Baker, at the organization headquarters in Houston.

The State Fire Insurance Commission has set Monday, June 13, to begin the hearings on the revised and general basis schedules and will continue them for several days until all interests have been heard.

The twelve-month test conducted by the American Jersey Cattle Club in Texas has been concluded and a cow bred in Jackson was won by a big margin, her record being 15,000 pounds of milk and 910 pounds of butter fat.

Commissioner of Agriculture Geo. B. Terrell, in appealing for planting seed to replant the flooded districts of Texas, declared that "there is no need of appealing to the Federal Government for help" and that the State is able to take care of the situation, and should do it.

The State Fire Insurance Commission has awarded good fire record credits to three additional towns, the maximum of 15 per cent deduction from the final rate being allowed in Harlingen, Groesbeck and Mesquite with three-year fire loss ratios of .120, .128 and .049, respectively.

Finding no error calling for a reversal, the Court of Criminal Appeals affirmed the case of Clemente Apollinar, from Bexar County, convicted of the murder of Theodore Bornhard, 13 years old, Aug. 19, 1921, and given the death penalty.

The Attorney General's Department has held that the "bank savings and life insurance plan" offered by certain life insurance companies and co-operating banks conducted by the bank's agents within the definition of the law, and therefore such contracts can not be approved by the Commissioner of Insurance and Banking.

Invitations are coming in daily mail to Governor Neff to deliver commencement addresses at various schools and colleges in the State. Suggestion has been made that the Governor prepare an address and that it be broadcast by the radio station at the University of Texas. Many of the Texas schools and colleges have radio equipment.

Fever and intestinal troubles have developed in the flooded areas in Southeast Texas, according to reports received by the State Health Department, and under instructions of State Health Officer John H. Florence, Dr. M. P. Smartt of the Health Department has been sent to make investigation and to assist local health authorities.

An issue of \$510,000 of waterworks bonds of the town of Childress was approved by the Attorney General's Department. The bonds mature serially and bear 5 1/2 per cent interest. The department also approved a \$20,000 issue of bonds of Theodore Independent School District, Bell County, maturing in forty years, 6 per cent interest.

Judge John C. Wall was sworn in as First Assistant Attorney General. The oath was administered by Chief Justice C. M. Cureton of the Supreme Court.

Judge John W. Bullock of Brownwood, appointed an assistant in the Attorney General's Department, has assumed his duties and will have charge of the land questions and land litigation of the office. Some time ago Judge Goodwin moved his family to Austin that his children might attend the State University. Frank Kemp of Vernon, the second new assistant, is expected to reach Austin this week.

The Railroad Commissioner granted the petition of the Wichita Falls, Ranger & Port Worth Railway Company, to discontinue trains 3, 4, 7 and 8, between Dublin and Breckenridge and to substitute one regular passenger train each way daily. Lack of business was given as the cause for the cancellation of the second train each way daily. This matter was heard at the May hearing of the commission.

Two National Guard infantry companies have been inspected and recommended for Federal recognition and there are ten more companies which will be inspected as soon as the Federal inspector can reach them.

Upon advice of the Attorney General the Railroad Commission holds that it can not compel a railroad company to provide telegraph facilities at any of the company's stations.

CALOMEL GOOD BUT TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones.

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your blue like dynamite, crumpling and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.—Advertisement.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends. Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

**ABILENE WANTS RAIL-  
ROAD TO CROSS PLAINS**

The Cross Plains-Pioneer field of Eastland county has what is claimed the biggest producer of 45 gravity oil in the world. The well is making 7800 barrels daily, according to reports, and proves that the Cross Plains-Pioneer district is one of the greatest fields yet discovered in the state. Abilene is losing a big opportunity if she fails to get in on this. A railroad to Cross Plains will do the trick. It will take a pile of money to build such a line, but Abilene business interests should undertake the task of getting the road through, some way or other. A road to the Cross Plains-Pioneer field would make Abilene a second Wichita Falls.—Abilene Daily Reporter.

**T. A. COPPINGER  
WAS PIONEER CITIZEN**

In last week's issue of the Review news of the death of T. A. Coppinger, who died at his home in Cottonwood, reached us in time for only a brief mention of the passing of this good man. Mr. Coppinger was among the most prominent as well as one of the pioneer citizens of the Cottonwood community, where he has lived for the past twenty years and reared a large and interesting family. He was born in Monroe county, Tenn., Feb. 6th, 1865, and married Mrs. Minnie T. Jones in 1889. To them were born 15 children, 14 of whom are still living in this part of the country. Deceased professed faith in Christ and united with the Missionary Baptist church thirty years ago. He was buried in the Cottonwood cemetery Wednesday afternoon of last week, with I. O. O. F. honors, a number of the members of the Cross Plains lodge attending, and the funeral services were conducted by Rev. B. M. Lawrence of Abilene.

**AIRDALE DOGS ARE DANGEROUS**

The airdale dog, through its traits of natural viciousness, after it becomes grown, is a dangerous nuisance and a source of constant fear to every person in the locality of a town in which they are kept. They are by nature and appearance an item of satisfaction merely through an individual fancy or price which their owners have been lead into paying for them. They will attack man, woman or child at any place of meeting that suits their convenience. They are at present not very numerous in Cross Plains, but they have attacked and bitten persons on the streets of Cross Plains. They enter yards and kill every house cat in communities where they are kept, and one good rat-catching house cat is of more real value to its owner than a carload of shaggy airdale dogs could ever be to their owners. They should not be allowed, after they attain the age of viciousness, to run on the streets or leave their premises unless securely muzzled. If their owners are able to pay the fancy prices for them, this little requirement and added attention, as a protection to the people, should not be objectionable.

**HEAVY RAINS KEEP CITY

The recent rains have more or less played havoc with certain portions of the main streets of the town but they are being put in good condition by dragging and grading under the supervision of Street Commissioner John Westerman. The low places and "chug holes" on Main and 8th streets have been filled with clay and gravel. Filling-in and grading work has been done on a number of the other streets.

THE STATE OF TEXAS  
To the Sheriff or any Constable  
Callahan County—Greetings

You are hereby Comanded to summon T. J. Christopher by making publication of this Citation once in each for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 42nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 42nd Judicial District, to appear at the next regular term of the County Court of Callahan County, to be holden at the Court House thereof, in Baird, on the 1st Monday in June A. D. 1922, the same being the 5th day of June A. D. 1922, then and there to answer a petition filed in said Court on the 5th day of May A. D. 1922 in a suit, numbered on the docket of said Court No. 533, wherein Higginbotham Bros. & Co. is Plaintiff, and T. J. Christopher is Defendant, and said petition alleging The State of Texas, County of Callahan.

In the County of Court of Callahan County, Texas, June Term, A. D. 1922.

To the Hon. J. R. Black, Judge of Said Court:

Now comes Higginbotham Bros. & Co., a private corporation organized and existing under and by virtue of the laws of the State of Texas, with its principal office and place of business in the town of Cross Plains, Callahan County, Texas, hereinafter styled plaintiff and complaining of T. J. Christopher, whose residence is unknown, hereinafter styled defendant, and for cause of action alleges:

1. That heretofore, to-wit: On the 30th day of January 1917 the defendant, T. J. Christopher, made, executed and delivered to plaintiff, Higginbotham Bros. & Co., his certain promissory note for the sum of \$400.00, bearing date of January 30th, 1917, and due on demand, payable to Higginbotham Bros. and Co., or order, Cross Plains, Texas, bearing 10 per cent interest from date until paid, and providing for 10 per cent attorneys fees for collection if not paid at maturity.

2. That by reason of the execution and delivery of said note as aforesaid, the defendant became liable and promised to pay plaintiff said note according to its face and tenor, effect and reading thereof; that said note is past due and unpaid and defendant, though often requested, has refused to pay and still refuses to pay said note or any part thereof to plaintiff's damage in the sum of \$750.00.

3. That plaintiff has placed said note in the hands of Hart, Harrell, Wilkinson & McGaugh, attorneys-at-law, and that suit has been brought to enforce collection thereof, and plaintiff has contracted and agreed to pay the 10 per cent specified in said note as attorneys' fees.

Premises considered, plaintiff prays the court that citation and process issue by publication to defendant as the law requires, and that upon the final hearing hereof, that it have judgment for its damage, for attorneys' fees and for all costs of suit, and such other and further relief as in law and equity it may show itself entitled to, and will forever pray.

Hart, Harrell, Wilkinson & McGaugh, Attorneys for plaintiff.  
The State of Texas, County of Callahan.

Before me, the undersigned authority, on this day personally appeared T. W. Anderson, agent for Higginbotham Bros. & Co., who, being by me duly sworn, deposes and says: That the residence of defendant, T. J. Christopher—defendant in the above cause—is unknown to affiant.

T. W. Anderson.  
Subscribed and sworn to before me, this the 3rd day of May, A. D. 1922.

**SIGHTSEEING PARTY GO  
DOWN WITH BRAZOS BRIDGE**

Four persons, members of a sightseeing party, were drowned when the bridge over the Brazos river, near Marlin, collapsed last week. The party numbered about twenty-five and all of them were on the bridge when it collapsed and were instantly precipitated with the wreckage into the swollen river. Mayor Frank M. Stallworth of Marlin was one of the four victims who drowned. It required swift action on the part of rescue parties to save all the others from drowning. The party had gathered on the bridge to watch the raging flood waters, under the pressure of which the structure suddenly collapsed. The Rev. H. W. Knickerbocker, a survivor, said there was no warning of danger until too late and all went down with the bridge, and in relating his experience after recovering from his exhausted condition, said he was kept busy dodging debris from the bridge until feeling safest under water, he dived and floated with the current for about two hundred feet. When he came to the surface, there were many people around him clinging to lumber torn from the bridge. He made for bank but was taken a considerable distance down stream. He grabbed a plank which afforded him a brief rest but C. M. Jeter was also clinging to it and fearing that it would not hold two men he relinquished his hold and told Mr. Jeter to stick to it. Mr. Knickerbocker then swam to what he thought was a bank but on arriving there it proved to be quick sand and he turned

across to the other side of the stream. He finally reached a landing and dragged himself out of the water falling exhausted on the ground. Here he was found almost lifeless.

None of those missing were seen after their first brief appearance on the surface following the crash. A later report on the disaster gives the number of persons who were drowned at six. A white man named Willkoski and a negro are included in the list. The bodies of these two and those of Dr. Allen and Mayor Stallworth have not been recovered.

**YOUTH BADLY MANGLED  
DEATH QUICKLY ENSUES**

DeWitt Bramlett, 14 years of age, son of Mr. and Mrs. W. H. Bramlett of the Edna Hill community, suffered painful injuries Monday morning about 9 or 10 o'clock, from which he died at 5 o'clock that evening. The young man was operating a cotton planter when he was thrown from the seat by a jolt of the vehicle and his leg caught on the axle around which it was twisted and he was thrown 'round and 'round between the wheel and the planter and the leg mangled, his body fearfully bruised and internal injuries also sustained. He was broken and wound about the axle in such a manner that it became necessary to take the wheel off the planter before the body could be extricated. An operation was had as soon as surgeons could be had, but his death ensued at 5 o'clock that evening. — Dublin Progress.

### GIRL BOBBED OWN HAIR TOLD HORRIBLE STORY

The DeLeon community was greatly aroused last week when a thirteen year-old girl told her father that while she was standing near the family mail box half a mile from her home, just outside the town, two men had attacked her, tied her hands behind her and cut off her hair, then had hurriedly escaped in a Buick car. Her hands were tied behind her, alright, and in a few minutes two men riding in a Buick car appeared and it was with difficulty that a lynching was prevented. The affair was related in the news items of the Review last week.

We notice in this week's issue of the Brownwood Bulletin that the first story of the girl, given to the Associated Press and printed in that paper, caused the pretended victim to become so frightened, when she saw the passion that had been aroused in the community, that she confessed she had cut her own hair, and her father made an apology to the community for the uproar that had been caused.

Going to the mail box ostensibly to wait for the appearance of the rural carrier, she bobbed her hair, tied her hands together and then bent over and stepped over them so that they came up behind her. She then ran screaming to her home and told the story of the alleged attack. The whole community armed itself and it is said that a lynching was on the immediate program when the little girl told the truth about the affair and brought calm to the situation.

#### NOTICE

Art. 826 of Criminal Statutes provides that if any person shall obstruct any public ditch or shall divert the water from its proper channel, he shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than five dollars and not more than five hundred dollars. It has been called to the attention of the Commissioners' Court that in certain parts of the county, citizens have been interfering with drainage ditches that drain the public roads.

Therefore, it is ordered by the Court, that the clerk give due notice of the above law by publishing same in the county papers and that when a road overseer or commissioner find that anyone has interfered with the proper drainage of the county road that such road overseer or commissioner request that such obstruction be removed, and that if same is not removed, then proceed to prosecute such offender.

### W. E. MELTON WITHDRAWS FROM COUNTY JUDGE RACE

To the Voters of Callahan County:  
In keeping with the policy I have advocated and have tried to exemplify by my services rendered as your public official in former years,

that the people who elect a public official is entitled to receive from him his entire time and ability. And should his personal interest require his time to such an extent that he cannot meet the requirements of a candidate or public official, his first duty is to resign.

And for that reason alone I am withdrawing from the County judge race. I would be very, very ungrateful at this time if I failed to express to you good people my appreciation for your loyal support. A support that could not and will not be forgotten by myself and my entire family as long as our time shall last.

My former services and experiences together with my personal

acquaintance has created within a desire far greater than I am able to express, that our offices should be held by honest and capable persons and that we will continue to be of the best law-abiding and law-enforcing counties in the State.

Very sincerely yours,  
Gene Melton

### EMPLOYEE AT KATY DE- POT FALLS FROM BOX CAR

Louie Langley, employee at the local depot, fell from a box car Wednesday afternoon and narrowly escaped serious injuries and possible death. The engine bumped into the box car upon which the young man was standing and he lost his footing and fell, rolling under the car and struck the ground. However, he was able to crawl to safety before the train started to move. He suffered many bruises on the leg and back and a few slight cuts. His injuries were treated by Dr. Tyson and he is able to be on the job again.
