Easter Week End Ushers In Stormy Weather And More Moisture To Area

The Easter Season is usually a time when all sorts of weather changes are evident. This year certainly was no exception. Rain coats were more in place than the new easter bonnets and storm cellars were more in demand than a comfortable sitting room throughout the entire week end.

Residents were first alerted with violent storm warnings last Friday and these warnings continued at various times through Monday and that was the climax. The cloud that moved over about 3 o'clock Monday afternoon was definitely a severe system and a tornado dropped down in the Leslie community a few miles east of Brice which would have placed the funnel about 20 miles or so southeast of here. Funnels were sighted at Hedley and also near Groom but none of these reached the ground. The one at Leslie ripped several farm homes and outbuildings and would have been of a very destructive nature had it struck in a more populated area.

While this was taking place at Leslie, many local residents took to storm cellars and other places where protection was greatest. It was quite an experience and most everyone was happy to see the bright sun and clear weather Tuesday morning.

The moisture totals over the week end have varied considerably with some areas receiving three to five inches. Willard Knox

reported a total of 2.54 for the month so far with 1.25 being received on the 19th, .47 on the 20th and .64 on the 22nd. The amount was reported heavier to the southwest of Lelia Lake and also to the northeast. Ben Lovell reported a total of 1.26 with .36 on the 19th, .30 on the 20th and .60 on the 22nd at Ashtola; J. C. Ashcraft reported .70 on the 19th, .55 on the 20th and .60 on Monday for a total of 1.85 at Goldston. Our local weather observer recorded .28 on the 19th, .29 on the 20th and .53 on the 22nd for a total of 1.10. Hail from pea size to marble size fell with each shower. The total moisture here in town for the month is 1.24. We had a high of 91 degrees here Thursday and our low for the month was 25 degrees on the 13th. It looks now like Spring has actually arrived and everything is turning green in a hurry.

Clarendon Tops Greenbelt FFA Dist. In State and National Chapter Contest

For the second consecutive year, the Clarendon Future Farmer Chapter was selected as the top chapter in the Greenbelt F.F.A. District in the State and National F.F.A. Chapter Contest. The Greenbelt District is composed of Childress, Paducah, Carey, Estelline, Turkey, Lakeview, Memphis, Wellington, Quail, Samnorwood, Hedley, Lelia Lake, and Clarendon. Last year the Clarendon Chapter was one of the three in Texas to receive the Gold Medal ranking, the highest honor that can be bestowed on a local chapter by the national organization. The local group will represent the Greenbelt F.F.A. District in the Area Chapter Contest at Amarillo on May 11th.

Julius Haralison of Quail won the district public speaking con-

test. Hubert Heatherly, the Clarendon entry, placed fifth in the contest. Janet Long, Estelline, was selected as district F.F.A. sweetheart; Rudie Tate of Samnorwood is the district's nominee for state officer; Dale Ratliff of Quail won the district farm mechanic's award, and Tate is also the district candidate for the Texas Farm Bureau Scholarship.

James Mahaffey, was the district winner in the farm electrification contest; W. T. Elliott in the Soil and Water Management Contest, and Doyle Graham was selected as the district nominee for the Santa Fe Railway College Scholarship. These three local youths will compete at Amarillo with the other district winners for top placing in the Area.

MISS NANCY HINDS

Miss Nancy Hinds will represent the Hedley Lions Club at the District Lions Club queen contest at the District 2TL convention in Lubbock May 2, 3rd & 4th.

Miss Hinds is the daughter of Supt. and Mrs. J. S. Hinds of Hedley. She won the recent beauty contest over eleven other contestants at the Hedley Theatre.

Twenty-Six Listed On Honor Roll

K. D. Vaughan, High School principal, released a list of twenty-six names this week of students that qualified for the 5th six weeks honor roll. Honor roll students may not have more than one grade below 90 and this grade must not be below 80.

Students listed were Gene Alderson, Clifford Beard, Dortha Bennett, Jimmy Carter, Margaret Cushing, Walton Crain, Evelyn Chamberlain, Joyce Eddings, Beth Gillham, Doyle Graham, Jimmy Graham, Elizabeth Graham, Glynell Hoggatt, Elaine Hopkins, Keith Hudson, Barbara Koontz, Linda Lamberth, Connie McMurtry, Dianne Moore, Maggie Morrow, Pat Owens, Sandra Pinkerton, Sheron Smith, Elizabeth Smith, Carolyn Thomas and Shirley Wiedman.

Dusters To Play Hedley Here Sunday

The Clarendon Dusters will play Hedley here Sunday afternoon in a practice game beginning at 3 o'clock. When these two teams get-together, you can always expect a first class game.

The Dusters will open their Caprock League play with Groom in May. The entire schedule has not been completed at present but should be forthcoming by next week.

Cancer Fund-Raising Campaign Seeks To Raise \$800.00 Here In Clarendon; Volunteers Ready For April 29-30th

Mrs. W. J. Lewis, Jr. will serve as chairman again for the 1957 educational and fund-raising campaign of the Donley County unit of the American Cancer Society. The campaign began in Texas on April 1, and will be on here in Clarendon April 29th and 30th.

Under her leadership, volunteers will seek to alert all residents to the need for regular health examinations as a protection against needless cancer and they will work to raise \$800.00. The national goal is \$30,000,000 which will be used to further the ACS three-fold fight of research, education and service.

"I am proud to be associated with such a meaningful public effort," Mrs. Lewis said. "Cancer, considered man's cruellest enemy, annually takes a toll of approximately 250,000 lives.

"Thousands of these persons could have been saved by prompt treatment had they known the life-saving facts about cancer and acted in time. That is why we stress the public education aspect of this campaign and urge all persons to have regular health examinations as a protection against

Services Held Sunday For W. E. Hastings

Funeral services were held Sunday afternoon in the Murphy Memorial Chapel for Willis Edgar Hastings with Rev. C. M. Ryan officiating.

Mr. Hastings, 87, died Saturday morning at his home here. He had been a resident of Clarendon since 1941, moving here from Bovina.

Survivors include his wife, Liza Bell; two daughters, Mrs. Callie Marchbank of Bowie and Miss Maggie Bell Hastings, Clarendon; a brother, Frank Hastings, Bovina; a sister, Mrs. Ruth Derrick, Clarendon and two grandchildren.

Pallbearers were Walter Clifford, William Payne, Ernest Kent, Bob Head, W. W. Taylor and Dick Vallance.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

HAROLD LINDLEY

Harold Lindley Named Star Lone Star Farmer Greenbelt FFA District

Harold Lindley, son of Mr. and Mrs. Dennis Lindley of the Chamberlain Community, was named Star Lone Star Farmer of the Greenbelt F.F.A. District at the District Meeting at Lakeview, Tuesday, April 23rd. This is the highest honor to be awarded in the district to any of its members.

Harold is a junior in high school and has been very active in his Future Farmer activities for the past three years. He will represent the Greenbelt District in the Area I meeting at Amarillo on May 11 and will compete for the Star Farmer award for Area I.

James Mahaffey, the Clarendon candidate for Area I office, tied with Pat Bradley of Samnorwood in number of votes cast, but lost the office by a flip of the coin. James is not applying for his Lone Star Farmer (State Degree) this year on the advice of Kenton Harvey, state F.F.A. President, and Jack Gampbell, last years area Star Farmer and second in state ranking. These two F.F.A. officers visited Mahaffey last December and told him that he had the best project program they had seen and that if he would wait another year to apply he should have a good chance for star lone star farmer of the area and possibly the state.

Revival To Begin At Assembly Of God Church

The Assembly of God will begin revival services Friday night at the local church and the visiting Evangelist, Rev. Lewis Mock will be here for the Sunday service. Services will be held at 7:30 p. m. each night, Rev. A. W. Harris, pastor, announced.

Rev. Mock has had a wide range of ministry with the Assembly of God Church, having served as pastor and Evangelist several years. He recently returned from a series of revival services in Cuba, Rev. Harris added. Everyone is welcome.

Stage All Set For 3 Performances Of Senior Play, Today And Friday

Spelling Bee To Be Held In Amarillo Saturday

Gaytha Arington, daughter of Mr. and Mrs. T. E. Arington of Goodnight will represent Donley County at the National Spelling Bee sponsored in this area by the Globe-News Publishing Company and to be held in Amarillo Saturday, April 27. Gaytha is thirteen years of age and an eighth grade student.

The contest will be broadcast over Radio Station KGNC starting promptly at 1:30, Saturday highlights of the contest may be viewed on TV Sunday. The broadcast will come directly from the stage of the Robert E. Lee School Auditorium.

Prior to the Bee, contestants will be guests at a luncheon given by the Globe-News. Billy Hearne, son of Mr. and Mrs. C. C. Hearn and a sixth grade student, will also be a guest at the Bee though he will not be competing. Billy is the champion in the Junior division having won in the county.

We congratulate both of these young people on having won these honors.

The Senior Class has been busy advertising and getting ready for their play which will be held Thursday afternoon, Thursday night and Friday night.

Tickets are now on sale for all performances. The Thursday matinee will be held for the students of the Clarendon public schools and college. 25c will be charged for the matinee. General admission for the two night performances will be 50c for students and 75c for adults.

"Gabriel, Blow Your Horn" is a hilarious 3-act comedy. The general setting is centered around a log cabin in the mountains which is occupied by a wealthy old maid and cared for by a mountaineer family.

Gabriel Pennington, played by Roland Hill, the head of this family is adept at blowing his own horn. This activity alone keeps him from being a perfect example of perpetual immobility.

Harold Dillon, played by Owen Johnson is a conceited dude and just a little bit dense in most matters except money and the art of impressing a wealthy old maid with an attractive niece.

The niece is played by Nedra Hodge. Other members of the cast are Joyce Eddings, Robert Mills, Chuck Cospo, Glenda Borden, Jimmy Gattis, Elizabeth Smith, Dela Jackson, Catherine Dingle, and Gene Alderson.

The Senior Class will appreciate your attendance; tickets may be purchased from any member of the Senior Class.

Governor Signs Greenbelt Amendment

We were informed by a wire from Rep. Will Ehrle Tuesday that Gov. Price Daniel had signed the Greenbelt Water District amendment and that the law becomes effective as of that day. This will allow the various towns interested in the project to participate with an opportunity to withdraw, at a later date. Permanent participation will come about through elections in each area.

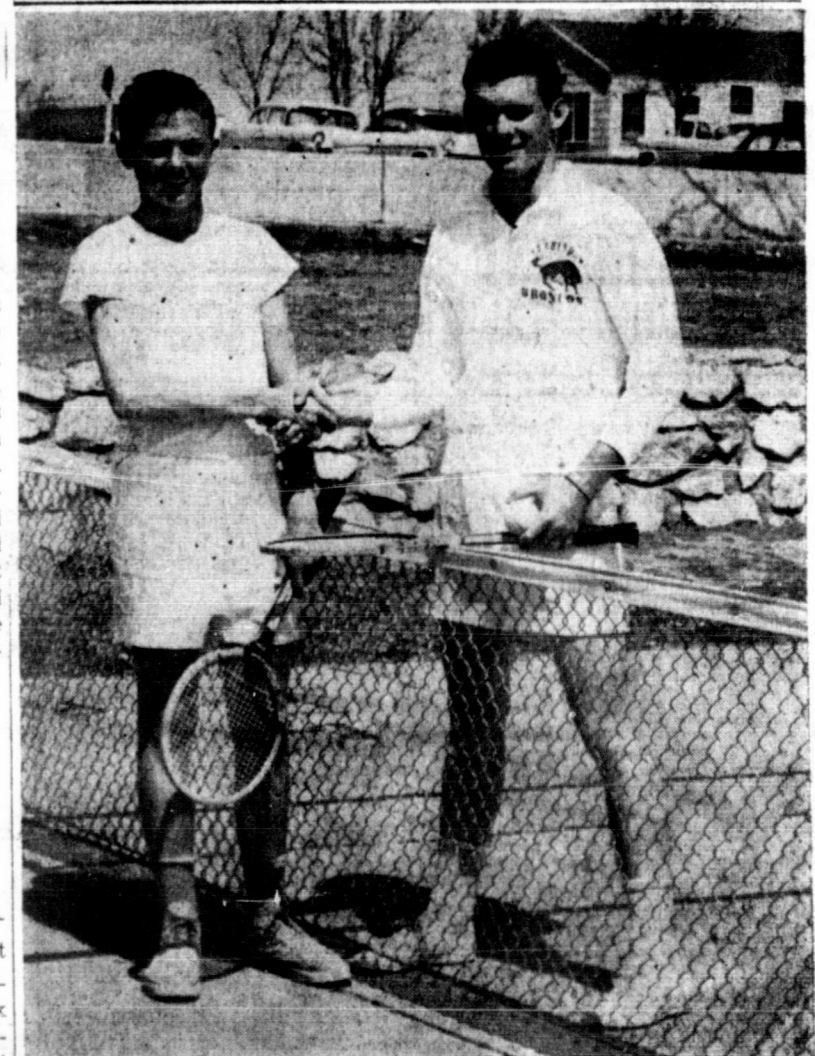

NOTICE

The Sims Parent-Teacher Association will meet in regular session, Thursday afternoon, April 25th, in the Junior High School Auditorium at 3 o'clock.

Nursery facilities will be provided for pre-school children. Members are urged to be present.

WTSC LISTS CANDIDATES FOR DEGREES

The names of candidates for degrees at the spring graduation exercises at West Texas State College May 26th have been released by Dean Juniper. Several from our area have been included on the list. They are: Clara Gillham of Clarendon, and John C. Stepp of Lelia Lake, candidates for the Master of Education degree; Floyd Henson of Clarendon, the Bachelor of Business Administration degree; Tom Adamson and Johnny Brumley of Hedley, and Cliff Stogner of Clarendon, the degree of Bachelor of Science.

REGIONAL CHAMPIONS—Owen Johnson, left, and Eddie Joe Baten swept through the regional tennis competition at Lubbock recently and will represent Clarendon High School in the State Meet to be held in Austin on May 2, 3, 4. Both boys are seniors and have been playing together for the past four years. In the regional meet they defeated Groom, Friona, Quitaque and Rule without losing a single set. FROM WARM SPRINGS FACT & FANCY

by W. H. Richter

Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.

A man I instinctively dislike is the French fashion designer, Christian Dior. This is the character who could decree that our womenfolk ought to wear gunny sacks to be fashionable, and our

dolls would make a mad scramble for all available gunny sacks.

Even if it meant dumping the goobers on the ground.

I know that I will be accused of being jealous of this man for his power over women, but that's not true at all. What chaps me is the way he abuses his power. The trouble with Dior is that he beats his brains out figuring out how to make women look like everything under the sun except what they are supposed to look like—namely women.

Last season he moved the waistline about and did his best to create "The Flat Look" from the waist up. This season he's promoting "The Tall Look" by featuring long tube-slim skirts with the hemline almost at the ankle.

One fashion writer refers to the new silhouette as having "more than a hint of the vampire"—which is all right if you want to look like an old bat. I maintain that Dior ought to

be working to accentuate "The Natural Look" because, after all, the Architect who did the original blue-prints on gal-people knew pretty well what He was about. And I can get plenty of testimonials from the male-creatures on this point, if you wish.

What we guys are interested in is "The Second Look" and, if you ladies would wizen up, you wouldn't be making too many bizarre adjustments on your accessories just because this Dior foreigner says it is the thing to do.

We like the gals just like they are. Besides, it costs us money every time one of their gowns goes out of style.

A great deal of emphasis is placed on patient morale at the Gonzales Warm Springs Foundation. And in this area no agency can approach the record of service and accomplishment of the American Red Cross Gray Ladies. Gray Ladies from Lockhart,

Seguin, Moulton, Yoakum, and Gonzales have formed the Palmetto Council for the express purpose of serving the patients at Warm Springs. This, incidentally, is the first non-military Gray Lady council in the United States.

Gray Lady activities, which are integrated with the Foundation recreation program include storytelling, letter-writing, parties, games, picnics, crafts, etc. It is truly a wonderful contribution.

BIRTH OF A TORNADO occurs when a cold and a warm air mass collide, and the heavier cold air is deflected above the lighter warm air. In this topsy-turvy situation, a tongue of cold air dips into the warm air, which in turn moves upward to fill the void thus created. As the warm air rushes upward in a spiral motion, other warm air is sucked upward from lower levels, until the ground is reached. The funnel is made visible by condensing moist air, dirt and debris. As the twister leaves its trail, Red Cross, civil defense and other public services rush in to care for victims, while the Federal Civil Defense Administration stands ready with financial aid to assist in temporary repair of devastated public facilities in a major disaster. GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we are announcing "Fort Griffin on The Texas Frontier" by Carl Cokerister. This is an interesting account of the Fort established in 1867 and afterwards abandoned. Texans have so many hundreds of books relating to the history of their state, and its importance to the nation that they can justly be proud of Texas. This book is in memory of Mr. Bingham, and some others have been ordered for boys from his memorial fund.

We have a child's book—"Tweeter of Prairie Dog Town" by Flavia Gag. This writer was not fortunate enough to see a real prairie dog town on the prairie but observed Tweeter in a zoo. Clever story for children. Then, we have Max Brand's "Outlaw Breed," "Follow Your Dream" by Jennifer Ames, and "Winds of Fear" by Maysie Greig. The last two are for the teenage girls as we have quite a few readers in this group.

A friend of our Library sent us several copies of children's magazines and some books for children this week. We purchased four used books at the Second Hand shop. They were half price, so we "scraped up" fifty cents for them. Our little people from the first grade will be disappointed over their reading shelf as there are very few books for them. Their books average from \$1.25 to \$1.35 per edition.

ASHTOLA NEWS

Mrs. Doyce Graham

We all enjoyed watching Gene Evans on TV on Texas in Review Monday night. He was a judge for the Mrs. America Contest and certainly made us all very proud of him. He is doing exceptionally well with his position with the Powers Modeling Agency.

Dwayne Patterson was honored with a birthday party Monday at 3:00 in his school room. His mother baked a pretty cake and served his room punch. All enjoyed it.

ERRATIC TRAIL left by the twister which hit Flint, Mich., on May 12, 1956 is typical of tornadoes as the funnel weaves and bobs over the landscape, generally in a southwest to northeast direction. Civil defense rescue squads, trained to dig persons out of bombed-out buildings in wartime, find their training equally useful in this type of disaster. (Flint Journal Photo by Russ Scott)

"A Feed For Every Need"

FEED GRINDING, ROLLING & PROCESSING

Recently, Purina research workers asked poultry staff men in 9 leading poultry states to estimate the total amount of feed required—on the average—to grow a pullet in their states. Shown here is the average of the figures they supplied, compared with Purina feed requirements based on records of thousands of pullets raised at the Purina Research Farms.

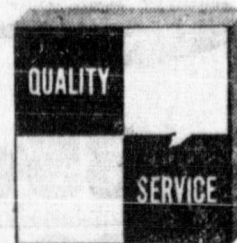

| FEED REQUIRED TO GROW OUT PULLETS* | | |
|------------------------------------|--------------|--------------|
| | Light Breeds | Heavy Breeds |
| 9-state average..... | 23.1 lbs. | 28.0 lbs. |
| Purina Program average.. | 19.3 lbs. | 23.8 lbs. |
| Saving per pullet on Purina | 3.8 lbs. | 4.2 lbs. |
| Saving per 100..... | 380.0 lbs. | 420.0 lbs. |

*From day-old to laying

here's how to grow 100 sturdy, big-framed Purina pullets on 250 pounds less feed

Most poultry raisers recognize that Purina Growing Chows have the quality and ingredients to grow sturdy, big-framed pullets. But not all realize that Purina Chow efficiency often makes it much lower in feeding cost than feeds with cheaper price tags. The table above shows the important difference in number of pounds of feed needed to grow out Purina pullets, compared with the average in 9 leading poultry states. The Purina Research staff rounded off the figures to 250 pounds less Purina Chow for light breeds, and 400 for heavy breeds. This saving of feed increases the value of Purina complete Growing Chows by 30¢ to 40¢ per bag (50 lbs.)... or 60¢ to 80¢ a bag more for Growing Chow fed with scratch grain. Thousands of poultrymen have found that they can use high-quality feed... and make money doing it. We know this. And, we're anxious to show you how you may cut feed costs with your pullets.

Pullet Health Hint—Now, with Purina Liquid Poultry Wormer, you can worm each 100 pullets for less than 25¢! Best time is when they are 10 to 12 weeks old, with a second treatment just before housing if your ranges are used heavily. It takes only one dose in the drinking water. Order Purina Liquid Poultry Wormer right here at the Store with the red-and-white Checkerboard Sign.

Annual Junior-Senior Banquet Held

The annual Junior-Senior banquet was held Thursday evening, April 18th, at 7:30 in the atmosphere of the Stork Club with Lions Club Hall decorated as the famous night club. There were the Hat Check girls, Cigarette girls, photographers, and black faced waiters dressed in dark trousers and white shirts to lend emphasis to the surroundings.

Colors of blue and silver and the school colors of maroon and white were used in decoration. Walls were covered with a background of blue with silver stars and the ceiling was covered with drapes and swags of the same colors. Maroon curtains were at the window and to the back of the hall there was a white curtain with pictures of many of the famous movie stars who frequent the Stork Club.

Tables were laid with white cloths and maroon satin streamers extending diagonally across. A blue and white floral arrangement of carnations marked the head table where a miniature Stork pointed out the speaker. The meal was served by candlelight.

The menu featured an appetizer of orange slices, combination salad, fried chicken with creamed potatoes and English peas, hot rolls and butter, cherry cobbler a-la-mode, and ice tea.

The invocation was given by Jerry Behrens and the program

was presented between courses of the meal. A baritone solo was played by Andra Pinkerton. Keith Hudson as master-of-ceremonies gave the traditional Welcome and Robert Mills, the Response. Humor throughout the evening was provided by Chuck Cosper, the local Walter Winchell. Phyllis Hill and Walton Crain entertained with a dance number.

Attending the banquet were all members of the Junior and Senior classes, High School faculty and school board members and their guests.

The annual "Prom" was held at the Legion Hall, music being furnished by the "Sainted Six" from Canyon.

The same colors were used in decoration. Lights were covered with blue cellophane and streamers of blue with silver fell from large silver stars. In the center of the room was a large fan resting on a silver base with the letters "C.H.S." The bandstand was backed with the same paper and silver lettering on the curtain pointed out "The Sainted Six."

Everyone reported a most enjoyable evening.

BUSINESS WOMEN'S CIRCLE

The Business Women's Circle of the First Baptist Church met Monday evening, April 22, in the home of Emma Ayers. Mrs. A. T. Cole brought the Mission lesson on the Carver School.

Six members and two visitors, Mrs. Addierene DuBose and Mrs. A. T. Cole, were present.

The next meeting will be May 13th at 7:30 in the home of Mrs. George Thompson. —Reporter.

GOOD NEIGHBORS CLUB TO MEET

The Good Neighbors Club will meet with Mrs. J. H. Helton Friday, April 26, with an all day quilting.

GARDEN CLUB

On Thursday afternoon, April 18, Mrs. Carroll Knorpp and Mrs. Floyd Lumpkin entertained members of the Garden Club at Patching Club House.

The president, Mrs. John Goldston, presided over the business session. The secretary, Mrs. Lee Holland, gave her report. Plans have been made to beautify the Hospital grounds by the planting of bulbs and flowers of different varieties.

Mrs. J. L. McMurtry presented the program entitled "Grow Glads and Be Glad." She stressed the particular time for planting, the kind of soil, and the culture for growing the better varieties. Glads are the favorite flower for all occasions and come in many lovely colors. She pointed out that Good Friday was the ideal planting time; bulbs should be planted in rows as iris in a place where there is an abundance of sunshine. Plants need plenty of water and a good fertilizer. In closing she mentioned the fact that the Glad originated in South Africa.

Due to the threatening weather the remainder of the program was not completed.

Refreshments of lemon bisque and coffee were served to Mesdames Bill Greene, Pete Kunz, J. L. McMurtry, O. C. Watson, John Goldston, H. T. Warner, Lee Holland, and Misses Ida and Etta Harne, by the hostesses Mrs. Knorpp and Mrs. Lumpkin.

The next meeting of the club will be Guest Day, Friday afternoon, May 17, at Patching Club House. Mrs. Jones Christian will show slides of Pacific Northwest Gardens. —Reporter.

EASTER DINNER AND EGG HUNT

Mr. and Mrs. A. S. McAnear entertained with an Easter dinner and egg hunt Sunday with thirty-one present to enjoy the occasion.

Those attending were Mr. and Mrs. Price Webb and family, Mr. and Mrs. Steve Reynolds, all of Clarendon; Miss Billie Wilkerson, Lelia Lake; Mr. and Mrs. Eddie Reynolds and boys of Amarillo; Mr. and Mrs. George McCracken and Ronnie of Alameda; Mr. and Mrs. Wallace Cox and family of Pampa.

MARTIN QUILTING CLUB

Martin Quilting Club met at the schoolhouse April 18th with Blanche Higgins. A delicious covered dish luncheon was served at the noon hour, and a wedding ring quilt was quilted for the hostess.

Visitors were Mrs. J. M. Graham, Della Barker, Alice Pittman, Lois Hutchins, Minnie Cannon, Beth Waldrop, Linda Stout. Members present were Lois Stevenson, Blanche Higgins, Lela Bulman, Linnie Cauthen, Eunice Land, Veda Elliott, Annie Waldrop, Margaret Waldrop, Dorothy Sullivan, Jonnie Stout.

The next meeting will be Thursday, May 2nd with Linnie Cauthen as hostess in the home of Mrs. George Bulman. —Reporter.

ASHTOLA NEEDLE CLUB

Ashtola Needle Club met Wednesday afternoon in the ranch home of Mrs. Charlotte Word. After a short business session, Mrs. Word brought a very inspirational Easter program. The group enjoyed singing hymns.

The hostess served cake and ice cream to two visitors, Mrs. Julia Shelton and Mrs. Liz Moffett, to members Mesdames: Fern Patterson, Elizabeth, Lena and Viola Graham, Nell Gray, Jo Harp, Bell Jones, Isla Marshall, Alene Partain, Anna Porter, Roeda Rattan, and Ruby White. —Reporter.

GOLDSTON QUILTING CLUB

The Club met with Mrs. Blanche Gray Friday afternoon to quilt and have their annual Easter party. One quilt was almost finished.

Refreshments of cake and cold drinks were served to members: Joy Roberson, Minnie Roberson, Billie Ashcraft, Mazie Eichelberger, Connie Talley, Nora Smith, Nina Dale, Ola McBrayer, Gertrude Reid; visitors Sue Yankee of Amarillo, Mr. and Mrs. Dean Bier, Sue and Deana of Canyon by the hostess Blanche Gray.

Next meeting will be Thursday, April 25th with Mrs. Pritchard. We were sorry Adgar Williams was in the hospital and couldn't be with us, and hope she will be able to be back with us soon. —Reporter.

H. D. CLUB

The senior H. D. Club met Friday afternoon, April 19, in the home of Mrs. Clyde Butler. Meeting was opened with Club Collect read by Mrs. Bertha Benson. A short business session was held and the secretary's report heard.

Roll call was answered with current events. Refreshments of crackers, cheese, cookies and Cokes were served to Mesdames O. C. Watson, W. L. Jordan, Virgil Poole, Bennie Crabtree, and Bertha Benson by the hostess, Mrs. Clyde Butler. —Reporter.

CHAMBERLAIN COMMUNITY

We met for our regular Friday night party April 19. Entertainment was an old fashioned spelling bee. Pie and coffee were served. Mrs. Alford Ivey was hostess. The evening was enjoyed by all. —Reporter.

SOCIAL SECURITY INFORMATION

Social security payments can be paid retroactively for only one year before the formal application is filed, if entitlement exists in the earlier months, according to John R. Sanderson, Manager of the Amarillo District Office.

"There are some rare occasions," he went on, "when a person claims benefits, fails to prove entitlement for a number of months, then succeeds and gets back payments for more than a year from the time he furnished the last bit of evidence on which his eligibility depended."

"Ordinarily, such occasions are few and far between, as a social security office is usually able to help most people gather, in about three weeks or so, any evidence needed to prove their rights to benefits," added Sanderson.

He further stated that the vast majority of the more than nine million people now receiving monthly social security payments had no trouble getting their checks started. It was thus not necessary to pay them retroactively for more than a month or so unless they had delayed filing their claims for many months past their initial eligibility.

"We have always suggested that the nearest social security office be notified when a possible claimant reaches the age of 65, or when a person insured under social security dies," Sanderson concluded.

Mr. and Mrs. Reagan Bryan visited through the Easter holidays with their daughter and family, Mr. and Mrs. Claude Siddle, and her sisters, the Misses Bell, in Dallas, returning home Monday.

Texas Ranks High As Tourist State

AUSTIN—Texas last year played host to 8.4 million out-of-state visitors who spent a total of \$379 million while in the state, D. C. Greer, State Highway Engineer, announced today. A report on the Texas tourist industry for 1956, released today by the Texas Highway Department, shows that the average tourist stayed 5.9 days and spent \$7.71 per person.

For the first time, a survey of accommodations used by tourists has been included in the report. The majority, 62 per cent, favored motels, 9 per cent stayed in hotels, 5 per cent camped out, and 24 per cent used other accommodations including trailers and homes of friends and relatives.

A total of 3.1 million vehicles carrying an average of 2.7 persons each entered the state in 1956. California again led the list of out-of-state visitors by sending 1,223,000 to our state. Louisiana was second by sending 645,000 to our state.

From a study of other states, Texas ranks high as a tourist state, topping the popular state of Florida by more than 4 million visitors last year.

Figures used in preparing this annual report are obtained from survey cards distributed to tourists at the seven Highway Travel Information Bureaus located on major highways at the state's borders, Greer stated. Information from these cards is supplemented with data from other sources to compile the report, he said.

More than 170,000 out-of-state visitors, in addition to 65,794 Texas vehicles, stopped at the Texas Highway Department Information Bureaus last year and

through the use of descriptive material and their knowledge of the state and its attractions, Bureau personnel increased the mileage of each out-of-state vehicle by 13 per cent.

In addition to operating these Travel Information Bureaus, the Highway Department publishes and distributes the Official Highway Travel Map, road condition bulletins, and other descriptive materials in an effort to assist and stimulate travel in Texas, Greer said. During 1956 the Information and Statistics Division of the Department answered 210,700 requests from the public for travel information. The division also maintains a large collection of 35 mm color slides on points of interest and travel data which are furnished free to civic groups and schools throughout the country.

Traffic Cheaters Are The Real Accident Makers

"Too many motorists play the game of Cops and Drivers!" So said J. O. Musick, General Manager of the Texas Safety Association, in connection with the Know and Obey Traffic Laws program launched this month by the Texas Safety Association.

The safety expert asserted that drivers and pedestrians who are always cheating in traffic are the real accident makers.

"Fortunately," he said, "most motorists and pedestrians obey traffic laws and regulations most of the time. If they didn't, our accident rates would soar to even greater heights."

"Statistics show that traffic law violators figure largely in traffic fatalities. In four out of five fatal

accidents one or more driver violations are reported."

"Many of these violators feel that only suckers obey the laws. They know all the angles and short cuts. You know these characters—the ones who always overdrive the posted speed limits. They jump the red lights at intersections. They weave from lane to lane and sneak by on your right if you slow down at an intersection. They never really stop at stop signs."

Citing the record, Musick said the most frequent violations reported in fatal traffic accidents are excessive speed, failure to yield the right of way, failure to keep to the right of the center line and disregard of an officer or traffic control device.

Mr. and Mrs. Tom Corder of Hart, Texas spent the week end here in the homes of friends and relatives.

Billy Waddell visited Billy Joe Percival of Grand Prairie in the Herman Percival home Saturday afternoon.

A. N. Hamrick who fell and broke a hip last week is reported slowly improving in the Groom hospital.

Dr. James D. Swift Jr. of Wichita Falls spent the Easter holidays with his parents, Mr. and Mrs. J. D. Swift.

Mr. and Mrs. Ray Hefner and Patsy of Amarillo were visitors Sunday afternoon in the home of his parents, Mr. and Mrs. A. O. Hefner.

Mr. and Mrs. R. H. Word and children of Amarillo spent Easter Sunday with his parents, Mr. and Mrs. Will Word.

The USS Holland, which became the first undersea craft to be commissioned by the U. S. Navy was accepted on April 11, 1900 for a price of \$150,000. Today's atomic submarines cost about \$30,000,000 exclusive of the power plant.

Modern submarines can travel faster submerged than on the surface. They can fully submerge in less than one minute.

Both the highest and the lowest points above sea level in the United States are in California.

Grasshopper Menace Forecast For Many Panhandle Counties

Farmers and stockmen in Donley County are advised by H. M. Breedlove, County Agent, to be on the alert for possible damaging infestations of grasshoppers during this spring and summer.

Based on surveys made by the USDA, the entomologists say that infestations ranging from very severe to light are forecast for the Panhandle, with Dallam, Moore, Hartley and Potter counties in the very severe area. Threatening is the term used to describe an even larger area to the east. Possible severe infestations could occur in Knox, King, Dickens, Motley, Floyd, Briscoe and parts of Crosby, Swisher, Hall, Donley, Armstrong, Randall, Deaf Smith and Castro counties. Also in parts of Wichita, Clay, Sherman and Hansford counties.

Threatening to light infestations could occur in wide areas from the Red River south into deep central Texas. The situation at present, points out the County Agent, should be watched very carefully. The first nymphs, newly hatched 'hoppers, have been found in the Brazos River bottom and hatching will progress northward with favorable weather.

The time to do the most effective job of controlling 'hoppers, emphasizes the County Agent, is before the young leave the hatching grounds. Roadsides, field margins, ditch banks and idle lands bordering cropland should be watched carefully for the appearance of young 'hoppers. When numbers justify the use of control measures, several insecticides are readily available for doing the control job and include aldrin, dieldrin, heptachlor, toxaphene and chlordane.

The County Agent suggests that he be contacted for complete details on control measures and when and how they should be applied. The insecticides are poisonous to man and animals as well as grasshoppers and the manufacturers directions should be followed closely.

FARM NEWS

from the County ASC Committee

1956 EMERGENCY FEED PROGRAM

Because of drought and blizzards the assistance under the emergency feed grain program was extended in Donley County. Application for assistance may be filed in The Donley County FHA office to and including April 29, 1957 for a supply of feed grain sufficient to carry eligible livestock to and including May 15. This extension applies to the feed grain program only, and the roughage program was not extended.

1957 WHEAT

All wheat producers should check carefully the measured acreage notice that was mailed to them. Planted wheat in excess of your allotment must be plowed up by May 10th. Producers who have wheat Acreage Reserve agreements and have wheat in excess of your permitted acres must have this wheat destroyed by May 10th also.

GRAZING SOIL BANK ACREAGE

We want to remind every farmer with either an Acreage Reserve agreement or a Conservation Reserve agreement that there are no grazing privileges on this acreage. Willfully grazing or harvesting any crop from the designated acreage is a violation of the agreement.

Polio Shots Administered To Students

Some two hundred students of the Elizabeth Stevens, Junior High, and High School received Polio shots Tuesday in the Polio Vaccine program sponsored by the Parent-Teacher organization, and the State Department of Health and administered by Dr. Smith and three of his nurses. Forty-four pupils of the North Ward school also received polio shots. Students who did not receive their vaccine Tuesday and who asked to receive the shots did so on Wednesday, along with students at Ashtola, Lelia Lake and Hedley. Dr. Cox at Hedley administered the vaccine there.

For some, this was their first shot, some their second, and for others their final shot. Parents of those who cooperated with this program last year are to be complimented on their response. Parents of those who are taking their first treatment are urged to see that their children receive the full three shots which are necessary. A period of one month should elapse between the first and second shot and a period of seven months between the second and third shot. Those who received only the one shot under the program last year will have to begin at the beginning this year and take the full three shots for them to be effective.

Permits were sent to parents earlier and were signed or rejected as parents saw fit. Miss Ruth Richerson, County Superintendent, assisted throughout the program in supervising the transfer of the students by bus from school to the Hospital where the vaccine was given. Thanks are extended to Dr. Smith and his nurses for helping make this program possible here.

Country Club Officers Named

Directors of the Clarendon Country Club elected Bill Greene, Jr., President; Ray Palmer, Vice President; Frank Phelan, Jr., Secretary, and Carroll Knorpp, Treasurer for the coming year.

Plans for this year include increasing the Club activities so that more members may participate. Immediate plans were proposed to have a Club dance with Jr. Spier, Willard Skelton, and M. M. McCully in charge of arrangements.

C. A. Pitts was appointed to check on the possibility of building a golf putting green on the Club grounds so that Mom and Pop could "put" while Sonny and Sally swim.

Other items under consideration by the Board of Directors are air conditioning the Club House; construction of an outdoor dance floor that could be used for dancing, shuffleboard, skating, volleyball, or other sports; a short golf course to fit the area available; and a golf driving range. The final decision on any or all of these activities will depend on the desires of the Club members and the funds necessary to do the

job correctly.

The swimming pool will be open on May 25th for members and their guests to begin the swimming season.

Rev. L. A. Sartain Accepts Pastorate At Friona

Rev. L. A. Sartain, former pastor of the First Baptist Church here and now pastor at Sundown, has accepted the pastorate at the First Baptist Church, Friona, Texas. Rev. Sartain will take over his new duties May 1st. Mrs. Sartain and Bobby will remain in Sundown where Bobby will graduate from high school. The Sartains also have living with them and going to school a boy named Charles McKenzie from Jamaica. He is in the 9th grade. His parents are missionaries to Jamaica.

Rev. Sartain reports that the Friona church has a resident membership of over seven hundred and an average attendance of 475 in Sunday School. When school is out Mrs. Sartain and Bobby along with Charles McKenzie will join Rev. Sartain in their new home.

Red Cross Drive Still Lacks \$25.00 Of \$1,277 Quota

Donley County has reached its Red Cross quota for 1957 all except for \$25.00, Mrs. Forrest Sawyer, chairman of the fund drive, says.

Quota for this year was \$1,277. "There are still a few reports out," says Mrs. Sawyer. She thinks these will be in soon and they will complete the quota. Mrs. C. E. Bairfield was vice-chairman of the drive and George Benson is county chairman. These chairmen wish to thank all persons who helped with the drive in any way. They want to particularly thank the Lions Club for their splendid work of the business district.

Miss Ruth Richerson and Mrs. Leon Davis were visitors in Oklahoma City Monday.

Mr. and Mrs. Steven of Matarador were guests of the Harley Longans the week end.

Mrs. Cecil Clement and children of Okla. visited in the G. A. Robertson home Friday night.

Area Boy Scouts Slate Circus Date

Boy Scouts from fourteen Texas and three Oklahoma counties will join forces May 11 to stage the annual Adobe Walls Council circus in the High School Stadium at Borger, Texas.

Theme for the circus is "Onward for God and Country." General Chairman, George Newberry and W. O. Prewitt, have appointed the following committee chairmen for the event:

Units, Murl Howard; Ticket Sales, G. H. Turpin; Arrangements, W. W. Gaither; Clowns, Bill Hoke; Publicity, A. Z. Hahn; Decorations, Harold Orman; Booths, Wade Johnson.

CLARENDON CUB SCOUT MONTHLY MEETING

The Clarendon Cub Scout pack No. 37 will hold its monthly meeting in the Jr. High auditorium Monday, April 29th at 7:30 p. m. All cub scouts and parents are urged to attend.

Mr. and Mrs. Loyd Vines and Barbara of Wellington visited in the G. A. Robertson home Sunday.

College Tennis Teams In Zone Meet

The West Zone of the Texas Junior College Athletic Association will hold its annual spring meet at Amarillo on Monday, April 29. The local tennis teams, both boys and girls, will participate in the meet.

The girls representing Clarendon will be Lela Duhon, playing in the No. 1 singles position, and Genell King, playing in the No. 2 position. These girls will team to form the doubles entry.

The boys will enter two singles and two doubles teams. David Duncan is the No. 1 singles man and Pete White will take the No. 2 slot. Duncan and White will be the No. 1 doubles team. The No. 2 doubles team will be Sidney Marshall and Tommy Lane.

Mr. and Mrs. O. C. Watson and Sarah Ann Antrobus visited relatives in Lubbock Sunday. They returned Mrs. Lena Antrobus home with them Monday.

Guests in the Harley Longan home the week end were Mr. and Mrs. A. B. Stephen and daughters Rhettann and Vickelyn of Greeley, Colo.

Don't forget Soil Stewardship Week, May 26th through June 2nd. This great and wonderful gift that God has so wonderfully bestowed upon us undeserving creatures; we mean of course our land, our soil upon which we grow our food and clothing. I was amazed the first time we heard a talk on the Stewardship of the Soil and found out how much was written in the Bible about our soil.

cute Easter greeting and makes the following comment of the changing weather we have had this spring. She mentioned the fellow that was moving to Oklahoma in the run for the territory days; that when one of his mules smothered from the heat and he set about to skin it; before he got through the other one had frozen to death. Now Mrs. Brant this sounds like a Texas Tale. Thanks anyway.

Several years ago the Donley County Leader asked its readers to drop them a line if they read and enjoyed our little column. We were so happy and thrilled when they sent us a bundle of thirty some odd cards and letters. According to some polsters you can multiply this figure by 100 because only one in a hundred is supposed to respond to a request for a written expression. Now we would like to try this; just this once more will all of you and each of you write a card or a letter to Uncle Zeb in care of the editor of this paper and let us know what things you like best or least about this column. If the report is encouraging we will be so happy. If not, we will know not to ask this again.

We read the following little ditty some place;
No matter how grouchy you're feeling,
A smile is always quite healing.
It grows like a wreath,
All around the front teeth,
Thus preserving the face from congealing.

It was Will Rogers who said: "God made man a little lower than the angels and he has been getting a little lower ever since." Speaking of the great Will Rogers it was so hard for us to give up the opening of our paper and seeing his friendly witty and inspiring column sort of smiling out at us. It seemed to us that the world so much needed the life of this great man. We have never found anyone who in our mind could take his place in this old dreary world.

Not long ago we read that the things that lie before us and the things that lie behind us are as nothing compared to that which is within us. This would certainly be true. The things we hold within our heart, and the principles upon which we do this day stand will be the guiding star for all that may happen to us in our future.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN — "Sine die" is the magic phrase around the Capitol nowadays. It's the phrase traditionally applied to the final adjournment time agreed on by both houses of the Legislature.

Only three weeks remain of the 120 days recommended in the Constitution for sessions. After that (May 7) lawmakers' pay stops. Sentiment appears strong for a sine die resolution set on or very near that deadline. It's been a rough session, say many members. Investigations, bribery charges, counter-charges and threat of more have frayed nerves, provoked hot words, deep rifts.

They've made it harder to plough through the usual hundreds of measures requiring study, debate and some sort of agreement. Many are still backed up in discouraging stacks.

Even so, say members, they hope to shove through the "musts" and go home on time. But likely differences of opinion on what constitutes "musts" promise even more tension and temper for the final weeks.

TEACHER RAISE
One of the biggest issues still gathering steam in the Legisla-

ture is the teacher pay raise. Despite strong backing, the drive has been beset with stumbling blocks.

Public school teachers want a \$399-a-year boost. Total cost for the biennium is variously estimated from \$45,000,000 to \$70,000,000.

Sponsors have become increasingly impatient of delays. Bill was stymied by House rule which prohibits consideration of any other spending bill until the general appropriations bill is finally approved. This is in conference committee.

Then the attorney general ruled the teachers' bill was not an appropriation bill. This seemingly opened the door to quicker action. But budget-watchers intervened. They said passage of the teacher bill first would leave the treasury \$20,000,000 short of enough to cover the general appropriation bill.

This focused attention on Rep. Tom Joseph's "just in case it's needed" tax bill. It would tax dedicated natural gas reserves, produce an estimated \$35,000,000 in two years. Gov. Price Daniel

had recommended a levy of this sort should more revenue be needed.

But this one, by some flip, was introduced without an enacting clause. Joseph sought the necessary two-thirds House vote to permit a correction. Vote was 68-to-66 against.

ETHICS BILL ZIPS OUT
After weeks of haggling in the House, the code of ethics bill whizzed through the Senate in one day.

It goes to the governor's desk with 29-0 Senate approval.

Bill provides that no legislator, state official or employe shall engage in any outside activity "in substantial conflict with the public interest." Penalty is expulsion or dismissal.

NARCOTICS BILL PASSED
A possible death penalty for dope peddlers seems almost certain to become law.

House and Senate have passed the bill which was recommended by Gov. Price Daniel. It would permit juries to assess the death penalty on second conviction for sale of any narcotic drug to a minor.

AUTO REGISTRATION TAX
State car taxing system would be over hauled under a measure which won preliminary House approval.

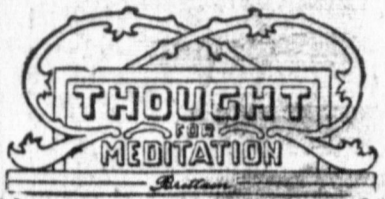

If passed, the constitutional amendment would abolish the property tax on motor vehicles. Legislature would be given authority to increase registration fees by one-third. Revenue would be divided between school districts and city or county.

Meanwhile, Texas Research League released a study suggest-

ing further revision of the registration laws. License fees based on weight result in inequities, said the League. It proposed a flat fee for all size cars.

SEGREGATION BILL OKAYED
A bill regarded as the cornerstone of a program to maintain school segregation won its second-round House vote.

It would allow local board to assign pupils to schools on basis of "qualifications, aptitudes," etc. An amendment* also gives the boards authority to exempt a child from compulsory attendance at an integrated school.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

This year's grass planting program has not progressed as rapidly as was intended. The weather has been a big factor in this delay, but since it has brought moisture, no one is fussing much. The native grasses should have already been drilled, and there is still several hundred acres scheduled to be seeded this spring. W. B. Ayers was one of the early ones to get his grass planted, and reports that it is already coming

up. Among those that have completed their grass planting program since the last report is the SJ Ranch. The ranch completed this spring's seeding of about 270 acres last Saturday. This completes a grass planting program lasting over a period of several years, which has taken approximately 1000 acres out of cultivation and returned it to grass. Some of this land has been seeded twice in an effort to obtain a satisfactory stand. Mr. Millard Word, manager of the SJ, seems to be relieved to be rid of his farming responsibilities.

Many of the farmers putting land in the Conservation Reserve phase of the Soil Bank are planning to plant Sorghum alnum on the land. It should be remembered that like sudan, Sorghum alnum needs a warmer soil temperature than the native grass to germinate and grow, and therefore should not be planted as

early. Some farmers are anxious to plant it now before they get busy with their cotton farming, but it is thought that much better results should be obtained by waiting until about May 15th. Technicians of the Soil Conservation Service, assisting the Donley Soil Conservation District are available to advise with farmers and ranchers of the District in regard to grass planting problems as well as other soil improving and conservation problems.

TORNADO-WARNING in time can spell the difference between heavy loss of life and light casualties when the twisters sweep into populated areas. Under the experimental Weather Bureau program for tornado tracking by radar and telephoned visual reports, adequate warning could be broadcast so that local civil defense, police and firemen could evacuate residents or advise them to seek cover in basements. This drawing shows how such a warning station at Lincoln, Neb., might alert the inhabitants of Dorchester, Neb., in the expected path of a twister. The twin funnels are an unusual phenomenon—most tornadoes occur singly.

FIFTEEN YEARS OF SATISFACTORY SERVICE TO POLICYHOLDERS

the Texas Farm Bureau, has stated. Hammond was referring to a statement of Dave Beck, president of the International Brotherhood of Teamsters, as quoted in the April 8 issue of Time Magazine that "truck drivers and bottle washers" should not be allowed to "make decisions affecting union policy."

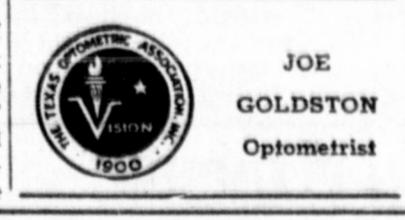

"Farm Bureau derives its strength from its membership," Hammond said, and the members are not only charged with the responsibility of making all its decisions, they fix the policies and set the course of the organization themselves." Farm Bureau policy, he said, "evolves out of the minds of individuals" and becomes official by being adopted—by ma-

majority vote—at the annual county, state, and national conventions. The members, he said, also actively participate in the enactment of the organization's legislative policies through contacts with their senators and representatives.

He termed as "vanguards of democracy" those who "thus think and act for themselves and refuse to be forced into subservience" to an autocratic leadership, and said that "decadence and corruption" usually follows when "the

voice of the masses is supplanted by absolute monopolistic control invested in a few individuals."

THE BRITISH LOAN DEBATE

On April 10 the House debated House Resolution 225. This resolution concerned the approval of a change in the 1946 loan agreement between this country and Great Britain. At that time this country loaned Great Britain 3 billion 750 million dollars, which was additional to a balance of 662 million dollars which Britain owed this country under the lend lease program. Under terms of the 1946 agreement Britain was to make annual payments of 138-4 million dollars. These payments were for both principal and interest. The agreement had the rather odd provision allowing Great Britain, the debtor, to waive the payment of interest for any year when certain factors existed. The payments on the loan began in 1951 and were met each year. On December 31, 1956, a payment date, Britain advised the U. S. that she was withholding the interest in the amount of approximately 81 million dollars and would seek approval of her right to waive the interest under sections 5 and 6 of the original agreement. The 81 million dollars was deposited in the Federal Re-

serve Bank of New York pending final settlement. Negotiations began between our Secretary of the Treasury and Britain with reference to the proper course to pursue. The 1946 agreement continues until the year 2000. Under the proposed change, approved by the Secretary of the Treasury, the British could select any 7 years of the remaining years and postpone the entire payment of 138.4 million dollars for that particular year, until the end of the agreement. Much more could be said about this agreement, but space will not permit here, since I wanted to say a little about the debate.

The debate was most interesting and generated considerable heat. One of the major points made by the opposition to the resolution was the fact that Great Britain had announced a tax cut for its citizens and the gimmick that had been worked out with our Secretary of the Treasury was for the purpose of helping to finance that tax cut and to support the present government of Britain. Whether or not it was intended to support the present government of Britain is, of course, debatable. However, there is little question, and no doubt in my mind, that the approximate 250 million dollar tax cut recently announced by Great Britain would be, more than 50 percent, financed by the change in the agreement as recommended by Mr. Humphrey. A great deal was said about the recent statement of the British that their government revenue in the fiscal year ending March 31 reflected a balance, above expenditures, of 812 million dollars. Also pointed out was the fact that the British would be required to pay only 2 percent in-

terest on these postponed payments. This is, of course, much less than our own government is presently paying for the use of money, and far below the interest requirements of businessmen in commercial enterprises. One Member brought out that the British government had recently purchased another valuable piece of property in Washington for which it paid in the vicinity of 140 thousand dollars. Numerous other arguments were advanced and included a full discussion of the many socialized programs being maintained by the British government.

The proponents argued that the resolution should be adopted because Great Britain was our ally and our friend, and in addition had the right to claim a waiver of the entire interest payment whether we liked it or not. They argued also that if Britain claimed her waiver of interest for all of the years, it could cost our country 2 billion dollars. Actually Britain did not have the firm right to waive the interest. She had the right only upon the existence of certain factors which she would be required to establish. Whether or not she could establish them is another question.

It is my opinion that such a provision should never have been made a part of the 1946 agreement. In ordinary business transactions the party who has the right to waive interest payments is the lender of the money, not the borrower. However, the agreement was made and Britain was insisting upon the interest waiver right.

My analysis of the situation was as follows: In the first place, Britain hired the money and agreed to pay interest. In the second place, if she was the staunch ally and loyal friend that the proponents of the resolution claimed, it occurred to me that she should not be undertaking to welch on an interest payment. In the third place, she had advertised that her income was approximately 1 billion dollars more than her expenditures for the past fiscal year, which is much better than this country has done, percentage wise. In the fourth place, it occurred to me that if anyone was entitled to some tax relief, it was the overburdened American taxpayer — the same taxpayer who shouldered the tremendous tax burdens to pay for the arms, equipment and

facilities that saved Britain from complete annihilation in the last war. Certainly he should not be required to finance a tax cut for a Britisher under the circumstances.

It was for these reasons and others, which limited space will not permit me to present, that caused me to vote against the resolution.

However, my vote, along with the votes of 166 Members of the House, went down the drain so to speak, because the resolution carried to the tune of 218 yeas and 167 nays. We do feel that much additional strength was evidenced in our ranks, and that we are gaining in our efforts to slow down the tremendous foreign expenditures that have so grievously burdened the American taxpayers, and have obviously lessened our friends in the world rather than increased them.
