Fostiude: "The Palms", Fawee—Miss Mantie Graves, Mrs. L. E. Yankie.

CLARENCE E. DODGE

PRESBYTERIAN REVIVAL NOW IN PROGRESS

Rev. C. E. Dodge of the First Southern Presbyterian Church of Amarillo is the evangelist in Revival services being conducted this week at the local Presbyterian Church.

Services for men are held each morning at 7 a. m. and services are held each evening at 7:30 p. m. The meeting will be concluded Sunday morning, April 11th. Everyone is invited to any or all services.

Bulldogs Place One Player On Conference Team

Garland Fielding was one of only three cagers to receive a unanimous vote on the All-West Zone Junior College basketball team as released by B. M. Keith, chairman of Zone 4, this week. The other two players who were unanimous selections were Keith Lane of Frank Phillips and Cecil Holloway of Amarillo.

Besides the three on the first team, there was a three-way tie for the other two members on the All-West Zone five among Jim Knotts, Howard County, Duane Jeter, Odessa, and Paschal Wickard, Howard County.

The second team was composed of Tom Boyd of Amarillo; James Johnson, Odessa; Don Dorman, Clarendon; John Holland, Frank Phillips, and Don Stevens, Howard County. Melade DeGash was among those receiving honorable mention. The Bulldog coach is Don Loyd, a man that holds much respect in the conference as a top basketball coach.

Best Crops For Silage This Fall

Farmers and ranchers have already begun to inquire at the office of county agent H. M. Breedlove in regard to crops for silage this fall. The county agent says that some of the best crops to plant this spring for silage are Atlas Sargo, cane, Honey drip cane, corn or almost any heavy producing sweet sorghum.

The shortage of feed this year has prompted the trench silo for this fall and the county agent says that now is the time to pick out that spot on the farm for acreage for the crop to be put in silage this fall. Farmers and ranchers who had trench silos this past winter praise the trench silo and say it was the means to them keeping a much larger bunch of cattle than they could have handled if they had not had the silo.

Specifications for digging the silo and the amounts they will hold can be gotten by contacting the county agent. You can plan your acreage for the trench silo according to the number of cattle you have and have that feed for this winter.

Moose Inaugurate "Operation Easter Carlift"

Clarendon Moose Lodge No. 1690, will cooperate in a nationwide "Operation Easter Carlift," inaugurated by the National Moose Civic Affairs department, on Easter Sunday, according to L. M. Smith, civic affairs chairman of the local lodge.

"Operation Easter Carlift" is being offered by the Moose to all persons who, because of illness, disability or similar cause, might be unable to attend the church of their choice on Easter Sunday because of lack of transportation.

National headquarters of the Moose at Mooseheart, Ill., the fraternity's Child City, estimate that more than 20,000 automobiles will be placed at the disposal of these persons in the more than 1,700 communities where there are Moose lodges.

The civic affairs chairman of each lodge, with the help of his committee, is now contacting every clergyman in his community to determine how many parishioners might require transportation. If any local residents desire a ride to and from church on Easter Sunday, they are urged to contact Mr. Smith either by telephone or letter at the local Moose lodge, Clarendon, telephone number 249-J.

"We believe many more persons would attend the church of their choice this Easter if only they had transportation," said Paul P. Schmitz, director general of the Moose. "If this 'Operation Easter Carlift' is successful, the Moose might also inaugurate a 'Operation Christmas Carlift' or a carlift for every Sunday of the year," he added.

He explained that the Moose fraternity, whose precepts are based on the "Fatherhood of God and the Brotherhood of Man" wants to see the North American people brought closer to God during these troublesome times. "If we Moose can help, in a small way, to bring this about, 'Operation Easter Carlift' will be well worth the effort," he said.

THOMAS & PICKERING ELECTED CITY COMMISSIONERS TUESDAY

OSCAR H. THOMAS

2078 License Plates Issued Thru April 1

P. C. Messer, deputy tax collector, announced yesterday that a total of 2,078 vehicle license plates had been issued thru April 1st. This was 224 under the total of 2302 for the same period last year.

The lesser number this year can partially be explained by the usual out-of-town purchasers being compelled to purchase their tags in their own county. Heretofore quite a number have purchased their tags in some other county to help with the parking meter situation and for various other reasons of convenience.

Oscar H. Thomas and W. M. Pickering were elected by an overwhelming vote in the City Election Tuesday to serve as Clarendon's city commissioners for the next two years. Pickering led the ticket with a total of 331 votes, closely followed by Thomas who received 327 votes. J. G. McAnear received 175 votes and Noel T. Cudd Jr., who was the only candidate up for re-election, received 130 votes.

Election Judges were beginning to worry whether they had enough ballots to finish out the election when a steady stream of voters continued to climb the city hall steps right up to poll closing time. Only 500 ballots were printed in anticipation of an ordinary turnout and only 6 ballots were left when the final count of ballots used was 494.

Thomas and Pickering will take over their new duties Saturday morning at 9 o'clock at which time they will be sworn in by Mayor Major B. Hudson and the city secretary Mrs. Eddie Forrest.

In commenting on their election, both Thomas and Pickering expressed their appreciation for the large vote of confidence. "We are going to do our best to serve to the best interests of the city and everyone concerned," they stated.

Both Pickering and Thomas are long time residents of Clarendon and this vicinity. Mr. Pickering moved to a farm west of Ashtola in 1912 and then out on Lake Creek a few years later and then moved to town three years ago. Mr. Thomas came to Donley County in 1910. He is manager of C. D. Shamburger Lumber Co., a position he has held since 1944.

FARM NEWS

from the County ASC Committee

Below is a quoted memorandum received from the State ASC Office concerning the Drought Emergency Feed Program:

EXTENSION OF EXPIRATION DATE FOR DROUGHT EMERGENCY FEED PROGRAM:

"Authorization received today from Washington Office to continue accepting orders from eligible farmers and ranchers for a supply of feed beyond April 15. All counties now active may continue to accept orders for feed for not more than a 30-day supply under the same policy that was in effect prior to notice that April 15 would be the final date for the program.

State Drought Committee instructed to stop orders for feed in any county or part of county where growing conditions indicate that grazing will be available in 30 days. County Drought Committee should not approve orders for any farmers or ranchers who now have or will have, within next 30 days based on present conditions, sufficient grazing to remove them from an emergency classification. All county drought committees must continue to examine request for feed to determine that it is needed on an emergency basis and will not be used in a manner not in accordance with policies of the Drought Emergency Program."

Applications are now being taken in the County Office for Corn.

FINAL DATE FOR DISPOSITION OF 1954 EXCESS WHEAT:

The date of May 15, 1954, has been set as the final date for disposing of all wheat designated for use as green manure, cover crop, hay, pasture, or silage in excess of the 1954 allotments.

All producers will be notified by letter that disposition MUST be made by the final date OR before the wheat matures whichever is earlier.

EASTER HOLIDAYS TO BE OBSERVED BY LOCAL SCHOOLS

Supt. H. W. Truitt announced this week that the Easter holidays to be observed by the local school system would be April 16th thru 19th. School will dismiss Thursday afternoon, April 15 and resume regular classes Tuesday, April 20th.

Panhandle Press To Meet April 9-10

The 45th Annual convention of the Panhandle Press Association will be held in Amarillo this Friday and Saturday.

This is the one big event of the year for Panhandle publishers and all those connected with the publishing business. Plans at the present are that practically all of the Leader force will take in all or part of the convention, so if you find the Leader office closed part of Friday and Saturday, you will know what has happened.

Publishers have very little opportunity to visit with each other throughout the year and this meeting gives them a good opportunity to exchange ideas and renew old acquaintances.

Amelia Anthony To Speak Here Tuesday 13th

Miss Amelia Anthony, founder of Girl's Town, will speak at 8 p. m. Tuesday the 13th at the Methodist Church. Miss Anthony founded and supervises the Girls Town at White Face, Texas. She is a noted speaker and has recently been voted the Women of the Year by the Federated Womens Clubs of the United States. Most will remember seeing her on the Bob Hope Television show several weeks ago. Miss Anthony is an honorary member of Beta Sigma Phi. Texas Mu Gamma Chapter of Beta Sigma Phi gives a cordial invitation to all those interested to come and hear Miss Amelia Anthony tell of her experiences in founding Girls Town and the objectives of Girls Town. Don't forget the 13th, at the Methodist Church, 8 p. m.

CANYON, April 7.—Ralph Carol Ayers, son of Mr. and Mrs. C. C. Ayers of Route 1, Hedley, was named Personality Count at the Plains Personality Pageant held at West Texas State College on Friday, April 2.

REVIVAL AT ASSEMBLY OF GOD CONTINUES

Rev. Gibson reports great interest each night in the revival now going on at the Assembly of God Church and which will continue thru Easter. Rev. Glen H. Lester is bringing some wonderful messages and we are in a wonderful campaign for lost souls, he added.

Rev. Gibson announced that there will be a special healing service Friday night, April 9th, and all are invited to bring the sick to be prayed for.

Services are held each evening at 7:30 p. m. The public is invited.

City League Baseball To Organize Here

Next Tuesday evening at 7:00 o'clock at the City Hall there will be a meeting of persons interested in sponsoring a baseball team, or playing baseball in an inter-city league. Business men interested in sponsoring a team or playing afternoons after work are asked to be at this meeting. Youngsters who are interested in playing league baseball are also asked to be at the meeting. Remember next Tuesday evening at 7:00, at the City Hall.

School Cafeteria Menu, April 12-16

- MONDAY: Roast beef, green beans, sweet potatoes, beet pickles, hot rolls, butter, milk, cherry pie.
- TUESDAY: Meat loaf, red beans, whole grain corn, lettuce salad, bread, milk, fruit.
- WEDNESDAY: Pork sausage and gravy, black-eye peas, scalloped potatoes, spinach, bread, milk, pudding, orange juice.
- THURSDAY: Cheese burger, lettuce, onions, pickles, potato chips, buns, milk, spice cake.

Red Cross Drive Near Quota

R. E. Drennan, campaign chairman for the annual Red Cross Drive in Donley County, reported yesterday that Donley County's quota was almost in sight with a total of \$1153.00 being collected at the present time. The quota for the county is \$1,295 and when all workers finish up and report in, we should be close to this figure, he stated.

Hedley and Lelia Lake workers are still working on the drive in those communities. If there is anyone who has not contributed to this great cause and still wish to contribute, just leave your money at any of the banks or mail it to the local Red Cross, the chairman added.

Estlack And Lane Elected School Trustees

In the School Trustee election held Saturday, Mr. Homer Estlack and Mr. Maurice Lane were elected to serve a three year term on the Clarendon Consolidated Independent School District Board of Education. The results were as follows:

Mr. Estlack received 114 votes, Mr. Lane received 111 votes and 1 write-in vote was cast for Mr. Ernest Kent.

This is the first term of office for Mr. Lane. Mr. Estlack is beginning his second term, and has been serving as president of the Board.

Other members of the Board are: J. Alfred McMurtry, Walter B. Knorpp, L. L. Wallace, C. L. Benson, Jr., and Dr. J. Gordon Stewart.

LLOYD C. THOMAS ELECTED MAYOR OF WICHITA FALLS

While Oscar H. Thomas was being elected one of Clarendon's City Commissioners Tuesday, his brother, Lloyd C. Thomas was being elected Mayor of the City of Wichita Falls. This made it quite a family affair with both brothers winning their respective offices, each dealing with city affairs.

The Wichita Falls mayor election was quite a race with Thomas winning over three opponents. At the present time he is Business Agent for the Electrical Workers Union at Wichita Falls. He was raised up here and attended the Clarendon schools. He moved to Wichita Falls 15 years ago.

Oscar and Lloyd are sons of Mr. and Mrs. J. D. Thomas of Clarendon.

WEEK OF BIBLE LECTURESHIP TO END SUNDAY

A week-long Bible Lectureship will be concluded this coming Sunday at the Church of Christ. This series of Lectures started last Sunday with a different speaker for each occasion.

Royce Blackburn of Panhandle will be the speaker this evening; D. L. Shelton of Amarillo will speak Friday evening; Robert C. Jones of Amarillo, Saturday evening; Harrel A. Collard of Childress will give the message Sunday morning and Bert Wells, local minister, will deliver the message Sunday evening. Evening services begin at 8 p. m. each night.

LOCAL STUDENTS PLACE IN DECLAMATIONS

Three Clarendon High School students placed high in the District declamations contest at White Deer Saturday with Miss Jeannie McAnear winning first in the Jr. girls declamation Division and the right to compete in the regional Interscholastic meet. Bill Dale Hill placed 2nd in Sr. Boys declamation and Miss Lucy Richardson placed 2nd in Senior Girls declamation. Mr. Fred Short is the local speech instructor.

Parent - Teacher Talk

The PTA executive board met with the newly elected officers of the group in the school lunchroom last Thursday afternoon for a School of Instruction.

Despite the formal title, the meeting was a chatty, informal hour with the out-going officers giving helpful hints on official duties to those who will replace them in the organization next school year.

The really big item on the PTA agenda right now is the Texas Congress of Parents and Teachers for District VIII to be held in Pampa, April 20. Anyone wishing

to, may attend, but all new officers are practically ordered to attend if it is at all possible.

When registering for the Conference, those attending will have an opportunity to choose from ten workshops which offer information, suggestions, and problem solutions. In order that each person may select the Workshop she wishes to attend and may have a chance to organize her thoughts around that problem area, here is the list:

1. Civil Defense; 2. Character and Spiritual Education; 3. Health Mental Hygiene; 4. Parliamentary Procedure; 5. Program and Project; 6. High School Service; 7. Publicity; 8. Hospitality; 9. Pre-School Service; 10. Audio-Visual Education.

Of the ten, only number 6 would fail to offer information

useful to the local group.

The cafeteria committee is buzzing now with plans for new curtains for the lunchrooms. The odd sizes and the number of the windows posed a problem which is to be solved by treating each wall group as one unit. Mrs. Homer Bones will make the curtains as soon as everyone can decide on material and color.

This community may well be proud of the school lunchroom. There is not another one in the Panhandle which feeds as many (according to pupil enrollment) as cheaply, yet is as financially stable. Mrs. Aten deserves a lot of praise for her capable, thrifty supervision. Incidentally, she's been hired for another year.

Only three more Treat Days this year—Mrs. Kennedy's room next Tuesday; Mrs. Gillham's on

April 20; and Mr. Richardson's on April 27.

Every teacher has cooperated beautifully during the year on this Treat Day business. There has not been a single Tuesday registering a goose egg. Mrs. Brown's first grade holds the record for taking in the most money on Treat Day this year. In Jr. Hi Mrs. Gillham and Mrs. Kennedy share the money-making record.

There will be no PTA meeting this month. Installation of officers will take place at the meeting, May 6th.

Celebrate Silver Wedding Anniversary

Mr. and Mrs. L. T. Shelton were honorees at a bridge and canasta party given at their home on Saturday, March 27th in celebration of their twenty-fifth wedding anniversary. The hosts for this memorable occasion were Mr. and Mrs. Douglas Shelton and Miss Sandra Shelton.

After the guests were greeted by Douglas Shelton and had congratulated the honorees, their attention centered on the figures: Mr. and Mrs. 1929, which were manikins dressed in the Bride and Groom's wedding attire. At eleven o'clock the guests were invited into the dining room where Miss Sandra Shelton served the decorative three tiered cake and Mrs. Douglas Shelton presided over the punch bowl. Lovely arrangements of flowers and a beautiful Silver Platter with cards reading "Your Clarendon Friends" were presented Mr. and Mrs. Shelton.

TERRY—ENGLISH VOWS READ

Miss Carlene Terry, daughter of Mr. and Mrs. W. H. Terry of Stamford, became the bride of Jerry English, son of Rev. and Mrs. John A. English of Phillips in a double-ring ceremony read recently in St. John's Methodist Church at Stamford. Rev. English officiated.

Attendants were Miss Bettylu Johnson and Miss Barbara Ruth Whitson of Midland, Sidney Muse of Canyon, and Otis Ratliff of Abilene.

Mr. and Mrs. Jerry English are students at McMurray College and will be at home at 512 Meander, Abilene, Texas.

Fox - Sams

Miss Janell Fox, daughter of Mr. and Mrs. Earl Fox of Lelia Lake, became the bride of Elmo Sams, son of Mr. and Mrs. W. H. Sams of Lakeview, in a double ring ceremony Friday evening, March 26, at the Lelia Lake Methodist parsonage. Rev. Tommy Beck conducted the ceremony. Their only attendants were Mr. and Mrs. Joe Shadle.

The bride was attired in a powder blue linen suit with navy and white accessories. Her corsage was of white carnations. She carried out the tradition of something old, something new, something borrowed and blue, and a penny in her shoe.

Mrs. Cherrye Shadle, matron of honor, wore a navy suit with white accessories. Her corsage was also of white carnations.

Immediately following the ceremony a reception was held in the home of the bride's parents. The table was beautifully decorated with a center piece of pink and white carnations with wedding bells. About twenty guests were served refreshments of punch and cake.

Mrs. Sams is a senior in the Lelia Lake High School. Mr. Sams is a graduate of the Memphis High School and served 42 months in the Air Force.

The couple are making their home in Clarendon where Mr. Sams is employed by O. D. Skelton.

1926 BOOK CLUB

Mesdames Glenn Hoggatt, E. S. Ballew, Clyde Hudson, and W. C. Thornberry were hostesses to the Book Club Tuesday afternoon at 4:00 p. m. in Patching Club House.

The Easter motif was carried out in room decorations. A gayly colored easter egg tree centered the beautifully arranged dining table.

After a short business meeting, Mrs. Hoggatt as program leader introduced the guest speaker, Mr. Clark Wagner of Amarillo who spoke on "Diamonds of the Past." Mr. Wagner told the club members and guests something of the formation of diamonds and stated that diamonds are classified according to carat weight, color and clarity. These facts were illustrated by blackboard drawings, pictures and specimens of real diamonds.

The first diamonds were found in India more than 2500 years ago. They were bright, shiny, uncut pebbles and were considered the property of men, especially the royalty. In 1448 Agnes Sorrell was the first known woman to wear a diamond. One of the most famous diamonds is the Kohinoor, Mountain of Light. The history of this precious stone can be traced down through the years. At the present time it belongs to the British royalty and was the main diamond in the crown worn by Elizabeth II.

The Club is certainly grateful to Mr. Wagner for a most unusual, interesting and informative program.

Refreshments of cake, punch, mints and nuts were served to approximately fifty members and guests.

BAKER—TUCKER

Betty Blanche Baker, daughter of Mr. and Mrs. Don Baker, and Mr. Johnnie Tucker, son of the late Mr. and Mrs. J. R. Tucker, were united in marriage Sunday, April 4th at Clovis, N. M. W. E. McConnell, minister of the Clovis Christian Church conducted the service.

The couple was attended by Mr. and Mrs. Curtis Mears of Clarendon.

They are making their home here in Clarendon at the present time.

The three-day schedule will be: Saturday, May 8, evening, "Lucia Di Lammermoor" with Lily Pons, Jan Peerce and Frank Valentino; Sunday, May 9, matinee, "La Traviata," with Eleanor Steber, Richard Tucker and Leonard Warren; May 9, evening, "Le Nozze Di Figaro," with Roberta Peters, Victoria de los Angeles, Cesare Siepi, Frank Guarrera and Mildred Miller; Monday, May 10, evening, "The Met's new production "Faust," with Thomas Hayward, Nadine Conner, Robert Merrill and Jerome Hines. The Dallas Grand Opera Association has opened offices at 1315 Elm Street, for receipt of seat reservation orders, Arthur L. Kramer, Jr., president, announced.

BRIDAL SHOWER

A miscellaneous come and go shower was given in the Lelia Lake Methodist Parsonage honoring Mrs. Elmo Sams, the former Miss Janell Fox, Wednesday afternoon, March 31.

About thirty-five guests registered and several others sent gifts.

The guests were served refreshments of punch and cake.

Hostesses were the women of the Lelia Lake Methodist Church.

ASHTOLA NEEDLE CLUB

Ashtola Needle Club members met April Fool's Day with a "Come as You Are" party. Naomi Green was leader and headed various games for the riotous group.

Mrs. H. E. Tolleson was hostess and served cookies and punch to 22 members, one guest, Mrs. Kenneth Morrow, and three children.

At the next meeting, April 15 there will be an Easter program.

MISS MOORING HONOREE AT SHOWER

Miss Naomi Mooring, bride-elect of Joe Spann, was complimented with a miscellaneous shower from 3:00 o'clock to 5:00 o'clock Saturday afternoon, April 3rd, in the home of Mrs. Carrol Lewis. Hostesses were Mesdames Carrol Lewis, John Goldston, Maude Palmer, Billy Phillips, Clyde Wilson, R. C. Bingham, Clyde Hudson, Joe Bownds, Alfred Estlack, Otis Naylor, James Smith and Miss Jane Hillman.

The entertaining rooms were attractively decorated with bouquets of greenery, tulips and other spring flowers. Especially beautiful was a coffee table arrangement of pansies.

Guests were greeted at the door by Mrs. Lewis and were presented to the honoree, Miss Naomi Mooring, Mrs. Juanita Dickenson, Mrs. J. E. Spann of Munday, Texas, and Mrs. Ella Smith of Lubbock. Miss Jane Hillman secured names at the guest registrar, while Mrs. Clyde Hudson assisted with the gifts and directed guests to the dining room.

The refreshment table, laid with a lace cloth, was artistically arranged to carry out a blue and gold color theme. Entwined hearts of white meline and yellow ribbon filled with blue dutch iris and greenery in a crystal epergne was placed on a reflector to form the centerpiece. To the front of the arrangement was a cluster of blue pansies and flanking the centerpiece were blue tapers in crystal holders. Yellow punch was served with individual cakes decorated in blue. Miss Jane Johnson of Amarillo served cake while Mrs. Arlis Mooring presided at the crystal punch service. Miniature umbrellas of blue meline secured with yellow ribbon and the names of Naomi and Joe lettered in gold were presented as favors.

Recordings provided a soft musical background for the afternoon. Fifty guests called through the receiving hours and a number, who were unable to attend sent gifts. Out-of-town guests present were Mrs. J. E. Spann of Munday, Texas, Mrs. Ella Smith of Lubbock, Texas, Mrs. Euclide Davis,

Mrs. Mary Clayton and Miss Jane Johnson of Amarillo, Mrs. C. E. Young of Borger, and Mrs. Slaton Mahaffey of Ashtola.

ANNUAL JUNIOR-SENIOR BANQUET HELD FRIDAY EVENING

One of the highlights of the High School year was enjoyed by members of the Junior and Senior classes Friday evening, April 2, at Lions Club Hall. The formal banquet given annually to the seniors by the junior class was a pretty as well as a gay affair. Girls were lovely in formal dress and boys handsome in dress suits and ties.

Decorations carried out the Dutch theme. A Dutch windmill, dutch figurines, and tulips were used to beautify the hall and add festivity to the tables. A menu from Holland was served by sophomore girls dressed in colorful Dutch costumes.

The menu consisted of Dutch Breezes (Tomato Juice), Dutchman's Delight (Fried Chicken), Wooden Shoes (Mashed Potatoes), Windmills (Green Beans), Tulips (Beets), Dikes (Hot Rolls), Holland Gardens (Pear and Cheese Salad), the Dutch Favorite (Relish), Ice Boats and Skates (Ice Cream and Cookies), and Flood Water (Ice Tea).

The program was opened with the Invocation by Mr. Drennan. Ronny Martin, president of the Junior Class, gave the Toast of Welcome followed by the Toast of Thanks by Broadus Spivey, president of the Senior Class. A very clever "Dance of the Wooden Shoes" was presented by Mary Louise Caldwell and B. H. Cook, accompanied by Mrs. C. R. Brown at the piano. After the meal, Eva Lee Farr, Max Johnson, Carol Lane and Howard Hensley, accompanied by Shirley Aten, sang "Tiptoe Through the Tulips". Mr. H. W. Pruitt, Superintendent, gave a wonderful speech which emphasized the wholesome customs of Holland and the clean,

tidy ways of the Dutch people. The concluding address was made by Don Landers. After group singing, the canteen was opened for recreation and dancing.

The Junior class is grateful for the help given them by their sponsors, Mrs. M. C. Goodner and Miss Loyd Richerson, whose efforts were combined in making the Junior-Senior Banquet of '54 one of the most successful yet.

LES BEAUX ARTS CLUB

Les Beaux Art Club held their regular meeting April 2nd in the Patching Memorial Club House. Mrs. W. C. Thornberry, President, opened the meeting with prayer. Mrs. C. C. Powell, gave a report on the City Park new Sprinkler System, and the efficiency in watering the grass, shrubs, and flowers. Club voted to give \$10.00 and set out flowers in the Park.

Club voted to pay for four new chairs for the Club House. Mrs. W. C. Thornberry will represent our Club at the 7th District Federation of Women Clubs at Dalhart April 21, 22, & 23rd.

Les Beaux Arts Club will join the other Clubs of the City in sponsoring a Silver Tea, for the Cancer Fund, April 30th.

The program for the afternoon was movies on "Texas and Its Natural Resources", produced by Texas Gulf Sulphur Co. for the United States Dept. of Interior. This movie cost \$60,000.00 to produce; it was in sound and color and ran for 50 minutes. Mr. Henry Hertner, of the Hertner Camera Store of Amarillo, with Mr. Logsdon, secured this movie and showed it. It showed the numerous and vastness of Texas Resources, and the gigantic Industrial Plants of Production in Texas.

The hostesses, Mrs. Lloyd Benson and Mrs. W. J. Lewis Jr.,

decorated in the Easter motif. Dessert was served to nineteen members and two guests, Mrs. Houston Bell, and Mrs. Claude Moore. —Reporter.

BIRTHDAY PARTY

A group of young people gathered at the home of Mr. and Mrs. Paul Schull Thursday afternoon, April 1 to surprise Kenny Schull who was celebrating his 10th birthday that day. Games of Bingo were played throughout the afternoon with interesting and entertaining prizes awarded winners.

Gifts were opened and admired, pictures taken, and "Happy Birthday" sang before refreshments were served.

The Easter motif was carried out using Easter napkins, individually decorated cakes and favors of miniature baskets of Easter eggs.

Present were Judy Benson, Marcia McMurry, Donna Jane Estlack, Peggy Ann Byers, Sue Yanke, Janet Crutchfield, Jane Lowe, Peggy Sue Jackson, Pauline Mills, Cleta and Aneta Farr, William Chamberlain, Gary Fitzgerald, Teddy Shaller, Billy Spier, Robert Rhode, Larry Stewart, Herman Vinson, David Fricks, Kenneth Price, Kenny and Bob Schull, Stella Tipton and Pat Schull assisted Mrs. Paul Schull and Mrs. Ernest Tipton, hostesses, with the serving.

Plans were made to have a bake sale, April 17. Plans were also made for a western dance to be held April 16. All of the student body are invited. The dance will be held at the Canteen beginning at 8:00 p. m. A decoration committee composed of Tookie McClellan, Mable Dean Brock and Eva Lee Farr was appointed. A refreshment committee was also announced.

The next meeting will be held in the home of Glenna Lane. Refreshments of sandwiches and Cokes were served to the following members: Kay Schollenbarger, Tookie McClellan, Mable Dean Brock, Eva Lee Farr, Genella Mooring, Jeanie McAnear, Jackie Estlack, Charlotte Wilson, Paula Skelton, Linda Lamberth, one guest, Shirleen Durham, and the hostess, Wanda Lewis.

KAPPA SUB DEBS

Kappas met Wednesday, March 31st in the home of Wanda Lewis. Kay Schollenbarger, president, called the meeting to order and minutes were read by the secretary, Genella Mooring.

Plans were made to have a bake sale, April 17. Plans were also made for a western dance to be held April 16. All of the student body are invited. The dance will be held at the Canteen beginning at 8:00 p. m. A decoration committee composed of Tookie McClellan, Mable Dean Brock and Eva Lee Farr was appointed. A refreshment committee was also announced.

F. H. A. NEWS

The Future Homemakers of America held a meeting April 5 in the Homemaking Department. In the absence of the president, the vice-president presided.

Meeting was called to order, the club song sung and the creed repeated.

A most enjoyable program was presented by Dr. Martindale, guest speaker for the evening. The girls appreciate Dr. Martindale taking her time to bring such a nice program.

Twenty-six members, their sponsor, and two guests attended.

MARTIN QUILTING CLUB

The Club met April 1st with Flossie Reynolds at the school house. Two quilts were finished. Lunch was served at noon to 12 members, and three visitors, Alice Pittman, Lois Stevenson, Melba Risley, Veta Tims, Lizzie Morrow, Margaret Waldrop, Eunice Land, Montie Kidd, Gwen Hill, Blanch Higgins, Lela Bulman, and visitors, Charlene Reynolds, Dean Hill, Etta Reynolds, and hostess, Flossie Reynolds.

Next quilting will be with Linnie Cauthen April 15th at the school house. —Reporter.

Government Subsidies

Texas Dept. of Agriculture

Farm price support is an issue commanding a lot of attention and a target for much criticism in Washington this year.

What has this program cost the individual taxpayer in the past two decades? And how does it compare with government subsidies to other industries?

The total net loss to the government during 18 years of price support was \$1,303,000,000—or roughly \$72 million per year. This means that each person living on the farm has received an average subsidy of \$3 per year for price supports.

Looking at it another way, every person in the United States has had to pay an average of only 45¢ per person each year to maintain a solid floor under our agricultural industry.

The subsidies to airlines which have mail contracts far exceeds the farm figure. About \$140 million is paid by the post office to airlines for carrying airmail each year and only about \$60 million can be considered compensation for actual mail services, according to admissions by the Civil Aeronautics Board to Rep. John W. Heselton (R. Mass.) and John J. Rooney (D. Ny).

In this case, the cost to the taxpayer for subsidizing airmail equals 88¢ per capita during the past several years, or almost double the cost of price support to the farmer.

Two kinds of subsidies are paid to the shipping industry—construction and operational. From July, 1937 to Dec. 1946, the government paid construction subsidies amounting to \$380,285,242 or about \$40 million per year. Operational subsidies from 1951 through 1953 amounted to \$144,135,782 or an average of over \$48 million per year—and half this total figure was paid in the year of 1953 alone.

Apparently, the cost of subsidies is going up.

These are but two examples of government support of industry. There are hundreds of others and many of them surpass the cost of the farm price support plan which guarantees farmers of a fair price for their products.

Most farmers would welcome a return to "free economy" and give up the price support if other industries would do the same. But he cannot survive on the open

market when other phases of our economy enjoy protection by the government.

If the government will reduce tariffs by one-third, reduce wages by one-third, reduce the costs of living one-third, reduce the cost of machinery one-third—in short, if it will cut subsidies by one-third, straight across the board, then the farmer will go along and take his chances with the rest.

Burning Questions

General Electric will shortly break ground for a new Combustion Laboratory dedicated to the study of why things burn. This isn't as simple as it sounds, since combustion—what makes materials burn and how to make them burn efficiently under widely varying conditions—is still not understood on a scientific basis.

The studies undertaken in the laboratory may well affect future developments in the fields of jet propulsion, locomotive and land gas turbines, as well as domestic and industrial combustion equipment.

G-E scientists will explore such things as the effect of extremes of pressure on combustion, the dynamics of mixing gases, the mechanisms of flame stabilization, the effects of vibration on turbines. They will also probe the movement and effects of shock waves, a study which has proved valuable in investigating problems associated with supersonic aircraft, atomic and other explosions.

Mr. and Mrs. Kenneth Sams and Dan of Welch, Texas visited homefolks the weekend.

Bill Lane, who recently bought the old Alexander home from R. S. Brumley, is improving and remodeling the house.

Irish McBrayer of Amarillo visited Monday night and Tuesday with Iva Jean McAnear.

ROK Army Trains Men To Pattern Developed By U. S.

SEOUL — Basic trainees in the United States Army can take cold comfort in the fact that their Republic of Korea allies are sweating out the same routine.

A complete training system for the ROK Army, from basic training and "Little West Point" through Command and General Staff College, has been set up by the U. S. Army under the guidance of the Korean Army Group. Based on the U. S. Army pattern, the training facilities include:

1. A replacement training system with a capacity of more than 100,000.
2. Fourteen service schools with a total capacity of almost 90,000.
3. A military academy patterned after West Point with a capacity for classes of 200.
4. A Command and General Staff College course with a capacity of 30 students per class.
5. Four field training centers where ROK divisions withdrawn from the line are stationed for rehabilitation and training.

In addition of these facilities, many ROK officers also are sent to the United States for schooling. Approximately 600 ROK officers attended United States service schools during a one-year period.

A West Texan asks what I consider the number one problem before Texas. I think the answer to that question is water—water for people; water for crops; water for stock; water for industry.

For most of our state, 1953 was a year of drouth. A few facts tell the story. The average temperature for the year was two per cent above normal. The greater part of Texas had 50 to 75 per cent of normal rainfall—far West Texas only 25 per cent. Amarillo had the driest period in the history of its weather station; the Rio Grande ran dry at Laredo for the first time in the record books; San Antonio had one of its driest years since 1925.

Have followed the Weather Bureau reports closely. The early reports for 1954 are not encouraging. Only parts of East Texas have received 50 to 100 per cent of normal rainfall. Far West Texas as went down to 25 per cent of normal in the 13 weeks that ended March 15. Central Texas could boast of 25 to 50 per cent normal.

Water is not just a farm problem. It's a big city problem too. Weather Bureau Reports on 17 Texas cities for the week ended March 15 showed only two—Galveston and Houston—with any rainfall at all. It was insignificant. The other 15 cities chalked up a score of zero. All should have had some rain on the basis of past records.

WHAT IS TO BE DONE?
Sea water into fresh water is

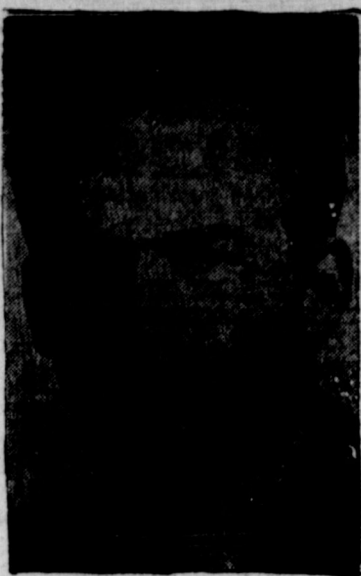

possible but will not be feasible on a large scale until some time in the future. Rain making is still in the experimental stage—and cannot be done anyway without clouds. The only possible answer is store up water or starve! In the "fat" years, we must save the precious water that will take us through the lean years.

This means heavier concentration on small dams and upstream water projects. Texas is a "big" state and many of its problems can be solved only through "big" projects. But the "big" water projects do not meet the needs of all our people. We need thousands of small dams in the upland areas—dams that will not only store water but give Texans protection against the flash floods that do so much damage and wash away the soil.

We have had many surveys—many projects. But we haven't licked the problem yet! It is going to take all of us—working together—to get something done. About 300 years ago, a very wise man said: "God helps those who help themselves." I think this is just another way of saying that the Almighty will respond to our own faith, confidence and courage.

I am working in close cooperation with the Government agencies that are involved in Soil Conservation; Flood Control and Reclamation. There are some fine men in those agencies—men who have dedicated their lives to saving the soil as a heritage for our children. I have appeared before Congressional Committees and urged project after project.

I want your ideas; I want all the advice I can get. Won't you drop me a line on conditions in your area and what should be done? No amount of expert advice can replace the people who are on the spot—who are watching precious topsoil blow away while crops wither in the field for lack of water.

SEN. BARRY GOLDWATER

GOP Dinner Set For April 12 In Amarillo

A Panhandle-wide Republican rally is scheduled for Monday night, April 12, in the Herring Hotel.

Guest speaker for the GOP dinner will be Senator Barry Goldwater, junior senator from Arizona, brother-in-law of Mrs. Sally Harrington Goldwater, formerly of Amarillo.

The rally is to be given as a chance for Eisenhower supporters to get acquainted with each other, according to George Shannon, Chairman of the arrangements committee.

Guest of honor, along with Senator Goldwater will be Pete LaMaster, of Perryton, candidate for the GOP nomination as representative from the 18th District. Invitations have been sent to Eisenhower supporters in all counties in the district and to communities in the neighboring states, according to Shannon.

The rally is being planned by Republicans of the 18th District. Anyone interested in attending

the dinner and rally may obtain tickets before April 12, from George Shannon, 312 Fisk Building, Amarillo, Texas.

Nine Identify Leader Mystery Farm No. 33

Only nine persons correctly identified the Leader Mystery Farm of the Air last week. Three of this number were on the city list and six were on the rural list. Winners of the free subscription to the Leader were Carl Naylor on the city list and Mrs. Lamar Aten on the rural list. Only one movie ticket to the Mulkey Theatre was given as there was not enough names on the city list. The winner of the show ticket was Gilbert Mann.

Those correctly identifying the mystery farm were: City—Carl Naylor, Jr. Davis and R. C. Bingham. Rural—Mrs. Lamar Aten, Mrs. Roy Blackman, Mrs. Doyce Graham, Mrs. Carl Barker, Gilbert Mann and Sybil Koen.

VISIT WITH PARENTS

Visiting in the home of Mr. and Mrs. Robert C. Allison, 1812 Pierce, Amarillo, were their children, Mr. and Mrs. Bob (Arlis) Allison and Jan of Minneapolis, Minn., Mr. and Mrs. Boyd Allison, Ken and Trudy of Memphis, Tex.; Mr. and Mrs. Jack Simpson and Johnny of Beacon Falls, Conn.; and Mrs. Ray Sullivan, Cherry and Vicki of Bethany, Conn. Mrs. Sullivan and children will spend the remainder of the month with her parents, then join her husband in Long Island, N. Y., where he is permanently stationed after his re-enlistment in the Air Force. Everyone enjoyed the visit very much. This was little Johnny Simpson's first visit with his grandparents.

VISITING HOMEFOLKS AFTER SERVICE IN KOREA

Pfc. Cletus Smith, son of Mr. and Mrs. L. M. Smith docked in San Francisco March 25 and is now visiting his parents in Clarendon. He flew to Ft. Bliss, El Paso and to Wichita Falls where he joined his family about a week ago.

Pfc. Smith has been in the service 19 months having taken his basic training at Camp Rucker, Alabama. Thirteen months of that time has been spent in Korea where he served with the 38th Regiment of the 2nd Division. He will spend a 30 day furlough with homefolks.

Mr. and Mrs. Morris Peden of Dumas visited in the Clint Brewster home Sunday.

Mr. and Mrs. William A. Ward of Arlington, Va. announce the arrival of a baby daughter, Linda Lee, March 29 at Arlington Memorial Hospital. Mrs. Ward is the former LaFon Beville, daughter of Mr. and Mrs. Ross H. Beville of Washington, D. C. The young lady's great grandparents are Mrs. Harwood Beville of Amarillo and Mr. and Mrs. J. R. LaFon of Canyon, former Clarendon residents.

Mr. and Mrs. Gwan Wilkinson and family and Mr. and Mrs. O. L. Wilkinson of Lelia Lake spent Sunday with Mrs. I. M. Cole and family and Mrs. Kenneth Wilkinson and family in Amarillo. Also visited Mr. Jess White who is in the Veterans Hospital. He has showed some improvement.

The Navy's Officer Candidate School started approximately 700 young Reserve Officers off on their Naval careers April 2nd after their graduation ceremonies held at the U. S. Naval Base at Newport, R. I. Included among the newly commissioned Ensigns of the Line was Vernon D. Goldston, son of Mrs. John Goldston of Clarendon.

Mr. and Mrs. Harper Scoggins and Janice of Borger were week end guests in the home of her parents, Mr. and Mrs. J. R. Bartlett.

Mr. and Mrs. Tommy Phillips and children spent last week fishing at Lake Whitney. On their way home they spent the week end with his parents, Rev. and Mrs. Ernest Phillips.

From Sen. Lyndon Johnson's news letter; "A man's judgment is never any better than his information." Also, "True friendship is never a gift; it always proves to be an investment."

He also tells of the incident after the recent Porto Rican shooting in the house; that of Rep. Martin Dies and Frank Boykin of Alabama getting stuck in the cloakroom door. This was reasonable as both weighed well over 200 lbs. Afterward Martin Dies commented that the security that the House needed was more exit doors. Rep. Boykin explained his part by saying that he was going after his gun. On being asked where his gun was he said: "Back in Alabama."

What Farm Bureau Is Really For. Some confusion has arisen over the national farm program advocated by the Farm Bureau. This is to set the record straight. Farm Bureau's proposed farm program does not mean that support prices will slide downward from 90 percent of parity.

equal to that enjoyed by other groups. Farm Bureau also is NOT in favor of a price support system that would guarantee lower and lower support prices. Farm Bureau is for a price support system that will allow farmers to have 90 percent price supports (or higher) IF PRODUCTION IS KEPT IN LINE WITH DEMAND.

bring down the wrath of the consuming public and destroy the protection that agriculture has so recently obtained. (Farm Bureau is just as strongly opposed to any unrealistic and selfish program for any industry or group that is detrimental to the whole economy.)

Senator, 30th District
Contrary to a lot of recent propaganda, the State of Texas is not without some strong anti-communist laws. Nearly every

State Legislature during the past eight years has studied the Communist threat and come up with some new laws on the subject. No doubt they can be improved

upon. More diligent enforcement is also a must. Here in brief summary is the substance of the anti-subversive laws ALREADY in our law books. During the past six years your State Senator co-authored most of these.
1. Present Texas statutes provide fines up to \$10,000 and imprisonment up to ten (10) years for any Communist remaining in this State for as many as five consecutive days who fails to register with the Department of Public Safety.
2. Requiring anti-communist affidavits of all persons receiving salary or compensation from the State of Texas; requiring listings of subversive organizations; and setting up requirements with respect to textbooks used in the State's educational system.
3. Requiring non-communist affidavits of students at State educational institutions; prohibiting enrollment or employment of subversives.
4. Excluding the Communist party from the ballot; requiring loyalty affidavits of candidates for public office.
5. Prescribing penitentiary terms up to twenty-five years for writing or printing seditious language.
6. Providing prison terms up to twenty-five years for the use of any language in the presence and hearing of another person, which language is disloyal to the United States of America or abusive and calculated to bring into disrepute the United States of America.
7. Both the Texas Constitution and the Penal Code define treason as adhering to the enemies of the State of Texas. The latter provides punishment of death or imprisonment for life for treason. Further, the Penal Code provides penitentiary terms up to seven years for "misprision" of treason, which is defined as knowledge that some person intends to commit treason and failure to inform the appropriate peace officer of such fact.
Your State Senate has two new anti-Communist proposals before it. These were formulated, written, and argued before committee by Governor Shiver's Industrial Commission.
The first of these, outlawing the Communist party in Texas and providing fines up to \$20,000 and penitentiary terms of from 2 to 20 years for working in Communist activities or actions or groups sympathetic to the Communist cause, was passed unanimously by the Senate last week.
The other newly proposed law would set up a Loyalty Review Board for Texas. This new bureau would punish severely without right of trial by jury to the accused. Without appeal, it could take away the right to make a living in Texas of anyone who must have a state license. Such as: barbers, lawyers, plumbers, doctors, etc. In either instance, the Board WOULD NOT have to PROVE the guilt of anyone brought before it.
Further, this "Loyalty Board Act" would allow any County Attorney, District Attorney, or State Attorney General to issue search warrants when backed by the affidavit of even one credible citizen.
In other words, all that would be needed for the Loyalty Board to act would be a suspicion.
The Senate's Civil Juris prudence committee has "sat" on this proposal for two weeks. Apparently they will make some important changes or not pass on it at all.
This committee, made up entirely of lawyers, seems to think our regular court system with right to trial by jury is capable of enforcing our laws.

THE STORY OF PHILLIPS 66

Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

FOR MILITARY USE Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful fuels for combat aircraft.

RESTRICTED for use in aviation gasoline, these components have for years been on U. S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

TODAY, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel. It gives increased power, higher anti-knock quality, freedom from stalling . . . and it's clean-burning!

GET PHILLIPS 66 FLITE-FUEL at any station where you see the orange and black Phillips 66 Shield. Let your car's performance show you how good this new gasoline is! PHILLIPS PETROLEUM COMPANY.

Pantech Field Day Will Be Held April 15th

The Fourth Annual Beef Cattle Improvement Field Day and Tested Bull Sale will be held April 15 at PanTech Farms, Northeast of Amarillo on Highway 60. The 30 experimental pens of beef cattle, representing 29 different herd sires and 20 registered beef cattle breeders, have been on a uniform ration for 140 days to check the ability to gain of the different animals and the progeny of the different sires. Some very useful results have been obtained during the past four years with this cooperative project of beef cattle improvement. The project has been conducted by PanTech Farms, Texas Technological College, Texas Agricultural Experiment Station, U.S.D.A. and cooperating beef cattle breeders in this area.
The program will start at 9:00 with the inspection of the experimental cattle and general feeding experiments by John Jones of the Texas Agricultural Experiment Station. The results of these tests and reports on other research projects that pertain to beef cattle improvement carried on in other states will be given between 10:30 and 12:30 with Dean W. L. Stangel presiding. L. A. Maddox, Jr. will give the research findings of PanTech Farms. Mr. A. L. Baker, U.S.D.A. will discuss performance testing of beef cattle. Dr. Carl Roubicek, U.S.D.A. will lead a discussion on the use of the profilometer in finding bulls that carry the dwarf gene. Dr. Stratton of the University of Wyoming will explain the work being done on cow profiles. Dr. Hilston, head of the Animal Husbandry Department, University of Wyoming will discuss the research in blood groups and blood types as it pertains to identifying fast gaining cattle and cattle that carry the dwarf gene.
After lunch the Second Annual PanTech Tested Bull Sale will begin at 2 P. M. The 75 Hereford and 7 Angus bulls being auctioned by Col. Walter Britten are large growthy, properly conditioned bulls that are ready for service. Most of the bulls are 15 months or older.

WASHINGTON AND "SMALL BUSINESS"

There is the story going around that a freshly deceased man applying for admittance to the Pearly Gates was asked what he had done on earth. "Among other things," he replied, "I was once U. S. Secretary of Agriculture."
"Enter then," he was told, "You've had a laugh at Hades."
This probably illustrates what Agriculture Secretary Ezra Benson felt when storm broke over decision to lower parity support on dairy products.
But government already has close to \$400 million invested in surplus dairy products, plus millions in other products.
Unfortunately, no Agriculture Secretary can attack the real roots of the farm problem.
One problem is due to destruction of U. S. tariff protection. In 1947 foodstuffs with value of \$2 1/2 billion were imported. By 1951 food imports had doubled, reaching more than \$5 billion, and was about same in 1952.
In meantime, exports of food dropped from \$4 billion in 1947 to less than \$3 1/2 billion in 1952. Going back further Commerce Department figures show that until reciprocal trade treaties went into effect in the 30's U. S. food exports equalled or exceeded food imports. From about 1935, until war food imports exceeded exports, often by ratio of 3 to 1.
During war food exports were much higher than imports, but since war, even with U. S. vast give-away programs the nation has been bringing in more food than it has shipped out, either as gifts, or legitimate business.
© National Federation of Independent Business
Figures also show U. S. per capita food consumption is at an all time high, but a lot of that consumption is accounted for by imported foreign food.
Another fallacy is parity. This is a scale whereby the price of certain food crops is presumably pegged to the price of what he must buy. This is akin to comparing codfish with Jersey heifers.
The farmer must sell his products, subject to the vagaries of supply and demand. However, many of the things he must buy, such as petroleum, commercial fertilizers, are controlled by a few factors who fix prices unrelated to the law of supply and demand. He is in a nutcracker.
Pressure on one law is being exerted by the international clique of free traders. The other law is squeezed by monopoly minded farm suppliers who control production and prices of items farmers need.
Farm programs of past few years have been only opiate to ease pain of the squeeze.
But government has not come to grips with the real farm problem of vital national concern.
And here's another example of the wrecking of America. Congressman Lane, Mass., claims textiles imported in 1952 would have furnished jobs for a full year for 5,000 more U. S. workers. But while wages in U. S. mills average \$1.60 per hour, in England they average 40 to 45 cents per hour. While American worker is 1.5% more productive, greater productivity cannot overcome a 4 to 1 wage differential.
Without stronger tariff protection for the American businessman, worker and farmer, only war or government relief projects will stop climbing unemployment figures.

Inquiries and Sideights State CAPITOL

By VERN SANFORD

Texas Press Association
AUSTIN—All of Governor Alan Shivers' proposals are moving along in the legislature.

Passed by the House Revenue and Taxation committee was the governor's tax measure, levying on beer, franchise taxes and natural gas.

To raise about \$25 million a year, the tax is designed to pay for increased salaries for teachers and state employees and for state buildings.

Before passing the committee by a vote of 16 to 4, the tax bill was changed in one particular: instead of a gathering tax, it is an increase on production, from 5.72 to 9.06 per cent of market value at the well.

Also in the House, the appropriations committee reported favorably a bill to spend \$10,718,000 for buildings.

In the Senate, the story was the same: Shivers' proposals were being pushed through to enactment.

Finally passed by the upper house was a bill to outlaw Com-

munists.

This measure, which was approved unanimously, provides up to 20 years in prison for members of the party or its branches.

Also finally passed was a bill to increase the pay of state employees by \$120 per year. Senator Jimmy Phillips of Angleton had opposed the measure, which won by a vote of 24 to 5.

Phillips was also the opponent of an \$11 million program for state building, but he was the only one to vote against it as the proposal finally passed, 25 to 1.

Also approved by the Senate was the Aikin \$24 million proposition to give teachers a pay raise. Vote on this measure was 27 to 1, the opposition coming from Senator William H. Shireman of Corpus Christi.

Shireman's opinion was that the Senate ought not to vote on the additional expenditure for teacher pay prior to the passage of a tax bill in the House. Said the senator: "We don't want to write a hot check, like we did last time."

In the last session of the legis-

lature, a pay raise bill for teachers was passed, but it died because no revenue bill was provided to pay the cost.

There is yet to be some debate before the legislature makes its final decisions.

For example, Representative Joe Burkett of Kerrville protested the proposed 60 per cent increase in corporation franchise taxes.

Difference of opinion also arose in the House in the shape of a bill presented by Rep. Charles Murphy of Houston. This bill provides an alternative to the teacher pay raise proposition offered by the governor.

Murphy's bill would give school districts \$400 more per year per teacher, but would not entail raising all teachers' pay by that amount. The present \$2,402 annual pay minimum would be retained, but extra money would permit merit raises up to \$800 per year for any teacher.

There are other provisions in the bill, which Murphy said would give local trustees the opportunity to decide whether they would like to accept the increased state allowance along with the greater local responsibility for financing the school program.

Placed in a House deep freeze was the \$10 per barrel beer tax offered by Rep. Joe Pool of Dallas. In its place, the House committee passed the Governor's suggested tax increase of 63c per barrel, bringing the total tax to \$2. Rep. Joe Kilgore of McAllen presented the Governor's idea on the \$2 tax.

Adjoining states of Louisiana and Oklahoma both tax beer at the \$10 per barrel rate, Pool pointed out at a meeting of the House revenue and taxation committee.

A part of the anti-communist legislation met trouble in the form of opposition from religious organizations, three labor groups, and some members of the Senate civil jurisprudence committee.

Objections to setting up a state Loyalty Board of Review, which would deal with suspected Communists, were on the grounds that it would deprive Texans of the right of trial by jury.

Senator Rogers Kelley of Edinburg, one of the bill's authors, moved that the measure be sent to a subcommittee for rewriting, and the motion passed.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Waiter Rogers

March 26, 1954

THE DANGER OF ANOTHER DUST BOWL

Representatives from Southeastern Colorado, New Mexico, Kansas, Oklahoma, and the Texas Panhandle have been in Washington recently urging some immediate action to prevent a recurrence of the dust bowl days of the 1930's. Cooperation and cordination between the state and federal governments and the respective landowners will be essential to an early and effective blocking of a recurrence of that plight. People who have never suffered through one of these plagues of mankind, can not remotely appreciate what it does to the land and to the men on the land. As one spokesman put it, "It eats at the very souls of men." Another describes it as completely closing you in and leaving you with a feeling of utter despair. He said that it creates an inner nervous tension that stays with you for days, to be renewed by another duster just as you feel that you have about shaken it off.

The blowing of the land in the great Southwest is one of the No. 1 problems of this nation today. Unless it is attacked immediately, it will spread like a cancerous growth and eventually cost untold millions in damage to be repaired, to say nothing of the loss of productivity of the land it affects. Aldon Bell, of Perryton, was in the office the other day and told me that this dust was settling on the grass in our section and that many ranchers were having trouble getting their cattle to eat the grass. Most of the blowing seems to be in Southeastern Colorado at the present time, and we hope that it does not spread further. Several of us met with the representatives from that section and representatives from the several departments having jurisdiction of this type of problem. Some headway has been made, and it appears that some immediate action will be taken to cope with the problem in Southeastern Colorado. Although it will cost several million dollars to carry out an effective program, this cost could multiply many times if this blowing is allowed to continue.

THE NEW HOUSING BILL

The Housing Bill is scheduled to be before the House just about the time many of you will be reading this letter. This bill is not much different from the housing bills that we have had in the past. That is, the basic policies are not substantially changed. Speaking of housing, a rather amusing situation has developed. It will be remembered that during the latter part of the Truman administration, Mr. Truman requested 125,000 public housing units to be authorized. The Bureau of the Budget cut this down to 75,000, and the committees in Congress cut it to 35,000. The bill then came before the entire House of Representatives for a vote, and the 35,000 was cut down to 5,000. The present Administration is asking for 140,000, which is 15,000 more than Truman asked for. The fate of this request, when it is presented to the Congress, is going to be most amusing, because many of those who are presently supporting the 140,000 public housing unit request were the very ones who called 125,000 units socialism at its worst. Chances are the authorization will be about 20,000. I can't, for the life of me, see how the socialistic features of such a program can be erased by adding 15,000 more public housing units. Perhaps I just don't understand higher mathematics. I was one of those who worked and voted to cut down the public housing authorizations in the Truman ad-

ministration, because I did not believe that they were to the best interest of the country. The many socialistic features of such a program, coupled with the fact that they are most costly to the taxpayers, just don't add up to me to be good government, whether it is under a Truman administration or an Eisenhower administration. I find it most difficult to understand why public housing is socialistic in 1952 and free enterprise in 1953 and '54. The truth about it is that it is "politics," pure and unvarnished, in all three years.

One Member commented the other day that the price of coffee is getting so high that he just can't afford shoes for his children. I was having dinner with a visitor from the Panhandle a few weeks ago in a local hotel. He looked at the menu and saw Sirloin Steak - \$4.50. He remarked, "That sure didn't come off of any animal I sold."

Julie explored in the Enchanted Forest. We are quite fortunate to receive this complimentary copy from "The Rondan Foundation." "Puffy and the Seven Leaf Clover" by Dorothy P. Lathrop is a purchase. It is attractively illustrated and probably best appreciated by the 3rd and 4th grades. The most readable new book for the juvenile age is "Misty of Chincoteague" by Marguerite Henry. It is so charmingly written that practically any age could enjoy the story. The illustrations are captivating. We have several of her books—"Justin Morgan Had a Horse," "Born To Trot" and "King of the Wind." The Horse and Dog stories on our shelves are all so beautifully told that they motivate thoughts that otherwise are dormant.
 We have been fortunate in keeping our magazines current, and they are all good material.

your friends but acquaintances and even strangers are concerned over your loss.
 When a business man loses his business by fire or a family loses its home, the loss can not be measured in dollars and cents alone. The business men in Clarendon who so recently lost and partially lost their business places lost far more than the \$125,000 monetary loss. You as business men and home owners know what these losses are. Most of you have already expressed your concern to these men over their losses, but I would like to take this opportunity to say on the part of the members of the Clarendon Chamber of Commerce collectively and the business men as a whole that we are concerned and that your loss is also a loss to the City of Clarendon and its trade territory.
 It would not be fair to close this article without giving credit where credit is due and that is to the Clarendon Voluntary Fire Department and others who helped combat the blaze and to the Memphis Fire Department who came to their assistance possibly preventing the fire from being far more disastrous. Then how many of us can think back to the time when our water supply would not have held up under the terrific strain of use which it underwent in the recent emergency? Present and past City Officials and employees are responsible for a water supply that can hold up under such emergency use. Speaking for the Clarendon Chamber of Commerce I would like to say THANKS.
 The reason hubby's words sometimes seem sharp is that he is just trying to get them in edgewise.

When a fire breaks out in a city the first thing that rushes through our mind is the fear that it is our own home or business. Probably no other disaster is viewed with the fear felt when fire reaches out to destroy what man has put his heart and soul into building. As in any disaster the one who has his home or business destroyed by fire feels alone and friendless until the initial shock has passed and his friends begin to express their sympathy and condolences. As I well know, those expressions of sympathy still leave an empty feeling of sorrow which only time can erase, yet at the same time it helps when you begin to realize that not only

GABIE BETTS BURTON LIBRARY NOTES
 By May L. Prewitt

We received some gifts for the children's section this week. Sarah Antrobus brought several we had, and "A Year In the City" and Walt Disney's "Surprise Package" that are new to our shelves. Vince Imbordino gave "A Bear is a Bear" by Inez Hogan, and since every reader knows she is an exceedingly clever children's books author, her name is sufficient recommendation. This was a new edition, too.
 "Tommy & Julie" by James S. Wallerstein, who is a noted biological chemist. He departed to a certain extent from his inventions and contributions to learned journals when he wrote this Land of Magic which Tommy and

GREAT NEW Gasolines!

SHAMROCK'S NEW Blending Formula

- 1 Adds Premium Qualities to NEW SHAMROCK TRAIL MASTER Giving Users of Regular Gasoline Extra Performance at No Extra Cost
- 2 Makes NEW SHAMROCK CLOUD MASTER the Finest Premium Gasoline For Superior Performance in High Compression Engines

NEW TRAIL MASTER
 Shamrock's New Trail Master is the performance-plus motor fuel for users of regular gasoline. It costs no more than regular gasoline yet gives the anti-knock, extra-power, maximum mileage features you expect only in a more expensive, premium gasoline. New Trail Master offers the drivers of cars with lower compression engines all the performance advantages of recent gasoline improvements without requiring that they pay for a full premium gasoline.

NEW CLOUD MASTER
 Today's powerful, high compression automobile engines make strong demands on the gasoline they use. But as a result of Shamrock's new blending formula, New Shamrock Cloud Master not only meets these requirements but far exceeds them. Shamrock Cloud Master... octane rating more than enough to positively eliminate even trace knock... octane rating more than enough to assure maximum mileage and the quickest starts, fastest warm-up, the greatest power, smoothest performance your car was designed to deliver.

Regardless of the make or model of your car, one of the two great new Shamrock gasolines will give you MORE POWER... BETTER PERFORMANCE... GREATER ECONOMY... and, for no more than you would pay for any other leading brand of gasoline. The superiority of these new gasolines is the result of Shamrock's new blending formula. This new formula gives both Shamrock Trail Master and Cloud Master higher octane and important additives. Distillation tests carefully check the volatility of the fuels, special knock-test engines prove definitely that the new gasolines are of such high octane rating that there IS NO CHANCE of your engine knocking. Fill up with one of the two... and get the most possible mileage and performance from your car.

presenting the *Cleanest* kitchen in town

Electric, of Course!
 ...because the Clean, "soot-free" heat of Modern Electric Ranges keeps pots and pans shining bright.

... helps keep Kitchen Walls and Curtains fresh and clean.

Electric service is still your biggest bargain. A lifetime hour of service costs the average West Texas home 22% LESS than it did ten years ago.

Be Modern — COOK Electrically!
 ... see your ELECTRIC APPLIANCE DEALER or West Texas Utilities Company

No soot, no smoke, no fumes, no flame... when you cook the modern way with an electric range. Your pots and pans stay clean, curtains stay clean and your kitchen can easily be the "cleanest" in town when you cook electrically.
 But that's only part of a pretty picture... electric cooking is also COOL, FAST, AUTOMATIC and absolutely ACCURATE!
