"Farewell, shall it be forever? Say not so; we shall meet again."
Jeans! Jeans!! Jeans!!! Powell.
Our correspondent from Tecumseh writes by last mail: It is my sad duty to chronicle the death of a promising young man of this community, H. J. (Bud) Morgan, brother of Mrs. Shappard, Mrs. Mixon and Mrs. Powell. He died Monday, Jan. 27th inst., at 10 o'clock p. m. after a short illness from pneumonia. Aged 27 years. Last week he helped to dig the grave for his little niece, and now other hands have to prepare the last resting place for him. He had studied hard and earnestly to enter college next

fall and now his premature departure cuts off all his hopes and plans. May the sincere sympathy of the entire community be a consolation to the afflicted sisters and help them over the dark hours of sorrow.
If you want cheap goods go to Powell's.

La Grippe—A Few Pointers.
Persons who have a cold are much more likely to take the influenza or so called, la grippe.
It is much more severe when accompanied by a cold.
The most critical time is when recovering from the disease, as slight exposure will often cause a relapse and that is almost certain to end in lung fever or pneumonia.
The feet should be kept dry and warm, the body well clothed and care used to avoid exposure.
The bowels should be kept regular and persons physically weak should take quinine to keep up the vitality.
With these precautions and a free use of Chamberlain's Cough Remedy a prompt recovery is reasonably certain. That remedy is unequalled for a severe cold and this disease requires precisely the same treatment. For sale by Baird Drug Co.
Mr. R. L. Smith, a merchant at Dundas, Mo., says: "Chamberlain's Cough Remedy gives the best of satisfaction. The trouble is that people wake up at all times during the night, wanting it for croup." For sale by Baird Drug Co.
