CAMPBELL AND BAILEY.

Democratic Nomince For Governor and Senator Speak at Rusk.

Rusk, Tex., Oct. 12.-Hon. T. M. Campbell made a speech here Thursday before a large audience. Owing to his physician's advice he only spoke a short time. He referred to Senator Bailey as the nominee of the Demo crats of Texas for re-election to the crats of Texas for re-election to the senate. He reviewed the pledges he made during the campaign. Colonel Campbell repeated what he has said during the campaign in opposition to members of congress accepting employment from trusts, and said that he understood that Senator Bailey and all other nominess were in an agreement with him upon the subject, whereupon Senator Bailey bowed his assent.

assent.

Senator Bailey's speech differed very considerably from those which he has been delivering recently. He did not devote a great deal of his time to answering his critics, but after rather brief notice of them requested any one in the audience who had any objection to offer to his services to state it, or any one who desired him to. one in the audience who had any objection to offer to his services to state it, or any one who desired him to explain anything to ask such questions as he pleased. He repeated the invitation several times, promising not to make fun of any one asking such questions. There being no response to these invitations Senator Bailey proceeded to make a Democratic speech very much along the lines of his Fourth of July address at Abilene. He was very frequently applauded, and seemed to have the crowd with him. A notable incident of the address occurred when Senator Bailey denounced a certain accusation as a lie. "Let me tell you, brother, it is a damned lie, and God will damn all liars," said an old man who had a seat well up to the front. He is Frank Mannel, a farmer, who lives near Jacksonville. He is seventy-seven years old, and is familiarly known as the "squirrel hunter."

Parsons and family set out from their former home in a covered wagon, bound for northern Missouri. The body of Parsons was found shot to death, and the mother and three children had been clubbed to death. BOY TELLS THE TRUTH.

A girl in Leon asks why the boys act silly when they are with the girls and one of the boys writing under the name of "A Silly Boy" tells why It might do girls in other towns good t read it over and pay a little attention to the truth therein.

Why do we boys act silly when we are with the girls? It is because we haven't the respect for you we should have. And why not? You watch the girls padding back and forth in front of the hotel trying to cop the traveling men, watch them meet the n'ght trains and if a man old or young married or single gets off the train watch the girls start up a flirtation. We silly boys do not care a rap for that kind of a girl and don't respect her, neither do the traveling men. If there is anything on God's green earth to be admired, it is a lady that is a lady and we boys do admire and consider it an honor to be recognized by her. But the girls that dab on powder and dress so very swell and gad the streets night and day a sensible boy would not go to a dog fight with you. That is the reason you say you never met a sensible nent was made that Frederick Cole young man, You girls go home and learn how to wash dishes and do housework, allow no young man to call on you that you are ashamed to introduce to your mother and father and then as one of the family you'll never have to complain about the silly young man.
