Hedley Cotton Festival Success Despite Weather

The 14th annual Hedley Cotton Festival drew good attendance despite inclement weather Friday and Saturday. The Old Settlers gathering highlighted Friday's activities. Rev. Wilton Lynn, president of Hedley Lions Club gave the welcome address and Judge R. E. Drennan offered the response. Mrs. W. I. Rains was presented a gift as founder of the Old Settlers and was also honored as the oldest lady present. Luther Petty was recognized as the oldest man attending. Mrs. R. E. Mann was second oldest woman present and Mrs. Maude Lynn was presented the gift for having traveled the greatest distance to attend. The Old Settlers float in the parade carried the theme "The Good Old Days."

Saturday's parade created quite a problem for judges who found it most difficult to choose the winning entries. Each entry was beautiful and showed expert workmanship using Cotton as the theme.

In the business division the Grand Prize went to the Security State Bank. Theme of their float was "Cotton Capitol." Moffitt Hardware took first place with their "Crown Queen Cotton," and in the organizational division the First Baptist Church took first with their float titled "A Changeless Gospel for a Changing World."

Many beautifully decorated cars were entered in the parade. Hedley Cafe took a first place with their entry and there were some outstanding window displays in business houses, among them the window in Braille arranged by Leon Doherty. In window displays Pickett Grocery took first, Hedley Variety Store second, and Cherry Drug third. There was a fine exhibit of handwork, needle work, art, and flowers, plus many other added attractions which helped make the festival outstanding.

A new 1966 Ford driven by Ed Foxall of Memphis carried the Festival Queen Ricki Rowell. Mr. Foxall has driven for all 14 festival queens. Dignitaries in the parade included Congressman and Mrs. Walter Rogers, Lion District Governor J. W. Robinson of Hereford and the Lion District Queen Miss Sheri Long of Friona. Bands from Clarendon, Memphis, McLean, the Mator Drum and Ugle Corps, Bonnie Black and the Gayetts of Quanah all added color to the parade.

Climaxing the Festival was the coronation of the new Cotton Festival Queen, Miss Jamie Evans, daughter of Mr. and Mrs. James (See HEDLEY COTTON, Page 8)

Broncs Take Conference Opener 26-6 Over Canadian Wildcats

By Tom Higley

At least for the present, the Clarendon Bronchos are in a tie for the District 2-A lead.

The Bronchos manhandled the Canadian Wildcats 26-6 last Friday night at Canadian. A strong defense was the key to the Bronchos winning ways at Canadian. The Wildcats were limited to only one trip across the midfield stripe in the first half and this drive was killed when Mac McClellan intercepted a pass late in the second quarter to kill a possible scoring threat.

The Wildcat drive came after Clarendon massed its 26 points.

Two Bronchos were ejected from the District clash on what some fans termed "irresponsible action" on the part of game officials. Given the heave-ho in the third period were first team quarterback David Mooring and then McClellan, while filling in for the departed Mooring, also received a one-way ticket to the sidelines. Pete Campbell finished the game, one play, at quarterback.

Oedell Louis opened the Broncho scoring with an eight yard dash and Mooring converted on a run. McClellan scored the second touchdown on a 22-yard pass from Mooring and Daunt David again converted.

A safety, which has become somewhat of an oddity in today's football, was scored in the second quarter when a Canadian player was downed in the end zone following a Clarendon fumble on the one-yard line.

Canadian finally got into the scoring act when Howard Sanders ran 22 yards in the third period against the Clarendon second and third teamers.

Clarendon could have scored two additional touchdowns but fumbled them away.

McClellan also intercepted another stray Wildcat aerial in the first quarter.

Clarendon is now tied with White Deer and Wellington for the District 2-A lead. White Deer trounced McLean 48-0 and Wellington edged Memphis 8-0. The Bronchos will tangle with White Deer this Friday at 7:30 p.m. in Broncho Stadium.

SCHOOL TAX OFFICE TO CLOSE ON SAT.

Beginning Saturday, October 23rd, the Clarendon Public Schools & College tax office will be closed on Saturday along with the County and City Tax offices. Henceforth the office will be open five days a week from 8:30 a.m. to 5 p.m.

Colts Suffer First Loss Of The Season

The Clarendon Junior High Colts took their first defeat of the season Thursday night when the eighth graders of Wellington Junior High took a 20-8 victory in a game played at Wellington.

Wellington's first TD came on the opening kick-off and a play good for about 70 yards. The half ended with an 8-0 score. Wellington again scored in the third quarter on a long pass good for 50 yards. Their final tally came in the fourth period on an end run good for 20 yards.

The Colts' only score came in the last few minutes of the game when Charles Louis scored on a play good for about thirty yards. Bennie Reese ran the extra points.

Both Bennie Reese and Ike O'Neal were outstanding on offense.

Seventh graders played to a O-O tie in a game just prior to that of the eighth graders. Wayne Carter was the outstanding player in the tilt.

The Colts will host their final home game in Broncho Stadium Thursday night, tonight. Their opponents will be the Junior High group from Canadian. Game time will be 6 p.m. A good crowd is anticipated for this last home game so all of you Colt fans come out and give your team a boost. Remember game time is 6 p.m.

STATE CITATION ART EXHIBIT DRAWS MUCH INTEREST

The Donley County Exhibition of the State Citation Art Exhibit will be held in the Farmers State Bank October 30-31 under the direction of the Donley League of Democratic Women. Pictures should be brought to the bank any time after 3 p.m. the afternoon of Friday, October 29. They will remain on display all day Saturday, October 30 and from 2 to 5 p.m. Sunday afternoon, October 31. The exhibition will be open to the public and will be free of charge. Refreshments will be served.

Pictures from the Donley County Exhibit will be taken to the District Exhibit at the City Auditorium in Childress November 20 with those from that exhibit going to the State Exhibit in Austin in February. Scholarship and merit awards will be presented.

The State Citation Art Exhibit sponsored by the Committee-women of the Texas State Democratic Executive Committee is creating a great deal of interest among art enthusiasts throughout the area and promises to be one of the finest of its kind. All Donley County artists are invited to participate. Complete details may be secured through Mary Cooke.

Mrs. John Blocker and Mrs. Rex Jones of Florissant, Mo. have returned to Clarendon.

Miss Jamie Evans, daughter of Mr. and Mrs. James Evans of Hedley, was crowned the new Hedley Cotton Festival Queen at ceremonies last Saturday night. She will reign as festival Queen thru the festival in 1966.

Entries Coming In For Annual Bull Sale

Entries are coming in fast for the 1965 Rolling Plains Registered Beef Cattle association registered bull sale says Flip Breedlove, secretary and manager of the association. From all indications at this time, Breedlove thinks that he will have about 55 Hereford Bulls, 20 Angus Bulls, and 15 Galloway bulls. The sale will be held on December the first at the Fair Grounds in Clarendon at 12:30 noon. The bulls will be classified for sale order at nine a.m. on the day of the sale. Walter Britten will be the auctioneer.

Breedlove also stated that plans were being made for the national meeting of the Board of Directors of the American Galloway Association to be held in Clarendon on the night before the bull sale. H. A. Green, well known Galloway breeder from Clarendon says that he expects all of the directors from different sections of the nation to be present. If all are present then about twelve members will be here for the occasion and remain over for the sale on the first of December.

A TV show previewing the coming bull sale will be held on Cotton John's Farm and Home Show late in November. The date of the show will be announced at a later date after more details have been worked out. The Rolling Plains Bull Sale is a good place for cow men to buy the kind of bulls they need for their beef improvement program. Breedlove says that some good herd sire prospects will be offered in the sale and some of the best breeders in the southwest will have consignments in the sale.

District 2-A To Have New Members Next Year

It will be a new, yet old, District 2-A next fall.

As a result of a meeting in Austin last Saturday, several members of this year's District 2-A have been moved up the ladder to District 2-AA or have been reset to become members of District 1-A.

Only Clarendon and McLean will remain in District 2-A.

Memphis and Wellington will join the ranks of those playing AA ball in District 2 and will replace Childress which has jumped to Class AAA.

Canadian and White Deer have been moved to District 1-A with Gruver, Stratford and Sunray.

New teams to enter District 2-A are Claude, Silverton and Wheeler. Wheeler has been one of the stronger Class B schools in the state. Only last year Claude made the jump from B to A.

The action was taken by the University Interscholastic League and the changes are listed as being tentative.

ATTENTION ALL EX-STUDENTS OF C.H.S.

Those of you who did not participate in Homecoming activities at Clarendon High School held October 1-2 possibly do not realize that attendance was much lower than in years past. Consequently, the Ex-Student Association did not take in sufficient monies to begin planning for next year's Homecoming.

If each of you are interested in seeing your Homecoming carried on another year, you may wish to make a contribution to the Ex-Student Association fund in care of the Donley County State Bank in order that advance notification of next year's activities can be mailed to all CHS Exes.

HEAD JOINS CLARENDON VET STAFF HERE

Howard M. Head, son of Mr. and Mrs. John Head of Richardson, Texas and formerly of Clarendon, has joined the staff of the Clarendon Veterinary Hospital here. His father was president of the First National Bank here.

Head, an August graduate of the College of Veterinary Medicine at Texas A&M University received the American Veterinary Medical Association Auxiliary award for outstanding contribution to the image of veterinary medicine at Texas A&M University. Dr. Head was a distinguished student, president of the Memorial Student Center Council and Director, elected to Phi Eta Sigma, Phi Kappa Phi, Phi Zeta and "Who's Who in American Colleges and Universities." and an active member of the Student Chapter of the AVMA.

Bronchos Meet Strong White Deer Bucks Here Friday Night - 7:30

Last Rites Held For Mrs. Paul Moore

Funeral services were held Sunday afternoon in the First Baptist Church, Clarendon, for Mrs. Florence Melissa Moore with Rev. Ray Bob Floyd, pastor Martin Baptist Church officiating. He was assisted by Rev. W. R. Lawrence. Burial was in Citizens Cemetery.

Mrs. Moore, 51, died Saturday morning in Adair Hospital after a week's illness. She was born November 8, 1913 in Dickinson County, Texas. In 1928 she moved with her family to Clarendon from Spur, Texas and March 19, 1937 was married to Paul J. Moore. She was a member of the Martin Baptist Church.

Surviving are her husband, Paul J. Moore of Clarendon; two sisters, Mrs. Mary Troy Toms of Jenks, Okla., and Mrs. Herman Vinson of Clarendon; four brothers, Linzie L. Johnson of Perryton, Lee Roy and Albert B. Johnson Jr. of Clarendon, and James E. Johnson of Goose Bay, Labrador.

Palbearers were W. H. McDonald, Charlie Hearn, L. A. Watson, Clarence Reynolds, Guy Sibley, and C. E. Jackson. Arrangements were under the direction of Murphy Funeral Home.

DONLEY GOLF CLUB MEMBERS TO MEET

A meeting of all members of the Donley County Golf Club has been called for Thursday evening, October 21st at 7:30 p.m. The meeting will be held in the Community Room of the Farmers State Bank.

Several items of importance in the way of business will be up for consideration, stated Dr. J. Gordon Stewart, president. All members are requested to be present.

SOAKING RAIN IS GENERAL OVER COUNTY

Heavy clouds which moved in Sunday afternoon dropped good moisture over the entire county with the totals heavier from west to east. The moisture slowed down harvest operations but was considered quite beneficial to some row crops and wheat and rye.

Hubert Rhoades reported 1 inch at Ashtola, C. C. Rich 1.60 at the Country Club, Willard Knox 1.90 at Lelia Lake, Johnson 2.20 at Hedley and 1.60 here in town. This brings the yearly total here in town to 18.88 inches.

THE week is here. This is THE week the Bronchos meet THE team in the District 2-A race. By THE, it's the White Deer Bucks, rated at least the number three team in Class A circles by the various sports writers across Texas.

Clarendon has a chance, although slim, to be the giant-killers when the two teams tangle at 7:30 p.m. Friday in Broncho Stadium. However the chances appear doubtful as of Wednesday.

On the ailing list for Clarendon are starting end and defensive standout Richard Thornberry and back Archie Smith. Both are suffering from ankle injuries but it is expected that they may see action.

Clarendon, White Deer and Wellington are tied for the district lead as a result of their victories last week.

The Bucks are undefeated and untied thus far this year. They were bothered by several injuries early in the season but that is water under the bridge now. At full power they are expected to be heard as they thunder across the gridirons of the Panhandle.

Grudgingly the pick this week is White Deer 36, Clarendon 20. The Broncho Drill Team has announced that they will march in pre-game ceremonies Friday night. This program is expected to start around 7 p.m. or soon thereafter. The group will give the "Hello" and the "Good Luck" yells.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

As Adjournment Approaches Congress will be well along toward adjournment as you read this newsletter. The closing days of a session of Congress are always among the most hectic of the year as legislation, often pushed along through committee procedures, comes to the floor in a wrangle of parliamentary decisions and quick votes. Members who, as I do, advocate an orderly, deliberate consideration of legislative proposals are sometimes dismayed to find many ill-advised measures slipping through to approval.

It is well that adjournment is coming. It is, I feel, important for the country to have a respite from the close attention it has been paying to legislative matters. Certainly the work of the Congress is so important every citizen should make it his business to be well informed and to study proposals that are advanced. But the pause between this First Session of the 89th Congress and the Second Session, beginning in January, will permit American citizens to review what has been done and to give attention to problems facing the country of another type. Primarily I refer to those involved in our inter-

national relations. The respite will permit members of Congress to return to their homes, to be among the people, to review and discuss these very important matters.

It is unlikely that the Founding Fathers anticipated that the Nation's legislative business would require Congress to be in session almost year 'round. The almost continuous sessions that have become a part of accepted Congressional procedure were really not envisioned as little as 20 years ago. As I pointed out in another connection recently, the Legislative Reorganization Act of 1946 provided that "except in time of war or during a National emergency proclaimed by the President" the House and Senate are to be adjourned not later than July 31 "unless otherwise provided by Congress." The legal situation is that we continue to be in the state of National emergency proclaimed by President Roosevelt on September 8, 1939, and May 27, 1941. Even had the requirements of the law not been met by the continuing force of these edicts, it would have been necessary in most of the years since 1946 to enact measures providing for sessions past July 31. The business of the country has simply become so complex—and the Federal Government's role so strong—that the national legislature must sit in almost continuous session. For all the Members of the House and Senate, the end of the formal meetings of the

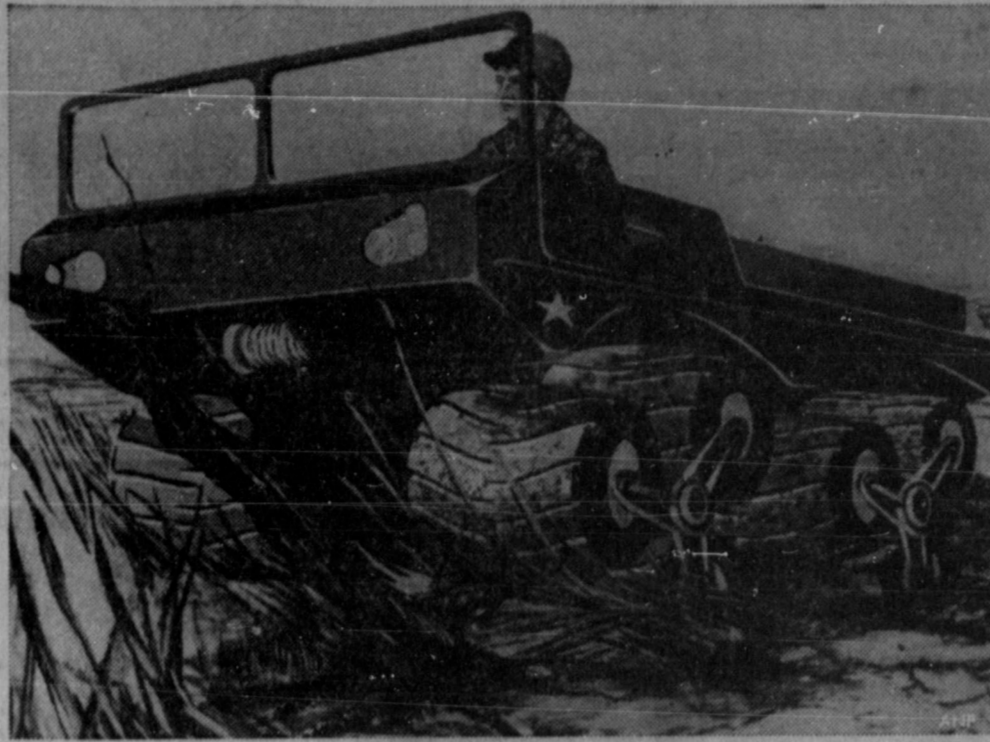

chambers of the two Houses during adjournment will not end the responsibilities they face. Most will be required to attend Committee business of one sort or another as the Committees, the workshops of the Congress, prepare legislation for consideration in the Second Session. All will find it necessary to "stay on top" of developments affecting the country at home and abroad, because at any moment the President of the United States could order the Congress reconvened to deal with a new crisis or emergency.

When congress has handled its business in Washington with dispatch, the situation permits the Members to devote the proper amount of time studying problems confronting people in the Districts and States they represent. The Members of the House and Senate thus take up their duties in January again with fresh knowledge of the situation in their home areas and the feelings expressed to them by the citizens with whom they have talked. No amount of "pub-

lic opinion research," as reflected in printed reports, can take the place of discussions with individual citizens holding informed and clearly thought-out opinions on issues of the day.

This is the great opportunity of adjournment. Although the House and Senate are not called into formal session each day, Congress remains at work as its members prepare again to reflect, as the representatives of the people, the hopes and aspirations of this great Nation's citizens.

Hedley friends were shocked and grieved when word came that Mr. Woodard died suddenly at his home in Hedley after suffering a fatal heart attack. Mr. Woodard has been a resident of Hedley for the past 16 years. Deepest sympathy is extended the family.

BRONCHO COLUMN...

The Clarendon High School Bronchos won their first Conference game of the season last Friday night. They won over Canadian with a score of Canadian 6, and Clarendon 24.

Twenty-two members were present at the Future Teachers of America meeting on October 11, 1965. The meeting began at 7:00 in the high school library. Melinda Moore called the meeting to order and led the business discussion. Pam Hicks called the roll and then Judy Greene presented a poster and talk entitled "The Characteristics of a Good Teacher." Emily Neece was next on the agenda with her short speech, "Thoughts for the New Teacher." Mr. Leonard Selvidge completed the evening by giving an excellent discussion of the teaching

profession. Everyone enjoyed hearing Mr. Selvidge speak, and I am sure they all got a lot out of his talk.

National Honor Society News

The National Honor Society has declared the week of October 18-22 as Howdy Week in Clarendon High School. The week will be concluded by an assembly in the college auditorium on October 22 at 11:00 A.M. During the week, there will be a mystery person in the school. The last person saying "Howdy" to the mystery person before the assembly October 22, will be presented a prize. Ballot boxes will be in the halls of C.H.S. for the students to vote for the "Friendliest Boy and Girl." The winners will be presented in the assembly along with all the new students and teachers in Clarendon High School. Everyone say "Howdy."

New Visual Aids

New visual aids have been added to the public schools. Two over-head projectors have been added to the library to be borrow-

ed and used by every teacher in the system.

A 3M Brand Infrared Copy Machine is set up in the library. This will answer many needs for teachers. Some of the teachers are really making good use of this machine.

We are borrowing many films to be shown in the science department. There has been much free material ordered by teachers.

The audio-visual aid department has ordered seven film strips and one record. Four of the film strips and records are for the English department on "What to look for in drama and fiction." The other three films are on "Parliamentary Procedure in Action."

The school has made much progress in developing a visual-aid program during the past 3 years since the "Self Study" program was so efficiently promoted by the school staff of teachers.

Mysteries

Seven Mystery books have been donated to the library this week. The first four were donated by Pat Braddock and the last three by Lee Stribling. The titles are: Teddy and the Mystery Monday by Howard R. Gares; Trixie Belden and the Mystery of Glen Road; Trixie Belden and the Red Trailer Mystery; and Trixie Belden and the Gatehouse Mystery; all by Julie Campbell; The Clue in the Old Album by Carolyn Keene; Cherry Ames Night Supervisor by Julie Tatham; and The Mystery of the Locked Room by Carolyn Keene.

The mystery readers will enjoy these. Thanks to Pat and Lee from the Library staff.

School Pictures

by Mrs. Justice The Clarendon High School students have been having their

pictures made for the annual. The busiest person in school is Mrs. Pete Bromley, sponsor of the annual. She made a complete schedule for making pictures which worked out to perfection. Mr. Tommie Saye and Tom Higley have been busy telling students to look at the birdie.

News From Clarendon College

THIS AND THAT

Campus Chatter
by Jimmy Blackerby

Low murmurs and loud groans highlighted the past week. It seems that the first 4 1/2 week survey of grades revealed that a large number of students neglected their schoolwork, and with the posting of this survey, they discovered the drastic results. Some of the students were calling the survey a "Who's Who" list, possibly because it shows who's failing whose class. This survey did increase library activity and this

writer has a feeling that the list will not be so long next time.

Other than the survey list being posted, the past week has been fairly uneventful. There was some excitement, however, when T. Rose Stepp noticed mud on Dan Johnson's shoes. This observation brought the spontaneous question, "Have you been to Murphy's Canyon, Dan?"

From the quizzical look on Dan's face, everyone knew what was coming next. "Where's Murphy's Canyon?" he countered. T. Rose, with a slowly reddening face, claimed that she didn't know either, and quickly walked away. Dan has quizzed several people, but to date no one has explained Murphy's Canyon to him. Doesn't anyone know?

HERE AND THERE

Annual Staff Meeting
by Judy Walls

A meeting of the Clarendon College Annual Staff was called on October 13 to confer with Mr. Chester Sullivan, representative of the Taylor Publishing Company in Dallas, and to select the annual cover, theme, and letterhead. The staff chose a padded metallic, nylon base cover. It is a light emerald green with gold letters and insignia. They decided to use the college emblem on the cover.

Depicture of the architecture during an early period of history will be the theme.

The letterhead chosen was the Old English type. All the written material will be done in this type.

The annual staff would also like to take this opportunity to thank Mr. Tom Higley for taking class pictures this past week.

WHEN AND WHERE

Do, Re, Mi News
by Ella Just

The college choir has enjoyed a busy week. Under the direction of Mrs. Weaver, the group presented a program for the P.T.A. at Estelline Tuesday evening and again at the Hedley Cotton Festival Friday afternoon. The program consisted of four numbers by the choir, who in turn accompanied Mike Smith in a solo. Nancy Hill played a piano selection and Ella Just sang a solo, with the choir assisting in the background. Bobbie Stewart, accompanied by her sister, sang several solos. The programs were well received and the group enjoyed presenting them.

Aggie Club to Sponsor Dance

The Aggie Club is sponsoring a dance on October 28 at 8:00 P.M. in the old red gym. Music

will be furnished by the Velasquez Brothers from Wheeler. Everyone who has ever heard these boys play knows to expect a good time.

WHO AND WHAT

Ricki Rowell, daughter of Mr. and Mrs. A. J. Rowell of Hedley, reigned as queen of the Hedley Cotton Festival. Ricki graduated last spring from Hedley School and is a freshman Business major at CC this fall. She works part time at the ASC office in Clarendon.

A special assembly program was held Wednesday during the activity period. Tim Ray, Student Senate president, presented Rev. Lawrence, pastor of the First Baptist Church, who introduced Larry Weeks of San Antonio and Rev. Sam Tullock of Gatesville. The two visitors formed the evangelistic team which was conducting services at the local Baptist church. Following a solo number by Mr. Weeks, who played his own accompaniment at the piano, Rev. Tullock made an interesting and challenging address which was well-received.

Definitions
by Gwen King

After attending his first eighty-third class, John Cearley was asked to define an "early rising." His reply was, "A triumph of mind over mattress."

Maudena Self defined ego as the only thing that can keep on growing without nourishment.

Frank Evans' definition of a fat man is one who leans heavily against his belt.

A happy marriage, defined by Ronnie Wood, is a long conversation that always seems too short.

Mrs. Naylor: Ronnie, give me a definition of "history."

Ronnie McAnear: An account mostly false of events unimportant, which are brought about by rulers, mostly knaves, and soldiers, mostly fools.

Thava Davis defined an intelligent girl as one who knows how to refuse a kiss without being deprived of it.

"A martini," says Steve Lindsey, "is an olive with an alcohol rub."

Last but not least is Tanga

Neel's definition of an old maid, which she reports, is a girl who has been looked over and then overlooked.

BULLDOG KENNEL

Coach Overcast and members of the Bulldog basketball team were special guests last Tuesday at Lions Club. Coach gave a brief talk concerning team attitude and the outlook for the coming season which starts November 16 when the boys meet Wayland College here. The entire squad appreciated the opportunity of being at the meeting and becoming acquainted with Clarendon business men.

Air Force Test To Be Given

Air Force ROTC officials from Texas Technological College will administer the Air Force Officer Qualifying Test on the Clarendon College Campus, Oct. 28 at 1 P.M. in room 304.

The test is in conjunction with the Air Forces new two year ROTC commissioning program, now being offered at some 186 colleges and universities across the nation.

This new program affords young men who transfer from Junior Colleges to four year institutions the opportunity to compete for Air Force commissions on an equal footing with

other students who have taken the first two years of the traditional four year program.

Further information regarding this program may be obtained by contacting Dean Weldon E. Day at Clarendon College, Phone 874-3552.

FIREBREAKS

As most people know, firebreaks are barriers installed to check or stop fires on rangeland. They protect the soil and plant resources by reducing or preventing damage to plant cover by fire. Firebreaks are most applicable on ranges where fires are most likely to occur, such as range bordered by highways or any location where people might travel on rangeland.

Firebreaks are built by plowing or grading to remove all vegetation a minimum of 6 feet with 8 to 10 feet being the optimum width. They are not recommended where they will create an erosion hazard on sandy land. If firebreaks are constructed on erosive grades that might result in gulley erosion, blocks or other erosion control measures will be used as part of the planned firebreak.

Your local S. C. S. office has any needed information one might need on the subject of firebreaks so feel free to drop by the office any time.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all proposals—extending the terms of office of the governor and other state-wide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund to \$200,000,000 and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here, too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospitals from local property taxes; permitting the Legislature to raise salaries of Speaker of the House and Lieutenant Governor

and to increase lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year-term amendment may spread over to other less controversial measures. A light voter turnout is forecast.

ATTORNEY GENERAL RULES—A person placed on probation for first-offense driving while intoxicated is not subject to automatic suspension of driver's license, Atty. Gen. Waggoner Carr has ruled.

In an opinion requested by Fort Bend County Atty. R. A. Stallings of Richmond, Carr concluded that since a probated sentence is not a final conviction, there is no automatic suspension. If probation is revoked and judgement becomes final, the license would be suspended at that time, Carr said.

Opinion settled widespread speculation on terms of the new Misdemeanor Probation Law.

In separate opinion, Carr held a newspaper printed by contract and mailed in one county for distribution in another county is legally eligible to publish Constitutional Amendment advertising. Secretary of State Crawford C. Martin requested the opinion, referring specifically to the Ganado Tribune, circulated in Jackson County, but printed and mailed in Lavaca County.

DAM PERMIT ON NUECES—An application has been filed with the Texas Water Rights Commission for a proposed dam on the Nueces River at the Smyth Crossing site in the Zavala-Dimmit Water Improvement District No. 1.

Application proposes a reservoir of 66,870 acre-feet at normal

FAMILY BANKRUPTCIES ARE INCREASING

Over-use of credit is causing greater numbers of American families to file bankruptcy proceedings.

These bankruptcies can usually be blamed on poor management in the family, rather than a lack of money, says Mrs. Elsie P. Short, Texas A&M University Extension home management specialist.

"People are impatient to have the same prestige items and status symbols that the Joneses have. They are unwilling to wait a few months to accumulate the funds necessary — so credit is used. Bankruptcies result from flagrant misuse of credit," Mrs. Short adds.

American families have upped their short-term debts from \$8 billion in 1945 to \$70 billion in 1964.

Families may avoid the loss of available credit — caused by the abuse of the credit privilege — by establishing a clear plan or purpose for the use of their money. This plan should be based on income. A family's security depends on spending within the bounds of income and certain priorities and limitations may need to be set up, the specialist emphasizes.

Nationwide, almost 140,000 families filed bankruptcy proceedings in 1963, the last year that statistics have been made available.

Additional planning and training in the use of credit and money management could have averted many of these bankruptcies.

FARM NEWS

From County ASCS Committee

NEW FARM PROGRAM

At the time of this writing, the new farm bill has been passed by both the House and the Senate. It will become law only when the President signs it. We still do not have the details concerning the program but should begin receiving some soon.

We want to do everything possible to get the information out to all the farmers. Any suggestions you can give us would certainly be appreciated. Would it be advantageous to hold group discussion meetings throughout the county? Please let us know how you feel about it, as this program is different and there is not too much time to learn the particulars. If meetings such as this would be beneficial, we will be very happy to make arrangements for them.

CLEAN TILLAGE ON DIVERTED ACRES

If you have carried out clean tillage on diverted acres throughout the summer, you must have a cover on that land this fall. Please come by the office and let us know what kind of cover you have. This is most important as this county is approved to carry out the clean tillage practice only if a cover is planted in the fall.

1965 has been a prosperous year thus far for Donley. The Leo Smiths, J. B. Lanes, W. W. Wiggins, A. J. Rowells, Earl Myers, and the Eldon Lytes all have recently moved into new homes. The ones we have seen are very lovely. Congratulations—we are proud for each of you.

NOTICE TO HUNTERS

SOCIAL SECURITY EXTENDS ELIGIBILITY PROVISIONS

Some persons who had not worked long enough to qualify for social security payments will now be eligible under the recently amended Social Security Act, according to a statement made by Hal Gelden, District Manager of the Amarillo Social Security Office.

The new provision makes it possible for older workers to qualify with as little as 3 "quarters of coverage"; the previous minimum was 6 such quarters. In commercial employment a quarter of coverage is a calendar quarter in which a worker has paid wages of at least \$50; quarters are credited for farm work, and for the self-employed, on a different basis.

The following table shows the groups that the new provision affects:

Man Who Reached 65 (Woman 62) In	Quarters Needed
1954 or earlier	3
1955	4
1956	5

Workers who qualify under the special provisions will receive \$35 per month; payments cannot begin, however, until the worker reaches age 72. Persons who think they may be affected by this change should check with the social security office as soon as possible, Gelden stated.

NEWS FROM CITY HALL

by R. L. Gilkey, Mayor

Autumn is a busy time of year. It is busy for the city as well as for our surrounding farmers and ranchers. It is the time of year when we all work hard and play hard. Even our children work hard at football so we will have good games to watch.

Your city has been working hard for you. Have you noticed the repairs about the red school building? The roof is being replaced at this time. The airport has been reshaped to provide better water drainage from the runway. Minor repairs are being made to the playground equipment in the park. Temporarily we will not be able to keep the streets in shape while the city equipment is in the shop for repair. Even the Greenbelt Water Authority hopes to let the contract for the construction of the Dam in December.

City income this month was \$8,791.00. Expenses amounted to \$8,110.00. Thus far the city has collected \$9,435.58 from our 1965 tax statements mailed the first of the month. In October 1964 we collected over \$24,000.00 in taxes. Remember the last business day of October is Friday, the 29th. So if you want the 3% discount, pay your taxes before the end of the month.

Here's another word about traffic violations. If you don't think, don't drive. Last week we had two children injured just because the driver's didn't think. They didn't violate any traffic laws, but they could have prevented those accidents. I think we all want our traffic laws enforced, unless, we happen to be the one that's caught. And most traffic laws are simply good driving habits and courtesy to the other driver. So remember to think before you drive.

Large Crowd Expected For WT-NM State Game Sat. Afternoon

A large crowd is expected to be on hand for the West Texas-New Mexico State football game in Buffalo Bowl Saturday afternoon for the annual West Texas University homecoming game. Kick-off time will be 2:30 p.m.

Old grads will be hopeful of a win by their favorite team. The Buffs barely squeaked by Colorado State University by a score of 15-12 in their game Saturday night. This brings their season record to five consecutive wins.

The New Mexico Aggies have lost only one game this season and that to the Texas Western Miners. Warren Woodson, Aggie Coach, holds a record of 12-5-2 against West Texas but in the last five seasons under Joe Kerbel the Buffs have managed a 2-2-1 split with the Aggies.

Both teams boast outstanding defense. Both defenses have been dented well by passing but each has also intercepted more than its share of enemy passes, however both teams have been inconsistent on offense.

A capacity Homecoming crowd is expected for Saturday's clash. Buffalo Bowl has a seating capacity of 20,500. Tickets are available locally at the Chamber of Commerce office.

PATCHING CLUB HOUSE MAY BE RENTED

As has been the custom in the past, Patching Club House may be rented to individuals or groups for meetings, parties, and entertainments. Mrs. W. K. Hardin, secretary of the Club House Board is in charge of rental and all bookings should be made with her.

The permanent Patching Club House Board is composed of Mrs. Cal Merchant, Mrs. J. D. Swift, Mrs. J. Alfred McMurtry, and Mrs. C. T. McMurtry. Members of the local board are three federated clubs using the Club House. These are Pathfinder, Book Club, and Les Beaux Arts Club, these being the president, vice-president and one member from each club.

Mrs. C. T. McMurtry is president of the Local Board, Mrs. W. K. Hardin, secretary, and Mrs. W. N. Poole, treasurer.

TOM SHADLE CATCHES BIG CATFISH

Tom Shadle, prominent farmer who lives southwest of town, finally came up with the big one. While fishing at Lake Bridgeport last week, he caught a yellow catfish that tipped the scales at 40 pounds. Tom said a person could have roped his eyeballs with a grapevine when he snagged the big cat. Mrs. Shadle accompanied him on the fishing jaunt and will vouch for the size of the fish.

Mrs. Della Barker returned home Saturday after visiting with her daughters, Mrs. Johnny Marshall at Dunning, Calif., and Mrs. J. T. Easterling at Beaumont, Calif.
