Winners In Donley County Fair And Quarter Horse Show Are Announced

County Fair And Quarter Horse Show "Biggest Ever Held"

The Donley County Fair and Quarter Horse Show just completed this past Friday and Saturday in Clarendon was the biggest ever held in the county says County Agent Flip Breedlove. Breedlove praised everyone who worked hard in all the departments to make the fair a success. The fair was made possible by the participation of everyone and all who set up exhibits and took part in helping are due the credit for the success of the fair.

The Flower Show was the biggest and best ever held and as a special attraction, Love Nursery of Amarillo set up a display that was very beautiful. The results of the Flower Show are in a separate article in this publication as shown on the books of the Les Beaux Arts Club.

The horse show was very good and Judge Gene George of Amarillo made the first placings in the classings as follows: 1962 stallion, first, Roy Frazee, Belen, N.M.; 1961 Stallions, Russell Moore, Plainview, Texas; 1960 Stallions, first, Earl Grant, Amarillo, Texas; 1959 Stallions, first, Johnnie Burson, Silvertown, Texas; Stallions foaled in 1958 and before, first, Basden Quarter Horse Farms, Amarillo, Texas. The Grand Champion Stallion of the show went to Basden Quarter Horse Farms of Amarillo, Texas; the Reserve Champion Stallion went to Earl Grant of (See COUNTY FAIR on Page 8).

Mills And Tipton Lead Pack In Golf Tourney

Robert Mills and E. A. Tipton are leading the pack at the end of the second week of play in the Handicap Medalist Golf Tourney with a score of 66, 6 strokes below par for 18 holes. Par for the 18 holes is 72.

Close behind the two leaders is Roddy Seago, Shelby Bell, Jerry Allen and Ray Palmer. The score average for the first two rounds as turned in this week are as follows:

Player	Score

Competition was high in the community exhibits at the County Fair Saturday and the Martin Community exhibit was the first place winner with their outstanding display.

College Enrollment Is Still Rising

According to reports from the office of Dean Oliver J. Abel, enrollment in the college for this fall semester is still on the rise. As of Tuesday of this week, 134 students were attending classes. A total of 137 have enrolled but three have withdrawn.

This is a record number of students at this early stage of the first semester. Generally, a few students who were planning on going to senior colleges, will enroll after the registration dates for the senior colleges. It is estimated that the figure may climb as high as 145 by the end of next week.

Night School Enrollment Still In Progress

Registration for courses to be taught in the night school division of Clarendon Junior College is still in progress this week and will continue through next week.

Indications are now that courses in accounting, typewriting, physics, government, history, biology and Bible will be taught.

People interested in any of the above listed courses should contact Dean Oliver J. Abel at the college as quickly as possible.

Heat And Showers Top Weather Picture

Showers invaded the local area Friday night to bring some relief to the extra dryness that had been in evidence through most of August and the first part of September and also the hot temperature of Thursday and Friday.

The mercury soared to a hot 103 on Thursday and 102 on Friday. The shower or sudden down-pour Friday night netted .41 inch and an additional .11 was added Saturday and Sunday to bring the total to .52 inch.

Local Students Enroll In CJC

A total of 32 Clarendon students have enrolled in Clarendon Junior College so far this fall.

Students from Clarendon at the college at the present time are: Philip Abel, James Allen, Keith Barbee, Shelby Bell, Jerry Bones, Andra Bradshaw, Rocky Carter, Judy Castner, Leon Gibbs, Clela Kooz, Wayne Lewis, Gary Mahaffey, Wayne Mann, Johnny Mays, Lacy Lee Noble, Ted Shaller, Danny Shields, Billy Neal Spier, Bill Stavenhagen, Herman Vinson, Dennis Bradshaw, Neel Carter, Pauline Gillian, Norma Jones, Ann Karnes, Kay Lemons, Gary Longan, Johnny Rattan, Norma Self, Howard Talley, Frances Wallace and Pat Wallace.

SPECIAL MEETING OF O.E.S. TO BE HELD THURSDAY EVENING

A special meeting has been called by Clarendon Chapter No. 6 of OES for Thursday evening, September 27, at 7 p.m. The purpose of the meeting is to entertain visiting Chapters from the surrounding area and will be held at the School Cafeteria. A Western theme will be carried out in the Friendship Round-up, Chuck-Wagon supper, and program. All members are urged to be present.

ATTENDS STATE MEETING

Mary S. Cooke left Saturday for El Paso to attend the Texas State Democratic convention. Miss Cooke is chairman of the Donley County delegation.

Mr. and Mrs. J. B. Hilbun of Pampa and Lloyd Hefner of Amarillo visited Saturday with Mrs. A. O. Hefner.

Plans Completed For Annual Homecoming

Plans have been completed for the annual Clarendon High School Homecoming September 23-29 with activities to be set off by the Clarendon-Shamrock football game at Broncho stadium Friday night, September 23.

Numerous activities have been planned for Saturday with registration at the High School beginning at 9 a.m. Saturday, September 23. Coffee will be served at this time. Class meetings will be held throughout the day. The business meeting and election of officers will be held at 3 p.m. Saturday afternoon. Classes of 1918 and 1928 will be honored this year.

The banquet will be held at the school cafeteria this year with serving at 5:30 p.m. Tickets are \$1.25 per person and may be purchased from Genella Eads or Hubert Kidd if you desire to purchase them in advance. The banquet will be followed by a dance in the College Gymnasium. Admission will be \$1 per person, music by Charlie Grimes Orchestra. There will be free baby sitting.

Definite information as to place for class meetings and the baby sitting was not available for this paper. For additional information inquire at the registration desk Saturday morning.

SENIOR CLASS TO SELL MUMS FOR HOMECOMING

The Senior Class of CHS will again sell Mums for Homecoming, September 28-29. Mums bought for the Clarendon-Shamrock football game Friday night, Sept. 28 should remain lovely for Homecoming activities on Saturday. Marjorie Harlan will prepare the corsages for delivery Friday afternoon. Large mums will be \$1.75 and small ones 75c.

Mums can be ordered from Agatha Wallin, Judy Pittman, Shirley Mann, Carol Spencer, Connie Williams, Janie Ivey, Beverly Leathers, Molly Floyd, Brenda McAnear, Sharon Williams, Vicki Molyneux, Jamie Ross, Marie Blackburn, or Annetta Carriek. The deadline for placing orders is September 27.

The Senior Class was visited by Tommie Saye and Mrs. James Barrett, local photographers on September 11th and 12th. Students voted to have Mrs. Barrett take the senior pictures this year. A committee was appointed at this same meeting to select a play. This committee will work with Mrs. Bill Todd, class sponsor.

Jaycees To Launch Polio Immunization With New Vaccine

A community-wide effort to wipe out polio in Donley County will be launched by the Clarendon Jaycees on October 7th it was announced today by President Delbert Robertson.

All citizens over the age of three months are urged to turn out on October 7th to receive their first dose of the Sabin oral polio vaccine.

"While there has been a dramatic decline in the number of cases of paralytic polio," Robertson said, "the disease is not yet defeated. In the United States, there were more than 1500 cases of polio in 1961. More than 800 of these suffered either death or some sort of paralysis from the disease."

"The vaccine may be the final answer to the fight against this dreaded disease. It is easy to administer — no injection; it provides rapid action — in about one week, and it helps break the chain of transmission by stimulating intestinal resistance to future infection."

Robertson said that the Jaycees had purchased over 2,000 doses of each of the first type of the Sabin vaccine from Pfizer laboratories. The vaccine will be distributed at minimal cost, and free to those who cannot afford it in this community project.

The vaccine can be administered to infants by dropper, spoon, or paper cup. Older children and adults can drink a mixture of vaccine and distilled water or eat a cube of sugar on which the vaccine has been dropped.

The vaccines have been distributed to more than 100,000 persons without danger. Sabin oral vaccine type III will not be distributed.

In accordance with the City of Amarillo, vaccine types I and II will be administered October 7th and November 18th.

The vaccine will be dispensed at the Donley County Courthouse on these Sundays, between 2:00 p.m. and 5:00 p.m.

Annual Flower Show Is Outstanding

This year's flower show held in conjunction with the County Fair and sponsored by Les Beaux Arts Club was the biggest in the history of the annual event. Mrs. Emmett Simmons was chairman of the committee, Mrs. W. J. Lewis, Jr., was in charge of the decoration and Mrs. W. K. Hardin, the publicity. Judges for the show were Mrs. Elliott and Mrs. Graham from an Amarillo Garden Club.

The silver bowl sweepstakes award for the most blue ribbons on arrangements went to Mrs. Joe Goldston and orchids were presented to Mrs. John Swinney for her horticultural entries, G. W. Estlack for the most blue ribbons on dahlia specimens and T. T. Alfred for the most on rose specimens.

Special blue ribbon awards of appreciation were presented to Harlan's Flowers and Freeman's Flowers of Amarillo for their arrangements and to Mr. Paul Strum, a graduate of Drexel Institute of Technology in Philadelphia, and Love and Son Nursery of Amarillo for the Oriental Garden in the center.

Blue ribbons other than those already mentioned went to Terry Saye, Betty Jane Hampton and Gayla Sue Hutton (children's entries); Mrs. O. D. Roberts, Mrs. M. W. Hatley, Mrs. W. W. Taylor, Elsie Shaw, Margaret Saunders, Rev. Paul Hancock, Mrs. Bob Head, Mrs. Masten, Mrs. Glenn White, Mrs. James McAnear, Mrs. George Benson, Mrs. Crockett Taylor, Evelyn Warren, Mrs. Bobbie Dishman, Mrs. Hall Hardin and Mrs. Frank White, Jr.

Bronchos Meet Panhandle Panthers At Panhandle Friday Night At 8:00

The Clarendon High School Bronchos, with one win and one defeat to show for their season's play, will journey to Panhandle Friday night for a game with the strong Panhandle Panthers. Game time is set for eight o'clock.

The Panthers seem to be much stronger this year than at any time during the past few years. They have met and defeated two very respectable teams so far this season. They opened their season with a 16 to 6 win over Class AA Spearman on a muddy field and last week showed signs of strength by beating McLean,

18 to 0. The Panthers are much heavier than the Bronchos and will enter the game a heavy favorite.

The Bronchos, on the other hand, showed signs of coming to life last week with a 23 to 6 win over Class B Claude after soundly trounced the week before by Gruver, 42 to 12. However, the Claude team punched holes in the apparently pitifully weak Broncho line almost at will, especially during the first half. The statistics in the game were about even, but the Bronchos were able to capitalize on several breaks to win the game. The Broncho line will have to improve considerably to be able to contain the powerful running attack of the Panhandle team this week.

Coach James was pleased with the play of several of the boys last week. Jerry Elmore and Robin Green did a good job on both offense and defense and Dwight McAnear did a good job controlling the ball during the driving rain storm. Gary Campbell, who returned to the football wars last week, also did good work on defense. Danny Ray also showed signs of alertness when he grabbed a Claude fumble in mid-air and raced 70 yards for a touchdown.

Coach James indicated that there may be some changes by game time Friday, but as of Tuesday of this week, the starting line-up looks like this: Danny Ray and Dee Hudgins at ends; David McAnear and Larry Gray at tackles; Jerry Taylor and Billy Hearn at guards and Kenneth Price at center. Dwight McAnear at quarterback, Jerry Elmore at tailback, Teddy Graham at fullback and Robin Green at wingback. The coach indicated that if McAnear's arm still prevented him from passing that he might use Graham at the signal-calling slot in order to have a passing threat.

Hedley Methodist Church Revival In Progress

Everyone is invited to attend the Revival Meeting at the Hedley Methodist Church in which Rev. Gene Moore is doing the preaching and leading the singing, stated Rev. Roland Gill, pastor.

Services are being held daily at 10 a.m. and 7:45 p.m. and will continue through Sunday night.

HAROLD BUGBEE WINS NATIONAL AWARD

Harold D. Bugbee, local artist, has been awarded an official commendation by a national historical society for his work as curator of art for the Panhandle Plains Historical Museum at Canyon.

The announcement was made last week by Elmer L. Fraker, secretary of the Oklahoma Historical Society and regional representative for the American Association for State and Local History, which made the award.

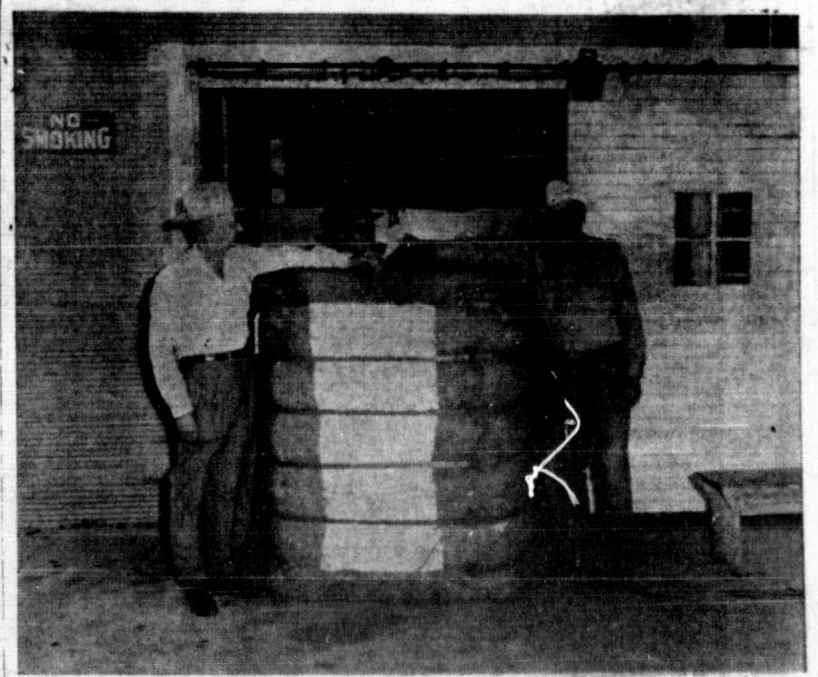

LELIA LAKE FARMER SHIPS WATERMELONS TO CALIFORNIA

Leo Smith, who farms one-half mile north of Lelia Lake, had a busy week end in his watermelon patch making preparations for a big shipment to California. Big trucks started loading up 40,000 pounds of Donley County melons shortly before noon Monday for the long trek to California. Smith reported a bumper crop of melons in the Lelia Lake area this year.

COLTS TO PLAY GROOM HERE TONIGHT

Coach Jack Hall announced yesterday that the Jr. High Colts would play the Groom Jr. High team here tonight at 7:30 instead of going to Panhandle as stated in an article last week. The Colts were defeated by the White Deer team here last Thursday night 24-0.

FIRST BALE OF COTTON GINNED AT LELIA LAKE

E. E. Fox, Lelia Lake farmer, brought in the first bale of cotton from the current crop in the local area September 11th. The finished bale weighed 418 pounds and was ginned from 2100 pounds of seed cotton. The cotton was ginned free by Paymaster Gin, Quinn Aten manager, shown peeping over the bale of cotton. George Benson, chairman of the agriculture committee of the Chamber of Commerce at left of picture is shown presenting Mr. Fox with a \$50 bonus check. Lloyd Risley brought in the first bale to the Clarendon Gin last week and the cotton was ginned Wednesday morning of this week.

TO THE PEOPLE OF THE 18TH DISTRICT

by Congressman Walter Rogers

Probably the most refractory

conflict in the whole field of natural resources law, which will no doubt tax the abilities of the legal profession to the utmost if and when it is solved within the framework of the Constitution as written, is the Federal govern- ment versus the State govern-

ments with reference to the control and jurisdiction of water rights. Because the matter so clearly and vitally affects the Western States and our section of the country, I have been keenly interested in the subject for a number of years. As a member of the House Committee on Interior and Insular Affairs and Chairman of its Sub-committee on Irrigation and Reclamation, I have been very close to the problem, its background, and the several approaches to a solution. There are so many facets involved that the entire subject is perhaps not widely understood. Hence, I thought it would be of interest to treat the subject in my newsletters.

Congressional responsibility in the field of water resources stems from constitutional provisions establishing the right of the Congress "to regulate Commerce . . . among the several States," "provide for the common Defence and general Welfare," and "to dispose of and make all needful Rules and Regulations respecting the Territory or other Property belonging to the United States." The Congress has taken an affirmative interest in the development of water resources. It is interesting to note that the early congressional efforts to legislate in this field were made against frequent and long-sustained objections of the executive branch of the government. Since the first efforts in the early 1800's to use Federal funds for the improvement of waterways

for navigation, there has been a distinct reversal and the Executive branch today frequently finds the legislative body reluctant to bring the Federal government further into the various phases of water resources development.

In 1820 funds were appropriated for a navigation survey of tributaries of the Mississippi and Ohio Rivers. Later Congress adopted the general policy of appropriating Federal funds to carry out improvement of rivers and harbors, work which had previously been considered to be the responsibility of the States. A number of the early river and harbor bills were vetoed, based on the strict construction theory of constitutional interpretation. Next, activity was expanded to take in flood control. In 1879 the Mississippi River Commission was created, one of the first steps toward a national flood control policy. But it was only 26 years ago that such a policy was developed, in the Flood Control Act of 1936.

Multiple-purpose water resources development in the Western States had been initiated earlier, under the Federal Reclamation Act of 1902. Boulder Dam, authorized in 1928 was the first of the massive multiple-purpose water development projects that have characterized the more recent development of the West. It was followed by the Bonneville, Grand Coulee, Central Valley, and other large projects. The great depression gave impetus to this movement and saw creation of the Tennessee Valley Authority.

In the years since World War II, Congress has expanded Federal activity in the field of water resources into many areas. Recreational developments were authorized, funds were appropriated for the preservation and propagation of fish and wildlife. The Water Pollution Control Act of 1948 furnished planning, research,

and assistance to the States, and expanded later to include grants to the States and municipalities for construction of sewage treatment works.

Thus, over the years, Federal activity has expanded to encompass almost every phase of water resources development, with annual expenditures of about one and one-third billion dollars in recent years. With programs of this magnitude, and always, it seems, increasing, conflicts brought about by the dual Federal-State sovereignty over water have been on the increase. In a future newsletter I will discuss the nature of these conflicts.

Man against the sky

The telephone lineman is another active symbol of service at General Telephone.

He climbs a pole with spur-like "climbers" strapped to feet and legs, and is silhouetted against the sky held firmly by his safety belt.

With the tools hanging from his belt he installs new wires and cables, and repairs lines when storms, wind and ice damage them.

He is one of many folks at General Telephone who suggest the convenience of another telephone in your home, now that the busy Fall season is here. They save steps, are available in many colors, cost pennies a day. Call the Business Office now.

WE CAN'T DELEGATE THIS RESPONSIBILITY

In championing individuals' efforts to try to understand the complexities of the world so as to preserve their freedom, Robert H. Collacott, president of the Cleveland, Ohio Council on World Affairs said: "The laboriousness of trying to understand these complex problems is no excuse for waiving the rights and responsibilities of citizenship. No such delegation of responsibility and knowledge is possible if we are to remain free. It has been said before, and I know it sounds trite to repeat it, but an informed electorate is the best safeguard of a sound economy

and a sound government."

Citizens lose their freedom in proportion to the independence of action they give up in return for "gifts" they accept from government.

Here's why Martha puts laundry in the freezer

A woman's work, especially the ironing, is never done. Sometimes Martha just has to take time out for shopping or visiting during the day. But sprinkled clothes can't be left to sour or mildew! So Martha pops them into a plastic bag and into the freezer they go. When she gets back, they'll be ready for her to start ironing again. Isn't it amazing how many ways women have learned to use flameless electricity to make living better . . . and, it costs so little, you can use lots of it.

FREEZER TIP... Sprinkle your clothes and place in Freezer for about 10 minutes and they will be ready for ironing.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

Two friends were discussing growing old. One asked, "Who wants to live to be 100 anyway?" . . . To which the other replied, "The person who is 99."

The above is certainly true. As we move along the pathway of life old age looks differently to us. It is somewhat like walking toward the setting sun, things just seem to move on before us. We can remember when our own parents were about the age we are now, and how that they seem-

ed old to us. But, when we reach that age there seems to be little that we can mark as seeming old. The horizon has sort of moved on before us in our thinking.

Things have really changed at that in the last 25 years. Science has worked away at the life span until the three score and ten spoken of in the Bible has become close to the average. It is predicted by some that the average will soon stretch toward the 100 mark.

We like to think that it is not so important how old we are, but rather how we are old. Often we look at older people and want to be like them. They seem so happy. The years seem to have left the peace and serenity which would bespeak a happy life. From their life comes rich words of wisdom that seem to encourage us all to want to live to the

so-called ripe old age. Looking backward we sometimes quake with fear as we think of all the things that confront the youngster growing up. Life with its good and its bad has to be lived by each person one day at a time. How the young person and the adult alike live our todays will determine our attitude in the evening of life.

Someone has said that life should begin as the morning growing brighter as the time passed by. By the same token it can become more beautiful as we look toward the sunset. During the passing years a family has grown up about us and around us. There can be no joy to equal that of having your family. So often we have seen our hopes and ambitions become reality.

If we want again to be young we can enjoy youth in the lives of our children and grandchildren. We can love and appreciate all children. When we reach the point that we do not care for the young then we are old indeed. To keep in touch with youth and the young is the best way to stay young in our thinking. The best for us to keep looking forward is to be interested in those who are growing up physically.

The wisdom of Solomon was a guiding influence to many in his day. Folks would travel from far away countries to receive his counseling. Today, we could not evaluate the worth of the advice and wisdom of those past the age of 50 in our country. We need their sobering influence to mix with the enthusiasm of youth.

Life at what ever age we face it can be that wonderful time. Today can be the most important period in our life if we give it all that we have. If we have

held on to our hopes. If we have kept our vision of the future alive. Then, we can season all this with the actual experiences of life. In what other way could we find ourselves better equipped to face reality.

Hutchison Announces Vacancies In DPS

Monthly examinations are now being given to fill the 154 vacancies in the uniformed services of the Texas Department of Public Safety, according to Major Harry Hutchison, Regional Commander of this Region for the Texas DPS.

The Commander said this new method of recruiting has not been used in the entire history of the Texas Department of Public Safety prior to this year. Entrance examinations were formerly given two or three times a year, now the examinations are given the second Saturday of each month throughout the state of Texas.

The cities in this region where the entrance examinations are given include Lubbock, Amarillo, and Wichita Falls. December 8, 1962, will be the last date for entrance examinations to be given for entrance in the next student patrol school, a sixteen week training period which will begin at the Department of Public Safety Law Enforcement Academy in Austin in Feb., 1963.

When all benefits are considered, as well as the fact that these jobs offer a career of service to their fellow Texans, we regard them as outstanding opportunities for young men. They will

have an opportunity to attend the best state police academy in the nation, to receive training in police science and administration under the direction of some of the nation's foremost professional authorities.

Hutchison said that upon successful completion of the sixteen weeks training course, graduates will become commissioned officers and will be assigned to the field. The salary while in training will be \$331.00 per month and will increase to \$395.00 or \$412.00 per month upon graduation, depending on the nature of the patrolman's assignment. Longevity pay increment of \$10.00 extra per month will be added for each five years of service for each of the uniformed services, which are the Highway Patrol, License and Weight, Driver's License, and Motor Vehicle Inspection. In addition, uniforms and equipment will be furnished, and the officers will participate in the state retirement plan. There are other personal benefits they will have, such as job security, annual vacations, sick leave and insurance benefits.

Applicants must have a high school education or the equivalent, be in good physical condition and be of good moral character. They must be not less than 5'8" nor more than 6'4" tall, and

weigh not less than two pounds or more than three pounds per inch of height.

Those who meet the basic qualifications on their applications will be permitted to take the new written examination on the second Saturday of each month on which they must qualify plus passing an oral interview board before they can start training at the Academy.

The Major invites all interest-

ed young men to contact nearest Department of Public Safety office for an application form, or write to Personnel Training, Texas Department of Public Safety, Box 4087 NA Austin, Texas.

Hoggatt-Schroeder Wedding Held At Perryton Sept. 1

Mr. and Mrs. Robert G. Schroeder, married on September 1, are making their home at 418 Southwest 9th Avenue in Perryton. Mr. Schroeder is employed by Baker and Taylor Drilling Company.

Mrs. Schroeder, the former Miss Glynell Hoggatt, is the daughter of Mr. and Mrs. Glenn Hoggatt of 1908 Harvard Drive. Mrs. G. E. Schroeder of 909 Fordham is the mother of the groom.

Mrs. Schroeder is a former student of West Texas State College, Canyon, and a member of the Alpha Delta Pi, social sorority. Schroeder attended Texas Tech at Lubbock.

The couple pledged wedding vows at the Trinity Presbyterian

Church by candlelight at 6:30 p.m. on September 1. Dr. Raymond Burns, pastor, was the officiating minister, using the double-ring ceremony.

Terry Hoggatt, brother of the bride, and Sam Jerome lighted candles in the candelabra on either side of the altar. Mrs. A. P. McCelvey, organist, played traditional wedding music.

The bride given in marriage by her father, was attended by Miss Jacqueline Bell of Clarendon as maid of honor. M. L. Schroeder served his brother as best man. The candlelighters also served as ushers.

The bride wore a white wool jersey sheath with embroidered jacket and white satin pillbox with veil. She carried a bouquet of white Shasta daisies on a white Bible.

Miss Bell wore a beige linen coat dress with matching accessories and carried a bouquet of

MR. AND MRS. ROBERT G. SCHROEDER

Shasta daisies. For her daughter's wedding, Mrs. Hoggatt chose a blue silk dress with matching accessories and the groom's mother wore a blue print dress, also with matching accessories.

Miss Pamela Schroeder registered the guests. Miss Connie Grady and Mrs. Ann Karnes, both of Clarendon, served at the reception table following the wedding. Miss Sharon Grady and Miss Linda Vaughn of Clarendon, cousins of the bride, distributed rice balls to the guests.

Out-of-town guests present for the wedding and reception were Mr. and Mrs. Kenneth Jerome of Liberal, Kans., Mr. and Mrs. C. G. Menke of Kingman, Kans., Mr. and Mrs. W. E. Eckhardt of Enid, Okla., William Hoggatt of Amarillo, Mrs. I. T. Hoggatt of Memphis, Mr. and Mrs. Don Knox of Spearman, Mr. and Mrs. Ralph Grady, Sr., Mr. and Mrs. Johnny Grady, Mr. and Mrs. Horace McClellan, Mr. and Mrs. K. D. Vaughan, Mr. and Mrs. Ralph

Grady, Jr., all of Clarendon, and Mr. and Mrs. M. E. Perkins of Viola, Kans.

FIDELIS CLASS ENJOYS COFFEE IN SMITH HOME

The Fidelis Sunday School Class of the First Baptist Church met in the home of Mrs. Basil Smith for a coffee and the election of new officers for the coming year. Co-hostesses were Mrs. Smith, Mrs. Connie Dromgoole, Mrs. Bobbie Trout, and Mrs. Johnny Leathers. About 17 members attended.

New officers elected were Mrs. E. W. Barbee, president; Mrs. Connie Dromgoole, vice-president; Mrs. Johnny Leathers, secretary-treasurer; Mrs. Cecil Heckman, social chairman; Mrs. Jack Clifford and Mrs. Chauncey Hommel, yearbook co-chairmen; Mrs. David Bennett, teacher; and Mrs. Billie Jack Land, assistant teacher. —Rep.

Johnson-Johnston Vows Exchanged In Home Ceremony

Miss Onnie Beth Johnson, daughter of Mr. and Mrs. "Penny" Johnson of Clarendon, became the bride of Ernest Neal Johnston, son of Mr. and Mrs. Walter Johnston of the Naylor community, in a double-ring ceremony in the home of the bride's parents Friday evening, September 14. The Rev. W. R. Lawrence, pastor of First Baptist Church, officiated.

Vows were exchanged before an improvised archway decorated with wedding bells and blue streamers. Miss Vada Grace Collins, cousin of the bride, played the traditional wedding march. Miss Martha Hanna presided at the registrar.

The bride, given in marriage by her father, wore a street-length dress of white lace fashioned with a matching jacket. She wore white lace gloves and her veil of tulle was attached to a headband trimmed in lace. She carried a bouquet of white carnations with accents of blue.

Attending the bride as matron of honor was Mrs. Johnny Davis. She wore a dress of beige chiffon and matching headpiece. Her corsage was of white carnations with gold trim.

Best man was Jerald Hill of Amarillo, Texas.

Mrs. Johnson chose a dress of blue pima cotton for her daughter's wedding. Her accessories were matching. Mrs. Johnston, mother of the groom, wore beige with brown trim and matching accessories.

A reception was held immediately following the ceremony. The refreshment table was laid

with an ecru lace cloth over blue. Centering the table was the tiered wedding cake flanked by blue candles in crystal candelabra. Appointments were crystal. Assisting were Misses Sarah Antrobus, Frances Wallace, Norma Self, Sharon Moore, and Mrs. Bobby Cole.

For the wedding trip to Carlsbad, New Mexico, the bride chose a beige suit complimented by brown accessories and the corsage from her bride's bouquet. The couple will be at home in Amarillo.

The bride is a graduate of Clarendon High School and attended Clarendon Junior College. She employed by Timeplan Finance Company of Amarillo. The groom attended Lelia Lake school and is employed by Continental Bus Company in Amarillo.

Fifty-two guests attended the wedding and reception. Out-of-town guests included Mrs. T. P. Blevins, Mr. and Mrs. Woody Johnson, Bill Johnson, Mr. and Mrs. Doyle Hazlewood, Dan Doyle Hazlewood, Miss Snaron Moore, Jim Lorimer, Mr. and Mrs. Jerald Hill, all of Amarillo; and Mrs. O. C. Collins and Vada of Borger.

PATHFINDER CLUB OPENS CLUB YEAR WITH PRESIDENT'S DINNER

Pathfinder Club met Friday night at Patching Club House for the annual President's Dinner, the opening meeting for the new club year. Hostesses were Mrs. George Benson and Mrs. C. B. Morris. The meal was served by Mrs. Ruby Bromley.

Guests were seated at a head table and quartet tables. Pink carnations, the club flower, flanked by silver candelabra with pink tapers marked the head table. Mrs. Heckle Stark, president, presided.

The invocation was pronounced by Mrs. L. N. Cox. Mrs. John Bass entertained with two piano numbers. Minutes of the two previous meetings were read and approved and a treasurer's report heard. Mrs. Wm. S. Greene gave the Club history. Mrs. Heckle Stark presented each of her retiring officers a gift and in a very impressive installation service introduced new officers to work with her the coming year. Each officer answered with a favorite Bible verse. Twenty-one were present.

Attending were Mesdames Karl H. Adams, John Bass, H. T. Burton, L. N. Cox, Joe Goldston, Wm. S. Greene, Lee Holland, J. H. Howze, Morris Ledger, Genoa Lowe, S. W. Lowe, C. T. McMurtry, J. V. McClellan-Clark Nuptials Solemnized In Church Ceremony

First Methodist Church, Clarendon, Texas, was the setting Saturday afternoon, September 8, for the ceremony uniting in marriage Miss Jackie Jo McClellan of Clarendon, Texas, and Mr. William Haley Clark of Miami, Texas.

The bride is the daughter of Mrs. John Dan McClellan of Clarendon and the late Mr. McClellan. Parents of the groom are Mr. and Mrs. Willis N. Clark of Miami.

The Rev. J. V. Patterson read the double-ring ceremony before an altar decorated with English Ivy, sprayed with gold and entwined with garlands of greenery connecting candelabra and candeliers on gold columns. Tapers

were gold. Emerald palms and scheffleria formed the background. To the center of the altar was a kneeling bench covered in gold satin. Pews were marked with gold ribbon. Candles were lighted by Don Thornberry of Clarendon and Sam Barber of Dumas. Mrs. Ronnie Tyra of Clarendon registered the guests.

Miss Connie Williams, organist played a nuptial prelude and accompanied Miss Carolyn Wallin as she sang "O' Promise Me," and "Wedding Prayer." The traditional wedding marches were used.

The bride, given in marriage by her cousin, Horace McClellan, was attired in her sister's wedding gown. The gown was of lace and tulle, designed with a fitted bodice, scalloped neckline and three-quarter length sleeves. The bouffant skirt of tulle had insets of lace and terminated in a chapel train. Her triple-tiered veil of

imported illusion was attached to a shell hat of Alecon lace trimmed with seed pearls and sequins. She carried a bouquet of white rosebuds and stephanotis.

Attending the bride as matron of honor was Mrs. Dennis Kotara of Panhandle. Maid of honor was Miss Frances Wallace of Clarendon and bridesmaids were Mrs. Jerry Allen and Mrs. Robby Seago of Clarendon. Their dresses were fashioned identically of gold satin and featured fitted bodices with scalloped necklines and bell-shaped skirts. They wore picture hats and carried nosegays of bronze and gold chrysanthemums.

Charles Clark, Miami, was his brother's best man. Groomsman were Robert Clark, Miami, brother of the groom, Jerry Mayo of Middlewater, and Wiley Bailey of Miami. Ushers were Don Thornberry of Clarendon, Theo Mayo of Pampa, and Sam Barber of Dumas.

For her daughter's wedding Mrs. McClellan chose a brown silk dress accented by pink accessories and a corsage of pink rosebuds. Mrs. Clark, mother of the groom, wore beige silk with brown accessories and a corsage of Bacara roses.

Immediately following the ceremony a reception was held at Patching Club House. The bride's table was laid with a white linen cut-work cloth. Garlands of greenery and white shesta mums were entwined through silver candelabra bearing white tapers to provide the decor. The tiered wedding cake decorated in white was topped with a miniature bride and groom. Appointments were silver. Mrs. Sue Anderson, sister of the groom, and Dana Boston of Amarillo, cousin of the bride, presided.

For the wedding trip to Denver, Colorado, the bride chose a dark gray, two-piece suit complimented by black accessories and the corsage from her wedding bouquet.

The bride is a graduate of Clarendon High School and attended Clarendon Junior College. At the time of her marriage she was employed in the Donley County ASCE office. The groom is a graduate of Miami High

School and Clarendon Junior College. He has attended Texas Tech in Lubbock.

The couple will be at home in Miami, Texas, after September 15.

1926 BOOK CLUB MEETING HELD TUESDAY NIGHT

Members of 1926 Book Club met Tuesday evening September 18, at Patching Club House for a salad supper. The meal was served buffet from a table laid with a white cloth and decorated with fall leaves. Centering the table was a fall arrangement using ivy with dry foliage. Guests were seated at quartet tables covered with white cloths and decorated with autumn leaves. Mrs. L. N. Cox gave the invocation.

Mrs. W. M. Crain, president, presided. The program for the evening was titled "Summer Highlights." Mrs. L. N. Cox showed slides of the Florida and North Carolina area. L. L. Wallace also showed some very interesting slides of the Northwest and of the World Fair at Seattle. Everyone enjoyed this delightful program.

Attending were guests: Mr. and Mrs. L. L. Wallace and members Mesdames E. S. Ballew, C. E. Bairfield, Homer Bones, Fred Chamberlain, Jr., L. N. Cox, W. M. Crain, A. J. CLARENDON M.Y.F. NEWS

The Clarendon Methodist Youth Fellowship met Sunday night at 8:15. There were 15 present.

Volleyball was enjoyed by all and then the program was presented by Melissa Patterson. A discussion followed in which everyone expressed opinions concerning the morals of the American youth.

Refreshments were served by Pat Green and we were dismissed with the M.Y.F. benediction. Everyone is invited to come and join in with the Youth in Christian Fellowship each Sunday night.—Rep.

NOTICE

Beginning October 1, Kindergarten will open again this year and classes will be in the morning hours. Mrs. Richard Finch will teach. The location is the same as last year . . . in the basement of the First Christian Church.

BRONCHO PEP CLUB MEETS SEPTEMBER 14

The Broncho Pep Club was organized and held its first meeting Sept. 14. There were approximately 40 students present. Officers are: Agatha Wallin, President; Jan Weatherly, Vice President; Mollie Floyd, Secretary; Janie Ivey, Treasurer; and Shirley Mann, Reporter.

Sharon Williams, Connie Martin, Darlene Shields, Sue McCord, Karen Hill, and Sue Hill, CHS Cheerleaders, taught the group some new yells.

We are looking forward to a lively year. The Club is larger than in previous years, so we should be able to really support the Broncs.—Rep.

Cotton Classing Office Opens Fourth Season

The Memphis, Texas, Cotton Classing Office is scheduled to open for its fourth season on Wednesday, September 19, according to Charles E. Cox, Officer in Charge of the Altus Classing Office. Kermit E. Voelkel will be in charge.

Few sales are being reported, indicating that very little of the crop is moving into trade channels at present.

Donley County Exhibits On Display At Tri-State Fair

The Donley County agriculture exhibit set up at the Tri-State Fair in Amarillo is made up of products taken from the Donley County Fair says County Agent Flip Breedlove. Mrs. Breedlove went along to help with the showing of individual exhibits as well as Lloyd Reid and Bill Cooke.

Exhibits were taken from the community agriculture exhibits and taken to the Tri-State Fair by Breedlove and each item was judged against other Panhandle counties who showed on Sunday. Donley County won a total of 40 ribbons on agriculture exhibits with 15 first places and 10 second places. The Donley County booth at Amarillo is made up of first and second place winning products. All products winning ribbons are not on the Donley County booth due to the lack of space on the booth. The other items are in the special agriculture exhibits at the end of the agriculture building.

Donley County won first in the watermelon department again this year and this made sixteen years that this has happened. The melon was grown by Pete Land.

Breedlove will pick up the exhibits from Amarillo this Saturday and leave for Dallas on Sunday to take the Regional display for the Panhandle to the State Fair. The products delivered by Breedlove to the State Fair will be set up by professional decorators. Donley County in their winnings at Amarillo in the agriculture department had four more blue ribbons than any other county at the fair in this department.

Breedlove says that the winnings are due to the people working with the community agriculture exhibits in the county fair and taking great care in the selection of the products for their booths and the commodities are shown in Amarillo just as they prepare them. Hats off to all you people in the communities for doing such a fine job. All monies won in Amarillo as premiums on exhibits go to the people in the county to whom they belong, or to the communities.

Mr. and Mrs. Neil Wood of Jasper, Texas, visited in his sister's home Wednesday and Thursday of last week. The Woods were enroute to Colorado where they will spend a few days in the mountains.

GRASSROOTS OPINION LENNOX, S.D., INDEPENDENT: "Government bureaus succeed in keeping more and more people 'busy' these days in making available to us all sorts of interesting and valuable information. For example, a study just completed at a cost of \$1,400 and 300 man hours gives us this stirring information: The average man's posterior covers 179.4 square inches and exerts an average pressure of .92 pounds per square inch. We are sure this will add immeasurably to the gross national product and raise our standard of living to an all time high."

BOONE, IOWA, NEWS-PUBLICAN: "The federal highway network now under construction is expected to give fresh momentum to the national wanderlust — and frustration to anyone who wants to stop long enough to see anything."

AUSTIN — Texas' new sales tax was one year old September 1.

First year's income averaged some \$2,870,000 a week, or a total for the first 12 months of approximately \$149,000,000.

Robert S. Calvert, State Comptroller, say "I think the general public has accepted it quite well."

Despite years of pro and con arguments in the legislature and by political candidates, concerning the sales tax, the first year's operation was generally harmonious.

One of the exceptions is a court ruling that Calvert cannot collect the 2 per cent tax on total receipts from sales of less than 25 cents. This ruling is on appeal.

Another court has ruled that natural gas and electricity used in laundry and dry cleaning business should not come under the sales tax. This too is on appeal.

Calvert says that even though the collections for the first year are some \$10,000,000 to \$12,000,000 shy of the expected \$160,000,000 he was pleased with the success of the first year's program. "We ended with a cash balance of \$21,851,594.00 in the general fund, anyway," he pointed out, "but we were back in the red within a few days."

Reason was that the very next day \$40,000,000 went into the

Teachers' retirement fund — and the state's main bank account went into the red again. This time to the tune of \$19,459,359.00. He indicated that audits of the various businesses responsible for collection of the tax would be in full swing before long. Then auditors would help clarify a lot of misconceptions.

TEXTBOOK CONTROVERSY — Texas State Teachers Association has broken its silence on the textbook controversy to warn that the next session of the legislature may bring attempts to put the burden of school book purchases back on the individual parent.

Some school leaders regard the attacks on textbooks as essentially an attack on the public school system, says TSTA.

Texas furnishes textbooks at a cost of less than \$4 a year for each child. If parents bought the books, the cost would be approximately \$30 for each child.

NEW AUTO STICKERS — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, says the new car inspection stickers released this week are of a new type.

Garrison described them as "dry-mount decals which we believe will adhere regardless of weather conditions."

More than 5,000,000 vehicles will need safety inspections between now and April 16, 1963.

DRY TIMES — The U. S. Department of Agriculture and the Weather Bureau hailed the rains which finally came to some sections of Texas last week.

Scorched pastures in East Texas, the Northern Blackland and Low Plains counties got a drink, and some greenness was seen again.

But the range situation is described as "critical" throughout South Texas, the Edwards Plateau and the Trans-Pecos regions, where it remains very dry.

POLIO FIGHTERS — There are signs that the polio epidemic is abating.

Only three new cases of paralytic polio were reported last week. They were in Cameron, Harris and Lubbock Counties.

Anti-polio treatments continue to be applied on a mass scale, with the opening of schools, in an effort to completely wipe out this scourge.

However, there have been 193 cases in Texas this year. During the first eight months of last year there were only 50 cases.

WILSON SAYS NO — Published reports that Atty. Gen. Will Wilson would run in 1964 for the Railroad Commission, against Commissioner Ben Ramsey, were scotched.

The man who should know — Wilson himself — said he plans to open a law office in Austin. He said he had no future political plans, and that he positively will not be a candidate for railroad commissioner.

MORE MACHINES — If you don't like the way your new highway is built, there's nobody you can blame it on.

A machine probably figured it out.

State Highway Department has added a computer to work out problems of highway design, hydraulics, earth work, land measurement and traffic signalization.

The gadget can read and interpret 8,000 cards a minute from a tape.

Things were simpler in Austin when people ran the government.

EXPERT SPEAKS — Austin MacCormick of New York, the expert on penitentiaries whose recommendations led to reform of the Texas Prison System a decade ago, came to Texas to take a look at the Texas Youth Council's reorganization.

He headed for New York full of praise for improvements at Gatesville and Gainesville State

Schools.

MacCormick particularly praised the new Mountain View School at Gatesville, where the tougher boys are separated from the first offenders. He said it was not an "Alcatraz", but a place where the boys with more problems can be given special attention. At the same time, their influence is removed from the younger boys.

But the expert warned that Texas needs a place for boys who are dependent and neglected, but not yet delinquent, to save them from becoming delinquent.

Too many boys who belong in foster homes are being committed to schools for delinquents, giving them an undeserved stigma, MacCormick said.

He particularly urged the establishment of a State home for Negro boys in this category.

SEED LAB — A third official seed testing laboratory has been established in Texas.

John C. White, Agriculture Commissioner, reports that the State Department of Agriculture and Stephen F. Austin College jointly have set up a new laboratory on the college campus in Nacogdoches.

Other laboratories for testing seeds to determine purity and germination time are operating at the Agriculture Department's main office in Austin and at Lubbock.

More than 60,000 samples of seed are tested yearly by White's agency, as a means of assuring Texas planters that they are getting what they pay for when they buy seeds.

Tags on the bags show the content in weed seed and the percentage of the seeds which germinate.

TREASURY AUDIT — Although one part of the state treasurer's office in the Capitol has bars on the entrances, the state does not keep its \$2,500,-

000,000 annual income there.

Jesse James, State Treasurer, has sent an audit to Gov. Price Daniel showing that the state's money is on deposit in 1,619 separate accounts in 840 banks.

Capitol vault contains only petty cash and time warrants held by the treasurer.

LAW OVERHAUL — A State Bar of Texas committee is recommending to the 1963 legislative session the first full-scale revision of criminal court procedure in Texas history.

If the Legislature proves receptive, the state's criminal law, as well as procedure, may undergo extensive legislative scrutiny as a result of scandals which have shaken the state this year.

STILL UNDER FIRE — Five top state officials are still under fire from Giles E. Miller, Dallas attorney, who seeks to stop payment of their salaries.

Miller says he will appeal an adverse state court decision in his effort to compel more equal legislative redistricting in Texas.

DEMO FUND - RAISER — Clyde Johnson, executive director of the State Democratic Executive Committee, has announced the appointment of Marvin Watson of Daingerfield to head the party's fund-raising dinners in El Paso on September 17.

Watson is a member of the SDEC.

SHORT SNORTS

State Parks Board has approved working drawings of an amphitheater planned for Palo Duro Canyon State Park.

Legislators looking to the work of the next regular session say prospects are favorable that the 1963 Legislature will ratify the proposed constitutional amendment to eliminate the poll tax as a requirement for voting.

A tour by Texas insurance officials, to study other state's automobile coverage plans, may pay off in helping Texas draw up a new plan soon, says the State Insurance Board.

A 1960 opinion by Attorney General Will Wilson that taxing agencies cannot seize a family car for delinquent taxes, on the ground that the car is part of the homestead, has been reaffirmed by his office.

Texas collected \$9,056,161 in cigarette, liquor and wine taxes during August, reports Jesse James, State Treasurer.

Attorney General Wilson has announced the resignation of two of his top staff aides. Both Henry G. Braswell, head of the escheat division, and Houghton Brownlee Jr., executive assistant, will enter private practice of law.

Texas residents should check financial statements of insurance companies not licensed in Texas before buying from them, William Harrison, Texas Insurance Commissioner, has warned.

Predictions are that Sen. Charles F. Herring of Austin probably will be chairman of the important Senate Finance Committee next year if Sen. Preston Smith, the Democratic nominee, wins the Lieutenant Governor's race in November.

The much "shaken up" State Insurance Department is now experiencing a case of nerves for different reasons. Sonic booms from supersonic jets have

generated pressure waves which have blasted out several glass panes in the modernistic new building near the Capitol.

As of now, not considering the possibility of some Republican victories in House races next

November, there will be 59 new members of the lower branch of the 58th Legislature which convenes in regular session next January.

Governor Daniel appointed Roy H. Cullen of Houston to the Texas State Historical Survey

Committee, to replace Stuart McGregor of Dallas, who resigned. This committee is busy putting markers on buildings and sites which have a meaning in the history of Texas and its communities.

A committee of the Texas Branch of the American Society of Civil Engineers proposes that farmers and ranchers be required to get permits from the Texas Water Commission to build small stock ponds of less than 200 acre feet capacity.

"Once you've typed on an electric portable, you'll never type on a manual typewriter again!"

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

The concession this year was run by the Chamberlain Community.

Everyone is happy with the county fair and remember that in 1963 it must be bigger and better than ever, so start making snow for the different departments next year.

Bronchos Edge Claude 23 To 6 Last Week

The Clarendon High School Bronchos finally subdued the pesky Claude Mustangs by scoring two touchdowns in the final six minutes in a driving rain-storm at Broncho Stadium last Friday night. The final score was 23 to 6 but the victory wasn't as easy as the score sounds.

The Bronchos were able to capitalize on the breaks and ice the game away late in the fourth quarter just when it looked like the Mustangs were going to win. Trailing by only a 7 to 6 score the Mustangs had the ball with the wind and the rain to their backs when they fumbled on the Broncho 30 yard line. Danny Ray, Broncho left end, picked up the loose ball in mid-air and went 70 yards for a Broncho touchdown. Dwight McAnear carried the ball over for the two-point conversion.

A few minutes later the Bronchos stopped a Mustang drive on their own ten yard line. They punched the ball out to their own 46 where Jerry Elmore circled left end for 54 yards and the final score. McAnear again made the conversion to make the final score 23 to 6.

The Mustangs clearly outplayed the Bronchos for three and a half quarters. The Bronchos were never behind in the game, however, as they took the lead early in the game. The Bronchos kicked off to the Mustangs and forced them to punt from their own 35 yard line. Elmore gathered in the punt on his own 29 and returned it all the way for a touchdown. McAnear kicked the extra point to give the home team a 7 to 0 lead. Claude came back and scored their touchdown early in the second quarter. They climaxed a 64 yard march when Jim Hubbard passed the final 7 yards to Jerry Bartley

for the score. This made the score 7 to 6 in favor of the Bronchos where it stayed until late in the final period.

The statistics in the game finally wound up about even. Claude made 11 first downs as compared to Clarendon's 9. They completed four of seven passes for 27 yards and made 138 yards rushing for a total yardage of 165. The Bronchos completed two of four passing attempts for 28 yards and made 154 yards rushing for 182 total yards.

FARM NEWS

from County ASCS Committee

COTTON MARKETING CARDS
Cotton producers may call at the ASCS county office and pick up their marketing cards if they should need them before the county office can issue them by mail.

ACP PRACTICES
We are low on funds for carrying out ACP practices this fall. Now is the time to make application for a winter cover crop and other needed practices and we will probably have enough funds to cover these practices later this year.

GRAIN SORGHUM LOANS
To be eligible for a grain sorghum loan the producer must be in compliance with the feed grain regulations. The county loan rate is \$1.90 per hundred for No. 2 grain sorghum, farm storage basis.

CONSERVATION RESERVE PROGRAM
Form ASCS-820, Application and Annual Payment Statement-Soil Bank, was mailed to you in July. If you have not returned the signed copies back to this office, please do so at once.
UNDER PRESENT LAW - WHEAT PROGRAM
Any Producer may plant and

harvest 15.0 acres of wheat without an allotment and sell it on open market — penalty free.

GRAIN SORGHUM ELIGIBLE FOR CCC LOAN

1. PRODUCTION
The grain sorghum must have been produced by an eligible producer. An eligible producer is one who has participated in and completed with the regulations of the 1962 Feed Grain Program.

2. GRADE REQUIREMENTS

Grain sorghums must be of a class grading No. 4 or better.

3. MOISTURE REQUIREMENTS

Grain sorghums containing in excess of 13 percent moisture shall NOT be eligible unless the warehouseman certifies on a statement attached to the warehouse receipt that he will deliver to CCC only grain sorghum containing not more than 13 percent moisture.

4. POISONOUS SUBSTANCES

The grain sorghum must not contain mercurial compounds or other substances poisonous to man.

To be sure that you have grain sorghum eligible for the CCC Loan it will be best to certain your grain sorghum is dry. If the moisture content is more than 13 percent the grade will be reduced and discounts will apply to grain sorghum grading No. 3 and No. 4.

You will be "money ahead" if

you wait until your grain is dry to harvest.

COLLEGE AGGIE CLUB HOLDS FIRST MEETING
