Surveys Supply Proof That "Now Is The Time To Buy"

WASHINGTON.—Reports submitted by numerous widely heattered newspapers, and all of the national advertising agencies, abundantly confirm data accumulated by State and local advisory boards of NRA as to the potentialities of the 'Now is the time to buy' campaign now in progress. This view is reflected to an astonishing degree by a flood of letters and telegrams from merchants and manufacturers to NRA headquarters.

Tens of thousands of local and national advertisers in all staple lines are assuring National Recovery Administrator Hugh S. Johnson of their determination to cooperate by offering the people 'good goods, fairly priced', in response to his suggestion.

These communications reveal new and improved products to be offered to the public, and all pledge the maintenance of fair prices. The president of a great retail drug organization wrote: 'We are carrying out at once your suggestion to submit up-to-date reasonably priced merchandise and have increased our advertising expenditure over anything we have spent in three years.'

The treasurer of one of the largest textile concerns said: 'In September we increased production 25 percent and pay rolls 84 percent. For the past 2 months production increase with us was 54 1-2 percent and pay rolls 112 percent. We are assuredly on the upturn, and with fair treatment the people will buy.'

In a detailed report, one of the largest cigar manufacturers announced that from August 1 to October 1 their employees increased 31 percent pay rolls increased 53 percent, and 'average weekly sales of our best actively pushed brands of cigars increased 61 percent.'

'The housewives of the country are the purchasing agents who spend 85 percent of the family income', said General Johnson in a public statement. 'They realize 'Now is the time to buy', not only to save money, which is vitally important, but also they have decided that every dollar spent now is helping to keep the wage worker in her family on a pay roll.' This sentiment has been reported from women in all walks of life, through the far-flung women's organization of NRA, and indicates that, as never before, women are giving deep thought to the psychology of buying home supplies before retail prices get back to normal.

'Hundreds of thousands, even millions, long idle, are back to work', continued the statement of General Johnson. Many millions of dollars have been added to pay rolls. There pay rolls cannot be maintained and new jobs for millions more cannot be made unless every consumer does his or her best now. Industry is bringing into the market improved, practical products held back for these better times. Prices are going up, they must and will, and buying now is an investment, the safest investment it is possible for any one to find.'

Baird Downs Pioneer 12 to 7 Here Friday

Baird took their third conference victory from Pioneer here Friday afternoon 12-7. The first quarter of the Bear-Panther game gave the spectators a view of a real punters combat. The ball changed hands many times but neither of the teams could reach the pay stripe.

In the second quarter Pioneer came out with plenty of drive, scoring in the early part of the second quarter. They didn't have a bit of trouble smashing right through Baird's line for their counter. Cash, right half registered the counter for the visitors then crashed the line for extra point.

The third quarter was slow and nothing much happened. The fourth brought out a different tune to the Bear regulars. Bell, quarter for Baird did some real passing and Atchison took care of the receiving end of most of them. Atchison carried the ball over for their first counter, but failed to kick goal. Baird recovered the ball on the kick-off and the second counted. Green carried the ball over for the second counter, but Strickling failed to kick goal for extra point.

A synopsis of the game:

Parent-Teachers Association To Present Play, Oct. 24.

'Cool Knights'—A Musical Comedy in 3 acts to be given at the High School Auditorium Tuesday, Oct. 24 at 8 o'clock. Admission 15 and 25 cts.

The story is centered around Ozark College, and tells of the fun and troubles of the College Co-eds and Campus Men. The girls become angry with the boys and form the 'Man Haters Club' and in retaliation the boys form The Order of Cool Knights. How they become reconciled furnishes an evening of good wholesome fun.

You will enjoy seeing Katie Lou Moore play the part of Betty Page, the college beauty—and Olaf Hollingshead play the part of Phil, the football beau. The girls will all love Jack Cargal, who takes the part of Percy, and no doubt the boys will envy him as the idol of 'Tomboy's' eye—Tomboy is Frances Haley. Sam, the black face porter is none other than Cliff Johnson. These are all supported by a strong cast consisting of Carline Hearne, Judson Atchison, Maxine Williams, Presley Reynolds, Greer Holmes, and Kathryn McCoy, Ruth Simons proves to be an excellent dean of women and Vernon Johnson is truly the ideal of college students as a professor.

But this is not all—wait until you see the attractive pirate, sailor and ballet dancers, all taken from Baird High School. They are Juanita Duncan, Susie Lea Smith, Marjorie Hart, Sarah Nell Cook, Frances Mayfield, Edith Lewis, Beryl Owens, Bobby Griggs, Ida Louise Fetterly, Betty Wheeler, Dorothy Burke, Eloise Sanders, Cora Mae Mayes, Bill Atwood, Shelba Jones, Ruth Ray, Loraine Brown and Ola Faye Snow.

And too—you will all love the mupie girls who take you back to your own school days—Tillie Settle, Pauline Coats, Anny Jo McIntosh, Ellen Gee Tankersley, Elaine Jones, Bettie McCoy, Kitty Ruth Brown, Errolene Haley, Ruth Dyer, Willie Martha Miller, Betty Ann Bounds, Patty Estes, Charitye Gilliland and Nan Carpenter.

This play is sponsored by the Parent-Teachers Association and is directed by Miss Frances Lee Walker, a most charming and accomplished young lady of Greenville, Tennessee, who is specializing in this work. Mrs. W. O. Wylie, Jr., is her accompanist.

WORLD WAR VETERANS ATTEND LEGION CONVENTION AT CHICAGO

Claude Flores, of Baird; Fred Heysler of Putnam, and Les Rowland of Clyde, returned from Chicago Tuesday. They attended the American Legion Convention, which was the largest in the history of the Legion. A million people cheered the Legion parades of 120,000 Legionnaires in the nine hours march in which Claude Flores carried the Stars and Stripes and Fred Heysler carried the Texas Lone Star Flag.

It was estimated that the visitors attracted by the Legion numbered 375,000 and that they spent a total of \$20,250,000 for lodging, food and drinks, entertainment and purchases in department stores.

Flores, Heysler and Rowland spent three days and nights sight-seeing in the Century of Progress Exposition. A cyclorama of modernistic buildings with its mystifying lighting effects and a century of new inventions, giving one a good view of how we will be living in the world of tomorrow.

Baird Bears Meet Cross Plains Buffaloes Today, There

Baird goes to Cross Plains to play her fourth conference game today. Baird has won three straights so far this season, the first game against Williams who they downed 61 to 0, next came Caddo when they fell before them 12 to 0. The strongest team of the three was Pioneer, who Baird defeated 12 to 7 and Cross Plains only defeated 7 to 6 the week before.

Cross Plains has a tricky, clever team featuring mostly double and triple cutbacks, which have proven successful so far when they downed Moran 27 to 6 last Friday. Critics and spectators say that the District 10 championship lies in the result on this game as their is only three undefeated teams in the district, Baird Cross Plains and Albany. To do their best playing the Bears must have the entire support of the student body and all of the theodistiders.

Since the death of his wife Mr. Lambert has spent his time with his children, sometime with those residing in California and some with those residing in Texas. He has been with Mrs. McWhorter a year or more. He has been in failing health for several months and during the past few weeks his condition has been serious.

Back To The Farm

National interest has been aroused in a suggestion made a short time ago by Editor Walter P. McGuire of the Southside Virginia News, Petersburg, Virginia; the suggestion being that farm boys keep on the farm.

It's a simple suggestion, and a very sound one. How much unemployment has been caused by the trek from farm to city is problematical—but it would make an impressive total. These young men, for the most part, are untrained and inexperienced and unfitted for factory work. They rarely find jobs above the common level. They are the first to be dismissed when times get hard—and the last to be taken back when recovery starts.

They know farming—and the farm is where they belong, for their own good and for that of the nation. It is on the farm that they have their chance to prosper and live happy and useful lives. It's time the trend was reversed—with the farm-boys-turned-city-boys going home again.

Sunset Musings

This must be a good world if from out of it we are to enter a land where the eye is fire and the heart is flame. This day is the summary of the ages—and you are to be a part of the great tomorrow.

That person is not born who does not suffer some sort of shipwreck on life's tempestuous sea.

The narrower the view of life the more it makes a man unworthy of his larger possibilities.

Voluptuous language always lures the mind and soul to the destruction of its own feeling and thought.

The friend you have to pet to keep him from snapping at you is never worth your while.

There never was a fellow in the world who did not make mistakes but let us hope he never made the big mistake of doing nothing.

Sometimes it does seem that men and women must meet suffering in solitude; but in the bitterest pain, that which divides each human being from every other breaks asunder. They draw near—they comfort and lean upon one another.

Alfred Russell Wallace caught a baby orang-outang. Just like a human baby, it had to be fondled. One must crouch a little before it would go to sleep. When alone it would fall asleep. Footfalls brought on the whining. Did it ever occur to you most of our crying is done for the galleries?

Farm, Livestock And Poultry Hints

By Ross B. Jenkins, County Agent
TURNIP LICE

There are a number of people who planted turnips and other greens producing plants before the rains who are finding now that more than one kind of animal likes the plant. Lice on turnips will soon ruin the patch and also spread to other fields. This pest is easily controlled if we start soon and apply the mixture that they are not in love with. The most practical treatment is one of a dust made from lime and nicotine sulphate. If there is but a small patch then something like a gallon syrup bucketful will be enough. Use this formula for small patches. One pound of air slacked lime and one ounce of nicotine sulphate (commonly called Black Leaf 40). Take the sifted lime and pour the liquid nicotine into the bucket and put in a few rocks of the size of hen eggs or less and shake thoroughly so as to mix the liquid with the lime. The rocks are in there only for the purpose of keeping the lime from packing thus preventing the nicotine from becoming fully mixed. It is advisable to punch a nail hole or two in the bucket lid to let the accumulated gases escape. After the mixture has been well shaken together, then take out the rocks and put the powder thus made in a baking powder can, with holes punched in the bottom, and shake it on all the plants. It is a good idea to sprinkle it on fairly heavy as it will flake off quickly. While the dew is on is a fine time to dust. The fumes and poison will kill the lice in a very few minutes.

It will be most necessary to tie a cloth of some sort over the nose as the fumes from nicotine sulphate are very strong and will burn the nasal passages if breathed.

If larger amounts are needed, the formula is 19 pounds of lime and one pound of Nicotine Sulphate. The best way to prepare it is to get a wooden keg and put an iron pipe through it with one end turned so as to form a cranking handle. Cut a small door in the side and mix in the above way.

AN OPEN LETTER TO THE FARMERS OF CALLAHAN CO.

Baird, Texas,
October 19, 1933.

Dear Callahan Farmers:

The cotton program for the 1933 crop is almost closed now with only 100 more checks to arrive. As I look back over the summer's work I am more than pleased with the work of the year. In the short time of less than four months, the government, with your loyal cooperation, has been able to take out of production upwards of 14,000 acres of cotton and has returned to you \$114,000 and will send in an additional amount on the 1666 bales of option cotton that you hold. The contracts will come for that option cotton as soon as the checks are all sent off from Washington. That is a good record for Callahan County. The spirit you have shown in this great undertaking, shows you are interested, not only in your own personal welfare, but also for those who are your neighbors and those unseen members of society all over the United States who are in the larger sense your neighbors also. Almost 99 percent of the farmers of this county signed up to cooperate with the government. With and to these men I am directing this letter. I am not interested in any individual who is so selfish in his heart and so ignorant of the obligations of one good citizen to another that he would refuse his government is loyal support in these critical times when all are needed with their shoulders to the wheel to keep our government from drastic revolution or ruin. The government asked us but a reasonable measure of devotion in this campaign and in turn paid well for the effort we put forth and we have had the benefit of greater prices for our commodities.

There is a new program coming up whereby we can again test our loyalty and sense of fair play. The government wants you as a partner in the new deal and expects you as a

patriotic citizen to subscribe to the 1934 and '35 cotton and wheat program. It is to lift the status of the agricultural people that these fine programs are to be put out and your duty is to help with all your might. I believe in the farmers of Callahan County. I have seen you tested and find you not wanting in patriotism and cooperative spirit. I am going to count on you during the next two years to help put the name of Callahan County so high in the pages of fair dealing and prosperity that people from all over Texas will have their eyes on this community.

Very sincerely yours,
ROSS B. JENKINS
County Agent.

WITH BAIRD BAPTIST

Great day Sunday. We missed a number of our people who were visiting the Dallas Fair and other places. Yes, dear people we surely do miss you when you are gone. We do not always know where you are, but your absence is certainly noted and it is always lonely without you.

Our young people had a real good meeting Sunday evening and next Sunday a dandy program will be rendered; let's all be there at 6:30 right on the dot, every one to his place. The singing school at Admiral is going fine. About 50 th first night, and every promise of a real good school.

Our regular services at the church next Sunday and I shall preach Sunday morning on The Missionary Message in the 15th and 16th chapters of Luke. Certainly no one can object to a real scriptural sermon and here I have two average chapters as a text and I shall treat it and do so in 30 minutes. Come, see if I do not. Sunday night I am going to preach on or from a subject 'Christ In The Slums'. Now how does that sound? pretty high-powered for an old fashioned preacher don't you think. Well I invite you to come and worship with us both hours Sunday and let's see how it goes.

TOLOSEFAT

Miss M. E. Baker of Brooklyn, N. Y. writes: "I have used Kruschen for the past 4 months and have not only lost 25 pounds but feel so much better in every way. Even for people who don't care to reduce, Kruschen is wonderful to keep the system healthy. I being a nurse should know for I've tried so many things but only Kruschen answered all purposes." (May 18, 1933).

TO lose fat SAFELY and HARMLESSLY, take a half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—don't miss a morning—a bottle that lasts 4 weeks costs but a trifle—get Kruschen Salts at any drugstore in America. If not joyfully satisfied after the first bottle—money back.

MEDICAL ADVICE

If you want to

- ... keep the bowel action regular and comfortable
- ... make constipated spells as rare as colds
- ... avoid danger of bowel strain

—use a liquid laxative *

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and found that you are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork, in a few weeks' time.

Why Do Medical Men Recommend Syrup Pepsin?

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Will not irritate kidneys.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drug stores have it, ready for use, in big bottles.

Your Average Electric Rate Is 85% Below Other Living Costs!

Complete electric service is the most reasonable item of expense in your family budget. It is the *only* item that has consistently been improved in quality and lowered in cost. Today it is 85% below other items of family expense... and still going down!

During the past ten years your average electric rate has been reduced more than 53%—while in spite of two years of rapidly lowering prices other items entering into the family budget still remain 32.5% ABOVE THE NORMAL LEVEL!

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while it bought from the West Texas Utilities Company 115% more residential electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company has effected economies which have given you the benefit of rate reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, today's electric rates are even farther below general commodity prices than shown in the above chart.

Your dollar spent for electric service buys you more in real value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.

We Will Wipe The Slate Clean

The Star has inaugurated a subscription campaign, a little out of the ordinary—A Clean The Slate campaign in connection with our annual Bargain Day Rates.

We have several hundred subscribers who are in arrears on subscription and to these we offer to wipe the slate clean and credit them one year in advance on payment of one years subscription which is \$1.50 in Callahan county and \$2.00 elsewhere.

To our subscribers who are paid up to this fall or the first of January we make our usual annual bargain rate of \$1.00 in Callahan county or \$1.50 elsewhere.

We urge our subscribers to take advantage of these offers to put their subscription on the paid in advance plan.

We have obligations running into several hundred dollars which we must meet at once and we especially ask our subscribers to pay up as promptly as possible to enable us to pay what we owe.

We will not send out statements on subscriptions as we do not consider it necessary to go to this additional expense because if a subscriber is paid up he will be due only \$1 or \$1.50 and if in arrears the amount will be \$1.50 or \$2.00 and we feel sure that each subscriber knows what their subscriptions account is, so we make this earnest appeal to our subscribers, through The Star to help us in this time of need.

We will also accept new subscriptions as Bargain Rates.

Pay One Years Subscription to The Star and we will mark you paid in advance—wipe the slate clean and begin all over again.
