EMMETT O. SIMMONS

Services for Emmett O. Simmons local banker were held Sunday

Services for Emmett O. Simmons, Clarendon banker, businessman and rancher were held at 4:30 p.m. Sunday, Aug. 22 at the First Baptist Church Clarendon.

Officiating were the Rev. Paul Heil, pastor, and the Rev. Bill Watson, pastor of Clarendon First United Methodist Church. Masonic graveside services and interment were in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

Mr. Simmons, 66, died Friday in Amarillo.

He was president of First Bank and Trust of Clarendon and owner of Emmett O. Simmons Insurance Agency, which he founded in 1945, and had ranching interests in Donley County. He joined the Clarendon bank in 1938 as a bookkeeper and became a director in 1948, vice president in 1952 and president in 1968.

He served eight years on the National Advisory Board of the Small Business Administration and four years on the Lubbock District Advisory Council of the SBA. He was elected National Business Person of the year by Phi Beta Lambda in 1978.

He was born in Donley County and was a lifelong resident here.

Mr. Simmons was a member of Clarendon Lodge 700, AF&AM, Khiva Temple Shrine in Amarillo and the Scottish Rite and past president of Al. Morrah Shrine Club. He served as associate Scoutmaster of Boy Scout Troop 33 for 12 years. He was a member of the First Baptist Church,

where he was Sunday school secretary.

He attended Clarendon public schools and graduated from Clarendon High School and Clarendon College.

Mr. Simmons was a veteran of World War II, completed Midshipmen's School at Columbia University and post-graduate school at the Naval Academy. He was president of Clarendon College Ex-Students Association and had received special recognition from the ranch management program at Clarendon College.

He married Anna Moores Swift in 1946 in Clarendon. Survivors include his wife; a daughter, Mrs. Anna Beth McNabb of Clarendon; a son, JEM Simmons of Clarendon, his mother, Mrs. Ella Simmons of Clarendon; and a grandchild, Margaret Anna McNabb of Clarendon.

LVNA has graduating class

Clarendon College will graduate the 1982 class of licensed vocational nurses in a special ceremony given by the faculty, administration and graduates of the CJC LVN program. It will be held August 27 in the Harned Sisters Fine Arts Center at 8 p.m. A reception will follow in the college cafeteria hosted by the LVNA. Please plan on attending to watch these nurses graduate.

LVN's, don't forget our meeting Thursday evening August 26th to plan our reception

COACH NORMAN WRIGHT

COACH TED WILEY.

COACH SAM HAYNES

DAVID STEVENS.

BOBBIE THORNBERRY and LAURA WILEY.

Clarendon School starts this week - 7 new teachers

Coach Norman Wright will be the varsity basketball coach this year at Clarendon High. He comes from Amarillo where he was an assistant coach. Coach Wright is a marathon runner and will out-distance any challenger!

Sam Haynes will be the JV coach. His degree is from WTSU in PE. He will also teach world history. "We will be competitive, although we are young, but I expect we will do great."

Ted Wiley has his degree in PE from Texas Tech. He has a long history of teaching experience that began at Brownfield, then Tahoka, followed by two years at San Marcus. Coach Wiley taught two years at Plains, a year at Coppers Cove and two years at Loraine High School. "I like the facilities here in Clarendon," he said. "I like the coaches and that Clarendon is close to WTSU. I enjoy the sport and wouldn't do anything else for a living." Coach Wiley also added that "I think team sports teach kids discipline and they all want to have discipline."

Coach Wiley feels that team sports teach the members how to work together and "it teaches them important things about life."

Laura Wiley will also teach this year, in the Junior High school. She will coach the 7th grade girls basketball team and teach history. Laura followed her husband with a degree in PE from Texas Tech. She has taught at Tahoka, Luling, Plains, Colorado City, Coppers Cove. Coach Laura will be a great boon to the girls basketball team!

David Stevens is the new AG teacher at CHS. His degree comes from Texas Tech as well. "I hope to help our FFA kids earn the Lone Star Farm Degree, a state recognized award for FFA that is a real difficult degree to earn, but one within our grasp here," Stevens said with enthusiasm and a glint of steely determination in his eye.

There are eleven girls signed up to take AG courses this year. "That will pose a few problems, like bathroom facilities, but if this trend continues, we hope to get another bathroom for the girls out here, or at least clean this one up better," Stevens said that having the girls will be a challenge and a welcome one at that for the AG program. "I'd like more girls in the program, actually," Stevens said.

"In the past, no one was required to have a project for the year, but with the new school farm facilities, everyone will be required to have something; a garden, or livestock, but some project will be required of everyone this year." The class will be planting native grasses, small gardens as well as raising barrows, calves and lambs out at then newly

completed AG farm. "We have repaired wood-working equipment that has been down for five or six years," Stevens said with pride. "We also have a new portable welding machine coming which will greatly enhance our farm program." Stevens will be trying for an all-year round farm program

that will enable kids to raise summer stock for competition.

"I got here July 1st and on July 13th I took three FFA kids to State Convention," Stevens said. "I plan on having a super FFA team this year. With all of the money the school system has spent on this school farm

project, I think the least we can do is earn every penny of it by winning, competing, and achieving the best we can."

Darline Mooring will teach speech and english at the high school. Her degree comes from WTSU. Mrs. Mooring is a graduate from CHS and CJC.

Bobby Thornberry will teach in the junior high

system. Students will have the privilege of "breaking in" some great new teachers and of gaining from their enthusiasm as well. This should be a great school year with lots of exciting changes and new ideas and goals to reach for.

School begins August 25th!

SHALANE CHAMBERLAIN

Shalane Chamberlain named 1982 National winner

The United States Achievement Academy announced that Shalane Chamberlain has been named a 1982 United States National Award winner in Business Education. This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 5% of all American high school students.

Shalane Chamberlain, who attends Clarendon High School, was nominated for this National award by Miss Betty Veach, a Business Education teacher at the school. Shalane will appear in the United States Achievement Academy Official Yearbook, published nationally.

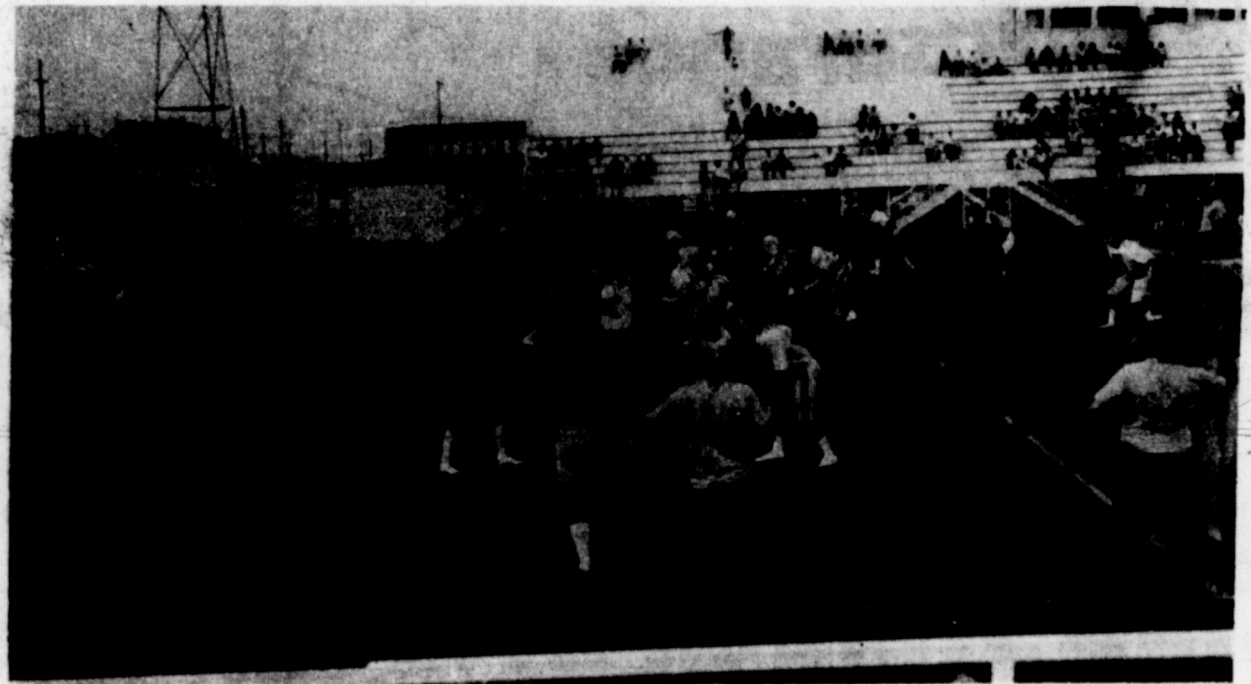

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards for Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Shalane is the daughter of Mr. and Mrs. Will Chamberlain. The grandparents are Mr. and Mrs. Bill Lane of Turkey.

4-H Trail Ride Saturday

There will be a 4-H Horse Project Trail ride Saturday, August 28. Meet at the Mitch Martins place at the Haggi ranch at 2 p.m.

There will be a fine feed of

Broncho Scrimmage with Phillips.

Bronchos made good showing with Blackhawks scrimmage

Last Friday night at Phillips the sky was dark and threatening. But the only bolt of lightning that struck had on number 33 in maroon. David Weatherton, senior Broncho fullback, took up where his cousin Bobby left off last season by gaining 155 yards on only 8 carries (for a 19-yard-a-carry average) and scoring three touchdowns.

But it was not a one-man show. The Clarendon varsity players all performed well as

they shut out a good Phillips team in the new season's first scrimmage game, three touchdowns to none. Overall it was an encouraging night for the defending District 2-AA Champions. Coach Ted Allen commented, "We look better at this point now than we did last year." That should excite Broncho fans, since last year's team fashioned a marvelous 11-1 season.

Clarendon's defense allowed only 153 yards rushing and 23 yards passing for the evening, and Phillips never threatened to score. End Todd Muse recovered a Blackhawk fumble and made two unassisted tackles.

Ends Ray Crump and Lynn Alderson also recovered Phillips fumbles. Linebackers Creed Wright and John Smith both made two unassisted tackles and delivered some "big hits," as did Safeties Bret Bryant and Kelly Hill. Tackle Arlis Thomas showed he has good speed as well as size when he contained two Blackhawk quick sweeps, once stripping the football and recovering it, and one sprint draw play, dropping the Phillips runner for a 5-yard loss.

Junior Safety Richard Gaines knocked down one enemy pass and made five tackles in the open field. Senior Safety Bret Bryant made perhaps the biggest defensive play of the night when he used perfect timing

to intercept an enemy pass and return it 20 yards.

Offensively, the Bronchos were equally impressive. They rushed for 251 yards on 31 carries (for an 8.1 average gain) and passed for 114 yards, completing 7 of 22 attempts. But they also committed six fumbles, five of which were recovered by Phillips.

The first offensive series began slowly for Clarendon, as an inspired Blackhawk defense repeatedly stopped the Broncho backs for very short gains. But the trend was reversed dramatically when junior Quarterback Dyron Howell faked a pitch and cut upfield for 50 yards. He was stopped on the Phillips 15 yard line, but a Broncho fumble on the next play prevented a score.

Two plays later, however, David Weatherton broke loose for a stunning 82-yard TD romp, giving Clarendon its first score of the scrimmage.

Moving back to their own 20-yard line, then, the Bronchos had only four plays left in the series to try to score again. They did, David Weatherton again carried the ball across the goal line, this time from 4 yards out. This drive had been boosted mightily by three successful Howell passes: a 12-yarder to Senior Strong and Ray Crump, a 42-yard strike to senior Quick End Kelly Hill, and a 20-yard screen to David

Weatherton. The second 20-play series on offense produced no scores but was highlighted by a 15-yard run by Stanley Gardner, two 8-yard runs by Senior Fullback Ray Lindley, and a 10-yard pass from Sophomore Quarterback Lynn Alderson to Ray Crump.

The last series was only 10 plays long, but the Broncho starters needed only one play
Con't page 6

Broncs will scrimmage Wheeler

here Friday

Clarendon Bronchos are preparing for their second scrimmage of the year against the Wheeler Mustangs here Friday night. The Bronchos made a good showing in their scrimmage with Phillips Friday night. Wheeler has moved down a classification after competing in District 2-AA with the Bronchos for two years. They are picked to challenge for the District 1-A crown.

The JV will begin at 6:30 and the Varsity will follow. This will be the last scrimmage for the Bronchos before the season opener at Canadian September 3.

TOTAL FOR MONTH .59
TOTAL FOR YEAR 20.20

J.O. ARMSTRONG of Irving, Clarendon, holding his two king fish and BETTY LLOYD MOLDER, center, MOLDER holding only two of her three king fish caught at Port Aransas.

Molder summer fishing trip

Lloyd and Betty Molder of Clarendon went to Port Aransas during their summer vacation to do some fishing and swimming. They were accompanied by her mother Cena Armstrong and brothers J.O. Armstrong of Irving and Matt and Sandy Armstrong, Sheri and Carey of Duncanville.

A large number of fish were taken from the ocean on this fishing trip. But the most exciting time was when they started to catch the King

Fish. Betty Molder caught three King Fish weighing an average of about 18 lbs. and Lloyd caught two King Fish averaging about 17 lbs. each. J.O. caught two King Fish with one of them weighing around 25 lbs.

They did not get to swim much on this trip as they were too busy catching fish. They brought back 11 gallon bags of King Fish from this trip. They did not count the number of bags of Sand Bass they brought back.

David Benjamin

Esther and Rachael Lovell are very proud to report the homecoming of their first baby brother, David Benjamin Lovell. He was born August 19, 1982 at Hillcrest Baptist Hospital in Austin. David weighed 7 lbs. 4 ozs. and was 20" long. Trudy brought the baby home the next day. Father John was more than pleased.

David's maternal grandparents are Mr. and Mrs. Leo Brown from Dumas. His paternal grandparents are Mr. and Mrs. James R. Lovell also from Dumas. David was named after great-grandparents Mr. and Mrs. Ben Lovell in Claude. Mr. and Mrs. Willis Harris in Dumas, also claim partnership in great grandson David.

Fish Tales

By KATIE DVORAK

Some ladies spend their exciting moments watching birds, gardening, watching babies or grandbabies but Mrs. Preston Judd spent Friday, August 13 at Greenbelt Lake and had exciting moments - many a wise patient fisherman would envy. She caught 8 channel cat from 1-2 pounds, pan frier size. Three whoppers got away, she said, but one big one actually popped her line in two! "That was so exciting," she said, "that I had one foot in the pearly gates! That was the thrill of my life!"

Weather has been hot and the lake like a mirror reflecting the perfect blue of the cloudless skies. That

ing. The large mouth aren't biting well, the white have quit schooling but the cat fish are good. Herman reports only two good sized bass reported last week, one 6 1/2 lb. and 5 1/4 pounder.

Did you read about the Missoula, Montana man that caught a bat on his rig as he cast into the lake? The bat turned loose of the bait and bit the man! That sounds like the only kind of good bites Herman has been getting lately.

Speaking of sales, all Shakespear rods and rills are 15% off and there are some super air mattresses 20% off at Mooring Bait Shop.

Inland fisheries will check the nursery pond this week. They may transfer some of their little ones into the lake.

Dove season begins September 1, but that means you CANNOT use the lake area to hunt.

...Brim anyone? A good fisherman this week caught several big ones and reported that some were one FOOT long!

Warranty Deeds

Merlene Sargent sold to Mary Ruth Sargent White and Charlene Sargent Wells the SW/4 of Sect. #87 in Blk. #20, Certificate #11/2147 issued to the H. & G. N. Ry. Co. containing 160 acres of land more or less.

William M. Porter sold to Mable Dean Porter the S/2 of Lot #4, and all of Lots #5, 6 and 7 in Blk. #1 of McLean's Addition to the Town of Clarendon.

Farmer Input needed for 83 cotton program

Cotton farmers have a chance to guide their own destiny by offering suggestions for the 1983 Upland Cotton Program. Farmer input is needed by Sept. 14 so that the US Dept. of Agriculture can announce program plans for the coming year around Nov. 1.

Farmer input is needed on the following: mandatory or voluntary acreage reduction, paid land diversion, base loan rate for Strict Low Middling 1-1/16" cotton with a 3.5 to 4.9 mike, 1983 target price and the loan rate for seed cotton. Comments should go to Director, Analysis Division, USDA-ASCS, room 3741-S POB 2415, Washington, DC 20013.

Dr. Carl Anderson noted that the financial implications of a set-aside program are far reaching. "Producing less may well mean that farmers will make more money," he said. "Base cotton acreage would have to be reduced in the range of 25% or more to be effective in reducing surplus stocks."

The cotton market is currently in the doldrums and may remain so another year or so. Demand is weak because of this nation's high unemployment and the current deep recession which is straining consumer

Shields receives TSTA Scholarship

CRAIG SHIELDS.

Craig Shields was named as the 1982-83 recipient of an academic scholarship to Clarendon College from the Donley County Unit of TSTA.

Craig is a 1982 graduate of Clarendon high and the 18 year old son of Mr. and Mrs. Arthur Shields of Lelia Lake.

Craig's plans for college include an interest in electronics. He has been active in sports throughout high school; he played football all four years and ran track. He went to regional in track his junior and senior years.

Craig's hobbies include riding horses, playing the piano and strumming the guitar and singing.

 1 arrested for transporting liquor.
 1 arrested for disorderly conduct.
 8-22-1 arrested for disorderly conduct.
 8-23-1 arrested for aggravated robbery and burglary.
OFFENSES
 Clarendon has had a rash of windows broken out. Buildings on Main Street have had broken windows also. This is currently under investigation if and when culprits are caught, they will be prosecuted to the fullest extent of the law. Anyone having any information of any of these incidents need to report it immediately to the Sheriff's office.
 A total of 10 auto accidents have been worked by the

sheriff's department this month.
 21 August, Ed Dickens of Memphis was working his car at a car wash in Memphis Saturday evening about 6:30 when he was kidnapped at gun point by a white male, light brown hair, shoulder length, weighing 150 lbs, 5'10" to 6 feet tall. This subject had no shirt on but was carrying 2 shirts, one plaid and one blue and white. He also had a tattoo on left upper arm. Dickens was told to drive to Hedley where the subject got out and told Mr. Dickens not to look back. Anyone having information about this subject please notify sheriff's office in Clarendon.
 22 Aug. Anyone having information about a maroon leather clutch purse belonging to Gina Spier taken from Terry Cole's car Sunday morning during church services at the Church of Christ parking lot, please notify the sheriff's office.
 21 Aug. The Rainbow

Laundry was broken into Saturday night and approximately \$25 in change was taken.
 20 Aug. at Greenbelt Lake the following items were stolen; one igloo cooler, large size, red in color, 2 thermos bottles, one Case brand one set camping knives with changeable blades, one box groceries.
 6 Aug. Patton's Landing was broken into a trailer house, 2 TB's stolen, one credit card, electric typewriter. Entry was made through refrigerated air conditioning unit. One TV will be 17" Catalina wood grain finish, one 6" TV unknown make. Sperry Remington model electric typewriter, Phillips Credit Card.
 3 Aug around 7 p.m. a copper water line to an air conditioner on a mobil home along with the faucet in Howardwick was stolen.
 12 Aug. Tom Clendennan reported the theft of a red wheelbarrow from his backyard in Hedley.
 17 Aug. three people were taken before District Court. Two were given 3 years probation and \$300 fine. One was given 5 years in State Pen.
 19 Aug. three went before District Court, 2 were given 4 years probation and \$400 fine. One received 10 years probation and \$1000 fine.
SHERIFF'S NOTES
 We have had in the Donley County Jail anywhere from 7 to 18 prisoners per day for the last 3 months, most of these were felons. We have also had to keep 6 prisoners in the Collinsworth jail because we have not had enough room to house these prisoners. These were all felons.
 Donley County is not the sleepy little place it has been in years past. We are having a rash of burglaries and if any citizen sees anything that does not look right, be sure to call the sheriff's office where an officer is on duty 24 hours.
 If a vehicle is involved, please get license number, color and make.
 This is your community, help keep it crime-free.

JODY LEFFEWE shows off 4-H Horse trophy.

4-H Horse club wins first again

Donley County 4-H Horse Club won first place in the Silverton celebration parade Thursday. They competed against Boys Ranch who won 2nd and Lelia Lake riding club. There were individual horsemen entered as well.
 Jody Leffew stayed to pick up the huge trophy which will add to those already filling a trophy case for this illustrious, ambitious riding club of Clarendon's finest youth...and equine denizens!
 Jody also competed in the steer riding contest at the rodeo that evening and won that event!

Uptergrove capable roper

Jimmy Uptergrove, the thirteen year-old son of Mr. and Mrs. Jim Uptergrove, proved himself a very capable roper at the 4-H rodeo in Pampa Saturday, August 21.
 Uptergrove entered in the goat roping and ribbon

TWO BUCKLE WINNER JIMMY UPTERGROVE.

roping events. His skill won him buckles in both events. If anyone can come up with a good idea on how to wear several buckles at one time, let Jimmy know!

Edgar Allan Poe was expelled from West Point for "gross neglect of duty" and "disobedience of orders."

You should insulate your hot water heater if it is located in a room that isn't used for living.

Alderson attends Chevrolet showing
 On Friday, August 20th, Gene and Tiny Alderson attended the Southwest Regional Chevrolet showing of 1983 model cars and trucks. The meeting was held at the Tarrant County Convention Center in Ft. Worth. Approximately 1200 dealers from eight southwestern states gathered to hear General Motors Vice President and Chevrolet General Manager, Robert C. Stempel and Chevrolet General Sales Manager Bob Cook and to view the 1983 models.
 Following the 2 1/2 hour meeting, an elaborate reception was held during which Mr. Stempel personally visited with the dealers.

1983 Maid of Cotton search
 The search for the 1983 Maid of Cotton has officially begun, the National Cotton Council announced.
 Winner of the 1983 selection, to be held December 26-28, will start Jan. 1 as ambassador for the American cotton industry.
 Now in its 45th year, the selection is open to young women between 19 and 23 who were born in a cotton-producing state or who have maintained legal residence in the Cotton Belt since age seven or earlier. Applicants also must be at least five feet five inches tall, and never have been married.
 The new Maid's international tour will include participation in major public relations and cotton promotion activities in Asia, Canada, and Europe. Domestic tour will include speaking before civic clubs in major metropolitan cities, and visits to major cotton-producing states.
 Following completion of her seven-month tour, the 1983 Maid will receive a \$3,000 educational grant from the Council.
 Application forms for entering the selection may be obtained from the Council, P.O. Box 12285, Memphis, TN 38112. Deadline for submitting completed applications and required photographs is Nov. 6.

MR. and MRS. WILLIAM SHIPP.

Duncan-Shipp exchange Marriage vows

Tanya Ann Duncan and William Lance Shipp were united in marriage July 31, 1982, at eight o'clock in the evening in a garden ceremony held at the home of the bride's parents. Officiating at the double-ring ceremony was Jack Holland of Canyon.

The bride is the daughter of Mr. and Mrs. Carrol Duncan of Clarendon. Parents of the bridegroom are Mr. and Mrs. Bill Shipp of De Soto, Texas.

The background for the wedding was an archway of greenery framing a corner display of white, yellow, and gold flowers.

Wedding music was provided by Miss Lisa Terry of Greeley, Colorado, who sang "Sometimes," "My Own True Love," "Wedding Song," and "Let Us Climb the Hill Together."

The bride was given in marriage by her father. Her formal gown of white poly-chiffon over taffeta featured a shoulder to shoulder embroidered ruffle of wedgewood lace on the sweetheart neckline. White satin ribbons graced the princess sleeves, and the full skirt was accented by wedgewood lace and extended to a chapel length train.

Her fingertip length veil was attached to an open-crowned lacy picture hat. She carried a cascade bouquet of yellow roses and baby's breath tied with white satin ribbons and white lace streamers and accented with pearls. For the tradition of wearing something old, she wore a gold wedding band that had belonged to her great grandmother.

Fara Page of Abilene was the maid of honor. The attendants were Kim Wardlaw of Abilene, Kathleen Duncan of Odessa, and Suzanne Shipp of De Soto. The attendants all wore long handkerchief hem gowns of light blue chiffon with shirred sweetheart necklines and cap sleeves. They carried nosegay bouquets of yellow daisies and baby's breath trimmed with white lace ribbons and yellow satin streamers.

Joey Pangburn of De Soto served as best man, with Tom Finley of De Soto, Steve Kendrick of Plano, and Gary Duncan of Odessa acting as groomsmen. Guests were seated by Neil Reece of Wichita Falls and Darren Edwards of Arlington.

Following the ceremony, Mr. and Mrs. Duncan hosted

a reception on the patio of their home. The bride's cake was three-tiered with yellow daisies and baby's breath on each layer. Two crystal hurricane lamps with yellow tapers accented the table. Brass and crystal were used on the groom's table which featured a German chocolate cake.

Included as guests were grandparents of the bride: Mr. and Mrs. F.L. Thomason of Clarendon and Mr. and Mrs. A.L. Duncan of Wellington. Also attending was the grandfather of the bridegroom, Mr. Gilbert McCleskey of Lancaster.

Following a wedding trip to Hawaii the couple is at home in Abilene.

The bride graduated from Greeley West High School, Greeley, Colorado, in 1979. She is a senior banking and finance major at Abilene Christian University and employed at Beall's.

The bridegroom is a 1979 graduate of De Soto High School and is a senior accounting major at Abilene Christian University. He is employed by Sears in the auditing department.

The Lions Tale

BY GENE ALDERSON

The Clarendon Lion Club held its regular meeting at noon on Tuesday at the Lions Hall. Thirty members, Lion Sweetheart Jessie Adams and three guests were present. Following the regular opening ceremony, Liantamer Messer introduced Rev. J. Scott Turner, Vicar of St. John the Baptist Episcopal Church who was the guest of Lion Jim Hayes; Roger Estlack who was the guest of his father, Allen Estlack; and Donald Gooch who was the guest of his father, Ronald Gooch. Boss Lion Bivens then reminded us about the Lions pancake supper to be held on Sept. 10th. Tickets are \$3 for adults and \$1.50 for children under 12 and may be purchased from any Lion. Meeting adjourned.

The bagpipe, regarded as the national instrument of Scotland, was used by the ancient Romans.

Johnson and Hall exchanged vows

Susan Carol Johnson and John Russell Hall were united in marriage Saturday evening, August 15, at Calvary Baptist Church in Clarendon. Minister Bright Newhouse II, a Church of Christ minister, officiated the double ring ceremony.

The bride is the daughter of Mrs. Marie Johnson of Memphis, and the late Ruben Johnson. Parents of the groom are Mr. and Mrs. Truett E. Hall of Clarendon.

Miss Johnson was escorted by her brother Randy Johnson from Amarillo, and was beautifully attired in a gown of white organza over taffeta encrusted with seed pearls and sequins. The full bishop lantern sleeves were accented with lace motifs and four inch alecon lace cuffs. The formal length bridal skirt of knife pleated organza trimmed with lace motifs, seed pearls and sequins, was highlighted by a full cathedral train bordered with alecon lace. A Juliet crown of alecon lace encrusted with seed pearls held the walking length veil of French illusion bordered by four inch alecon lace. The bride carried a silk bouquet of stephanotis, pink and burgundy roses and tiger lilies, draped atop an English Prayer Book covered with burgundy taffeta accented with tiny ecru lace. White and pink scalloped ribbons tied in love knots complimented the bouquet.

During the processional, the bride presented her mother with a long stemmed burgundy silk rose and a kiss. This gesture of love was repeated with the groom's mother during the recessional.

The bride carried out the traditional something old, something new, something borrowed, something blue. For something old, the bride wore a stand of pearls belonging to her grandmother; and carried an English Prayer Book which belonged to the groom's maternal grandfather. Something new was, of course, the bridal gown. A slip was borrowed from Mrs. Dan Hall and something blue was the traditional garter.

The bride also wore pennies in her shoes, one for the year in which she was born and one for the groom's year of birth.

Gowns worn by the matron-of-honor and bridesmaids were of deep burgundy promese featuring a formal length, circular skirt trimmed with a twelve inch ruffle draped in back to form bustle accented with an alecon lace panel and fastened with roses and a bow. The bodice was adorned with a "V" inset accented by a scalloped ruffle, standup collar and short puffed sleeves with cuff, all of alecon lace. Junior bridal attendants wore identical dress of pink promese and alecon lace. Coiffures were adorned with combs decorated with burgundy tiger lilies and pink ribbons.

Sharon Boliver of Amarillo, attended her sister as matron-of-honor and carried a silk, cascade bouquet of burgundy roses and pink and burgundy tiger lilies tied with pink ribbons. Bridesmaids were Miss Melanie Hansard of Hedley, Mrs. Dan Hall of Clarendon and Miss Carrie Moss, course of the bride, from Clarendon.

Silk, cascade bouquets of pink roses and pink and burgundy tiger lilies tied with pink ribbons were carried by the bridesmaids. Miss Tonya Brandt of Amarillo and Miss Sherri Hall of Clarendon, both nieces of the groom, served as flower girls and carried white lace baskets decorated with ribbons from which they dropped fresh rose petals along the bridal path. Miss Angie Boliver of Amarillo attended her aunt as trainbearer. Candlelighters were Miss Tisha Brandt of Amarillo, niece of the groom, and Master Bill Hall Jr. of Perryton, nephew of the groom. Ringbearer was Master Gene Hall of Perryton, also nephew of the groom. The rings were tied atop a heart shaped, white satin pillow edged with lace. A five branch, brass candelabra holding handcut votives with burgundy candles sat atop the silver punch bowl which was filled with pink sherbet punch. Crystal and silver appointments brimming with pink and burgundy rose-shaped mints and mixed nuts completed the decorations for the bride's table. An Italian creme cake made by Mrs. Doyle Hall and decorated with miniature tractors and bales of hay were served from the groom's table. A five branch, brass candelabra holding handcut votives with burgundy candles sat

tiger lilies accented with pink ribbons and the young men wore boutonniere of lily-of-the-valley and pink rose buds.

The groom chose to wear a white, western cut tuxedo accented with satin collar and lapels, white, pleated shirt with black pearl buttons and a satin string tie. A silk boutonniere of stephanotis, lilies-of-the-valley and a burgundy rose completed the ensemble.

Truett Hall served his son as best man. Groomsmen were James Hall, brother of the groom, from Clarendon, Bright Newhouse III of Medina, Texas and Dan Hall of Clarendon. Ushering guests were Stan Shelton of Clarendon, Bright Newhouse III and Dan Hall. Western cut, silver grey tuxedos with satin trim, white, pleated shirts with black pearl buttons and satin string ties, complimented with boutonniere of silk lilies-of-the-valley and a pink rose bud were worn by the groomsmen.

A fifteen branch, fan candelabra accented with a fan shaped spray of silk burgundy roses, tiger lilies and gladiolas, held fifteen inch, white tapers and adorned the center of the altar. Seven branch candelabra decorated with fifteen inch, white tapers were placed at each side of the altar. They were accompanied by tall silk scheffereas and silk sprays of pink carnations and gladiolas. The baptistry was draped with fresh green ivy. Family pews were marked with bows of burgundy taffeta ribbons edged in ecru lace. A unity candle adorned with a silk bouquet of pink and burgundy tiger lilies and roses and burgundy ribbons completed decorations in the sanctuary.

Mothers were seated by Stan Shelton as organist Dee Williams played "Always", selected by the groom's mother. Miss Sherri Hill of Hedley accompanied Dan Hall who sang "Color My World" as the altar candles were lighted. Mr. Hall also sang a selection titled "If". After the bride and groom exchanged wedding vows, Jimmy Boliver, brother-in-law of the bride from Amarillo, sang "Wedding Song". Following the exchange of rings, Miss Hill joined Mr. Boliver for a duet titled "Endless Love" which accompanied the lighting of the unity candle. Mrs. Patrick Robertson of Clarendon played the piano for "Wedding Song" and "Endless Love". Pe-nuptial music, the wedding march and the recessional were played by Ms. Williams. Silk corsages of pink roses and dogwood were worn by the ladies and the gentlemen wore boutonniere of lilies-of-the-valley and pink rose buds.

Registering guests were Mrs. Brian Hill of Clarendon. A brass butterfly arrangement covered in silk burgundy and pink roses and tiger lilies accented with stephanotis encircled a handcut votive which adorned with a silver grey cloth. Guests signed the bride's book with a pink ostrich plume pin and were presented scrolls as a thank you from the happy couple.

Following the ceremony, a reception was held in the fellowship hall of the church. A five branch, brass candelabra holding handcut votives with vanilla candles sat atop the white, ruffled lace cloth which covered the bride's table. Pink satin bells topped the four tiered, straw berry cake decorated with pink roses and surrounded by floating cakes adorned with pink rose corsages of icing. The sterling silver punch bowl was filled with pink sherbet punch. Crystal and silver appointments brimming with pink and burgundy rose-shaped mints and mixed nuts completed the decorations for the bride's table. An Italian creme cake made by Mrs. Doyle Hall and decorated with miniature tractors and bales of hay were served from the groom's table. A five branch, brass candelabra holding handcut votives with burgundy candles sat

MR. and MRS. JOHN HALL.

atop the silvery gray cloth that covered the table. Completing the decorations was a sterling silver coffee service.

Members of the house-party wore pale pink, street length dresses of chiffon accented with lace collar, pleated front neckline and short puffed sleeves over pink promese and tied at the waist with white grosgrain ribbons. Silk corsages of burgundy rose buds and pink tiger lilies were presented to the servers. Serving at the bride's table were Mrs. Jerry Bryant, sister of the groom, from Amarillo and Mrs. Daniel Archuleta of Clarendon. Mrs. Billy Hall, Sr., sister of the groom, from Perryton and Mrs. James Hall, sister-in-law of the groom from Clarendon, served at the groom's table. Mrs. Brian Hill alternated. Especially helpful in the kitchen were Mrs. Doyle Hall and Mrs. Bright Newhouse II of Clarendon.

The bride's mother chose a floor length gown of rose tinted, striped satin. The straight, button-down-the-side skirt with fitted natural waistline was complimented by a wrap styled blouse with butterfly sleeves and fastened with a sequined cummerbund. The groom's mother chose a formal length gown of aqua polyester fashioned with long, full, chiffon sleeves, lace bodice with gathered neckline and knife pleated skirt belted at the waist. A sleeveless jacket of matching lace completed the ensemble. The mothers wore identical corsages of silk pink rose buds and tiger lilies.

The new Mrs. Hall chose a street length beige dress accented with tiny pleats and long cuffed sleeves complimented with a silk corsage of pink and burgundy roses and beige sandals for her going away ensemble. Mr. Hall, attired in beige slacks and shirt was pleasantly surprised to seat his new bride in the escape car gayly decorated by the children of the wedding party. The couple was showered with rice and pink and burgundy promese roses.

The bride graduated from Hedley High School, attended Clarendon College, and is presently employed by Mike's Gipsion Pharmacy.

The groom graduated from Clarendon High School, attended McPherson College, McPherson, Kansas and graduated from Clarendon College with an Associate of Applied Sciences in farming and ranching. He is presently engaged in farming in Donley County.

Following a wedding trip to Steam Boat Springs, Colorado, the couple will be at home in Clarendon.

The newlyweds and their parents extend a sincere thank you to those who joined in celebrating the union of their love.

Out-of-town guests included: Sible Nelson from Wheeler; The Ray Walkers, The Lloyd Goodins, The Carton Gibbs, The Roy Foust, Miss Alma Hall, The Frank Rapstines, The Carl Roberts, Sharon Roberts, Randy Johnson, Kim Rackley, Geneva McAfee and Seth, The Gene Frye's, Mrs. Chock Grady and son, The Gerald Brandts, Disha and Tonya,

Cummins-Clifford nuptials announced

Mr. and Mrs. Danny and Herta Cummins of Amarillo announce the engagement of their daughter, Christy to John Clifford, son of Mayor Shirley and Jack Clifford of Clarendon.

The couple has a September 18 wedding planned in the home of John's parents. Chriss works for the Donley County Appraisal District and John works for Mark III Construction in Houston. The couple will move to Houston after their wedding.

Farm Bureau barbecue success

The Donley County Farm Bureau had its annual convention with its annual chicken barbecue on Friday, August 13, 1982, at the Lelia Lake Community Center. There were approximately 130 people in attendance. The Board of Directors would like to thank everyone that helped to make the evening a success.

Parties held for Tanya Duncan

Tanya Ann Duncan, bride-elect of William Lance Shipp was honored at a bridal shower on June 27, 1982 at the church of Christ fellowship hall.

The reception table was covered with a white lace cloth. The centerpiece was of yellow and blue daisies created by Susie Shields.

The bride-elect and honored guests were presented corsages designed by Glenda Hawkins and Aleta Thompson. The honored guests included the bride-elect's mother, Renee Duncan and the two grandmothers, Annie Thomason of Clarendon and Birl Duncan of Wellington.

The hostesses were: Vivian Allen, Naveta Browning, Josie Burgess, Pam Denney, Elfreda Edwards, Carol Harguess, Nora Hartwick, Glenda Hawkins, Nena Hunt, Maxine Robinson, Thelma Shields, Susie Shields, Vida Shields, Aleta Thompson, Sue Thompson, Mary White, and Betty White. The hostess gift was a Hamilton Beach stand mixer.

Miss Duncan was also honored in Abilene on July 7th with a personal shower. Karen Simmons honored Tanya Duncan on July 31st at noon with a bridesmaid luncheon in her home. Mrs. Simmons was assisted by her mother, Elнора Stafford of Amarillo.

Brent McGaugh from Lubbock and Linda Weherbiden and son, Brent visited Sunday with Mr. and Mrs. Pete Land.

Mr. and Mrs. L.A. Watson went to Montivista, CO to visit with the Arlie Woods family Friday. Saturday they met Gay and Bob Cole, Shana, Wittney Casper and the Larry Watson family at Red River. It rained.

Ranell Shadle went to Amarillo for business Thursday and Ramey Brittan came home with her for a visit. Sunday her sister Annett and Cory Gene came after him.

Mrs. Tom Shadle's nephew and his wife, Bill and Stell Voyts of Globe, AZ visited with the Tom Shaldes and with the Joe Neal Shadle family this week. Mr. and Mrs. Tom Shadle and their guests went to Amarillo Sunday for a lunch hosted by Lucille Koeninger and Cheryl Hand and LaRue Pitman.

Mr. Claude Spivey and Becky, Oleta and David Lane had business in Pampa Monday.

Mrs. Vance Gray went to Floydada Monday. She and Charline went to Snyder Tuesday to visit Joyce and Ron Jackson. She came home Wednesday and brought David Tittle who had been visiting the Browns. Thursday morning she took David to Canyon and visited the Tittle family. Ismanell's vacation is about over as the dorms are opening.

The Burl Hollar family was in Wichita Falls with the Lewis Ranch Crew for the Ranch roundup rodeo Saturday. They finished in the middle. We are all proud of their performance and skills.

The Green families were at Lake Diverson where they met the Dorries the Naylors and the Morris Clan for a weekend of fun and work.

Lelia Lake News

By JEANIE LAUDERDALE

I am happy to report this week that everyone seems to be well.

Christopher Myers, Mr. and Mrs. Hester Shields great grandson, is home from the hospital after having kidney surgery and is doing fine. Hollis Banisters brother, Kenneth Banister of Claude, is home and doing good after his car accident.

Mrs. Lucy Lee Noble came home from the hospital and is doing great after having her appendix removed. We're glad they all did so well.

Happy Birthday to Glenn Harbert. Glenn was twelve years old August 22nd. Sunday, his family, the Gary Harberts and the Bruce Shields family had a swim party for him at the lake.

Mr. J.B. Godwin finally got the cast off of his foot. He fell off his garage roof several months ago and broke his heel. He is hoping to be back at work before too much longer.

Johnny Dowd of St. Jo, Harold Brownings nephew.

snent Friday night visiting with Harold and Naveta.

Mr. and Mrs. Leroy Leathers and girls visited her parents, Mr. and Mrs. Lige Griffin, in Littlefield Friday and Saturday. They helped celebrate Mr. Griffins birthday while they were there.

Mr. and Mrs. David Shields and Jessica of Amarillo spent the weekend with his parents, Mr. and Mrs. Herbert Shields. Josh was spending the weekend at Carlsbad Caverns with his aunt, the Bill Sarpolius family.

Mr. and Mrs. Leo Smith visited relatives in Lubbock and Robert Lee last Monday through Friday.

Keenan Shields returned to college at Texas Tech after a brief visit home with his parents, Mr. and Mrs. Earl Shields.

Mr. and Mrs. Eddie Floyd visited his parents, Mr. and Mrs. F.A. Floyd, Sunday.

Mr. and Mrs. David Wilson visited in Wichita Falls over the weekend.

While there they attended the rodeo and thoroughly enjoyed it.

Patrice Shields is visiting her grandmother Mrs. R.E. Jones in Eoch for a few days.

Hollis Bannister brother, Mr. and Mrs. Kenneth Bannister and granddaughter, Donna, visited Hollis and Mary Monday.

Mr. and Mrs. Hester Gardner of Yuma, AZ stayed a few days last week.

Lisa Knighton of Amarillo spent Friday night with her mother, Mr. & Mrs. Coleman Shields. Sadie accompanied her home to Amarillo Saturday for the day to do some shopping.

The Henry Hasteys had quite a busy week. Their son, Mr. and Mrs. Ronnie Hasteys and Jennifer spent last week with them. Monday evening Mrs. Cletus Hollis and her son J.R. from Pampa visited.

Thursday, Henry, Nadine, their grandchildren Brad and Andru Allen, Ronnie, Jeanie and Jennifer all went to Plainview to visit and have supper with Mr. and Mrs. Gerald Hasteys.

Friday night, Mr. and Mrs. Steve Allen, Brad and Andru, Mr. and Mrs. Ronnie Hasteys, Jennifer, Barry Hasteys and his friend, Rhonda, all had supper with

their parents, Henry and Nadine. Sunday Henry and Andru went back to Plainview. They & Helen and Gerald Hasteys then went to Lubbock to visit their father, Mr. Hasteys. Monday Cotton Jones of Plainview spent the day with them. I'm sure they enjoyed it all but they ought to be pooped.

Ronnie & Wanda Deens girls flew to Dallas last week and stayed a week with Ronnie's mother, Mrs. Olin Townsend.

Last Tuesday, Mrs. Leroy Leathers hosted a Bible Study group at her home. That day the 17th of August, was her birthday. After the study, the group surprised Alene with a birthday cake. Happy Birthday Alene Leathers.

This Saturday night is our regular Community Center meeting. We eat at 7:30 p.m.

Charles and Rita Mills formerly from Santa Ana, California has been visiting with their parents, grandparents, sisters, brothers and friends in Clarendon.

Charles is in the Marines and has been transferred to Camp La Jeune, North Carolina.

Heat's On

By KATIE DVORAK

Summer time is a great time for entertaining. Now that school has started again, you will have time to plan some great parties. Keep a few of these spreads on hand for them and for the kiddoes that drop by after school.

HAM SPREAD
1 C ham or bologna cubes
4 medium sweet pickles
1/2 C walnuts or peanuts
1/2 C salad dressing or mayo
Using metal blade in food processor, process ALL ingredients until smooth; if desired, add more mayonnaise for a more spreadable dish. Serve on crackers or celery sticks.

ZIPPY DIP
Mix sour cream with your favorite package of dry salad dressing.

BEER N PRETZELS
1 C crumbled club cheese
1/2 C beer
1/2 tsp dry mustard
dash tabasco sauce
dash Worcestershire
pinch sugar
salt to taste

Melt cheese with beer in top of double boiler over boiling water, adding beer one TBS at a time until mix is smooth. Add seasonings. Serve in chafing dish with pretzels.

CRUNCHY CHEESE BALL

1 8 oz pkg cream cheese
1 12 oz carton cottage cheese
small curd, well drained
1 C cheddar cheese, crumbled
1 small wedge onion
1 TBS Worcestershire sauce
1 C pretzel crumbs

In food processor use metal blade to combine cream cheese and cottage cheese, process until smooth. Add remaining ingredients until smooth. Divide into two large balls, roll in pretzel crumbs. Keep refrigerated.

UNBREAKABLE ICE CREAM CONES

Fill cones with prepared cake mix and bake as you would a cupcake in a muffin tin. Frosted or plain, the cones make good take-along desserts with no mess. Nice for brown bag lunches too, and freeze them for busy days.

Chamberlain News

By MRS. HAWLEY HARRISON

Chamberlain Community Center held their annual chicken barbecue last Friday night. A fair crowd attended. Enjoying the good food and visiting.

Mr. Amos Yates visited Mr. and Mrs. Richard Dinger last Thursday.

Mr. and Mrs. W.R. Chaney visited Olace and Billie Hicks Thursday afternoon.

Clayton Wayne Ferris was in Amarillo on business Tuesday.

Mark and Vivian Allen attended the Allen family reunion in Goree and spent Saturday night in Wichita Falls with Mr. Heard Reeves and Mrs. Alma Reeves and returned home Sunday.

We were so sorry to learn of the death of Mr. Emmett Simmons. Our sympathy goes to the loved ones and friends in their loss.

Steve and Marjorie Fedric visited Olace and Billie Hicks Friday afternoon. Olace is recovering nicely from surgery and glad to be at home.

Mr. and Mrs. H.L. Thomason of Idalou visited Mr. and Mrs. Frank Thomason Sunday.

Dennis and Loretta Harrison visited John and Joy Naylor Friday night.

Wayne and Tommi Lowe of Amarillo and Mrs. Genoah Lowe attended funeral services for Mr. Emmett O. Simmons Sunday afternoon.

Carmen Wright accompanied Mrs. Ann Harper to Austin to a meeting for Cosmetologists and Mrs. Ann Harper took her tests at the State Board of Cosmetology and passed. They were there Tuesday night, Wednesday night and Thursday night. Eight girls from Clarendon attended.

Mr. and Mrs. Gary Rogers and Kira of Albuquerque were dinner guests of Mr. and Mrs. D.R. Kooztz en route home.

Henry and Eunice Mann visited Clarence and Grace Ayres Sunday afternoon.

Mrs. Clara Mae Carter visited Ruth and Nell Corbin, Dorothy Nell Darby and Mary Bell Bairfield, Brodis Ballew, and Mr. and Mrs. David Fricks, and Nell Corbin is doing well, following eye surgery.

Henry and Eunice Mann attended funeral services for Mr. Emmett O. Simmons Sunday afternoon.

Marie Risley of Amarillo visited Mr. and Mrs. Charles Blackburn Thursday and took Teresa home.

Ernest and Roxie Barbee visited in Quitaque with Mr. and Mrs. Cecil Price and Mr. and Mrs. Tom Barbee Monday.

David Chase of Odessa came Sunday afternoon, and took Mr. Hawley Harrison to Oklahoma City, Ok. to Dr. B.J. Rutledge M.D. and Neurologist Monday morning.

Anna Harrison is visiting in Austin with Debbie and Aaron Morris and family and Bill and Martha Dolman and Rachael.

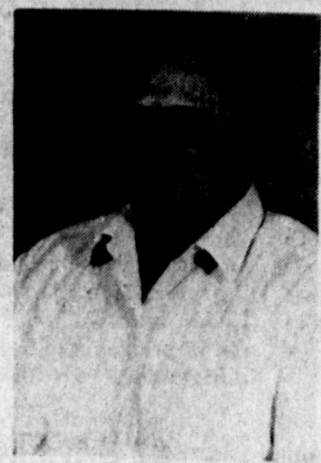

Social Security representative in town

A representative of the Amarillo Social Security office will be in Clarendon at the courthouse from 9:15 to 12:00 Thursday, August 26 and also September 2, 9 and 23.

This individual will be glad to assist you in filing an application for Social Security Retirement, Survivors, Disability, Medicare, or Supplemental Security Income benefits.

If you are unable to visit personally, you may call 806-376-2242 to conduct any Social Security business. For general inquiries, dial toll-free 1-800-392-1603. The office is open every weekday Monday thru Friday, except national holidays, between the hours of 9 a.m. and 4:45 p.m.

One Kind Soul

PETE BROMLEY.

One kind Soul
One kind soul has gone away
My final respect I want to say
To a Gentle Man, so kind, so true
A good friend to those he knew

His gruff voice so clear and loud
His laughter heard above the crowd
His student's he loved like daughters and sons
He made them mind; but their love and respect
He'd won.

He was father, teacher, rancher and friend
A kind word and smile, he'd readily lend
He'd perk you up when you were down
A person like him is hard to be found

Yes, Pete Bromley will be remembered by the great and small.
He had something; whether it be patience, love, or time for us all
Pete was an example of the way we should live
He knew how to take love and life, and then to others give

The Halls at school won't ring with his paddle
The children will no longer picnic with his cattle
But their lives are richer for having known him
Now please join me in saying goodbye to a dear friend.

Janette Gall Kennedy
6-29-82

MRS. TUCKER & MRS. CORNELL (seated) register Mrs. McDaniels' twins, Diane and Elaine and Mrs. Grady's son, Jeremy for elementary school.

Scrimmage can't from p 1

to produce another TD. Sprung loose on a trap play by the blocking of Senior Center Ken Dorris, Junior Strong Guard Creed Wright, Senior Strong Tackle John Smith, and Senior Quick Guard Arlis Thomas, David Weatheron sprinted 50 yards down the middle of the field to the goal line.

Dyron Howell also completed two more passes in the final series, both 10-yarders to Flanker Richard Gaines. Howell was 6 for 14 for 104 yards for the evenings passing.

Overall, it was a promising start for the hopeful Broncos. Coach Allen commented, "There was good hitting tonight and not too many mistakes." Those two factors are important ingredients for a winning football team, he realizes.

Hopefully, the Broncos will play even better again Wheeler this week for the second scrimmage, this time on the home field Friday night.

Annual Staff goes to camp

On July 27-29 the Clarendon High School annual staff sponsored by Miss Betty Veach, went to annual camp at Amarillo College.

Wayne Chambliss and Dyanne Johnston went to photography class. They had

a great time taking pictures, especially Wayne.

While they were in photography class, Miss Veach, Sharon Schwertner and Shalane Chamberlain went to Annual workshop. This is where the annual is planned

and organized. Fortunately, the annual is now planned and organized so that everything should be on time for deadlines.

A new bracket of competition started this year, a cover contest. The prize was free end sheets. Thirteen schools entered and Clarendon won second.

Besides going to camp, the staffers went to a few movies and shopping. The girls really enjoyed shopping because an Explorer Scout bus broke down and the mall was packed with high school guys.

Miss Veach and the kids got out of Amarillo just before the flood. It was a good thing they didn't eat at Crystal's.

Varsity Cheerleaders

win big BY SHALANE CHAMBERLAIN

The Clarendon High School Cheerleaders packed their bags and left for Wayland Baptist University Monday, August 9.

A beautiful bouquet of flowers was sent to the girls the first day by the Clarendon Bronco football team. According to Kim Wilson, head cheerleader, the flowers really excited the girls.

Since this was the last year for five of the eight cheerleaders to attend camp, everyone worked hard to become the best squad there.

Naturally, everybody worried about the food, but Wayland provided some outstanding meals, which is unusual for cafeteria food.

Each day of the week began with aerobics, moving on to cheer class with other activities throughout each day such as: jump class, routine class, pyramid and double stunt classes.

At the end of each day,

every squad was evaluated on how they performed in front of crowds with their cheers. The Clarendon squad worked very hard and received three superior which were the highest awards that could be achieved.

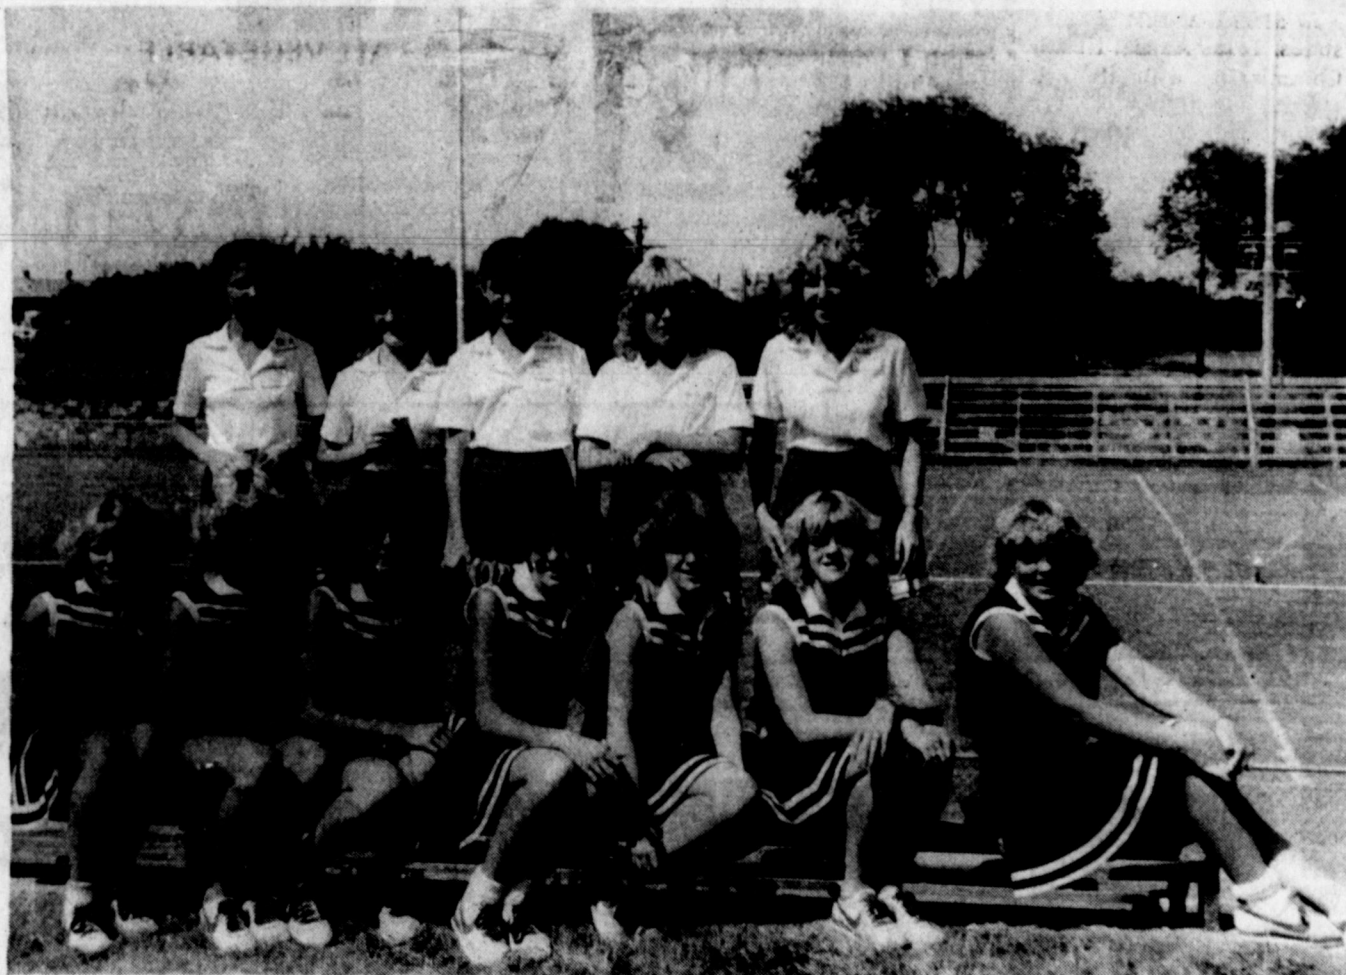

The cheerleaders have some fantastic ideas for this year. They plan to not only involve the school but also the community as well. They need Clarendon's support. So let's hear some SPIRIT at our games!

Those attending camp this year were: Kim Wilson, head senior; Krystal Hayworth, Senior; Shalane Chamberlain senior; Susan Thompson, senior; Linnie Salmon, senior mascot; Gina Spier, junior mascot; Kristen Walker, junior and Muzzy Hayes, sophomore.

Some of the schools at camp were: Pampa-Varsity & JV; Brownfield, Boys Ranch; Cotton Center; Darrougett; Union and Clarendon.

TIFFANY THOMAS (L) and KIMBERLY SHELLY are ready for school again.

BRONCO CHEERLEADERS superior rated at camp.

JV Broncos blanked

The Clarendon High School junior varsity football team also played their first scrimmage game last Friday night, beginning at 6:30 preceding the varsity scrimmage game at Phillips.

The young JV team, which includes only 3 sophomores and 1 junior to complement 15 freshmen, had a "learning experience" against a big, fast, and talented Phillips JV team.

Starting on offense, the young Broncos found the going very tough. They were unable to get even a first down during the opening 15-play series. But when Phillips got the ball, the Clarendon players finally got "cranked up" and played some tough football.

Freshman Safety Leland Howell made a diving interception of a Phillips pass to thwart one drive. The two freshmen linebackers, Robert Youngblood and John Alexander, showed they know how to hit hard. Alexander was all over the field all evening, and led the team in tackles.

Junior cornerback Doug Walker displayed his experience by making several jarring open-field tackles. One of the best plays on defense was made by Freshman End

Randy Crump when he contained a sweep, made the tackle for a loss, and then recovered the fumble he had knocked loose.

Despite these and other good efforts, however, Phillips did score one touchdown in their opening series. It came on a beautiful throw "bomb" to a speedy Blackhawk receiver. It was a 70-yard touchdown pass.

Phillips went on to score two more touchdowns against the second Broncho defense, a 60-yard pass and a 70-yard run. A fourth score was prevented, however, by a touchdown-saving tackle by Sophomore Cornerback Jerry Morris.

The Clarendon offense finally opened up in its second series when Quarterback Doug Walker hit Sophomore Strong End tan Garland on a 20-yard pass play. The biggest offensive play of the night came on a third-and-eight situation when Walker rolled to his right and threw a throwback pass to Freshman Fullback Robert Youngblood. The play was good for a 22-yard gain.

Though losing 3-0 in the scrimmage, the junior varsity players gained some valuable experience and vowed to improve this week in their Friday night scrimmage against Wheeler here.

Welcome back to School

Summer's end brings thoughts of 4-H

It seems 1982 began only a few days ago. I remember the day the water pipes froze. Then came spring with its beauty and new life. We all knew that school would soon be out for the summer.

Then suddenly it was here - good old summertime. A time to relax and to have fun with your friends. Now, it's almost gone. School starts again in a matter of days and the fun times will once again be only a memory.

But it doesn't have to be this way, you know. As summer vacation draws to a close, there are options open to you which can help keep the spirit of summer alive all year long, says Cherri Brown county 4-H program coordinator.

How would you like to become a part of a group which meets on a regular basis, a group which includes some of your friends, a group where you will feel needed and important?

How would you like to learn new things with this

group, plan and conduct fun activities which you want to do, go places and see things which are of interest to you? How would you like to explore your own future, to plan ahead for your career, for your education?

How would you like to work beside a caring adult, someone who has a real interest in you and your future, to be able to talk to that person about almost anything and know that he or she respects you and would never violate any confidence?

How would you like to learn to keep records of your activities and accomplishments--records which are meaningful to you and which can serve as a reminder to you and others for years to come?

How would you like to be able to apply for one of more than 70 different college scholarships, some worth up to \$6,000 to you and your family?

Oh yes, your family. How

would you like for all these things to happen to you in an organization which involves all of you?

It can happen, you know. It happens every year after summer vacation for more than five million young men and women. They are part of this nation's largest youth organization--4-H.

Yes, that's right--4-H. Did

you know that there is a 4-H group near where you live? And they would love to have you come and join them?

Give 4-H a try. You will find that, even though summer has come to an end, the fun is just beginning.

To find out more about this exciting youth program, contact the county Extension office, says Brown.

School menu

August 30-Sept. 3
Monday Baked fish with catsup, tossed salad, cornbread, scalloped potatoes, fruit and milk.

Tuesday Chip o pie with cheese, lettuce and tomato salad, ranch style beans, butter cookies and milk.

Wednesday Pizza with cheese, tossed salad, buttered corn, pudding and milk.

Thursday Macaroni with cheese, English peas, carrot

sticks, graham cracker with peanut butter and jelly and milk.

Friday Chili burger on bun, lettuce and tomato salad, French fries, peach cobbler and milk.

Go for it

Thompson ROTC graduate

William S. Thompson, son of Sheriff & Mrs. Jimmy Thompson, was promoted to Private First Class in graduation ceremonies at Ft. Jackson, S.C. where he completed 8 weeks of basic ROTC training. He also completed the course with Expert Marksmanship on the shooting range. Thompson was awarded

PFC. WILLIAM THOMPSON. "cadet of the year" at Panhandle State University this year. He is also on the student senate.

Caprock Canyons State Park open

Caprock Canyons State Park is located off of State Highway 86, about three miles north of Quitaque in Briscoe County. The land was purchased by the Texas Parks and Wildlife, parks department, in 1975. Work has been going on continuously to create a little lake, adequate camp sites and recreational areas. The park was officially opened August 13 and over 100 people arrived to utilize the facilities. A formal opening ceremony will be held at a later date when all of the work is completed. Facilities in the 13,960 acre park included 35 campsites, 45 picnic sites, hiking trails, swimming area on the 100 acre lake, boat ramp, fishing pier, day-use group picnic pavilion, scenic drive and trailer dump station. Officials said a boat speed limit of five miles per hour will be enforced because of the limited size of the lake. The park site is populated with a variety of wildlife species, the most unusual being a large number of exotic aoudad sheep. For campsite reservations or other information, write Park Superintendent at Caprock Canyons State Park, POB 204, Quitaque, 79255 or call (808) 455-1492.

for possible outbreaks. "We have no reports of this disease in Texas, but it is possible it can occur," Dr. John W. Holcombe, executive director, Texas Animal Health Commission said. The name of the disease is Vesicular Stomatitis. It causes a temperature rise and the formation of blisters in the mouth and soles of the feet of affected animals. Dehydration and weight losses are results of the disease also. Human infections can occur in areas where the disease is prevalent and in laboratory workers. "A veterinarian should be contacted immediately if a person has animals with symptoms of sores or blisters in the mouth or on the tongue," Dr. Holcombe said. A laboratory diagnosis is required to accurately diagnose the disease; its symptoms are similar to foot and mouth disease. Vesicular Stomatitis was first reported to federal officials in June. Colorado reportedly has the majority of infection. Other states with the disease are Arizona and Utah. Reports from New Mexico indicate that thousands of horses and hundreds of cattle have been affected. Canada has requested the U.S. Department of Agriculture not to certify cattle, horses, sheep, goats, or pigs from states in which a diagnosis of the disease has been made.

Cool heads increase egg production

COLLEGE STATION — Keeping a cool head in times of stress is as important to chickens as to quarterbacks, bomber pilots and presidents, particularly since chickens don't sweat. A Texas A&M University poultry scientist, Dr. Richard Cain, has found that egg production can be increased by cooling only the heads of hens, so he developed a system that saves money by cooling only the tops of the chicken cages. "By cooling laying houses, producers can increase egg production 10-15 percent, depending on the age of the chicken," said Cain, who also serves as an environmental physiologist with the Texas Agricultural Experiment Station. "But we have found that if you just cool their heads you can increase egg production and save money."

LEWIS RANCH CHUCK WAGON won 2nd in Budweiser Rodeo Round-up. Mrs. Ricky Lowe (standing) from Turkey Creek Camp, Mrs. Billy Frisley (sitting) from Ox Bow Camp and Clara Boston (leaning over chair) took the honors.

Commissioners' Court Minutes

The Commissioners' Court met in regular session on the 12th day of July, 1982, at 9:00 a.m. with the following present: W.R. Christal, Judge; J. R. Graham, Com. Prec. 1; Claude Moore, Com. Prec. 2; Buford Holland, Com. Prec. 3; Wm. Chamberlain, Com. Prec. 4; Frieda Gray County Treasurer and J.C. Messer, County Clerk and Ex-officio clerk of the Commissioners' Court. The following business was transacted: *Motion to approve the minutes read in open Court. Motion carried, with Graham, Moore and Holland voting for the motion. Chamberlain abstained. *Motion to amend the 1982-1983 budget carried. *Motion to approve the bills as reflected by the Claims Docket and approved by the Court carried. *Motion to apply the Grant Check from the State Historical Committee in the amount of \$26,226.00 to the warrant at the bank carried. *Motion to accept the cheese that has been allotted to Donley County and that same be distributed according to regulations carried. *Motion to appoint Mrs. Bessie Fitcher to serve on

the grievance committee carried and to accept the resignation presented by Lois Morris from the Committee. *Motion to approve the monthly (June) reports presented by County Clerk, County Judge, County Treasurer, Tax Assessor-Collector, Sheriff, Justice of the Peace Prec. 2 & 3 carried. *Forrest Sawyer visited the Court and expressed his disappointment in the Commissioners' Court over the road that runs along the west side of the E.W. Kent Farm. *Motion to recess until later date carried. The Hon. Commissioners' Court met in a special called session on the 20th day of July, 1982 at 9:00 a.m., with the following members present: W.R. Christal, Judge; Claude Moore, Com. Prec. 2; Wm. Chamberlain, Com. Prec. 4 and P.C. Messer, County Clerk and Ex-officio clerk of the Commissioners' Court. The following business was transacted: *Motion to pay Teletype Claim on Jail and forward all bills to Rascal Milgo carried. *Motion to recess until later date carried.

Virus disease warning issued

A non-fatal virus disease affecting cattle, horses, and swine has been reported in New Mexico and three other states. Texas Animal Health Commission officials are alerting livestock producers in this state to be on the alert

Heat stress during the summer can cause an 8-15 percent drop in production in Southern states, resulting in an estimated \$20 million loss to poultry producers each year.

A SIMPLE, THERMOSIPHONING SOLAR WATER HEATER

Researchers at THE MOTHER EARTH NEWS designed this simple water-heating setup which circulates through the courtesy of an everyday physical phenomenon: Heated fluids rise because their lower density reduces the influence of the force of gravity per unit of volume. Hence, circulation occurs when cold water in the system falls from the storage tank (which sits about two feet above the top of the collector) ... at the same time, water inside the suncatcher is heated and tends to rise back toward the storage tank. The imbalance in densities (and therefore in gravitational attraction) forms a complete convective loop.

Because the "pump" of the thermosiphon arrangement is the heat of the sun itself, the intensity of that radiation regulates the volume of flow through the pipes. In fact, when the sun stops shining on the collector, the system is effectively shut off.

Though the concept of thermosiphoning is elegantly simple, there are a few basic rules to follow when designing such a collector.

First, the convective loop will work properly only if the bottom of the storage tank is at least a foot and a half above the top of the collector. Furthermore, the cold line from the storage tank to the collector should exit at the bottom of the tank, and the hot return must enter near the top. The cold line, however, shouldn't be placed in such a way that its effective head (or drop) will be less than that of the hot water return.

Thermosiphon systems need to be built with generously sized tubing to reduce pipe friction. Depending on the distance between the collector and the storage tank, then, the pipes should be at least 3/4" in diameter, and 1" would be preferable. (All pipes must be thoroughly and equally insulated.) In addition, the feed and return lines should be pitched evenly from the collector to the tank (without any significant dips that could catch air bubbles).

Finally, if you're going to construct a collector similar to the one shown here, either the unit should have its headers built in at a slight angle, or the entire collector must be tilted (about 5° of rise toward the hot water outlet side should work out well).

The box we constructed at MOTHER'S research center is 41" wide and 48" high. The collector frame is made from a half-sheet of 1/2" CDX plywood ... a half-sheet of 3/4" polyisocyanurate insulation ... a 2 X 4 X 8' cut in two, with the ends of each piece trimmed to a 3-1/2" radius (as shown in the drawing) and 1/2" holes drilled on 5-7/8" centers down its length ... a 4-foot-square piece of fiberglass-reinforced plastic glazing ... a 1 X 2 X 8' to be divided into side pieces to which the glazing can be screwed ... foil tape ... and miscellaneous screws.

We plumbed the unit with seven 52" lengths of 1/2" copper tubing, and connected those tubes to 52"-long 3/4" headers. The 3/4" pipes were cut into approximately 5" sections and then sweated together, using 1/2" to 3/4" copper tees.

Either 5-1/2" X 5-1/2" sheets of 0.010"-thick copper (about 12 square feet altogether) ... or twice as many like-sized sections of 0.010"-thick aluminum printing plates (used, low-cost or free, from your local offset printer ... for a total of about 24 square feet) can be used for heat-absorber plates. In either case, the plates should have grooves pressed into them (using the fin press described in free Reprint No. 1101 ... see ordering information below), but the copper is sweated to the 1/2" tubes, while the aluminum sheets are sandwiched around them and then simply stapled together.

For FREE additional information on solar water heaters and on THE MOTHER EARTH NEWS magazine, send your name and address and ask for Reprint No. 1611, "A Portable Solar Water Heater." Mail to Doing MORE With LESS!, P.O. Box 70, Hendersonville, N.C. 28791. Copyright 1982 THE MOTHER EARTH NEWS, Inc.

Notice To All Persons Having Claims Against The Estate of Harriot E. Kunz, Deceased.

Notice is hereby given that original letters testamentary were issued on the Estate of Harriot E. Kunz, deceased, No. 2195, now pending in the County Court of Donley County, Texas, on August 23, 1982, to John Halbert Egerton, whose residence is Quay County, New Mexico, and who has appointed Michael R. Sanders of P. O. Drawer 580, Clarendon Texas 79226, to serve as his registered agent.

All persons having claims against said estate now being administered are hereby required to present them within the time and in the manner prescribed by law. Dated August 23, 1982. Michael R. Sanders, Registered Agent

The Gabie Betts Burton library is taking applications for a full time librarian. The salary is competitive with other clerical local jobs. The applicant should have completed 30 semester hours at an accredited college or university and/or one year's experience in a library in the past five years. Applications may be picked up at City Hall before September 1.

On the water

WITH TOM MASTERS

Old vs. New Outboards

People are fond of saying that they don't make 'em like they used to.

This may be true in many cases, but the people at Evinrude Motors say they have the documentation to show that, in the case of their new 7.5-horsepower outboard, it just ain't so.

Engineers compared a new 7.5-horsepower Evinrude with outboard models made in 1951 and 1955. Here are some of the results of their tests.

• The 1980 outboard was five mph faster with a one-man load than the 1951 model.

• Compared to both older motors, the fuel economy of the newer outboard was from 45 to 140 percent better at different speeds.

• At top speed the newest outboard was more than twice as fast as the 1951 model.

• Acceleration, the newest outboard was 61.5 percent faster over a 100-yard course than the '51 model.

Indeed, some things aren't built like they used to be. In the case of the Evinrude 7.5-horsepower outboard, they're better.

"On The Water" would welcome some practical boating tips from you powerboaters and sailors out there. Write me at P.O. Box 19890, Milwaukee, WI 53219.

Tach Saves Fuel

To save on boating fuel, here's a timely tip from Jim Kedley, marketing director for OMC Parts & Accessories. "Get a tachometer," says Kedley, "because it will tell you two important things. It tells you if your boat motor is tuned up and running efficiently. And, two, it helps you determine the most economical cruising speed. Both ways help save fuel. OMC recently unveiled the 'Quartach', a digital tachometer which Kedley says is the most accurate tachometer on the market.

Party is over for unlicensed bingo games

State Comptroller Bob Bullock said today the party is over for unlicensed bingo games in Texas.

"Turn out the lights and throw away the numbers, Bullock said. "If voters in your area haven't approved legal bingo and you haven't got a license to conduct your game, then we're looking for you."

Bullock said the state's new Bingo Enabling Act, which took effect last November, gave voters in every Texas community three chances to petition their local governments to have an election this year.

"Their last chance was last Saturday. We have given them seven months grace to some games in this state, making sure they had every chance the law allows to get legal. We intended to file gaming charges against those who have not fully complied with the law. We will be working with local law enforcement authorities and the Attorney General and we will also be checking to see if there are other back taxes these illegal games might owe," Bullock said.

George Garland, director of the Comptroller's Bingo Regulation Division, said allowing unlicensed games to continue would be unfair to groups and organizations who "went to the trouble of getting their petition signed, calling an election, getting licenses and doing things the right way."

Garland pointed out that because 1982 is a general election year, voters will not have the opportunity to vote on the bingo question in November, as they could in any other year.

"This is one of the problems with the bingo law," Garland said. "There are some others and some provisions that need to be changed. Some people think that we made all this up and that they should be able to just go back to playing illegal bingo the way they used to. We tell them we're only doing what the Legislature told us to do when they passed this law. If they want to change the law, we tell them to go back to the legislature."

Texas destined to be second largest state in nation by 1990

COLLEGE STATION — Texas is now the fastest growing state, says a census analyst who predicts that by 1990 the Lone Star State will be the second largest state in the nation.

Dr. Robert L. Skrabanek, a Texas A&M University sociologist and demographer, compares Texas to a "giant human magnet pulling people from all regions of the country."

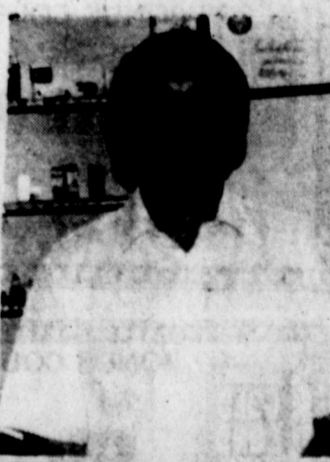

"During the 15 month period ending July 1, 1981, Texas added more people than all the 22 northern states put together," said Skrabanek, "and for the first time, Texas had a larger growth rate in percentage and in number of people than the nation's most populated state, California."

FULL MOON PHENOMENON?
Many factors are known to affect the ways medicines work in our bodies. Recent research has uncovered an unusual finding. It seems that the effects of some medicines may be altered by the phase of the moon.
Policemen and emergency room workers have long felt that aggressive behavior and physical reactions occur more frequently during full moons. Indeed, Dr. Ralph Morris at the University of Illinois has shown that during full moons, there are increases in hormone activity, heart rate, blood pressure, hair growth, metabolism, and anxiety.
Researchers at the University of Illinois have shown that morphine relieves pain in test animals 67% of the time during full moons, but only 52% of the time during new moons. Interestingly, angina attacks occur 64% of the time during full moons, but only 36% of the time during new moons.
We should be aware that external factors can influence the way medicines affect our bodies. If unusual problems occur while taking any medication, it is best to report such to your pharmacist or physician.

TV and Your Child

Tips From TSTA

The Texas State Teachers Association-partners in your child's education—cautions parents to be alert to

children's television viewing habits. Here is the final part of a four part series on "Television and Your

Happy Birthday
TONY FLOYD

TV—Keeping It Under Control

Children who watch TV late at night often don't do their homework, are sleepy in school the next day and have a shorter attention span. Reading skills do not develop when the child watches TV excessively instead of reading. Children who don't play with friends haven't learned the social skills necessary for classroom interaction. Two or more TV sets split families. Family life is sacrificed.

Television does not have to be watched all the time. Here are a few things that can be done instead. There are many alternatives.

Parents should read to children, or encourage them to read for the same amount of time they watch TV.

Children must be encouraged to finish homework before watching TV. Parents may plan enjoyable mental and physical activities both indoors and outdoors.

Television should never be used as a babysitter. Instead, help your children learn to entertain themselves.

Avoid excessive or violent TV viewing in your home, and remember... there's another choice, turn the set off!

Television isn't all good or all bad. It can help or hurt your child—depending on how you choose to use it.

The goals of TSTA are to encourage better, more selective TV use by children and youth in Texas and to encourage broadcasters to provide more quality programs for the young audiences.

TSTA encourages parents to be involved, interested and concerned because the more teachers and parents work together, the more we'll help our children.

When your parents grow older, they try to hide things from you.

On our last Sunday visit to mother and daddy's he insisted I take a ride in his little new Datsun pickup. "Hop in," he said. "I want to show you how she rides." He revved the motor to a sharp pitch, stripped the floor shift into reverse, backed over a curb and we lurched onto the highway. I don't rightly know how "she rode" because I was too busy trying to grasp something stationary while he seemed to pick numbers off people's license plates.

"This little booger'll whip the gas prices for me," he said proudly. "You can get behind a semi and it'll suck you down the road."

When we got back to the house I thanked the good Lord and trembled in on weak knees. "Mother, he'll kill somebody," I said. He heard me and said he'd never had a wreck, didn't aim to have a wreck, and if anyone ever tried to take his license away from him, he'd buy an airplane. He got so carried away with himself as a careful driver that mother called his hand. "Well, you didn't do such a hot job of it last week when we were in Wichita Falls when you ran that redlight."

He said he didn't run the light. Mother said he sure squeezed the pink out of it and gave her version of the incident. "He had me trying to find an ad in the newspaper so he could save a couple of dollars on a saw. When I glanced up and saw that light he was going right through—lickety split!

"PERCY!" I yelled. "STOP!" Not once did he touch the brake, just threw her in reverse and bumped the car behind us who bumped the car behind him who was a cop.

On top of everything else wild and wonderful daddy is color blind and mother has always watched the signal lights for him, which daddy says wouldn't present a problem if they'd left 'em like he learned 'em instead of playing 'em on a telephone pole in a mess of neon signs at the side of the road that

reads: EAT-AT-NAPOLEON'S, CALL-FOR-RESERVATIONS-FOR-YOUR-PARTY, TURN-RIGHT-AT-THE-NEXT-EXIT, DOCTOR GET-ALL-YOUR-BUCKS-CLINIC. "If

you could see colors you couldn't see 'em in that mess," he defends himself. "Besides, I never run it. Didn't even get a ticket."

Mother went on. "What did he do? Why, he popped out of the car and flat shouted at the patrolman. 'I'm sorry, sir, but I'm color blind and my wife was reading the newspaper!'"

Daddy laughed out loud at the way mother looked. "Tell her what the cop said, mama."

Mother sniffed and pulled one side of her lip in with her teeth. "I'll tell you what he said. 'Mrs. Ratliff, don't be reading the paper while your husband is driving.' That made me so mad. I said, 'I'll do better than that! I'll DO the driving!'"

By this time I wished I'd never brought up the sub-

ject. I don't think you should know some things. Daddy said he didn't want me worrying about them, the hitchhiker he picked up the other day didn't complain about his driving. "I reckon," he grinned, "he was too proud to have a place to

sling his guitar and whatever he had in that tow sack."

He walked us to the car when we left. I noticed one door of his little red car was bashed in. "If you've never had a wreck," I said, "what happened to Old Red?"

"Mama hit it when she backed out of the driveway," he snorted. "She can't see worth a dern."

And this is why CHILDREN go gray.

Make your money work as hard as you.

A&M biochemist says iron deficiency is worldwide problem

COLLEGE STATION — Nearly 20 percent of women in their child-bearing years exhibit some degree of iron deficiency ranging from iron depletion to anemia, warns a Texas A&M University biochemist.

Iron deficiency ranks as the most serious nutritional disease in both humans and plants today, said Dr. George Bates, and is second only to protein/calorie malnutrition in the worldwide severity of its effects.

Boiling cloves in a cup of vinegar will absorb most kitchen odors.

GRASLAN® GETS THE SHINNERY. YOU GET THE GRASS.

For decades, the rangeland of West Texas has been covered with brush troublemakers like sand shinnery. Battling these brush problems has been all uphill for ranchers. Until now.

Now, there's a totally new approach to controlling brush. It's Graslan®. From Elanco. Graslan is a pelleted, aerially-applied brush herbicide. And one application gives years of control.

Graslan. It's the new foundation of a range management program that controls sand shinnery and other West Texas troublemakers, allowing your rangeland to live up to its full potential.

For more information about how Graslan can help you win the war against brush, call the toll-free Elanco Graslan hotline:

IN AND AROUND HEDLEY

Hedley News

Hedley's mail carriers wife Mrs. Pounds is in the hospital in Memphis.

Eva Hansard is still in the hospital in Amarillo "High Plains".

The Senior Citizens still need fruit and vegetables, cantaloupe or watermelon, from any of you gardeners that might have too much.

We hope to have a good turn out Thursday for the Lion's Barbecue.

Mr. and Mrs. Gilbreth would sure appreciate any visitors, they know. The Gilbreths are still in the Memphis rest home. Also Willie Johnson.

The Country Store is open again for business and welcomes everyone.

Mr. A.J. Rowell is in the Veterans hospital in Amarillo.

Rev. and Mrs. Bob Pixley from Forgan, Oklahoma are visiting in Hedley, helping to hold a revival at the Methodist Church. Mrs. Pixley is a daughter of Mr. and Mrs. Spalding. The revival will end the night of the 25th.

Pauline Kaufman and Shorty Crawford had company from Oden, Oklahoma, sisters Norene, Kim and niece Naomi Kemp from Amarillo.

Rickie Brinson is still in the hospital in Amarillo "North West Texas".

Toni, granddaughter of Mr. and Mrs. Louie Bogue is returning to Anchorage, Alaska, to return to school, Toni will be missed by many of us.

Mr. L.R. Merchant of Amarillo and father of Darlene Ball, said to tell all his friends in Hedley hello.

Mr. and Mrs. Roy Record formerly of Hedley said to tell their friends hello and the Records spent their vacation visiting the State of Arkansas.

The blackeyed peas, okra, watermelon and cantaloupe is really producing in the Hedley area, plus peaches and the fruit stands seem to

be doing a booming business.

Mr. and Mrs. Haymond Hopper went to Oklahoma City to visit their son Jerry and his over the weekend.

Mr. and Mrs. Speed had company over the weekend, Mr. Speed's brother, Bobby Brown, from Quanah.

City Sales Tax for Aug.

State Comptroller Bob Bullock Monday sent checks totaling \$97.9 million to 967 Texas cities as their share of the one-percent city sales tax for August.

"So far, these monthly rebates of local taxes are running nearly 12 percent ahead of last year's totals," Bullock reported. "As we predicted last month, the oil glut has slowed down the pace of this growth markedly, especially in the places that were experiencing oil booms. But the general state growth rate is still strong and healthy."

Clarendon: net pay this period \$12,026.76; same period last year \$17,526.49; 1982 payments to date \$55,977.30; 1982 payment \$53,348.96 with 4.93% increase.

Hedley: net payment this year \$1,140.21; comparable payment last year \$1,026.12; 1982 payment to date \$3,492.30; 1981 payment to

date \$2,944.25 with 18.61% increase.

Howardwick: net payment this year \$343.51; comparable payment last year \$1,891.41; 1982 payment to date \$4,551.75; 1981 payment to date \$4,848.33 with 6.12%.

CHRIS SIMMONS winner of the National Soap Box Derby.

Know who makes generic products?

Each day Americans pass by thousands of products in the supermarket. Thanks to agriculture in this country, consumers enjoy the widest selection of food of any people in the world. Between the farm and supermarket, products are processed and packaged. The information found on the package concerning its contents is many times confusing to the shopper. In recent years, two innovations in packaging have occurred which can help shoppers save on the family food budget.

The universal product code and generic labeling, when used together, will inform the consumer about what company packaged the product.

Generic products are generally lower in price because of reduced packaging costs; however, many consumers are hesitant to try products because of uncertainty of product quality.

Most generic products are packaged by companies which also package the same product under a more expensive brand name.

Although there is certain information on the universal product code which can be deciphered only by a computerized system at the check out stand, there are five digits on the lower left side of the code which tells consumers who packaged a generic product. By using the universal product code shoppers can identify what company has packaged the generic brand and decide if it is a company whose product they have enjoyed under a more expensive brand name.

By matching up the first five digits on the lower left side of the universal code on generic products with the first five digits on the left side of the universal product code on national brand products, shoppers will be able to identify the packager of the generic product.

Product labeling can be very helpful to shoppers but also is costly. By using the universal product code, consumers can be better informed about what they can expect when they purchase generic or plain packaged products and thus truly enjoy high quality at lower prices.

For further information, contact Susie Breitling, Dallam County Extension Agent, POB 9376, county Courthouse, Dalhart, TX 79022.

Summer vacation is over

The summer vacation is over, and thousands of youngsters have started back to school, many of those for the first time. Last year in Texas, the pedestrian death accounted for approximately 16% of our total traffic fatalities, several of these were school age children.

So, once again we will be seeing those big yellow school buses back on the streets and highways. The Texas Department of Public Safety and Donley County Sheriff's Office wants to remind you that Texas law prohibits the passing of a stopped school bus that is loading or unloading passengers when the lights are flashing. If you are in doubt—stop—those few moments you lose may mean a lifetime to some youngster. None of us wants to be responsible for the death or injury of a young child so remember to slow down in the school zones in the mornings and again in the afternoons.

Just because most of the children will be in school, we must not forget the preschooler who will still be playing in the residential areas. Remember, slow down as you are driving through school zones, around buses, and in and around school areas. Drive as if you had a child there because someone has!

Mounting illiteracy threatens democratic process

COLLEGE STATION — A mounting illiteracy crisis threatens to create an educated elite in which fewer Americans have great influence in public policy decisions, says a university professor.

"Our country hasn't really begun to cope with the illiteracy problem," said Dr. David Stewart, professor and head of Texas A&M University's English Department, "yet a person can't develop very far in this kind of high-tech society without skillful reading abilities."

"As the percentage of educated people shrinks, more and more of the uneducated will be excluded from public policy decision-making," he said. "This threatens democratic procedures."

Stewart said while more Americans are literate today than ever before, the number of illiterates is also larger and growing more rapidly. Today, 23 million Americans — one in five adults — are functionally illiterate, or haven't acquired reading and writing skills necessary for daily living. More than a third of the adults haven't finished high school and 13 percent of those who graduate only obtain the language skills of a normal sixth grader.

MELODY MOREMAN (2nd from l.) participated in All-American Hereford Expo in Des Moines, IA. This group won second place in the talent contest.
