

## Al Morrah Shrine Club project

This year, the Al Morrah Shrine Club of Clarendon has had a beautiful collectors item donated as it's fund raising project for the Crippled Children and Burns Hospitals. There are seven Case brand knives in a beautiful display frame, a collectors value of \$350.00. Your donation of \$1 will get you a ticket for the July 4th drawing of this prized collection.

Many people have ques-

tions about the fund raising project. "What is the cost to the Shriners for this project?" The knife collection was donated, cost free to the club. The tickets

were donated, cost free to the club. All of the beautiful color photos were donated

both the printing, developing and time involved, cost free to the club. The only "cost"

to the Shriners Club is the giving of their time for this loving project.

"How much of the money does this club get to keep from the donations?" Since everything has been donated, not one penny, not one cent stays in Clarendon. ALL of the money, 100% of the collected donations goes to the Crippled Children and Burn Institute Hospitals for the help, benefit and care of

those tiny children who suffer so greatly from their afflictions. This is not a money raising project to help the local club. It is a TOTAL donation to those who are in need, whose suffering can only be eliminated by the money sent for their treatment and care; the children. "Why do you do it if you don't get money for it?" That answer is simple to a Shriner: the joy of giving to a child

is of more value than any earthly riches or acclaim or possession could ever be. A child who has no hope of

walking except for someone who cares enough to give. A child so horribly burned that the chances of recovery in a regular local hospital are minimal but who could eventually be healed and live a normal life in the Burns Institute. That is the reward to these men; the sure knowledge that all they do will bring a smile to a child as they take a first step, or the incredible joy a mother has when her burned child returns to the family healed.

"What can members of our area do to help?" The dollar donation will go toward bringing each individual in our area the same thrill to the heart that a Shriner receives when they work to help these children. The support and help the people living in this area have given so far has been tremendous. Without your support, love, concern and caring spirits, we cannot function and do what we need to help these children. "What is your goal this year?" To earn \$10,000 or more for the children. A man never stands so tall as when he stoops to help a child.

If a red check appears by your name your paper has expired. Subscription rates for Donley County \$9.00 outside of County \$12.00. Mail Box 1110, Clarendon, Tex-- 79226.

## Deadline for voter registration April 1

It's no joke and nothing to joke about, voter registration deadline is Thursday, April 1. If you have not registered to vote by Thursday, April 1, you will NOT be allowed to vote in the upcoming primary elections nor in the final elections.

You MUST register to vote. Consider how prized and valued a privilege voting is to the people of El Salvador. They have braved threats upon their lives for the democratic right to vote. Yet thousands of Americans do not exercise their right to vote. Yet thousands of Americans do not exercise

their right at all. Don't be apathetic, lazy or forgetful.. register to vote and then VOTE!

## Absentee voting to begin

P.C. Messer and Mary Cook have announced that the first day to absentee vote for the upcoming Democrat primary will be April 12 and will continue until April 27. You MUST be registered to vote before you can absentee vote. Take care of that important step immediately.

Write .. in Candiate in Howardwick

Bert Payne has thrown his hat in the ring for Alderman in Howardwick. Bert has quite a background of different phases of Municipal Government. After retirement from a large Sheriff's Office, he managed his own Real Estate office. He also held a position of Assistant Manager of a large branch office of Crocker National Bank. This gives him managerial skills, budgeting skills along with financial skills. If elected, he will not only help to manage the City on a day-to-day basis, but

will begin to make plans for future growth.

As in all cities, money is a problem-however, if plans are inaugurated now-the future should be well ready for any and all eventualities. Bert says..write in-BERT PAYNE..

**Rained Out!!**

Our Baseball try outs and clean up day for the Clarendon Baseball and softball program was rained out last Saturday. Lets hope for pretty weather this Saturday, April 3rd, because come rain or shine we MUST have our program fully organized by then. All boys and girls in our Baseball program be at the field this Saturday at 9 a.m. sharp. We will start promptly at 9 a.m. so that each coach can get his team off for the try outs.

Since our Little League and Senior League are only allowed 15 kids on the roster, there will have to be try outs to see who remains on the teams. The younger kids on Little League who are cut can play in the Pee Wee program and the Pee Wee program is not limited as to the number that can play. As you will notice, we have about 18 kids presently on each of the Little League teams before try outs. That number will have to be cut back to 15. Also remember that we must have an application filled out on each child in order for them to play. These can be picked up from Tom Harguess.

## A Moment for Meditation

"Wilt thou not revive us again that thy people may rejoice in thee?" Psalms 85:6.  
BY INEZ LAWRENCE

According to the church news of the area, it seems that most every church has scheduled a time for revival during the spring. This is a good thing, for revivals have been with us since Old Testament days. They have always been invigorating for the whole christian community. This is because they tend to renew our spirits after months of inertia or indifference to the main goal of the church. It is so easy to get caught on the treadmill of living and coping that we need certain weeks of renewal to bring us back to basic matters of life.

Even nature needs a renewal time each spring after the cold dormant winter months. New flowers, fresh grass, budding trees, spring rains, all these give us a lift

physically. The churches are trying to do the same thing for our spirits. They call us to prayer that will clean out the rubbish we have allowed to gather. They ask us to minister to neighbors who need us but whom we have neglected. They ask us to assemble as a body to praise, pray and encourage one another. It is all a means of spiritual renewal and a great opportunity to bolster a sagging faith.

A survey was taken recently and 75% of the christians polled said their conversion started in a revival the church sponsored.

The Psalmist had the key when he asked for revival in order that the people might rejoice in the Lord. He believed happiness is a by-product of revival; that renewal in our spirits of our place in God's world is most important. Yes, spring is a time for both physical and spiritual revival. More power to the churches that under-

stand this and provide a refreshing time this spring for their people.

**KATIE DVORAK**  
Easter is April 11. That means, you need to get going with your Easter egg coloring and Easter baking. How about a little history on the Easter Egg? Ok, since you asked, the egg has always been a symbol of re-birth since it is supposed that it is dead until it cracks and brings forth the chick. Of course, that isn't true, but that is the tradition. The bunny was a symbol of one of the ancient goddesses of fertility. As you can imagine. So, ever since ancient days of the Greeks, the Easter Bunny and Easter egg have been symbols of spring. Christians adopted those symbols as well. In fact, in the beginning gold-foiled eggs, or hollowed painted egg shells were given as gifts to those held in esteem by the giver, as a sign of affection and hope for a good spring and as a sign of the Resurrection of Christ. In this manner, their Christian beliefs could be spread unobtrusively using the pagan rites as a cover.

**MAPLE FONDANT EASTER EGGS**  
1 16 oz pkg powdered sugar  
1/4 C oleo, softened  
1/4 tsp salt  
1/3 C maple flavored syrup  
5 to 6 drops red or green food coloring  
chocolate coating  
1 6 oz pkg (1 Cup) semi-sweet chocolate pieces  
1 TBS vegetable shortening  
For fondant, combine sugar, oleo and salt in medium bowl. Beat at low speed on mixer 1 minute or until blended. Combine syrup and food coloring, stir into sugar mix. Knead mix on unfloured surface 2 to 3 minutes or until smooth and satiny. Shape to form 1 to 1 1/4 inch balls; continue shaping balls into eggs. Place on wax paper-lined cookie sheet; refrigerate several hours or until firm.  
For chocolate coating, melt chocolate and shortening in 1 qt. saucepan over low, stirring occasionally until smooth. Cool 10 minutes. Swirl each egg through

chocolate coating thoroughly. Return to cookie sheet, chill until chocolate is set. Store in refrigerator. Makes about 3 dozen candies.

Easter breakfast can be a quick, special treat as well.

**SIZZLIN WRAP-UPS**  
12 strips Sizzlean  
6 chicken livers  
Partially cook breakfast strips over low 5 minutes. Turn once. Drain. Cut livers into halves. Roll each piece in one strip. Secure with toothpick. Place on baking pan. Bake in 375 oven for 25 minutes, turning once.

**BAKED APPLES**  
6 large baking apples  
1/4 C brown sugar  
1/4 tsp cinnamon  
1/4 tsp grated lemon peel  
1/4 C raisins  
6 tsp oleo  
Core apples to within 1/2 inch bottom. Pare strip of peel from top ends. Combine sugar, cinnamon, lemon peel and raisins. Fill apple centers with mix. Put 1 tsp oleo atop each apple. Bake apples in shallow baking dish in 375 oven for 45 minutes to 60 minutes. Serve plain or with cream.  
Serve both with scrambled eggs for a quick, delightful breakfast.

**ASCS acreage reduction program**  
F.W. Crouch, Jr., Field Operations Office Director for Federal Crop Insurance Corporation announced that farmers in the State of Texas who have already reported their acreage of All-Risk Crop insured barley, oats, and wheat for 1982 Crop Year can adjust that report if they participate in the ASCS Acreage Reduction Program. "Producers who have questions concerning that program should contact their ASCS office," continued Crouch. "Insured producers who choose to participate in the Acreage Reduction Program through ASCS can reduce their crop insurance premium liability by reporting the acreage reduction to their All-Risk Crop Insurance agent no later than April 16, 1982. Producers who do not have their acreage reports revised will be obligated for the premium established by their original acreage report."

**Joe McMurry celebrates 88th birthday**

Joe McMurry celebrated his 88th birthday last Wednesday afternoon. Joe was born in Archer City March 24, 1894. Mr. and Mrs. McMurry married in 1919. The niece (Lavern) and nephew (Alfred) of Mr. McMurry sent him a beautiful cake, baked by Ruby Bromlev, and flowers and a beautiful basket of fruit. All the residents that were able to attend were present. The singing group came and sang beautiful songs for entertainment. Mrs. Oddie Moss, Rosa Lee Watson, Becky Phillips, Frank Reid and F.O. Hodge sang. All present were served cake and punch.

**Rain Report**

Folks in this area can be mightily grateful that the human race isn't as unpredictable and contrary as the weather has been lately. From sunny summer days to winter freeze and back to sunny summer in as many days. Ashtola reported 40/100 from Horace Green's two rain gauges. Windy Valley reported 4/10 at the Lacy Lee Noble place. Shields Circle S Oil reported between 70/100 and 1 inch at Lelia Lake. All of it was welcome.

**Pony express comes to Clarendon**

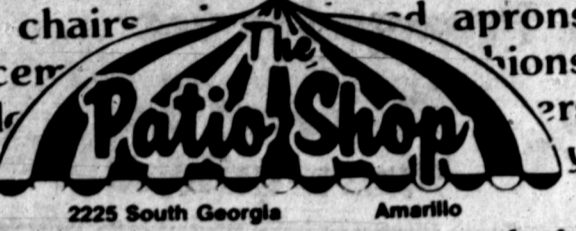

The Pony Express is coming to the First United Methodist Church in Clarendon. This highly successful stewardship program officially got underway Sunday, March 28th with a

great platters of sausage, bacon and creamy eggs accompanied by hot biscuits with butter, jams and jellies. Plenty of hot coffee and orange juice completed the meal. Approximately 40 persons were served. Following the meal, Gene White, General Manager of the campaign passed out the saddle bags to his station agents; Naomi Phelan, Nova Mooring, Pat Archuleta and Margaret Wells. Working under the station agents are 20 persons with the title of Trail Boss.

Gene White explained the Pony Express plan which is styled after the famous Pony Express relay system used more than a century ago. The main object of the PX is to obtain an estimate of giving by the church members during the coming year. With this summary report the

finance committee is able to plan a realistic budget for the coming year. Much of the preliminary planning and work on this program was handled by Phoebe Ann Burin, Mail Clerk, Willard Skelton, Finance Chairman and Shirley Clifford, Publicity Chairman. At the completion of the PX program, Gene White will make a report to the congregation and Rev. Bill Watson will present certificates of appreciation to the key workers.

March 17, St. Patrick's Day was celebrated with everyone receiving a Shamrock as they came to play Bingo. That afternoon, we had a party in the dining room. Everyone received a cup of candy, after visiting the end of the rainbow, and everyone received their fortune, and kissed the Blarney Stone for good luck. Of course, everyone had to promise not to catch a Leprechaun. All March Birthdays were recognized. Each one was

served lime green sherbert punch and green lime mints from the beautiful table. The table was covered with a table cloth full of Shamrocks, St. Patrick's hats, a beautiful rainbow, the Blarney Stone and a log full of flowers and at the end of the table was the Wishing Well. All reported having a good time.

**Brownie Cookie Sale nets \$156**

Troop 120 made about \$156 profit this year thanks to all you nice people who bought from the first grade Brownies. This money will partly go for a Spring Skating and Pizza or Burger or Taco party. Each girl will receive a surprise Brownie gift at the end of the school year. Also, there are lots of patches that will be bought. Instead of spending all of the money, Leader Jondel Moffett hopes to save some to start the troop out with next year. Jondel likes to start first grade Brownies off in Girl

Scouting, then give them a Leader in the second grade who is one of their mothers so she can take them on up through Scouts. Any mother of a Brownie can be a leader if she wants to contribute her time and energy to this worthwhile organization. We can also use any parent or grandparent or volunteer to help. All of our volunteers are special people we hope they know we couldn't do it without them. Girls receiving Cookie awards in Brownie Troop 120 are:

Brownies	sold	patches	Daisy Dollars
Kim Altman	36 pkg.	1	2
Claire Boston	36 pkg.	1	2
Dottie Bryant	36 pkg.	1	2

Misti Seago	36 pkg.	1	2
Tracy Shadle	60 pkg.	2	6

Each Brownie will also get a gold star patch if her troop leader takes cookie training and turns in her troop cookie money on time.

**Brownie Troop 29**

Leader Teresa Watson and Assistant Jondel Moffett report that this second grade troop has a cookie sale profit of \$207.00. This may seem like a lot of money, but there are a lot of good projects that have to be paid for. Each Brownie pays weekly dues of only 25c for patches, service projects, crafts, etc. Refreshments are furnished by each parent and the leader herself. Brownies enjoy a party at the end of the school year, paid for with the cookie profit and each girl gets a Brownie surprise gift. Here is a report of Troop 29 sales, patches and Daisy Dollars (incentives paid for by our council):

**City sales tax for March**

State Comptroller Bob Bullock Monday sent checks totaling \$48.9 million to 962 cities as their share of the one-percent city sales tax for March. The payment is the largest representing a single month's tax collections ever distributed—29 percent over the same period in 1981. This record payment, reflecting taxable sales made by Texas businesses in January, is the second record payment in two months, but Bullock added a note of caution.

"Record sales can be one indicator of good times, but they are not an indicator of profit margins. These taxes are based on sales price or market value. True, Texans are spending more but these figures don't tell us what the merchants or suppliers or manufacturers are having to pay for the good they buy." City sales tax for Clarendon was \$5,740.61 down 9.93%; Howardwick was \$1,094.03 down 39.78%; Hedley was \$0.00 up 5.49%.

X-rays of the Mona Lisa show that there are three completely different versions of the subject, all painted by Leonardo da Vinci, beneath the final portrait.

**Ball Game Rules**

THE FOLLOWING WILL BE STRICT RULES GOVERNING OUR COACHES AND KIDS. Any infraction of these rules will result in dismissal of the coach or dismissal of the child from the baseball program. Please don't force us to act against you or your child because of this.

1. NO profanity of any kind.
2. NO excessive screaming at a child.
3. NO hitting of a child in practice or elsewhere related to our baseball program.
4. NO use of alcoholic beverages of any kind, either during a practice, or a game, or while in transit to and from games in your car.
5. NO questionable activity in regard to loose morals.

**Control nematodes in gardens**

If the roots of your garden plants are damaged or appear to be decaying, you may have a nematode problem, says Ronnie Gooch, Donley County Extension Agent. Nematodes are microscopic, worm-like animals that feed on plant roots. Damaged plants have decayed spots and stubby roots or enlarged root tips. While several types of nematodes can infest a garden, the root knot nematode is the most damaging. Plants infested with root knot nematodes will have galls or swellings on their roots, they are usually stunted and yellow in color and may die prematurely. Using nematode-resistant varieties of plants helps, as does rotating crops of corn, onions and garlic, Gooch says.

While controlling nematodes by chemical means is not always effective, Gooch does recommend one method. Apply Vapam with a hose-on sprayer at the rate of one quart per 100 square feet of ground area. Then immediately wash the chemical into the soil with a one-half inch application of water. Soak the treated area twice during the next 48 hours and then leave it alone for seven days before tilling. Wait at least two weeks after applying Vapam before planting. If the temperature is high, additional watering may be needed to keep the soil below 90 for the chemical to be effective. The best method of controlling nematodes in your garden is to never let them get started.

General Motors, its salaried employees, suppliers and Chamberlain Motor Company have teamed together in an unprecedented program to pass along cost savings on various "1981" and "1982" new cars to retail car and truck buyers in the U.S.

General Motors will pay an allowance by check to the customer after the sale, or if preferred, the allowance may be applied to the down payment.

## FISH TALES

### Katie Dvorak

Crappies have begun to bite is the official word from Greenbelt Lake. Depending on the area of the state, this panfish is also called "calico bass" or "white perch" or "sac-a-bait".

More crappie fall victim to the cane pole and minnow than all other angling methods combined. The schooling tendency of crappie provides the angler with almost non-stop action once a school is located.

When water temperatures warm in the spring, the spawning migration toward shallow water begins. Now is the time to watch for these migrations.

Crappie are members of the sunfish family, and are first cousins to the largemouth bass and bluegill. Two distinct species of crappie exist and both, the black and white, are found in Texas, and possibly both are found in our lake. It is very difficult to spot a white or black crappie. The blacks are only identified by counting the number of spines on their dorsal fins; black have 7 or 8 and white crappie have 6. You could, therefore, catch a white looking fish with 7 or 8 dorsal fin spines and your white fish would be, in reality, a black crappie! This is a tough question, but they both taste alike.

Black crappie spawn slightly before white crappie in the spring. This could be what folks are catching in the lake now. White crappie do not begin spawning until water temperatures reach 65 or 70 degrees. This difference in peak spawning periods probably serves to reduce the incidence of hybridization.

Both species build nests in water from one to eight feet deep, usually in gravel or on hard bottom. If these types of bottoms are not readily available, tree roots and submerged vegetation may serve as spawning sites.

Mooring reports some crappie activity Saturday, but no one was out on the cold, windy lake Sunday. Walleye have been showing up at the end of lines and the big bet is trot line catfish.

## Wife in Bath wins third place

Jean Stavenhagen directed her drama class in a comedy production entitled "Wife in Bath". The school rented some very colorful costumes for the production, and, with the help of Sue Thompson, created some very clever effects.

Kelli Hardin appeared first as an old crone, well stuffed with pillows and wearing a most unusual "designer gown". Later, however, she appeared as queen and showed her versatility in characterization with her lordly look of disdain down her lordly nose.

Spencer Hayes played the court jester as cleverly as he plays the school jester. His cute red tights showed off his well turned legs to their advantage. He was quite delightful, bouncing all over the stage.

Angela Klmmert spoke a little too quickly and with such a soft voice it was a little difficult to catch all of the pathos she projected in those wide, innocent eyes. She wore her doilie with great aplomb.

Brad Thompson, our hero, looked so sweet and pure as the driven snow in his purple tights and fake fur vest and Disneyland Hat. His voice could have had a little more despair and frustration in it, but perhaps his shoes were too tight?

Sulyn Ariola carried her head gear and Texas accent across the stage with great courage.

Vanessa Calloway was the best "faller-downer" Clarendon High has ever seen. Coach Howell is mighty glad that her expertise as Lady Stumble doesn't carry over to the basketball court.

Melody Moreman looked stunning in her purple gown. She used her face to greatly enhance her lines, and she did use vocal variety to help smooth over her West Texas accent that all but choked some of the lines. She would be a super-wicked witch in "Snow White".

Scott Newland looked like a combination of Jeff Walker with a beard, Burl Ives without all the weight and Charlie Chan without the oriental accent! He was an excellent wizard and carried himself and that giant hat gracefully from pun laden line to pun laden line.

Bryan Leeper brought the only laughs from the critical UIL audience with his "eloquent speeches mixed with his swift and graceful movements across the stage".

Karen Alderson played an old crone. Her clever giggle and her excellent make-up and costume combined with the fantastic hair style made her the life of the party. Karen certainly had fun with her role.

The play was chosen as third place or alternate, by a Judge from Texas Tech University. First place went to an excellent story, "Pinocchio" from Wellington and second to "Rest in Peace" from Canadian.

Chosen to All-Star Cast

were Scott Newland and Kelli Hardin. Selected as honorable mention were Karen Alderson and Spencer Hayes.

Congratulations cast!

## LETTER TO THE VOTERS

We would like to take a moment to recommend Mary Ann Slavin for school trustee. We have found Mary Ann to be a very capable and honest business partner. The voters have an opportunity to place an intelligent, independent and concerned voice on the school board to represent their interest. We are very proud of Mary Ann and feel she is an outstanding addition to our community, business and family.

Thank You

## Hedley city ballot uncontested

There are no tight fights for the Hedley election because none of the candidates have any dual places.

For Mayor, Don Springer. For the three City Councilmen slots, Jon Leggett, Shauna Monroe and V.C. (Bill) Waddell.

The Hedley School Board election, however, will be a contest. Incumbent Billy Clubb will vie for three others for one of the two vacant places. Opponents are Ronnie Hill, S.A. Younger, and Cheryl Wiggins. This is important that you vote in this election to determine who among the four will win one of the two places on the School Board. Hedley, get out and VOTE!

## DPS Candidate rules change

Colonel Jim Adams, Department of Public Safety director, announced that "effective with the June recruit class, DPS trooper candidates may substitute law enforcement-related experience for the current educational requirement of 60 college hours. Thus, applicants with two years of commissioned law enforcement experience or two years of honorable active military service would be eligible for a waiver of the two-year college requirement. Likewise, one year of such qualifying experience could be substituted for one year of college work.

Colonel Adams said the DPS hopes to recruit 268 new troopers this year, including the 92 who presently are in training.

BY BEV PAYNE

The Howardwick Friendship Club sponsored a Candidate Pie Supper last Friday, March 26th. It was a roaring success! 27 pies were auctioned off for a total of \$423.50. Candidates present for a short campaign speech were incumbent for County Clerk, P.C. Messer, incumbent for County Treasurer, Freida Gray, candidates for County Judge, incumbent Billie Christal and candidate Truett Behrens, candidates for Justice of the Peace W.W. (Bud) Lovelady and Allie Mae Maxey. Also present were County Commissioner candidates for Precinct 2, C.W. (Dude) Cornell and Bobb Kidd and School Board Candidate, Mary Ann Slavin. Our own City Alderman candidates present were H.L. Tipton, Neal Mann, Leon May, Ray Green and write-in candidate Bert Payne. Alderman candidate Charles Boren is in the hospital, so Lawrence Whitehead spoke for him. This was a great opportunity to get to shake the candidates hands and hear from them, not to mention a great time for eating that scrumptious pie. Thank you to our ladies of Howardwick for baking the pies. Property owners of Howardwick take notice!! It is unlawful to burn weeds on your property without securing permission from the Howardwick Fire Marshal, Mr. John Nazworth. Please protect the safety and beauty of our city. Elizabeth Maxy is recuperating from major surgery at M.D. Anderson Hospital. She would appreciate any cards or letters. Her stay will last about 6 weeks. Send mail to M.D. Anderson Hospital, Mrs. Elizabeth Maxy, 6723 Bertner, Houston, TX 77025. Mr. Charles Boren came home from the hospital at noon Monday and is doing fine. Mr. Dick Rogers is also recuperating from surgery at home. He is doing well. Mrs. Bea Roger's sister is in the hospital in Forest City, with pneumonia, she is doing better. Mother of Lynn Cherry and Grandmother of Debbie Hamilton, Mrs. Eda Mae Cherry of Hedley, is in the Memphis Hospital.

### Mormons

believe that

Jesus visited

America after

His

resurrection

LDS people believe that the people living in the western hemisphere were the "other sheep", that Jesus was going to visit when He said: "...other sheep I have, which are not of this fold; them also I must bring, and they shall hear my voice; and there shall be one fold and one shepherd" (John 10:16).

This visit of Jesus Christ to America is recorded in The Book of Mormon.

Margaret Petit, Larinda Petit Bert Payne and Kevin Payne have all been under the weather with the flu. You all get well.

Our own Debbie Hamilton has been selected to compete in the State Competition for the PBL Clubs. Mrs. Hamilton is Secretary of the Clarendon College PBL Club. She will compete in the "Future Mrs. Business Executive" event. There will be 10 other students competing from Clarendon College. The Event will be held at Marshall on April 2nd, 1982. Winners will receive a plaque for their college and be eligible to go on to national competition in Indianapolis, Indiana. Good Luck Debbie!

Our Debbie Payne has been seen very busily running about Clarendon and Howardwick getting all her advertising and sponsor money in for the Miss National Teen-Ager Pageant. She would like all the people of Howardwick to come and support her on May 14, 15 and 16 at the pageant.

Announcing our Canteen is under new management. Dean and Wanda Nazworth are the new owners with Mr. H.V. Nazworth managing. If you want a cold soda, a good meal or just a gab session, drop in and say "Howdy". Hey kids, when I was in there the other day, they were installing a creature that was tall, narrow, made funny noises and had buttons and handles with moving pictures on a screen. I think they call it an electronic game. Remember every Saturday night at 8 p.m. the Howardwick Lions Club sponsors Bingo. Come on up and join us.

We would like to welcome new residents, Mr. and Mrs. T.W. Swain. They were residents here before and just couldn't stay away. (smile) Glad to have you back.

BABYSITTING? That's what Leon and Mabel May are doing in Plainview with their grandchildren this week. Happy Birthday to our B.J. Hamilton. He will be a big 3 years old on April 1st, 1982.

### Candidate Rally at Leira Lake

Leira Lake will host a candidate pie supper and rally April 17 at 7:30 p.m. in the Leira Lake Community Center. This rally, obviously, is for your county candidates. Prepare a pie now for the freezer to be sure you have one for them.
