WTU TO FURNISH POWER—The south circuit in Baird will be furnished power by WTU, beginning the later part of this week. This temporary hookup is located in west Baird. The south circuit is about 1/3 of the city's power.

WTU To Furnish City With Electrical Power

BAIRD- New Transformers have been installed in the West end of Baird. The City has been negotiating with West Texas Utilities and have purchased three transformers. The City paid \$8,000.00 for them and the over all cost was \$9,000.00.

These transformers will put the South circuit on WTU. This area is mostly residential but some businesses are on it. Those businesses included are the Waterhole, Hardwick Oil, Rogers Food Store, Hanner Chevrolet and U-U Steakhouse.

The City is paying WTU 2.30 per kw. on demand, .0906 per kw. for energy charge, .0106 per kw. fuel adjustment, plus \$79.00 customer charge.

Baird residents will pay the City, after the \$4.00 minimum charge, .2218 for the first 25 kw., .1478 for the next 25 kw. The first 50 kw. will cost you \$9.25.

On the commercial basis, for the first 50 kw. you will pay .2166, for the next 50 kw. it would be .1690. Therefore, the first

100 kw. will cost you \$19.28. All kw. over 100 will cost .0740.

The power rate is .1458 for the first 500 kw. and .1202 for the next 500. The cost of 1000 kw. will be \$133.00. The cost over 1000kw. is .0600.

The City is planning to negotiate with WTU to get the entire city hooked up with WTU. These same transformers can be used later when WTU hooks up. They will then be set up by the lightplant.

When WTU does come in to hook up it will take them about eight months to complete it.

The city paid WTU \$4,000.00 to put in its regulators. They have automatic kick out switches on them.

The City plans to maintain the lightplant in case of an emergency when WTU is off.

Thursday, July 12, The electricity was off for around six hours. The reason for for this happening was an engine blew a gas intake valve.

Monday, July 16, the Clyde and Baird

teams flipped to see who would represent our league in Sweetwater. Clyde won the flip and will travel to Sweetwater next week to play.

Seven People Injured In Wreck

PUTNAM- Seven persons were injured Wednesday morning when the pickup truck in which they were riding overturned on Interstate 20 about four miles west of Putnam.

Law enforcement officials said at least 10 persons were riding in the

truck when it overturned. At least three persons ran from the scene of the accident as officers arrived.

The injured were taken to Hendrick Medical Center in Abilene by the Callahan County Emergency Medical Service and a Department of Public Safety trooper.

Victor Guzman of Mexico was listed in stable condition at Hendrick on Wednesday night. Released earlier in the day were Alfonso Fernandez and Mr. and Mrs. Jose Guerrero, all of Ft. Worth, and Arturo Garcia, Esais Montoya and Jose Jiminez, all of Mexico.

Baird to be Saluted As Leading Oil Center

BAIRD- The International Petroleum Exposition will salute Baird, TX, as one of the leading oil centers of the United States at it's 56th anniversary event, September 10-13, 1979 in Tulsa, Oklahoma according to John M. Houchin, IPE president.

The Tulsa Onshore Oil

Show, first held in 1923, will have 10 1/2 acres of inside exhibits in an air-conditioned building large enough to house seven regulation football fields, plus five acres of outside space for larger, moving equipment.

Exhibits will represent the exploration, drilling,

production, pipeline and refinery/petrochemical divisions of the oil industry.

A special lounge will be furnished for Independent oil men.

Attendance of 40,000 oil men from 50 states of the union and over 60 nations are expected, Houchin said.

Rowden Community News

By Mrs. N. V. Gibbs

ROWDEN- Those visiting Mrs. Ray Boen during the week were Mrs. Bill Lawrence of Cross Plains and Mrs. C.W. Price of Baird.

Mr. and Mrs. C.W. Price are staying at the Jimmy West home while they are on a trip to Ruidoso with friends, over the week end.

Mrs. Bob Dye and Julie and Mrs. John Schlittler and Stacy drove to Rising Star Monday to buy fresh corn to put up for the winter.

Those visiting in the Gene Mauldin home Sunday were the Roland Mauldin family of Abilene and two friends, Kent and Greg of Lubbock who are visiting Kenneth and Douglas Mauldin this week. Also Mrs. L.N. Simmons and Mr. and Mrs. Walter Odell all of Abilene.

The Bill Coots family of Killeen and Mr. and Mrs. Vergil Smedley of Clyde visited in the Warren Price home during the week.

Mr. and Mrs. J.D. Woods of Lake of the Pines in East Texas had a visit last week with the James Reynolds family. The two men were friends during their stay in the service.

Saturday in Marble Falls, descendants of the H.R. Tabor family met at the C. H. Gunderson home for a family reunion. The Gundersons had prepared the bountiful meal and reserved tables in a park area near their home for the meal. It was the first visit to Texas of their children, Barry and Kay Gunderson and children Joel and Sari of Gambier, Ohio and the Jim Gunderson family of three who are in the pro-

cess of coming home from France where their daughter was born and who will be moving to Minneapolis, Minn. where he will enter school this fall. He would like to teach the French language to persons planning to go to France. Their daughter Lee Ann lives in Minneapolis and will return there to work. Those from here attending the reunion were Mr. and Mrs. Sterling Odom, Mr. and Mrs. N.V. Gibbs and Mrs. Tony Steele and Tonya, Bill and Connie. Also the Ralph Trevey family from Snyder and the Charles Palmer family of Clyde.

Ivon Odom is in South Texas helping with the harvesting of milo, corn, and grain.

The Ralph Trevey family spent the night Saturday in Marble Falls and on Sunday toured the Capital in Austin. They stopped by the Sterling Odom place on their return home to Snyder.

It seems like each summer grows hotter and winters colder. July has produced many heat searing days and gardens have suffered extensively.

Grasshoppers, squash bugs, green tomato worms and big brown bugs seem to be the pests in gardens and yards. These brown bugs were riddling an elm tree in the Gibbs yard until Sevin dust put an end to their eating. In spots, it is dangerous to walk for fear of grasshoppers jumping in your face. This is the season for the blister bug too. This year they are feasting on

careless weeds and other vegetation along with tomato vines which they enjoy. These are common every year but this year seems to have more than its share.

Those visiting in the Tommie Harris home were Mrs. Virginia Harris and Tonya of Abilene on Monday night and on Sunday night their visitors were Mr. and Mrs. O.R. Lawlis of Coleman.

Mrs. Tommie Harris reported that her daughter in law Mrs. Jimmy Harris had the misfortune of breaking her leg while on an outing with relatives and friends at Hubbard Lake Sunday. Mrs. Harris was helping out in the home on Monday. Janet Reynolds also was helping with the children on Monday.

Grasshoppers Cause Damage

COUNTY- A grasshopper infestation in the county is causing considerable damage to home gardens, fruit trees and other crops, according to Greg Gerngross, County Extension Agent.

Numerous small grasshoppers observed over most parts of the county this past week indicate that the population will be more severe in coming weeks.

Two insecticides are labeled for use for grasshopper control are Sevin and Malathion. There is also a Toxaphene bait available for use along the edge of fields. This formulation is intended as a barrier treatment to reduce migration into fields. A formula for mixing this bait is available from the County Extension office.

Putnam Weather Hot, Dry

PUTNAM- We had another hot week. Our temperature hasn't reached the 100 mark yet according to the weatherman, but the afternoons sure get hot. The nights are very pleasant. How my garden could use a good rain. But we believe it will rain in time to save it.

Things seem to have quieted down around Putnam since the 4th, and all the family reunions.

There was fairly good crowd at our musical Saturday night. I don't blame people for not getting out in this heat.

Mr. Chris Sunderman of Ft. Worth spent Monday night with his aunt, Mrs. Ruie Sunderman.

Mrs. Sharon Toland of Breckenridge spent several days last week with her parents Mr. and Mrs. John Petty, while Jerry was supervising his Future Farmer Boys at a Camp at

Lubbock. Carey Petty and Ken Petty of Eastland also spent the week end with their grandparents. Carey won an award at ACU Band Camp.

Our local Postmistress Laverne Rutherford spent Sunday with her father Mr. Earl Rutherford and sister Mrs. Douglas Speeyles family at Cisco.

Miss Cecil Overton and Mrs. Minnie Overton of Ft. Worth have been here most of the week attending to business. They will go home tomorrow.

Mr. and Mrs. Roddy Reynolds and boys of Elm-dale and Mr. and Mrs. Donald Isenhower of Abilene visited the John D. Isenhawers Sunday.

Mr. and Mrs. Grover Maxwell have returned after a weeks stay at New Braunfels. They are in the process of moving to Putnam.

Miss Kathryn Ivie of

McAdoo has been visiting her parents Mr. and Mrs. Clinton Ivie.

Mr. and Mrs. George Lee Ramsey and son returned to Glenwood Springs, Colorado after a weeks visit with their parents Mrs. Annie Mae Donaway and Mr. Jack Ramsey.

Mr. and Mrs. James Haggard are moving a house onto the Newman lot just north of Mr. and Mrs. Davis. We are glad to welcome new families to Putnam.

Have you been to Billy and Connie Wagley's new Produce House? They have moved into the Hatchett Cafe building. They are serving good hamburgers and breakfast. Go by and see them.

Water Corporation Needs Only 60 More

COUNTY- The Callahan County Water Supply Corporation met July 9, 1979 with overwhelming response. People from every part of the county have signed up for a water meter by paying their \$200.00 membership fee. The directors voted to go ahead with the necessary paper work needed to obtain a Federal Home Administration Loan as soon as we sign sixty more people.

As this paper is being written, we have a firm commitment for seventeen meters, all we have to do is visit the people again and pick up their papers and their checks. This will be done some time this week.

After our application is sent to Austin we will accept new members on a waiting list since the directors feel that they are obligated to serve the people that have already paid for their membership.

Membership fees will surely be increased as soon as our papers are filed with the FHA office in Austin, so if you wish to be a part of the many people in Calla-

han County that will have clean, treated water piped to their homes, please get in touch with any member of the board of directors as soon as possible. Call the following people for more information. In the Clyde area call Ronnie Welch at 893-5724. People with Abilene phone numbers can call Bill Varner at 672-5658, and those of you with Baird numbers may call Laura Brown at 854-1227. Or if you prefer, write Callahan County Water Supply Corp, in care of Laura Brown, Star Route One, Baird, Texas, 79504.

Please don't say that you will sign up when you see the line coming toward your property, many people in the Eula and Poposi area did that and they have been on a waiting list for more than two years! Listed below are some of the people that have paid their membership fee. See if your friends and neighbors aren't listed, and ask yourself if you haven't waited long enough to become a member. Please contact a director or another member

as soon as possible. Remember! It wasn't too long ago that a lot of us were hauling water to our homes, and it can and will happen again.

SIX WAYS TO HELP KEEP YOUR PHONE BILL FROM LEAVING YOU SPEECHLESS.

How much your phone costs depends partly on how you use it.

So here are six easy ways you can talk up some real savings.

1. Dial it yourself and save. Direct dialed calls cost less than going through the operator.*

2. Call during off-peak calling times. Long distance rates are lower after 5 p.m. weekdays, all day Saturday and Sunday until 5 p.m.

3. Keep your calls brief. Having a clock within easy view of your phone helps.

4. Don't pay for mistakes. If you reach a wrong number, we don't want you to pay for it. Let the operator know right away, and you won't be charged.

5. Hang up on bad connections. And have the person who placed the call tell the operator. You'll be reconnected, and you won't have to pay for the interrupted time.

6. Use "800" numbers when possible. Remember that "800" numbers are toll free.

Follow these tips faithfully and your phone bill is less likely to leave you at a loss for words. Or money.

**Continental Telephone

You can always call on us.

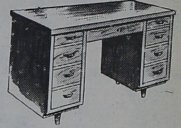

*Where direct dialing is not available, customers placing operator assisted calls are charged the lower direct dialed rates. An Equal Opportunity Employer

Farmers Can Still File Request

COUNTY- Although July 15 was the deadline to file a request, we need to stress the fact that farmers can go ahead and file a request with their supplier after this date, said Dycus, acting executive director of the Callahan County Agricultural Stabilization and Conservation Service of Baird.

The request should include: name and address; intended end user of volumes of natural gas needed; natural gas purchases for most recent 12 months

for which records are available; documentation to support calculation of needs; standard industrial classification code numbers such as 01 for crops and 02 for livestock; signature swearing or affirming to accuracy of the request; and contacting local natural gas suppliers concerning procedures for obtaining agricultural priority.

If there is an interstate line involved, it could move you from a lower priority to a higher priority.

Stenholm Approves Loan

COUNTY- Congressman Charles Stenholm announced his approval of a 2,100,038. loan to Coleman County Electric Cooperative Inc.

The purpose is to finance service for 808 additional conditions, line distributions and other systems.

Coleman County Electric Cooperative Inc. serves Coleman, Taylor and Callahan Counties of the 17th Congressional District, Concho, Coke and Tom Green Counties of the 21st district and Brown County of the 11th district.

Garden Club Places Plaque

BAIRD- The yard of Mrs. Garvin Jones was chosen by a committee of the Baird Garden Club as the Yard of the Month for July. The Garden Club plaque was placed in this yard because of the varied colorful blooming flowers.

Yellow and multiplied colored pansies edged the flower beds backed by caladiums of many colors.

Many other blooming flowers blended in the scene to make a very neat and attractive yard.

IS THE CHURCH PART OF YOUR LIFE?

THE POWER OF FAITH, HOPE AND LOVE

A row of poplar trees alongside my house blew down during a moderate windstorm. The root systems were shallow, though the trees had grown splendidly tall. The mighty oaks nearby merely shook their limbs at the wind.

Modern man must learn that that which is good grows slowly. Good things need deep roots in order to stand firmly.

Witness the lowly Nazarene. He planted seed in twelve men's hearts. He was in no hurry. He knew they would use that seed as a lever and their faith as the fulcrum to move the world.

Faith, hope and love are three seeds which grow ever so slowly in our lives. But, ah, the roots are ever so deeply embedded in the muscle of our souls. They laugh at life's storms, and grow stronger in the fiercest winds.
