## Six Charged After Stabbing

Six young people were arrested about 10 p.m. Wednesday night, December 8, after a stabbing on the Thriftway parking lot, according to local law enforcement officers. The fracas appears to have been the result of a grudge that had brewing for several weeks.

Tommy Johnson, 18, and Lakeva Johnson, 17, were charged with aggravated assault with a deadly weapon. A sixteen-year-old juvenile was charged with disorderly conduct. Tyrone Holt, 18, Stacy Morrow, 18, and Candy Akin, 18, were also charged with disorderly conduct.

Offense reports indicate that Lakeva Johnson stabbed Stacy Morrow in the arm with a pocket knife, while the juvenile pummeled Candy Akin. Before officers arrived the other parties had entered into the fracas.

In other law enforcement matters, someone broke into a barn near Jerico community, stole a tool box, a couple of hydraulic jacks, battery chargers, a wheel balancer, a weed eater, spray gun, trouble light, a couple of grinders, and other goods. The value was estimated at \$5,500. The sheriff's department is investigating.

In the Sheriff's Report to the Commissioners, there were 152 jail days, 550 meals, two accident reports, five traffic tickets, two papers served and 13 arrest reports. Officers took several people into custody: parole violation: Kenny Swearingen; probation violation: Horatio Bertrand Smith; for theft over \$20,000: Claud Welton Wallace for theft over \$20,000. Others taken into custody were: Stanley McCampbell for attempted murder, Jesse Rhodes and Manley Linda for theft by check, David Brown for criminal mischief, Darryl Whitaker and Jerry Pasley, assault. On other charges: possession of marijuana/drug paraphernalia: Les Brown, Robert Bullock and Brent McNutt, Disorderly Conduct: LaShell Calloway, Steve Ballard, Charlotte Smith, Tyrone Calloway, Unauthorized use of a motor vehicle: Victoria Rogers and Donald Mason.

WINDS GUSTING TO ALMOST 60 miles per hour blew over this big tree on Highway 287 and damaged property across the county.

## High Winds Batter Area

High winds damaged a number of structures and vehicles on Sunday night and Monday morning. The weather bureau in Amarillo reported gusts of up to 57 mph, with sustained winds of 30 to 40 mph.

The Howardwick area appeared to sustain the most damage. Winds near the lake blew in a creaned porch, tore off several awnings, tumbled two campers and turned over a gooseneck trailer. Several shelters were blown down, and a porch roof was ripped away.

The high winds blew down several utility poles between Clarendon and Jericho, blew over a tree in Clarendon and dented some vehicles by blowing debris into them. A huge tree was blown over on the south side of 287. And those West Texas breezes tossed on U.S. Highway 287 a large sign near FM 1260.

## Students Take College Courses

In a partnership between Clarendon College and Clarendon Independent School District, Clarendon High School seniors have been given the opportunity to get a jump on college while still in high school. This fall, Clarendon seniors were given two course options of English and History. Enrollment and completion of both courses will earn 12 college credit hours for the student.

"This cooperation will amount to significant savings for the students who plan to attend college and it will also help them make one of the biggest transitions they will face in their life, college," said Kelvin Sharp, Clarendon College Dean of Instruction.

Students are nearing completion of the first half of their courses. Seniors in English IV honors class are enrolled for dual credit. This option will give the nine enrolled credit for their high school English class as well as credit hours from Clarendon College for Freshman Composition.

With principal approval, students were allowed to concurrently enroll in American History. Concurrent enrollment was made possible through coordination of daily class schedules at both institutions so the 11 students could make the commute from the high school to the college.

These high school students were also exposed to college costs as each paid their own tuition and fees for the course(s) taken. CISD

## Autograph Party Held

Jodi Thomas, (author of Rita award-winning *Tender Texas*, national bestselling *Prairie Song*, *Cherish The Dream*, and *Northern Star*), was in Clarendon at an autograph party given by The Coyote Den Book Store on December 7th. The author's new book, *The Texas And The Lady*, went on sale this week in bookstores. A new book usually is heralded by a

furnished books for the Freshman Composition class.

This cooperative effort is an excellent avenue for seniors who are planning to attend college. In the future, both administrations hope to expand the number of courses offered.

## Librarian Named To Who's Who

## Lights Stolen

Someone has stolen some lights from the runway at the Clarendon Airport. While they may think their action cute, it is actually a Federal offense. In the event of an accident at the airport, the culprit could face a very extensive prison sentence. Local officials recommend that the stolen lights be taken to the Sheriff's Office voluntarily, as soon as possible. Local citizens are putting together a reward for information leading to the arrest and conviction of the thief, and investigation is proceeding.

Roper serves as the director of the Clarendon College Library. She received her bachelor's degree from West Texas A & M in 1986 and her master's from Texas Woman's University in 1989. She is

 Call Maggie, 874-2259.

**Dear Editor,**

"Angels of mercy" are busy continually, everywhere. Two came to my aid yesterday. One is a resident of Clarendon. Steve Sell and his friend from Amarillo (did not get his name) came to my aid yesterday when I had a flat tire; a state of total helplessness for many females.

These young men took care of the situation without hesitation,

even having to take the spare tire to get air in it before the change could be made. On a Saturday afternoon, it could have meant hours waiting for help from a service station, but they had the problem cared for in a very short time.

No words can adequately express my praise and gratitude to God for sending Steve and his friend my way. They may not think of themselves as such, but I consider them truly "angels of mercy."

Thanks,  
 Cora Foster, Amarillo

## 1994 Upland Cotton Program Announced

USDA's Agricultural Stabilization and Conservation Service (ASCS) announced a preliminary 17.5 percent acreage reduction requirement for the 1994 Upland Cotton Program. The final percentage must be announced by January 1.

This percentage is consistent with the 30 percent ratio of total stocks to total use of upland cotton, including all domestic, export and residual stocks required by legislation.

Upland cotton producers who participated in the program will be eligible for federal target price protection of 72.9 cents per pound - the same as this year, and price support loans at a national average rate of 50.0 cents per pound, 2.35 cents per pound less than this year.

"No paid land diversion will be offered," Drew Thornberry said. A 50/85 cotton program will be in effect for 1994. Dates for the 1994 program sign-up and other provisions will be announced later.

## Where Is The Bus Driver?

This is a season of joy and expectations. It can also be a time of brutally cold weather. Seizing this moment of human compassion and caring, Clarendon Public Schools trusts that someone in the community will be interested in driving the newly created city bus route. This route will provide transportation to many students that have no other transportation to school. The route will prevent students from having to walk to school in bitter cold and fowl weather, as well as eliminating the problem of students from having to cross a hazardous railroad and highway.

The establishment of this route was approved at the November, 1993, school board meeting. However, school officials have been unable to locate a driver for the route. The route will make

three stops north of the railroad tracks inside a two mile radius of the school. Students will meet the bus at these designated stops. The route will take approximately fifteen to twenty minutes to run each morning and each afternoon. Compensation for driving the route will be negotiated with the school.

Phil Barefield, superintendent, stated that the route should more than pay for itself due to the increased student attendance on which state funds are calculated. In addition, students will be in the classroom more regularly where instruction takes place. Barefield also emphasized that student safety on the way to school is a grave concern. This route will be of benefit in all of these areas. However, Barefield also lamented that fact that bus drivers are very hard to come by. The district encourages anyone interested in driving the city route to contact the school as soon as possible. This would be a great Christmas present to a lot of students this year.

## Decorate The Season With Safety

The year's largest and most festive holiday season is upon us. In addition to the celebrations and family gatherings, safety should be a priority when decorating the house or planning the perfect party. Electrical safety is especially important during the Christmas season due to the many decorative lights draped through trees and around homes. West Texas Utilities Company encourages everyone to observe the following precautions for holiday decorating.

"Use only Christmas lights which are safety-certified by a recognized testing agency such as Underwriters Laboratory (UL). Check your tree lights and outdoor lights for damage each year before you use them. Look for frayed wires, loose connections and broken or cracked sockets. Throw away any set that is damaged," said Paul Valdez, Safety Coordinator at WTU.

Follow the manufacturer's instructions for using tree lights. All lights should be fastened securely with string, ribbon or rubber bands, but never with conductive wire. Bulbs should not come into direct contact with needles or branches on natural trees. Though bulbs do not emit much heat, it could eventually be enough to dry out the tree limbs.

Select lights appropriately and never use indoor lights outside, because they are not designed to be waterproof and could short circuit. Outdoor lights are usually hotter than indoor lights and could pose a hazard if placed on an indoor tree.

Although Christmas lights do not consume a great deal of power, it is important not to overload wall outlets or extension cords. Never run electrical cords under carpets or rugs where daily walking and wear could cause fraying and overheating. Unplug all unnecessary electrical equipment before restoring power if fuses blow or circuits trip in the home.

When you leave the house or go to bed, be sure all lights are turned off. Disconnect lights by pulling the plug, not by yanking on the cord.

A few moments exercising caution with electrical equipment can help you avoid accidents which would dampen the cheer of the holiday season.

## Futures And Options Courses Set

by Zachary Wilcox

Futures and Options Shortcourses are scheduled in mid-December and mid-January for Panhandle producers. Workshop instructors will be Steve Amosson, area extension economist at the Texas A&M Research and Extension Center in Amarillo, and Mark Waller, associate professor, agricultural economics, Texas A&M University, College Station, who specializes in grain marketing.

Sign in at 8:45. All workshops will be from 9:00 a.m. to 3:30 p.m. There will be an Introductory Course December 15-16 at Dalhart and December 20-21 at Amarillo. The Intermediate (Pricing Strategies Workshop) will be: December 13 - Amarillo; December 14 - Spearman; January 12 - Amarillo; and January 13 - Stratford.

The futures and options shortcourses will be taught in 2-day and 1-day formats. Advance reservation is required. There is a registration fee of \$25 for either course.

Introductory classes will include discussions on hedging, hedging mechanics, margin accounts, basis, introduction to options, practical exercises and marketing strategies. The 2-day course examines cattle, wheat and feedgrains. The 1-day course involves the same topics in abbreviated form and covers wheat and cattle.

Intermediate workshops are designed for those having some experience with futures and options. Instructors will provide in depth discussion on several specific pricing strategies in an attempt to provide producers with some basic pricing techniques, showing how and when these strategies work. Market outlooks for 1994 will be presented along with options for developing individual marketing plans.

For more information on specific courses and registration forms, please call Steve Amosson, Extension Economist at (806)359-5401 or Zachary Wilcox, Donley County Extension Agent at 874-2141.

### Holiday Safety Reminder

As 1994 approaches, people are beginning to make plans and resolutions for the coming New Year. Unfortunately for some people, those plans and resolutions will never be observed. The reason is that an automobile accident will change their lives forever.

Trooper L.B. Snider, Safety Officer with the Texas Department of Public Safety says that this can be avoided, if drivers will simply take a few precautions.

It is a fact that drunk driving continues to be one of the nation's most serious health and safety problems. Many people have the misconception that as long as they remain under the legal limit of intoxication, they are not impaired as drivers. Nothing could be further from the truth. Even small amounts of alcohol begin to slow a person's ability to make quick, accurate judgements and reduces their reactions, both of which are vital to the safe operation of a motor vehicle.

Include, in your plans for this New Year's Eve, a resolution not to drive if you are going to have anything alcoholic at all to drink. Use the designated driver and check with your local officials to see who might be offering a free ride home program. These programs are generally available, but may vary from year to year.

It is recommended that if you are going to host a party, that soft drinks be available for your guests so they will have a choice. Introduce people to one another and plan activities. A good host is not just a bartender. Don't rush refills and don't double up because it's not generous. It's rude. Attempt to have a meal or snacks available throughout the evening. Above all, if someone drinks too much at your house, you are responsible. Provide lodging or get them a safe ride home.

Trooper Snider says for those who think that it will never happen to them, "the Department of Public Safety, along with other local law enforcement agencies, will have stepped up patrol and DWI enforcement over the New Year's Eve holiday to provide you with a ride to the bars - Jail Bars."

If your plans include traveling, be alert for other's mistakes and buckle up. It's your best defense against a drunk driver, but it's only effective if the driver and all occupants take the time to do so.

### Training Offered At College

Training in non-gender teaching methods for K-12 teachers will be offered at Clarendon College January 10, 11 and 12, 1994. The professional development, Every Student A Star, focuses on creating a positive learning environment of all students regardless of sex. Teachers will learn new techniques for greater student success.

Pat Callbeck Harper, an educational consultant and former state gender equity specialist, will provide the training. Harper is nationally recognized for her expertise in bias-free classrooms, sexual harassment in schools, and organizational development. She has testified at the U.S. Congress and before the United Nations.

Harper's M.A. in Human Resource Management from the University of Colorado includes a specialization in Women and Gender Equity in Public Administration.

The training will include information on federal and state equity laws and regulations, an overview of Title IX, models for compliance in schools, an overview of GESA (Gender/ethnic Equity for Student Achievement), the nature of bias, and how bias affects students' learning.

Teachers will experience hands-on training for developing gender-fair lessons with Power Teaching, learning styles, and Literacy Plus.

Mini-workshops on math and science courses and sexual harassment in schools will be offered. By the end of the three-day training event, teachers will be prepared to implement non-gender teaching methods in their classrooms around the Panhandle.

Pat Achuleta, an experienced teacher, will be prepared to implement non-gender teaching methods in their classrooms around the Panhandle.

Pat Archuleta, an experienced teacher, will provide classroom observation to provide positive feedback to teachers following the training. Three hours of graduate credit through WTA&MU will be available to participants. Credit fees and complete course requirements are available on request. Mentor observation is required to obtain graduate credit; it is optional for other teachers successfully completing the three-day training.

Every Student A Star is a state leadership model project for professional development at Clarendon College, funded by a Perkins Vocational grant from the Texas Higher Education Coordinating Board.

The Clarendon News will be Closed for Christmas, Dec. 24 - Dec 28  
Deadline for the 12/30 Issue: Thurs., Dec. 23

Registration fee for the three-day session is \$17.50.

For more information, contact Pat Archuleta at Clarendon College 806-874-3443. Due to space limitations, pre-registration is required by January 6, 1994.

### The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday, December 14, 1993, at the Lions Hall with fourteen members, two guests and piano player, Tiny Bernabe, present.

After the meal, the meeting was called to order by Boss Lion Chambliss. Following the regular opening ceremony, Liantamer Henson introduced our guests including Harley Lockleur, a roofer from Hollis Oklahoma. Plans were made for the distribution of Christmas baskets and the meeting was adjourned.

### Notice

Commodities will be given on Friday, December 17th, from 9 a.m. until 12 p.m. and from 9 a.m. until 10 a.m. in Hedley. Please note the day change.

### Winter Safety Tips Given

With winter just around the corner, most people start thinking about hot chocolate, snowmen and Santa Claus. But as the coldest months approach, Lone Star Gas Company reminds us that everyone should also think about ways to keep safe - and warm - during the winter season.

Use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.

If an appliance's pilot goes out, turn off the gas at the appliance for several minutes before you attempt to re-light it. You should find instructions attached to the appliance.

When re-lighting a pilot light, strike the match and hold it to the opening first. Then slowly turn on the gas.

Don't forget late night shopping, Thursday nights until Christmas!

### Check It Out

by Mary Beth Nelson

While looking for seasonal writings in Burton Memorial Library last week, I came across three especially appealing books. Two were in the Youth section, and the other is a brand new paper-back for adults. In fact, so new, that it was still on Mary Green's desk, waiting to be recorded into the computer. However, Mary Linn assured me that it would be available for checking out, even before you read this article.

The adult paper-back is *A Country Christmas*. It is a collection of five separate stories by authors, Emily Bradshaw; Raine Cantrell; Karen Harper; Patricia Rice; and Jodi Thomas. Perhaps you recently met Jodi Thomas when she was in Clarendon at the Coyote Den for an autograph party on December 7. I have not read *A Country Christmas* yet, but after skimming through it, I certainly plan to during the holidays.

One of the youth books is *The Christmas Book* compiled by James Reeves. Raymond Briggs has illustrated the book in color and in black and white. It is a collection of stories, poems, and one Christmas play written by some of the most well-loved children's authors and poets: Kenneth Grahame; Chris-

tina Rossetti; Lord Tennyson; Clement C. Moore; Thomas Hardy; Charles Dickens, and others.

*The Sugar Plum Christmas Book* by Jean Chapman includes stories, poems, songs, recipes, and crafts. Contributions from some of the children's writers previously mentioned are included in this book.

Both of the youth books provide delightful reading for children. They are also pieces of literature which would intrigue the very young child who still needs someone to read to him or her.

At this time, Burton Memorial Library would like to express best wishes to Donley County citizens for a lovely holiday. Remember, encouraging your children or any member of your family to enjoy reading is one of the best gifts you can give them, and one which will last a lifetime.

I don't think RSVP (the Retired and Senior Volunteer Program) will object to my quoting their "Last Minute Gifts that Money Can't Buy" which I read in one of their publications. Before completing my 1993 articles, I want to share these "gift suggestions" with you now: "Keep a promise; keep a secret; share a dream; let someone have the last word; return a smile; laugh at their favorite story--again; let someone in line, in front of you; listen to a child; listen to an adult; say something nice to someone you like; say something nice to someone you don't like."

How about checking it out? Merry Christmas.

Burton Memorial Library will be closed December 24-25.

### Professor Does Book

Clarendon College Chemistry Professor, Dr. Jim Howard, DVM, served as the main editor for the book *Current Veterinary Therapy 3: Food Animal Practice*. The book provides a fresh outlook on new therapeutic approaches to hundreds of large animal diseases. This comprehensive quick-reference book will also serve as an excellent resource tool for veterinarians, feedlot operators and cattle, sheep, swine and goat producers. The 1,000 page book includes articles from more than 275 expert contributors and 17 consulting editors.

Howard, who's career in veterinarian medicine encompasses 33 years, is an instructor in the Chemistry department at Clarendon College. Before joining the Clarendon Faculty, Dr. Howard served as the Director of the Veterinary Technician Program at Amarillo College. Dr. Howard received his bachelor's and masters degrees from Texas Tech and his DVM from Texas A&M.

### Fund Raiser Planned

The Quail Volunteer Fire Department announces the beginning of a fun-raising effort that will highlight the raffle of a pair of 3 month old raites (ostrich or emu), a current value of about \$8,000. The birds are being donated by the Quail Ostrich Farm. The money raised will go toward the purchase of new fire-fighting equipment for the department. The give-away will take place Saturday, July 2, 1994 at the Quail Community Building at 7:00 p.m. with a hamburger cookout and ice cream feast also planned.

The volunteer department is called upon numerous times during the year to fight fires not only in their county but also in neighboring counties. Most fires are in grassland but vehicle and structure fires have also been fought by the department during the past year. One of the primary needs of the department is equipment that can carry more water capacity to the scene of the fire.

A goal has been set to raise \$30,000. Other means of fund-raising such as grants and matching funds are also being pursued, besides the ticket donations. Tickets are to be had for a \$10.00 donation. A person may contact any member of the Quail volunteer department, call one of the following numbers (806) 447-2567/5778/5519, or write to Quail Volunteer Fire Department, Box 24, Quail, Texas 79251. The Quail Volunteer Fire Department is a non-profit organization.

### Howardwick Lions Club

by Jaunita Meador

Howardwick Lions Club held its regular and final meeting Saturday, December 11, 1993, at 6:00 p.m.. After the opening ceremonies, nine members, three guests and sweetheart enjoyed a delicious meal prepared by the members.

Boss Lion Cherry called the meeting to order. She thanked Lion Lee Jackson for helping her set up for the meeting. She welcomed the guests, Roy and Sandy Blevins and Charles Berryman. They were guests of Lion John and Willie McCauley. She thanked everyone for their attendance and the good food as always.

The club presented the sweetheart, Haley Hamilton a plaque for Life Membership in Hi-Plains Eye Bank. Haley is the daughter of Debbie Hamilton, the club's first sweetheart. She is the granddaughter of Boss Lion Cherry and the late Past Governor Lynn Cherry.

Also, presented to Lion Lee Jackson an updated Century Membership in Hi-Plains Eye Bank.

Since this is the final meeting for the club, Boss Lion Cherry asked if any members had fond memories of their years in Lionism. Several responded.

With no further business, the meeting was adjourned. Wishing everyone a "Merry Christmas and Happy New Year."

Ordinance #67: Restrictions and responsibility of pet ownership for residents and non residents in the City of Howardwick. This ordinance will replace ordinance #66. After some discussion, Jo

Webb made a motion to amend section six, and add section nine, with a second by Bob Thompson. Motion carried with a four to nothing vote. The ordinance will be printed in full in the paper along with resolution #7.

Closed Session (Article 6252-17 V.T.C.S.): At this time, Council went into closed session to discuss City Employees. At the return of Council, Mayor Clark called the meeting back to order, and gave decision of council to give both City employees a pay raise of twenty-five (\$25) cents starting the first of January, 1994.

Adjourn: With no further business, Bob Thompson made a motion to adjourn, with a second by Bob Hall. Motion carried with a four to nothing vote.

Dianna Knight, City Secretary  
H.C. Clark, Mayor

### RESOLUTION #7

This resolution is to require all candidates that run for any City Office to be current with all obligations with and to the City of Howardwick, Texas.

Passed and adopted this 7th day of December, 1993.

Dianna Knight, City Secretary  
H. C. Clark, Mayor

### ORDINANCE NO. 67

AN ORDINANCE CREATED TO SET RESTRICTIONS AND RESPONSIBILITY OF PET OWNERSHIP FOR RESIDENTS AND NON RESIDENTS IN THE CITY OF HOWARDWICK, DONLEY COUNTY, TEXAS.

NOW THEREFORE BE IT ORDAINED AND ENACTED BY THE CITY COUNCIL OF THE CITY OF HOWARDWICK, DONLEY COUNTY, TEXAS.

#### SECTION ONE

The owner or other person having responsibility of caring for any domestic animal, shall not keep, maintain, or bring such animal within the corporate limits of the City of Howardwick, Texas, except under conditions as shall be set by the City Council. This ordinance applies to non residents as well as residents. Owners shall be responsible for actions, and will assume any and all liability incurred as a result of such animals behavior.

#### SECTION TWO

It shall be unlawful for the owner of any dog to permit or allow such dog to run or be at large upon any public highway, street, alley, park, sidewalk, or other public land, or public property within the corporate limits of the City.

#### SECTION THREE

It shall be unlawful for the owner of any dog to permit or allow such dog to be at large upon any parcel of land within the corporate limits of the City.

Owner: Owner shall mean any person owning, keeping, harboring or having control of a dog, cat, or other animal.

#### SECTION FOUR

If any dog or cat within the city limits shall bite, scratch, or otherwise attack any person, and the person so attacked was not at the time trespassing on the property of the owner or person having control of such dog or cat, or if it cannot be proved beyond a reasonable doubt that the person so attacked was provoking or teasing such dog or cat, any member of the City Council of the City of Howardwick, Texas shall have the authority to order that such dog, cat, or other animal be picked up by the Sheriffs Department.

#### SECTION FIVE

It shall be unlawful for any person to maintain or keep a dog or cat more than three (3) months of age on any premises within the corporate limits of the city, unless the dog wears a collar or harness securely attached to its body to which should be securely attached a tag issued for the dog by a licensed veterinarian, showing that the dog has been, within the current year, vaccinated against rabies as required by this ordinance. The owner should be able to give proof of the current year vaccination for cats and other household pets.

#### SECTION SIX

If any dogs or cats are found trespassing or running at large on any person's private property, that person may call the Sheriff to have the animal picked up. No such person is authorized hereby to destroy such dog or cat, said authority for the destruction of any dog or cat being hereby specifically reserved to the Sheriff or any of his Deputies. Before you contact the Sheriff, you should first contact the pet owner and ask for something to be done about the pet. If no results, then contact the Sheriffs Department and ask them to check into or pick up the pet. Then if no results, do whatever you feel necessary to protect your own property.

#### SECTION SEVEN

The City of Howardwick will not be responsible for the payment of any fees incurred by impounding the animals. The owner of any licensed dog or cat impounded may redeem such dog or cat according to the ordinance set forth by the City holding such animal.

#### SECTION EIGHT

Any person who shall interfere with or attempt to prevent the Sheriff, or his Deputy from catching or impounding any dog or cat running at large, whether public or private property, shall be guilty of a misdemeanor.

#### SECTION NINE

There will be a fine of not less than twenty-five (\$25.00) dollars, and not more than two hundred (\$200.00) dollars for any person violating any part of this ordinance.

#### SECTION TEN

The sections, paragraphs, sentences, clauses, and phrases of this ordinance are severable, and if any phrase, clause, sentence, paragraph, or section of this ordinance shall be declared unconstitutional by a valid judgement or decree of a court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this ordinance.

#### SECTION ELEVEN

This ordinance shall be cumulative of all other ordinances upon the same subject.

#### SECTION TWELVE

This ordinance shall take effect and be in force form and after its approval, passage and publication as required by law.

PASSED AND APPROVED this 7th day of December, 1993.

H.C. Clark, Mayor  
ATTEST:  
Dianna Knight, City Secretary

DO YOU HAVE THESE QUAILS? Joe and Margaret Wells of Pampa are searching for the above steel quail which they gave away at Howardwick when they moved back to Pampa. If you have these quail or know of their whereabouts would you please contact Joe or Margaret Wells, 1109 E. Harvester, Pampa, Tx 79065.
