Local Famers Urge Farm Program Before Congress Adjourns

CLARENDON ONE OF 100 LISTED FOR POSTOFFICE BUILDING INCLUDED IN THREE-YEAR PROGRAM.

Clarendon seems to have approached a little nearer the long awaited and much praed-for postoffice building, when the House Appropriations Committee in Congress named this city in a list of near 100 Texas cities and towns to receive federal buildings in a three-year building program.

Local workers for the new postoffice building have recently undertaken a more vigorous movement to secure the building here, and the action of the House committee, is seen by them as the beginning of the fulfillment of the long cherished and awaited dream.

It is said that former differences among citizens relative to location of the building have been wiped out in the new and united effort to get the building. The news carried in the morning papers Tuesday came as a happy termination to their weary months of waiting.

The committee paved the way for the program by providing \$23,000,000 for the first year in the third deficiency appropriation bill. Selecting of individual projects from the authorized list, however, will be made later by the Inter-Departmental Committee comprising officials of the treasury and postoffice departments.

Consolidating Precincts Are Consolidated

Three consolidations of voting precincts passed unanimously in the favor of the Commissioners Court Monday, in an effort to save election expenses in the precincts of Watkins and Oller, Bray, Whitefish and Glenwood, and Wilson and Rowe.

Wilson, Number 12 and Rowe, Number 6 were consolidated and formed Midway precinct Number 6. The new voting precinct formed by the merger of the two voting precincts, whose boundaries have been previously made was called Midway.

A. T. Russell is on an extended trip through South Texas and Old Mexico. He expects to spend three weeks in that section.

Largest Crowd And Best Program Is Tate Grove Attraction May

An estimated 600 were at Tate Grove Friday for the Seventh Annual Old Settlers Picnic. Two hundred and fifty Old Timers, or citizens who have resided in Donley County twenty or more years were registered.

MEASURING OF FARMS RESUMED

County Committeemen were sent back to the fields this week to resume measuring activities after word was received that the aerial photograph venture for measuring farms in this vicinity for compliance with the farm program was unsuccessful.

AERIAL PHOTOS WOULD NOT BE FINISHED IN TIME FOR PAYMENT.

A telegram from B. F. Vance Monday instructed Community Committeemen to begin chalking for compliance, as the aerial survey recently taken of Donley County would not be available for use in the 1937 program.

New Court Member

JUDGE A. J. FOLLEY
Court of Civil Appeals, Amarillo

Judge Folley Visits Friends

Judge A. J. Folley, associate Justice of the Court of Civil Appeals at Amarillo, was a visitor in this city this week. Although a new member of the court, Judge Folley has many friends in this county. He was appointed Associate Justice of the court in May of this year upon the death of Chief Justice R. W. Heat when Justice M. J. Robinson was elevated to the office of chief Justice.

When the 10th Judicial district was created in February 1929, composed of Briscoe, Dickens, Floyd and Motley counties, Judge Folley, who was then practicing law at Floydada, was appointed as its first district judge by Governor Dan Moody.

When the vacancy opened on the Court of Civil Appeals at Amarillo, Judge Folley, appointed Associate Justice that court by Governor James Allred.

Much Comes Before Commission Monday

The Commissioners Court in session Monday at the Public Budget Hearing found more matters for their consideration than in several months past.

Mrs. J. M. Acord was paid \$10.00 for rent of WPA sewing room machines. The tax rate was set and a water conservation program committee, composed of John Blocker, Precinct One, J. H. McMurry, Precinct 2, Shorty Spalding, Precinct 3, C. T. McMurry, Precinct 4 and John Howard, committeeman at large.

J. B. Masterson was elected to the Hospital Board of Directors to serve a two year term and Odos Caraway and P. E. Chamberlain were re-elected to serve a two year term.

COMMISSIONERS KEEP TAX RATE AT SAME FIGURE AT PUBLIC HEARING.

At a public budget hearing Monday before the Commissioners Court in the Court house, the County tax rate was set at seventy-five cents for each one hundred dollars of assessed property tax valuation, keeping the same tax rate as last year.

The motion unanimously passed the Commissioners Court to keep the County tax rate at seventy-five cents.

Special Road District Number One tax rate was set at 80c for each one hundred dollars of assessed property tax valuation.

The following tax rate for the several Common School Districts of the County were set:

School District Number 1, Sunnyside, Number 6 Windy Valley, Number 7 Naylor, Number 8 Goldston, Number 9 Jericho, Number 10 Smith, Number 12 Watkins, Number 11 Bray, Number 15 Whitefish, Number 16 Skillet, Number 17 Ashtola, Number 18 Martin, Number 20 Chamberlain, Number 21 Hudgins, Number 23 McKnight, all set at \$1.00. Midway Consolidated was set at 75 cents and District Number 24, Glenwood was set at .65 while Number 19, Bairfield was set at 30 cents. Hall County Number 6 and Number 28 and Collingsworth County Number 11 were set at \$1.00.

Band Students To Receive Credits

Credit will be given band students in any other course, Band Director Ray Robbins said this week.

Heretofore, band activities have been counted as extra-curriculum and no credit has been available, although band instruction has been offered in the school. At least 50 will be in the band this year, Director Robbins anticipates. Twenty five are expected in the high school unit and twenty-five in the junior high. Band instruction will be offered every day and one day, each week will be devoted to marching practice. It is the aim of the school board to co-operate with Clarendon Citizens in having an outstanding band, it was pointed out.

DEDICATION OF SCHOOL MONDAY

KAVANAUGH DEDICATES SCHOOL TO BUILDING OF GOOD CHARACTERS.

"Let us dedicate this building as well as our lives to the building of good characters. And may we be remembered by the deeds we have done, rather than the riches we have won," said County Superintendent Geo. W. Kavanaugh in dedicating the new \$7,500.00 Ashtola school building Monday morning.

The new auditorium was packed with school patrons, children and visitors. Numbers of Clarendon business men, among whom was Homer Mulkey, Ralph Andis and Allan Bryan were present.

A concert, by twenty-five members of the Clarendon High School Band, was given as a part of the splendid dedication program. Superintendent Kavanaugh expressed appreciation for the fine work of the trustees, contractors and patrons in the erection of the community's new school.

First Bale Is Being Picked

The first bale of Donley County cotton will probably be ginned Thursday or Friday from the L. M. Giles farm in the Windy Valley Community. Picking started Monday and the bale will be one of the earliest ever ginned in Donley County. Last year, the first bale was ginned August 27.

County Gets Three Miles Of Paving

"The State Highway Commission is glad to include on a farm to market road program, three miles of grading, structure base and surfacing for Clarendon South" was the word received from Harry Hines, State Highway Commissioner this morning.

300 FARMERS IN DONLEY PROTEST

Donley County farmers are aroused over the prospect of congressional adjournment before the 1938 Farm Program is enacted, and three hundred signatures are on the air mail letters sent to President Roosevelt, Senator Tom Connally, and Congressman Marvin Jones, protesting the adjournment of congress before definite action is had.

Among other statements in the letter of protest is "we are dismayed that Congress may not act until next January on this farm bill which was prepared last February and introduced some months ago. Waiting until January 1938 to enact farm laws will cause immeasurable confusion to the six million farmers, some of whom will by then have made 1938 plans and started crops."

"No Texas member of Congress can have a more important mission than to act now on this farm bill; and failure to act may be little short of dereliction of duty."

"We therefore bring to the attention of our officials the seriousness of the present situation and imperative necessity for immediate action, and call upon all Texas members of Congress to vigorously work for this bill, and urge that they resist every suggestion to adjourn Congress until favorable action is had."

Nolie Simmons, local farmer, has taken the lead in getting these petitions signed and forwarded to the President, Senator Connally and Hon. Marvin Jones, while a number of others have assisted in the work.

THE PROPOSED AMENDMENTS

It seems to The News that all the amendments proposed to Texas voters in the election next Monday, are worthy of adoption with the exception of one. Of course, there are arguments for the one exception we choose to make, and there are arguments against those we prefer to accept, and it is up to the voter to consider and make his own choice. Here in brief, are the proposed amendments:

SJR—Proposing amendment to Section 16, Art 16, authorizing incorporation of banking bodies, etc. This proposal simply means that the voters of Texas are asked to give stockholders in state banks the same privileges as enjoyed by stockholders of national banks, by reducing their liability from double the amount of their stock, to the amount of their stock, only. This is just and fair, and to our mind it should be adopted.

SJR 16—To allow Harris County to build paved roads by levying taxes in advance and paying cash for such paving approved by the county. This is a private affair of Harris County, and we believe that it should be adopted.

HJR 23—Providing for assessment and collection of ad valorem taxes. This change would allow discounts for taxes paid before deadline date, with penalties for taxes paid after said date. This is a fair law, and we believe will bring tax money in earlier, reduce and wipe out deficits. We believe it is worth trying out.

HJR 24—Providing for the abolishing of the salary method of paying district, county and precinct officers. This is the one proposal we think ought to be defeated, as we do not believe the salary system has been tried out sufficiently in two short years. It was the purpose of the proponents of the salary plan to work out certain reforms in county management, which will take away the objections to the salary plan, but which was lost in the shuffle of legislation. If we go back to the fee system, without gaining such reforms, which all admit we need, it will be doubly hard to achieve the reforms. The salary system is fairer and more economical. Let's keep it, and demand the legislature give us laws that will bring our county governments up to modern standards of business efficiency. There can be no gain in going backward.

HJR 26—HJR 26-A—These two amendments provide that Texas shall comply with the social security program of the federal government, by giving the legislature power to provide assistance to the needy blind (HJR 26), and assistance to dependent children (HJR 26-A), by matching federal funds for that purpose. These two proposals, it seems to us, should have the approval of the voters simply as a matter of common humanity, and to bring needy unfortunates up on a plane of security, which will contribute to the general welfare, in a sum equal to the cost. We strongly advocate the passage of these two amendments.

In closing we cannot pass the opportunity to urge that every voter go to the polls Monday and cast his ballot on these important matters of government. If we are to make Democracy work in a bedlam of crazy governments on this earth, we must enlist the active and intelligent interest of our people.

Go to the polls and vote—vote your sentiments after a consideration of the merits or demerits involved.

The Judicial Power

What is meant by the judicial power? This is the power which our Constitution vests in the Supreme Court and other Federal courts to construe or interpret laws.

The Supreme Court, like a jury, merely passes upon cases submitted to it. And the judges, like jurors, are supposed to be impartial. Before being accepted for service, every prospective juror is asked whether he has any prejudice for or against the plaintiff or defendant and whether he will construe the law as written whether he likes it or not. He is not there to write, rewrite or repeal statutes or condemn or praise them but merely to decide controversies submitted in accordance with the law.

So also with the Supreme Court. It hears and acts upon no more than the case immediately before it as brought into Court by some litigant. If two laws conflict, a citizen cannot obey both of them simultaneously because in obeying one, he disobeys the other. Or, if enforcement of a statute causes a citizen to sacrifice rights guaranteed him by the Constitution—by the Supreme Law—he seeks relief by going to Court. The Court hears the arguments of both sides, and if constitutionality of the statute is challenged, it decides whether the statute conforms to or conflicts with the Supreme Law—with the Constitution.

Congress and Congress alone may write or rewrite laws or repeal them. All the Supreme Court does is to construe these laws and the Supreme Law—the Constitution.

BEATING THE BIG BASS DRUM

THE TATE GROVE PICNIC

The News believes that the Annual Old Settlers Picnic at Tate Grove, near Hedley, is the most typical Old Settlers picnic held in the whole Panhandle.

It is typical and carries the spirit of the olden days, because the affair isn't pretentious, and because there is no effort to commercialize it. The old settlers go there to meet their friends and comrades of former days, to talk over the pleasures and happenings of brave days long gone, and to mix and mingle, one with the other.

To our mind there is something fine and refreshing about the Tate Grove picnic. It deserves to grow and prosper with the passing years.

May nothing mar or subvert its wholesome purposes.

URGING SENTIMENT AGAINST ALL WARS

The Clarendon News, Canyon News and many other weeklies throughout the Panhandle, are trying to build up public sentiment AGAINST WAR. They are right and every paper in this Nation should help in this good cause. The United States has no business whatever in getting tangled up with any nation across "the Pond." It would mean the sacrificing of many millions of innocent lives and those foreign nations saddle billions of dollars worth of war debts upon us. May we all vote 100 per cent against ALL WARS, unless some other nation invades our OWN TERRITORY.—Claude News.

OWES TOLERANCE TO RELIGION

While much intolerance is still practiced in the name of religion, the world owes the matter of tolerance to the influence of religion. The man who has caught the true vision of the teaching of the lowly Nazarene is tolerant in his opinions and has no desire to force them on anyone.—McLean News.

BROWNFIELD HERALD BOASTS OF GAS CONCERN

Speaking editorially of the Brownfield gas concern, Editor Stricklin of the Brownfield Herald, had the following to say about Clarendon and her troubles in his last week's issue:

"After reading the round by round contest Clarendon people are having with their local gas company, in the Clarendon papers, on getting rates reduced, we wish for them that they were lucky enough to be a customer of the West Texas Gas Co., which serves Brownfield, as well as the rest of the south Plains section. The above company has made two voluntary reduction in the last 18 months while the one serving Clarendon seems to want to go up instead of down. Our rate is now 50c per 1000 cubic feet, with a minimum of \$1.25, and 2000 feet allowed, which is perhaps the lowest rate in Texas, outside of gas fields. The West Texas Gas Co., does not spend as much money as some companies advertising in newspapers or elsewhere, perhaps, they are really Johnny on the Spot with "Good Gas With Dependable Service." The West Texas Gas Company is not paying us for this ad."

The Rest of the Record

BY JAMES V. ALLRED Governor of Texas

MEXICO CITY, Aug. 14, 1937.—By the time you read this, we will be back in Texas and, notwithstanding the wonderful privilege it has been to visit Mexico, happy to be back home. We are particularly anxious to see little David, our second son, and baby Sam Houston. It is difficult for us to realize that it is so hot in Texas. Mexico City is 7500 feet high and the weather is ideal. They tell us it is this way the year round—little cooler in winter than in summer. It was a little chilly for us at first—believe it or not, we asked for a fire at lunch; now, however, we are accustomed to it and the weather is lovely. Occasionally when the mountain tops are clear of clouds, we can see two snow capped volcano peaks in the distance. Although Ambassador Josephus Daniels is in Europe, he wired his assistants here to insist upon our staying at the American Embassy. So here we are—and we have never been privileged to stay at a lovelier place. Our own Government officials have been almost as marvelous to us as those of the Mexican government. Last week I told you how hospitable these people had been to us in the early stages of our visit; this hospitality has increased in warmth at every stage. We have been entertained by seven governors in as many state capitols, and by officers in the President's cabinet here in Mexico. It clearly demonstrates that these people believe in the Good Neighbor policy inaugurated by President Roosevelt. President Cardenas of Mexico is absent from the capitol. He is in the state of Yucatan, which is the most southern Mexican state, working on agrarian, or agricultural problems. He sent us a warm telegram of welcome, then commissioned the Governor of this Federal District to call on us officially as his representative. Mrs. Allred is visiting the President's wife today. Everywhere these people seem to realize that they have more in common with Texas than perhaps any other state; I think if we take the same position, it can only result in more business and better relations for all of us.

High School Band, directed by Mr. Ray Robbins, played several selections. County Superintendent G. W. Kavanaugh gave the address, which was enjoyed by all. Also short talks were given by Mr. R. E. Drennan, Mr. J. M. Graham and Mrs. V. S. Knox. Miss Georgie Belyen entertained the audience with a piano solo. There were many visitors and patrons present that enjoyed the dedication of the new Ashtola School building. Mr. and Mrs. Loren Rhoades of Lefors spent Saturday night with his parents, Mr. and Mrs. Austin Rhoades. Mr. and Mrs. W. T. Hayter had as their guests Sunday, Mr. and Mrs. C. G. Spencer of Pampa, Marston Spencer and Miss Wallendorf of Amarillo. Eugene Brown of Lubbock visited Mr. and Mrs. W. T. Hayter Thursday. Mr. W. T. Hayter and Paul Scivally made a business trip to Conway Monday. Mrs. Logan, mother of Mrs. W. T. Hayter is visiting her daughter, Mrs. C. G. Spencer of Pampa, this week. Ralph Stewart spent Sunday with Mr. and Mrs. H. S. Mahaffey.

short space to even refer to all the interesting places we have seen on this trip. I really believe we could spend a month right here in Mexico City and not see half of all we should see. The old churches or cathedrals, the palaces, the public buildings, the theatres, the gardens, the parks, the flowers, the schools, the public markets—the people. It is the people who most interest me. They are picturesque with their music everywhere, their arts, their dress which has changed but little for centuries, yet all this maintained alongside a twentieth century civilization of modern highways, railroads, hotels, tourist camps and conveniences of every kind. We have driven over highways as well constructed and maintained as any in Texas, yet in fields adjoining they still plow with oxen; and peons trudge alongside the road plying whips over the backs of burros loaded with wood or cargoes larger than the beasts themselves. The history of Mexico is as interesting as that of any nation. The struggles of the people for liberty and freedom have been just as brave, if not braver, than our own. It has been such a privilege to us to journey over the very ground travelled by Cortez, the Spanish Conqueror, hundreds of years ago; to see the palaces and the churches he built. One of the most inspiring and stupendous things we have seen was driving over the mountains to Puebla, looking out upon a valley where Cortez had built a church for everyday of the church year—200 of them, beautiful, massive things of stone with shining burnished domes; one built on top of a pyramid. I shant tell you of the bull fight they staged for us. I am glad I saw one—in fact I enjoyed it, but I can't say that I want to see one again. One of the nicest entertainments given us was yesterday at the Department

of Communications. First, of course, a nice luncheon; then young ladies who worked in the department paraded before us dressed in the colorful native costumes of each of the 28 Mexican states. Then they entertained with music, songs and dances. It was better than a professional show since those who played the parts actually came from the states they represented.

We have met lots of people here from Texas. I hope more will be able to come in the future. We were particularly happy to find the Cowboy Band from Hardin-Simmons College at Abilene playing at one of the local theatres. They are also going to play at a reception given for us here at the Embassy tomorrow.

We will, of course, be back in time to vote at the election Monday, August 23rd. Six constitutional amendments are to be voted on: All of them are important, and I hope my friends will vote for them. I am particularly interested in seeing the one adopted which will authorize the legislature to provide for payment of county officers by either salaries or fees. The present salary system hasn't worked as satisfactorily as the old fee system. It costs the taxpayers of the state as a whole 70 percent more—and I'm interested in trying to save that money!

The above named banks are members of the Federal Deposit Insurance Corporation. The above named banks are members of the Federal Deposit Insurance Corporation. The above named banks are members of the Federal Deposit Insurance Corporation.

Our attention has been called to the proposed amendment to the constitution of Texas to be voted on by the voters in an election to be held Monday, Aug. 23, 1937, which provides for the elimination of double liability on stock of state banks in Texas. The Federal Deposit Insurance Corporation favors the proposed amendment.

Inasmuch as more than 98 percent of deposits in insured banks are fully insured regardless of the amount of the deposit, the proposed amendment to the constitution of Texas to eliminate double liability will not affect the insurance coverage of deposits in insured banks. Passage of the proposed amendment to the constitution of Texas will result in the elimination of double liability on the part of stockholders of state banks, thus avoiding discrimination of national banks, thus avoiding discrimination.

Very truly yours, Leo C. Conley Chairman

JAMES V. ALLRED GOVERNOR

EXECUTIVE DEPARTMENT AUGUST 1937

On Monday, August 23, 1937, the proposed amendment to the constitution of Texas, which provides for the elimination of double liability on stock of state banks in Texas.

Since double liability of stockholders in insured banks has been eliminated, the proposed amendment to the constitution of Texas to eliminate double liability will not affect the insurance coverage of deposits in insured banks. Passage of the proposed amendment to the constitution of Texas will result in the elimination of double liability on the part of stockholders of state banks, thus avoiding discrimination of national banks, thus avoiding discrimination.

I am in favor of the proposed amendment to the constitution of Texas, which provides for the elimination of double liability on stock of state banks in Texas.

For the amendment of Section 16 to Article XVI of the constitution of the State of Texas, providing for the elimination of double liability of stock of state banks.

Against the amendment of Section 16 to Article XVI of the constitution of the State of Texas, providing for the elimination of double liability of stock of state banks.

The Federal Deposit Insurance Corporation insures depositors and banks pay the premium. Therefore, any assessment upon stockholders after they pay deposit insurance premium is unfair.

The major portion of the assessment would only be for the benefit of the Federal Deposit Insurance Corporation, and that Corporation does not want both our insurance premium and double assessment.

In its banking reform, the Congress of the United States, at the suggestion of Hon. J. F. T. O'Connor, Comptroller of the Currency, Washington, D. C. permitted removal of double liability from national banks as of July 1937. The state banks should be placed on the same basis as the national banks.

Thirty-two states have already voted to eliminate the double liability of stockholders in state banks. We are asking the voters of Texas to do the same for state banks in Texas by voting FOR the amendment.

LIONS BREAKFAST AND SWIM TODAY

LIONS HOST TO LADIES AND OFFICIALS IN COUNTRY CLUB AFFAIR.

Honoring visiting Lions Officials, and local member families, an Outing Breakfast and swim at the Clarendon Country Club this morning, proved to be one of the most successful outing affairs of the summer. Gathering at seven o'clock the Lions, ladies and children, led by President Burton motored to the Clarendon Country Club where proper committees had in charge the details of the breakfast and swim, under the general chairmanship of Odos Caraway. Bacon, eggs, toast, cantaloupes, preserves coffee were served in generous portion to a hungry, but happy group, and the praise of all goes to the committee and workers who carried details through without a hitch. Honor guests for the event were: District Governor and Mrs. Joe Pond, Colorado, Texas; Past Dist. Governors Elliott, Dalhart; Randel, Panhandle; Walker, Pampa; Deputy Dist. Govs. Byron A. Schatz, Paducah; Joe Earnest, Colorado, Bill Ender, El Paso; Emmett Smith, Brownfield; and their ladies. Group Chairman and Mrs. Carl Greene, McLean; President and Mrs. R. B. Recent Bride Is Honored Monday

Mrs. Pete Armstrong who before her recent marriage was Miss Nettie Blankenship, was honored with a miscellaneous shower given Monday evening on the lawn of the Lake Dishman home in Hedley.

Misses Hazel Stewart and Pauline Boliver were hostesses. Vocal and instrumental music furnished the entertainment with Mrs. Meffett and Alva Simons, singing a duet.

Joan Ray Moreman entertained with a tap dance. Appropriate and cleverly-versed wishes to the bride were read by Mrs. Ra Moreman.

Many beautiful gifts were presented to the honoree, and each was opened and admired.

Refreshments of punch, cookies and mints were served to a large group of Hedley women and girls.

Mrs. King Honored With Shower

Mrs. J. Perry King, wife of the pastor, was surprised with a miscellaneous shower on her birthday at the Missionary Society meeting yesterday afternoon at the First Baptist church.

Among numbers of other nice gifts, the honoree was given a beautifully decorated birthday cake.

Mrs. W. C. Stewart had charge of the mission program, "Call to Regions Beyond."

The scripture, Acts 13 was read, following which Mrs. Stewart discussed "Indians Our Hosts" and Mrs. J. T. Warren, "Treaties and Treatments." The leader gave "Indian Missions and Indian Baptists" and Mrs. Ed Barnes gave "Present Day Problems."

Refreshment were served to twenty members and guests.

Mrs. Lewis Is Hostess

Mrs. W. J. Lewis was hostess Tuesday to friends at a one o'clock luncheon at her home.

The dining table was laid with lace and a colorful centerpiece of garden flowers was used.

Seated were Misses Mary Cooke, Charlotte Molesworth, Ann and Betty Lewis, Mesdames Everett Newby of Dallas, Tom Bugbee, Harold Bugbee and the hostess, Mrs. Lewis.

RETURNED FROM MEXICO

Miss Clarienne Allensworth will arrive Friday from Mexico City where she has been enrolled this summer in the University of Mexico.

Mrs. Sanford Is KiKare Hostess

Members of the KiKare Kneecloth Club were entertained by Mrs. Bel Sanford in her home Thursday afternoon.

Climaxing an afternoon spent in needlework and visiting, the hostess served a cooling salad course.

Guests were Mesdames J. T. Warren, R. R. Dawkins, George McClesky, Frank Whitlock, and Will Johnson. Members were Mesdames S. W. Lowe, Joe Cluck, J. R. Bartlett, Sam M. Braswell, W. A. Land, W. B. Sims, Eva Draffen, Glen Reiger, J. Perry King, Homer Mulkey, and the hostess, Mrs. Sanford.

Home Ec Students Are Asked To Meet

All students who wish to enroll for Home Economics Classes in First, Second or Third year Home Economics are requested to be at the Home Economics Department Monday, August 23 at 9 o'clock for enrollment according to Miss Maurice Berry, who is head of the department.

Home Economics is a ten months course, the teacher said, and in order to complete the course in a term, it is necessary to begin classes two weeks previous to the starting of school and to continue two weeks after school is out.

All who wish to enroll in Home Economics must be present at 9 a. m. Monday, Miss Berry said.

NOBODY'S BUSINESS

BY JULIAN CAPPER JR.

AUSTIN. — The novelty of a Monday election day, in which voters will pass on six proposed constitutional amendments, will be enjoyed by Texans next week for the first time. Legislators, believing more voters would come out on Monday than on Saturday or Tuesday, the usual days for primary and general elections, set the Aug. 23 date as an experiment. The apparent willingness of voters to change the constitution in recent years, in contrast to their former reluctance to approve amendments, has led many observers here to predict that all the amendments will be adopted, without serious contest, except the one proposing to return the fee system of compensating county officials. Well informed sources here report a close division of sentiment on the fee amendment, with the outcome in doubt.

SCHOOL ROW GOES ON.

Another round in the court battle over the \$22 per capita apportionment of state school funds was fought in Dallas, where Judge Claude McCallum issued a temporary injunction, restraining Comptroller George Sheppard from certifying the \$22 figure. The action was brought by state school board members Ben Tisinger of Dallas, and R. S. Bowers of Caldwell, and followed action by a San Antonio court in dissolving an injunction forbidding the board from reducing the \$22 apportionment. Atty. Gen. Bill McCraw has previously ruled that Sheppard must certify the \$22 figure. McCraw now faces the necessity of going into court to defend Sheppard, and opposing the ruling he gave the latter.

Rural schools, however, got some good news, as the joint legislative committee supervising payment of rural aid, announced 90 per cent of approved claims will be paid immediately, with a later division of \$294,000 surplus. The committee members added their word of criticism of the state department of education to the volume of critical comment which has been piling up from legislative sources for several years, when it reported numerous accounting errors, and wide discrepancy in the construction of the rural aid laws by the 24 rural aid supervisors employed by the department.

CAN WE PREVENT WAR?

Down every highway and byroad in Texas that leads to Gulf ports, Texans have for months seen trucks hauling scrap iron and steel, destined for European and Far Eastern nations, to be converted into bombs and shrapnel. This week, in Shanghai, aerial bombs ripped apart the bodies of hundreds of men, women and children, as Japan and China began fighting again. Many believed the "next" war had begun.

But Col. Ernest O. Thompson, Texas railroad commissioner and chairman of the interstate oil compact commission, who recently returned from the World Petroleum Congress in Paris, quoted significant figures concerning oil without which no nation can make war. Texas has about one-fourth of the world's potential supply of oil, Thompson reported; the Conroe field, for instance, has reserves comparable to the whole of

Rumania, and Rumanian crude fixes the prices of European oil, where gasoline sells for 90 cents a gallon, 36 cents being tax.

"We have got something here in Texas that the world is going to come after," Thompson declared. "It looks like they are going to have a war in Europe within a couple of years. They have not got the money to pay for the oil, and we can probably prevent war by not letting them have this crude."

Signing this week by President Roosevelt of a two-year extension of the compact will enable Texas and other states to retain full authority over their own oil production.

NOTES.

More than 10,000 state old age pensioners previously drawing grants were dropped from the rolls during June and July despite strenuous denials of a general trimming of the rolls entered by pension officials during the closing days of the regular session. August pension cuts have not been announced, but pension press agents continue to flood newspapers with denials of any general trimming of the rolls. A hot battle for the seat of Sen. Jim Neal, of Mirantio City, the man who broke the long reign of Archie Parr, is seen next year, with Lon Messer, of Robstown; Rep. Augustin Celaya of Brownsville, and Dist. Atty. Kelly of Edingbury already out as opponents of Neal. Sen. Neal voted to repeal race gambling, and thereby saved from a gubernatorial veto an appropriation for Texas A. & I. college Kingsville, and friends of the college are rallying to his support. Orville S. Carpenter, who won undying fame as the most tactless public official in Austin, when he recommended depriving old age pensioners of the right to vote, when he announced that 60,000 workers were not properly registered with the unemployment compensation commission, and will lose their unemployment benefits for the past quarter and until the mistakes are corrected. Carpenter was quickly shunted from the post as head of the pension organization to the unemployment commission after his historic "bust" before a legislative committee. County Judge Roy Hoffheinz, of Houston, is reported to have found the pace set by Lieut. Gov. Walter Woodul in the race for attorney general too strenuous, and changed his mind about opposing Woodul. If he finds sentiment favorable on his present tour of the state in behalf of the Harris-co tax assessment, his friends say he may oppose Judge C. V. Terrell, railroad commission chairman, next year.

FISHING IS FAIR

Fishing was "just fair" this year reports Supt. H. T. Burton and L. E. Thompson who returned Friday from a fishing trip at Antonito, Colorado. Supt. Burton caught 21 fish daily for two days. The party included Mr. and Mrs. L. E. Thompson and sons, Ernest and Neal and Supt. and Mrs. H. T. Burton and daughter, Nelda Sue.

Miss Dorrace Meredith Perdue of Houston and Mrs. Wilson of Dallas visited Friday with Miss Berkeley Ryan.

Clarke Hott of Denver, Colorado visited here last week.

H. M. Breedlove and Park Chamberlain left Friday for a trip to Colorado.

"Fifty Roads to Town"

Marooned by the blizzard in a mountain lodge, with only a stuffed moose as chaperon, DON AMECHE and ANN SOTHERN agree that it's nice weather if you can get it, in the Twentieth Century-Fox production, "Fifty Roads to Town."

"Saratoga," Thrilling, Virile Drama of Race Track, Tops in Story and Acting

A gripping romance, comedy, some of the finest character portrayals in years, and thrills of a thundering racetrack are highlights in "Saratoga," the picture that brings Jean Harlow and Clark Gable to the Pastime Theatre. Never has Jean Harlow lovelier. Never has the virile Gable been given a greater opportunity than as the "square" gambler and bookmaker in the new racetrack story, penned by the authors of "San Francisco," Anita Loos and Robert Hopkins. Jack Conway's deft direction is apparent at every moment.

"Saratoga" tells the story of the spoiled daughter of a wealthy horse-owner, and a gambler and bookmaker whom she first hates, fights, then loves. The background of the swift action ranges from penthouses and a London hotel to a Kentucky horse farm, the Saratoga racetrack, and famous races on tracks in various points of the United States. The final racing climax, photographed by special equipment, provides a genuine show.

Metro-Goldwyn-Mayer gave the picture an elaborate cast, Frank Morgan and Una Merkel are seen together as a comedy team for the first time, and more laughs as well as a song are contributed by Cliff Edwards and his ukulele. Other players are Walter Pidgeon, George Zucco, Jonathan Hale, Hattie McDaniels, Frankie Darro and Henry Stone. Thousands appear in the racing and grandstand sequences. One of the most interesting sequences takes place in Lionel Barrymore's horse-breeding farm where thoroughbred animals ranging from famous race horses to young colts, all brought from stock farms in California, appear. One of the most dramatic scenes is that in which Miss Harlow, after triumphing over Gable and seeing him "go broke" through her activities, realizes that she loves him. Edward Ward provided the picture with an almost symphonic score, and the photography of Ray June, A. S. C., adds definitely to the effective dramatic situations.

A TRIBUTE TO DORR NEAL ELLIS, JR.

By his great Grandmother, MRS. S. T. SAYRE

In my closing years, my children have asked me to write these words in tribute to our little Neal—Too good on earth to stay. God searching for jewels took him away to brighten heaven.

Parents, grandparents, uncle and aunts and great grand parents are left behind. In his 9 years, the joy and love strewn along his pathway would pave the walks in heaven and brighten all the corners. We know not why our darling was chosen—but someday, sometime, we'll understand.

VISITS RELATIVES

1 OIL-PLATE YOUR ENGINE

instead of just changing your oil

OIL-PLATING is a plain extra benefit other oils do not even claim to give! OIL-PLATING comes only from Germ Processed oil, which plates itself all over the inside of your engine, and stays there. I mean Oil-Plating can't get scraped off or pushed away when you're speeding along on sizzlings. And it won't go up in smoke, but it stays. Neither can Oil-Plating in the job while the engine's sizzling. It's a ghost of a chance for Oil-Plating among the missing every day when you start the car. So your Oil-Plated engine is the big exception, when engineers say that bum oiling at the start—summer, same as winter—makes more than half of all engine wear. They positively don't mean you, with your engine Oil-Plated by Conoco Germ Processed oil. The longer life of your Oil-Plated engine naturally takes a little while to prove... but right now, from the minute I put in Germ Processed, you can't mistake the coolness and quiet due to Oil-Plating, or the way your oil level stays up.

Switch To ELECTRIC COOKERY with NEW LOW RATE!

Rate Reduced to

2 1/2¢

Per Kilowatt Hour.

Electric Cookery Averages No More than One Cent a Meal per Person

NEW RATE EFFECTIVE NOW!

Requiring usage of the modernized, speedier, and cleaner type of cookery provided by the Electric Range, a new, comprehensive rate, conducive to greater use of Electric Service, becomes effective with this month's payment of bills. Under its provisions ALL OVER 50 kilowatt-hours of electric current used each month costs only 2½ cents per kilowatt-hour. The basis for the reduction is the proven theory that "the more you use, the less it costs."

This reduction, amounting to 16 2/3 per cent, is designed to make Electric Cookery as practical, from the standpoint of fuel, as any other type. The fact that there is no combustion makes Electric Cookery *cleaner*. A greatly improved flattened calrod heats almost instantaneously and hugs the bottom of utensils to prevent escape of heat. There is no flame to burn up oxygen, thus making air fresher and *cooler* in the kitchen. It is automatic, thus making it *easier*. Cleaner! Cooler! Easier! And this new, low rate makes Electric Cookery just as cheap or, in many instances, *cheaper*. Add *faster*. It's another reason for switching to Electric Cookery.

Lowers Cost of Lighting, Refrigeration And All Other Residential Usage Over 50 K.W.H. per Month

Many, many homes already use over 50 kilowatt-hours of electric current each month. By adding the electric range to kitchen equipment (*it has proven itself the most valuable of all Electric Servants*) you secure a rate of 2½ cents per kilowatt-hour on ALL current used over 50 K.W.H. used monthly.

This means that when you reach the higher usage brackets for light, refrigeration, and all other domestic purposes, your electric bill is calculated at a rate which actually amounts to a saving. It permits increased usage at no additional cost. Best of all, it permits Electric Cookery to enter homes which heretofore considered it "too high."

We invite you to come in so that we may show you the latest models in Electric Ranges. We believe you will approve of Electric Cookery—and the new rate that permits you to use the *switch*.

Clarendon Band Goes To Amarillo

Under the direction of Ray Robbins, the Clarendon Band attended the observance of Motor Transportation Week in Amarillo yesterday and led the parade.

Ben Andis is president of the Truckmen's Association and together with Ralph Andis attended from Clarendon.

Mr. and Mrs. Bob Ayres were also present.

TWO OFFICERS MEET

Jess Kemp of Paul's Valley, Oklahoma stopped in Clarendon yesterday afternoon to chat with Guy Pierce, with whom he played as a child. Kemp and Pierce, one-time neighbor boys are both wearing county officer's badges—Kemp as Deputy Sheriff of Paul's Valley and Pierce as Sheriff of Donley.

MARTIN GIRLS MOVE

Misses Mildred and Helen Martin moved their household furnishings from Clarendon this week to El Reno, Okla., where a sister, Mrs. Fred Weewerka lives. Misses Martia are the daughters of the late Mayor Johnny Martin and will be greatly missed in Clarendon.

IN ANTONITO, COLORADO

Mr. and Mrs. Bob Land of Memphis, Mrs. Odos Caraway and daughter, Betty Jo, in a card to Mr. Caraway this week report good fishing and a splendid time at Antonito, Colorado.

PIG SHOW WILL BE SEPTEMBER 18

FFA AND 4-H CLUB BOYS TO HOLD SWINE SHOW IN CLARENDON.

The first F. F. A. and 4-H club fall pig show will be held in Clarendon September 18. This date was chosen in order to have the local show immediately preceding the Tri-State Fair where the better pigs of the local group will be shown.

Plans for the show are incomplete at the present time, but single entries, litter entries, and groups of three's will be shown in line with the classification at the Tri-State Fair. A gilt class will probably be included in the classifications.

Earl Shannon, Rex Shannon, Frank Mahaffey, Joe William, Jack Reeves, Billy Goodman, and Johnny Leathers are expected to have entries in the fat classes. A number of other boys have their pigs on feed, but it is doubtful if they reach the weight limit.

VISITOR FROM CALIFORNIA

Mrs. Heckle Stark's house guest last week was her mother, Mrs. M. M. Patton of Los Angeles, California. Before returning home, she visited in Dallas.

RETURN FROM TRIP

Mr. and Mrs. H. C. Brumley returned Monday from a vacation trip to Missouri and a visit with her relatives.

Lelia Has Officer In Woman Citizen

Lelia Lake and Windy Valley have been called the most law-abiding communities in the county, in West Texas and even in the state. Mrs. John Howard of Lelia Lake has proven a real aid to the office of law enforcing and although never deputized, has aided in the capture and conviction of some fourteen persons.

Soon after Sheriff Pierce took office and before his time, burglaries were common occurrences in Lelia Lake. For two years after he became Sheriff fourteen were arrested and convicted.

Today, crime has been reduced in Lelia because Mrs. John Howard, whose house like a number of others in Lelia Lake is equipped with burglar alarms and the minute someone approaches a window or door of a store or station, the alarm sounds in her house. She calls local officers before the intruders have a chance to make their get away.

Federal authorities one time told Sheriff Pierce that Mrs. Howard made one of the best witnesses they had ever seen upon the stand.

Hedley maintains almost the same record for peace.

Guests Monday afternoon of Mrs. Millard Stark were Mr. and Mrs. Hubert L. Campbell of Los Angeles, Calif., and Miss Ruth Tucker and Miss Jessie Ingram of Clarendon.

Mrs. Ida Atteberry of Amarillo is visiting with Mrs. Sella Gentry.

LIONS HEAR OF NEW BLIND AID

PAST-PRESIDENT'S EMBLEM PRESENTED TO LION D. O. STALLINGS.

Returning vacationists bought a much better attendance Tuesday to the regular weekly luncheon of the Clarendon Lions club at the Clarendon Hotel, with President Burton back in his place wielding the gavel.

Lion Sam Braswell brought a presentation of the recently created Lions' Blind Foundation sponsored by the Lions of Texas at the recent Galveston state convention, and as a member of the committee which formulated the plan urged the individual support of the movement to aid the education and rehabilitation of the blind in conjunction with the Texas Blind Commission. The Foundation is incorporated under Texas laws and will accept donations, bequests, and real property for the forwarding of the movement.

Any gift of \$100 or more, will bring a Life Membership to the donor. Lions and the public at large are invited to enroll at \$1.00 per year. No salaries are paid to any officer or director of the incorporation.

Visitors for the day were Mr. and Mrs. Hubert L. Campbell of Los Angeles, Calif., the latter being the former Miss Dorothy White of this city and for a number of years the local Lions Club pianist; Mr. A. P. Hill of Amarillo.

Announcement was made of the Group Meeting at Pampa on Thursday evening of this week, and many pledged themselves to go in an effort to win the Standard of Lions Flags, offered for the club bringing the largest percentage of members to the meeting.

A breakfast-outing for the Lions and ladies of the Clarendon Club was also announced for Thursday morning at the Country Club, with Odos Caraway general chairman. The Lions and their families will meet at Caraway's Cafe at 7:00, the swim will begin at 7:30 and the breakfast will be served at 8:00 or soon after. This affair will honor the new District Governor, Joe Pond of Colorado, who with his deputies and with Past District Governor Elmer D. Elliott, will hold a set-up meeting here Thursday for the year's work in this Lions district.

Lion Odos Caraway announced that the committee appointed for that purpose could secure three wheel-chairs for a total of \$87.50 and cost of carriage from the factory. The order has been dispatched and the chairs will be for rent to crippled and needy persons with Lion Caraway as the custodian of the chairs.

The chair then introduced Past-President O. C. Watson, who very cleverly presented Lion D. O. Stallings with a past-president's lapel button, as a token of the appreciation and esteem in which he is held by the local membership following his completion recently of a term as president of the club. Lion Stallings responded in a fitting manner as he accepted the emblem.

The taitwister reversed the order promulgated last week when Lion Buddy Knorpp fined all members without ties and with summer-open collars, by fining everybody present wearing a tie. There was some quick, sleight of hand removals of ties, but some members lost them in the shuffle and saw them sold to high bidder by their deft neighbors.

Miss Ina Rector, who lived in Clarendon a number of years ago, returned to her Los Angeles home with Mr. and Mrs. Hubert L. Campbell Wednesday morning. Miss Rector greeted old friends here for the first time in 15 years and was a guest in the F. A. White home.

Mildred Phelps, Joan Smith and Ruezell Ryan spent Saturday night with Miss Dorothy Jean Bogard.

Fee System Would Be Injustice Here

Clarendon citizens, through the office of sheriff, have definite proof that if the amendment, asking the return of the fee system for paying county officials, is returned an injustice will be done to all officers who endeavor to keep a law-abiding county.

The amendment, together with five others, will be voted upon Monday, August 23, and if adopted, men like Sheriff Guy Pierce who keep law-breaking at a minimum in the county, will have difficulty in making a living. It is an injustice to the honest, hard-working officers. However this legislation does not effect this county as it will remain on the fee system.

From the local office of Sheriff comes this information: When Sheriff Guy Pierce first went into office the average yearly board bill for those in the Donley County Jail was \$2,500 to \$3,000, during the years of 1930, 1931, and 1932. Today, Sheriff Pierce has maintained such peace and order in the county, that the budget for the board bill has been set at \$800.00 and for the past four years, has never exceeded that.

"Sheriffs work things out in a county, clean it up to where crime doesn't exist but on a small scale, and they work themselves out of a job, under the fee system," he said.

"Under the fee system, the harder an officer works to keep down crime, the less he gets for his efforts: If a sheriff isn't worth a salary, it would be better to do away with officers in towns from 10,000 to 20,000," he said.

Jackie Sission Lelia Lake toted gave two dance and song numbers. Music was furnished intermitently by string bands from over the county.

Cal Farley of Amarillo brought his radio entertainers to the picnic and with "Stuttering Sam" entertained with jokes and talks and Jean Farley Gih Howard and his sister gave several musical numbers.

The J. F. Stiles quartet from Bray gave several songs, followed with selections by the Lelia Lake String Band.

Judge W. T. Link and Judge S. W. Lowe gave talks which were heartily received and enjoyed.

Five young ladies from Hedley gave a song in tribute to the late Mrs. Josie Adamson, founder of the association.

Local FFA Boy Is Given Degree Jack Robinson, 1937 Clarendon High School graduate, was honored recently by the Texas F. F. A. when he was granted the Lone Star Farmer Degree. This degree is the highest offered the agricultural boys in Texas. Approximately 100 boys of the 40,000 enrolled in vocational agriculture were honored with the State Farmer Degree.

Rayburn Smith, Homer Speed, Jelly McGowen, and Warren Hardin were the other applicants from the local chapter, but each was refused the degree because of mechanical errors in their applications. The state executive committee suggested that each of these boys re-submit their application at the spring meeting in Fort Worth with the errors corrected, and stated that there was little doubt but that each would receive the degree at that time.

In order to receive the Lone Star Farmer Degree, the candidate must have an outstanding record in agricultural activities and in school.

VACATION BY PLANE M. H. W. Ritchie, general manager of the JA Ranch, returned this week from a vacation in Colorado and Wyoming. He went in a new aeroplane which he purchased recently.

AUSTIN TAKES TOURNEY

18 YEAR OLD PAMPA GOLFER TAKES TITLE INVITATION TOURNEY.

Johnny Austin of Pampa took top honors at the Pampa annual Hill Croft Invitational tournament here Sunday and Monday, August 14 and 15.

Webster was manager of the tourney but was never close to the champion, who was 12 strokes under perfect figures of the tournament and only went over on two holes.

Austin downed B. F. Holmes, Shamrock 7 and 6 in the semifinals and Webster beat J. D. Holmes 4 and 3 to enter the finals. M. P. Gentry defeated Kenneth Brown, Pampa 2-1 for King of the Hill honors. O. T. Nicholson and Tom Ray were tied in the second round, but Nicholson was ousted John Gillham to win the third flight.

Golf balls were given to winners in all flights and consolation.

YOUNG ELLIS

his home in Mineral Wells. The great-grandparents, Mr. and Mrs. S. T. Sayre, also reside in Mineral Wells. Little Neal spent much of his time with his great-grandmother, who taught him his first scripture and song.

The body was brought to Clarendon Saturday and lay in state in the Joe Cluck home until the hour of the services.

Survivors are his father, Dorr Ellis of Eagle Pass, Texas; his mother, Mrs. Cliff Chastain of Mineral Wells; his grandparents, Mr. and Mrs. John Blocker of Clarendon and C. H. Ellis of Lelia Lake; his great-grandparents, Mr. and Mrs. S. T. Sayre of Mineral Wells; three uncles, John Blocker of Clarendon; Eldridge Ellis of Borger, and Henry Ellis of Lefors; and three aunts, Mrs. Irvin Gerlach of Perryton; Mrs. W. H. Midnight Ride Of Mamie Tubbs Ends

"It's against the law," Judge S. W. Lowe, Sheriff Guy Pierce, Nightwatchman Lane and Deputy Guy Wright, told Mrs. Mamie Tubbs of Amarillo early Tuesday morning, as she was placed in a cell at the Donley County Jail.

A local physician pronounced the woman intoxicated; she was clad only in a thin voile nightgown; she allegedly cursed the law department of Clarendon; she turned her car, a new Studebaker coupe over and wrecked it on highway 5 near the Phil Couch home; and she disappeared in the night from her home in Amarillo.

Charges of driving while intoxicated were placed against her and she perfected a bond of \$500. Tom Ray was an eye witness when the woman, allegedly making 60 to 70 miles per hour, turned her car over near town. She escaped without a scratch, crawled from the car which was upside down, and called a local garage-keeper to pull the car in. When she pulled the price for pulling the wrecked coupe into town, the woman went into a dither and allegedly cursed the local man. The nightwatchman was called and got scratched. The two men were taken to the jail after the sheriff and the woman followed; her nightgown whipping in the breeze at the early morning and her language startling the natives from the sleep.

The sheriff and deputy carried her to a physician, who pronounced her drunk. She was put in jail and after calling Amarillo police it was learned they were searching for her after she had been found missing in the night by her husband.

O. D. LIESBERG—Ruby Fronberger, Mary Lois Hayter and Rebecca Welch. Interment was in the IOOF Cemetery with the Buntin Funeral home in charge.

Mr. Liesberg died Monday at 2:15 p. m. in Amarillo at the Woods hotel, which is owned by the deceased's sister-in-law. He was carried there after suffering a paralytic stroke at 10 p. m. Sunday.

Ora David Liesberg was born November 13, 1880 in Handley, Texas and moved to Donley county from Goodlet. He lived here 45 years and was in the coal business until a few years prior to his death. He was married to Miss Betty Robinson in Clarendon Feb. 9, 1899.

In 1909, he united with the First Christian Church and served on the Church Board. At the time of his death, he was a trustee of the church.

As a member of the Booster Class during the flu epidemic in 1919, he furnished coal and delivered it to scores of needy persons.

Survivors are his wife; one daughter, Mrs. Cassie Lynch of McLean, and a granddaughter, Bobby Lynch of McLean.

Mr. and Mrs. W. E. Watson and daughter of Newlin spent Saturday with Mr. and Mrs. T. M. Pyle.
