# The Donley County Leader

Complete Trade Territory Coverage

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

## Meeting Called Thursday Evening For Local Butchers and Slaughterers

County agent H. M. Breedlove announced this morning that the Donley county USDA War Board was calling a meeting of all butchers, local slaughterers and farm slaughterers Thursday evening at three o'clock in the office of the county agent on March 25th.

The purpose of the meeting is to issue permits for the sale of slaughtered livestock in cooperation with the new Food Distribution Order 27 effective March 31st. This order was issued by the secretary in an effort to do away with the Black Market. Farmers and ranchers who slaughter exclusively for home consumption on their farms and ranches are not covered by this order as it does not affect them in any way.

Letters have been mailed to all above mentioned operators in the county advising them of the meeting.

"There might be some persons who sell butchered livestock who we have over looked," the county agent stated, "but if they will come by the county agent's office, we will be glad to issue the permit to them. The program will be gone into in detail and explained to the operators so that they might keep records on all cattle slaughtered for sale."

Breedlove stated that Local Slaughterers were defined as slaughtering live weight over 100 pounds. Butchers are defined as those persons butchering stock with a total weight under 300,000 pounds and over 10,000 pounds and farm slaughterers are those persons slaughtering livestock under 10,000 pounds per year. These figures are based on the 1941 livestock slaughter and the quota for 1943 will be based on this figure.

"The program will not affect to any great extent the operations of the slaughterers of Donley county," the agent stated, "but the permits must be issued in order to comply with the above mentioned order."

## METHODIST CIRCUIT CONFERENCE TO BE AT LELIA LAKE, SUN.

The Second Quarterly Conference of the Methodist Clarendon Circuit will be held at Lelia Lake Sunday March 28th.

The eleven o'clock sermon will be preached by Rev. G. T. Palmer, District Supt., followed by lunch at the church. Immediately after lunch the business session of the Conference will convene.

The pastor, Rev. Vernon Willard, urges that all official members be present and invites all others who care to come.

## All Texas Schools To Participate In Nation-Wide Jeep-Buying Campaign

Texas schools are all set to go over the top in the nation-wide Jeep-buying Campaign, according to reports received from the office of Frank Scofield, State War Bonds Administrator. The Campaign is a part of the SCHOOLS AT WAR program recently launched through the Treasury Department in Washington, and calls for the purchase of 10,000 jeeps by the nation's public schools during the month ending about the 19th of April. The tentative date was suggested by Treasury officials in commemoration of the valiant heroes of Lexington and Concord. Texas leaders have appropriately chosen April 21 as the date to be celebrated in climaxing this state's campaign because of its significance as the anniversary of the battle of San Jacinto.

According to Mrs. J. W. Walker, of Plainview, Texas Director of the SCHOOLS AT WAR program, Texas schools will far exceed the state's quota of 354 jeeps. Detailed plans of the campaign call for a goal to be set for each school by

## MRS. MOLLIE E. GREY BREAKS HIP WED.

Mrs. Mollie E. Grey fell Wednesday night at her home and it was believed that her left hip was broken. She started to turn the fire down and fell with her hand falling on the stove and receiving a bad burn in addition to the fractured hip. She was rushed to an Amarillo hospital where the extent of her injury could not be learned until an X-ray could be made.

## House Favors Remission of Tax Penalties

Remission of penalty and interest on delinquent ad valorem and poll taxes paid by Dec. 15, 1943, was approved Monday by the House.

The bill by Pat Dwyer of San Antonio, similar to an act passed two years ago, was ordered engrossed by 77 to 35 vote. It will come up for third reading and final passage later. It would exempt from penalty and interest charges on all taxes delinquent on Feb. 1 this year if paid in full by Dec. 15.

## ATTEND CONFERENCE

Those to attend the Workers Conference of the First Baptist Church of Clarendon at Estelline Tuesday evening were Rev. and Mrs. E. L. Moody, W. D. Kidd, and Misses A. W. Simpson, Wallace, Ed Barns, Van Kennedy.

## Rain!

As we go to press it looks as though a general rain may be setting in which threatens to relieve a drought condition that has been paralyzing garden planting for some time. A general rain now would soften up the soil and make possible the Victory Gardens now pending action of general weather conditions.

A mist and foggy condition set in Tuesday night and the precipitation at the present time is .14 of an inch—not much to start on, but future possibilities are unlimited. Farmers and ranchmen are all wanting rain now. A good rain at the present time plus a little warm weather would bring out new grass and besides, the planting season is just around the corner. As one old timer said: "We'll get a rain if we have to wait ten years or longer. We always do."

## Marine Officer

**SAM WILSON KING**  
Sam Wilson King of Lelia Lake has been commissioned a second lieutenant in the U. S. Marine Corps and will undergo the final phases of the rugged officers' training course at Quantico, Va., before taking to the field to lead leathernecks in battle.  
Lieut. King is the son of Mr. and Mrs. Howard Raymond King of Lelia Lake.

## ESSENTIAL USERS OF GASOLINE WARNED

It is the opinion of the gas rationing panel of the Donley County War Price and Rationing Board that too many essential users of gasoline are using all stamps issued to them before the date of expiration and coming back for more stamps to carry on their business. This is intended as a fair warning to such users that this must be discontinued.

"When your original application for supplemental gasoline was made you stated your needs and gasoline was issued in accordance with this need," the Board said. "All users must see to it that their 'A' books plus their supplemental gasoline issued last time the period of time that it is issued for."

## Meats and Fats Rationing Program

The Red Stamps of War Ration Book Two will be used in rationing these commodities. From the consumers standpoint, the procedure will be similar to shopping with the blue stamps. There are two major differences, however. First, a different series of stamps (total point value 16 points) will become valid each week in the first five weeks of rationing. The stamps, however, do not have to be used during the week of issue. The first stamps to be used, the dates they become valid, and the expiration dates are shown below:

Stamp	Starting	Ending
A	March 29	April 30
B	April 4	April 30
C	April 11	April 30
D	April 18	April 30
E	April 25 (will be announced)	

The second major difference is that the "one point" red stamps may be used in making "change." Retailers may give consumers "one point" purchases any time during the period when they are valid.

Stamps may be used for any of the rationed commodities. The same stamps are used in the purchase of meat, cheese, butter, canned fish, margarine, etc. Neither the letters or the numerals designate any specific commodity (See MEATS and FATS, Page 8)

## JAMES V. REAGAN NOW FIRST LIEUTENANT IN AIR CORPS

James V. Reagan, formerly of Clarendon, now stationed at Hammer Field, Fresno, California, has recently been promoted to the rank of First Lieutenant. Reagan is the son of Mr. and Mrs. J. R. Reagan of Clarendon. He was a former student of the Panhandle Public Schools and immediately prior to his entry into the Army he was engaged in highway construction work being an inspector and surveyor.

## Persons Wanting Laborers Asked To Leave Name

County agent H. M. Breedlove asked this morning that all persons wanting labor on farms to leave their names at his office, and also that all farmers and ranchers requiring more help on their farms and ranches to also leave their names at his office.

"We can use the county office as a placement center for the placing of laborers on the farm and also help farmers and ranchers in the county to get more help on the farms and ranches," Breedlove said. "This will possibly save farmers and ranchers from having to do so much driving in search of help and also help to place those persons in search of farm labor. This can be done at any time by both parties and we will be glad to assist in helping get labor on the farms and also help those seeking work. We have been helping to place labor for the past year and it has proven very effective."

Breedlove also stated that any members of the Donley county USDA War Board might be contacted and they will also help any person with labor problems.

## LEAVE SATURDAY

Major C. E. Gatlin and his wife Mrs. Gatlin and children Nancy Theresa and Frank left Saturday. Major Gatlin will be at Camp Campbell, Ky., and his family will live in Tennessee as near the camp as they can.

## Farm Families To Receive Award

Certificates of enlistment for all-out food production will be awarded Texas farm families who have enlisted in this year's Food for Freedom program.

The 11x14 inch certificates, which has been signed by Secretary of Agriculture Claude Wickard, will be presented to farm families by local county USDA war boards after the completion of the 1943 farm sign-up campaign.

The 1943 farm plan, which Texas farmers and ranchers now are filling out in all sections of the state, will be the basis for making the award. This drive, aimed at obtaining maximum production of food and feed from each farm and ranch is to be completed this month.

"It is a simple word of appreciation and encouragement to the fighting units of the food front, the nation's farm families," H. M. Breedlove, county agent, said in explaining the purpose of the certificate. He pointed out that for three years in a row farm operators and their families have broken all production records with emphasis on the war-needed crops and meats.

Although working under handicaps, such as shortages of labor, machinery and transportation, goals of many commodities have been set still higher for 1943 than they were during 1942.

"In spite of these handicaps, if the weather is generously favorable, I believe Texas farmers and ranchers will reach new goals and break production records once more," the county agent said.

## OPA Fixes Point Values Of Meat, Cheese And Butter

### RED CROSS VOLUNTEER SERVICE

The American Red Cross is an expression of humanitarianism. When tragedy interrupts, as sooner or later it must, succor for the injured, the helpless, the destitute, speeds by land, sea and air. No call, however great or small, passes unheeded. The Red Cross never fails the soldier. It brings to him a hint of home, a touch of cheer, whether he be in teeming jungle or arctic waste. It bears a gift to him from no one and yet from all. It warms him with the comfort that someone thinks of him and someone prays for him. It truly follows in the train of the "Prince of Peace."—The Courier.

Sewing Mrs. U. J. Boston, Chairman of the cutting committee, announced this week that the last of our 3000 yards of material had been completed into garments ready to sew. This has meant a great deal of patience and time given by the ladies who have spent a half of each day for the past five months cutting these garments. We do thank each one for their faithful work.

Word from headquarters assure (See RED CROSS Page Four)

### "RUSTY" GIBSON PROMOTED

Walter E. (Rusty) Gibson, age 25, of the Hdqtrs. Squadron Caribbean Wing, Morrison Field, West Palm Beach, Fla., recently was promoted from the grade of Private First Class to Corporal.

Cpl. Gibson has been in the Army Air Forces since Aug. 19, 1942. His duty at the base is Asst. Chief Clerk, Classified Section, and his record has been consistently good.

Cpl. Gibson is the son of Mr. and Mrs. F. E. Gibson of Brice, Cpl. Gibson's wife, Mrs. Edna Gibson, is living in Clarendon at the present time. Cpl. Gibson's civilian occupation before entering the Army was salesman for the Coca-Cola Bottling Co. He graduated from Lakeview High School in 1936 and attended West State Teachers College at Canyon. He was a member of the football and basketball teams and played on the all-star baseball team.

## Red Cross Drive Is Still Short Of Quota

According to War Fund Chairman Lee Bell, Donley County has not reached the quota of \$2700. Tabulations this week show about \$2000 in hand with several committees not through.

"Each outstanding committee must try and complete their drive by Saturday," Mr. Bell said, "and even if they are not through, turn in all money by the 31st at which time the drive is supposed to close, but we are not going to close the drive until we meet the quota."

For those who have not had an opportunity to contribute to the Red Cross, there will be a worker stationed at the Postoffice, Pastime Theatre and Cozy Theatre Saturday where you can leave your contribution, and for those who do not have a way to come into town if they will phone 49, the Pastime Theatre, and leave their name, Miss Molesworth will call for your contribution.

"I am sure we here in Clarendon have not done our best," Mr. Bell said. "The Lions Club of Hedley made the drive in Hedley and they have done a wonderful job. They have turned in \$360 and will have more. The rural section of the county, which is being carried on by the War Board, has come through with over \$700, and they will have more. Let's not let it be said of Clarendon that we did not do our part."

The Office of Price Administration today fixed point values for goods to be rationed starting March 29—meats, butter, cheeses, fats, oils and canned fish.

In the latest phase of rationing described by OPA as the largest yet undertaken, point values for almost all popular meat cuts were established at eight points a pound and similar valuation was given to butter and all rationed cheeses on a per pound basis. All canned fish was valued at seven points a pound.

The weekly point allotment under the new program is 16, as compared with 12 under the processed foods program. OPA officials have said that on the average the point ratings for meats, cheeses and edible fats and oils should allow individual consumption of about two pounds of meat a week, four ounces of butter and two ounces of cheese.

All purchases of these newly rationed items will be made with the red stamps in war ration book two. The blue stamps in that book are now in use for purchases of processed foods.

When rationed sales of meats and fats begin next Monday, a week-long freeze of retail sales of butter, lard, margarine, cooking and salad oils will be lifted. It was imposed to forestall "hoarder" purchasing in the last days before restricted buying gets under way. Also ended will be a freeze on sales of canned meats, canned fish and shellfish that has been in effect since Feb. 18.

OPA officials stressed that despite careful regard for supply and consumer preferences in establishing the new point values, "it is not possible to gauge these and other factors in advance with absolute accuracy. Adjustments will be made whenever they are indicated to be necessary by actual operations under the program."

Altogether more than 200 items go on a rationed basis March 29, raising to more than 400 the total of restricted foodstuffs in the United States. Coffee, sugar, canned and bottled fruits, fruit juices, vegetables and vegetable juices and certain frozen, dried or dehydrated foods already are restricted.

## AMARILLO VISITORS

Mr. and Mrs. W. A. Land, Mrs. H. C. Brumley, Mrs. Geo. Wayne Estlack and daughter Jacqueline Marie and Mrs. Lawrence Whitlock and son Larry Tom were Amarillo visitors Friday.

## VISITS PARENTS

Charles E. Blackburn from San Antonio came in Tuesday morning for a few days visit with his parents, Mr. and Mrs. J. C. Blackburn and brothers, Bob and Bill.

## MARY S. BARNES FINISHES TRAINING

Auxiliary Mary S. Barnes of Clarendon has completed her basic training at the First Women's Army Auxiliary Corps Training Center at Fort Des Moines, Iowa, and has been selected for specialist training in Bakers & Cooks School.

## CALLED TO FT. WORTH

Mr. and Mrs. Cap Morris were called Friday to Ft. Worth by the serious illness of his mother, Mrs. J. R. Morris who had a major operation. She was doing as well as could be expected when they left Ft. Worth for home Sunday.

## Farmers May Sell Butter

The regional OPA office announced this week that farmers who do not have refrigeration facilities may sell their butter to regular consumer customers this week without violation of the freeze order on butter and other edible fats.

Officials said a directive received from Washington also allowed the farmer who has been making butter and selling to consumers, who has milk or cream on hand for butter making purposes and does not have refrigeration facilities, may make that milk or cream into butter and sell to the consumer.

The consumer will not be required to give up ration stamps when buying butter from farmers selling under these conditions this week, the OPA said.

## Regulations Governing Replacement Of War Ration Books Issued

New uniform regulations governing replacement of War Ration Books One and Two were issued today by the Office of Price Administration with a warning that it is up to the individual to do everything in his power to prevent the books from being lost, stolen, or mutilated.

The new regulation also applies in cases where ration books are being wrongfully held by persons other than their rightful owners and to the replacement of coupon sheets which are used for rationing some commodities such as fuel oil.

Under the new regulation, the person desiring to replace a ration book or coupon sheet must apply to his Local War Price and Rationing Board on Form No. R-194. In cases of mutilation book, the board shall determine whether it was wilfully mutilated. If not, a replacement may be issued and the old book destroyed.

In case of a lost or stolen book, the form must be made in duplicate and the local board must forward the second copy to the Enforcement section of the state or district office.

Ten days after the first application is filed the applicant may return to the board. The board, then may examine the facts and if satisfied may issue the replacement. If it appears necessary the board may require the applicant to appear at a hearing before issuing the replacement.

If the board finds that the books was lost or stolen through negligence on the part of the owner, it may hold up issuance of the new book for as long as sixty days.

In cases where an applicant believes that another person is wrongfully withholding his ration book or books from him, the board will hold a hearing at which the alleged wrongful holder will be required to appear, bringing the applicant's book.

THE LEGISLATIVE GRAPEVINE

By Grady Hazlewood

Perhaps the most important legislative matters this week took shape in the Senate. House Bill No. 159, to reallocate money already in the Old Age Pension Fund, passed the Senate by a vote of 23 to 3. The purpose of this bill was to restore pension cuts and avoid future cuts.

Of great interest and public concern was the Senate Labor Committee's long drawn out public hearing on four labor bills which were voted out favorably by the committee on a viva voce vote. The hearing lasted until midnight. All bills were controversial and at times the hearing was marked with heated discussions.

House Bill No. 100, commonly referred to as the Manford Bill, has been given much newspaper publicity because it was the first labor bill introduced. It is by far the most controversial. Labor contends that the measure serves no

that all the bill does is to surround them with a lot of red tape and other useless regulations such as business itself is so much complaining about.

Senator Ben Ramsey is the author of two bills, one of which is similar to the Manford Bill and the other specifically prohibits unlawful picketing and strikes. Another bill makes a criminal offense of job selling, and for any labor union to charge higher fees and dues than were charged in the three pre-war years.

Governor Coke Stevenson continues to get up at five o'clock in the morning and is in his office at six, long before anyone else is in the capitol. Incidentally, he is doing one thing that no other Governor of Texas has done in many years. He is reading and studying carefully every bill passed by the Legislature for the purpose of discovering legal defects that would render the bills invalid. He has so far discovered some twenty-five or thirty such bills and because of this extra work he has saved the tax payers a great deal of money by avoiding useless law suits testing the validity of statutes.

Farmers Encouraged To Meet War Goals

College Station—Texas farmers were asked this week to plant as much of their cotton allotments as they could but not at the expense of other crops vital to the war program.

In encouraging farmers to meet war production goals first and then planting cotton, Geo. Slaughter, chairman, state AAA committee, said that land and labor should be used for feed and food crops which produce more oil and meal per acre than cotton.

"Nearly all farmers are working short-handed and must make their labor count for maximum production of the things we need," he said in comparing oil and meal value of cotton, soybeans and peanuts.

According to production records, one acre of peanuts in Texas yields 203 pounds of meal and 110

"Don't Worry About Us—"

"we'll grow our own food!" That's the battle-cry of America's million farm families as the gardening season rolls around. Growing vegetables at home relieves overburdened hauling facilities, releases more commercial vegetables for the fighting men, and insures a wholesome, inexpensive diet for each family.

pounds of oil and one acre of soybeans produces 457 pounds of meal and 86 pounds of oil while one acre of cotton will produce only 153 pounds of meal and 53 pounds of oil.

In addition to meal and oil, an acre of peanuts also will yield from 1,000 to 1,200 pounds of high quality hay.

Referring to planned production, Slaughter said that under last year's program, when goals were established for agricultural products, approximately 7,000,000 tons of protein feed were produced as compared to the former all-time high of 4,776,000 tons, produced in 1941.

"We can exceed last year's production if 1943 goals are realized, but we can't do it with cotton alone. It will take peanuts, soybeans and feed grain crops," he said.

10% Overplanting Of Cotton Announced

College Station, March 23—Texas farmers in higher producing areas will make a more complete contribution to the 1943 production program under the increased acreage plan.

Announced by Secretary of Agriculture Wickard several days ago, farmers may exceed their acreage allotments by 10 percent this year without loss of AAA payments, without being liable for cotton marketing quota penalties, and without forfeiture of cotton loan privileges.

Under the plan, marketing quotas will be retained and individual acreage allotments will not be increased over present allotments. All cotton produced on the additional acreage, however, may be sold without penalty.

Additional payments will not be made for the acreage planted in excess of allotments and the increase does not relax provisions which require the planting of at least 90 percent of warcrop goals to qualify for payments.

At the same time farmers in higher producing cotton areas were encouraged to plant ten per-

cent more cotton, George Slaughter, chairman, Texas AAA committee, asked farmers in other sections of the state who could grow them to plan for maximum production of soybeans and peanuts.

Although cottonseed meal is an important source of protein feed for livestock and cottonseed oil is one of the best edible oils, the AAA official said that seed is a by-product of cotton and that in adapted areas more meal and more oil per acre per hour of labor could be obtained from peanuts and soybeans.

Under the 1943 AAA program, the state cotton allotment is approximately 9,800,000 acres and a flat 10 percent increase would approximate 10,780,000 acres. According to state office records, Texas cotton farmers normally underplant their cotton allotments by 10 to 15 percent.

"IT'S AN AMERICAN WORD" \* Cartoon by Dr. Seuss

and meeting its quota is an American habit!

To help win this War, to help provide the fighting equipment and the fighting men America needs, every American has a job to do.

That job includes saving at least 10% of his income in War Bonds. Your quota, too, is 10%—10¢ out of every dollar you make, 10¢ out of every dollar's worth of pro-

duce you grow and sell.

Start saving in War Bonds today. Get them regularly, not the least you can but the most you can, remembering that they're the finest, safest investment in the world, guaranteed both as to principal and interest by the United States Government.

NOTE—Now You Can Buy War Bonds Through Your Rural Postman!

YOUR DONLEY COUNTY LEADER

Allowances To Families Of Enlisted Men

The Government will help enlisted men in the lowest grades of Service to take care of dependents with Family Allowances under Public Law 625 - 77th Congress.

What is a Family Allowance?

A Government check sent to the soldier's dependents regularly every month. The Family Allowance is made up of money set aside from his pay and money contributed by the Government. It is granted only upon application. It is payable only to dependents eligible under the law. These include, primarily, wife and child (Class A relatives); dependent parents and minor dependent sisters and brothers (Class B dependents).

\$22 a month is set aside from the soldier's pay, if the allowance is for Class A relatives only, or class B dependents only. \$27 a month, if it is for both Class A and Class B.

The soldier's dependents will get: wife \$50, wife and child \$62, wife and 2 children \$72, father and mother only \$47, wife and parents \$80.

The allowance begins to accrue the month after he applies and is payable when that month has ended. For instance, if he applies in March, the allowance begins to accrue in April and is payable in May.

Who may apply?

The soldier may apply as soon as he is on active duty. All enlisted men in the fourth, fifth, sixth or seventh grades may apply. Dependents may apply, too, but it is better for the soldier himself to do it. His wife or child (also a divorced wife to whom alimony is payable) may receive this benefit with or without his consent. But class B dependents may receive it only if the soldier agrees.

How is application made?

Application is made only on the official form WD, AGO 625. These forms are available at Reception Centers, Recruiting Stations, local Chapters of the American Red Cross, Service Command Headquarters, and the Office of Dependency Benefits.

THIS YEAR I'M STARTING RIGHT!

... it's ALL THREE for ME!

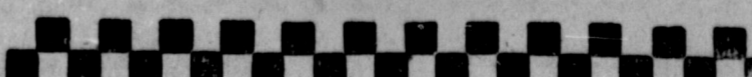

1 GOOD CHICKS Our QUALITY CHICKS have what it takes to develop into big, fast growing pullets and heavy layers because they're hatched RIGHT, from vigorous high producing flocks. Buy Our QUALITY CHICK

2 GOOD FEED Only 2 pounds of this nationally famous starting feed give the chick just what it needs to live and grow. You'll point with pride to chicks you can grow on STARTENA! Insist on PURINA STARTENA

3 GOOD SANITATION The only poultry water tablet which acts as a disinfectant, bowel astringent and fungicide. Easy and economical to use. Don't take needless chances on disease in your flock! Rely on CHEK-R-TABS

**MIDWAY**  
Mrs. John Goldston

Mr. and Mrs. W. K. Davis received a message Saturday night that Mr. Henry Riley was seriously ill in a Shamrock hospital. Mr. and Mrs. W. K. Davis, Mr. and Mrs. Pete Riley, Mr. and Mrs. Milt Allen and Mrs. Johnny Riley went up Sunday morning.

The Midway ladies will meet again on the third Thursday in April at the Midway school house to quilt for the Red Cross.

Mr. and Mrs. W. R. Smith of Elk City spent the week end with Mr. and Mrs. Quattlebaum. They were neighbors of back years.

A number of the Midway ladies met at the Midway school house the past Thursday and quilted two quilts for the Red Cross. At the lunch hour a delicious covered dish lunch and hot coffee was enjoyed. Those present were Mrs. Dick Tomlinson, Mrs. W. D. Higgins, Mrs. Bob Williams, Mrs. Margaret Cole, Mrs. Everette Stevenson, Mrs. LeRoy Luttrell, and Mrs. John Goldston. Those to come in the afternoon were Mrs. J. A. Meaders, Mrs. Edith Longan, and Miss Katie Meaders.

Mrs. Dick Tomlinson took one of the quilts home with her to do the finishing.

Friends of the W. A. Crutchfield family regret the news of the death of Mrs. Crutchfield in an Amarillo hospital the past Thursday. Mr. and Mrs. Crutchfield lived in Clarendon before moving to Amarillo the past spring.

Mr. and Mrs. Joe Cannon and children of Vernon came up Saturday to visit with his sister, Mrs. Loyd Moreland and family.

Mr. and Mrs. Loyd Moreland and family were dinner guests in the home of Mr. and Mrs. Richard Cannon of Martin Sunday.

Mr. and Mrs. Jack Roberson and Mrs. Roberson's mother left the past Monday for Denver after a visit with his parents.

Vernon Goldston visited with Hollis Roberson Sunday afternoon.

Mr. and Mrs. Davis, Mr. and Mrs. Pete Riley, Mr. and Mrs. Milt Allen and Mrs. Johnny Riley went to Shamrock Wednesday to visit Mr. Henry Riley who was ill in a Shamrock hospital.

Sgt. Frank Roberson of Luke Field, Ariz. spent the past week here with his mother, Mrs. M. F. Roberson and other relatives. Sgt. Roberson is in the Air Corps.

Mr. and Mrs. Edwin Eanes from San Antonio came up Sunday for a visit with her parents, Mr. and Mrs. Pickering. They left Tuesday.

Mrs. Ben Andis of Amarillo visited with Mrs. Longan Thursday eve.

Those to visit with Mrs. Nelce Roberson the past week were Mrs. W. M. Pickering, Mrs. John Chamberlain, Mrs. Nelson Riley, Mrs. Odis Naylor and Mrs. Will Chamberlain. Mrs. Roberson is convalescing from a major operation.

Mrs. Edith Longan, Harley Longan and Mr. and Mrs. J. C. Longan were in Memphis Tuesday. Mrs. Longan visited with the Quinns while in Memphis.

Mr. and Mrs. Bob Williams and daughter Thelma Jean and Miss May were dinner guest in the W. D. Higgins home Sunday.

Miss Margaret Tompson has gone to Los Angeles, Calif. where she will resume her work.

Mrs. Swinney and daughter Doris visited in the John Goldston home Wednesday afternoon.

Mrs. D. W. Tomlinson Jr. is working in the Piggly Wiggly grocery store in Clarendon.

**GOLDSTON**  
Beatrice Smith

Bro. Miller was a dinner guest of Mr. and Mrs. John Stewart and family Sunday. Christening of Sherry Katherin Line, daughter of Mrs. Johnnie Line and granddaughter of Mr. and Mrs. John Stewart took place during the afternoon.

Mr. and Mrs. Roy Roberson and son were in Memphis Tuesday of last week on business. Mrs. H. C. Smith accompanied them.

## CLARENDON H. D. CLUB

Met at the home of Mrs. G. A. Anderson Friday afternoon, with Mrs. Anderson and Mrs. A. W. Simpson as hostesses. Lovely begonias were used for decorations.

The club was opened by the club singing "America." The Club Collect was read by Mrs. Estlack. Mrs. Lea presided during the business meeting. Miss Gladys Wright who has had several years work in the Extension work explained the work and helped plan a year's program for the club. The club adjourned to meet Friday, April 2nd at the home of Mrs. Lena Antrobus at 3 p. m., Mrs. Watson assisting hostess.

Lovely refreshments were served to guests Miss Gladys Wright, Mrs. L. Guy Ament and Mrs. Ruth Jacobus and small son Guy Alden; club members, Mmes. Lena Antrobus, Karl Adams, C. L. Benson Sr., Earl Lea, C. D. McDowell, J. C. Estlack, W. A. Davis, Henry Williams, Grover Heath, W. D. Van Eaton, O. C. Watson and Misses Ida and Etta Harned, and the hostesses Mrs. Anderson and Mrs. Simpson.

## BACKWARD JAMBOREE

The B.T.U. class of the First Baptist Church sponsored a backward jamboree Friday night at 8:30. First we went to Mrs. Land's. We sang songs and spiced tea and cookies were served. Second by Rev. Moody's where roles, pickles, beans, tomato pie was served. Third to Mrs. Underdown's where lemon ade was served; fourth to Mrs. Jones' where salad was served; fifth to Mrs. Bingham's where nuts were served and sixth to Mrs. Armstrong's where cocktail was served.

Invitations were sent to 34 members.

Come join in our backward jamboree, For I'm sure you'll quite agree That the mostest fun found under the sun

Is a party like backward one. We had to wear our clothes backward and go to the back door and go in backward.

The following were present: Louise Underdown, Guyline Jean Oliver, Edna Lou Lamberson, Treva Nell Trussell, Juanita Bingham, Leona McCraw, Buena Walker, Hazel Bingham, Maxine Robertson, Imogene Spencer, Lois Underdown, Dorothy Ann Kennedy, James Earl Hott, Elizabeth Mauldin, Edith Neff, Charyline Davis, Lavores Armstrong, Lewis Underdown, Lois McCrary, Joe Barnes, Billy Martin, Glenn Robertson, Javan Tucker, Bob Melton, Joyce Spradlin, Louise Skinner, Lucille Wallace, Ray Rumpy, Ruth Fowler, Neida Massey, Mrs. Walter Flynt, Mr. Kidd.

REMEMBER PEARL HARBOR - BUY DEFENSE BONDS.

## 1937 BRIDGE CLUB

Met Monday evening in the home of Mr. and Mrs. Alfred Estlack. In the games, high score was awarded to Mr. and Mrs. John Gillham and low to Mr. and Mrs. Walter Flynt.

Refreshments were served to guests, Mr. and Mrs. Alvin Landers, Mr. and Mrs. Walter Flynt; Members, Messrs. and Mmes. A. B. Turner, B. G. Watson, John Gillham, Alfred Estlack.

## FRIENDSHIP CLUB

Mrs. C. E. Lindsey entertained the club members of this club at her home Tuesday afternoon with 10 members present. Mrs. Skinner presided.

Club opened with prayer. The ladies spent the afternoon working on a quilt for the Red Cross.

Mrs. Lindsey, hostess, served a lovely plate lunch to Mmes. J. D. Stocking, C. R. Skinner, G. J. Teal, H. Tyree, J. W. Morrison, J. E. Mongole, M. E. Thornton, L. Ballew, Poole and hostess.

## BIRTHDAY DINNER

Mr. and Mrs. W. V. Taylor entertained with a lovely birthday dinner complimenting their daughter, Dorothy Jo of Pampa. All of their children were present.

Present were Dorothy Jo of Pampa, Mr. and Mrs. Bert Boomer and two children of Amarillo, Mrs. Tom Murphy and family and Mr. and Mrs. Raford Blackman of the J. A. Ranch and Mr. and Mrs. Taylor.

## MOTHERS CLUB

Met in the home of Mrs. L. L. Wood with Mrs. Arlie Wood as hostess. Mrs. Walter Clifford presided when officers for the coming year were elected. Those elected were Mrs. Bryan Armstrong, president; Mrs. Alvin Landers, vice-president; Mrs. Alfred Estlack, Sec.-Treas.; Mrs. R. Y. King, parliamentarian; Mrs. Dick Lanham, reporter.

Mrs. Alfred Estlack was first on program and spoke on "How to Build Courage in Your Children." Mrs. D. F. Wadsworth gave an interesting talk on "What Holds a Home Together."

Refreshments were served to guest, Mrs. L. L. Wood; and to members, Mmes. Bill Riney, Bryan Armstrong, D. F. Wadsworth, R. Y. King, Kieth Lovell, Alvin Landers, Dick Lanham, Frank Hommel and hostess, Mrs. Arlie Wood.

## PATHFINDER CLUB

The Pathfinder club will meet Friday at 4:30 at the Presbyterian church with Mrs. Walker Lane, Mrs. Frey and Mrs. Walter Flynt as hostesses.

Miss Evelyn Jean Wood spent last Saturday evening with her grandmother, Mrs. Edd Hodges.

## MRS. SWINNEY HOSTESS TO WINDY VALLEY CLUB

The Windy Valley quilting club met March 17th in the afternoon at the school house. Two quilts were quilted. Several members are going to do sewing for the Red Cross.

Members present, Mesdames Cap Anderson, W. F. Barker, Luther Crome, Marvin Crome, I. M. Noble, Lacy Noble, Daught Swinney, John Swinney, C. C. Ayers, Bert Ayers, Carl Barker, Charlie Molder, Harvey Shaw, Broudon, Angel, four visitors, Mrs. McCoy, Mrs. Stogner, Mrs. Mobley, Mrs. Suttle.

Next meeting will be March 31, Mrs. Lacy Noble as hostess.

## Red Cross—

(Continued from Front Page)  
es us of more material and knitting yarn before long.

It is surprising to a good many people what a great amount of work has been done by the Donley County women. Visitors are always welcome during our opening hours from 3:00 until 5:30 each afternoon.

There are still 52 men's shirts ready to issue. Anyone wanting to make these shirts, please call at the Production room, as we are anxious to get these out by the 18th. 12 were issued to Mrs. C. L. Benson for the Home Demonstration Club, 12 to Mrs. Cap Lane for the T.E.L. Class, 12 to Mrs. Clyde Bridges of Hedley, and 6 to Mrs. Frank McClure.

Three women's blouses were completed by the Martin Community. Six men's night shirts were made by Miss Eula Naylor, Mrs. W. H. Davis pieced and put together a quilt top for the Red Cross.

Mrs. Otis Naylor donated several bleached and washed feed sacks, which are used for lining of quilts.

Homer Parsons gave over 100 handkerchiefs to the Red Cross. These will be shipped with our garments for refugees.

Mrs. C. R. Skinner has taken a box of quilt scraps for the Friendship Club.

The 1930 Needle Club, which met the past week at Mrs. V. W. Carpenter's, very kindly helped with thread for the Soldier's Kits. This club voted to make bed articles for the Army and Navy Hospital at Amarillo. Mrs. Fred Russell is president of this club.

**Soldier's Kits**  
Thursday Mrs. Dick Lanham, Mrs. Donald Ballew, Mrs. Floyd Lumpkin, Mrs. C. L. Benson Jr., Mrs. Geo. Norwood, and Mrs. Leona Jones completed the housewives with buttons, needles, pins,

and thread. We are delayed completing these kits because of delays on shipments, but we hope our order will be complete next week and kits will be ready to ship the first week in April.

Mrs. A. T. Jefferies, Mrs. Clyde Cruse and Mrs. H. F. Harter turned in the last of our quota for kits.

A very nice bundle of wool garments which can be used for afagans was left at the Red Cross room with no name. We were very grateful for this donation. Mrs. Alfred McMurtry donated some baby shoes.

## HOME SERVICE

**Mrs. C. A. Burton**  
The WIRES, women in Radio and Electric Service, are women in training for communications work at various schools throughout the country, under the nationwide training program of the Army Signal Corps.

These are civilian groups, but the Women's Army Auxiliary Corps will take into its ranks qualified members who wish to enroll. They are placed on inactive duty status while in training. Their pay varies and is determined by the course taken. Since they are not exposed to the hazards of war, they are not eligible for Red Cross Service.

Members of the WAACS may make allotments of their pay under the same regulations which control soldier allotments, but they are not eligible for family allowances, which is the government contribution.

The Marine Corps has announced the establishment of a Women's Reserve. They are asking for an enlisted personnel of 18,000 women, with 1000 officers. They will receive their first training in WAVE schools, and later will be assigned to Marine Corps training centers, posts, and stations to release men for active service with fighting units. Their duties are largely clerical or such mechanics as can be carried on by women.

Women who join any of these organizations who leave a position in the employ of the United States will be restored to a like position at the expiration of her period of service. Reinstatement in private employment is left entirely to the private employers.

A change has been made in War Department regulations in regard to nurses. They will now be assigned to duty as the needs of the service require without reference to their martial status, and they will not be transferred because the husband may be serving at the same station.

Careful instructions as to the procedure for applications for discharge of men over 38 are given. I shall be glad to pass these on to any one interested. Many Army regulations change over night, it seems, but we are sure changes are never made without due course.

Mr. and Mrs. C. C. Gilbert are at Mineral Wells for medical treatment for Mrs. Gilbert.

## Last Rites Held for Mrs. Josie Bynum

Funeral services were held Sunday March 21 at the Methodist church at Lelia Lake for Mrs. Josie E. Bynum with Rev. Vernon Willard officiating.

Mrs. Bynum was 67 years old, and passed away last Friday at her home in Lelia Lake. She is survived by her husband, A. B. Bynum; three daughters, Mrs. Geneva Hinton, Faye Boswell and Mrs. Hazel Carter; one son Loy W. Bynum.

Pallbearers were Carol Lewis, Bud Jones, Dick Sargent, Ferrell Floyd, Willard Knox and Quinn Aten.

Burial was in Citizens cemetery with Womack Funeral Home in charge of the services.

Chester Hodges and family of Hereford spent Saturday night and Sunday with his mother and brother, Mr. and Mrs. Edd Hodges.

Mrs. Mottie Hudson has returned home from a visit with her son and wife, Mr. and Mrs. Neely Hudson at Goldston. Mrs. Robert Green and daughters Lee Ann and Judy of Munday are spending the week in the G. L. Green home. Helen Louise Green of Dimmitt spent the week end with her parents, Mr. and Mrs. G. L. Green. Mrs. E. J. Wise has returned home from a visit with her mother Mrs. Mary Patty and sister Mrs. Will Morris at McClave, Colo. Glen Hoggatt of Abilene visited the week end with his family. Perry Wood and wife of Amarillo spent last Sunday in the J. D. Wood home. Miss Della Wood, L. L. Wood and wife, Arlie Wood and family was evening guest in the J. D. Wood home Sunday evening. Mrs. Sam Lowe returned home from a visit at Dallas. Those attending the burial of Mrs. Roach at Lipan were her son, Wade Roach and her daughter, Mr. and Mrs. Harris and Mrs. Sam Lowe. Mr. and Mrs. Douglas Doshier of Benjamin spent the week end with his mother, Mrs. Genoa Doshier and sister and family, Mr. and Mrs. Walter Lowe. Mrs. Doshier accompanied them home for a visit. Mrs. Lute Vandergrif of Canyon and Mrs. Saxton of Miami visited Mrs. Roach while she was in the hospital seriously ill.

**Personals**

Mrs. Weldon Warren was taken to the home of her mother, Mrs. Monty Garrison in Vernon Friday morning by a Womack Funeral Home ambulance. Miss Willie Davis was returned to her home in Alanreed Monday by a Womack Funeral Home ambulance. Mr. Nelson Seago was returned to his home in Lelia Lake Friday morning by a Womack Funeral Home ambulance. Mrs. Landis Doshier of Okla. City visited friends in Clarendon last week. Mrs. Lon Rundell took her daughter-in-law, Mrs. Haskell Kemp to Okla. City Monday where Mrs. Kemp will receive medical treatment. Mrs. Paul Shelton of Dumas visited Mrs. E. M. Ozier over the week end. Mr. and Mrs. Frank Bourland and Mrs. Earl Lea were in Amarillo Tuesday. Mrs. Roy Beverly left Monday for Claude for an indefinite visit with her sister, Mrs. E. L. Berry. Mrs. S. P. Kunz returned home Saturday from a week's visit at Dallas. Mrs. Mary Hazel Van Zandt and son Joe of Tulsa are visiting this week with her parents, Mr. and Mrs. J. H. Hurn. Mrs. Fred Wewerka and sons Freddie and Frank and sister Miss Mildred Martin of Frederick, Okla. visited in the homes of Mr. and Mrs. Bill Patman and Mr. and Mrs. Milton Shaver the week end. Artis Patman has been moved to the convalescent home at the Walter Reed hospital at Washington. Mrs. L. Ballew had for weekend guests her daughter, Mr. and Mrs. Carl Gilliam and Sgt. and Mrs. Beagle of Lubbock and Mrs. Clem Gilliam of Dimmitt. Mr. and Mrs. Ray Ferguson and Mrs. Doss Palmer and Mrs. Hattie Palmer were Amarillo visitors Saturday.

**"DO YOU REMEMBER" CLUB HOLDS ITS FIRST MEETING**

The "Do You Remember" Club held its initial meeting Sunday, March 14th at the beautiful ranch home of Mr. and Mrs. Robert Parks near Hope, New Mexico. The only requirement for membership in this club is to have lived in Clarendon and attended Clarendon Public School, and recited Geography to Miss Stevens. In spite of rations and points, a bountiful and delicious dinner was served during the noon hour. The afternoon was spent calling to mind former school mates and teachers and looking at school group pictures. Those present were Earl Naylor, Mrs. Earl Naylor (Mary Cox), Ina Naylor Crunk of Carlsbad, Rodney Baldwin, Mrs. Rodney Baldwin (Will Nell Richards) of Artesia, Sada Gray Payne and daughter Bobbie Gene of Hope, Locky Hodges Trigg of Fort Sumner, Minnie Ferebee of Roswell, and the genial host and hostess, Mr. and Mrs. Robert Parks (Enoree Hodges).

**ATTEND FUNERAL HERE**  
Relatives attending the funeral services of Mrs. Roach here were her daughter, Mr. and Mrs. Harris of Gruver, Mr. Jim Allen and Mr. and Mrs. Charley Allen and son of Tulsa and Mr. and Mrs. Bower of Pampa. Mrs. Frank Bourland returned home Thursday night after being with her daughter and family a month where there was sickness.

*Sailcloth*

**PUTS A GAY FACE ON IT!**

There's nothing like sailcloth - - for wear - - for economy - - for quickly turning a drab, spiritless room into a bright, happy one! We present this gay and sturdy fabric in a new group of mix-and-match designs for draperies and slipcovers. A large, sunny floral pattern - - a smaller floral design - - a multi-stripe - - and a plain woven cotton. All in a wealth of harmonized color combinations, to assure decorator-perfect results! See these new sailcloths at our Drapery counter.

**Farm Workers Get New Classification**

College Station, March 24—Essential farm workers over 38 years of age and in Class IV-H will be reclassified in Class II-C or Class III-C now or prior to May 1, the Texas USDA War Board announced this week.

Purpose of the reclassification is to place workers beyond military age limit into classes to which they properly belong by reason of occupational, dependency or other status.

The war board added that usual rules regarding induction and deferment will apply to reclassified men if and when men over 38 years are called into the armed forces.

Announced several days ago, the four-point program agreed upon by the Manpower Commission, the Selective Service System and the Department of Agriculture is to keep necessary agricultural workers on the farm.

Points covered in the program are as follows: (1) State and county USDA war boards are authorized and instructed to seek deferment of necessary farm workers when the worker or employer fails to request deferment, and to take appeals from local board decisions regarding farm workers when such action is justified;

(2) Local draft boards will refer to war boards farm workers who are not producing sufficient agricultural units to justify classification in Class II-C or III-C and will allow 30 days for placement where workers can produce the required number of units;

(3) Local draft boards are instructed to classify in Class II-C or III-C any registrant with agricultural experience who has left the farm for other work, provided he returns to agriculture and becomes regularly engaged in and essential to it prior to his receipt of order to report for induction into the armed forces;

(4) Local draft boards are instructed not to reclassify necessary farm workers out of deferred classification, even if calls for military manpower remain unfilled.

**Graduating Airmen Hear Address By Lt. Col. White**

PAMPA, March 18—Teamwork is the most important of all factors in successful air operations, newly commissioned second lieutenants and flight officers of the Pampa twin-engine flying school were warned today by Lt. Col. John W. White, commanding the Childress Bombardier School.

"You will find yourself the focal point, the captain, and in many instances the coach of your combat team. Your co-pilot, bombardier, navigator, aerial engineer, radio operator and gunners comprise the other members. This team will be no stronger than its weakest member," Lt. Col. White, himself rated senior aircraft pilot, expert bombardier, navigator and gunner, asserted.

"If you, as pilot, commit errors in piloting, your team suffers. Without precision navigation you will find yourself a member of a five-man raft adrift at sea—lucky if you are picked up. In combat you will last only so long as your gunners are capable of adequate defense.

"Your bombardier—the only reason the bombardment airplane was built; that you were taught to fly it; that navigators take it to its target; that gunners are trained to defend it, was to permit your bombardier to destroy the targets of your enemy.

"Please believe me when I say it is imperative for you as pilot and captain of a bomber crew to know as much as possible about the jobs of your crew members," the speaker stressed.

"The grim game of war, which you are about to join, is now perhaps in the closing minutes of the second quarter. Thus far our forces have, in many instances, been forced to 'punt' on first or second down. The enemy has had the ball deep in our territory, but we are beginning to work it up toward midfield. Thus, I would say, you are going into action at the 'half'—with no 'time out'—and with the ball short of midfield, first and ten to go. Your enemy is tough; his one and only rule is to

kill or get killed. You must get tough. Offer him no quarter and expect none from him," the bombardier commander asserted.

To the pilots being assigned to fighter, reconnaissance, and light bombardment, the speaker said: "You also, must develop the required degree of teamwork so essential to your own protection and your ultimate success."

**USDA War Boards Recommend To Draft Boards**

College Station, March 20—Texas' 254 county USDA War Boards were handed the job this week of assisting in the selective service classification of agricultural registrants.

County war boards were asked by Secretary of Agriculture Claude R. Wickard, to make requests immediately for the deferment of registrants who are necessary farm workers and farm operators not now in Class II-C or Class III-C and whose deferment has not been otherwise requested.

To be eligible for Class II-C or III-C, a registrant must be necessary to and regularly engaged in an agricultural occupation or agricultural endeavor essential to the Food for Freedom program.

"The young men of Texas who are producing Food for Freedom are serving their country as loyally as though they were in the Armed Forces," B. F. Vance, chairman, Texas USDA War Board, said and added that "The farm boy's overalls are his uniform, and it's an honor to wear them."

At the same time, he appealed to all Texas farmers and ranchers to plan for maximum war production this year, despite the shortages with which they are confronted.

Basis for recommending deferment of farm workers will be data taken from the 1943 farm plan sheets, which now are being signed throughout the state, and from the farm manpower inventory, a part of the production plan sheet.

Although county USDA War Boards will make recommendations, the final decision for classification of an agricultural registrant will be made by local selective service boards.

To preserve vitamin C content, use a sharp knife instead of a grater to cut fruits and vegetables for salads. University of Texas home economists advise. The more the foods are bruised or exposed to the air, the greater the loss of vitamin C.

**Woman Tells War Dept. About It**

Amarillo—Bascom White, Art Hawks, J. A. Adams, Dub Scott, Neil Shaw and Walter Ridelsperger, all Amarillo men in the navy service "somewhere in the Atlantic," have sent a copy of the following letter to be run in the Jeep. These men swear it is an actual letter received by the War Department in Washington, D. C., and has been posted on the bulletin board of the Seabee base where the Amarilloans are stationed. The letter follows:

"Dear Mr. Headquarters: "My husband was induced into the surface one month ago and I ain't herd no from him since he was gone.

"Please send my elopement as I have a 4-month-old baby and he is my only support and I need it every day to buy food.

"Both sides of my family are very old and I can't suspect any-

thing from them as my mother has been in bed 13 years with one doctor and she won't take another.

"My husband is in charge of a spittoon. Do I get more than I am going to get. Please send me a letter and tell me if my husband has made application for a wife and one child and please send me a wife form to fill out.

"I have already written Mr. Wilson and git no answer. If I don't git no answer from you I will write to Uncle Sam about you and him."

The Amarilloans report a bit of chilly weather where they are located although "it is beginning to warm up for sure." They invite everyone to write them in care Navy 8165, New York City.

**Coop Farmers Beat Feed Price Increase**

College Station — "If farmers weren't resourceful they could not stay in business," C. E. Bowles of

the A&M College Extension Service staff concludes after a survey of the feed grain situation in the state. He is the Extension organization and cooperative marketing specialist.

It was good news to farmers who were called upon to step up production of beef, pork, milk and eggs that West Texas had produced a good crop of grain sorghums in 1942. At harvest time feeders could buy this grain for about 75 cents a hundred. But by mid-January the price was \$1.30 and a month later \$1.40.

Prices for milk, beef, pork and eggs being pretty well frozen do not respond readily to increases in production costs. But farmers found a way to carry on despite mounting cost. Here and there groups began pooling orders for feed and buying in carlots. By sacking the feed and taking it from the car, and at the same time foregoing such luxuries as charge accounts and deliveries, they were able to save 40 to 50 cents, and often more, per hundred. The idea spread rapidly.

## First B-24 Liberator To Be Produced In Texas Makes Maiden Flight

Dallas, March 21—A grim-looking, four-motored bomber from brand-new assembly lines roared into the Texas skies on its maiden flight here this past week. It was the first B-24 Liberator to be produced by North American Aviation, Inc., in its newest manufacturing plant.

Even as the huge plane took off, without ceremonial fanfare, after 319 days after the U. S. Army Air Forces' contract was signed to bring North American Aviation into the program of manufacturing Consolidated B-24 Liberators, the company's second B-24 was moving toward the final stage of construction.

And J. H. Kindelberger, president of North American Aviation, Inc., announced from his Inglewood, Cal., office, that "there are many, many more to come" from this new plant, which is a complete manufacturing unit.

The maiden flight of the first four-engine bomber ever built by North American was another tri-

bute to American industry's all-out cooperation to produce the weapons of war in Axis-staggering volume.

### Mother and Daughter Join WAACS

Lubbock, March 12—Even the busy office force stopped work here today to watch in respectful silence as Mrs. Abbie Lee Strickland and her daughter, Louie Lee, of Odessa, were sworn into the Women's Army Auxiliary Corps. The Stricklands might have been mistaken for sisters instead of mother and daughter as they stood gravely before Lt. Ann Markusich while she administered the oath that made them members of this nation's first women's army.

Dark-eyed, vivacious Louie Lee, 22, and youthful, red haired Mrs. Strickland, 38, could hardly restrain their emotion as other WAAC officers and auxiliaries

By Bureau of Public Relations, U. S. War Dept., Wash., D. C.

**CALL TO THE COLORS**—And the Women's Army Auxiliary Corps marches to the field to replace able bodied enlisted men in rear-line jobs. In the WAAC are opportunities for American women 21 to 44 years old, inclusive. Those who enroll receive pay equal to a soldier's—for equal rank and grade. Every woman who enrolls has an equal opportunity to advance to specialist rating, non-commissioned officer grades or Officer Candidate School. Additional information and application blanks for enrollment may be obtained at any United States Army Recruiting Station, WAAC officers are on duty at many of them.

crowded around to offer their congratulations.

"If only Dad could see us!" Louie Lee exclaimed.

But "Dad" is a sergeant with the U. S. Army Engineers "somewhere in England." Needless to say, he would have been proudest of all to see his wife and daughter join the women's army corps that makes them soldiers right along beside him.

"We've been wanting to do this every since Dad left last August," explained Mrs. Strickland. "After all, practically every member of the family is serving Uncle Sam and Louie Lee and I just couldn't be out of the picture."

Mrs. Strickland has a brother in the U. S. Marines who was there to do his part on December 7 at Pearl Harbor—another brother is in the army, and her oldest daughter's husband is now in Officers' Candidate School.

"I guess sister would be in here

with us too, if she didn't have a tiny baby," laughs Louie Lee. "My, how she envies us!"

The Stricklands are native Texans and proud of it. A veteran of the last World War, Mr. Strickland lost no time joining again to fight for his country. And now the family is 100 per cent U. S. Army.

Mrs. Strickland and her daughter were placed on the reserve list following their induction and returned to Odessa to await their call to active duty. They will be sent for their basic training to WAAC training posts at either Fort Des Moines, Iowa, Daytona Beach, Fla. or Ft. Oglethorpe, Ga.

With the West Texas district still far behind its 584 quota for the first quarter ending March 31, WAAC recruiting officers are bending every effort to keep this area from being bested by other districts. Lts. Markusich and Gardner are now making a two-weeks' tour of the territory to contact all girls and women interested in enlisting.

potatoes doubtless will result in Texas producers reaching the acreage set for them," B. F. Vance, Chairman of the board said, and explained that growers who had been asked to produce sweet potatoes had expressed the opinion that attainment of goals would be contingent upon fair prices.

The state goal under this year's war production program recently was increased to 95,000 acres, which is 35,000 acres more than the original goal announced in December.

A streamlined version of "Time Staggers On," student-written and student-produced musical comedy presented by Theta Sigma Phi women's journalism fraternity at the University of Texas, is being taken on a tour of military camps in Central Texas.

## United Gas Co. Employing Women

In spite of losing 700 men to the armed forces, United Gas Pipe Line company and associated companies are continuing to meet the needs of war industries and other customers by employing women. When the men marched off to war, the women marched in to fill the gap.

At many company locations women have taken on such jobs as firemen, oilers or dispatchers after a training period under expert supervision. There are women chart changers, warehouse clerks, draftsmen, blueprint and photostat helpers, even an engineer, all on jobs formerly done by men.

Organizations such as United Gas Pipe Line company and its associated companies are essential to the war for the production, transportation and processing of natural gas and oil. Men can be deferred unless they are readily replaceable. This has not been done, however, except when the work of men is of such nature that they cannot be replaced within a reasonable time and when loss of the men will mean an impairment in the operation of the companies.

Employment of women has been greatest in the offices where they are filling the jobs which formerly would have been taken by the younger men of the organization, such as in the accounting and engineering departments and the many other clerical jobs which are necessary in the work of supplying the Gulf South with Natural Gas.

Both the men and women employees of the United Gas Pipe Line company and its associated companies know that continued operation is essential to the success of the war effort. Natural gas must flow steadily to the city gates and industries of the Gulf South area to make possible the ever-increasing flow of war material to our armed forces and to our Allies.

It still takes male pipeliners to operate United's more than 6000 miles of pipe lines, but "Take a letter, Miss Jones," no longer defines the scope of duties of women employees.

## Gets \$35 A Word For Suggestion

Franklin Myers, 26-year-old employee of General Electric, doesn't belong to the Author's League, but has received \$35 a word as a writer, a word rate that puts him in a class with the late Calvin Coolidge and Will Rogers. What Myers wrote was a suggestion for improving radio transmitter production and for the 14 essential words the Company, through the Suggestion System, awarded him a \$500 check. Specifically, Mr. Myers suggested a change in screw machine operation which eliminates a grinding operation in production of a small worm gear for transmitters being made at the Schenectady, N. Y. plant, for the armed services. This will save approximately 6000 man hours a year. Before entering the employ of General Electric last year, Mr. Myers was a stockroom clerk for wholesale drug and meat packing firms.

## Electricity helps make his "tin hat" TOUGH!

No soldier in the world today has a better, tougher helmet than our own fighting men. It's made of manganese steel—the toughest, strongest protective steel that science and industry together can produce. And it's made in electric furnaces at 3,000 degrees Fahrenheit!

By helping make steel strong, electric power makes West Texas and Uncle Sam strong, too.

One big basic reason for Uncle Sam's matchless war production is America's abundant power supply, over 90 per cent of which is supplied by electric companies like the West Texas Utilities... operating under well-balanced business management and manned by men and

women with training and experience in production problems.

This power was ready when war came because these men and women already had the "know-how" and the freedom to plan and create—the initiative to invent and improve—for everybody's benefit.

This, too, is why the average West Texas home today gets twice or three times as much electricity for its money as just ten or fifteen years ago!

It's the reason why electricity will be on the job to help rebuild a battered world—after we have won the victory and the peace.

**West Texas Utilities Company**

INVEST IN AMERICA

Buy War Bonds and Stamps!

### TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary  
Donley County ACA

Instructions have been received in the County Office that will allow farmers to overplant their cotton by 10%. A great many farmers do not intend to plant even up to their allotments, but one of the farmers wish to do so. This increase is for the purpose of

**"DON'T FORGET A SHOT OF CUTTER'S BLACKLEGOL. THAT'S JUST AS IMPORTANT AS BRANDING!"**

### BLACKLEGOL

\*We have no hesitation in recommending this potent vaccine for the one dose immunization of suckling calves. No other vaccine approaches it in immunizing value.

Let us quote our low prices on Blacklegol and your other vaccine and drug needs TODAY!

Norwood Pharmacy  
Authorized Cutter Distributor  
Reliable Prescription Service

trying to get at least the state cotton allotment planted rather than an actual increase over the state allotment. We are told that on an average the state over, farmers underplant the county allotments from 10% to 15%. Much land also that should be producing vegetable oils can produce no other kind except cotton seed oil, some due to type of soil and others to erosion hazards.

The following is an example of 10% increase which is allowed over the cotton allotment: A farmer having a 45.0 acre allotment may plant 10% more or 4.5 acres over his allotment or 49.5 acres without being considered overplanted. Farmers want to be sure not to get over this allowable overplanting as planting more than 10% over the allotment incurs the same penalty as before on acres just above the allotment, and remember we are not allowed to plow up cotton this year as we have in the past.

The increase in amount of cotton that can be planted does not increase the amount of money that can be earned. As long as not more than 10% above the allotment is planted, the same amount of money may be earned on the cotton part of the farm.

Under cotton crop insurance this allowed 10% increase is covered. That is, if not more than 10% is planted in addition to the allotment, premium will be charged and indemnity will be paid on the planted acreage.

In growing vegetables for sale on the fresh market, producers should pay particular attention to the kinds of vegetables for which increases have been called. The vegetables that are needed are listed in the order that they are needed over the United States: carrots, kale, snap beans, lima beans, beets, sweet corn, and tomatoes. Other vegetables and preferences are: cabbage, onions, spinach, green peas, asparagus, green peppers, cauliflower, egg plant, lettuce, cantaloupes, watermelons, celery and cucumbers. On the first mentioned vegetables the government has even gone so far as to set a supporting price to protect growers.

### H. L. Devenport Passes Away

Funeral services for H. L. Devenport, aged 76, and long-time resident of Donley county, were held Saturday afternoon at the Church of Christ with the minister, M. F. Manchester, officiating. Interment was made in Citizens Cemetery.

Pallbearers were J. D. Wood, W. E. Hodges, R. O. Thomas, Sid Endsley, Frank White Jr., and Walter Hutchins.

Death came to H. L. Devenport Friday, March 19, 1943, at the age of 76 years. He was born in Mississippi in 1866, and came to Texas at the age of 10 and settled in Williamson County. He was married to Miss Mattie Garner in 1893. To this union were born 8 boys and five girls, ten of which are still living.

Mr. Devenport had lived in Donley County 25 years and had been engaged in stock farming during that time. He raised his family here and was a devoted man to his wife and children at all times.

Besides his widow he is survived by the following children:

Clarence Devenport of Whitney; Charley of Canyon, Jay of Wilson, Okla.; Ira and Ralph of Clarendon; Woodrow of Ft. Benning, Ga.; Mrs. Robert Thompson of Carter, Okla.; Mrs. Oscar Wilkison of Clarendon; Mrs. Hubert More of Pampa; Mrs. Lola Cloyd of Dalhart; and 29 grandchildren.

With the passing of Mr. Devenport, Donley County lost one of her outstanding citizens, loved and respected by all who knew him. He was not a type of man to flaunt his charitable deeds. He was always ready to help those who needed help, and many a time he neglected his own work that he might help others who had met with some misfortune. His honesty was unquestioned by his fellow man, and his word was better than any signed note that was ever made. He more than met the hardships of life—he not only carried his own but was willing to share the burdens of other men. His sound character and agreeable disposition gained him a legion of friends who will miss him greatly since he has gone.

Mr. Devenport never affiliated with any church, but on the other hand communed with his maker in his own way. He left no riches upon this earth to speak of, but throughout his life laid away heavenly treasures which will remain through time eternal. His indelible characteristics which were finely woven in the pattern of every day life will long remain after his memory has been erased with the fleeting years.

Mr. and Mrs. J. W. Hill have returned to their home at Wichita Falls after visiting with her parents, Rev. and Mrs. E. L. Moody.

### Time to Vaccinate Meats and Fats—Your Horses

The time to vaccinate horses for "Sleeping Sickness" is during the month of April says county agent H. M. Breedlove. "During the last several years we have had outbreaks of the disease," the county agent said, "and this can easily be prevented by vaccinating the horses in the spring. It takes the vaccine fifteen days to set up an immunity and requires two shots of vaccine seven days apart. The immunity only lasts one year, so farmers and ranchers who wish to vaccinate against the disease should do so in the coming month. The disease is spread from one animal to another by various insects and every animal is not susceptible to the disease.

Experiments have shown that only about one out of every eight horses will take the disease. It is better to be on the safe side and vaccinate against the disease than lose one of the good horses on the farm or ranch. The vaccine can be secured from any of the local drug stores. I believe that an early vaccination will hold the disease to a minimum."

#### CARD OF THANKS

We wish to thank the means of thanking our many friends for their words of sympathy and deeds of kindness during the illness and death of our dear loved one; also for the beautiful floral offerings which esteemed his memory. May God's richest blessings be yours is our earnest prayer.

Mrs. H. L. Devenport  
and Family.

### Mrs. T. M. Roach Dies From Injuries

Funeral services were held Saturday morning at the Methodist church for Mrs. T. M. Roach with Rev. J. O. Quattlebaum Jr., officiating.

Mrs. Roach passed away last home have been given equal consideration, along with the other demands upon our limited resources.

### Mrs. T. M. Roach Dies From Injuries

Funeral services were held Saturday morning at the Methodist church for Mrs. T. M. Roach with Rev. J. O. Quattlebaum Jr., officiating.

Mrs. Roach passed away last home have been given equal consideration, along with the other demands upon our limited resources.

Friday as a result of injuries received the week before. She had been a resident of this city for the past 22 years and was 67 years old at the time of her death.

She is survived by a son Wade Roach of this city and a daughter, Mrs. W. L. Harris of Gruver.

Pallbearers were J. W. Rhodes, J. T. Patman, J. H. Hurn, J. R. Bulls, R. Y. King and Pink Rodgers.

Her body was taken overland to Lipan, Texas where services were held Sunday. Interment was in Evergreen Cemetery there.

Buntin Funeral Home had charge of funeral arrangements.

## BALANCE BOTH YOUR BOOKS HERE

Our vast variety of plentiful QUALITY Foods --- our full stock of rationed items --- and our uniformly low prices combine to make it easy for you to balance BOTH your "Point Ration Book" and your Pocket book. "Point Rationing" governs the amount that you may buy of certain foods. It does not govern the price. Prices are fixed only at the top --- and we've kept our "ceilings" low by passing the savings of our economical storekeeping along to customers.

### MEAT TO BE RATIONED

--- but not the quality. Starting next Monday, your meats and fats will be rationed but you can be sure of one thing --- and that is. Our high Quality, grain fed Beef --- and we can tell you now that quality meat will come nearer filling your vitamin requirements and will make your red stamps go farther.
