PLOWIN' Out the CORNERS

by Uncle Zeb

Jesse Cope, from up Colorado way, sends me a few clippings. He seems to think I am about "Out of soap." Could he have insinuated anything by including this on — A dog is loved by old

and young; He wags his tail, and not his tongue.—He couldn't have been referring to me as I use a typewriter; don't hardly talk out loud a 'tall anymore - - - Thanks Jesse for sending us the clippings and thinking about us.

Had some cards; not the nice kind especially, from Harold Cobb, as he so-journeyed in California and peaks west. Glad to hear from these folks and to know that they were seen' so many points of interest. Thanks again. - - -

Uncle Bob sends me a beautiful

card showing the Princes Street Gardens & Scott Monument in Edinburgh, Scotland. He comments also on the article I wrote about the Armstrong County Jail, or as a Scotsman would spell it Gaol. Anyway, he says that he would hate to see them ever tear it down and suggests that if it is not good enough for a "Gaol" for them to let the Ain't Smoking Right Now Society have it for a club room - - Down to here I appreciate his suggestion, but he goes on to say that the reason for this suggestion is that there would be a lot of rooms and hiding places where the members could sneak off and smoke a cigarette on the sly. Don't see how he could say such a thing; sounds like he might doubt our sincerity; "Siding" in with Uncle Jay. - - - Thanks Uncle Bob for the suggestion, maybe the Commissioners will think about it; maybe I could get them to join. Thanks anyhow, for dropping us a line.

Memberships mailed out this week include the following folks who mostly Ain't Never Smoked or, in other words are honorary members in the ASRNS. Milton Boone, who grew up around here and is now a leading professor in one of our best universities, and Herbert and Elmo Barrett, father and son of Happy, Texas, who also used to be home-folks around here. I feel honored to have them as members and to know that they read our column. Thanks a lot.

Another nice letter comes from one of Mama's Aunts. She comments on the jail story but says that she would have enjoyed it

better with Uncle Zeb on the outside, that he just don't belong behind the bars. That goes to show how far off the beam Uncle Jay was the other morning when he read the story. Anyway, she is interested in a story on the passing of the Little Red School house. A lot of her life was spent teaching in them and she hates to see them go. Thanks Aunt Mayme Somerville of Wellington for the suggestion and the nice letter; we might try to do as you say sometime.

When you read this it will be time to start thinking about going to the Queen Contest sponsored

by the Farm Bureau in Donley County at Lelia Lake. Sure hope we can see you there.

OUR CEMETERY

The Trustees of the Citizens Cemetery report that so far this year they have kept 3 men at work since last March and much has been accomplished in the upkeep. Up to the present sufficient donations have been made to care for the expenses of the up-keep; however, funds are about exhausted and additional donations are needed to carry on the good work until frost.

If you have not contributed to the Cemetery yet this year you are urged to do so as soon as possible. Any that have contributed and can make a second contribution will be appreciated.

Mail or hand your donations to W. W. Taylor, Odos Caraway, A. L. Chase, Trustees in charge.

Last Sunday Mr. and Mrs. Buster Campbell gave a big chicken barbecue which was attended by friends and relatives from Claude, Clarendon, Brice, J. A. Ranch and other places. The ladies carried a covered dish which added greatly to the already bountiful supply of food. Forty or more were present for supper and at the noon hour twenty were present.

Safety in the home is just good home management.

SOCIAL SECURITY NEWS

Q—Who can get monthly survivors benefits?

A—Survivor's benefits are payable to: (1) children under 18; (2) widows with children under 18 in their care, regardless of the widow's age; (3) widows 65 or over, regardless of whether they have dependent children in their care; and (4) aged parents — if the worker leaves neither widow nor child who could qualify for monthly benefits, and if the worker was the chief support of the parents at the time of his death.

Q—Who can get retirement benefits?

A—Monthly retirement benefits are payable to: (1) the worker when he is 65 or older and stops work; (2) his wife when she is 65; and (3) his dependent children under 18.

Q—Who can get the lump-sum payments?

A—The lump-sum is payable if there is no one eligible to receive monthly payments at the time of the worker's death. This payment

will go to the widow or widower if they were living together at the time of death, otherwise it is payable as reimbursement to the person or persons who paid the funeral expenses.

For further information write the Amarillo social security office or contact the representative when he is in Clarendon. Floyd B. Ellington, Amarillo office representative, will be at the County Court House, Tuesday, September 13, at 9:00 a. m.

Preaching Lawyer Becomes Evangelist

Texts instead of briefs, decisions for Christ instead of judgments in court, are now the consuming interest of Clifton W. Brannon, Longview, Texas attorney.

He has severed a very profitable business and professional connection to enter the field of full-time evangelism. He has been secretary and general counsel for R. G. LeTourneau, Inc., and affiliated firms.

Relating how energy and need

had driven him at an early age to the peak of a lawyer's ambition—practice before the Supreme Court of the United States—Cliff Brannon asserted: "When at the close of my message at Elk City, Okla., last Sunday, two strapping big men, among others, came to accept Christ, I got a bigger thrill than when I first stood before the nine solemn men of the Supreme Court."

Brannon, now first vice-president of the Baptist Brotherhood of Texas, has spoken in over 300 churches since 1946. During the last 12 months, he has addressed 226 church groups. The heavy schedule of church engagements in addition to his professional duties led to such physical strain he had to drop one or the other. He chose religion.

Mammoth Airplane To Visit Dallas August 27th

Texans will have a chance to see the Navy's giant Constitution, the world's largest commercial-type airplane, when the mammoth ship visits the Naval Air Station in Dallas Saturday, Aug. 27th.

It will be on display from 9 a. m. to 5 p. m. on that date and civilian visitors will be admitted to the naval base during those hours to see and be escorted thru the big ship.

More than 28,000 Texans were taken on a tour through the Constitution when it visited Dallas, unannounced, in May. Twice that number are expected to see it on its August visit.

Aboard the big plane will be 97 midshipmen from the Naval Academy at Annapolis, Md., who are

making an air cruise of the nation. They will be given a formal greeting by the Dallas Invites You civic hospitality committee on arrival at the Texas air field. Built at a cost of \$15,000,000, the Constitution's size and facilities make it comparable to a "flying city." A Pullman car, two box cars and a city bus could be stored in its fuselage. Twenty-five homes could operate at a peak load off its electrical system. Its rudder towers five full stories high.

Three decks of cabins on the big craft allows a passenger capacity of 180, plus a crew of twelve. In the ship's galley, 300 meals can be prepared on each flight.

The Constitution cruises at 300 miles an hour, carries a gasoline load of 10,000 gallons and could fly non-stop from Dallas to Paris, France.

OLD PATHS
By **DOYLE WILLIAMS**
Minister
Church
of Christ

Faith is a part of the human side of the plan of salvation. God furnishes the testimony to be believed, and man is compelled to believe that testimony or be lost. Belief in this testimony is something that man can do for himself, and it furnishes a work for him to perform for himself; in the plan to save the human families. John gives us the purpose of performing this work for ourselves, when he said, "Many other signs truly did Jesus in the presence of his disciples, that are not written in this book; but these are written, that you might believe

that Jesus is the Christ, the son of God; and that believing, ye might have life through his name. Jno. 20: 30, 31. This gives us the thing to be believed, and the purpose for believing, that is, that we, "might have life."

Another condition in the human side of the plan of salvation is repentance. This God will not do for man, but man must perform this work for himself. Man must do his own repenting. God will not repent for him. God has furnished the leading power to cause men and women to repent, but repentance is an act of man; to change his life. Paul says "Or despise thou the riches of his goodness and forbearance and long suffering; not knowing that the goodness of God leadeth thee to repentance?" Rom. 2:4. Here God furnishes the goodness that will lead men to repent. The goodness is God's side of the plan, and repentance is a work for man to perform.

Confession is another work for man to perform for himself, and not in the divine side of the plan of salvation. God is not, and will not, do this confessing for man, but man must do it for himself. This act is not only to be done by man, but points out even, the

member of the man that is to do the confessing; that is, it is to be from the heart, and be done with the mouth. "For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation." Rom. 10:10. Then the Lord states what is to be confessed; he says, "Whosoever therefore shall confess me before men, him will I confess also before my Father which is in heaven." Mt 10:32.

Faith, repentance, and confession are all completed in man by his own work in them. These are all conditions acted upon by the works of men. God's work in the matter is to furnish the things that will cause men and women to have faith, repent, and confess Christ before men, but only man can do them, God will not do them for him.

Still another thing that saves us is baptism. God furnishes the water, and commands men to be baptized for the remission of their sins. Acts 2:38. God says "baptism saves us" I Pet 3:21. But baptism alone does not save any one, anyone more than faith alone saves a person; he must do all the works that God has ordained for him to do. He must not only have faith, but he must repent and confess

Christ, and when he does these, he is a fit subject for being baptized; otherwise, he just got wet.

God also informs us, that we are saved by hope. Rom. 8:24. Man can hope. God does not hope. This is only a work that man can do for himself, and God requires him to do it, God does not hope for man, but man must do the hoping for himself; and is just as essential in saving the human family, as any other part of the human side of the plan of salvation.

God has never done in any age

of the world the things that man can do for himself, but when man can not do for himself, then God takes over and supplies the need. (Adv.)

FBI GETS ITS TOP PUBLIC ENEMY

LOUISVILLE, KY. - Listed as the most sought after criminal on FBI files, Earl D. Bircham, is led into a police court here. Bircham was captured by a civilian after a gun fight in which one Louisville policeman was killed and another wounded. At left is a Louisville police officer, right an FBI agent.

Jail Break Here First Under Present Administration

There always has to be a first and Sheriff Guy Wright reports that the jail break Monday morning was the first during his 9 years as sheriff and the only one out of approximately 1,200 persons that he has had behind bars here during that time.

James Grady Gerald, age 25, charged with forgery, broke out of the county jail here Monday morning. He made good his escape by wrapping a blanket around several bars and twisting the cloth with a broken broom handle until one of the bars gave way. Another prisoner remained behind in the cell and stated that he did not care to escape.

Gerald was being held here awaiting being taken to the state mental institution at Wichita Falls.

Sheriff Guy Wright who was away on a trip to return another prisoner at the time of the escape, stated that no trace of the man had been found to date.

Negro Fined \$122.40 On Liquor Hauling Charge Here

J. D. Mills (colored) of Amarillo was fined \$122.40 plus the loss of six cases of whiskey the past week end after his secret hauling method was uncovered by constable C. Huffman.

Constable Huffman intercepted the negro on the highway west of town about 1 a. m. Saturday morning. Upon inspection he found several small gasoline drums in the back of the car revealing no intoxicants at first; but after lifting the drums and noticing their weight and also the fact that there was no lid on spout he proceeded to try to pour the contents out and at that time found that a flap had been cut in the bottom of the drums and they were neatly packed with the whiskey.

Constable Huffman remarked that he certainly appreciated the cooperation of local citizens in his work and emphasized that with further cooperation he and his department would do everything possible to make this a better place in which to live.

FROZEN FOOD DEMONSTRATION IN HEDLEY AUGUST 31

A demonstration on freezing both fruits and vegetables will be given at the home economics department of the Hedley High School on Wednesday, August 31, at 1:30 p. m.

The following firms are cooperating to sponsor the event: Moreman Grocery and Locker, Moffitt Hardware and Furniture, and Hedley Lumber Company. Mrs. Edna Lee Brown and her home-making students will be hostesses for the occasion. Miss Gladys Wright of the Greenbelt Electric Cooperative, Inc. of Wellington will be in charge of the program. A number of various prizes will be given away by the sponsoring merchants, to those that are in attendance. The public is cordially invited.

INEZ AGNES TURLEY

The Clarendon Public Schools and Jr. College will begin the 1949-50 session this next Monday August 29th at 9 a. m. This date will mark the ending of another enjoyable rest for a large number of students and teachers alike.

All Senior high school and Jr. College students will meet in the auditorium for instructions regarding enrollment at 9 a. m. All Senior and Junior High students are required to pay a library fee of \$1.00 upon receiving their books.

Vaccination for smallpox is required for all students who have not been vaccinated and all students entering the first grade for the first time must present a birth certificate upon enrollment. Elizabeth Stevens ward school will not be open until 9 a. m. Monday morning.

The North ward school will open at the same date and time as the above.

The cafeteria in the Jr. High will begin serving meals on Tuesday, August 30th. There will be a flat charge of 25c per meal. Tickets may be purchased by the week or by the month as preferred.

All teachers in the Elizabeth Stevens building are to meet at that building at 8 o'clock Monday morning.

The College bus will make the same run again this year as in the past, picking up students at Lakeview, Memphis, Hedley, Lelia Lake and points along the route affording students in the above stated area a much more economical Jr. College education than they could obtain elsewhere.

The list of teachers for all respective schools and departments are as follows:

Mr. Craig Johnson, supt. of the Lelia Lake Schools, announced this week that the regular fall term of school would start at Lelia Lake next Monday morning, August 29th at 9 o'clock. The usual enrollment procedure will be followed, Mr. Johnson stated.

Youthful Pianist To Present Program Here Tuesday

The 1926 Book Club is sponsoring the appearance here next Tuesday afternoon, August 30th of a talented and youthful pianist, Miss Inez Agnes Turley, who will present a varied program which will be enjoyable to both young and old and the club is especially urging all youth to attend. The program will be held at the Methodist church at 4 p. m.

Inez Agnes Turley, daughter of Mr. and Mrs. E. P. Turley of Burleson, Texas, and granddaughter of the late Mrs. Inez Myers of Clarendon, age 10 years old, began the study of piano with her mother at the tender age of two and one-half years; she also took dancing about the same time. So rapid was her progress that she has been on programs since she was between three and four years old.

She began piano under Silvio Scionti of Denton State College at 9 years of age and dropped dancing to devote all her efforts to music. She entered the National Piano Auditions the last three years and was a National Winner each time, playing 10 compositions from memory each year, and was given a Superior rating each time.

Dates for programs at various places are as far ahead as April of next year. She practices only two to three hours daily and leads a very normal life.

She loves Western movies, enjoys animal stories, especially horses and enjoys any kind of good music; also likes radio mystery stories and is a straight A pupil in school.

W. L. Landers, who has been seriously ill for the past two weeks in an Amarillo hospital, was reported slightly improved last night but still remains in a critical condition.

Mrs. J. A. Moreman is very ill in the Northwest Texas Hospital at Amarillo.

Goldston School District Joins Clarendon

In an election held last Saturday the Goldston school district was voted into the Clarendon School district. The vote here was 33 votes for and 1 against. At Goldston the vote was 19 for and 16 against. The Jericho school district was annexed to the Goldston district by the county board recently and it was this section that held the majority of opposition votes. As it stands now there will be no school at either Goldston or Jericho and all students from that district will come to Clarendon.

Another election will probably be called in the near future for the assumption of bonded indebtedness and the levying of the Clarendon tax rate.

Farm Bureau All Set For Queen Contest

This Friday night, August 26th, will be the first Farm Bureau queen contest to ever be held in Donley County. Mr. David Rascoe of the Amarillo Globe News and two other men he will bring with him will serve as judges.

Mr. Holly Wood, president of the local Farm Bureau in Donley County is urging that every one be at the Lelia Lake school house at eight P. M. on the date indicated above to attend this contest.

The girls entered and to be judged are: Naoma Mooring, Sara Rains, Eva June Brock, Margie Crofford, Catherine Usrey, Elba Jean Ballew and Marjorie Brock.

This is not a bathing girl contest but the girls will be judged on personality, poise and appearance. The winner in Donley county Friday night will represent the county at the district queen contest. Mr. Wood wants every one to come out and back their favorite for queen.

Remember the date, time and place and be there.

SAM ROBERTS IN HOSPITAL

Sam Roberts, who has been ill at his home at Lelia Lake for some time, was taken Monday to an Amarillo hospital, where it is reported his condition is rather serious. His physician does not hold out too much encouragement for his recovery. It seems that his trouble is of long time standing, but not realized until almost too late to be remedied. Sam's friends, however, together with the Leader all wish for a speedy recovery.

Notes from - - - CITY HALL

Thursday (today) we start laying a sewer line to the Negro school.

There is a law against riding bikes on sidewalks so please refrain from doing such in the future.

We are establishing a junior police traffic control as soon as school starts so please obey their signals or get a ticket. We are doing it to try and prevent some child from being killed or crippled.

MARTIN COMMUNITY CHICKEN BARBECUE FRIDAY NIGHT

The Leader has been asked to announce that the annual chicken barbecue of the Martin community will be held this Friday night at 7:30. Everyone in the community and any outsiders are cordially invited to attend this enjoyable occasion. Leave one-half chicken per person at the school house by 1 p. m. Friday afternoon if you plan to attend. Experts of long standing will be on hand to do the barbecuing.

IMPORTANT BAND MEETING TONIGHT

E. R. Blevins, local band instructor, is reminding all members of the band that an important meeting is slated for tonight at the band room at 6:30 p. m. All band members are urged to be present as uniforms for members will be discussed and some arranged at that time.

UNITED COUNCIL TO MEET

The United Council of Church Women will meet next Wednesday August 31st at the First Christian Church with a 1 p. m. covered dish luncheon to be followed by a business session and program. Please make plans to be present at this meeting.

Mrs. Swinburn left Thursday to visit her daughter and family. Mr. and Mrs. Thell Drennan at Anson, Texas on her return to her home at Soledad, Calif.

Bronchos Looking Better In Training

Coach Beryl Clinton reported yesterday that the Broncho squad was looking better at every workout and seemed to have that old determination to win on their minds from the very start.

Although we may not have all the reserves we need and an experienced man for every spot our opponents will know they have some real competition when they get out on the field of play, the coach stated.

In the practice scrimmage with Childress last Friday night the Bronchos looked very favorable in every department and by the time of the first game should be ready to open both barrels.

Another prospective assistant coach was due to arrive in Clarendon last night to look over the job that was left vacant last week by Max Jones who left last Saturday to take over the assistant job at Iraan, Texas. Max's many friends regretted seeing him leave but wish him well in his new position.

If you have the time, drop up on the hill near the Y on the highway or at the football field and watch the boys work out. They appreciate knowing you are interested in their efforts.

This Week It's Cotton And Cantaloupes

Our growing oddities this week consist of cantaloupes and early cotton. J. B. Lane, prominent melon grower at Ashtola brought in a twin cantaloupe which was perfect in every detail with each part being perfectly developed and very good eating. He also brought in a heaping bushel basket of his fine products for you to sample. Thanks to you J. B. Mr. Lane stated that his cantaloupe crop was in full blast and thousands have already gone to market with plenty more coming on every day in the patch.

W. M. Pickering, prominent farmer on Lake Creek was in last Thursday with open cotton bolls and said there was plenty of it opening up and a bale should be forthcoming in the very near future. "I had big bolls on my cotton a way back there when you published the item on the first reported cotton blooms," Mr. Pickering stated.

SELECTIVE SERVICE OFFICE HOURS CHANGED

W. E. Hodges, local member of the Selective Service board, received a letter from the central office at Pampa this week stating that the office hours had been changed.

The new office hours are 8:30 a. m. to 2:30 p. m. from Monday thru Friday. Closed on Saturday and all holidays.

HEAT CUTS DOWN PICNIC CROWD THURSDAY

While the attendance was cut down, the enthusiasm was even better than in former years at the Old Settlers annual picnic at Tate Grove near Hedley Thursday. J. T. Bain rode herd as master of ceremonies and welcomed the folks back. Alva T. Simmons responded to the welcome in his usual amiable manner. Attorney Wm. T. Lowe, Jim L. Bain and Deacon Frank Kendall were the other speakers in the forenoon.

Miss Letha Moss exhibited much talent and skill at the piano. Group singing by Misses Caroline Reeves, Betty Baker, Caroline Morris, Cynthia Thornberry and Pat Pritchard brought a welcome portion of the program.

Hugh Brown of Amarillo, aged 94, was the oldest man present. He has seldom missed attending these annual affairs through the years. Mrs. Kate Johnson of Lelia Lake, said to be 94, was the oldest lady present with Mrs. O. C. Hill 92, of Clarendon a close second.

Many were they who remarked that the good ladies provided the best noon feed of all years. There was plenty and to spare and the viands were in large variety. The extra good fruit year is said to have had something to do with the extra amount of fancy pies, etc.

No stringed instruments showed up after promising. The old leaders promised that this would never happen again.

PENTECOSTAL CHURCH TO HOLD REVIVAL

A revival will begin Saturday, August 27th at the United Pentecostal church here. The Rev. F. B. Parkey of Elmore City, Okla. will do the preaching. The services will begin at 8 p. m. each evening. The public is cordially invited. Anyone desiring transportation to the church just call 450-W, stated James L. Gilbert, pastor.

UNUSUAL ORPHAN GETS UNUSUAL BREAK

DULUTH, MINN. - Three Duluth youngsters watch a cub black bear lap up milk and sugar after the animal was captured near their home. The cub is one of scores that invaded the city with their mothers. Most of the large bears were shot, leaving countless orphans, such as this one which was adopted by the boys.

DEPOT MAN TAKES VACATION TRIP TO HIGH GROUND

Returning home Sunday were Mr. and Mrs. D. F. Wadsworth and their sons Dean and Doug who had toured the northwest for some ten days.

They 'took in' the mountains of Colorado, but think Yellowstone has the greatest attractions of all the many interesting things they saw on the entire trip. As usual, there were plenty of bears hanging around, but Mr. Wadsworth stated the sight of deer, elk, antelope and such like were a real treat with their freedom out in the open.

Soil Conservation Supervisors Meet

A meeting of the supervisors of the soil conservation districts and agricultural works was held in Panhandle on the twenty-third of this month. The purpose of the meeting was to advise the board of supervisors what could be bought for the districts with the money appropriated by the past state legislature. Five million dollars was granted to the soil conservation districts of Texas, being allotted by two and one-half million dollars each year for the next two years. Equipment and machinery and other items that the board might decide is needed can be bought for the districts.

Those attending the meeting from Donley County were J. R. Porter, chairman of the board of supervisors, T. C. D'Spain, member of board; Carman Rhode, local conservationist for the Donley County district and H. M. Breedlove, county agent.

Mr. Payne, chairman of the state soil conservation board and Howard Goss discussed the funds to be spent and how the various boards of supervisors could best use the money in their respective districts.

Ferris Family Holds Reunion

(Special Reporter)

The Ferris family reunion was held at Pecan Springs near Cache, Okla., August 6th and 7th. Eight of the 9 brothers and sisters were present. Arthur Ferris of San Bernardino, Calif. was unable to attend on account of illness.

Those present were: Mrs. T. Jones, Cora Ferris, Mrs. Laura Sprinkles, Mr. and Mrs. Aaron Ferris and daughters Paula and Sandra Jo of Clarendon; Mr. and Mrs. E. E. Ferris of Anadarko, Okla.; Mrs. Allie Pounds of Newcastle, Texas; Mrs. Lucy Allred and sons Harlan and Curtis, Mr. and Mrs. W. T. Cornelius and daughter, Wanda Lou of Altus; one sister-in-law, Mrs. Lottie K. Turley (formerly Mrs. Willie Ferris) of Mesa, Arizona.

Other nieces and nephews present were: Mr. and Mrs. Lewis Ferris and Duane, Woodrow C. Ferris, Mr. and Mrs. Raymond Ferris of Anadarko; Mr. and Mrs. Joe Stewart and Jimmie of Arlington, Texas; Mr. and Mrs. D. M. Anderson and Janay of Dallas; Mr. and Mrs. Ferris Pounds, Bobby and Joyce Ann of Newcastle, Texas; Mr. and Mrs. Marvin Allred, Arra Wanna, Dickey and David, Mr. and Mrs. Elzia Messick, Clyde and Darrel Wayne, Mr. and Mrs. Luey Nolan, Bobby, Tommie, and Richard. Maxwell, Austin Roe, Mr. and Mrs. O. P. Langdon and Bobby, Mr. B. O. Bauks, Mr. and Mrs. Lee Hastings of Cache, Okla.; Mrs. M. L. Sims and Mrs. Warren Zimmerman and Aline of Altus.

The older members spent the time visiting. The younger ones explored the government reservation, some fishing, skating, and swimming; others sight-seeing and visiting such places of interest as Mt. Scott and the Easter Pageant grounds. The wild turkey, herds of buffalo and deer were a grand sight. Kodaking was in progress the entire time. The men were kept busy keeping the camp fire going while the women gathered around to fry the huge pans of chicken and keep the 3-gallon coffee pot filled.

Games and story telling were in evidence until midnight. The forty-two champion challenged the championship of A. L. Ferris who was unable to be there. There were 75 present and everyone had a wonderful time and are looking forward (Lord willing) to another reunion August 5th and 6th, 1950.

Texas And Indiana Battle For Honors

College Station — More of this state's junior farmers will have to enroll in the National Junior Vegetable Growers Association if Texas is to maintain the record it has established during the past few months, according to J. F. Rosborough, extension horticulturist at College Station.

The Lone Star junior growers, after leading the nation for several months in membership standings of the NJVGA, dropped into the runner-up position a few days ago when Indiana took the lead. Mr. Rosborough explained that the unexpected increase in Hoosier membership more than doubled the number of Indiana growers who competed for A&P Food Stores' \$6,000 in awards and scholarships last year. The awards are offered to outstanding performers in the association's Production - Marketing contest which is designed to educate the nation's young farmers in modern and efficient methods for producing and marketing vegetables.

Rosborough, who heads the NJVGA program in Texas, pointed out that the state can regain leadership if unenrolled junior growers will obtain membership cards at once. Boys and girls between 14 and 21 years of age are eligible for membership and may obtain necessary application forms by writing to J. F. Rosborough, extension horticulturist, College Station, or by contacting their county 4-H Club agent.

Texas had five winners in the national Production - Marketing

How To Get Help When Polio Strikes

1. At the first sign of illness, call your own doctor. If he suspects polio he will report the case to the local Health Department and arrange for hospitalization or home care, as indicated. The National Foundation does not select physicians or hospitals. This is a family matter. If you have no family physician, call your City or County Medical Society, your Board of Health or the nearest hospital.
 2. If your doctor says it is polio and requires hospitalization, the local Chapter of the National Foundation will help arrange for transportation to a treatment center. As soon as the patient goes to the hospital—or if your doctor advises the patient can be treated at home—get in touch with your Chapter of the National Foundation to arrange for any needed assistance.
 (a) Mrs. Johnnie Blocker is Donley County chairman and can be reached by phone at 251 or 340.
 (b) Your Chapter will get in touch with you as soon as it learns of the case through your physician, the hospital or the Health Department. However,

late reporting or a heavy hospital load may delay this Chapter contact. If you do not hear promptly, telephone or visit your Chapter representative. You can ease your own worries sooner by making the approach yourself.
 3. The Chapter representative will notify the hospital that it is arranging with you for full or partial payment of expenses for medical care. Adults are as eligible for help as are children. Discuss with your Chapter how much of the full bill the Chapter will pay.
 (a) March of Dimes funds are used to help the medically indigent—but this is not the same as "indigent"; it includes families of moderate income, who cannot meet the high costs of modern care of this expensive disease. The help is a gift—not a loan. While families that can pay are expected to do so, no family is expected to impoverish itself to meet medical expenses for polio.
 (b) Even if you can assume full costs for initial hospitalization, it is a good idea to see your Chapter. If yours should be a patient who is severely affected—and this cannot be determined in the first few days—you may need help later on. Bills incurred in the weeks before your Chapter assumes financial responsibility cannot be paid months afterward, but the Chapter will step in at whatever time you really need help. Have a frank, friendly talk with your Chapter representative at the beginning.
 4. Chapters pay for hospitalization, professional services including nursing and physical therapy, transportation to and from hospitals, convalescent centers and

clinics, treatment after hospitalization and appliances such as wheelchairs, braces, etc., as needed. There are no hard and fast rules. Each case is decided upon individual medical and financial needs. Assistance is given regardless of age, race, creed or color. More than 110,000 polio patients were directly assisted in full or in part up to the end of 1948.
 5. In addition, your Chapter can put you in touch with proper sources for nursing and physical therapy at home, can refer you to rehabilitation and vocational training agencies, will provide literature designed to foster better understanding of infantile paralysis—so you will know what to expect and how to help your polio patient back to a useful life.
THESE SERVICES ARE MADE POSSIBLE BY THE MARCH OF DIMES EACH JANUARY.

U. S. GOVERNMENT PUBLICATIONS NOW BEST SELLERS

The old belief that Government publications are dry, dull books full of statistics is certainly belied by sales figures just released by the Superintendent of Documents, Government Printing Of-

fice, Washington 25, D. C., for the month of June. As these figures indicate, some Government publications now have a widespread audience and are in the "best seller" class. Here is the list of Government best sellers just released:
 1. Your Child From 6 - 12, 20c—Nearly 50,000 sold in June.
 2. Care and Repair of the House, 25c—Selling better than 9,000 a week.
 3. Prenatal Care, 15c—New edition selling 5,000 a week and increasing.
 4. Infant Care, 15c—More than 5,500,000 copies sold. Still averaging 5,000 a week.
 5. The Child From One to Six, 20c—An old favorite now selling about 2,500 a week.
 6. Prospecting For Uranium, 30c—9,000 copies sold in June.
 7. 100 Things You Should Know About Communism and Labor, 10c—Several printings sold out.
 8. Developing and Selling New Products, 25c—Sales are increasing rapidly on this new publication.
 9. Occupational Outlook Handbook, \$1.75—Sales are consistently good.
 10. Woodworking and Furniture Repair, 50c—A best seller for several years.

CLARENDON H. D. CLUB ENTERTAINED WITH PICNIC

Mrs. M. G. Cottingham and Mrs. Laura Taylor entertained the members and their families and a few friends with a chicken barbecue and fish fry Friday evening at the home of Mr. and Mrs. Cottingham, on the lawn. Card tables were used for tables. After each one had enjoyed the good picnic supper, games of "42" and visiting were enjoyed until the thunder clouds scared the crowd home. Mr. and Mrs. Emmett Bryson furnished delicious cantaloupes and watermelons.

Those present were guests, Mr. and Mrs. Will Kennedy, Mr. and Mrs. Ed Morgan and Mrs. Viola Nichols, sister of Mrs. Bryson from Goodnight, and club members and families, Mr. and Mrs. G. A. Outdoor Ceremonial To Attract Shriners At Palo Duro Park

Khiva Temple, Nobles of the Mystic Shrine, has completed plans for its outdoor ceremonial to be held in Palo Duro State Park at 2 o'clock September 3rd. The event is expected to be most colorful and dramatic.

Shriners and their families will be guests of the Temple and the Park Management for the occasion and admission will be paid for them and soft drinks will be served the Nobles and their guests at the Shrine refreshment booths.

Khiva Temple's Uniformed Units who made such a hit at the Imperial Council session in Chicago will march onto Mesa Mecca from the Canyon rim and will execute various drill maneuvers. One of these drills will see more than 100 members of the gaily dressed Uniformed Bodies forming a colored crescent scimitar and emblem of the order.

One thousand red-fezzed Shriners will be needed to help form the colorful background for the initiation of the novices into the order. The initiation will be viewed from the rim of the Canyon. There will be no second sections. Visitors may sit or stand at thousands of vantage points along the rim of the Canyon. These places have been cleared for the occasion.

This is expected to be a field day for movie, color camera and camera fans and special consideration will be shown them. The public is invited to the Park.

Mr. and Mrs. Wayne Tiller and babies of Muleshoe, who have been visiting her parents, Mr. and Mrs. J. A. Warren, and sister Mrs. Roy Maberry, left Sunday for a visit with Mr. and Mrs. J. A. Warren, Jr. in Borger, then on to Raton, N. M. to visit a sister, Mrs. Tommy Mandril and husband, then they will visit Mr. Tiller's brother and family in Colorado.

Friends of Mrs. D. T. Smallwood of Brice will be glad to learn that she is doing as well as could be expected after a major operation at Scott & White hospital at Temple Monday morning.

Mr. and Mrs. Jim Powers of White Deer visited Mr. and Mrs. Joe Terry Sunday.

NURSE INDISPENSABLE HERE

New baby is seen by mother, a polio victim. Nurse is from Des Moines, was recruited by American Red Cross which today appealed for at least 100 more nurses to care for polio-stricken. In no other disease is nursing care more important for recovery. Nurses are asked to contact local Red Cross chapters for details about polio service.

Consumers Co-op Sponsoring Western Music Over KFDD

AMARILLO—An hour of western music is a new feature on radio station KFDD in Amarillo every Saturday morning, from 8 to 9 o'clock, featuring the top western bands and singers of the nation. This program is co-sponsored by Donley County Consumers Co-op, Clarendon, according to Otis Naylor, manager of the association, which is one of the twenty-one farmer cooperatives in the Panhandle-Plains area sponsoring the hour, known as the "Co-op Round-Up."

One of the unique features of this hour-long farmers cooperative radio program is that listeners can have their favorite numbers played on the program by writing in on special request cards that may be secured from the sponsoring cooperatives.

On each of the broadcasts, one of the sponsoring cooperatives will be featured, with the program for that day dedicated to the community in which it operates.

The programs are prepared under the direction of the Educational Department of Consumers Cooperatives Associated, of Amarillo, the regional wholesale cooperative organization.

Health Notes

AUSTIN—Tooth decay or dental caries is a destructive, progressive disease of the teeth. A large part of a tooth may be destroyed by decay with little evidence of decay on the surface, says Dr. Geo. W. Cox, State Health Officer. Surveys of large groups of preschool children reveal that 50% of them have decayed teeth at three years of age, 75% at four years of age, and 90% at five years of age. Six out of ten children age 4 and 5 have as many as seven, or more cavities.

Decay begins most frequently in the small pits and fissures on the chewing surfaces and at the points of contact between the teeth. Pits and fissures with structural flaws should be filled at once to prevent decay.

Dr. Cox said, "Dental examination and care should begin with the three year old child, and periodic examinations and necessary care should follow, thereafter, as often as the dentist advises. The first or baby teeth should be kept in a healthy condition until it is time for them to be lost.

"X-rays aid the dentist in finding hidden cavities, especially those between the teeth. Many of these beginning cavities are located in areas where they cannot be found in any other way. X-ray pictures are also useful in finding other conditions that require immediate attention such as abscesses, impacted teeth, broken roots, bone destruction due to pyorrhea, extra teeth and other information that is important in treatment of the case.

"With periodic dental examination and adequate dental care for each child, beginning at three years of age, the great majority of the children will reach adulthood with good dental health."

Crop Prospects Good

COLLEGE STATION — Right new farmers of Texas and the nation have prospects for a big harvest. The overall production could be the second largest in history. For the nation, last year holds the record, but Texas farmers, in 1948, did not approach their record production for wheat, cotton and some feed crops.

The 1949 Texas wheat crop was the second largest, says C. H. Bates, extension farm management specialist of Texas A&M College, and cotton production—per acre—could set a new record. There is an 18 percent increase in cotton acreage over last year in the state.

The acreage of peanuts in Texas is down about 21 percent from 1948. The harvest is underway in South Texas and production for the state is likely to be above average, says Bates.

Texas corn and grain sorghum crops should be above average this year even with the decrease in acreage. Weather conditions have been favorable and the corn crop looks especially good.

Now, what does this all mean to Texas farm and ranch operators? Bates says it means that supplies of most farm products have accumulated to the point that reduction in acreages planted may be desirable. The era of surpluses has definitely returned.

Any reduction of land devoted to cash crops offers an opportunity for a shift to the production of livestock and livestock products, he thinks. This adjustment of farming operations toward more livestock may prove profitable and permit better conservation of land resources.

Mrs. G. W. Bradshaw had for week end guests, her mother, Mrs. B. R. Flowers and her niece, Gale Blythe of Hereford and sister, Mrs. Ed Skypplala of Hereford visited her Monday.

Mrs. Ben Sullivan and daughter Ben Dell of Ft. Worth visited her brother, Mr. and Mrs. O. C. Watson over the week end.

Mrs. Matlock and her granddaughter Maxine Talley left Thursday for Odessa where they will make their home. Her daughter and family, Mr. and Mrs. Talley will move there soon.

Mrs. Ethel Moss and son Floyd of Dumas visited her mother, Mrs. W. D. Martin Sunday. Mrs. Moss remained for a longer visit.

A. B. Bynum, Lelia Lake farmer, was here Monday on business.

Mrs. J. A. Warren visited her daughter, Mrs. Harry Moore and family in Amarillo Tuesday.

Miss Edgar Mae Mongole visited friends at Pampa last week.

Mr. and Mrs. Jimmy Miller of Amarillo visited Mr. and Mrs. Joe Terry Sunday.

E. J. Chenault was a business visitor in Amarillo Monday.

Rev. H. W. Hanks was a Clarendon visitor last Saturday.

Mr. and Mrs. William Payne visited her brothers at Happy last Sunday.

Donley County Leader, \$2.50 year

Shirley Brumley returned home by plane Tuesday. She had been visiting Mary Bones and other friends at McCarney. Mr. and Mrs. Brumley met her at Amarillo airport.

MASSEY-HARRIS GOBLE
Heavy-Duty
OFFSET DISC HARROWS

NEW HARROW CHANGES TILLAGE METHODS!

Long considered one of the most efficient orchard and vineyard tillage tools, the Massey-Harris Goble Offset Disc is now demonstrating its all-around ability wherever a heavy-duty harrow is required. In some applications, farmers find that this new disc eliminates the need for plowing.

In cotton, corn, grain... wherever you have particularly stubborn soil or heavy root growths, these husky all-welded harrows step in to handle the job with a result that's mighty hard to beat. The sharp-edged blades "disc in" the toughest crop leaving just enough residue on top to help check soil drifting.

In spite of its rugged huskiness the Goble is an easy pulling offset harrow... the result of oil-bath bearings. These patented bearings extend the full width of each section... are free-running, long lasting. And they're positively sealed from dust and dirt—a big economy advantage that means low maintenance. Thrust is absorbed at the center where the greatest strain occurs in any harrow.

It all adds up to better soil preparation... easier handling... a better job done more economically. Stop in soon... ask about this more efficient way to prepare seed beds.

The Lion's Roar

The Lions Club held its regular meeting Tuesday, August 23 in the club hall. There were thirty-two Lions absent from this meeting. There were fourteen guests and visitors present.

The applications for membership of W. F. Durham, C. S. Williams, R. M. Chunn, and M. B. Edwards were approved by unanimous vote of the club. The club welcomes these new Lions.

Lion J. W. Murphy was presented with a Master Key and plaque. This award is made to each Lion who secures twelve new members.

Lions, September 13 is one hundred per cent attendance day. This is to be observed throughout

Lionism so put forth an extra effort and be present for that meeting. One of the objectives of our club this year is to increase the attendance and this would be a very good time to make a move in that direction. We will be expecting each of you to be present on September 13th.

The program consisted of a talk by Lion Patrick. The subject of Lion Patrick's talk was Soil Conservation. Thanks for this very fine program.

Lions, September 13 is the date and the club hall is the place.

Mrs. Frank Arthur of Pampa returned home after visiting her grandmother Mrs. Luttrell and other relatives. Mrs. Arthur was formerly Ha Deal.

Miss Jean Ballew has returned from the Methodist Youth Leadership Conference at Mt. Sequoyah, Fayetteville, Ark., where over three hundred young officer representative leaders from Methodist youth fellowship groups were present. Jean went as a delegate from the Greenbelt sub district which is the Methodist youth groups from Memphis, Turkey, Lakeview, Quail, Lelia Lake, Quitaque and Clarendon.

Scharlott Ann Merchant, who has been visiting her grandmother here, Mrs. Cal Merchant, accompanied her mother, Mr. and Mrs. B. B. Cassey to their home in Dallas Monday. The Casseys were returning home from a vacation in Colorado.

Donley County ACA Farm News

Attention Wheat and Cotton Farmers:

This will be of interest to those of you who are wondering about overplanting your wheat allotment. If a producer overplants on wheat, it will not make him out of compliance on cotton if he stays within his cotton allotment. We have had several fellows in the office asking about this and we are pleased that we can give you such an answer.

Winter Cover Crop Practices Approved For 1950:

Two winter cover crop practices have been approved for Texas under the 1950 A.C.P. Program. They are: 1. Establishing a satisfactory cover of Winter Legumes and Ryegrass seeded in the fall of 1949. Payment on this practice will be made according to type of seed used. 2. Turning under or leaving on the land a satisfactory stand and growth of rye seeded in the fall of 1949. The payment on this practice is \$1.50 per acre. If you are interested in these practices, come to the office and discuss the matter with us. You might like to know that B. R. Mears, Manager of Merit Feed Stores here in Clarendon, will handle Austrian Winter Peas, Hairy Vetch, and 20% Superphosphate.

Budget Is Low:

Our budget is getting mighty low, so if you want to get a payment for leaving your stalks and stubble on the land, be sure and come to the office for your approvals as soon as you can.

Potatoes:

We received word in the office this week that you can still get potatoes. In fact, the Production and Marketing Administration is pretty desperate. They have a surplus of these potatoes and they sure need to get rid of them. Thirty-five cents a sack, per car load, is not much to pay, and they will go a long way toward feeding your livestock. To date, we have sold twenty carloads. The potatoes will be available for at least another month.

Odds and Ends:

Louva Hunt, clerk in the office, is back after spending the last week in Dallas. She reported a very nice time.

Mildred M. Ritter, Johnnie Johnson, L. D. Aten Jr., Roy Jewell, Claude Moore, and William M. Pickering attended a two day meeting in Childress this week to learn about the 1950 Program for A.C.A.

"The American Farmer has lately been a 30 billion dollar customer for American Business."

"The American farmer must produce a little too much to be sure to have enough."

Many questions have been raised by farmers as to what they can plant on their diverted acres if they stay within their wheat acreage allotment for 1950. B. F. Vance, Chairman of the Texas P.M.A. Committee says that no special use will be required to be made of any acreage taken out of wheat in 1950 in order to be eligible for price support on wheat. Mr. Vance advises that farmers who stay within their wheat allotments will have a good opportunity to use their "diverted acres" for soil improving crops and uses that they have been wanting to do.

New Producers taking advantage of assistance from A.C.A. are: Ansil Adamson and Olen T. Hill have approvals to build terraces; Guymon N. Sibley has an approval to deep plow some sandy crop land; and George Bulman, J. Holly Wood, and Albert Gerner have approvals for leaving stalks and stubble on the land. Thomas L. Speir has his application in for seeding Hairy Vetch this fall; Buck Glass of McLean wants to build diversion terraces and the Nash Bros. have an application in to build an Earthen Dam.

A Thought for the Day:

"Do you think of a depleted farm, or a farm that is washed and eroded, as only a loss to that particular farmer? What about the income for the Community? What about the source of your food and clothing? Are these things effected?"

Let us help you keep such thoughts away from your mind. Come to the office with your problems. You are welcome at any time.

Mrs. Cal Merchant and Mr. and Mrs. Calvin Merchant and small son left Wednesday for Pampa to visit Mr. and Mrs. J. D. Merchant and family.

WD TRACTOR WITH TWO-CLUTCH POWER CONTROL

PTO Independent of tractor motion

1. Transmission clutch starts and stops the tractor, but permits uninterrupted operation of PTO, belt pulley and hydraulic system.
2. Engine clutch controls entire power line. Transmission clutch makes it possible to stop or reduce forward travel without affecting PTO speed. Every experienced farmer will understand the advantages of this system.

TWO-CLUTCH POWER CONTROL is a real advantage in the harvest seasons. Stop in and see us for full information.

Full two-plow power. Available with wide front axle. 17 new features include power-adjusted wheel treads, 5-way hydraulic system and easier steering.
