BRONCS TO PLAY BOYS RANCH HERE FRIDAY NIGHT

The Broncos will play their last home game of the season here with Boys Ranch Friday night. This will also be parents night at which time all parents of players will be honored and will be admitted free to the game. The football queen will be crowned some time during the evening, also.

A number of fans have figured that this would be a push over for the Broncos but after looking over the weights of the Boys Ranch players it looks like they will have to put out every effort to win the game. Boys Ranch has suffered several defeats this year but have put up a good scrap in each fray.

Coach Harrell reports the local squad in pretty fair condition for the game and is looking forward to winning this one. Drew Christie, Broncho guard, won the Amarillo News player-of-the-week for his efforts in the game with Lefors last week and previous games. Other members of the squad were also mentioned along with Drew and this group of boys along with coaches Harrell and Moore are to be congratulated, especially in face of the fact that they have been playing against heavier opposition throughout the season.

The probable starting line-up for the Bronco line, starting at left end, will be: Murf, Risenhoover, Christie, Tatum, Jones, Pittman, Robertson. The backfield will be composed of Thompson at left half, Hall at right half, Myers at full and Carlile in the quarterback slot.

The probable starting line-up

for Boys Ranch beginning at left end: Dorris, R. Tucker, Mitchell, Helms, Well, Herring, Minshuw. In the backfield will be Sashman, Pal-vadore, D. Baker and E. Baker. It has been understood that the boys will bring along their mascot, a Jack-Ass, for the game.

The game time is 8 p. m. at Broncho stadium and remember, members of the Band Parents organization will have hot dogs, coffee and other good eats and drinks on sale throughout the game. They request that everyone come to the game hungry.

MEMPHIS NEGROES PAY FINES IN LIQUOR CHARGES

C. Huffman's constable force nabbed two Memphis negroes last week with another load of intoxicants. This was reported as their second offense and the fines ran pretty high. They were carrying 6 cases of beer, 4 cases of wine, 1 case of gin and one case of whiskey. H. L. Scott paid a total fine of \$271.40 and Jack Scott paid \$171.40. They were charged with transporting intoxicants and H. L. Scott was also charged with transporting with no operators license.

SINGING CONVENTION TO MEET SUNDAY, NOV. 5th AT ASHTOLA SCHOOL

The Donley County Singing Convention will meet Sunday afternoon, Nov. 5, at 2:30 p. m. at the Ashtola School auditorium. Everyone who enjoys good singing is invited to attend.

Duck Season Opens Friday Noon

Nimrods of this area will have the opportunity to drag out their guns for another duck season this Friday, November 3rd, if they can find any ducks. This season officially opens at 12 noon Friday and will continue through December 17. Shooting hours are from 1/2 hour before sunrise till one hour before sunset. The bag limit is 5 geese and five ducks. It is mandatory or advisable for each hunter to secure a federal duck stamp at the Post Office before hunting the migratory fowl. The next and most important thing is to be careful and always come home all in one piece.

LIONS CLUB TO PRESENT ANNUAL MUSICAL REVUE NOVEMBER 15, 16 & 17

The Clarendon Lion's Club has announced that their annual Musical Revue will be presented November 15, 16 & 17th, in the College Auditorium. "Hip! Hip! Hoo-ray," is a professionally directed show with costumes and scenery from Geller Productions of Hollywood.

The Director, Maurice Alevy, arrived Sunday evening and a meeting was held with the committee members of the Lion's Club, it should be noted that people are helping to make the show a success. The director outlined the show which will include, popular songs, dances, and comedy skits. The entire show will be cast from local talent and with the professional direction, promises to be a well rounded show filled with many laughs and entertainment for the entire family. Last year the Lion's Club presented a similar show produced by Geller Productions and all those who attended and participated were well pleased with the show, "Talk of the Town."

26 Men Show Neighborly Spirit

Twenty-six men gathered at the Richard Dingle farm last Friday morning and within a short time had shocked 35 acres of feed for Mr. Dingle. Mrs. Dingle passed away last week and these neighbors wanted to lend a helping hand to this fine family.

Those who helped were L. O. Christie, O. T. Hill, R. B. Marshall, C. C. Hearn, W. G. Tims, Guy Sibley, Pete Land, George Bulman, Joe Green, J. E. Kidd, Chester Talley, A. Pittman, Raymond Waldrop, W. D. Higgins, F. C. Crofford, Harice Green, O'Dell Osborne, Earl Barker, J. H. Helton, D. E. Stevenson, W. L. Jordan, Carl Guyer, Mr. Garman, Othel Elliott, Billy Mix Phillips, Charley Sykes.

BLOCKER BUILDING HAS BEEN REMODELED

Workmen have completed the big job of remodeling the building owned by Mr. and Mrs. J. F. Blocker next door to the Utilities building and formerly occupied by Durham Grocery.

A hardwood floor was laid over the plank floor. Two rest rooms, filing room, dressing room and other conveniences have been added in the rear of the building. Electrical air conditioning and water fountain are among the modern conveniences as well as many other conveniences.

The building was remodeled to comply with the requirements of the Postal Department contract covering a ten-year period. The post office will remain at the present location until next May 1st when the contract expires. After that date, the post office will be in the Blocker building.

In addition to the building, the carriers will park on leased ground at the rear of the Blocker building. This acreage will cover one hundred feet square, and the area to the east of the Dawkins machine shop.

1950 Grain Crop Exceeding 1949

According to information received from the Doggett Grain Co. and Frank White Jr., more kaffir and maize has been shipped out already this year compared with last season. To date between 38 and 40 cars of grain has been received and shipped by the two local grain buyers.

Both informants expressed the belief that a considerable amount of grain would come in yet and the total yield would exceed any season in recent years. The reason for the large amount of grain is the fact that grain replaced many hailed out crops and the nice weather we are now experiencing has allowed late grain to mature.

Cotton gathering has swung over into full gear but we have had no tabulation on the number of bales ginned to date. A number of farmers are planning on letting their cotton open and then use a machine.

Bronchos Lose To Lefors By One Point

The Lefors Pirates had the wind taken out of their sails last Friday night when a spirited, determined Broncho squad walloped them all over the field. The Broncos entered the game as the underdogs and were expected to be defeated by at least three touchdowns but when the final whistle blew the score was 7-0 in favor of Lefors.

Lefors capitalized on a Bronco fumble to make their only score. They recovered on the Clarendon 22 and line about mid-way of the second quarter and in the midst of the confusion Joe Martin went around right end for the entire distance on the next play and they made their extra point.

The Broncos scored about midway of the third quarter when Lefew went over from the 17 yard line.

Christie, Tatum and Risenhoover were outstanding in the Bronco line and held the Pirates to a very small gain. Carlile prevented other possible Pirate scores with his smashing tackles and these boys were not by themselves at all. The rest of the Bronco squad were doing their part and doing it well.

Carnival Nets Over \$1,000

Mrs. G. W. Bradshaw, president of Sims PTA, reported this morning that the annual Halloween Carnival was a big success. Slightly over one thousand dollars was cleared from the carnival and the queen contest. Mrs. Bradshaw expressed her appreciation, on behalf of the entire organization, for the cooperation of all who helped to make both the coronation and the carnival a success.

Hedley Man Dies Of Gun Wound

Milton Sterling Brown, 41 years old, died early Monday morning in a Memphis hospital after being admitted about 9 o'clock the previous evening. Death was from a gunshot wound in the temple. Brown who had farmed near Hedley for the past five years, was found injured at the family home about 8:30 Sunday night. A 22-calibre rifle was found nearby. Murphy-Spicer Funeral Home of Memphis were in charge of funeral arrangements.

Survivors are his wife, Lola; a son, Bobby James Brown, Hedley; five step-children, Marvin, William Earl, Leonard, Tinsley and Peggy Jo Mullin, all of Hedley; his parents, Mr. and Mrs. L. C. Brown, Bard, N. M.; two sisters, Mrs. Tom Burnett, Texico, and Mrs. Wilson Green, Hollis, Okla.; and four brothers, Oliver Brown, Bard; Morris Brown, Bethany, Okla.; Vernon Brown, in Korea, and Stanley Brown, Wellington.

Drivers License Check-up Coming Soon Here

State Highway Patrolman Kenneth Dale announced this week that a day-long Drivers License check would be made here in Clarendon within the near future and those who do not have drivers license or proper renewals should take notice and have everything in shape so as to avoid embarrassment when the check-up day arrives.

Those wishing to renew or receive new drivers license may contact the patrolman in charge of this department when he visits Clarendon each 1st and 3rd Thursday of each month, Dale added.

ELECTION OF SUPERVISOR SOIL CONSERVATION DIST. TO BE HELD SATURDAY

The election of the supervisor for sub-district No. 2 in the Donley county soil conservation district will be held in Clarendon at the court house this Saturday, Nov. 4th at 2 p. m.

H. M. Breedlove, county agent, is urging that all landowners be present and vote for your supervisor. Sub-district No. 2 takes in all land between the Jericho highway west to the county line. The election will only last a few minutes and all landowners are urged to be present and vote.

The present supervisor is J. R. Porter.

Remember the date and time and bring your neighbors with you and come to the election.

M. L. Putman Dies Early This Morning

Mark L. Putman, long time resident of Donley County, passed away around 6:30 this morning in a Groom hospital. He had been critically ill for only a short time and had known very little illness during his lifetime. He was well known throughout this area as a veterinarian, auctioneer, cattle trader and farmer. Murphy-Spicer Funeral Home will be in charge of funeral arrangements which are incomplete at this time.

Survivors include his wife; five sons, Leonard, Guy, Clyde, Lois and Gene Putman, all of Clarendon; four daughters, Mrs. W. T. Holsenbeck, Dumas; Mrs. R. A. Williams, Mrs. Maburn Trout and Mrs. J. Spier of Clarendon.

Jonna Lee Blocker Crowned Queen of Halloween Carnival

Miss Jonna Lee Blocker and Mr. Don Hudgins were crowned Queen and King of the 1950 Sims-PTA Halloween Carnival on Sunday afternoon, October 29th, in the College Gym.

Misses Connie Williams and Patti Lane were flower girls. Clydia Jenkins and Pete Durham carried the crowns and Karen Kemp and Bobby Moss were train bearers.

Featured on the program were a group from Svea's School of the Dance, Sidney Muse and Jerry English, Jackie Estlack and Iva Jean McAnear, and Mr. Drennan and the David boys. Mr. O. D. Lowry crowned the royal pair; Bill Porter acted as master of ceremonies and Rev. John A. English pronounced the benediction. Direction of the Coronation and program was in charge of Mrs. Johnnie Blocker.

Local Business Firms To Close Nov. 13th

Since Armistice day will fall on Saturday this year, it was agreed by a majority of business men and the advisory council of the Chamber of Commerce to observe the regular holiday on Monday, November 13 instead of Saturday, November 11th.

Armistice Day had been included as one of the four regular closing holidays but since closing on Saturday would inconvenience so many people it was decided to observe Monday instead.

World Community Day Friday, Nov. 3

By Council Reporter

World Community Day is Friday, November 3rd, and women from the United Council of Church Women, all over the world, will meet with services for the occasion.

There will be a 1 o'clock covered dish luncheon served at the Presbyterian Church, followed by the Community Day program, with Mrs. Word as leader in the absence of Mrs. Pete Kunz, Mrs. Howze will preside.

Mrs. C. B. Morris is in charge of the knitted garments which have been the Council's special project for this time. Tuck a helpful, kindly note inside each garment. They will be packed at the church. Bring a friend or neighbor with you and let us join the vast body of church women praying and working for the good and understanding of all mankind.

Drilling Started On Welch Wildcat

According to latest information the surface casing has been set and drilling operations are now underway on the Lewis W. Welch Wildcat well which is located 12 miles southeast of Clarendon on the Lazy R-G Ranch. The rig was moved in last week end after the road to the well was completed.

The Leader was informed also this week that an off-set to the old A-T well east of Goldston will be drilled some time within the near future. More definite information in this regard is expected within the next week or so.

TWO BUSINESS FIRMS ROBBED OVER WEEKEND

Sheriff Guy Wright reported that no definite leads had been established in regard to the thieves that entered the Donley County Consumer Frozen Food Locker Plant and the C. D. Shamburger Lumber Co. some time between Saturday night and Monday morning. Nothing of value was missed at the Lumber yard but the Locker Plant lost between \$10 and \$20 in change to the invaders.

IF YOU WANT TO VOTE A SPLIT TICKET AND KEEP BEN GUILL Working for you in Washington Here is How to Do it

DEMOCRATS

Your Vote Will Be Counted for BEN GUILL FOR CONGRESS

Don't believe anybody who tells you that if you participated in the Democratic primaries you can't vote to re-elect Ben Guill. Your Ballot for Ben Guill will NOT be thrown out. It cannot legally be thrown out. The Supreme Court of the State of Texas has repeatedly held that the so-called Democratic pledge is not binding in any way. Here is what the Supreme Court has said:

"One who has taken the statutory pledge is legally free to vote as he chooses in the General Election."
—16 Tex. Jur., "Elections," Sec. 57

"In Key v. Schneider, 110 Tex. 383, 218 SW 479, 221 SW 880, it was declared that the qualified elector who participated in a primary and took the statutory pledge was legally free to vote as he chose in the General Election."

—Love v. Wilcox, Supreme Court of Tex., 28 SW (2d) 515.

That is the legal status of the pledge. These decisions mean you can vote for the man of your choice in the General Election on Tuesday, Nov. 7.

What Do Democratic Party Leaders Say?

What do Democratic Party leaders say? Only last July the Chairman of the DEMOCRATIC NATIONAL EXECUTIVE COMMITTEE said officially that every man has the right to vote for the candidate of his choice regardless of party labels.

BEN GUILL SAYS

"It's about time the political parties started pledging THEIR support to the people, instead of demanding that the people sign pledges that they will support THEM.

"In times like these we should not ask a man if he is a Republican or a Democrat—we should ask only if he is a GOOD AMERICAN. We have no place now for partisan politics or even bi-partisan politics. We have a place only for NON-PARTISAN AMERICANISM."

Let's Face Facts!

● The Panhandle needs a Congressman who will **STICK** — and who will **STAND UP** for his district—

● It is only through seniority and experience that he can give the Panhandle the representation it needs — and **MUST HAVE**, if all our interests are to be protected.

● Our all-important agriculture, our industrial development, the Canadian River dam, our rightful place in the Defense Program... a stabilized economy and a future offering continued prosperity — all of these **DEMAND** that we send to Washington

• **A Democrat**

as our Congressman. Any other approach is to ignore our own self-interests and to sleep on our rights. It is time to **WAKE UP**, and to be realistic.

IT TAKES AFFIRMATIVE THINKING AND AFFIRMATIVE ACTION TO GET THINGS DONE IN CONGRESS!

● **WALTER ROGERS**, our Democratic nominee, is mature, able and well-qualified. He offers balance and stability and is pledged to fight for all the interests of our district.

He offers the Panhandle **CONSTRUCTIVE** leadership.

● Let's quit wasting time!

HALLOWEEN PARTY

Miss Harlene Smith, daughter of Mr. and Mrs. Bert Smith, Sr., entertained with a Halloween party in her home Saturday night from 7:30 to 9:30. The guests came in costume and the Halloween colors of orange and black were carried out in decoration.

Games were played until refreshments were served to Mary Ann Longan, Jackie Estlack, Wanda Lewis, Glenna Lane, Paula Skelton, Jeannie McNear, Harlene Smith, Herald Stogner, Allen Homer Estlack, George Thompson, Jimmy Paul Smith, Tommy Lane, Wesley Stewart and Corky Wilson.

HOMEMAKER'S CIRCLE

The Homemakers' Circle met in Mrs. Claude Moore's home for its regular monthly meeting, Wednesday, October 25. During the business session, it was voted to make a donation, as a group, to the church for the roof. It was also decided that the members would take turns and keep the nursery open during church each Sunday morning.

The devotional was led by Mrs. T. M. Caldwell, Jr. and the mission study, "Methodism in the Rural Areas," was given by Mrs. Bob Word. Mrs. Homer Estlack brought the Christian Home topic, "Growing Parents Must Grow."

Refreshments were served to three guests, Mrs. Dow Loyd, Mrs. Burl Rhea, and Mrs. Rosalee Rhode and to the following members: Mesdames Bill Lowe, Sam Lowry, Carl Bennett, Homer Estlack, Bob Word, Homer Bones, Bob Moss Frank Phelan, Sr., T. M. Caldwell, Jr. and Claude Moore.

The next meeting, Nov. 22, will be at Mrs. Homer Bones' house.

HARD TO MAKE DEAL WITH A RUSSIAN, SAYS BURCHETTE

WACO—It is useless to try to make a deal with a Russian, Dr. Floyd F. Burchette, who spent four years as a member of the American occupation force in Berlin trying to do just that, declared here recently.

Dr. Burchette, a former colonel in the Allied Military Government, is a member of the economics faculty at Baylor University. He has been called frequently as economic advisor to state and national governments.

Any agreement with a Russian official is subject to cancellation by a higher official, and the higher officials usually arrange it at a time to be most embarrassing to all concerned, Dr. Burchette said.

The economist classified the Russians with whom he dealt into three groups: some were simply front men with no authority, others were dedicated to obstruction, and still others were outright propagandists. Eventually each group disappeared, apparently to Siberian work camps, he said.

Ignorance of other cultures and inability to gain such knowledge through travel or study makes the Russian individual incapable of understanding other systems of government than Communism, Dr. Burchette said. Therefore, the Russian naturally assumes that everything done or suggested by the Allies is counter to his interests.

Mr. and Mrs. J. W. Butler and children of Borger and Mr. and Mrs. Loren Rhoades and Leon of Amarillo visited in the Clyde Butler home Sunday.

Rev. and Mrs. J. J. Wester left Monday morning for Troup, Texas where they will make their home.

Mr. and Mrs. Clyde Posey visited his parents, Mr. and Mrs. E. B. Posey at Hereford the week end.

CITY HALL

Another Halloween has passed and we have not had a complaint of pranksters doing anything harmful or destructive to person or property. For this we are very grateful to the parents for the good behavior of their youngsters. We want to congratulate the youngsters for their good behavior and hope each of them had an enjoyable time.

Constable R. T. Brown will be away for a short time and in his absence Harless McMahan at the Fire Station will answer his calls should anything come up in his department.

Miss Della Wood spent Tuesday with Mrs. J. L. Ratcliff and her sister, Mrs. Clifford in Claude.

Health Notes

AUSTIN—Food poisoning and the spread of food-borne diseases can be "things of the past," State Health Officer Geo. W. Cox asserted here today.

"People need only remember three things to bring about the end of the food poisoning disease classification," Dr. Cox declared. "Buy food from safe sources, prepare it in a sanitary fashion, and serve and store it correctly."

He said state laws covered the sale of contaminated food to the housewife, but "only the homemaker can see that food is properly stored and cleanly prepared for serving to the family."

There is a difference between food infection and food intoxication, he pointed out.

Food infection comes from eating or drinking a product contaminated by a germ. Dysentery, and tuberculosis are examples. Animal parasites can also gain entry to the body in this way. That, the doctor said, is how people get trichinosis and tapeworm.

The growth and multiplication of certain toxin forming bacteria in unrefrigerated foods bring on food intoxication, according to the explanation. That is the source of staphylococcus infection and the deadly botulism. Some kinds of mushrooms and certain shellfish are also poisonous.

Some poisonous substances may be accidentally introduced into food, Dr. Cox said. "For instance, rodent and insect poisons, spray residues on fruit and vegetables, and poisons from metal containers."

To point up the deadliness of some food poisons, he related the story of the housewife who suspected some home-canned green beans she had just opened were tainted.

"She barely tasted one of them, but it killed her in a matter of hours. Such instances are rare but do occur."

Some of these radio announcers should change their line and frankly say: "Due to conditions beyond our control, we present the program originally scheduled for this time."

You can't make a good hand out of a heel.

Nothing is given away so liberally as advice.

TYPOGRAPHICAL ERROR: The apparel off proclaims the woman.

CARD OF THANKS
We want to thank all of our friends and neighbors for the kindness and sympathy shown us. We shall always remember and hold in our hearts your kindness.

Grants To Support University of Texas Pharmaceutical Foundation Research

AUSTIN—Two grants totaling \$18,600 will support University of Texas Pharmaceutical Foundation advanced research.

The grants, announced by the University Development Board, the institution's fund-raising agency, include \$15,000 from the Clayton Foundation, established by Benjamin Clayton of Pasadena, Calif., formerly of Houston; and \$3,600 from Sharpe and Dohme, Inc.

The Clayton grant will be paid over a three-year period and the studies it supports will be supervised by Pharmacy Dean Henry

M. Burlage in cooperation with the Biochemical Institute, headed by Dr. Roger J. Williams. The Sharpe and Dohme award will be used for investigation of a genus of fungi and its antibiotic properties. Dr. Burlage also will supervise the fungus studies.

The University of Texas Pharmaceutical Foundation was established this year to develop a graduate program, advance research, and otherwise extend College of Pharmacy activities.

Burl Stears of Ellis County and nephew, Clay Landers of Ft. Worth arrived Sunday for a visit with his sister, Mrs. W. E. Hardin. Clay Landers went on to Pampa for a visit.

Mr. and Mrs. John Humphrey and family of Higgins visited Mrs. N. L. Jones and Mrs. Eva Humphrey Sunday.

Mr. and Mrs. R. A. Hay attended the Odessa-Sandie football game in Amarillo Friday night.

Gabie Betts Burton Library Notes

By May L. Prewitt

For the first time in the history of the American Mothers committee, its award has gone to an American Indian. Mrs. Henry Roe Cloud of West Lynn, Oregon, widow of the Indian ever to be graduated from Yale and mother of four graduates of women's colleges, received the award of "American Mothers of 1950."

There are several accessions to report this week. The adults will appreciate "The Legacy of Gabriel Martel" by Marie L. Nowinson. She was five years writing this novel, and since she chose a lawyer for her leading character, she read law for two years with her lawyer brothers guidance. Her arduous work and the sincerity of her moving story won for her the \$10,000 Christopher Award for fiction. Then "Cannon Hill" by Mary Deasy is a gift for the fiction shelf. Another book by this writer is "The Linden Tree" which most of you have read. Another gift is "Killers of the Dream" by Lillian Smith, who wrote "Strange Fruit." This book may be classed as radical, but never the less it will challenge and inspire men of good will every where. The publishers sent a free gift of "Life of an American Workman" by Walter P. Chrysler, originally printed in the Saturday Evening Post. The book as now published reproduces the original story, together with an additional chapter in

which Boyden Sparkes rounds out this biography of a great man. I'm very happy to add this biography to our shelves. There has been so many periodicals and several books given the Library that will be discussed soon.

AMERICAN LEGION NEWS

For the benefit of those who could not meet our National Commander — his ideas, plans and suggestions are of paramount interest to each and every American citizen and a must duty for all ex-service men. Enroll as members and thereby help in the work that involves everyone.

American Education Week
Government of, by and for the people is the challenging theme of American Education Week to be observed throughout the country November 5-11th.

The Legion joins with National Association and other groups concerned with our free common schools to help educate our youth for the great task of leading the world toward freedom, justice and peace. The 17,400 Posts of the Legion have been alerted to keep our schools strong and effective through participation in American Education Week observance and continued support of the schools.

Seven daily topics have been suggested. Nov. 5th, "Moral and Spiritual Values." November 6th, "Responsibilities of the Citizen." Nov. 7th, "Meaning of the Ballot." Nov. 8th, "Urgent School Needs." Nov. 9th, "Opportunity

for All." Nov. 10th, "Home-School-Community." Nov. 11th, "Freedom & Heritage." P. S. John Ruskin says—

Education does not mean teaching people what they do not know. It means teaching them to behave as they do not behave. It is not teaching youths the shapes of the letters and tricks of numbers, and then having them to turn their arithmetic to rogery and their literature to lust. It means on the contrary, training them into the perfect exercise and kingly contience of their bodies and souls. It is a painful, continual and difficult work to be done by kindness, by watching, by warning, by precept and by praise; but above all by examples.

Business Activity In Texas Increases During August

AUSTIN—The level of business activity in Texas continued to climb during August in spite of the fact that the hysterical consumer buying in July had begun to subside, the University of Texas Bureau of Business Research reported. Every important phase of business activity rose over July, and all lines of business were substantially above a

year ago.

The index of business activity compiled by the Bureau rose 3 per cent in August after adjustment for seasonal variation. This increase brought the index to a level 19 per cent above August 1949 and again represents a new record. It should be noted that May and June both set records, before the stimulating effects of the war were felt. With the rush of consumer and business buying that resulted from the war in Korea, July and August continued to climb.

The value of building permits issued in August rose to almost 13 times the volume issued in the prewar period 1935-39. The Bureau's seasonally adjusted index of building permits advanced to 1281 in August, an increase of 19 per cent over July. Building costs have been rising since the beginning of the Korean war, but after making allowance for these increases the volume of building increased 16 per cent between July and August and was 83 per cent higher than a year earlier.

The Bureau's index of sales of durable goods stores slid 4 per cent in August from July. This decline, however, still left the in-

dex at 630 per cent of the prewar base period.

Jewelry stores and building material dealers were the only durable goods stores reporting an increase in business for August over July. Sales of soft goods boomed during August, with non-durable goods stores reporting an increase of 5 per cent over July after allowance for seasonal variation.

Texas farm cash income for August showed an increase of 16 per cent over July after adjustment for seasonal variation, but was 27 per cent below a year ago.

Industrial production in Texas, as measured by the consumption of electric power by industrial users, increased 3 per cent in August after adjustment for seasonal variation. This barometer has risen sharply throughout 1950 and in August it was 20 per cent above August 1949. The oil industry in August regained most of the ground lost during 1949; crude production was back to the peak levels of 1948, and refinery operations were rapidly approaching that level. Employment in manufacturing industries showed gains in August over July and was substantially above August 1949.

The wholesale price index of

the Bureau of Labor Statistics rose to 167 (preliminary) for August, compared with 163 in July and 157 in June. The index of consumers' prices in Houston declined less during the past 18 months than wholesale prices, and the strong upswing in July and August has brought this index to an all-time high.

FARM NEWS

From the County PMA Committee

CCC STOCKS OF COTTON DWINDLE

Government-owned stocks of cotton are about cleaned up. Before prices began to climb toward the 40-cent-per-pound mark, the Commodity Credit Corporation had nearly 4 million bales in a

pool for the account of cotton farmers.

Latest figures show that only 36 thousand bales of this cotton is still in the pool. The rest has been sold on the open market.

Farmers were given extra time to sell their 1949 cotton under loan with the CCC. Maturity date was extended until September 30.

On October 1, all of the unredeemed 1949 cotton was pooled. Actual amount has not been announced, but late figures show

that loans on about a hundred thousand bales were still unpaid on October 1.

This means that of the 1948 and 1949 cotton crops, only about 136 thousand bales are still in government hands. However, they will be offered for sale as soon as possible.

Because of the favorable prices, farmers are placing very little of the 1950 cotton crop under CCC loans. Latest count showed about a thousand bales.

MEETING ACP STANDARDS

Will your conservation practices pass?

That question should be asked before the practices are carried out, not after. The ACP is a partnership between the farmer and the public. The use of the public funds to share the cost with farmers places a responsibility on the farmer and the PMA committee to see that the practices carried out are effective in conserving soil and water. Definite requirements and standards have been set up to give this assistance.

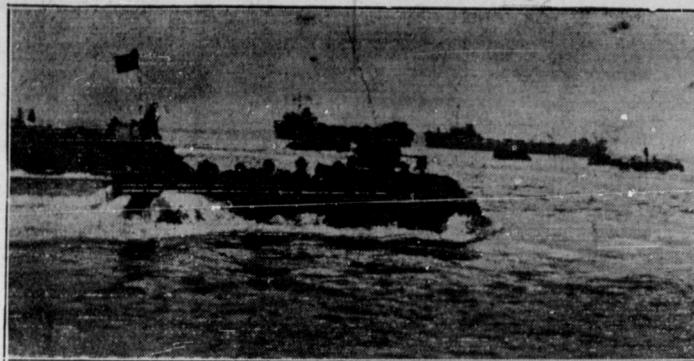

That's why it is better to find out what is required first "than to carry out a practice only to find that it doesn't meet program standards and therefore is not eligible for assistance."

"Every year there are a few farmers who apply for assistance on farming practices which do not meet requirements. The county PMA committee has no alternative but to turn them down. It would be unfair to the great majority of farmers who have complied and to the public to do otherwise."

It's up to each farmer who expects assistance in conservation work to find out what the requirements are. This information may be obtained at the county PMA office or from members of the county and community PMA committees.

Don't forget that the elections will be held soon. Ballots will be mailed out soon so that if you do not want to go to the polling place to vote you may mail your votes in.

Mr. and Mrs. Chuck Parham of Bakersfield, Calif. have been visiting in the home of Mr. and Mrs. Nelson Anderson and boys.

AMERICAN LANDING CRAFT RUSH TOWARD INCHON HARBOR.—In the early dawn of September 15, these boats loaded with members of the 1st U. S. OPEN FORUM

Should Uncle Sam reach his long arm into Texas and take fifty million dollars a year in water taxes

If Texans think that idea is crazy, they had better do some deep thinking. Don't forget, Uncle Sam is looking for more money wherever he can find it, and he is spending hundreds of millions annually to build dams and lakes all over the country.

In reply to that question, a prominent member of congress said:

"If the revenue collected would be used to provide greater water supply in the form of water and soil conservation, I would be inclined to favor the suggestion."

Make no mistakes about it, fellow Texans, the matter is receiving serious attention in Washington, and the chances are more than even that congress will impose a tax on water to finance conservation.

If the Texas legislature is smart won't it do something about a water tax before congress does? Will it stand idly by and see fifty million a year which belongs to Texas, taken to Washington?

Members of the legislature are

asking opinions of voters on vital issues, and, as I see it, none is more vital than this.

Texas can provide ample funds to finance its water program by a tax on water, its most valuable natural resource, and if the legislature doesn't enact such a law, it will be inviting congress to step in and collect the money for the Federal treasury.

That's my suggestion to the legislature. Lose no time in enacting a water code law, including a provision to impose a royalty tax on water, to finance, and give the state control of its water program.

Wallace Jenkins, Farmer, Box 301, Pemberton Hill Road, Dallas.

Texas Erasing One-Man Schools

AUSTIN — Texas' Little Red Schoolhouses, although not yet extinct, are dwindling steadily, a recent study of the state's public school system revealed.

"Although 30 per cent of the existing one-teacher schools have been replaced since 1920 through substantial school construction and modernization programs," reports R. H. Jacobs, director of the school division of Minneapolis-Honeywell Regulator Co.

His report was based on an analysis of a study by the U. S. Office of Education.

Although educators regard this as a significant index of statewide advancement, Jacobs pointed out that there are some 1,200 one-teacher schools remaining in the state that continue to be an important means of providing the rudiments of education.

Texas educators, however, apparently are keenly aware of the physical advantages of larger schools, Jacobs said. In a recent survey, a majority stated the "ideal elementary school" should contain classrooms, and 74 per cent of those replying said they would specify individual room thermostats for control of heating and ventilating equipment.

Southern schools have a singular problem in providing correct classroom atmosphere, the Honeywell spokesman said, since cooling, rather than heating, is necessary most of the year.

Educators everywhere are attaching new significance to healthful environment since a west coast school experiment showed that absences due to colds and other respiratory ailments had been cut 14 per cent by scientific control of temperature alone, he said.

ADJUSTMENT IN THE FIELD

keeps your equipment IN TUNE

Even the best farm machines must be properly adjusted to do good work. Usually, this adjustment can be made in the field — right on the job.

On such machines as your All-Crop harvester, Roto-Baler and Corn Harvester, a little tuning can make a surprising improvement in performance.

Our factory-trained mechanics know what to look for and how to fix it. Call us up if your equipment is not doing a perfect job. It will be worth many times its cost.

A Common Paper for Common People

PLOWIN' Out the CORNERS
In Uncle Zeb

The following is an essay written by an Indian, and submitted to a contest conducted by an unnamed newspaper. Thanks to these readers from the Michell-Goodwin Lbr. Co. for sending it on to me.

White Man Heap Loco

Both pictures show White mar crazy. Make big teepee. Plow hill. Water wash. Wind blow. Grass gone, land gone, door gone, window gone, whole place gone to hell. Buck ogne, too, squaw and

papoose also. No chuck-away. No pig, no corn, no cow, no hay, no pony.

Indian no plow land. Keep grass. Buffalo eat. Indian eat buffalo. Hide make teepee, make moccasin. Indian no make terrace, no build dam, no give dam. All time eat. No hunt job, no hitch-hike, no ask relief. No shoot pig. Great Spirit make grass. Indian no waste anything. Indian no work. White man heap loco.

Especially for Uncle Bob:

One Scotchman wrote to another: "Why don't you write; you can fill your pen at the bank."

A reader writes in: "Unless you stop these Scotch jokes I will quit borrowing my neighbor's paper to read your column."

They say: "Scotch gangsters take their victims for a walk."

I hear over the radio that the United States advises the Philip-

ines that they must get the graft and corruption out of their government if they want our continued help. Well, black my nose and call me a stovepipe.

New members to the Ain't Smoking Right Now Society include Johnnie Reck who has been off the cigarette since last April, and Willis Wood of Muleshoe, Texas, who, by the way, is an own cousin to at least one of my brothers.

Last week was the anniversary of several years of happiness between Mama and me. Among the folks who congratulated us was Mrs. Laura Lee Adams, who did so with my favorite brand of pie made with her own hands. And was it ever good. What do I care about waist-lines anymore, anyway? Not as long as there are sweet and delicious coconut pies to eat. Thanks Laura Lee for remembering us with such a nice pie. Maybe it seems like a long time to Mama since I told her all those sweet nothings; endless dreams and promises that I have never made good, but to me it seems only yesterday; only last night. How time does fly, how time does fly?

Next week we will elect a congressman, and a lot of folks are wondering what and how to vote. Me too. We see so much evil and corruption in the party politics of both parties till it is hard to keep from getting disgusted. But we must not do that. If we will vote for the man that we think can and will do the most for our country we must surely be right. At least, we will have done our part. Anyway, we should all vote, and vote our best judgments for the sake of our country, and our children.

When we read the stories about how stunning the bride looked, we always imagine the groom looked stunned.

ASHTOLA

Mrs. Doyce Graham

In the Ashtola school services were held October 24th in observance of United Nations Day. The ladies of the Needle Club made a flag and presented it to the school. It was displayed along with the American flag in the school auditorium for the school children. A short program consisting of United Nations meaning and observance by Mr. Duncan, patriotic songs by school children, and ending with prayer for guidance and success, was given. The pledge of allegiance was repeated in unison.

A representative of the Gideon Society visited the school Wednesday and gave each child a new Testament. He gave a big Bible for use in the auditorium also.

Gene Evans left the 25th for service in Naval training. Mrs. Jay White of Borger visited Friday and Saturday with her parents, Mr. and Mrs. Lloyd Reid. Mr. and Mrs. Dexter Todd of Amarillo spent the week end with her mother, Mrs. Watt Hardin.

Linda Hardin and Gary Mahaffey have been ill with throat trouble.

Mrs. Clyde Butler was hostess to the quilting club Wednesday. A covered dish luncheon was served at noon and two quilts were finished. Present were Mesdames Joe Terry, H. A. Graham, John White, P. M. Marshall, Doyce Graham, Leo Wallace, Hubert Rhoades, J. M. Graham, Henry Wilson, H. W. Lovell and John Brandon.

John White went to Denton Thursday night to see Gene play ball.

Everyone is invited to singing at Ashtola Sunday afternoon at 2:00. The Donley Co. Convention meets here this first Sunday. Be there.

James Reed Lovell of SMU spent the weekend with his parents, Mr. and Mrs. Ben Lovell. Mr. and Mrs. Norman and son of Amarillo, Mr. and Mrs. Dahe Perdue visited Sunday with Mr. and Mrs. H. S. Mahaffey and Frank.

Those visiting in the W. A. Poovey home over the weekend were Mr. and Mrs. John Dial of Channing, Mr. and Mrs. Evert Miller of Phillips, Mr. and Mrs. Willard Cook and Dean of Borger and Billy Lee Ramsav of

Phillips. Mr. and Mrs. Earl Butler and Kenneth of Borger spent Wednesday night with Mr. and Mrs. Ben Lovell.

Mr. T. A. Nelson Sr. and Grady Nelson who is home on furlough spent Sunday with Grandma Nelson in Paducah.

Mr. and Mrs. Pink Marshall and Leota visited with Mr. and Mrs. Bob Head in Clarendon Sun.

Mr. and Mrs. Redell Henson and children of Clarendon spent Sunday with Mr. and Mrs. Grady

Henson. What we can't understand is how nature takes care of things, even though they may happen years and years later. For instance, look how our nose and ears are located, just to hold spectacles.

You'd think some fellows were trying to pay their accounts twice, the w. v. their checks come in and then bounce right back again.

Judge it on DURABILITY... DEPENDABILITY

It rides more smoothly

Take one ride and you'll agree Chevrolet is the smoothest riding car in its field. It's the only low-priced car combining the famous Unitized Knee-Action Ride and airplane-type shock absorbers all around.

It drives more easily

Enjoy finest no-shift driving with Powerglide Automatic Transmission* and 105-h.p. engine—or finest standard driving with standard engine and Synchro-Mesh Transmission—at lowest cost.

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

It operates more economically

Chevrolet's famous Valve-in-Head Engine, exclusive to Chevrolet in its price range, brings you an outstanding combination of thrills and thrift, plus proved dependability, year after year.

It lasts longer, too

Many Chevrolets are performing dependably after ten, fifteen or twenty years of service. That's one reason why there are over a million more Chevrolets on the road than any other make.

It's better looking all around

Outstanding good looks accompany the outstanding performance of Chevrolet cars—only low-priced car with Body by Fisher—and most beautiful in its field, according to a recent public survey.

It gives more for less throughout

Only Chevrolet offers so many performance, comfort and safety features of highest-priced cars at the lowest prices and with such low cost of operation and upkeep. Come in and see it now!

Dr. Sam Culpepper To Speak
At Wayland College
November 6th

PLAINVIEW—Dr. Sam B. Culpepper, director of Field Service for the Texas State Association, will be guest speaker in the Wayland College auditorium on Monday evening, Nov. 6, at 8 o'clock under the auspices of the Education Club of the college.

The public school teachers of Plainview and the surrounding area will be honor guests of the club for the address and a reception in the Student Center following the address. The public is invited.

Dr. Culpepper is a graduate of John Tarleton Junior A&M, Howard Payne College, and Baylor University. He has had 25 years of experience in public school work in Texas, having taught two years in the rural schools of Erath County and 14 years as superintendent of school in that county. For seven years he was a deputy state superintendent in the State Department of Education

and for two years director of the Division of Health and Physical Education of the State Department.

The students of Wayland College will hear Dr. Culpepper at 10 a. m. Tuesday morning, Nov. 7. These meetings are in observance of American Education Week.

If crookedness and thievery continue, the life insurance companies had better be selling fire insurance policies to some people, 'cause they'll sure need 'em where they are going.

Want a ride that's "out of this world"? Better Buy Buick!

WANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead? Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't? Well, sir, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones. Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true.

See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway.

In other words, sample this two-

ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors. And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflo Drive.* It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening. YOUR KEY TO GREATER VALUE

Phone Your Buick Dealer for a demonstration drive!
