We your committee on Platform and Resolutions beg leave to report the following resolutions.

Resolved. 1. We oppose the contraction of the currency by the retirement of the retirement of greenbacks or otherwise.

2. We oppose the issuance and sale of bonds in time of peace.

3. We favor the election of U. S. Senators by direct vote of the people.

4. We favor an amendment to the constitution of the U. S. taxing all incomes over a certain amount.

5. We favor a tariff for revenue on

ly, but in levying same we demand that the raw material be taxed in a just proportion to the taxes levied on the finished product.

6. We endorse the administration of our worthy Governor, the Hon. C. A. Culberson and all the other state officers and hereby instruct our delegates to vote for the re-nomination of each and all of them.

7. We hereby instruct our Delegates to support the Hon. John H. Reagan for R. R. Commissioner.

8. We instruct our delegates to support Hon. Sam J. Hunter for Judge of our Court of Civil Appeals 2nd Supreme Judicial District.

9. We demand the most economical administration of our public affairs, national, state and county and we insist upon the highest standard of efficiency and integrity in our public officials.

10. We affirm as our deliberate belief that the United States has the material wealth, together with the other attributes of a great government, sufficient to warrant her single handed and alone without international agreement to undertake the free and unlimited coinage of silver and to enable her to maintain the parity thereof with gold at the ratio of 16 to 1. We therefore favor the free and unlimited coinage of silver at the ratio of 16 of silver to 1 of gold and the making of silver as well as gold redemption money and a legal tender in the payment of all debts, both public and private.

11. We hereby instruct our delegates to vote for Hons. John H. Reagan, J. S. Hogg, Harace Chilton and E. G. Senter for delegates at large from Texas to the National Democratic Convention.

12. Our delegates to all conventions shall be governed by the unit rule and proxies shall not be allowed.

We hereby instruct our delegates to the various district conventions to vote for the following men: For

State Senator, H. A. Tillet; For Dist Judge, T. H. Conner.

Respectfully submitted
W. E. GILLILAND, ch.

The roll was called by precincts and the resolutions declared adopted.

W. F. Griffin offered the following resolution.

We hereby specially endorse the record of our worthy representative the Hon. W. E. Gilliland and commend him to the voters of this District as worthy their support in his candidacy for renomination and reelection to said office. And our delegates are hereby instructed to work and vote for his renomination. Carried unanimously.

The names of Hons. J. H. Calhoun and T. H. Bowman and submitted to the convention as candidates for congress. The vote as announced was Calhoun 20 Bowman 28. J. H. Calhoun was endorsed as the 2nd choice.

Moved and carried that the chair appoint the delegates to the various conventions. Amended by J. H. Finch to appoint committee for this purpose lost by vote 34 to 14.

W. F. Griffin offered a resolution to endorse the national democratic administration except the financial and bond question. Griffin and Gilliland spoke in favor of the resolution, opposed by Wagner, St. John and Moore. Lost 34 to 13.

NOTES.

The convention was the most harmonious the democrats have held in the county for years.

Hon. J. N. Rushing's free coinage resolutions he had adopted by the county democratic convention in 92 were read and Mr. Rushing invited to address the convention. Mr. Rushing says he still stands by his resolution. He was for sound money then, he is for sound money now. Most of the delegates, however, believe that Mr. Rushing has experienced a change of heart since 92. He says he is in favor of silver though he has so many "buts" and "ifs" connected with it that he would never get it.

There was some little difference in committee on platform, two of the resolutions, the one on bonds and the other on an income tax. The writer for one feels that certain contingencies might arise in which bonds would have to be issued in time of peace and further we are opposed to the principle of the income tax and believe an ad valorem tax is the only just tax, but under present conditions with so much wealth exempt from taxation we would favor an income tax unless the laws are so changed as to make national bonds taxable.

If the free silver delegates at Chicago are of the same opinion as the Callahan county silver democrats there will be a straight ringing declaration for silver and the country will have a chance to settle the question as between a double standard of gold and silver and a single gold standard.

Some say that the convention was not a representative convention because (CONTINUED ON LAST PAGE.)

W. K. GILLILAND, Editor and Proprietor

H. C. Lord of Sweetwater is a candidate for State Senator. Mr. Lord is well known by some of our professional men and all speak well of him.

If the democratic party is a gold standard party some intelligent democrats are now living who have been voting the ticket for half a century and were not aware of this fact.

If one did miss the senatorial nomination he might still capture the district attorneyship provided he could slip up on the blind side of the critic and catch it before it started to run.

The Abilene reporter has changed hands and J. L. Stephenson is now editor and chief of the weekly and daily Reporter. THE STAR wishes the Reporter success under the new management.

President Cleveland has made a last effort, by public letter, to stop the silver slide. It is the last desperate hope of the gold standard wing but will fall. The financial question bids fair to smash party lines to atoms this fall. The Chicago convention will declare for free silver.

The Republican convention at St. Louis nominated Maj. McKinley of Ohio, for president and Herbot of New Jersey for vice president. The financial plank is for a straight gold standard, and many of the Western Republicans will leave the party.

The Republican convention at St. Louis declared for a gold standard and most of the silver delegates from the west announce that they will withdraw from the republican party. Providence is fighting the battles of the people this year and we are going to have a change in the financial system of this country.

McKinley, protection, dissatisfaction, gold standard and contraction, dry rot and decay in business all the way. Boies, low tariff and free coinage, expansion of the currency, revival of business and the death like grip of destruction hovering over the country will vanish forever away. Take your choice.

Col. J. N. Rushing, Dallas News Baird correspondent says the convention held at Baird last Saturday was in no wise representative. Things did not come the Colonel's way you see and he is in the mucky grub. The Gal-Int News is not running the democratic party in Texas this year to any very alarming extent you see.

Last, strayed or stolen, a two week's old senatorial boom. It was never very strong and some fears are entertained by the owner that the poor thing has strayed into some of the wags. Boies, low tariff and free coinage, expansion of the currency, revival of business and the death like grip of destruction hovering over the country will vanish forever away. Take your choice.

The postpaid judicial convention at Cleo last Saturday nominated Hon. W. H. Lockett of Abilene, for District Judge. This is the first instance we believe where party lines were drawn on the office of the District Judge in this district. Of course the democrats will be forced to nominate a candidate now that the populist have nominated a candidate.

The St. Louis Republic (Dem.) speaking of the convention says: "The gold standard for all eternity and protection to the green—if the Democracy does not feel in its every vein the fire of battle, then Thomas Jefferson lives in vain and Andrew Jackson's picture must be turned to the wall."

The last national democratic platform was satisfactory to the free silver wing of the democratic party; but the administration construed it in view of this gold standard platform. In view of it this would be a farce to suggest that platform at Chicago. Let us have either a straight gold standard platform or an unequivocal demand for free coinage with or without any international lumbering about it.

We can only account for the bitter abuse heaped upon each week by THE STAR in one way. The gold standard party is cheerfully dead in this country and he wants out of the way so he can join the pope—Prodi-

Good gracious! The democratic party is dead is it? When did the Prodigal die? It would be of interest to know just how much the pope have contributed to the support of the Prodigal. Wonder if the amount received from that source would pay for the blank paper the Prodigal printed on? We doubt it. It is pretty generally known that without the support of the democrats the Prodigal would have turned up his little pink toes beneath the daises long ago. THE STAR is not likely to join the pope so dances unattended. The continued reiteration that the democratic party is dead would imply that the Prodigal doubts its own statements. The populist has not shown any particular evidence of being very much alive in this country this year judging by reports from the country, the turnout at the pop precinct conventions, etc. A free silver plank at Chicago will sound the death knell of the populist party and the Prodigal will want to break into the democratic party to get to be its "organ."

Baird, Tex. June 17, 96.—Two hundred votes were polled in this county last Saturday, against 729 in 1894. Sound money democracy did not vote.

By J. N. RUSHING, Correspondent Dallas News.
The above is fair sample of political hash sent the News from this and other counties. Col. Rushing compares the vote in June 4th primary with a primary election for county judges, only in 1894. This is not fair and he not compare the vote in the June primary with the attendance at the precinct conventions in the county in '94. The reason he did not do this was because he could not have made the point he endeavored to make, i.e., capital against primary elections and free coinage of silver. He put the vote at 200, at Saturday's primary, some 20 or 30 or 40 less than shown by the returns, that was unmentionable of course. The vote at June 6, primary, small as it was, showed a better turnout than the average attendance at precinct conventions. If 10 or 15 democrats had gathered in conversation made a lot of sky scraping speeches and passed a lot of high sounding resolutions, it would have been a better representation of democracy according to Col. Rushing's idea and the ideas of some other politicians. He says the sound money democrats did not vote nine of them voted at least. The truth is gold standard democrats are very numerous in this county though Col. Rushing begs a decision to his breast that the woods are full of them.

CHURCH RESOLUTIONS FROM COTTONWOOD.
Whereas it is generally known throughout Callahan County that the Association that there was a division in the Missionary Baptist Church at Cottonwood last July, and that said division resulted in the exclusion of its members and that the excluded members organized themselves into a second Baptist Church, and whereas our Pastor A. L. Jobe is being accused of fostering divisions in churches, when we know and can testify that he has led for harmony from start to finish.
Therefore be it resolved that we do hereby make public to the Callahan County Association and the Baptist conference of Texas, our proposition for a settlement of the troubles between the two churches, by publishing these resolutions in our religious and county papers and presenting a copy of the same to the 1st Baptist Church of Cottonwood.
1st. We propose that the two churches meet a council.
2nd. We propose that the church records and all evidence on both sides be laid before this council and then said council shall say what is the cause of each side in the troubles.
3rd. And we the Liberty Missionary Baptist church do hereby bind ourselves to abide the decision of said council.
Done by order of the church in conference assembled this 13th day of June 1896.
A. L. JOBE, Moderator.
J. H. BREKIDDER, Ch. Clerk.

A CARD.
To the Democracy of the 107th District:

FELLOW DEMOCRATS: Some time ago at the solicitation of democrats from various portions of the district, I consented to become a candidate again for Representative if it was the desire of the democracy of the district that I should do so; giving my reasons for so doing in an address made at the time. I distinctly stated however, that I would not make any canvass seeking the nomination for the place. At that time no other candidate was mentioned, but since that time each county in the district has put out a candidate.

Under these circumstances I do not feel that there is any necessity for me to continue the race, and I hereby withdraw from the contest and my name will not be presented to the convention. I cannot afford to masquerade and I am really glad that the party has so many men to select from without considering any claims that I might suppose to have for re-election. I have received all that one could reasonably expect in that line. That there is no money in the office I know by experience and it is with no regret whatever that I retire from the race.

To my friends in other counties, I return my thanks for the expression of good will; and to my friends and fellow democrats of Callahan County I desire to especially thank you for the unqualified and unanimous endorsement given me. Each delegate is hereby released from all pledges to support me in the representative convention. I am not a candidate for this or any other official position. I feel that I can do the democratic party more good as an individual than as a candidate and I know it is of Collins and Moore, the only complete political party in the South. Atlanta, Ga. Feb 14-97-6m

I desire to thank the democracy of the district for the honor conferred upon me to undergo two years ago. I retire from office with the conscientiousness that I have discharged my duty faithfully and conscientiously, and at last have been no discredit to the Democracy of the district, and I believe I have the respect if not the support of the best element of all parties in the district. I am ready as an individual at all times to do everything honorable to advance the cause of democracy.

Respectfully Yours
W. E. GILLILAND.
Baird, Texas, June 18, 1896.

The Mexican government is financially very strong the revenues exceeding the current expenses and the balance is heavily accumulating in its favor in the national bank of Mexico. New laws regulating taxes to be imposed in substitution of all interstate and municipal taxes meet with popular approval and constitute a veritable fiscal revolution, whose effects will be widespread and imprint the modern character on taxation methods—Austin Statesman (gold standard.)

In this land of silver dollars it is wonderfully prosperous and there is a great demand for fine chickens, and hundreds have been shipped to that country, and if it was not for the high tariff on fine fowls thousands would go to that country every year. But in this country—the United States—we have a busted treasury, a bond ridden country, a cruel gold standard that has shrunk the value of every living thing, farm products, houses and lands 100 per cent all but fine chickens, and why? Simply because our law makers have had nothing to do with fine fowls, nor do they comprehend or understand the magnitude of this great food supplying industry—San Antonio Stockman and Farmer.
