### Around Muleshoe

Snow and ice blanketed most of the West Texas area on late Thursday and continued to fall all day on Friday, creating hazardous driving conditions for area residents. Weather forecasters are predicting even more snow over Friday night and into Saturday. Many area schools, including Muleshoe were closed on Friday, due to the bad road conditions; and many area scheduled meetings were postponed.

The Lazbuddie FFA-4-H Livestock Show which had been scheduled for Saturday, January 22, has been cancelled, according to Rick Copp, Vo Ag teacher at Lazbuddie. It is expected to be rescheduled for Saturday, January 29 if possible. Watch the paper for further notice.

A one day seminar will be held at the Hereford Community Center in Hereford on Friday, February 25 from 8:30 a.m. until 4:30 p.m. with topics focused upon identifying markets, new services, different business practices and the creation of land trades in a non-inflating market. The conference is sponsored by the Texas Chapter #22 of Farm and Land Institute National Association of Realtors. Registration is limited to the first 75 persons and to register call Don Tardy at 364-4561 or for reservations 364-0540. Cost for the seminar is \$50 for those pre-registered and \$65 at the door.

### Mullettes Drop District Opener

The Varsity Mullettes dropped their first district game to the Littlefield team on Friday, January 14, moving them to an 0-2 district record. Littlefield advances to 2-0 in district play.

The game was close up to half-time, with the mid game score reading 26-25 with Littlefield just one point ahead of the Mullettes. However, according to Head Girls Basketball Coach Robert Brandon, "Cold shooting in the third and fourth quarters by the Mullettes caused them to fall behind and not be able to catch up."

At the end of the third quarter, the score was 38 Cont. Page 10, Col. 1

SNOW LACED TREES.....Large snowflakes began falling in Muleshoe on Thursday afternoon, quickly turning the landscapes into winter wonderlands with the fluffy white stuff. By Friday morning close to thirteen inches of snow had been recorded for the Muleshoe area, encasing everything in a blanket of white. The Muleshoe water tower, also white, fits right in with the rest of the landscape.

## Bailey County Receives Disaster Designation

Late Thursday, the United States Department of Agriculture and that Farmer's Home Administration announced that thirty-three Texas Counties that suffered extreme weather and crop losses in mid 1982 are eligible for low-interest disaster loans.

Bailey County is one of the thirty-three counties named for aid due to the aftermath of severe hail, wind and rain storms that swept this and other High Plains counties in June. Two applications for Bailey County were mailed into the FmHA prior to the designation one in June and the last one in November.

Farmers in the counties eligible for these loans may apply to the FmHA offices immediately for the 8 percent interest loans and will have nine months from the designation date to apply.

Along with the approval of the thirty-three counties named for disaster loans Thursday, the FmHA dashed the hopes of many other High Plains farmers who were just beginning to think about their 1983

crops. These 62 other Texas counties, many of them on the High Plains, have been told that their losses did not meet the criteria for the disaster designations.

According to Congressman Kent Hance in a statement made to the Journal on Friday, "Only six counties in the 19th Congressional District were designated as eligible for the FmHA disaster loans." Those counties are Bailey, Cochran, Lamb, Hockley,

Lubbock and Parmer.

Hance further expressed his disbelief and disappointment in the decision with these words: "I think that the USDA and Secretary Block have a lot of explaining to do to a lot of hurting farmers in West Texas. The USDA is basing its decision on the percent of loss per county and anyone with any knowledge of farming knows that Mother Nature can't tell

## Mule District Play Under Way

The Muleshoe Mules Varsity Basketball team started out district 2-3A play on January 14 against the Littlefield Wildcats, ending that game with a score of 75-63 in favor of the 'Cats. In spite of the score, the game was a fairly close one and rebounding both offensively and defensively was good with a total 44 rebounds overall.

Field goals attempted at the end of the game ranked at 32 percent while free throw made totaled 50

percent. The Mules attempted 78 field goals for a total made of 25; and on free throws, made 13 out of 26 attempted. Rebounds offensively stood at 16 and defensively, 28 giving a total of 44 rebounds during the game.

High point man for the Mules in the Littlefield game was Michael Isaac, 18 points, with brother, John behind him with 16 points. Mark Moton racked up fifteen points, Jeff Hamilton 13, and Darin Shaw eleven points. Trent Hysinger and Leroy Hurtado also scored.

## County Employees Receive 6% Pay Hike

At a specially called meeting of the Bailey County Commissioner's Court, all county employees were given a cost of living fixed raise increase in the amount of six percent across the board.

Besides the six percent increase for all county employees, certain other employees were granted additional raise compensations due to the nature of their work and the time spent. Judge Gordon Green stated that these changes

were brought about in an effort to equalize salary scales among county employees. Those salary increases included the Justice of the Peace, Precinct 1, an additional \$100.39; Bailey County Sheriff \$50.00 increase; all deputies, secretaries and commissioners: an additional \$25 per month.

In the called meeting held in the Court House on Monday, January 17, the Commissioners' Court also considered the matter of a maintenance agreement for the three newer IBM typewriters belonging to the County. An agreement was reached for a year's time for a service contract on the three machines.

The court also reviewed a notice from the General Telephone Company regarding their intention to place a buried line within a county right-of-way. The court voiced no objection to this procedure, but specified that R.L. Scott, commissioner of the pre-Cont. Page 9, Col. 4

### NOTICE OF MEETING

ASCS County Executive Director Rusty Williamson has announced three scheduled farm meetings to take place the first of next week concerning the new farm program, as well as the PIK program.

On Monday at 8 a.m. producers in the Maple, Goodland and Stegall communities are invited to attend such a meeting to be held at the Maple Co-Op.

At 7 p.m. on Monday, January 24, those residing in the Muleshoe, West Camp and Needmore Communities will congregate in the Muleshoe High School Cafeteria.

Finally on Tuesday, January 25, residents in the Bula, Enochs and Circleback areas will meet at 7 p.m. in the Bula Community Center on Highway 54, 7 miles east of Enochs, Texas. Please make your plans to attend one of these meetings, since explanations of the new programs will be made available to those who are interested.

## Show Gets Underway Wednesday PM

A reminder has been issued that the annual Bailey County Junior Livestock Show will get underway this Wednesday, January 26 with animals scheduled to arrive between four and eight p.m. that day. Weighins will be performed upon each animal's arrival and no exhibitor may remove animals or tack from the building during judging. No animals will be removed from the building prior to the end of the show.

There will be three classes of steers, five classes of lambs and swine will be shown by breeds.

Any boy or girl who is a member of the 4-H, FFA or FHA and whose projects are supervised by the CEA or Vo-Ag instructors of Bailey County and who attend school in Bailey County may be eligible for this show. An exhibitor must be nine years of age by the show date to be able to participate.

The following directors are responsible for the proper conduct of the Cont. Page 10, Col. 3

## Director Urges Meeting Participation

On Monday, January 24, a series of meetings will begin headed up by ASCS Bailey County Executive Director Rusty Williamson, which he states are actually a "prerequisite" to any area producer signing up in the recently announced Payment-In-Kind program enacted by President Reagan. On Monday morning at 8 a.m., farmers in the Maple area will meet at the Maple Co-op; at 7 p.m. on Monday a meeting will be held in the Muleshoe High School Cafeteria and on Tuesday at 7 p.m. a meeting will take place in the Bula Community Center. Williamson urges each and every farmer and owner to try to attend one of these meetings, since many details of the new program will be discussed.

Revised deadlines for the PIK program have been set to begin sign up on January 24 and run through March 11. The original Reduced Acreage Program sign-up will also run from January 24 through March 11, 1983. Farmers who fail to sign up by March 11 will not be eligible for any program benefits.

In order to be eligible for the PIK program, Williamson stated that a farm operator must also participate in the previously announced acreage reduction program and paid land diversion programs under the 1983 farm bill. The PIK allows a producer to leave an additional ten to thirty percent of his acreage base idle in 1983, and this reduction will be figured straight off of the crop acreage base the director states.

For leaving his land idle, a producer will receive 95 percent of the established farm yield on wheat, 80 percent of the farm established yield on corn and grain sorghum and 80 percent on cotton. The percentages or Payment-In-Kind will come to the far-

mer by way of commodity certificates which will be redeemable for the actual commodity at the normal harvest time in their particular area. Producers will then be able to market the commodity as they see fit.

Williamson stated that in the Bailey County area, PIK commodities will be released and issued as follows: for wheat - July 1, corn and grain sorghum - October 1, for cotton - October 15. A producer will have five months to take title to the PIK commodities. PIK will be issued in terms of number one wheat, number two yellow corn, number two grain sorghum and cotton set at 42-32 Strict Low Middling-Light Spot, 1 inch.

The PIK program is a legal and binding contract and must be filed in the County office by March 11 with all signatures required. A tenant will be responsible for securing the signature of the owner of the property and Williamson suggests that a power of attorney might be of advantage to the producer in this case. To avoid any problems, producers should have all necessary papers in the County office by the dates indicated so that they will not miss any important dates.

Any producer who decides after March 11 that they do not wish to participate or continue with the program will be assessed a substantial penalty for failure to follow through with the agreement. Farmers are urged to carefully consider all aspects of the pro-Cont. Page 9, Col. 1

## Area Students Dean's List, Honor Roll

Eight students from the Muleshoe area have been named to the President's and Dean's Honor Lists at South Plains College for the 1982 fall semester.

To qualify for placement on the President's List, SPC students must maintain a 4.0 or "straight A" grade point average for the semester. Students on the Dean's Honor List must maintain a minimum grade point average of 3.25. All honor students must enroll for a minimum of 12 semester hours.

### BULLETIN

A message from Senator John Tower's office on Thursday, January 20 stated that a grant had been approved for the Muleshoe 1983 Airport Development Association Program in the amount of \$398,700. These funds are earmarked to construct an airport parking apron and access roads, runways, lighting and other such like things.

## Law Enforcement Rest Coming To End

City Police had a considerably larger report for the immediate past week this time, indicating that perhaps business is picking back up to normal.

On January 11, Marcia Henry reported a theft to City Police involving the taking of two tires and wheels from her vehicle while it was parked at the Gulf Station on American Boulevard. The items were estimated at \$260 value.

On January 11, Carrie Lynn Chapman was arrested on charges of issuance of bad checks on three separate warrants and brought before Judge Huckaby.

On January 13, Julius Green was arrested on a charge of no drivers license and on a failure to appear warrant. He was taken to the Police Department where he posted a \$150 bond and was released.

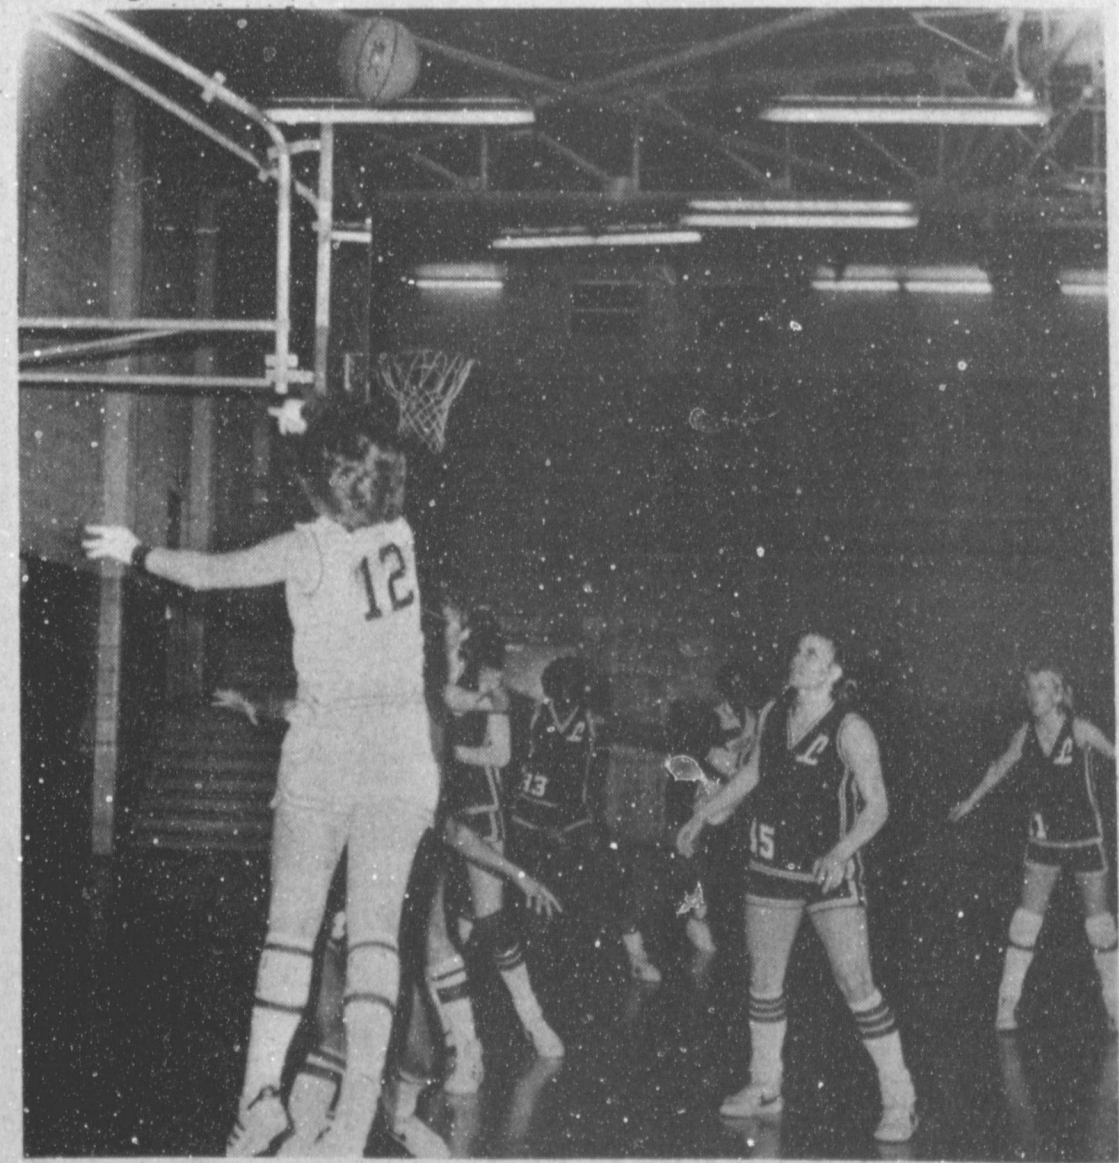

Celestino Dominguez was arrested on January 13 on a charge of disorderly conduct resulting from an incident at the Crossroads 66 station. Officers received a report that a man was assaulting a woman at the location described. Upon arrival they found the suspect involved in an altercation, and highly intoxicated. The suspect was taken to the jail for booking.

Bobby Ray Brown was arrested on January 15 on charges of possession of narcotic paraphernalia and several Lubbock Police warrants. He was booked and placed in jail, pending bond.

On January 14, Manuel Garcia was arrested near 20th Street and American Boulevard and charged with reckless damage of the new city park. He was Cont. Page 10, Col. 1

VARSITY MULES DROP SEASON OPENER.....The MHS Varsity Cagers dropped their first district game of the season on Friday night to the Littlefield Wildcats here in Muleshoe. Michael Isaac 44, takes a chance at an out side shot in this photo. Ending score was 75-63 in favor of the 'Cats.

GIRL'S VARSITY PLAY A TOUGH ONE.....On January 14 Muleshoe Girl's varsity squad played the Littlefield varsity here in Muleshoe, suffering a 59-39 loss. The Mullettes did have some good moments however, and one is shown here with Denise Wilson, #12 making two for the Mullettes.

Sprinkle with grated cheese from package and grated cheddar. Add ground beef topping. Bake 20 minutes.

**Clothes Can Cause Allergic Skin Rash**

A particular garment can make you feel great when you put it on, but red areas of itching skin can change all that. What you wear can cause an allergic reaction in the form of an itching, inflamed skin rash, says the Texas Medical Association. The rash is less often caused by the fabric itself than by the dye or other chemicals used to treat the fabric.

For instance, many people claim to be allergic to nylon. The allergic response often is not to the nylon, however, but to the nylon's keeping the skin too warm. Warm skin, in turn, contributes to the release of dyes in the fabric and to the skin's absorption of the dyes. In addition, nylon often is treated with an allergy-causing resin.

Any dyed or chemically treated fabric can produce an allergic skin rash. For this reason, finding the problem item of clothing in the patient's wardrobe can require more than a little detective work by the patient and the doctor. Besides dyes, a person may be allergic to elastic or stretch fibers, permanent-press finishes on fabrics, fur trims or moth repellent used in storing clothing.

Women seem more prone than men to skin rash from clothing, and overweight women are particularly susceptible. In both sexes, inflammation occurs more often where clothing rubs skin, such as inner thighs, armpits, sides of the trunk, and the waist. The typical allergic rash is red, swollen and itchy. It may be blister-like and moist or scaly and dry.

A skin rash that develops from an allergic reaction may need medical attention. Treating the rash yourself with other chemicals—even mild lotions normally considered soothing—could aggravate the allergic skin. The same can be true of preparations that customarily relieve itching.

The doctor's main objective is to identify the chemical causing the reaction so you can avoid it. In most cases, the rash will subside once the cause is removed. Sometimes, however, the doctor may treat an uncomfortable and unsightly rash with cortisone-like drugs.

**Epsilon Delta Re-schedules Birthday Social**

The Epsilon Delta chapter of the Epsilon Sigma Alpha Sorority met on Tuesday, Jan. 11 in the home of Mrs. Jan Crawford.

Lisa McElroy, president, called the meeting to order and called the roll. Pat Young, treasurer, read the minutes of the last meeting in December. She also read the correspondence. A thank you note was read from the sorority Christmas family.

A letter of resignation was accepted from Mrs. Debbie Kittrell. Mrs. Young then read the treasurer's report and committee reports were requested.

It was decided that the Birthday Social would be changed to March 14th, and held at Poor Boy's Restaurant in Clovis, N.M.

A motion was made by Mrs. Young that the sorority meet only on the first Tuesday of each month. This would eliminate the second social meeting. The motion was seconded and carried unanimously.

The meeting was adjourned. A meal consisting of ham and cream cheese rolls, and raw vegetables with dip was served. The dessert was a cherry cheese cake.

Present at the meeting were Lisa McElroy, Pat Young, Jan Crawford, Sylvia Vourazeris, Dianna Harrison, Sue Holt and Ginger Caldwell.

**In Fashion**

With a look at footwear offerings, milady will step out in style in the cold weather season ahead. One should choose shoes and boots carefully for comfort as well as style. Most popular is the pump and winter's best heel height is medium. Low heeled walking boots are made of soft suede or leather.

**Comments**  
By Claudine Elliott

The Muleshoe Country Club Ladies Association is under new management with Jeanetta Precure as the newly elected president; Argilee Millen the new vice-president; Mary Frances Holt the new secretary; Mary Busby the new treasurer; Anita Foster the new Hi-Plains director and Anita is also the new playday chairman with Helen Templeton as the assistant Hi-Plains director; Dorothy St. Clair and Cookie Bamert are co-chairman of the tournaments for the year-neither one admitting to be chairman alone; and Claudine Elliott is reporter for the new year.

Our ladies of the Muleshoe Country Club are very proud of our organization. We meet each Wednesday for the fun of playing golf and cards together and work diligently for the betterment of our Country Club. The money that is made through our projects goes back into the club to purchase things that can be enjoyed by all its members.

Wednesday, January 19th., was our first meeting

**Study Club**

Muleshoe Study Club met Jan. 13 at 4 p.m. in the community room of Muleshoe State Bank, with Mrs. A.C. Neely as hostess.

The Club Collect was led by Mrs. Ed Johnson, and Ms. Betty Jo Carpenter led the Salute to the Flag.

Mrs. Charles Shain called the roll and read the minutes of the previous meeting, due to the absence of Mrs. J.G. Arnn. A treasurers report was given by Mrs. Wilma Thompson, Mrs. Joe Costen conducted the business meeting.

A work session on the yearly club reports followed the business meeting. Each departmental chairman reported on things accomplished during the year and Mrs. Costen made a complete resume of the combined reports to be mailed to the District and State vice presidents.

Refreshments were served to the following: Mrs. John Agee, Ms. Betty Jo Carpenter, Mrs. Joe Costen, Mrs. A.C. Neely, Mrs. Charles Shain, Mrs. Wilma Thompson, Mrs. Doyle Turner, Mrs. T.R. White and Mrs. Ed Johnson.

for this year. Marlene Martin was gracious as always and installed our officers for 1983. She installed each officer giving her a colored balloon signifying the color representing her office and the duties of that office. Laverne Winn, the retiring president, presented Marlene with a lovely gift in appreciation for his installation ceremony. The members of the Ladies Association presented Laverne Winn a lovely marble cutting board in appreciation for her service as president for the 1982 year.

All ladies of the Country Club are urged to join the Ladies Association this year. We have many fun things planned for the new year. There will be golf tournaments and plans are underway for some card game tournaments as well. As the weather gets pretty again-we hope to see more of our golfers out. If you have not played in some time don't be afraid you will be embarrassed with your game, because you won't be. We have one of our best players that played out of town in a very important ladies tournament who found herself under a tree completely surrounded by branches for one of her shots. She graciously took her stance-swing her club and everything was fine except she left her club hanging in the tree as she came through

with her shot. So you see, things happen to the best of us. I cannot remember the lady's last name that had this experience, but her first name is Marlene and her husband's name is Bill.

Now, I told them when they made me reporter I was going to report all-so watch out!! I'll report again next month.

The Muleshoe 4-H club met Jan. 10 with President Zanna Huckaby calling the meeting to order. Amy Montgomery led the club in the pledge to the American flag, and Chanda Kemp led the club in the 4-H motto and pledge. Doug Chitwood led the club in "God Bless America."

Secretary, Misty Taylor called roll and 43 members were present. Brandi Estep gave a treasurer report and Shelly Sain announced the meeting of the by-laws committee would be on Jan. 11.

Information on the Bailey Co Livestock Show and Concession stand was discussed, and members were to make posters for advertisement.

Betty Campbell and Shelly Sain presented their foods and nutrition project groups with certificates.

Howard Watson reported on the newly elected steering committee. Johnny Estep announced the upcoming projects to start soon, they are Woodworking, B-B Guns, Photography, and Arts and Calligraphy.

Zanna and Holly Huckaby gave a method demonstration on "It's all in the seed" which explains how seed germinate. And Britta O'Tay gave a method demonstration on the "Clever Closet Caper" which told the audience how to organize your closet and get the most out of what space you have.

Special guests for the meeting were Linda Mullin and Kirby Rankin County Extension Agents, and approximately 20 parents.

Refreshments were served by Britta O'Tay, Thomas Pelton, Darrell McCamish, A.J. Lyles, Shawn Brancum, Chad and Chanda Kemp. Shelly Sain, Zanna and Holly Huckaby led the club in songs and games.

The next meeting will be Feb. 7 at 7:11 p.m. in the 16th and D Church of Christ.

The December meeting for the Muleshoe 4-H Club was conducted by President, Zanna Huckaby. Doug Chitwood led the Club in the pledge to the American flag, and Brett Pylot led them in the 4-H motto and pledge. Doug Chitwood led the Club in a Christmas song. Britta O'Tay made a report on the Food Show.

The 4-H club won 3rd at the Christmas parade on their float, and received \$25.00. Stock show princess was elected, it was Britta O'Tay daughter of Betty Campbell. She will represent the 4-H club at the Bailey Co. Stock Show.

Certificates were given to those who had participated in the Food & Nutrition Projects.

There were 49 members and 19 parents present for the meeting, and the members put up and decorated the Christmas tree for the Church.

Refreshments were served by Kandal and Krystal Derrick, Holly and Zanna Huckaby, Chad and Amy Montgomery, Justin, Jason and Jodi Morris.

1983 OFFICERS INSTALLED...The Muleshoe Country Club Ladies Association installed 1983 officers at their Wednesday, Jan. 19th. meeting. (L-R) Janetta Precure, president; Argilee Millen, vice president; Mary Francis Holt, secretary; Dorothy St. Clair, tournament chairman; Cookie Bamert, assistant tournament chairman; Helen Templeton, assistant High Plains director; and Claudine Elliott, reporter.

## JP Municipal Courts Getting Back To Normal

Again, this week, business is getting back to normal in both Justice and Municipal courts with a good amount of activity in traffic violations in both courts.

In Municipal Court, Judge Linda Huckaby filed a total of 47 cases for the period from January 11 to January 18, and disposed of 31 cases paid.

Of the cases filed, twenty-three were for speeding, seven for expired plates, five for bad checks, four for no MVI sticker, two for running a stop sign and one each on the following: no drivers license in possession, driving without headlights, running red light, and possession of narcotic paraphernalia.

Cases disposed of with fines paid included ten for speeding, five for bad checks, four for no MVI sticker, four for expired plates and two for no drivers license. One case each was disposed of on the following violations: possession of narcotic paraphernalia, failure to drive in a single lane, contest of speed, failure to

appear, disorderly conduct and one for defective lights.

In Justice Court, Justice of the Peace Jack Bates processed a total of fifty-two filings for the period from January 11 to January 17. Twenty-three of these filings were for speeding violations, six for no MVI, four for no liability insurance, four for over allowed gross weight and four for defective stop lamps. Three were filed on for failure to stop at stop sign and three for expired plates. Two were filed on for no operators license. One case each was filed on the following violations: improper loading, operating an unregistered vehicle and passing in a no passing zone.

Cases disposed of in Justice Court for the period of time mentioned included six for speeding, four for being over allowed gross weight, two for running stop signs, and one each on the following violations: no MVI sticker, no motor carrier authority, expired plates, no registration in truck, defective muffler and expired MVI.

## High Plains Cotton Harvest Resumes

Many growers were back in cotton fields this week following year end heavy snow. Harvest resumed first in southern High Plains counties where soils are sandiest, according to Mack Bennett, Area Director at USDA's Marketing Services Office at Lubbock. About 85 percent of the expected season's total has been classed, Bennett said. Lubbock's Marketing Services Office classed 24,250 samples during the week ended January 13 for a season's total of 599,000. This compares with 1,688,000 classed by the same date last year.

Predominant grades were grade 42 at 40 percent, grade 52 was 31 percent, grade 32 amounted to six percent and grade 43 accounted for nine percent. About 34 percent was reduced one grade because of bark and seven percent for grass.

Predominant staples were staple 30 at 13 percent, staple 31 was 35 percent, staple 32 accounted for 27 percent and staple 33 amounted to 13 percent for an average of 31.7 thirty-seconds of an inch. Mike 35 - 49 was 73 percent, 33 - 34 accounted for 10 percent, 30 - 32 was nine percent, 27 - 29 amounted to six percent and 26 or below was two percent for an average of 37.

Breaking strength averaged 25.0 grams per tex. Growers sold a small amount of 1981-crop loan equities at \$5 to \$15 per bale. Mixed lots of mostly grades 42 and better,

staples 30 - 32, mike 35 - 49 brought growers 75 to 225 points over '82 loan rates.

Gins paid growers \$65 to \$100 per ton for cottonseed, mostly \$75 to \$80.

USDA announced this season's estimated production of U.S. upland cotton at 11,911,200 480 pound bales, down 80,000 from December's forecast. Texas was placed at 2.7 million - up 100,000.

### Walt McAdams Visits Muleshoe

Walt McAdams, Director of Satellite franchise operations for H&R Block, visited this week with Doris Wedel, franchise owner of the Muleshoe H&R Block Office.

According to Doris Wedel, the primary purpose of Mr. McAdams' visit was to provide the local franchise with all the new and updated methods for improving the client service. This included information on the more than 100 tax changes made for 1983 filing requirements.

H&R Block currently has over 9000 offices worldwide. There are nearly 3000 franchise offices in the U.S. and Canada. The local Block office is located at 224 W. 2nd St.

Mr. McAdams made his trip to the Muleshoe Office during the snowstorm. He remarked that he only slipped off in the ditch one time on his way to Muleshoe.

## Invitations Sent For Stock Show

Invitations have been mailed to 335 different individuals and groups to participate in the 1983 Southwestern Exposition and Fat Stock Show Western Heritage Parade, scheduled at 2 p.m. Friday, January 28, through downtown Fort Worth.

Parade Chairman Chuck Shytles said 156 area riding clubs, 124 sponsors of horse-drawn vehicles, and 55 bands and marching units received the initial invitation which was mailed last week.

Shytles said additional entry blanks are available from the Special Events Department at the Stock Show Office, P.O. Box 150, Fort Worth, TX 76101. Entries must be returned by January 15.

"Everyone is invited to be in the parade," Shytles said. "However, motorized vehicles are not allowed to participate. In keeping with our Western Heritage theme, only marching units, riding clubs and horse-drawn vehicles are permitted in the line-up."

Riding Clubs and Horse-Drawn vehicles will assemble in the north portion of the Tandy Center parking lot. Bands and other marching units will line up on West First Street, between Henderson and Burnet Streets.

Plaques will be awarded the two outstanding Riding Clubs and two best floats along with the Western Heritage Award, most colorful entry, and the entry traveling the greatest distance to participate.

"In recent years," Shytles said, "we have found a growing interest among trail ride groups to be part of our parade." These groups have come from Farmersville, Crockett, Huntsville, Commerce, Georgetown and other communities. Some have spent as much as a week on the trail, arriving here in time for the annual parade.

The Stock Show Parade will be held in conjunction with the 87th annual Stock Show which is scheduled at the Will Rogers Complex from January 26 through February 6. The Stock Show is the oldest continuously held annual show of its kind in the U.S.

Special entertainer for all 22 rodeo performances will be Jerry Clower, a member of the Grand Ole Opry and nine times Country Comedian of the Year. He is a teller of stories "that happened or almost happened."

Also featured during each rodeo performance will be Jerry Olson and his trained buffalo, Chief, and World Champion Trick Roper Gene McLaughlin, who will present incredible rope feats while skating on boot skates.

The Stock Show Rodeo ticket office is open in the lobby of Will Rogers Coliseum from 9 a.m. until 5 p.m. Monday through Saturday during December. After the first of the year, the box office will operate seven days a week. Tickets are priced at \$8 for all night and weekend rodeo performances and \$6 for matinees January 31 through February 4.

## Program Offers Farmers Help

Information to help crop and livestock producers in Bailey County reduce costs and plan for profit in 1983 will be presented during the annual meeting of the South Plains Development Program, January 25 in Lubbock.

"It's more vital than ever that our farmers have the latest information on economic conditions affecting agriculture," Spencer Tanksley, county Extension agent, said. "This day-long program will bring them up to date on the economic outlook, national farm policies and programs, and exports prospects, as well as give them specific information to help make production decisions for cotton, grains, oilseeds and livestock."

The program will begin at 9:15 a.m. at the KoKo Palace, Avenue Q at 50th Street in Lubbock. A registration fee of \$7.50 will include lunch.

Tanksley said leading agricultural economists and commodity specialists with the Texas Agricultural Extension Service will present the program.

Dr. Carl G. Anderson, economist and cotton marketing specialist from College Station, will analyze the current economic situation and its implications for South Plains producers. National policies and farm program decisions will be examined by Dr. Ronald D. Knutson, economist and specialist in marketing and policy, from College Station.

Suggestions to help local producers plan for profits this season will be offered by Dr. Gary Condra, Extension economist and farm management specialist at Lubbock. Texas' prospects for agricultural exports will be presented by Dr. Mechel (cq) S. Paggi, economist and marketing specialist, College Station.

In two concurrent sessions during the afternoon, commodity specialists will focus on specific questions facing county producers, the county agent said.

Anderson and Johnny R. Feagan, economist and organization specialist from College Station, will discuss cotton and oilseed crops. Grain crops and livestock production will be discussed by Dr. Edward G. Smith, economist and grain marketing specialist, and Dr. Ernest E. Davis, economist and livestock marketing specialist, both from College Station.

"This program will provide timely information needed not only by farmers, but by agribusiness firms and anyone involved in agriculture," the county agent said. He urged anyone interested in attending to advise his office this week so meal arrangement can be made.

The SPD program is a coordinated regional effort of individuals, associations, businesses and agencies to promote economic development in agriculture and improved family life in 21 counties. It is sponsored by the Extension Service, working through county Extension program building committees and special SPD task forces which identify educational needs and coordinate educational activities.

arrested on an outstanding warrant and booked into jail pending bond. He was brought before Judge Huckaby.  
On January 14, Saul Hernandez was arrested on a warrant for wreckless damage after being stopped on a routine traffic violation. He was booked and appeared before Judge Linda Huckaby.  
On January 15, Nick Manzanares reported the theft of about 13 gallons of gas from his service station, when after a motorist had asked to be filled up, he would not pay for the gas and drove away.

Bobby Ray Brown was arrested on January 16 on warrants issued for bad checks by the Lubbock Police Department. He was booked, pending bond.  
On January 15, Alicia Valdez was arrested on a charge of DWI near Reno and Birch Streets. After officers stopped the suspect she failed to pass the field sobriety test and also failed the intoxilyser test at the police department. She was placed in jail pending bond.  
Those listed in the Jail Book this week for the period from January 11 to January 18 include: Josie Cecilia Baca for public intoxication on January 9. She laid out her fine in the County Jail. Also, on January 9, Juan Garcia was arrested on a charge of DWI, posted a \$265 cash bond and was later released.

Celestino Dominguez was arrested on January 13 on a disorderly conduct charge and paid a \$50 cash bond prior to release. On January 15, Alicia Valdez was arrested on a charge of DWI and was released on a \$1,000 property bond. On January 12, Ronald McDonald was arrested on a bad check violation for Roswell officers and returned to Roswell Police. On January 16, Danny Mendoza was arrested on a charge of DWI, posted a \$265 cash bond and was released.

**Disaster Designation**

Cont. from Page 1  
King counties were announced as eligible back when the program was first announced.  
Hance is less than satisfied with the program as it now stands, and will be making an effort to rectify matters if at all possible, according to Miller Bonner, Hance's Washington Administrative Assistant.

\*\*\*\*  
According to FmHA rules, to qualify, a county had to show that at least 30 percent of its crops were lost to weather. When the County is designated as such, the individual farmer then also has to prove that his farm also suffered a 30 percent loss as well. According to Walt Bunch, special assistant to Frank Naylor, the list of the 33 counties is final and that the 62 rejected counties did not meet criteria. However, there is a provision in the guidelines, according to Bunch, for the governor of a state to ask for re-evaluation.

Among those counties named as ineligible for the FmHA Disaster Loans is Lynn County, a county that was severely pounded by hail wiping out most of the cotton crops there. Also Deaf Smith and Castro counties were hard hit by crop damages.

Eligible counties for the program are Bailey, Briscoe, Carson, Cochran, Collingsworth, Cottle, Crosby, Delta, Dickens, Donley, Fannin, Fisher, Floyd, Foard, Garza, Glasscock, Gray, Grayson, Haskell, Hockley, King, Knox, Lamar, Lamb, Lubbock, Mitchell, Nolan, Parmer, Pecos, Randall, Reeves, Runnels and Scurry. Karol DeSautell of Bula and Benjamin Delarosa of Enochs have been named to the President's List De'Aun Foley of Goodland has been named to the Dean's List.

"We wish to extend our congratulations to these fine students who have demonstrated the academic excellence which is found at South Plains College," said Dr. Bud Joyner, vice president for academic affairs. "We are always proud of the students who are named to the President's and Dean's Honor Lists at SPC." A total of 162 students were named to the President's List for the fall and 297 students were named to the Dean's Honor List.

**Santa-Fe To Close Stations**

The Railroad Commission has granted interim authority to the Atchison, Topeka, and Santa Fe Railway Co. to discontinue its agency stations at Abernathy Anton Shallowater, Brownfield, Lamesa, Levelland, Littlefield, Lorenzo Ralls Crosbyton, Muleshoe, Seagraves, Slaton, Snyder, Sudan, and Tahoka.

Santa Fe will serve these areas through a regional freight office in Lubbock.

Based on evidence presented at public hearings, the Commission determined that the change will allow 24-hour-per-day service to shippers in each of the affected areas via a toll-free telephone system to the Lubbock office.

Santa Fe has agreed to send employees to shippers to inspect damages and to sign shipper order bills of lading when requested.

The Commission made no decision on the Santa Fe request to dismantle the depot buildings at all the discontinued sites, except Slaton, until proposals from local citizens are resolved. Santa Fe plans to keep the Slaton depot for use by rail yard personnel.

Before a rail company is allowed to close one of its agency stations, it must prove to the Railroad Commission that the public will not be adversely affected.

**Steer Evaluation Clinic Planned At Texas A & M**

A special Steer Production and Evaluation Symposium is planned for May 20-21, 1983, at Texas A&M University.  
The symposium will be conducted for 4-H and FFA youth with steer projects, for beef cattle breeders and feeders, and for those involved with beef cattle breed associations or steer shows.  
Hosting the symposium

are the Texas Agricultural Extension Service, Texas Agricultural Experiment Station and Texas A&M's Department of Animal Science. The event will be in the new Animal Science Pavilion on the university's west campus.  
Planning the event is a special committee composed of Dr. Doug Wythe, associate professor of animal science (chairman); Dr. Larry Boleman, Ex-

tension beef cattle specialist; Dr. Dennis Stiffler, Extension meats specialist; Frank Litterst, animal science lecturer; and John Mauer, manager of Texas A&M's beef cattle center.  
The symposium will include several unique features, said Wythe. Among these will be a display of most of the major U.S. beef cattle breeds and their crosses that will have completed a nine-month feeding program on the same ration at the same location.

The only difference is that the steers will be divided into two groups—one fed and managed as "show" steers and the other fed and managed as "feedlot" steers.  
Also, all steers will be weighed, measured and photographed at intervals during the feeding period, said Wythe.  
Symposium participants will be able to view the live steers, which will then be slaughtered to obtain detailed carcass data for

evaluation and discussion.  
In addition, purebred and crossbred heifer and purebred bull mates and sires and dams of some of the steers in the feeding program will be displayed and discussed, Wythe said.  
Further information about the Steer Production and Evaluation Symposium is available from Dr. Doug Wythe, Department of Animal Science, Texas A&M University, College Station, Tex. 77843 (713-845-7616).

EXCITING TIMES FOR AG RESEARCH--Agricultural research is in for exciting times, said Dr. Neville Clarke, director of the Texas Agricultural Experiment Station, Texas A&M University System, at the annual TAES conference Jan. 10-13. "We face exciting opportunities as we move toward the year 2000. The problems facing agriculture are substantial, putting pressure on us to achieve and deliver the goods (new agricultural technology). Because of

this, we face good and challenging times ahead. We're looking at a substantial amount of total change in the years ahead. However, we want to create and direct change rather than just react to it."

**FUN... AND WORK**

To receive pleasure we must put out some effort. The building of a sled, or pulling it afterward is work, but all of these things add up to a wonderful time. The same holds true with the Lord, those who serve him receive the greatest pleasure.

"Serve the Lord with gladness... enter his courts with praise."

EVERYONE IN THE CHURCH  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
