## Large Crowd Attends Annual F. F. A. Father-Son Banquet Tuesday Night

Approximately 175 F.F.A. members, their fathers, and guests attended the fifth annual Father and Son Banquet, Tuesday night, April 28th, at the Methodist Church. The banquet is held annually to honor the fathers and business men friends. The social room of the church was a brilliant display of color furnished by the many banners, trophies, and ribbons won by local F.F.A. members in various contests and shows.

The program opened with the invocation by Rev. J. O. Quattlebaum and the F.F.A. opening ceremony. The meal was served by Sue Burton, Sara Beth Lowry, Wilma Henson, Roy Guy, Betty Goldston, Frieda Putman, Edith, Neff, Edna Spivey, Pat Grady, Doris Long, Kathleen Brinson, Louise Siddle, Sybil Rattan, Annie Ree Porter, Juanita Bingham, and Betty Lou Naylor as a courtesy to their F.F.A. friends.

Each member introduces his guests, and Redell Henson gave a brief history of the F.F.A. Organization; C. G. Kirkland summarized the chapter's project program and explained the importance of the project work; Jack Ballew's "Tribute to the Brood Sow" was an outstanding feature on the program, and Charles Smith's report on the chapter's participation in shows and fairs reviewed the many winnings of the local chapter this year. H. A. Harrison, Jr., a member of the state champion dairy products judging team last year gave a report of the trip of the team to the national contests at Kansas City.

Mr. B. W. McGinnis, veteran Soil Conservation Service employee, presented a very interesting address on the topic of conservation, agriculture, and the war. He made a most interesting presentation of the importance of mankind conserving their heritage of a rich soil and using it to the fullest extent in food production.

H. M. Lane, president of the local Lions Club, announced Joe Smith and C. G. Kirkland as the winners of the most valuable member awards in the first year and advanced classes presented each year by the local Lions Club. Claud Siddle announced the officers for the 1942-1943 school year, and J. R. Gillham, chapter adviser, reviewed the work of the chapter during the past year, and told of plans for the 1942-1943 program. He presented Naomi Morris, chapter sweetheart, with a life-time Schaeffer fountain pen and pencil set as a token of the chapter's appreciation for the work of Miss Morris as chapter sweetheart for the current year.

### COTTON COMMUNITY MEET HELD

Farmers in the R. O. Thomas community met at the County Agent's office Tuesday night to talk over the cotton equity situation, and decided to pool cotton in this community in order that they might attempt to sell cotton in larger amounts.

They also made a study of the 1942 Farm Program on what can be planted on conserving acres and explanation of soil building practices.

### SUGAR RATIONING FOR PERSONAL USE

Beginning May 4 through May 7 at the College building, the teachers of the Clarendon Schools will register everyone in this district or anyone else who happens to be in Clarendon those days away from home; except the colored people who will be registered at the colored school building. The hours of rationing will be from 8 a. m. to 5 p. m. Any member of a family over 18 years of age may register for the entire family. They must have the following data: the height, the weight, color of eyes, color of hair, and age of each individual member of the family.

Every man, woman and child must be registered, unless the person has an excess of sugar above the allotment allowed. In these cases the individuals will have to wait until the excess of sugar is used up, and then they apply to the local rationing board.

### NAVY RELIEF FUND OVER THE TOP

Nolie Simmons, Chairman of the Donley County Navy Relief, announced this morning that the relief drive here had more than reached its quota with a total sum of \$327.90. The expenses for carrying on this drive was \$2.59.

A check for \$210.00, Donley County's quota, was mailed to Gerald C. Mann Tuesday and the balance of \$115.33 has been deposited to the County Navy Relief Fund to be used for the emergency relief of the Navy families at a future date.

Mr. Simmons expressed his desire to thank the committeemen for their splendid cooperation in raising the quota along with the generosity of the people who contributed.

### RETURN HOME

Bob Wilson and wife of Houston who spent several days here with his parents, Mr. and Mrs. R. P. Wilson, returned to their home Saturday.

### WOMAN'S NAVY CLUB TO MEET MAY 4

The Donley County Woman's Navy Club will meet Monday, May 4th at the Club Room at 8:30 p. m. to discuss matters pertaining to future plans of the Club.

Anyone who has relatives in the Navy service are urged to be present.

## County Agent Urges Donley Farmers To Minimize Use of Cotton Seed

Owing to the limited supply of good cotton seed for planting the 1942 crop, county agent H. M. Breedlove is urging that all farmers take precautions to insure as far as possible a good stand of plants and production of a good crop with the minimum amount of seed.

"A half bushel of cotton seed with a fairly high germination test will be ample for the acre of land," Breedlove said, "provided the seed are properly treated. In some cases more is planted, but on the average  $\frac{1}{2}$  bushel is plenty. However, seed must have a good germination if the rate of planting is going to be reduced materially.

"Experiments during the past

## Governor Signs Cotton Week Proclamation

Gov. Coke Stevenson, recognizing the part that Texas' greatest agricultural product will play in winning the war, signs a proclamation designating May 15 to 23 as National Cotton Week in Texas. Looking on is Luther Sharp of Agricultural Trade Relations, chairman of the National Cotton Week Committee directing the program for the Texas Statewide Cotton Committee. Cooperating in National Cotton Week are farmers, manufacturers, chain stores, independent merchants, wholesalers, extension service, women's clubs and other groups.

### RETURN HOME

Mr. Paul Slaton and children returned home Saturday from a visit with her mother, Mrs. Lillian Forgy and sister Jennie V. Powell at Archer City and Wichita Falls.

### CALIFORNIA FOLKS VISIT ED WHEELERS

Mr. and Mrs. Ed Wheeler of near Ashtola had as visitors last Thursday and Friday, his sister, Mr. and Mrs. A. N. Shelton and daughter of Fresno, Calif. On their way here the Sheltons visited in Corpus and while there Mr. Shelton wrote Mr. Wheeler asking him to try to buy him some tires up here as they were scarce in California and also at Corpus.

Upon his arrival, Mr. Wheeler asked him if he thought the farmers of this section were growing synthetic rubber, and also informed him that tires were as scarce here as the Japs are on the west coast.

Mr. and Mrs. Wheeler accompanied them on their return home as far as Las Vegas, N. Mex.

## Wheat Growers Will Meet At Jericho

A meeting will be held at the Jericho school house Friday night at 9 p. m. to discuss a wheat marketing quota program involving storage problems of wheat growers. Authorities on this subject say that there will probably be around 44 million bushels of wheat produced in Texas and Oklahoma, and that there will not be room to store all this wheat. Producers are advised to provide storage on the farm in order to protect themselves.

"The storage problem is very acute and we cannot provide for storage under controlled program as you can imagine what it would be under an uncontrolled program, and if there is no marketing quota program there will be no Wheat Loan program," Walter Flynt of the AAA office stated today.

Producers will vote on this program next Saturday, May 2nd. There will be a box at the AAA office and at the school house at Jericho.

## Local Band Carries Away Honors At Amarillo Band Festival Friday

After many months of work and effort, the Clarendon High School Band, under the direction of Hugh Harman, was gratefully rewarded last Friday, having won a first division rating at the annual band festival in Amarillo. This is the third consecutive year that the band has won such honors. The band had to compete against fourteen other class C bands.

Due to the fact that there will be no National contest at Waco this year because of the war, the contest was more difficult and required more effort of the bands competing. Each band was required to play three numbers as a

### 683 MEN REGISTER IN 45-65 CLASS

Men 45 to 65 showed all previous classes how to rush selective registration booths Monday. In fact 683 men reported to sign up. Many of them had the same experience 25 years ago and many of them fought with the AEF in 1917-18.

All three members of the Donley County draft board had to register. Up through the present registration, 2,131 men have registered in Donley County.

### F.F.A. MEMBERS TO LEAVE FOR ENCAMPMENT

Approximately thirty Clarendon F.F.A. members will journey to Lake McClellan Saturday morning for the annual Memphis F.F.A. District Encampment. Lakeview, Memphis, Estelline, Turkey, and Quitaque are other schools expected to participate in the annual event.

The local chapter will enter the junior and senior chapter conducting contests, baseball, horseshoe pitching, washer pitching, table tennis. The games and contests will begin at 10 a. m. Saturday, and continue through Sunday morning.

## EFFORT BEING MADE HERE TO LAND GLIDER SCHOOL

### LAD DISCOVERS NEW WORLD

Have you seen him? He is a small lad of our own town. After being deaf and dumb for practically his whole life, he can now hear and talk. Isn't that great!

This lad of nine years is Maurice Mack Spencer. A doctor has done some surgery and an audiphone has been provided and Maurice can hear normally. He is learning to talk, too. He speaks the few words that he has learned plainly.

His mother was informed that Maurice should be able to carry on a conversation within about six months. And is Maurice happy! So is his proud mother.

### BACK ON VISIT

Mrs. Wayne McElroy of Kansas, formerly Miss Allene Rhodes of Clarendon, is visiting her parents, Mr. and Mrs. John Rhodes and family. She and her mother visited the first of the wee in Hollis, visiting Mr. and Mrs. J. H. McElroy.

At a meeting of a number of citizens held here last week, plans were made to raise money by popular donation with the intention of sending a representative to Washington in an effort to secure a glider school for Clarendon.

It is said that a number of glider schools are to be planted in Texas by the War Department in the near future.

At a later meeting of a few of the citizens, Bert Smith was selected as a delegate to make the trip to Washington, and Sam Braswell and Tom Connally were added to the committee. These men left here Sunday night by rail Washington bound. Some fifteen hundred dollars is said to have been raised for expense money.

Monday afternoon Tom Connally received a telegram here from Senator Connally which read: "General Young can see your committee at 3 p. m. Wednesday. Office at 1818 H street, N.W." The telegram was sent by Senator Connally's secretary.

Monday morning Senator F. H. Hardie here received the following letter from the office of Cong. Eugene Worley, signed by his secretary: "Reference letters glad cooperate fully with committee. Suggest they take time before coming to prepare detailed brief showing water resources, power, population housing, climate and other pertinent data. Mr. Worley anxious assist every way possible."

Senator Hardie, when asked for his opinion regarding the landing of a glider school here said: "Goodness knows we need something, and if this is the best we can get, then I'm for it. But I wouldn't send a possum dog to bring in birds."

Senator Hardie had written for information as how to proceed to secure the quickest action at the smallest expense in landing something for Clarendon really worth while after the war as well as during the war.

## Texas 4-H Club Boys Doing Their Part In Helping With The War Effort

According to county agent H. M. Breedlove, a preliminary report from the state office shows that 4-H club boys in the state of Texas are doing their part in helping with the war effort.

According to reports received today, the 4-H club boys in Texas up to this time have donated 1,566 tons of scrap iron, and collection of other materials include 50,875 pounds of aluminum and 114,084 pounds of waste paper.

On the Food for Victory front, the 4-H club boys have 48,070 hens in production with 664,057 baby chicks coming along. They have on feed 9,145 hogs, 3,677 beef calves and 3,473 lambs.

This figure is only preliminary with only about half of the counties in Texas reporting, and this figure is expected to more than double by the first of June.

"This shows that the 4-H club boys in the state are going to do a great deal to help the war effort," the county agent said, "and they are not going to sit by and be idle in this national emergency. The youth of the nation as well as all of the adults are going to contribute to the war program to produce those food products and commodities so necessary to the feeding of the big army that will be in the United Nations' power, in the next few months."

### SCHOOL TRUSTEES TO MEET

All school trustees from each school district in Donley county will meet in the court room at the Court House at 2 o'clock Saturday, May 2nd.

The purpose of this meeting is the classifying of all schools in the county, and all trustees are urged to be present, Miss Ruth Richerson, county school Supt. stated Wednesday.

### LEAVE FOR COLORADO

Mrs. John Bass and Mrs. John Bass Jr. left Saturday for Colorado Springs, Colo., where they will join John Bass Jr. who is in the defense work there.

### COLLEGE CHOIR TO SING SUNDAY AT BAPTIST CHURCH

The Clarendon Junior College choir, comprised of college and high school students under the direction of Dean R. E. Drinnan, will take the place of the regular choir at the First Baptist church Sunday night at 8:30.

Gospel singing and quartet singing will be featured by this splendid group of young people.

## Sugar Users Will Register May 4

Monday morning, May 4, will find Clarendon household sugar users registering for War Ration Book Number One. Retailers, wholesalers, institutions and industrial users of sugar registered on April 28 and 29.

During the past two weeks school teachers have been learning the ins and outs of registering Clarendon folks here May 4, 5, 6, and 7th.

Registration will be at the College building, and will be from 8 a. m. until 5 p. m. All registrants are urged to come prepared to answer the questions readily, as the utilizing of time is very important since there will be hundreds of people registering.

It is very important that all persons be registered sometime between May 4 and 7. A person who fails to obtain War Ration Book Number One not only will not be able to buy sugar, but also will be deprived of other commodities that may be rationed later.

There will be no classes held at any of the schools in the county the first day of registration, and the Clarendon High School and College students will not have to report Tuesday, although all other schools will resume their regular classes.

Approximately forty forms were filled out by retailers, etc. Tuesday and Wednesday at the College building.

### NEW SURVEY ON PRODUCTION GOALS

Walter J. Flynt, local AAA secretary, announced today that his office will mail letters with enclosed card asking for a new survey on the production goals for 1942, and will appreciate the return of these cards within five days after received, as this is very important in planning for the Food for Freedom program.

### PARITY ON WHEAT IS STATED

A telegram was received Wednesday by Walter J. Flynt, local AAA secretary, from B. F. Vance, state administrative officer of the AAA, advising that there would be a parity on wheat of 13 1/2 cents per bushel and at the same time reducing conservation payments from 10 1/2 cents to 9.9 cents per bushel. This makes a total of 23.4 cents per bushel which will be received by grower with established wheat allotment.

### THAT THING CALLED NECESSITY

Things will happen in these war-pressed times that a person would never have dreamed of a few months ago.

Grady Henson, a farmer living near Ashtola, related this story to the writer while enjoying the annual F.F.A. Father-Son banquet Tuesday night.

Grady was hard up for tractor tires and is in line to get some new tires in the future, maybe in June or whenever his turn in the quota is reached. However, about two weeks ago tire trouble was encountered, requiring a tire of some kind. Redell, a son, took off for the canyons as he remembered dumping an old tire there some four years ago. He dug the old tire out, bought a new boot, and now the old abandoned tire is seeing good service in plowing his field.

Incidentally the old tire was purchased for only one dollar a short time before it was discarded.

"A fellow can do lots of things these days to get by if he has to," is the way Grady explains the situation.

## Texas Is Best Geological Laboratory Says University of Texas Professor

AUSTIN, April 28.—Texas is the best geological laboratory in the country, a University of Texas professor who turns out technicians to aid the nation's war effort pointed out today.

Dr. Fred Bullard, University mineralogist, said his biggest work today is to produce young geologists to help Uncle Sam. Their main contribution is developing new sources of strategic war minerals, he said.

Already on a stepped-up basis, the University is turning out these important finders of metals to fabricate democracy's tanks, guns, and planes in 2 years and 8 months instead of the usual 4 years, Dr. Bullard said, but the demand is still greater than the supply.

Since Texas is a veritable laboratory of almost all geological conditions, it forms an excellent training ground for instruction, the geologist explained. Every student spends at least six weeks in the field, actually working under professional conditions in mineral and petroleum searching, before he is graduated.

"We have to be sure we are going to have an adequate supply of strategic minerals and petroleum to fight this war," Dr. Bullard said, "because we're going to have to supply not only ourselves, but all the United Nations."

"That's why new discoveries should be encouraged right now instead of curtailed, and why training of geologists and allied scientists should be increased further," he said.

Some of the strategic minerals now most needed include aluminum, chromium, tungsten, and tin, Dr. Bullard said. Many of these are used for alloying purposes, to harden steel for tank use, and such purposes.

Seventy-one University of Texas co-eds who have completed their required period of physical training have recently signed up to continue their work in the interest of fitness for war assignments.

A weekly newspaper is printed many smaller ships of the Navy, on all U. S. battleships and on

## WPA Surveyors Seek Texas War Minerals

SAN ANTONIO, April 25.—WPA workers are searching for war-vital minerals in seven Texas counties under the direction of the bureau of economic geology of The University of Texas, it was reported today by WPA state headquarters.

Most recent surveys authorized were those for work in Jeff Davis and Presidio counties where work men are digging trenches and test pits to obtain samples of needed minerals. Reported deposits of manganese ores, titanium ores, kaolin, fluorite, lead, and zinc will be investigated.

Other units of the WPA mineral resources survey, which has been certified as important to the war program, are operating in Llano, Gillespie, Brown, Wilson, and Val Verde counties where such minerals as celestine, iron ores, graphite, manganese, high-alumina clays and talc are being sought.

## WPA Will Reassign Seasonal Workers

SAN ANTONIO, April 25.—WPA workers who leave projects to accept seasonal farm jobs or other temporary private employment are immediately reassigned to projects when the private work is completed, it was reported today by State Administrator H. P. Drought.

This regulation is designed so that no worker will be penalized because of having accepted short-time private jobs. Drought said. Many seasonal farm jobs are for only a few weeks duration, he explained, and, without the opportunity to return to project employment, workers in many instances would undergo considerable hardship as a result of accepting them.

All qualified WPA workers are required to take any reasonable offer of farm employment, regardless of the duration of the work, he emphasized.

Donley County Leader, \$2 a year.

CHIEF OFFICERS OF THE WAR DEPARTMENT STAFF—Left to right (seated) Lieut. Gen. H. H. Arnold, Commanding General, Army Air Forces; Gen. George C. Marshall, Chief of Staff; Lieut. Gen. Leslie McNair, Commanding General, Army Ground Forces; (standing) Maj. Gen. Joseph T. McNarney, Deputy Chief of Staff; Maj. Gen. B. H. Somervell, Commanding General, Services of Supply.

## Suggestions For Individuals Preparing For the Aviation Cadet Qualifying Exams

Some of the busiest men in Texas are finding time to take active part in the latest drive for funds for the United Service Organization. A total of \$1,110,000 is to be raised in the State. The National goal is \$32,000,000. Solicitation of funds will not begin until May 11 but meantime an organization is being perfected which will include citizens of every county, city and town in the State.

The USO is a combination of the YMCA, National Catholic Community Service, YWCA, Jewish Welfare Board and National Travelers Aid Association. It provides hospitality, recreation and educational and religious opportunities for the Nation's soldiers, sailors and marines wherever they are located—in training camps, on the march or on the fighting fronts. Of its 419 service clubs, 42 are in Texas, which is the largest number in any state. There are 21 club houses in transcoastal bases and 14 more are to be erected in the near future. In addition to the clubs there are 8 other USO units operating in Texas.

It happens that considerably more than the sum to be raised in this State will be spent in Texas by the USO. But this fact is relatively unimportant. What will count with Texans, as with other Americans, is that their gifts will add to the comfort and welfare of our fighting men wherever they go.

## COTTON MILLS CONVERTING

The nation's cotton mills, under a new WPB order, are converting specified percentages of their looms to the production of bag osanburg and bag sheetings. This conversion is expected to double the production of such fabrics, urgently needed for sand bags, camouflage cloth and food and agricultural bags.

Know Your Navy—One white stripe around the cuffs of a sailor's jumper is the mark of an apprentice seaman, fireman third class, or mess attendant third class.

The purpose of the Aviation Cadet Qualifying Examination, is to select men for aviation training who have the aptitudes, skills and knowledge which will enable them to succeed as Bombardiers, Navigators, or Pilots in the Aircrew and to become officers in the United States Army Air Forces.

The Qualifying Examination does not measure the sort of specific information or knowledge which can be gained from a few weeks or a few months of special education or training.

It is the policy of the Air Corps, however, to encourage men who are planning to take the test to gain as much fundamental training as possible in those studies which are related to the technical side of aviation, which prepare men for success in the ground school, and which develop comprehension, critical judgment, and qualities of leadership. Study and training along these lines will also help to prepare the individual for the qualifying examination.

As a preventive to coccidiosis, add 2 1/2 pounds of dusting sulphur to 100 pounds of mash and keep it before chicks until they are about 16 weeks old. Begin when chicks are three weeks old and have had access to sunlight (six hours of sunlight weekly is sufficient).

The U. S. Navy makes leaders of men.

Desirable Fields of Study:  
1. Study the scientific method and the basic laws and principles of the physical sciences, especially general science, the weather, and elementary physics. Such study will make it easier for the individual to comprehend and apply principles of flight, to understand the operation of his equipment, and to learn many of the special technical skills which the members of the air crew must possess. Knowledge of the applications of the sciences and a background of general scientific information is desirable.

2. Study of mathematics, with special emphasis upon speed and accuracy in fundamental mathematical operations. A study of algebra and elementary trigonometry is helpful, but ability to handle simple calculations involving ratios, proportions, decimals, percentages, fractions and simple formulas is of primary importance. Familiarity in the interpretation and use of tables, graphs, charts and other methods of summarizing data is desirable.

3. It is necessary for the Cadet to read technical material with comprehension and understanding. He must grasp the meaning of what he reads, be able to apply principles, make interpretations, and see relations to other problems. It is very desirable that he learn to read and study in this way.

4. In order to be alert to changes in the world in which he lives and to understand the significance of new developments, the cadet should study current history and the background of current social and scientific progress. He should have a knowledge of world geography and be able to understand the changes and developments in science, government, military and world affairs which it is necessary to know in order to comprehend the present world conflict and the purpose of our war effort. Such a background is desirable in the men who are to be trained as officers and leaders in the Army. Other studies will probably be of value but are not as essential as the subjects mentioned above.

## PRIORITIES AID REFRIGERATION

High preference ratings for repairs to air conditioning and refrigeration equipment have been granted by the WPB. The top rating, A-1-a, is available in case of an actual breakdown of equipment used to process, transport or store food and dairy products for the armed services. Other "A" ratings are provided to maintain existing equipment of all types, except domestic mechanical refrigerators.

Yesir... you'll find all your chick raising needs right at our store. This is a real opportunity year, as egg and poultry prices are going to be good... that's why it's so important for you to get started right! This is the year to buy the best—buy good chicks, feed a good starting feed, and protect your chicks from disease with careful sanitation. We have everything you need to do the job right. Come in now—place your orders for chicks and feed early!

**THE TEMPLE OF TRUTH**

By the Apostle

**MISHAPS TO JAPS.**

Through the efforts of the good offices of Cong. Gene Worley and Senators Connally and O'Daniel, the Panhandle is richer by four large war defense production

plants, and three more are coming soon. The Texas Panhandle will have a bunch of "mishaps to the Japs" before the year is out.

**AFTER THE PARTY.**

It's what the guests say as they swing out the driveway that really counts.

**SELECTIVITY.**

Ima Gonner of Hashknife speaking before their chamber of

commerce banquet last week allowed as how, "if a woman's toe sticks out of her shoe, she is fashionable. If a man's toe sticks out of his shoe, he's simply a bum."

**CLOSING DAYS.**

A local father received a letter from his daughter in a down state school Monday which read: "Dear Dad: Guess what I need most of all! That's right. You guess it the first time. Ru\$h it along."

**THE WINNER.**

The optimist is the fellow who finds a worm in his breakfast apple, and fish in his plate for supper.

**THE GOSSIPER.**

The husband walked in and found his wife and his best friend in fond embrace. His best friend looking up and seeing his best friend in the doorway, said: "Oh, oh, there's old blabbermouth. This

will probably be all over town by tomorrow."

**HELPING OUT.**

If you can buy bonds, buy them. If you can only buy defense stamps, buy them. If you cannot buy either, gather up scrap paper and turn it in to the Boy Scouts. There is a place for any one to help. Besides, if you happen to be a woman or girl, you can help with the Red Cross knitting and sewing. Our boys in the service need everything possible to protect them and to protect their homeland. And another thing. Don't forget to send some boy in the service cigarettes, cookies, candy or something like that. Above all, write him a letter. There is a place for all of us to help.

**MEN IN MAKING.**

As a guest of Billy Williams, that fine manly youth from south of town, the old Apostle thoroughly enjoyed the program of the FFA boys at the Methodist church Tuesday night. I often wondered from where good old John Gillham, their instructor, drew his inspiration to turn out the volumes of work and burn gobs of energy daily. It is from watching his youthful proteges develop into fine young men who really accomplish something. They really beat their elders, and have the proof to show for it. Well, anyway, I thank you a lot, Billy, and may the FFA boys and their instructor continue to amuse, surprise and astound us elders with their accomplishments.

**MIDWAY**  
Mrs. John Goldston

Friends of Grandmother Burham of Amarillo formerly of Midway will be glad to hear that her eyesight which has failed for several years has been returned and she can now see nicely.

Floyd Naylor has accepted a civil service job and left Monday for Wichita Falls where Mrs. Naylor will join him later.

Miss Ava Naylor visited Mrs. Hefner Sunday.

Miss Studman of Walters, Okla. is spending some time with Mr. and Mrs. Quattlebaum.

Mr. and Mrs. Hugh Quattlebaum of Amarillo spent Sunday with Mr. and Mrs. E. V. Quattlebaum.

Misses Irene and Mattie Rhodes and Mrs. McElroy of Junction, Kansas and Mr. and Mrs. Joe Jones visited Mr. and Mrs. John Chamberlain Sunday.

Mr. and Mrs. Carl Naylor, Mr. and Mrs. John Naylor and Mrs. George Kettle attended the funeral of an aunt, Mrs. Ida Gaut in Amarillo Monday.

Mr. and Mrs. Poke Holland visited with the Hefners Sunday.

The Sunday school organized at Fairview recently is reported progressing nicely. Everyone is invited to come.

Mrs. A. B. Stevens and baby visited Mrs. John Chamberlain Monday eve.

Mrs. Longan and Mrs. Stevens visited Mrs. Will Chamberlain Sunday evening.

The Misses Rhodes and Mrs. Alene McElroy visited Mr. and Mrs. Joe Jones Sunday.

Mrs. John Goldston, Betty and Vernon visited Mrs. Gene Chamberlain in Memphis Monday afternoon.

We have been requested to announce that a number of the people of Midway met at the Midway school house Sunday to organize Sunday school. Mr. Luttrell was selected as Supt. All the people in and near Midway are invited to come. The time is 3:30 p. m.

W. M. Pickering, John Goldston and G. A. Anderson all went on an enjoyable fishing trip Tues.

Mr. and Mrs. Gene Chamberlain and son John of Memphis visited their parents here Saturday evening.

Mr. and Mrs. Nelson Riley visited with Mr. and Mrs. W. K. Davis Monday afternoon.

Mr. and Mrs. Wayne Ewing and children from Hudgins spent Sunday with Mr. and Mrs. La Grone.

Mrs. Koontz and children visited in the Arthur Seaton home Monday.

Mr. and Mrs. Marvin Salmon of Goodnight visited her parents, Mr. and Mrs. Arthur Seaton Saturday.

Mrs. George Kettle and daughter of Wichita Falls visited with Naylor relatives here over the week end.

Betty John Goldston is spending the next three weeks with her aunt, Mrs. Tom Goldston in Clarendon.

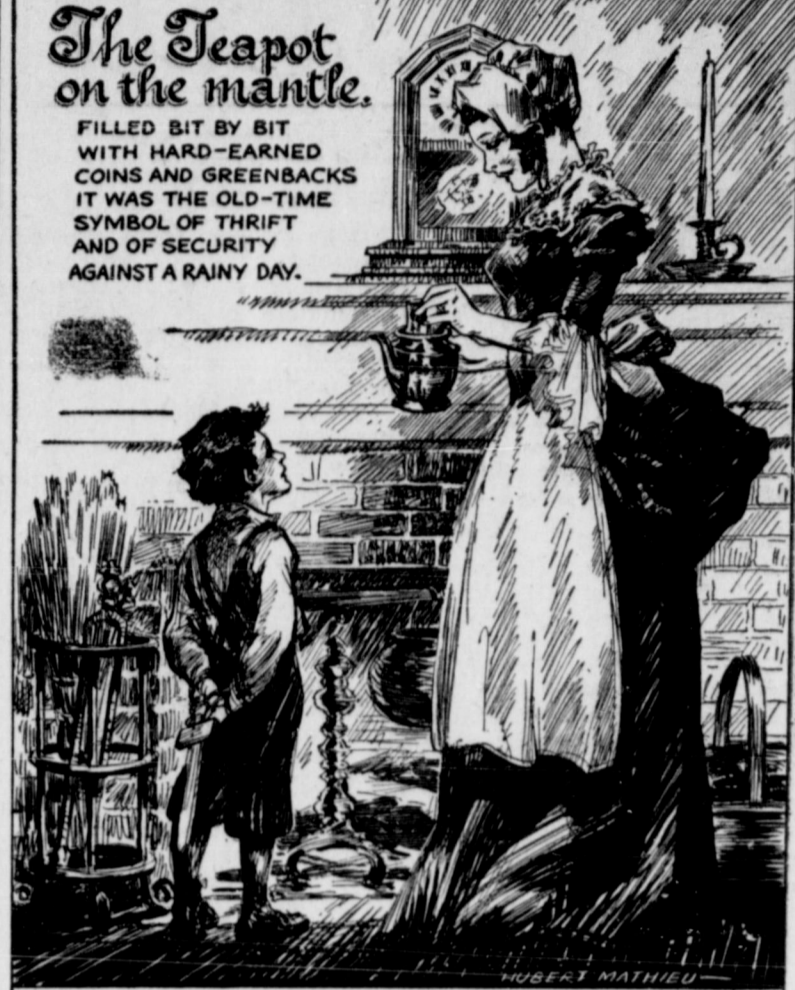

Mrs. Dick Tomlinson and son Ted went to London the past week to visit her daughter, Mrs. Mason (Jessie). Mrs. Mason returned home with her mother for a visit. Mrs. Tomlinson Sr. accompanied her to Plainview where she visited relatives.

The Naylor Birthday Club will meet with Mrs. John Chamberlain on Thursday, May 14. All members are requested to be present.

FILLED BIT BY BIT WITH HARD-EARNED COINS AND GREENBACKS IT WAS THE OLD-TIME SYMBOL OF THRIFT AND OF SECURITY AGAINST A RAINY DAY.

IN THESE DAYS OF MODERN METHODS, THE BULWARK OF FAMILY THRIFT AND SECURITY HAS BECOME OUR LIFE INSURANCE, OUR SAVINGS ACCOUNTS, AND NOW THE REGULAR BUYING OF DEFENSE BONDS AND STAMPS THROUGH WHICH ALL AMERICANS SHARE IN THE WAR EFFORT.

Mrs. John Naylor returned home the past week after spending several days with sister's family in Pampa.

Chester Seaton is improving nicely, and is expecting to have his tonsils out soon.

There were three Silver Star mothers at the Midway Pie Supper Friday night, Mrs. W. K. Davis, Mrs. Simmons, who both have sons in service and Mrs. Betty Caraway whose husband is in active service.

The pies of these three netted nearly \$12. W. M. Pickering donated \$5, bringing the funds to \$53.50.

Mr. and Mrs. Odie Barnes who visited their daughter, Mr. and Mrs. Clarence Whitlock, have returned home at Amarillo.

Mrs. Jack Killough, Mrs. Joe Bownds and baby and Mrs. A. G. Lane were Groom visitors Monday.

M. A. Hahn of Amarillo spent Sunday night with homefolks.

Ceiling Prices Set On Scrap Iron

AUSTIN, April 20. — Ceiling prices have been set on scrap iron and steel and there is no point in holding accumulations of these on the farm or around a city household in the hope of obtaining a higher price.

"There is no profit in hoarding," Mr. Butler emphasized, "and fortunately, we find that the majority of farmers are only too glad to donate their accumulations of scrap, to charitable and civic collecting agencies, while others choose to sell. The important thing, though, is to get in that scrap!"

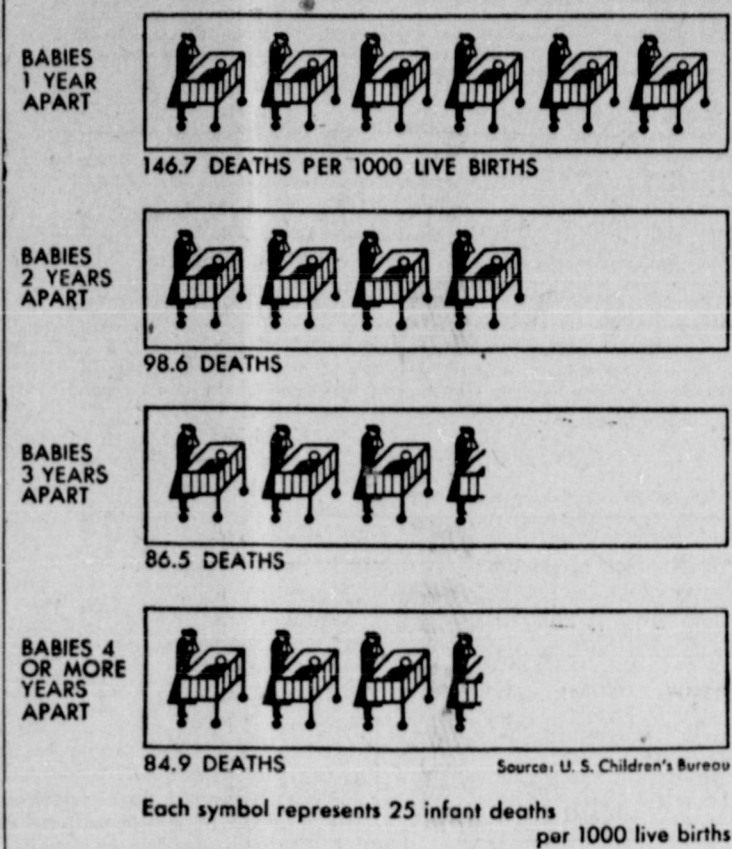

MORE HEALTHY CHILDREN NOW

NEW YORK—"It is safer to be born now than at any other time in the history of the United States — safer to have a baby now—" Dr. Robert L. Dickinson, senior among obstetricians and gynecologists, declared this week.

The maternal death rate for the year was 37.6 per 10,000 live births, compared with a rate of 40.4 for 1939 and 67 for 1930. Infant mortality was 47 per thousand in 1940, compared with 48 per thousand in 1939 and 65 per thousand in 1930.

"We know why these lives were wasted. We know that this awful waste of our country's most valuable assets—our mothers and babies—will continue unless the people insist that federal, state and local health organizations expand their services to help prevent needless maternal and infant deaths."

PROPER CHILD SPACING PREVENTS INFANT DEATHS

Each symbol represents 25 infant deaths per 1000 live births. Source: U. S. Children's Bureau. The United States. The after-effects of thousands of abortions cause maternal deaths, or render women sterile.

USO Organization In Texas Nears Completion

AUSTIN, April 29—With its work laid down for it in a message from President Roosevelt, the USO in Texas today neared completion of organization for the campaign to raise \$1,110,000 as its share of the \$32,000,000 national fund to provide off-duty comforts for the men in the armed services.

Harry C. Wiesz of Houston, state chairman, announced that Region 3, the far East Texas area, was the first in the state to complete its organization, but other regions were nearly ready for the drive kick-off May 11.

STYLE LIMITS EASED Revisions in the WPB conservation order limiting women's styles have been announced, to include lifting of the restrictions on pleated skirts, provided the quantity of material used does not exceed the limit.

APPLICATION FOR WAR RATION BOOK (To be filled in by Registrar only)

IMPORTANT.—A separate application must be made by (or, where the Regulations permit, on behalf of) every person to whom a War Ration Book is to be issued. The separate applications for each and every member of a Family Unit (see Instructions to Registrar) must be made by one, and only one, adult member of such Family Unit.

Local Board No. County State

Application made at NAME OF SCHOOL, BUILDING, OR OTHER ADDRESS

Date 194 Book One No.

1. NAME, ADDRESS, AND DESCRIPTION of person to whom the book is to be issued.

LAST NAME FIRST NAME MIDDLE NAME

STREET, NO. OR P. O. BOX NO. CITY OR TOWN

COUNTY STATE

ft. in lbs. COLOUR OF EYES COLOUR OF HAIR yrs. Sex (Male Female)

2. (a) If the person named above IS a member of a Family Unit, state the following:

(1) Number of persons in Family Unit, including the person named above

(2) The person named above is my—

(3) Total amount of white and brown sugar in any form which is owned by the Family Unit or its members

(b) If the person named above IS NOT a member of a Family Unit, state the total amount of white and brown sugar in any form which is owned by the person named above

3. Number of War Ration Stamps to be removed from War Ration Book One (upon the basis of information stated above):

IF NONE WHITE SUGAR

OPA Form No. R-301 U. S. GOVERNMENT PRINTING OFFICE 16-36650-1 (Continue on reverse side.)

Here is a facsimile of the application for War Ration Book No. 1 which will be filled out for every person in Clarendon and Donley County during the National Registration Period, May 4, 5, 6, and 7. Registration of individuals and members of families will be by school teachers and their helpers in the elementary schools. All members of family units may be registered by any one member over 18 years old. Individuals who

are not members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual, and each will be issued a War Ration Book. Applicants for books are urged by the Office of Price Administration to study carefully the application above, and have the correct answers when they register. If the questions are answered promptly OPA estimates it will

only take four minutes to fill out each form. Applicants should come prepared with a list of the members of their families, giving the exact name of each; an exact description of each member of the Family Unit, giving the height, weight, color of eyes, color of hair, age and sex of each one. The person who registers for the Family Unit must state his or her exact relationship to each

member of it. It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the Family Units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

LELIA LAKE Wayne Smith of Tell visited here with friends Sunday. Mr. and Mrs. Silas Knowles and children of Clarendon spent the week end with his parents, Mr. and Mrs. Bill Knowles.

Mr. and Mrs. John McCauley of Amarillo were week end visitors with homefolks. Mr. and Mrs. Andy Brown of Amarillo spent the week end with her mother, Mrs. W. A. Bullard. Mr. and Mrs. McDaniels of Canyon visited in the home of their son, Mr. and Mrs. Leroy McDaniels last week end and all spent Sunday with relatives at Estel-

line. J. W. Childress of Memphis, Mr. and Mrs. Scott, Mrs. J. D. Pope and daughter and Mrs. Glen Brock all of Borger visited in the home of Mr. and Mrs. Charles Young this week. Mrs. W. L. Buttler returned last Tuesday from an extended visit with relatives in Arkansas and Tennessee.

Batson visited with relatives at Memphis Sunday. An announcement of the birth of Miss Marsha Dee Robertson was received. Her parents are Mr. and Mrs. Awyer Robertson of 1824 N Avon St., Burbank, Cal. Mrs. Leroy McDaniels and Mrs. Nilla Cook entertained the teachers Tuesday evening. Table games were enjoyed, at the conclusion of which lovely refreshments were served to Misses Doris Davis, Margaret Doak, Zanella Bowe, Mr. and Mrs. Richard Finch, Mr. and Mrs. J. R. Batson, Jesse Traylor, Leroy McDaniels, and the hostesses Mrs. McDaniels and Mrs. Cook.

Leathers, Mr. and Mrs. Quin Aten and daughter Shirley and Mr. and Mrs. J. R.

Farmers To Save Small Grain Seed COLLEGE STATION, April 20 —Texas small grain farmers hard hit by drouth and greenbugs should plan to salvage all seed possible for fall planting, according to Texas USDA War Board. Total destruction of grains is prevalent in some parts of the infested area of central and north Texas, but some grain will be harvested, B. F. Vance, chairman of the Board, said. "This year's oat crop will be the smallest we've had in Texas in years and extra precaution should be followed for preserving good clean seed for fall planting, according to Extension Service methods," he said. The Board also pointed out that many farmers suffering total destruction of oats, barley and wheat are planning for additional acres of grain and forage sorghums in an attempt to off-set feed shortages. Know Your Navy—A white stripe around the right sleeve at the shoulder is the "watch mark" of non-rated men of the seaman branch of the Navy. There are more than 300 Navy recruiting stations in the U. S. Chiropractic For Child Health At the White House Conference on Child Health called several years ago, it was reported that the most common factor associated with poor health in children was bad body mechanics, structural defects of the child's body framework. It was pointed out that failure to gain weight, digestive disturbances, constipation, and lowered resistance to infections bear a direct relationship to the child's body mechanics. It was also reported, and we quote: "The average general practitioner has been insufficiently informed and consequently not vitally interested in the details of body mechanics." This explains why Chiropractic has always obtained better results in childhood conditions than other practitioners. The Chiropractor has always been concerned with the body mechanics of the child, particularly the spinal column which governs it. As a result, more and more parents are bringing their children to the chiropractor to get that kind of health care which really works! Dr. B. B. Harris Chiropractor Clarendon, Texas (Adv.)

### GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

Flowers and shrubs are gradually giving the appearance of summer, with their bright colored foliage and their vari-colored blossoms.

Tulips of many colors brighten the yards of many, among the most noticed by the garden glances being those of J. L. McMurtry.

Alfred McMurtry and Ed Dishman. Among the most showy and attractive of shrubs is the snoball. There are a number of these elegant early bloomers in the city. If you would like to see for yourself, just look at the homes of W. W. Taylor, E. M. Ozier, M. S. Parsons and J. L. McMurtry.

The red blossomed vine overhanging the window at the home of Mrs. L. W. Chase is very noticeable and attractive.

Johnny-jump-up has certainly been the morning call near the A. L. Chase home because I truly

say that I have never seen such a profusion of this dainty little flower.

Victory gardens (the vegetable type) are springing up very rapidly. I think that some of them will soon be able to feed their families out of their own back yard in a few weeks. It is still not too late to have a garden if you have not already started, begin at once. Do your bit to help in the time of emergency.

The Mayor has declared next week to be "Clean Up Week". Let's show our patriotism, pride and co-operation by cleaning the

trash, cans and all unsightly rubbish from our property. It will do a great deal to improve and make us proud of our town.

### Bible Briefs

BY M. F. MANCHESTER

#### The Bible And Science:

It is repeatedly charged that the Bible is un-scientific. May I revise the term and say that the Bible is not un-scientific, but pre-scientific. The word science means "to know". It is not guess work, or an hypothesis, but demonstrated facts.

#### The Facts of Science:

Science consists of the following five facts: Time, space, matter, force and motion. These five facts are set forth in the first verse in the Bible. Gen. 1:1 "In the beginning (time) God created the heavens (space) and the earth, (matter) and the Spirit of God (force) moved (motion) upon the face of the waters, and said let there be light and there was light."

#### The Earth and Space:

But says someone; does the Bible teach that the earth is swinging in space? Let us see. Job. 26:7 "He (God) stretcheth the north over the empty place, and hangeth the earth upon nothing." Job was not a scientist, that he knew this; but God revealed this unto him by his Spirit.

#### The Earth's Roundness:

Someone says, "It has been proved by demonstrated fact that the earth is round, and the Bible teaches that it is flat; does it not?" What sayeth the scriptures? Isa. 40:22 "It is he that sitteth upon the circle of the earth, that stretcheth out the heavens as a curtain."

Friends, do not confuse true science with science falsely so called, for true science does not conflict with God's word. All scripture is given by the inspiration of God.

#### BUY COAL NOW

An appeal to all who burn coal to purchase next winter's supply at once has been issued by Price Administrator Leon Henderson. Transportation now is available. By fall railroad and truck lines will be loaded to capacity with war shipments.

## State-Wide Spring Housecleaning for War Materials

AUSTIN, April 28—A state-wide spring housecleaning for war materials that can be salvaged for war production was called for today by George B. Butler, executive secretary of the Texas Salvage Committee.

"Great quantities of the things we need would be brought to light by a concerted spring housecleaning," Mr. Butler suggested. "Housecleaning in the average home generally uncovers things that are considered worthless or too old for further use. In the past, these collections often have cluttered up attics, cellars and backyards, so they have been destroyed or lost to further use by being carried away by municipal refuse collectors."

This year, he emphasized, the need for the return of waste materials into new production "should be plain to all of us."

"Old metal ornaments, obsolete plumbing and heating equipment, broken tools—these can become parts of guns, planes and tanks," Mr. Butler pointed out. "Old tires and tubes, old hot water bottles and bath mats can go into the production of reclaimed rubber which is needed so critically to replace our lost supply of crude rubber from the Far East. Old rags can be made into wiping rags for use in war plants, and waste paper is in demand for conversion into cartons for the shipment of munitions and canned foods for our men in the field."

#### FISHING TACKLE CURTAILED

WPB officials consoled the nation's fishermen by pointing out that "the stores are chock-full of tackle," when they issued the recent order banning the use of metals, plastics and cork in non-commercial fishing tackle made after May 31. Since most tackle

Heading the parade in the switch to cotton uniforms is the New York, New Haven and Hartford railroad up in New England. Stewardesses Ruth Ferguson (left) and Ruth Jamerson adjust their new cotton mesh stockings. Their standard uniform includes light-colored cotton gabardine suits, white cotton blouse, and cotton holl corsage. The girls work on the railroad's streamliners operating in the New England states.

#### ON THE HOME FRONT

Everybody right here at home has been brought into the Battle of the Home Front and, if not before, he now knows it emphatically, with everyone urged to help lick the High Cost of Living and to cooperate in the many drastic restrictions necessary to conserve vital materials needed for the War Program.

This week's developments have shown the importance of Home Front problems affecting the oldest person to the youngest baby—problems that include equal sharing of commodities as well as what those commodities cost.

To solve the problems, the War Agencies moved rapidly with orders that were in keeping with the times. And as many of these problems sprang from shortages, consumer groups joined in the battle and urged that "if you don't need it, don't buy it."

Included among the important actions was the start of sugar rationing, beginning with the registration of all dealers and commercial users. The War Production Board delegated authority to the Office of Price Administration to ration sugar at all levels, from the refiner to the consumer, and laid the ground work for consumer rationing after registration May 4, 5, 6, or 7th.

From rationing, the consumer's problems embraced the necessity for car pooling to share available tires and cars so that they will last longer for all.

Appeals were issued to vacationists to travel during midweek this year where possible, to relieve weekend pressure on already over-taxed common carriers. In fact, announcements of the Office of Defense Transportation, appealing to auto users to double up and to everyone to make their normal pursuits and pleasures secondary to the primary demands of war pointed to future possibilities for the necessity to ration travel. Along the Eastern Seaboard, travel rationing already has been ordered with the gasoline ration plan to start May 15th.

Installation of telephones was brought under strict control by a WPB order. It provides that new service may be denied except to persons or organizations engaged in direct war work, or in occupations essential to the public welfare.

Although with the economic moves of the week, steps also were taken to provide an increasing army of workers at bench, lathe and forge to speed up the battle on the Production Front about the time that WPB Chairman Donald M. Nelson was declaring in a speech in New York that "free men driven by their own loyalty and determination are better men than slaves driven by their master's lash."

While 44 per cent of today's college students have never had a course of mathematics, 53 per cent say they generally like the study, according to University of Texas publication of a national poll of student opinion.

Know Your Navy—A red stripe around the left sleeve at the shoulder is the "watch mark" of a Navy fireman.

cannot be manufactured without the use of such materials, the order will mean the end of fishing tackle production for the duration. The only exception is the fishing hooks, which may be produced for three months, beginning June 1, at a rate of 50 per cent of last year's output.

# Serving Texas Since 1882

## The FORT WORTH and DENVER CITY Railway

**T**HE Fort Worth and Denver City Railway has been serving Texas since 1882—sixty eventful years during which it has played an important part in the development of North Texas.

Indigenous to Texas, the Fort Worth and Denver City was organized and incorporated in 1873 by a group of pioneer residents of North Texas, including Major K. M. Van Zandt, an officer in the Confederate Army and subsequently Commander in Chief of the Confederate Veterans of the United States.

Operation of the railroad between Fort Worth and Wichita Falls began in 1882, Harrod was reached in 1885, and Quanah in 1886. In 1888 the Fort Worth and Denver City was joined with the Colorado and Southern Railway at Texline, establishing a new, direct transportation artery

between Texas and Colorado. Trackage rights were obtained in 1925 extending the railroad's operation to Dallas.

Since the turn of the Century, the Fort Worth and Denver City has acquired or constructed many additional lines serving North Texas, including the Wichita Valley Lines to Abilene, Spur and Waurika; the South Plains line to Lubbock and Dimmitt, and the Denver Northern from Childress to Pampa, a total of about 600 miles of railroad.

While the Fort Worth and Denver City Railway is proud of the part it has played in the development of Texas and the West, it is more interested, during these hours of crisis, in providing adequate and dependable transportation for the Army and Navy, and the civilian producers upon whom the country's fighting forces depend for supplies and equipment.

FASTEST, MOST DIRECT ROUTE TO COLORADO AND THE NORTHWEST

Former Clarendon Girl Becomes First Woman Pilot At Harnagel Field

By Valda Cypher
Society has hit the "ceiling."
As the sun tried desperately to shine through a misty haze at mid-afternoon yesterday...

All of the local pilots have marveled at her ability to solo with just eight hours' instruction.
Her stalls, spins and other maneuvers that go with pre-flight training have just been so much dessert for Zell...

Aged Couple Celebrate Birthday

Mr. and Mrs. D. B. Perdue, highly respected Donley County citizens, celebrated their 78 and 74 birthdays with a birthday dinner Sunday in the home of Mr. and Mrs. John Perdue of the Hudgins community.
Mr. and Mrs. Perdue live on a farm in the Midway community, and farm 35 acres, the aged couple doing most of the work themselves.

May Blue Stamp Foods List Same As April

There will be no change in the Agricultural Marketing Administration's blue stamp foods list in May, according to Dan L. Boyd, area supervisor, AMA, distribution branch.
Participants of the food stamp program will be able to purchase the same blue stamp foods during May as they did in April. The complete list of blue stamp foods, as issued by the Agricultural Marketing Administration for the period May 1 through May 31 in all stamp program areas, is as follows...

Celebrates 85th Birthday

Children of Mr. and Mrs. S. B. Kutch, pioneer Clarendon citizens, gathered in the parental home Sunday to help celebrate their father's 85th birthday. Mr. Kutch's birthday was really Monday, but Sunday was the day chosen for all the children to be present.
It was another happy milestone in the life of Mr. Kutch who states that there was plenty to eat, and a grand time was had by all.

Flying Tigers of Burma Plan To Disband for Return to U. S.

The rough and ready members of the American Volunteer Group, the scourge of the skies for Japanese fliers in the battle of Burma, apparently are going to step out of their patched and battle-scarred planes soon and disband.
Claire L. Channault, the leathery old U. S. flying instructor who commanded the group and trained it into perhaps the greatest collection of war aces in the Far East, has been recalled to active service in the U. S. Army.
(A dispatch received from New Delhi Monday credited the AVG with downing 400 Japanese planes.)

COLLIE DOG LOOKING FOR HIS OWNER

H. F. Russell who lives 2 1/2 miles south of town on the pavement says that a beautiful collie dog has recently taken up at his home. The collie is white with big black spots and is a young dog.
Mr. Russell asks that the owner of the dog come at once as the collie may suddenly decide to take up living quarters elsewhere.

JERRY DAVID MASTERN DIES WEDNESDAY

Jerry David Mastern died yesterday at his home north of Hedley after an illness of about a year. Mr. Mastern was 60 years old and has resided in Donley county for many years.
He is survived by his wife and one daughter, Mrs. Letha Youngblood. Also six brothers and three sisters.

'Grannie' Morris Rites Monday

Funeral services for Mrs. Mahala Lean Morris, 96 years old and known to hundreds of Panhandle people as "Grannie" Morris, were held at 10 o'clock Monday morning in Amarillo from the N. S. Griggs and Sons chapel with Rev. E. B. Fincher of the Ellwood Park Presbyterian church officiating.

Susan R. Johnston Dies Friday

Mrs. Susan R. Johnston, long-time resident of Donley, passed away at the home of her daughter, Mrs. Walter DeBord near McKnight, Friday April 24. Mrs. Johnston was born in Fannin county and moved to Donley county where she has lived for the past twenty-three years.

Mrs. J. W. Noel Dies May 22

Mrs. J. W. Noel passed away Wednesday, April 22 in Memphis after a lengthy illness. Funeral services were held the following day from the Methodist church there by Rev. E. D. Landreth, assisted by Rev. C. R. LeMond and Rev. E. L. Yates. Interment was in the Memphis cemetery.

Whorled Milkweed Poison To Young Turkeys

COLLEGE STATION, April 20—A mouthful or two of whorled milkweed may kill a young turkey in a few hours. Because of its deadly character, George P. McCarthy, poultry husbandman of the A&M College Extension Service, advises raisers to eradicate the plant from turkey ranges before young birds are turned out.
Ranchmen long have known that this species of weed kills cattle, sheep and horses on the range each year, and have destroyed the poisonous plant wherever found.

Farm Cash Income Much Higher

AUSTIN, April 29—Texas farm cash income was 77 per cent higher during the first three months of this year than in the same quarter of 1941, University of Texas Bureau of Business Research officials announced today.
For the first three months of the current year, cash income from agriculture totalled nearly \$113,000,000, as compared with \$64,000,000 in the first quarter last year.
Most of the gain in farm cash income was derived from cattle, hogs, eggs, milk, fruits, and vegetables.

VISITS PARENTS

Mrs. Enoch Darnell who has been visiting her parents, Mr. and Mrs. Crockett Taylor, left Wednesday for her home at Claucha, N. Mex. Mrs. Darnell was formerly Agatha Taylor.

Miss Jewel Barton of Big Springs is house guest in W. H. Cooke Jr. home this week.

HENRY GRADY BISHOP DIES FRIDAY

Funeral services were held Saturday, April 25 for Henry Grady Bishop, aged 34 years of Hedley. He passed away at the family home after an illness of several years. Services were conducted at the Hedley Church of Christ with Bro. James D. Reynolds of Wellington officiating.
He is survived by his mother, Mrs. Lucy Bishop, two sisters, Miss Alice Bishop and Miss Wanda Horn.
Pallbearers were J. H. Wood, Robert Moffitt, Hersey Mobley, Lee Usrey, O. L. Usrey and H. B. Usrey. Burial was in Rowe cemetery with Womack Funeral Home in charge of funeral arrangements.

Mrs. M. C. Goodner and son Tommy spent the week end with her sister, Mrs. Francher Upshaw at Amarillo.

Mrs. W. C. McDonald and daughters Myrre and Janice from Plainview visited homefolks and friends here in Clarendon Sun.

MORE PEOPLE GROWING IRISH POTATOES

In years past Irish potatoes have not done so well in Donley county. This year, however, more people than usual have already started their crops. Irish potato growers say that a wet year will bring results, since it takes plenty of water to raise good potatoes.
Potato bugs will invariably make their appearance where there are potato plants. County agent H. M. Breedlove says the best thing to do is to head them off early by using Lead Arsenic. He advises the use of five pounds of lead arsenic to the acre of Irish potatoes. He further states that the best method to use the poison is to dust it on the plants.

ATTEND FUNERAL

Mr. and Mrs. A. W. Simpson, Mr. and Mrs. Will Johnson, Mr. and Mrs. Johnny Johnson and Mrs. A. T. Cole and Mr. and Mrs. Geo. McCleskey attended the funeral of "Grannie" Morris at Amarillo Monday.

VISIT IN VERNON

Mrs. Charles Lowry and Mrs. Louie Thompson spent the week end in Vernon visiting their cousins. Mrs. Lowry visited Mrs. Charles Andrews and Mrs. Thompson visited Mrs. Fay Eggleston.

VISIT IN AMARILLO

Mrs. J. L. McMurtry and daughter Laverne, Mrs. Willard Skelton, and Mrs. C. L. Benson Jr. visited Mrs. Alfred McMurtry and baby Katherine at the Northwest Texas Hospital at Amarillo Fri.

Geraldine Pratt who is Librarian at Canyon spent the week end with home folks.

Mrs. Faust of Amarillo visited Mr. and Mrs. Bill Allen over the week end. Miss Jewell Allen accompanied her home for a visit.
