

## WPA Officials Launching New Program Here

### Conditions of Employment And Other Phases Are Explained

Details concerning the new WPA program, which starts this month, will be explained and discussed at an open meeting of prospective sponsors, interested citizens and project supervisors to be held at Hotel Brownwood Saturday afternoon at 2:30 o'clock. Similar meetings will be held at various points of WPA district 14 during the next week.

District Director Karl E. Wallace and the various department heads will be present to explain the different phases of the new programs.

A special invitation is being extended by Director Wallace to all sponsors and members of Commissioners Courts, City Councils, School Boards, Planning Boards, Boarding Boards, Chambers of Commerce and all civic clubs to attend these meetings. Round table discussions, in which those present are invited to participate, will be held at each meeting. The suggestions of public officials and citizens may result in valuable contributions to the operation of the new works program, according to Major Wallace. All WPA project superintendents in each county must also be present at this meeting since much of the information will pertain directly to their duties.

Plans are being perfected for handling new cases to determine eligibility for relief, and therefore, eligibility for work on WPA projects. Some time after July 20 new applications for relief will be received. Wallace will make announcements as to when and where applicants may apply as soon as possible.

Conditions of employment on WPA projects were outlined Wednesday in a message from H. P. Drought, San Antonio, state WPA administrator.

Aliens illegally within the limits of the Continental United States are specifically barred from employment on the works program. State Administrators have been instructed to discharge any workers found to be aliens illegally residing in this country. Determination of whether an alien is residing illegally in this country is made by the U. S. Department of Labor, Drought explained.

Concerning veterans who have received bonus payments, Drought quoted from administrative orders as follows:

"The fact that a person is entitled to or has received either adjusted service bonds or a treasury check in payment of an adjusted compensation certificate shall not be considered in determining actual need of such (WPA) employment."

Other regulations bearing upon the employment of WPA workers were reviewed by Drought as follows:

## C. OF C. OFFERS AID TO MEXICO TOURISTS

Application blanks for tourists passports and car permits for the convenience of local citizens who plan to visit Mexico are now available at the Brownwood Chamber of Commerce office in Hotel Brownwood.

If the blanks are mailed before the trip is started the tourist will find all papers for entering Mexico prepared when he arrives at the border thereby avoiding much delay, officials state.

The blanks were sent here by the Consolidated Tourist Bureau of Laredo.

## BROWNWOOD FILMS TO BE EXHIBITED AT LYRIC FRIDAY

Brownwood residents will have an opportunity to see films showing local scenes and views of Lake Brownwood Friday when the Lyric theatre will present a preview of the pictures taken here for the West Texas Chamber of Commerce exhibit at the Fort Worth Centennial Exposition. The films, which will be shown five times during the day, will be taken on to Fort Worth and will be shown along with the other exhibits representing the West Texas area at the opening of the W. T. C. C. exhibit Monday.

Chester Harrison, secretary of the Brownwood Chamber of Commerce, and B. P. Bludworth, WTCC director, will represent Brownwood at the opening ceremonies. All directors of the organization and secretaries and managers of the chambers of commerce in the area have been invited to attend the opening program. A formal opening will be held at 4:30 o'clock Monday afternoon, and in the evening the officers will attend a dinner given in their honor.

In addition to the pictures, which will be shown daily in the replica of the old freight depot which is to house the West Texas exhibits, Brownwood will be represented by a panel on which are pictures of the administration buildings of the two local colleges and a scene at Lake Brownwood and statistics showing the scope of the industries of the county and the highways. An exhibit of Brown county pecans will be shown in the regional agricultural exhibits.

The WTCC exhibit at the Frontier Exposition is said to be one of the outstanding attractions of the Fort Worth show. It will portray insofar as possible all phases of commercial and industrial development of the West Texas region. The atmosphere of pioneer West Texas will be retained in the building which will house the exhibits and in the costumes of many of the attendants and other employees.

The local showing of the films is to be through courtesy of the management of the Lyric theatre. A portion of the proceeds from Friday's shows will be donated to the chamber of commerce to be used in buying a machine so that the films can be shown whenever desired. Members of the Motion Picture Operators Union are donating their services for the additional time that will be required to show the film. The theatre is showing the pictures as a part of the regular program, and there will be no extra charge for the feature. Alton Stewart, radio car operator, is donating his services Friday and will advertise the showing throughout the city.

## NEWLY PAVED STREETS NOW OPEN TO TRAFFIC

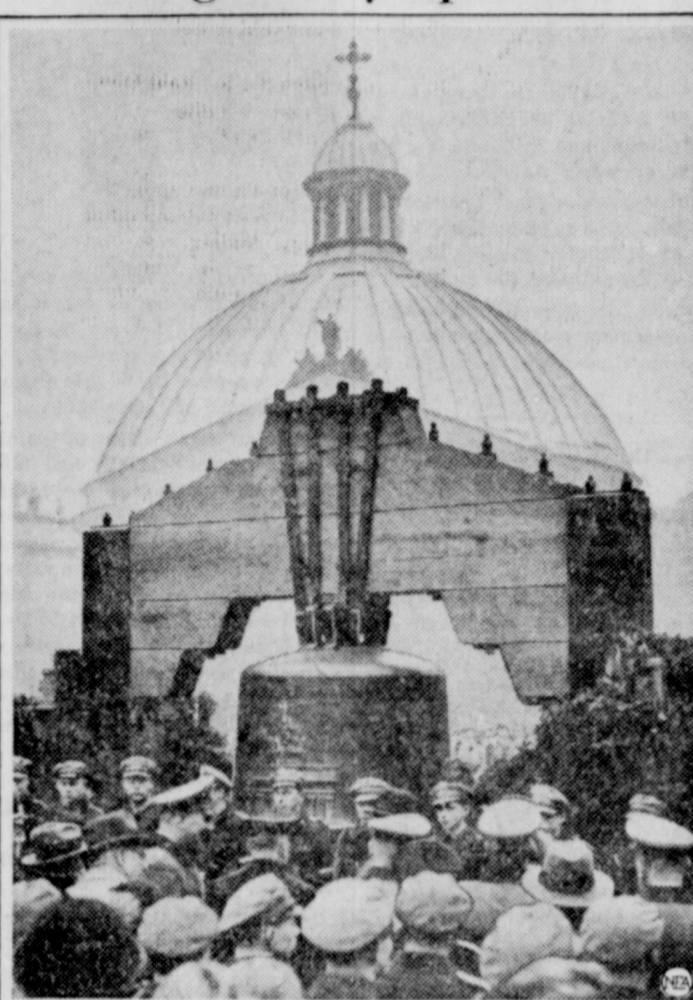

Traffic was resumed on Washington street last week when eight blocks of new pavement extending from Malone to the Vine street subway were completed. This marks the third and last street to be paved in the present WPA project sponsored by the city.

Streets which have been paved thus far are Vine from Avenue D to Coggin and Sixth street from Coggin to Avenue K in front of South Ward School and Fourth street from Brady Avenue to Fisk.

The paving work for the city has been under the supervision of Sam Thomas, street superintendent, Jake Palmer, project superintendent for the WPA, and W. H. Barnum, WPA field supervisor.

Projects for paving additional streets have been approved for the city by the WPA, but due to different requirements under the new WPA program, some changes will be necessary in these applications to comply with new rulings.

## ZEPHYR 4-H CLUB GIRLS TAKE LARGE SHARE OF PRIZES IN CONTESTS AT ENCAMPMENT

REPRESENTATIVES of all but three 4-H girls clubs in the county were registered at the annual Brown county 4-H girls encampment which closed Thursday, July 9, with 51 girls attending. Prizes were awarded in the pillow and vegetable contests, special features of the two-day program.

In the vegetable contest, Elsie Irene Lacy, Zephyr, won first place; Edith Kimmons, Zephyr, won second place; and Cathryn Porter, Blanket, won third. Nerine Pulliam of Brooksmith had the largest variety of vegetables in the show. Frank Rohr, grocer for Pizly Wiggly, acted as judge.

In the pillow contest Edith Kimmons won first place; Mary Jo Coffey, second and Iva Counts, third. All are of the Zephyr club. Climaxing the two-day program, the Zephyr Club presented a Texas Centennial pageant which was attended by a number of local people. The play was written by Miss Bess Dobbs. Following the pageant a program was given on which Miss Bess Edwards, assistant home demonstration agent, was the principal speaker.

Mrs. Roy Mathews, Bangs, spoke on the subject, "Opportunities that Club Work Offers" and Cathryn Porter, of Blanket, one of the 100 gold star girls of the state, made a short talk. The remainder of the meeting was devoted to conferences and reports on various phases of club work. Thursday morning the girls hiked to Hot Wells for a swim, given them through courtesy of Mr. Schneider, manager of the pool.

Officers for the camp this year were: Cathryn Porter, Blanket, chairman and Edith Kimmons of Zephyr, secretary. Club members and sponsors from Zephyr, Blanket, Clio, Brooksmith, Grosvenor, Indian Creek, and Winchell clubs attended the encampment.

Miss Mayesie Malone, Brown county home demonstration agent, was in charge of arrangements for the camp and directed the program. She expressed her thanks to everyone who cooperated with her in making arrangements for the camp, and, particularly, the Austin-Morris Company for lending an Electrolux and a radio for the camp and the Community Gas Company, who loaned the cooking utensils for the club for the encampment.

## RED CROSS SPONSORS LIFE SAVING CLASS

The class meets each evening at 5:30 o'clock and will continue throughout this week and the following week. No charge is made for instruction, only the regular fee for admission to the pool is required for those who enroll.

Rudolph Gauz, famous pianist and conductor, says, "Prodiges are usually born too soon, at least five years before their time."

## CANDIDATES BUSY AS DATE FOR DEMOCRATIC PRIMARY DRAWS NEARER AND NEARER

Politics are growing warmer and warmer in Brown county with the long list of candidates for county, precinct and district offices entering the final lap of their respective races. Candidate speakings and political rallies have been announced for many days during the next two weeks, and the candidates are bending every effort to secure heavy margins of votes over their opponents. Little more than a week remains before the July 25 primary, and no let-down on the part of the office seeker seems in prospect.

During the past week candidates for the state house of representatives and for the office of judge of the 35th judicial district were speakers at a large rally given for Congressman Charles L. South of Coleman on the courthouse steps. Former Governor James E. Ferguson spoke Friday night at the courthouse in behalf of his candidate for governor, Roy L. Sanderford of Belton.

The following district and county candidates have announced in the Banner for the offices indicated:

## WELFARE BOARD PLANS CAMPAIGN FOR FUNDS

Members of the Brown County Welfare Board will meet Thursday evening to complete plans for a county-wide drive for funds to finance a welfare agency here, according to an announcement made this week. According to present plans, solicitors from each service club in Brownwood, from all the churches and from a number of other organizations will work together in a concerted campaign for funds.

Several weeks ago the board made an appeal for volunteer subscriptions to the welfare fund, but met only slight response. More than \$4,000 must be raised to carry on the work, officials of the board say, and they urge every citizen to pledge as much as possible to the fund when they are contacted by solicitors.

More than a hundred families in the county are dependent upon local agencies for assistance, they say. In none of these families are there adults who are able to work, and since the conclusion of the Texas Relief Commission's program the responsibility for their maintenance is upon the community.

## FHA MAKES MANY LOANS IN COUNTY

Loans totaling \$19,523.09 have been made in Brown County under the modernization Credit Plan or Title I of the National Housing Act, according to a statement made this week by P. S. Luttrell, associate director of the Northwestern Texas District of the FHA. Loans have been made to 75 individuals here.

Title I or Modernization Credit Loans are made by banks and other financial institutions approved by the Federal Housing Administration; the loans are made for repairing, altering, modernizing and the improvement of real property. The obligation is repaid in small, equal monthly payments over a period of years not to exceed five. This particular section of the National Housing Act expired on April 1, 1935, but because of the demand for this type of loan, and the great benefits to property owners, building material dealers, and labor in the building trades, the Modernization Credit Plan was extended to April 1, 1937.

## SILLO DEMONSTRATION TO BE HELD JULY 27

## FERGUSON SPEAKS HERE FOR BELTON CANDIDATE FRIDAY

In an address here Friday night in behalf of Roy Sanderford of Belton, candidate for governor, former Governor James E. Ferguson brought up each of his candidate's four opponents and told the large audience what his opinion of each was, listing the reasons why, in his opinion, they should not be elected. Referring to F. W. Fischer of Tyler, he said that his ideas of taxation are fool ideas.

About present Governor Allred, to whom he referred as "Jumping Jimmy Allred," he said, "Pretty good feller. But he's just a child—sometimes a spoiled child who's probably doing the best he can. He needs a political rap-jacking."

"There ain't no use talking about Hunter, anyway," he said speaking of Tom F. Hunter of Wichita Falls. "He's not in this race. People can't bet on a horse that loses two times in succession."

He called for support of Sanderford's 3 per cent sales tax plan to pay old age pensions and remove the state ad valorem tax, saying that this is the only plan proposed that will raise \$43,000,000 necessary to pay the \$15 million to every person in Texas over 65 years of age. He said that the sales tax will raise the amount needed.

He said that he was not in favor of the old age pension amendment, because he was afraid that the state would be unable to pay the bill, but that since the people have voted in favor of pensions he believes the sales tax is the only way to pay them.

## PETITIONS GRANTED TO OPEN TWO ROADS

Petitions for opening two first class lateral roads in the county were granted by the Commissioners Court in session Monday. An order to spray trees on the court house lawn to kill insects was also made, the contract given to A. I. Fabis on a bid of \$24.00.

Twenty persons endorsed the petition with their signatures for a lateral road in precinct 3, beginning at a point on the Blanket-Salt Creek road, the road will extend south 2 miles to the intersection of the old Blanket highway and continue south to the new highway 10, measuring slightly more than two miles.

Endorsement of the petition for a road in precinct 2 was made by 11 citizens. The road will begin at the northeast corner of the T. J. Stewart tract and extend to the Williams-Cross Cut road, a distance of two miles. Right-of-way will be furnished by the land owners who will also set back the fences.

## Cattlemen Plan Show, Sale At Called Session

### Hereford Breeders Will Discuss Spring Sale At Meeting Saturday

Approximately 60 members of the Brown County Livestock Association attended a special called session in district courtroom Saturday, adopted a constitution and by-laws presented by the constitution and by-laws committee and discussed other matters pertaining to the improvement of livestock in this county. Plans for a Hereford sale, to be held here some time next spring, were discussed and the association decided to turn completion of the plans over to the Hereford breeders of the county.

Letters were mailed this week by county agent to 18 Hereford breeders asking them to attend a meeting to be held Saturday afternoon at 2 o'clock at his office for the purpose of beginning work on plans for the sale.

An amendment to the constitution enlarging the powers of the association that it may collect and disseminate information with reference to the movement and handling of livestock as a provision for more adequate protection against theft of livestock was adopted. The members also voted that the directors of the association should meet regularly on the second Saturday of each month.

There are at the present time 281 4-H club boys in the county, he said.

Kelvin Dorman, state supervisor of screw worm control, and Mr. Bowman, supervisor for Mason, Menard and McCulloch counties, discussed their work at the close of the other reports.

Standing committees for the association named by President Simons are as follows:

Finance: Chester Harrison, M. E. Fry, Roy Largent. Membership: L. F. Bird, Joe Shelton, E. T. Perkins, Advertising: Roy Largent, Roy Chapman, John McInnis.

## FIRE LOSS HEAVY TO BINGHAM HOME

Loss of approximately \$6,000 on furnishings alone on which there was no insurance was the amount estimated in the fire of unknown origin which destroyed the home of Mrs. Euna Belle Bingham, a few miles north of Brownwood, Sunday afternoon about 6:30 o'clock.

The alarm was answered by the Brownwood fire department but due to the lack of sufficient water and the fact that the flames spread so rapidly, firemen were unable to quench the consuming blaze. Only the stone walls remained standing. The loss on the structure, which was only partially covered by insurance, was estimated at several thousand dollars.

Vote for Myron Embrey for County Clerk.

## WAYS TO KEEP COOL TOLD BY OFFICIALS

The importance of proper choice of summer diet and sensibly chosen exercise to keeping cool during the hot summer months is stressed in a statement made this week by officials of the state health department. Over indulgence in food or exercise may cause much suffering, the authorities said.

"The clothes we wear and the food we eat play an important role in keeping us comfortable during the hot season," said Dr. John W. Brown, State Health officer.

"Summer clothing should be light in weight and color and of a porous texture. White clothes reflect the rays of the sun and therefore are cooler. Frequent change of clothing, particularly of that next to the skin, is especially conducive to comfort.

"The summer diet should consist of light, nutritious, and easily digested foods. Fresh fruits and vegetables are particularly desirable as hot weather foods because of their ease of digestion and wide range of variety in the manner they may be served. Meat and heavy pastries should be eaten sparingly. A balanced diet may be maintained without these foods. Do not eat when you are tired.

"Exercise should be taken in hot weather but good judgment must be used in the amount that is taken. Swimming is fine exercise and is more refreshing than other forms of exercise. If sun baths are to be indulged in, care should be taken to acustom the skin by exposing the body for short periods in the beginning.

"Plenty of rest is necessary during hot weather. Sleep a sufficient number of hours and eat at regular meal times. Acquire regular habits of living and develop a cheerful outlook on life, and you will find that it will help you to spend a comfortable summer at home or on vacation."

I am married and have three children, all within the scholastic age. I have been a member of the Baptist Church for over twenty years. I served for two terms as tax collector of Bell county and have been in the automobile and associate business continuously since 1923. I am not a lawyer. I was elected to the State Senate from the 21st District over two worthy opponents in the first primary in July, 1932.

When I am elected I shall respect the constitutional rights of the people to have a governor who will stay on the job, cooperate with the Legislature and will neither squander the people's time nor abuse the opportunity for service by continually engaging in social, political and pleasurable affairs. I will not use the powers of the office to place my relatives on government payrolls.

I favor:  
First, A substantial reduction of Government expenses and where conditions will justify I shall, if necessary, use the veto power to reduce appropriations twenty-five per cent.

## MANY OFFICIALS HERE FOR MASONIC RITES

Commandery degrees were conferred upon five candidates at the Masonic program Friday night which was attended by representatives from nine lodges. Approximately 75 Knights attended, including several of the high Masonic officials of Texas. Candidates were W. Marcus Weathered of Coleman, Worshipful Grand Master of Texas L. Fields Harris, Dr. D. R. Scott Smith Bell, J. R. Shelton all of Brownwood, and Benjamin Yarborough, of Santa Anna.

Commanderies from Brownwood, Abilene, Cisco, Stamford, Fort Worth, McKinney, Temple, El Paso and Waco attended the ritual.

During the intermission between the afternoon and evening session of work supper was served to the guests.

## To The Voters of Brown County:

My family and I regret to say that my financial condition is not as it has been reported by two of my competitors. In confidential conferences with some of my friends, they have told that I draw a large monthly income from oil royalties. If this were true I would be helping some other candidate in the race to get the job, and I would like to say that there are several other men in the race who are worthy and deserving, and I appreciate the square deal they have extended me, and am endeavoring to return their courtesy. I have hesitated about putting anything in the paper about this, but have been urged by some of my friends to do so, as it is losing me some votes from people who are not familiar with my circumstances. I would be glad for anyone who wishes to talk to the officials at the First National Bank of Brownwood about my income and finances. I am doing my best in an honest way to get this job, because I need it to support my family, and will greatly appreciate any support that I get.

## JUDGE E. J. MILLER SEEKS RE-ELECTION TO DISTRICT COURT

With court in continuous session and heavy dockets to try it has been impossible for me to see a great many voters personally and as election nears I take this method of presenting my candidacy.

I wish to thank voters of the district for the confidence and faith shown me by electing me to the important office of District Judge and wish to express my sincere gratitude for the general approval and generous commendation that has been accorded my administration. I was elected by a gratifying majority and reelected by a much increased majority upon the following principles and ideals of service:

Orderly economical conduct of the courts.

More trials and fewer continuances.

Dispatch business and clear the dockets.

That I have lived upon these principles and ideals cannot be denied by setting cases, refusing continuances, using or excusing jurors and witnesses; by eliminating unnecessary wrangling of lawyers and staying on the job disposition of business has been expedited, court expense materially reduced, the dockets cleared and an enviable record made. By energetically keeping court business moving and carefully watching all expense items The State and the counties in the district have been saved more than the judge's salary each year.

I have sought on all proper occasions to encourage greater interests in, and greater respect for law, order and good government. I have at all times tried to deal so firmly and fairly yet so justly and sympathetically with those overtaken in crime as to inspire in them higher ideals of life to the end that they might be reformed as well as punished. Proof is evident that my efforts along these lines have not been in vain.

By carefully instructing them as to their duties and responsibilities in the trial of cases jurors have come to have a better understanding of their important function and a greater interest in properly discharging the same. The fact that there are not half so many hung juries as formerly is evidence that something has been accomplished along this line. I hope this record may appeal to your good judgement and merit your continued confidence and support.

If you see fit to honor me with re-election I pledge myself to continue the administration of this important office upon the same principles and ideals with the added efficiency and ability that is the natural result of experience, study and maturity.

If you approve of systematic economic methods and dispatch of

business; if you endorse industry, devotion to duty and impartial justice on the Bench let your voice be heard and your vote be counted for one who has put these ideals into practice. Your support and influence will be sincerely appreciated.—E. J. MILLER, District Judge.

## VOTE FOR HENRY TAYLOR For COUNTY CLERK

I want to tell you something about myself. I am twenty-six years old, about the age that some of our best officers in Brown County began their service. I am married and live in Ward Four, Brownwood, Texas. I was born and reared in Brown County; was educated in the Brownwood schools; and have lived all my life in the county.

For ten years I have worked for two Brownwood business enterprises. My business experience has qualified me to fill the office. Im I am elected, I will make the clerk's office an efficient and a friendly place for the public to transact business.

I have been making an active campaign and am trying to see every voter in the County. I realize, however, that it is going to be impossible for me to see everybody. If I do not get to see you in person, I want you to consider this as a personal solicitation for your vote and influence. I would be greatly pleased if you would make a further investigation of my qualifications.

I cannot express to you how much I would appreciate your vote on July 25th. Vote for Henry Taylor, the first name on the ticket under the title of County Clerk.

Sincerely yours,

HENRY TAYLOR.

## SUPERVISOR FOR SCREW WORM CONTROL WORK ESTABLISHES BROWN COUNTY HEADQUARTERS

VIETS KELLEY, district supervisor of the Bureau of Entomology and Plant Quarantine division of screw worm control, established his Brown county headquarters in the office of County Agent C. W. Lehberg this week and will spend several days each week in the Brown county office. Mr. Kelley will be actively in charge of the campaign to control screw worm in Brown, Coleman, and Rannels counties. His district headquarters are at Coleman, but all work in this county will be handled from the county agent's office.

Although the prevalence of the screw worm fly is not alarming at present, Mr. Kelley said, its activity presents a situation which requires attention in order to prevent the pest from developing into larger numbers.

His statement continued:

"The adult screw worm fly breeds only in living animals and lays its eggs on any wound, scratch, cut, dog bite, tick bite, or abrasion on livestock. Infestations of screw worms often follow such operations as dehorning, castrations, and branding. The eggs of the screw worm fly (*Cochliomyia Americana*) hatch into maggots within 8 to 21 hours and bore into the flesh of the animal. The maggots destroy living tissues and cause bleeding. The worms usually fill the cavities or pockets of the wound and are found packed close together with only the tip end of their bodies showing. About the wounds hard swellings are commonly found. After the maggots finish feeding and become nearly three-fourths of an inch long, they drop to the ground and enter the soil where they spend a resting period. From this stage they emerge as adult screw worm flies and after mating, they seek wounds on which to lay their eggs. The entire life cycle from egg to grown fly may take in a period of two to four weeks.

"At the present time, the greatest source of trouble is the infestation of the navel in newly-born calves. All new calves should be watched closely and careful examination of the navel for any sign of screw worms should be frequently made. As a precautionary measure, it is well to protect the calves as soon as they are born by tying the navel cord about one inch from the stomach and using iodine on the cord. Pine tar oil should then be applied only about the base of the cord. Cattle should not be deborned at this season and if any livestock are earmarked, branded or castrated, a dressing of pine tar oil should be applied. Animals with wounds should be kept under close observation and treated with dehydrated pine tar oil until the wound heals. Those infested with screw worms

should be kept separated from the herd and kept in a small pasture in a convenient location where they can be seen and treated as frequently as necessary.

"In treating wounds carefully swab them with cotton to remove blood and serum, as these substances act as a protective covering to the screw worms. Introduce a small amount of 90 per cent commercial benzol with a rubber bulb syringe or pour it in from a bottle or oil can. Place a dry cotton plug in the wound. The cotton absorbs the benzol and permits immediate formation of gas. The screw worms are forced to breathe the gas and are killed by it. The cotton plug should be firm enough to remain in the wound but loose enough to enable it to work out in a few hours. The plug is left in the wound except in cases in ears of hogs, where the animal should be held for at least five minutes to insure death of the worms. The worms should not be removed from wounds unless this can be done without causing pain. The bleeding invites more volume of worms to lay eggs. Stock dips and other poisonous solutions should not be poured in wounds. The wound and its adjoining areas should be coated lightly with pine tar oil (dehydrated, specific gravity 1.065). This dressing hastens the healing of the wound and helps to prevent other attacks by the flies.

"Stockmen are urged to prevent cases of screw worms by delaying surgical operations, by using pine tar oil on all injuries, by giving special attention to any animals shipped from other areas and by reporting cases of screw worms to the screw worm supervisor through the county agriculture agent."

Mr. Kelley will be in Brownwood next week, and asks that all cases of screw worm in this county be reported to the county agent at once so investigation can be made and assistance given in controlling the worm.

**Vote for Myron Embrey for County Clerk.**

## Texas Legends and Folklore

By Olive M. Johnson, Director of Speech Arts North Texas State Teachers College

### IX. Our Duty in Preserving Our Folklore

Texas legends furnish an inexhaustible supply of material for artists, authors, poets and dramatists. They await the hand of a Washington Irving, a Whittier or a Joel Chandler Harris to turn them into imperishable literature. The outlook is heartening, for there is a growing interest in native literature. Professor J. Frank Doble of the University of Texas, Professor John Lee Brooks at Southern Methodist University, and Dr. Rebecca Smith of Texas Christian University are encouraging the study of folklore and of the literature of the Southwest.

There is yet to be unearthed a mass of material on the life, manners, customs, beliefs, and the institutions of the Southwest. There are unrecorded cowboy songs, ballads, games, oil-field lore,

tales of the border Mexicans, of rangers, of Jean Lafitte, the Robin Hood of the Seas, and of legendary heroes like Strap Buckner, Jesse Holmes, Paul Bunyan, Mustang Gray, and Pecos Bill. There are customs, superstitions, weather signs, yarns about birds and snakes, Indian myths and legends, the origin of place names, and lore of the high plains, the Gulf Coast, and the brush country. Surely, as Dryden said of Chaucer's tales, "Here is God's plenty!"

It would be a very great pity if such interesting native culture should be allowed to sink into oblivion. This lore is an integral part of Texas and should be preserved for future generations. It is plainly our duty to record these fleeting traditions before time has effaced them, and this duty we conceive to be one of the greatest obligations of the Texas Centennial.

### BROWN COUNTY WOMAN HAS POEMS PUBLISHED

Poems by Mrs. Gertrude Faith Morgan of Indian Creek, appear in a poetry anthology which has just been published, "The Yearbook of Contemporary Poetry—1936." The book contains mainly the work of worthwhile but obscure authors who should receive greater recognition for their literary efforts, according to a statement made by the publishers.

In compiling the volume the publishers conducted a nationwide search for talented writers. More than 4000 authors submitted manuscripts, and of these less than 400 were chosen to be included in the book.

Beckham came to Brownwood the night of the killing and surrendered to the sheriff. Thompson was shot and killed on a street at Zephyr about 8:15 p. m. June 30.

According to the statement of witnesses, Woods rode in a car with Beckham to the scene of the kill-

**MANY CENTENNIAL AFFAIRS PLANNED FOR THIS WEEK**

Many unusual and worthwhile programs are being staged this summer by towns in all parts of Texas as their part in the general observation of the state's Centennial celebration. Among those which will attract citizens of the state as well as out-of-state visitors during the coming week are celebrations to be held at Tulla, Galveston, Chico, Buffalo Gap and Sweetwater.

Tulla and Swisher County together will observe a Centennial year celebration with the 46th anniversary of the founding of the county on July 17 and 18.

Visitors will find pioneer atmosphere at Tulla as they see the men wearing long whiskers, sideburns and mustaches, and attired in tennison hats, boots and spurs, and the rough garb of the earlier frontier. Women of the city will wear pioneer style dresses and bonnets.

A colorful parade will open each day's program. Rodeo events and motor car races will be features.

Three hundred dollars in prizes are offered in the second annual fishing rodeo which will be held at Galveston July 23-26 as one of the Oleander City's Centennial year celebrations.

The event is planned by the Junior division of the Galveston Commercial association. More than 500 fishermen are expected to take part in the rodeo.

Many attractions are planned for the Centennial Home-Coming celebration to be held at Chico July 17 and 18. Included will be a political rally and a regional singing convention and contest. Carnival attractions also will be provided.

The Taylor County Old Settlers Centennial reunion will be held July 17 in the historic community of Buffalo Gap, which was one of the picturesque West Texas towns of an earlier day. Colorful old-time musicians will furnish a program of varied range and historic songs and cowboy ballads.

Tribute will be paid to the Indians who once roamed the plains of West Texas in appropriate ceremonies. An Indian pageant also is planned.

Ysleta, said to be the oldest town in Texas, will be the scene of impressive Centennial year ceremonies to be held at the old Mission Senora del Carmen on Thursday, July 16. The town was founded in 1682.

The picturesque mission is located in the center of the village which is 12 miles from El Paso. The Indian descendants of those who lived in the shadow of Mission Senora del Carmen 250 years ago hold their ritualistic ceremonies each year, commemorating the bravery of the mission's founders.

Visitors here will see Spaniards, Mexicans, Indians and Anglo-Saxons unite in worship at the foot of the mission shrine.

The second annual water carnival, to be presented here July 16 and 17, will offer an unusual experience for Centennial year visitors. Contrary to the opinion of most persons there are parts of West Texas that have no indication of aridness and one of them is the City of Sweetwater, with its modern swimming pool and large Lake Sweetwater. The Centennial Water carnival will be held at the pool and at the lake.

Feature events on July 16, opening day, will include preliminaries in the swimming and diving contests, tennis and roque tournaments, and the selection of "Miss Sweetwater." Finals in the various events will be held the following day which will have as its featured evening event the brilliant Queen's ball.

**NO REASON FOR RUN-OFF**

(Amarillo News)

Governor James V. Allred, busy with his duties as Centennial Governor and at the Democratic National Convention where he played a prominent role, opens his campaign for re-election Tuesday. It is likely that the list of virtually unknown and impossible candidates who have been beating their chests and fanning the overheated Texas air trying to drum up an issue or some antagonism will take to flight when Jim Allred begins talking facts, issues and principles as only he can.

Even now there is rumor that one Texas demagogue will withdraw his puppet from the race because he has found not a single issue to make and no appeal with which his colorless personality could even attract crowds. Others undoubtedly will follow and Governor Allred will be given the customary second term in office by default or by a tremendous majority in the first primary. Texas owes Allred this honor and Texas should elect him on the first ballot and have him for the national campaign of the Democratic party.

There is no reason for a run-off primary this year. The candidates opposing Governor Allred might show their patriotism and their appreciation of the greatness of the Outstanding Young Man of the nation by withdrawing now and saving themselves the humiliation of utter riot at the polls in July. Such action on their part would reflect lasting credit to them and to the man who will be the next Governor of Texas and who may be the presidential or vice-presidential nominee of the Democratic Party in 1940. It would be appreciated by a tremendous majority of the voters of Texas who simply cannot take any candidate or issue in the Governor's race seriously this year.

When a Seventh Day Adventist was recently fined for working on Sunday, F. P. Vaught, of Knoxville wrote the judge who imposed the fine and offered a duck as a prize to any person who could quote scripture which designates Sunday as the Sabbath day.

**REVIVAL AT ELKINS**

Beginning Thursday night, July 23, a revival meeting will be held at the tabernacle in Elkins which will continue until Wednesday night, July 29, inclusive. The Rev. H. D. Tucker who will conduct the services urges everyone to attend.
