Congressman Combest 'Positive' On Future

LAZBUDDIE LIVESTOCK JUDGING TEAM--Winning first in the district were members of the Lazbuddie FFA Livestock Judging Team. They also won numerous individual honors in the judging season. They are Scott Mitchell, Shane Mason, Steve Bradshaw, Tim Lust and Sheldon Mason. Their instructor is Rick Copp.

FFA Livestock Judging Team Wins District

Lazbuddie High School FFA's Livestock Judging Team has just wound up a very successful season, which culminated April 11, with the team being named first high team in the District 10th high team in the area and 21st high team overall out of 122 schools.

After the judging meet at Texas Tech on April 11, the team participated in a district meeting for the Littlefield District on April 14 at Farwell.

Shane Mason was presented the District Star Lone Farmer Award; Sheldon Mason received the District Chapter Farmer Award and Tim Lust was elected the new District President.

At South Plains College on April 10, the Lazbuddie Livestock Judging Team was named fourth high team in sheep and 14th team overall.

This was preceded on April fourth at West Texas State, when Tim Lust was named fifth high individual, Scott Mitchell tied for second high individual and the team was the first high team.

When Congressman Larry Combest visited Muleshoe Wednesday, he found a lot of interested constituents and a lot to talk about. "I am here to talk about what you want to talk about," Cong. Combest told a group of members and guests at the weekly Muleshoe Lions Club meeting.

He had been introduced by Ronnie Holt, who complimented the staff in both Combest's Lubbock and Washington offices, commenting, "Your office always comes through."

Over and over during his talk, the Congressman stressed that it is not necessary to cut spending by one dime, nor is it necessary to raise, or increase taxes, by one penny to have a balanced budget.

The deficit spending is the number one problem in the country, he said, and he predicted that by living within its means, the U.S. could be running in the black by 1990.

"The government is spending too much," he said, "and it could be changed."

Congressman Combest suggested putting a number of things in a trust fund, like the Social Security funds, "and such a fund would never be depleted," he said. "It would not be general revenue money, and could not be used for general revenue expenditures. That would solve a lot of problems."

In speaking of agriculture and the oil industry, Combest said a lot of things are going on with those two vital industries. "Both are suffering significantly," said Combest. "Both have been impacted by decisions, and the lack of decisions Congress makes."

He said he believed the U.S.

was becoming too dependent on imports, as the U.S. uses too much in the way of imports, and that by 1990, the U.S. will be using some 90 percent imports to operate this country.

Further discussing oil, Combest said individuals and independent Oil and Gas producers would like to make a profit at \$15 per barrel -- but finds many Congressmen have a disadvantage -- "We can't talk to Congress about the oil and gas industry -- they don't care," he commented.

"We find we have a unique bill," said Combest. "The cotton bill is working beyond all expectations, and the farm bill affecting rice, sugar and peanuts is working well."

"We are still having problems with grains. We need to make some changes -- in grain only -- but must be very careful not to transfer good farm programs with the grain sorghum -- we can't help one segment and end up hurting another," continued Combest.

Lazbuddie Senior Plan Supper-Play

On Friday, May 8

With the end of school fast approaching, several events are scheduled by the Lazbuddie school students.

Events start off next Thursday, with the Annual Lazbuddie FFA Officer Installation Banquet.

It will be at 7:30 p.m. in the Lazbuddie cafeteria and tickets are \$5 each.

Lazbuddie FFA members are also selling the famous FFA Corn Gold Sausage at a super bargain at this time. A three pound box of sausage patties is only \$5. The sausage is frozen, so will keep in your freezer for several months.

On May 8, the Lazbuddie seniors will be presenting their annual Supper and Play.

It will be getting underway at 6:30 p.m. with the supper catered by Bigham's Barbecue of Lubbock.

This will be followed by the play, "Belinda and the Beast" at the Lazbuddie School auditorium.

Tickets are on sale for \$10 for adults and \$8 for children age ten and under.

Big Plans Are Underway For 'I Love Muleshoe Daze'

"Spring is a time for new beginnings, and a feeling of optimism, and the Muleshoe

State Bank feels that our economy is beginning to show some promise once again," said the proponents and organizers of a special promotion.

Therefore, to stimulate this feeling further, the Muleshoe State Bank is sponsoring an "I Love Muleshoe" promotion with area merchants.

This "I Love Muleshoe" promotion will be in conjunction with the Muleshoe Heritage Foundation and the Celebrity Auction, scheduled for May 2.

To kick off the "I Love Muleshoe" promotion, "Love Coupons" are being attached to balloons, beginning April 22. Each day, balloons will be released from various locations throughout Muleshoe and the surrounding communities.

These coupons are for various discounts up to \$100 off on merchandise, and will include some free items. The MHS-DECA students are lending their assistance in filling balloons and releasing them each day.

"Love Coupons" that are redeemed before May 2 will

become the official registration for special drawings of merchandise from local merchants. These drawings will take place throughout the day on Saturday, May 2, and will be televised during the Celebrity Auction at the Civic Center.

A number of items are being collected for the drawings, including two \$50 Savings

Junior High Students Are Awarded

Muleshoe students captured a total of 18 awards during the 1987 Regional History Fair in Plainview last weekend on the Wayland Baptist University campus.

Eighth grader, Brandi Estep was the top winner, taking the People's Choice Award with her exhibit, "General Store," at the awards ceremony Saturday afternoon in the Nunn Building Auditorium.

She and Gilrobert Rennels were both recipients of the Earl O'Keffe Special Achievement Award, Rennels winning with his "History of Mule Memorial."

Other special achievement award winners included Jason Harmon, recipient of the Roy and Barbara Kiser Award for "Irrigation Methods;" Cory Welch, winner of the George W. McDonald Presidential Citation for "Medieval Weapons;" and Michael Richardson, who won the A. Hope Owen Presidential Citation for "Cities Across Texas."

Gold medallions were presented first place winners, Jason Harmon, "History of Irrigation;" Johnny Noble, "Old Stone Fort;" Collin Robison, "School House;" Galin Latham, "Oil Derrick;" Michael Richardson, "Cities Across Texas;" Brandi Estep, "Country Store;" Cory Welch, "Medieval Weapons;" Gilrobert Rennels, "Mule Memorial and History of Mule;" and Becky Donaldson, "Catapult."

Second place winner was Ricky DelaO, "Dog Run Cabin" and in third place was Ross Parrish with "Governor's Mansion."

Monthly Sales Rebate Up From Last Year

State Comptroller Bob Bullock last week sent checks totaling \$47.9 million in local sales tax to 1,038 cities that levy the one-percent city tax. Bullock said that 1987 payments to date were down six percent as compared to payments to date made in April of last year.

Although Muleshoe's total tax rebates are down for the year by some 15.37 percent, a slight uptrend was shown in the latest payment. Net payment for the latest period was \$11,851.80, up by \$400 from the \$11,451.42 for the same period a year ago. The latest payment brought Muleshoe's rebate figure to \$56,777.91, compared to the \$67,090.43 from the same time a year ago.

Morton is showing a 17.00 percent decrease for the year in sales tax rebates, with \$15,431.12 reported to date this year, compared to the payments of a year ago of \$18,590.82. Their current payment was \$3,452.51, compared to \$3,208.91 for the same rebate period last year.

From Littlefield, the decrease in payments for the year to date is only 3.44 percent, with payments of \$79,320.88 to date this year, and \$82,147.80. Littlefield's payment for the latest period was \$15,342.01, up from the \$13,275.09 shown for the same time last year.

Friena received a rebate of \$5,181.10 for the latest reporting period, down from the \$6,639.96 reported for the same period from last year. The show a decrease in payments for the year of 10.44 percent, with \$34,588.08 being reported for this time last year, compared to this year's total payments to date of \$30,975.85.

Houston's check for \$7.5 million was the largest, bringing 1987 payments to date to \$43.5 million, down seven percent from 1986. Dallas received \$5.8 million for a 1987 total of \$32.2 million, down four percent. San Antonio's payment of

\$2.9 million pushed the 1987 total for the city to \$16.9 million, a decrease of seven percent. Austin's check for \$2.3 million increased 1987 payments to \$12.4 million, down eight percent. Fort Worth received \$1.9 million for a total of \$10.4 million this year, down eight percent from 1986. El Paso's payment was for \$1.3 million, bringing the 1987 total to \$7.2

Most Wheat Damage Shown At 30-60%

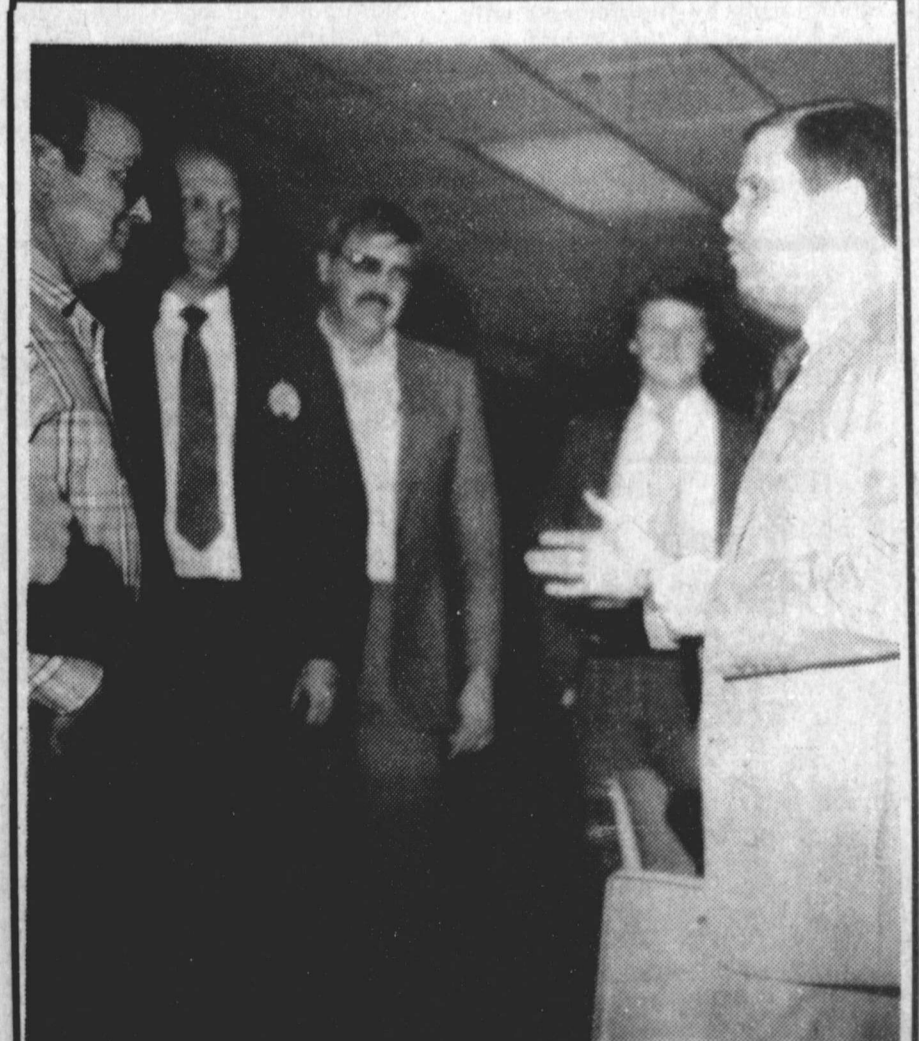

Late Friday, Bailey County Extension Agent Spencer Tanksley said more than 30 samples of wheat from area farms were checked during the day for possible damage from late freezes in the county.

According to results in small clinics held throughout the area this week, the county agent said they are making the following recommendations:

Regardless when the wheat was planted, or when grazing was done, or how much grazing was done before the late freezes, Tanksley said the county agents are recommending that all fields be checked for damage before spending anything else for fertilizer, water, or spray for insects.

During the testing on Friday, Tanksley said they found from 0 to 100 percent damage, with most fields showing 30-60 percent damage.

He also suggested that any farmer planning to plant his wheat to have the wheat checked for nitrate concentration. Labs in Amarillo or Amarillo can do the checking. Addresses may be found at the Bailey County Extension Office in the

Jazz Band Entertains Rotary Club

It was a musical time for the Muleshoe Rotary Club on Tuesday, when the Muleshoe High School Jazz Band were special guests and performed for the Rotarians.

Band Director, Mark Heidel, said his goal and objective was to give the students a wide variety of exposure to Jazz music.

In their concert Tuesday, the Jazz Band performed ballads to Jazz numbers to the "Theme from the Flintstones."

Heidel also said the Jazz Band had attended the Texas Tech Jazz Festival on April 4.

Band members attending the Rotary luncheon included Mark Mata, Lloyd McCray, Brenna Matthews, Brandon Carpenter, Lisa Triana, Sue Haire, Elizabeth Posadas, Richard Mui-shondt, Jimmy Cisneros, Leah Bell, Greg Garcia, Toby Carpenter, Abel Leal, Selina Gonzales, Matt Madrid, Lisa Hamilton,

Irene Dictson Named April Artist Of Month

Irene Dictson of Portales, N.M. has been selected as April Artist of the Month at the Muleshoe Public Library and some of her paintings will be on display at the library all during the month.

Her subjects include landscapes, seascapes, still life and portraits. She paints in oils, watercolors and pencils with oils being her favorite although she states that her interest is increasing in watercolors.

She stated that she has taken lessons from a great many art instructors including Kay Houston of Morton, who she stated has had the greatest influence on her growth as an artist.

She and her husband, Vic, Dictson, have been married forty-two years and have four children. "My family encourages me in my painting, but my husband is my greatest supporter" said Mrs. Dictson.

Jason Clarkson, Nathan Lloyd, Victor Arzola, Paul Chamberlin, Laurie Lindt and Christy Mata.

Rotary President Bill Liles announced that J.D. Cage, member of the Muleshoe Rotary Club is District Governor-elect for District 573, for the 1988-89 Rotary year. Cage said his election represented, "Quite an honor." This is the first time for a Muleshoe Rotarian to be elected to this office.

J.D. became a member of the local club in 1981 and was local president in 1984-85.

Another reminder was issued about the District Conference, scheduled for May 7-9 at the Inn of the Mountain Gods, near Ruidoso, N.M.

It was reported that 68 units of blood were donated during the Blood Drive for South Plains Blood Services last week, and Ray Day, manager of Servall Thriftway was thanked for donating the cookies and orange juice for the donors.

Rotarians were informed that several major fund raisers are in the works at this time, and were reminded that Congressman Larry Combest would be in Muleshoe on Wednesday, April 15.

Postmaster Abel Arguello was a guest, with Harvey Bass, and became a new member. Other guests were Matt Phelps with Dr. Lepard and Jim Cox with Ed Cox, as well as Danett Bunch.

A TOUCH OF HISTORY

Bailey County Pioneer Doctors Covered Area

By ANITTA ELROD

The first doctor serving Bailey County was C.C. Matthews, who had his office in the rear of McCarty Drug Store. In January, 1923, patients called on him there or took him to their homes for house calls, furnishing the transportation. It was a time consuming task to see even a few patients.

Coming to Muleshoe for a short period in the next few years were Doctors Williams, Duke, and Gibbs.

In September, 1939, Dr. L.T. Green Jr., moved to Muleshoe from Littlefield. Office space for Dr. Green was procured in the back of the Western Drug Store. The next year space for a clinic was obtained in one side of the building now occupied by Southwestern Public Service Company. The other half of the building was used by Tye Young for a chicken hatchery. A report has been made by Mrs. L.T. Green, office nurse, that although the bare unpainted floor was difficult to keep clean, the "cheep, cheep" of Tye Young's chickens kept things cheerful.

Dr. L.T. Green was joined that next year by Dr. Dudley Lancaster who came from Clovis, N.M. After a one year's stay here he left Muleshoe to return to practice with his brother and father in Clovis.

Dr. C.C. Matthews died in 1941, leaving Bailey County with only one doctor, L.T. Green, who built the first hospital in Muleshoe that year. The eight-patient structure remains a part of the present West Plains Hospital and clinic.

BUSY SEVEN YEARS

The next seven years were quite busy for one doctor and hospital staff to care for a fast growing community. Breakfast trays had to be started at five in the morning by the doctor's wife, who was also the "chief cook and bottle washer" as well as bookkeeper. The "regular" cooks came on duty at mid-morning.

During this time the doctor

and his family lived in part of the hospital and could not tell night from day, as far as the time of day the patients came in.

Certainly the nine to five schedule was not in effect. People came to the doctor and hospital as the need arose and as they were able to make it in.

House calls were a common thing since transportation for the majority of residents was scarce and slow. Many of the "calls" were made by mail, especially during a measles epidemic. A letter would arrive saying that Johnny had broken out and knowing that the other children would take the disease, would the doctor please come as soon as possible; "Oh, yes, go by the grocery store and bring a couple of loaves of bread, also a spool of white thread No. 60". The little black bag was kept full of medicine on these trips, as how else would the patients have the needed drugs?

A cold ride through deep snow on a maternity call would end up with a stalled car, only to be met by the "anxious father" with a tractor to take the doctor on to the residence.

The population was increasing, more and more people were moving to the county so Dr. L.T. Green was joined by his brother, Dr. M.F. Green, in 1948; and a new addition was built to the hospital, known as the Green Hospital and Clinic.

In 1954 three doctors from Amherst who had operated the Co-op Hospital, Doctors W.R. Birdsong, B.O. McDaniel, and T.M. Slemmons, purchased the Green Hospital and changed the name to West Plains Hospital and Clinic. Dr. Birdsong and Dr. McDaniel have been partners since 1941. Dr. Slemmons joined them in 1945 after working in Panama during Slemmons' enjoyed their stay, especially the warm climate, after living in Waupum, Wis., where the severe winters kept deep snow on the ground from December through April.

Many house calls were made

via hand-car on the railroad, then they were met near the patients home with a horse-drawn sleigh. The Slemmons say the sandstorms here are not as bad as that, and they have really enjoyed living and working in Bailey County.

The present West Plains Hospital and Clinic contains eleven rooms in the new addition. The annex, formerly a duplex residence, is now the Muleshoe Nursing Home for elderly citizens with fifteen rooms, connected to the hospital proper.

Dr. McSpadden joined the staff at West Plains Hospital and Clinic in 1959. Later that year Dr. Ray E. Santos became associated with them. Dr. L.T. Green had returned to the West Plains Hospital and Clinic until he moved to the hospital on Avenue C. north of the Court-house.

In 1957 Joe Damron built a clinic for Dr. George Chambers who operated it until the following year when they enlarged it into a hospital. Dr. Fite joined the staff for a year. The following two years Dr. Ray Vinson, then Dr. Gushwa were associated with Dr. Chambers. Desiring to continue his studies Dr. Chambers sold to Dr. L.T. Green who, along with Dr. Santos, operated the hospital.

Dr. Ray E. Santos moved into his own Clinic in 1962 on Avenue B.

Dr. William Dean joined Dr. L.T. Green and continued after

Dr. Green's death in April, 1963. The hospital now is known as Green Memorial Hospital.

Hobby Club

Muleshoe Hobby Club met Thursday, April 16 at 2 p.m. at the Senior Citizens Complex with Berniece Amerson as

hostess. Fourteen members and one visitor were present. The hostess gift was won by Mabel Caldwell.

Those present were Sammie Ethridge, Vicky Hendricks, Mattie Benton, Opal Robison, Hazel Reeder, Myrtle Chambliss, Frances Bruns, Berniece Amerson, Glenda Morris, Ethel Julian, Edith Fox, Blanche Awbrey, Mabel Caldwell and Olive Cox. Also a visitor, Oattie Chester. Ms. Chester joined the club.

The next meeting will be Thursday, April 30 with a pot luck luncheon. May 7 will be the group's Mothers' Day luncheon at the Hungry Mule.

A Joyous Easter

"True Meaning Of Easter"

By The Rev. R.R. Martinez

ATTENDING PROGRESS BAPTIST CHURCH--Willie and Laverne James will be attending Easter morning services at the Progress Baptist Church along with their four children and their families Mr. and Mrs. James and Children, Tonya and Marshal Pool, Bill and Connie James, Glenda and Randall Copley and Tim James are all members of the Progress Baptist Church. The James' have five grandchildren. For pastime, James likes to fish and Mrs. James stated she enjoyed playing Skip-Bo with the residents of the Muleshoe Nursing Home. She is a member of the auxiliary.

The four gospels (Matthew, Mark, Luke and John) give us the account of the crucifixion of Christ on Mount Calvary. He was on the cross for six hours and it was there, after much physical suffering and mockery caused by his enemies, that He died. In Luke chapter 23, verse 46 we read the following: "Then Jesus, crying with a loud voice, said, "Father, into thy hands I commit my spirit!" The scripture tells us that Joseph of Arimathea (a member of the Sanhedrin, who had not taken part in the plots of the religious leaders against Jesus, went to Pilate and asked for the body of Jesus. He took the body down from the cross, wrapped it in a linen cloth and laid Him in a freshly cut stone tomb, a large stone was used to seal the

grave. This became the darkest hour for the christian world. The disciples, we could say were disillusioned, confused and frustrated, for them, everything was finished. The ideals and hopes were buried with their Master. On the other hand, the enemies of Christ were singing victory over their crime on calvary. Something we need to note is the great love that some women had for Jesus and I think, we do no wrong to assume that they didn't talk about nothing else, but their visit to the tomb of their beloved Christ. So they set for that visit early Sunday morning, as they were concerned about who would remove the stone that had sealed the tomb. But to their surprise as they got to the grave, they saw that the stone had been rolled away, and

as they entered, they didn't find the body of Jesus. They were terrified/ But it was then that they heard a message that continues to be heard thru the ages.:? "Why do you seek the Living One among the dead? He is not here, but He has risen. "What an important and supreme moment for the christian world, for humanity and the whole universe. The greatest victory of all times has been won! The resurrection of Christ brought us assurance, that we, too, will rise from the dead. He became the first of millions, who will come back to life again some day. Each in his own turn. Christ rose first. When He returns, all his people will become alive again. "Death came into the world because of what one man (Adam) did, and it is because of what Christ has done that now there is resurrection from the dead. But all who are related to Christ will rise again. "First Corinthians 15:20, 21,22b,23,28 and 29. Jesus spoke of the resurrection himself and He said: "Don't be surprised! Indeed the time is coming when all dead in their graves shall rise again. Those who have done good, to eternal live; and those who have continues in evil, to judgment. "John 5:28. Because of Christ we who believe in Him, are conqueror, it is only thru Him who arose from the dead, that we can overcome sin. The apostle Paul wrote to the christians in Rome: "There is therefore now no condemnation for those who are in Christ Jesus. For the law of the Spirit of life in Christ Jesus has set me free from the law of sin and death. "Romans 8:1-2. The resurrection of Christ assures us that death is not the end of life, for He said, "I am the resurrection and the life, he who believes in me though he die, yet shall he live, and whoever lives and believes in me shall never die. "John 11:25 - 26. Yes, the Christ that was crucified on Mount Calvary died, but He arose victorious over death and lives forever more, giving assurance of eternal live to all who believe in Him. I was not at the tomb when He arose, but I know He lives, because He lives within my heart.

ANXIOUSLY AWAITING THE EASTER BUNNY--Mr. and Mrs. Randy (Shellye) Pickering and sons, Jerrod 7 and a half, Jake 4, and Justin 2 years, will be attending Easter morning services at the Muleshoe Church of Christ. Jerrod, Jake and Justin can hardly wait for the Easter Egg hunt which is sure to be held in the afternoon. Pickering is an operator at TOLK Station and Mrs. Pickering will soon be opening a new business in Muleshoe, "Gourmet Pops"

DELIVERING EASTER MORNING SERVICES--The Rev. R.R. Martinez will be delivering the Easter morning services at the Spanish Primera Iglesia Baustesta, where he serves as pastor. Also attending the services will be his wife, Esberanza, and daughter, Abby. The Martinez's have lived in Muleshoe approximately six years. Mrs. Martinez is a housewife and for hobbies she told the Journal she enjoys crocheting, knitting and baking cakes. A senior at Muleshoe High School, Abby said she enjoys reading and outside activities. Rev. Martinez likes to work with plants.

ATTENDING EASTER SERVICES--Rudolph and Janie Marow are all set for Easter services today, Sunday. Mrs. Marow will be attending services at the Trinity Baptist Church while Mr. Marow is attending services at the Immaculate Conception Catholic Church. They were married on April 2, 1940, and have resided in the Needmore community since that time. Marow is a retired farmer and served as commissioner of Precinct four for 17 years. Mrs. Marow is a housewife and said she enjoys entertaining her grandchildren, being with people and cooking. She is a member of the Needmore Community Club and Needmore Singers. They have three children, Elizabeth, Charles and George, and six grandchildren.

Muleshoe Jennyslippers Hold Quarterly Meeting

Several items of business were on the agenda Tuesday night when approximately twenty-five members and guests met at the Bailey County Civic Center for the Jennyslipper membership and quarterly meeting.

Following the routine business, Evelyn Peat and Sandi Robison presented a skit "Searching For New Members."

Marjorie Merritt gave a report on the Jennyslippers Walk-A-Thon held Saturday, April 4. Fifteen participants braved the strong winds and walked a total of 102 and half miles. Mrs. Merritt reported that the Jennyslippers expect to clear approximately \$1800, after all expenses are paid. Prizes will be awarded on Saturday, April 25 at 10 a.m.

A report on the annual Jennyslipper sponsored Easter Egg Hunt was given by Nelda Merriott and Lucy Mardis. They reported that approximately 500 children, ranging in age from five weeks to fifth graders turned out for the hunt. Numerous Muleshoe businesses provided 150 prizes for the children finding prize eggs.

Vivian White reported on the History Book project stating that she and Thursie Reid, co-chairman of the committee, were having a ball. She stated that to date some 185-200 family histories have been turned in to the committee and approximately 124 History Books have been sold. Several "memorial pages" have also been purchased. There is still time to get your family history in, purchase your book or a memorial page if you have not already done so.

Posters from the "Poster Contest", encouraging everyone to write their family history, were on display and will remain on display at the Civic Center this week. They will then be distributed at various businesses around Muleshoe.

The members voted on the best poster with Shane Kirk being named the winner. Shane is the son of Mr. and Mrs. Lacie Kirk. Charla Holt and Jorge Barron tied for second place.

A poster contest will continue until April 27 at the Three Way School with the winner to be announced at a later date.

A history book will also be given to the eldest person

submitting a family history.

An "Old Time Pie Supper" is planned for Saturday, April 25 at the Civic Center, with the proceeds going to promoting the history book. All ladies in Bailey County are encouraged to bake a pie and go out to the Civic Center on April 25.

The Jennyslippers History Book Committee will provide coffee, tea, plates and napkins. A musical program is also on the schedule for the night of fun, along with other musical entertainment will be two squares of square dancers.

Ms. White also reported that the book committee and Taylor Publishing Co. gave the Heritage Foundation one book and one page to be auctioned off during their "I Love Muleshoe Auction" to benefit the Heritage Foundation on May 2. The Jennyslippers will also have a concession stand at the auction with all proceeds going to the Heritage Foundation.

The History Book committee are also planning a caravan trip to Virginia City in the near future.

Following the history book report, Bobbie Harrison reported on skating, which the Jennyslippers sponsored last Friday night. A total of 60 boys and girls turned out for skating.

Marjorie Merritt reported that a committee studied what the Jennyslippers had done for the community over the past four years. Some of the things they have done are the annual Easter Egg hunt, Walk-A-Thon, to assist in purchasing fireworks; bakeless bake sale, to benefit the Muleshoe Nursing Home; a \$22 scholarship; and purchased items for the public library as the need arises.

The following recommendations were made for the coming year: Ministerial Alliance \$250 in the summer; Meals on Wheels \$200 in the fall; Girl Scouts \$150 in the fall; Child Welfare \$100 in May; and the Heritage Foundation \$500 following the auction plus proceeds from the concession stand. The committee also recommended that the Jennyslippers continue the past projects. The membership voted to accept the recommendations and instructed the treasurer to make donations as they come due.

The Jennyslippers will serve a barbeque plate, plus frito pies, hot dogs, barbeque sandwiches and pop corn at the Heritage Foundation Auction. Each member is asked to take a cake, pie, cookies or something to be sold.

The group will also have a concession stand at the Maines Brothers Concert.

The Jennyslippers have been invited to the Crosbyton Chamber of Commerce luncheon on May 1 at 11:55 a.m. in the Pioneer Memorial Building. If you plan to go you are asked to let Billie Downing know by May 4.

A "Coming fashions preview" was presented by Marjorie Merritt. Concluding the program was "Woman of the Night" show by the Golden Girls.

Visitors present were Norma Bruce, Ruby Green, Judy Watson and Audrey Langfitt.

Local Student's Balloon Found At Weinert

Friday morning, April 10 third grade students at Mary DeShazo Elementary School concluded Drug Awareness Week by releasing balloons with notes attached urging people to "Say No To Drugs".

Mrs. John A. Mayfield of Weinert was the first person to report finding one of these balloons. The balloon found was sent off by Dacia Stewart, daughter of Mr. and Mrs. Danny Ward received the following letter this week from Mrs. Mayfield:

4/13/87
Weinert, Texas

Dear Dacia,

My husband, Mr. John A. Mayfield, was closing a gate out at our farm when he saw a purple balloon caught on a near by tree. He picked it up, and he saw your card and string attached. He read your address and note, then saw your pictures and plea for people to say no to drugs. What an interesting and great thing for students to do. We appreciate your concern and efforts to stop this awful drug thing.

I took the card and balloon to my Sunday school class and we decided to send a card of thanks from our class also, you should be hearing from the group also we are wondering what date you sent the card and balloon?

The school here in Weinert will likely write to you as one of our teachers, Donita Hudgens is from Muleshoe.

A little friend of ours, Heather Stewart, is planning to write also. She is the granddaughter of Mr. W.R. Hager, whose farm the balloon was found on.

Weinert is a small town in Haskett County. We are about sixty-five miles north of Abilene, Texas on highway 277. My husband found your balloon eight miles east of Weinert. It had traveled a distance of over two hundred miles.

We have been through Muleshoe enroute to Santa Fe, N.M. We thought the Mule was funny and interesting.

Our son, Arch Mayfield, teaches english at Wayland Baptist University in Plainview, Texas. We like the area out there. His wife teaches there also.

Our daughters and their husbands live in Dallas. We have one little granddaughter Adrienne Wyn Rimmer, and she is six months old.

Dacia, you and your school keep up the fight against drugs. Come to Weinert some time.

Our love and prayers
Mrs. John (LaVern) Mayfield.

TOPS CLUB

Muleshoe TOPS Club chapter No. 34 met at 6:30 p.m. Thursday, April 16 in the meeting room of Bailey County Electric. Laverne James, leader, called the meeting to order. The TOPS pledge was recited and the fellowship song was sung.

Jewel Peeler, co-leader, called the roll with 14 members present. Minutes of the previous meeting were read by Thesia Davis, secretary. They were approved as read.

Rose Sain was named best loser for the week. Retha Knowles was first runner-up and Ernestine Steinbock was second runner-up.

The club celebrated its birthday. It was organized in April of 1963.

It was reported that Ko Davis, from the Texas Department of Human Resources, will give a talk on the Aged and Disabled next Thursday night, April 23.

The meeting was closed with the singing of the goodnight song.

ABOUT YOUR HOME

When buying crystal, hold it up to the light; if you see diamond-like flashes it is quality crystal.

Add a little granulated sugar, along with salt, to water in which you cook carrots—it

brings out the natural sweetness.

When sewing casual-wear dresses with full skirts, let the dress hang on the hanger for 2 or 3 days allowing the fabric to "settle" before you pin in the hem.

Miss Hale, Lane Exchange Marriage Vows

MRS. MARK STEVEN LANE
(nee Jacalyn Kay Hale)

Miss Jacalyn Kay Hale became the bride of Dr. Mark Steven Lane Saturday evening, April 11 in the First United Methodist Church in Iowa Park. The Rev. Kerry Hurst of the Aldersgate Methodist Church in Lubbock read the double ring vows.

Parents of the couple are Mr. and Mrs. Darrell Hale of Iowa Park and Mr. and Mrs. Frank Lane of Sudan.

Wedding decorations included a heart-shaped brass candelabra traced with boxwood holding votive candles on the floor at either side of the stained glass window over the choir loft. A gold cross hung above an open Bible, flanked by white candles burning in gold holders on a table in the center. A grapevine basket holding Boston fern, grape ivy, sprengeri fern, fresh potted pink tulips was placed on the floor in front of the table.

The alter rails were entwined with grape greenery and softly lighted with votive candles placed at intervals in the greenery. The tall brass three-point candlestick in the outer altar held the unity candle. The aisle to the altar was lighted with tall Grecian candles burning in hurricane globes on tall brass holders entwined with grape greenery accented with white silk bows.

Don Owens, organist, and John Teel, pianist, accompanied Miss Darlene Mahler, soloist, as she sang "Now Thank The All Our God", "Two Antiphonies", "Lord Jesus Christ Unto Us Turn", "Lord Jesus Christ Be Present Now". Miss Mahler also sang "Only The Beginning" before the ceremony.

Members of the wedding party took their places in the nuptial space during the playing of "Trumpet Voluntary". After the vows were repeated, the soloist sang "Whither Thou Goest" and "The Lord's Prayer". Medessohn's Wedding March was played by the organist for the recessional.

Presented in marriage by her father, the bride wore a gown of white silk tissue taffeta from the House of Illisa, embellished with Alencon lace, English net, seed pearls and iridescents, featuring a sabrina neckline. The front of the bodice was covered with English net with flowerette lace appliques forming a petit point at the waistline and the back bodice featuring a deep plunging "V" outlined in wide Alencon lace appliques over net.

The pleated renaissance sleeves were long and highlighted with net and Alencon lace appliques covered in seed pearls and iridescents. They were pointed at the wrists and rows of silk covered buttons were an accent. The fully gathered skirt fell from a basque waistline and was enhanced with scalloped patterned Alencon lace and extended into a cathedral train.

She wore a fingertip length veil attached to a wreath of Alencon lace flowers, beaded in pearls and crystals and finished with a full pouf of the illusion at the back. She carried a cascade bouquet of white bridal roses, pink sweetheart roses, white stephanotis and English ivy.

For something old, she used an antique linen and lace handkerchief that had belonged to her great great grandmother and had been carried in weddings for many years. For something borrowed, she wore her grandmother's wedding

band, borrowed from her aunt. She completed the traditions with something new being her wedding dress and the traditional blue garter.

Miss Debbie Smith of Lubbock served as maid of honor. Bridesmaids were Mrs. Brad Payne of Lubbock and Mrs. Sonny Cook of Iowa Park. Miss Katy Williamson of Iowa Park served as flower girl.

The bride's attendants and flower girl wore identical tea length dresses of teal satin, fashioned with basque bodices, shirred detail sleeves and candy box bow ties in the back. The attendants bouquets were of sprengeri fern, tree fern, leatherleaf, pink Gerber daisies, double tulips, alstermeria lillies, Bovardia and freesia.

Dr. Steve Manning of Lubbock served as best man and Kaven Stout of Seymour and Mike Wardlow of Amarillo, were groomsmen. Doug Hale, brother of the bride, was usher. The groom and groomsmen were attired in a charcoal grey tuxedo with tails, a white wingtipped collared shirt and bow tie. The groom's boutonniere consisted of three white stephanotis flowers with a background of English ivy. The groomsmen were pink rosebud boutonnières.

Aaron Nix of Belton carried the rings on a pillow, hand cross-stitched with hearts and initials of the bride and groom, a gift from Joni Whitis.

Following the ceremony, the bride's parents honored the couple with a reception in the fellowship hall. The bride's colors in pink and teal were carried out. The table was covered with a white satin cloth that draped to the floor with a two-tiered gathered skirt pearl pinned at the top, swagged with wide white tulle caught at the corners and front center with sprays of sprengeri fern accented with bows and strands of pearls.

A four branched silver candelabra holding a silk arrangement of white gladioli, pink iris, teal tiger lillies, and white tapers, centered the table. The silver punch service at one side and the cake at the other side were encircled with fresh leather leaf, pink Gerber daisies and tulips.

The four tiered cake was iced in white and trimmed with hand-moulded roses, tulips, bridal trumpets, petunias, stephanotis and lillies of the valley in shades of pink. Two sets of sugar pillars separated

the tiers, one of the spaces holding a Precious Moments bride and groom that belonged to the grandmother of the bride. The finishing touch to the cake was a bouquet of the flowers on the top tier.

Mrs. Charlie Lee, Mrs. Afton Pike and Mrs. Kay Cole presided at the table.

The groom's table was covered with a floor length teal taffeta cloth pleated with pearl pins at the top. It held a round chocolate cake frosted in light chocolate, detailed with the letter "L" cut in the center.

A silver coffee service that belonged to the groom's grandmother, a mirrored fruit and cheese display and monogrammed teal napkins and chocolate mints completed the setting. Mrs. Bruce Waters and Mrs. Mike Nix, sisters of the groom, served at the table.

Kaylynn Nix presided at the guest book table in the church entry and also later at the reception. The table was draped with white taffeta and swagged at the top with sprengeri fern threaded with white lace and moire ribbon. It was centered with a brass stand that supported a Grecian candle covered by a hurricane globe, the guest book and plume pen.

Baskets of pink rice bags tied with teal ribbon and pink bows were placed on the table at the reception.

Following a wedding trip to Canada, the couple will reside in Lubbock.

The bride is a graduate of Iowa Park High School and the University of Texas Health Science Center. She is employed by Lubbock General Hospital. Lane is a graduate of Sudan High School, West Texas State

University and Texas Tech School of Medicine. He is completing his residency in family practice at Texas Tech University Health Science Center.

Special guests attending the wedding were Mrs. Louise Killingsworth of Hamlin and Mr. and Mrs. W.E. Hale of Rotan, grandparents of the bride.

Girl Troop 190 By Mary Franklin

On April 13, Troop No. 190 had a special meeting to earn their Junior Aide Badge. They were hostesses to Brownie Troop No. 328.

President, April Franklin, opened the meeting with secretary, Amber Nickell, reading the minutes from last meeting. Treasurer, Kristina Soto, took up dues.

The Brownie girls then ask some questions on being a Junior Girl Scout. Each of the Junior's worked with the Brownies on a hand craft.

Refreshments were served and they all got acquainted with each other. It was a very enjoyable meeting for both troops.

Those attending were Brownie leaders, Sharon Williams and Tawna Ward. The girls were Julie Williams, Dacia Stewart, Michelle Williams, Yolie DeHoyes, Kimberlee Vaughn, Mandy Seales, Sharon Johnson and Jackie Chapman.

Junior Troop leaders, Mary Franklin and Renee' Rudd. Girls were, April Franklin, Kourtnee Magby, Amber Nickell, Kristina Soto and Bobbi Hutchinson.

the meeting, the NCA board of directors approved 10 priority issues for 1987.

The 10 issues (not necessarily in order of importance to members and the industry) are: Ensure passage of the referendum on the \$1 per head beef checkoff; ensure that federal dairy policy does not adversely affect cattlemen; ensure that beef is portrayed as healthful; continue development of a beef safety assurance program; keep individual income tax rates on schedule -- otherwise request a capital gains rate.

Also, work for improvements in and keep the executive committee posted on the GAO investigation of cattle futures; seek uncoupling of yield and quality grading of cattle; gain greater access to foreign markets; seek legislation and regulatory changes to lower interest rates and increase capital availability; and protect private water rights and grazing rights on public lands.

Congressman Larry Combest will be keynote speaker at the 20th annual Water, Inc. Membership Meeting during the luncheon.

From 10:30 a.m. - 1:30 p.m., the meeting will be conducted at the Days Inn Convention Center, (formerly Hilton Inn) at 505 Avenue Q, Lubbock.

The luncheon is included in members' \$12 registration fee.

A special meeting of the school board is planned for Monday, April 20, at 8 p.m. in the school administration building, with two items on the agenda to consider.

To be considered will be bid proposals for the new administration building; and consider amending the 1986-87 school budget.

The annual meeting of the

Muleshoe Meals on Wheels, Inc. will be conducted at 2 p.m. Tuesday, April 21, in the dining room of the Muleshoe Nursing Home.

Glen Williams, president, said items on the agenda after approval of minutes of the previous meeting and the financial report will include: proposal for 1987-88 Fiscal Year; approve new subscribers; elect directors to fill the terms of Frances Miramontes, Vivian White and Marjorie Merritt, whose terms are expiring and miscellaneous items.

L.T. Johnson has announced the re-opening of the x-ray department at West Plains Medical Center.

Johnson said he has rolled the prices back to what was charged in 1980.

He said the x-ray department will be open 8-12 and 1-5, Monday - Saturday.

ANDERSON NAMED

NEW YORK (AP) — Lennart Anderson, a realist painter, has been named a distinguished professor of art at Brooklyn College.

A teacher at the college since 1974, Anderson has had more than 100 group shows and a dozen one-man shows highlighting his portraits, still lifes and landscapes. His works are in public collections throughout the country, including the Boston Museum of Fine Arts and the Chicago Art Institute.

DON'T BLAME THE PASTA

DES MOINES, Iowa (AP) — Some people picture pasta as a culprit waiting to wrap its calories around their hips, thighs and waist.

But pasta doesn't deserve that reputation, according to Better Homes and Gardens Pasta Cook Book. One-half cup of cooked noodles contains a mere 100 calories. Pasta also contributes carbohydrates, protein and vitamins to your diet.

Dieters, however, should watch out for calorie-laden toppings and rich sauces that often smother pasta. They can prove to be the real calorie culprits.

Muleshoe State Bank said around 40 merchants are participating in the "I Love Muleshoe" promotion and it is expected that the citizens of the community will greatly enjoy the benefits and excitement that is beginning to be felt.

Merchants have been invited to reserve booths for May 2 at the Civic Center to display or demonstrate merchandise, but no sales will be allowed during the day at the Civic Center.

Saturday, May 2, will be one of the "biggest" days in Muleshoe for a long time -- you and each of you -- has a cordial invitation to spend the day in Muleshoe and join in all the fun.

He talked of a proposed expansion of Lone Star Steel in east Texas, which he said could create 750 new jobs in the state. Progress in the expansion program is held up by the low price of Korean steel, which will not allow the Texas corporation to compete.

Another area of discussion was the Super Conductor-Super Collider, and talked of the sites in Texas that would fit the DOE criteria for placement of the several billion dollar high technology location. According to Combest, if west Texas is chosen for the site, that will create another 2500 job opening for highly trained technologists.

"We have a long way to go to get it (super collider) and a site decision is expected in late July or early August," added Combest. "The site we are looking at is east of Andrews-Odessa-Midland."

He also spoke of the raises

given Congressmen earlier this year, as well as the need to reduce trade barriers with countries such as Japan.

He discussed the International Monetary Fund and federal funding for campaigns.

Congressman Combest conducted a town hall meeting at 2 p.m. for anyone in the community interested in hearing comments.

Guests at the Lions Club meeting included Gary Hooten, Howard Watson, Jimmy Clark, V.J. Givens, Bill Taylor, Martha McCormick, Freda Locker, Jay McKay, Clay Abbott, David Gowens, L.B. Hall and Clea Williams.

million, up one percent from 1986.

Bullock also sent checks totaling \$22.2 million to the state's six Metropolitan Transit Authorities. Houston's check was the largest for \$8.9 million with a 1987 total of \$51 million. Dallas' DART payment of \$8.4 million pushed this year's payments to \$47.7 million.

Austin's Capital Metro received a check for \$2.3 million pushing 1987 totals to \$12.5 million. San Antonio's VIA received \$1.6 million for a total of \$9.2 million in 1987. Fort Worth's MTA payment was for \$467,521, a 1987 total of \$2.5 million. Corpus Christi's MTA received \$394,738, pushing payments for this year to \$2.2 million.

April checks represent taxes collected on sales in February and reported to the Comptroller by March 20.

We would like to express our thanks and appreciation to all our friends and loved ones for their support in prayers, visits, flowers, cards and kindness shown to us at the time of the loss of our husband, father and grandfather.

Cleatus Savage Services Held At Hereford

Services for Cleatus Savage, 58, of Hereford were held at 3 p.m. Thursday, April 16 in the Central Church of Christ with Terry Newell, a Church of Christ minister from Shawnee, Okla., officiating, assisted by Sammy Potter of Oklahoma.

Burial was in the Rest Lawn Cemetery under the direction of Rix Funeral Directors. Savage died Monday at his residence following a lengthy illness.

Born in Arlie, he had lived in Plainview before moving to Hereford in 1975. He married Helen Gregg on Sept. 28, 1947, in Plainview. He owned and operated Savage's Bar-B-Que until his retirement. He was a member of the Church of Christ.

Survivors include his wife, Helen; his parents, Mr. and Mrs. L.E. Savage of Muleshoe; two daughters, Venita Wright and Seliece Hamilton, both of Hereford; two sons, Aaron of Hereford and Lanny of Plainview; a brother, Freddie of Hereford; a sister, Naomi Hayes of Fort Smith, Ark.; and 11 grandchildren.

The family suggests memorials to John Sealy Hospital in Galveston.

Tuney Malone Services Held At Earth

Funeral services for Tuney Malone, 72, of Earth were held at 2 p.m. Friday, April 17 in the Earth United Methodist Church with the Rev. Brad Reeves, pastor, officiating.

Burial was in Bailey County Memorial Park under the direction of Parsons-Ellis Funeral Home of Earth. Justice of the Peace, R.J. Brock, pronounced him dead of natural causes at 9:05 a.m. at his home.

Malone was born on Oct. 30, 1914, in Canton and moved to Earth in 1967, from Wilcox, Ariz. He was owner-manager of Hereford Cemetery until his retirement in 1962. He was a member of the First Baptist Church of Bonita, Ariz.

Survivors include his wife, Ruby; a son, Jerry Malone of Earth; a daughter, Mrs. Gay Lewis of Mission; a sister, Mrs. Addie Phillips of Hereford; seven grandchildren; and five great grandchildren.

Texas Now Has 2.3 Million CRP Acres

Texas farmers have tentatively contracted another 1,183,176 acres into the government's Conservation Reserve Program during the latest sign-up period, bringing the state's total in the national program to about 2.3 million acres.

Almost 19.5 million acres have been put into the program across the nation, points out Dr. B.L. Harris, soils specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Bids accepted for the latest sign-up period averaged \$51.17 per acre nationally and \$39.70 in Texas. Accepted bid prices are paid on an annual basis and cannot exceed \$50,000 per farmer per year, notes Harris.

Texas had the largest number of acres accepted into the program among all the states, including 47,251 acres of corn, for which land owners received a \$2 per bushel bonus.

The CRP was created by the 1985 farm bill to take highly erodible cropland out of production to reduce soil erosion while

at the same time reducing the commodities, Harris points out.

Farmers with qualifying cropland, as determined by the Soil Conservation Service, can submit bids on their cropland during specified sign-up periods at their Agricultural Stabilization and Conservation Service office. If the bids are accepted, the land must be kept out of production for at least 10 years and must be planted to a permanent cover crop, such as grass or trees. Half the cost of establishing the cover crop is paid by the government.

Some 45 million acres have been targeted for the program over a five-year period which million of these acres have been targeted in Texas, according to Harris.

The next sign-up period will be July 20-31, 1987. Farmers interested in learning more details about the CRP and about the type of land that is eligible should contact local offices of the Agricultural Stabilization and Conservation Service or the Soil Conservation Service.

Check Alfalfa For Weevil

This is the time when producers need to examine their alfalfa for the presence of alfalfa weevil larvae, cautions Spencer Tanksley, Bailey County Extension agent for agriculture. Recent surveys around the South Plains have shown that alfalfa weevil larvae are beginning to hatch and feed in the terminals of plants.

With the beginning of warm spring weather, overwintering female weevils start laying eggs. The young larvae which hatch are very small, yellow-green in color and feed in the growing tips and developing buds. Older larvae are green with a white stripe down their back.

"We expect to have our peak alfalfa weevil activity in April in our area," said Tanksley.

If larval numbers are high enough to reach economic threshold, one properly timed application should give control. Treatments should be applied in alfalfa two to six inches tall when two or more larvae are

found per plant or when 30 to 50 percent of the plant terminals show weevil feeding damage. Plants 7 to 14 inches tall should be treated when 25 or more weevil larvae per square foot are present. Several effective insecticides are registered for alfalfa weevil control.

The alfalfa weevil has only one generation per year and is only a pest of first cutting, said Tanksley. After the larvae finish feeding, usually by mid-May in our area, the larva spins a net-like cocoon on the plant or in the soil debris. The adult weevil emerges from this cocoon and leaves the field. The weevils stay out of the alfalfa all summer and re-enter them in the fall. The adults overwinter in the field and the cycles then repeats itself.

Since the larvae are a pest of first cutting, it is sometimes possible to cut a little earlier than usual and avoid chemical treatments. Cutting results in exposure and a lack of food which kills many of the remaining larvae. Winter grazing by livestock helps reduce weevil populations, the county agent said.

Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres tries to shed light on the rate of inflation this week.

Dear editor:

This has bothered me for a long time: how the rate of inflation can come down while the cost of living goes up.

As you know, the government periodically reports that inflation has been whipped, that it has dropped from double-digit figures to 3.2 percent or some such figure, the lowest in years.

I began puzzling about this when I paid \$2.75 for a tractor bolt that cost 35 cents a few years ago. It didn't get any clearer when the price of a haircut doubled, even though I have less hair now than then. The price of a trip to a beauty shop by women is way up. It's not for me to say whether women are now twice as good looking.

I don't get into town to see a movie, but I'm told the price of a ticket has more than doubled in the last four years. I've heard nobody say the movies are now twice as good.

I could go on, listing the increased cost of magazines, a hospital visit, car repairs, TV repairs, plumbing, etc. You could make up your own list if you have a large sheet of paper handy.

Thanks to an article I read in the paper last night, I now understand how the rate of inflation can come down while the cost of living goes up.

The government figures in everything.

For example, if the average price of a new home drops from \$95,000 to \$75,000, the government people clap their hands and say, see, inflation is coming down.

The trouble with this is that very few people around here or anywhere else buy a new home more than once or twice in a life-time. They buy groceries, clothes and automobile tires.

So an economist in New York decided to figure the rate of inflation without factoring in the big items. He found that the price of a pound of coffee between January 1985 and January 1987 increased 78.2

percent. A 5-ounce tube of toothpaste went up 30.4 percent.

He figured in 36 retail items the average household buys and found the inflation rate for them was 27.8 percent.

What this proves is that if you want to hold inflation down to what the government says it is, buy a new house and forget groceries, clothes, toothpaste, drugs, car repairs, tractor bolts and coffee and stay out of movies.

Yours faithfully,
J.A.

By: Lazbuddie Journalism Class

Lazbuddie graduate, Lisa McGehee, has been selected to the National Dean's List and has been inducted into the Phi Beta Kappa (gold key) national academic organization. Lisa is the daughter of Kenneth and Joyce McGehee of Lazbuddie. She is a student at South Plains College, Lubbock Branch, majoring in respiratory therapy. Lisa is carrying 18 hours and maintains a 3.72 grade point average. To be listed on the Dean's Honor Roll, a student must carry 15 hours and maintain a 3.50 g.p.a. Phi Beta Kappa will be holding its spring banquet in April. Members from all area colleges will attend.

Lazbuddie senior, Traci Elliott, was selected as a finalist for Texas' Seventh Annual Homecoming Queen Contest. The contest was held at the Marriott, Dallas/Fort Worth Airport, in Irving on March 28th and 29th. Traci is Lazbuddie's 1986-87 homecoming queen. She is the daughter of Ronald and Linda Elliott of Lazbuddie. Inclusion in the finalist contest is by invitation only. Mrs. Belinda Steinbock accompanied Traci to Irving as her sponsor.

On March 24th, Lazbuddie students competed in the Amarillo Globe News Farmer County Spelling Bee in Farwell. Students from Farwell, Lazbuddie, Bovina, and Friona competed. Jessica Burch won first place in the county in the junior bee, Joele Weaver won third place, and Rachelle Rice won fifth. Holley Morris won second place in the senior bee, and Joele Weaver won fifth in the senior bee.

On April 2nd, the Lazbuddie Young Homemakers held their Senior Citizens Appreciation Tea in the homemaking room of Lazbuddie high school. Senior citizens who attended were: Ernestine Steinbock, Theodora Steinbock, and Ruby Steinbock. Music director, John Harris, and his students, Clint Russell, Shonda Mitchell, Frances King, and Mark Moore entertained with vocal and instrumental music. Young Homemakers attending were: Reta Mimms, Debbie Magby, Lana Copp, Joann McDonald, Jackie Harris, Tonya Scisson, Mandy Seaton, Pat Randolph, and advisor, Barbara Lust.

Mrs. Anne Farris announced that Lazbuddie now has "Select-A-College, a computerized college and trade/tech school directory. It contains up-to-date information on over 1500 universities, college, and trade-tech schools. Mrs. Farris and Mr. Hardy Carlyle are available to help students find information on these institutions of higher education.

Tim Lust, son of Glenn and Barbara Lust, was chosen to attend the Texas Farm Bureau Leadership Conference to be held next summer. Adrienne Willingham was elected as the

alternate. Steve Bradshaw, nephew of Lloyd and Janice Bradshaw, was selected to attend Boys' State Conference during the summer. Pat McBroom was chosen as the alternate. Amy Daniel was chosen to attend Girls' State. Tammie Vise is the alternate.

On April 7th, the Lazbuddie Longhorn Band competed in the U.I.L. concert and sight reading contest. Lazbuddie received a '1' Superior rating in sight reading and a '2' Excellent rating in concert. The contest was held at Sudan.

Lazbuddie's FFA Judging Team, Steve Bradshaw, Tim Lust, Scotty Mitchell, Shane Mason, Sheldon Mason, and advisor, Rick Copp, won first place at West Texas State on Saturday, April 4th. They competed against forty other teams. Scotty Mitchell tied for second high individual, and Tim Lust tied for fifth high individual.

In U.I.L. competition, the girl's golf team, Traci Elliott, Mia Jennings, Jonessa Jennings, Cathy Schacher, and Ginger Jesko, with coach, Hardy Carlyle, placed 2nd in district. Traci Elliott was 2nd low individual. The boys' team, Brian Glover, Scott Miller, Steve Bradshaw, Wes Jarman, and Jim Allen placed 6th. Steve Bradshaw was 8th low individual, and Brian Glover was 10th low individual in competition with 40 individuals.

In high school U.I.L. academic competition, Mia Jennings placed first in typing. Traci Elliott won second place in Poetry interpretation, and Adrienne Willingham placed second in spelling. These students will represent Lazbuddie in regional competition at South Plains Junior College on April 24th. Other Lazbuddie winners were: Typing: Jessie Vargas, 7th; Adrienne Willingham, 12th. Shorthand: Cathy Schacher, 4th. Calculator Applications: Amy Daniel, 5th; Cami Ivy, 11th. Readywriting: Ginger Jesko, 6th. Accounting: Shane Mason, 10th; Clay Farris, 13th; Cathy Schacher, 12th. Number Sense: Adrienne Willingham, 8th; Julie Harris, 14th. Literary Criticism: Clint Russell, 7th; Cami Ivy, 10th.

Results of the junior high U.I.L. academic contests are: Readywriting: Holley Morris, 1st; Stacey Barber, 6th. Impromptu Speaking: Casey Bradshaw, 3rd. Spelling: Holley Morris, 6th. Jerald Weaver 22 pts. and Roger Huey 4 pts.

With Sudan Pierce and Earth Bishop's team stumbling in the second round they met each other to play for 3rd place. With Sudan Pierce winning 39 to 25. Rounding out the scoring for Pierce's team were Britton Roberts 4 pts., Alex Cruz 16 pts., Everest Williams 14 pts., and Corey McAdams 5 pts.

In the Major league play Sudan Smith and Earth Lakers were victorious in 2nd round play. Meeting each other for the championship game, Sudan Smith won 40 to 21. Rounding out the scoring for the Smith team were Tim Williams 9 pts., Jason Bellar 11 pts., Randy Gregg 1 pt., Eusabio Apodoca 1 pt., Gabe Narramore 14 pts., and Bobby Collins 4 pts.

With Earth Raiders and Earth Pistons losing in the second round, they met for 3rd place, with Pistons winning 27-21.

From the Little Dribblers organization a special word of thanks is extended to the coaches, referees, and parents who volunteered their time and energy to make the 1987 season a success.

Women Landowners Will Attend Management Meet

WANTED- Women landowners who are interested in learning about writing leases and saving taxes. The Texas Agricultural Extension Service will hold 3-day workshops in Austin-May 5-7, Corpus Christi-May 12-14, Lubbock-May 19-21 and Dallas/Ft. Worth-May 26-28, 1987.

"Many Texas women find themselves thrust into land-owning situations for which they have very little training or background," says Wayne A. Hayenga, Economist with the Texas Agricultural Extension Service. "Frequently a woman is 'in charge' of property upon the death of her husband or after inheriting land." The entire 3-day workshop will be an opportunity for women to explore income generating and tax saving opportunities for

their farms and ranches.

The first day of the seminar will be concerned with the outlook for agricultural land investments and how they compare to other investments. Also, since most women who inherit land don't want to operate it themselves, a special session on farm and ranch leases will be held. Items to include in a lease, both of an economic and legal nature will be addressed. Many folks are concerned about the "fairness" of a lease. A method to develop a "fair" and "stress-free" lease will be explored, as well as suggested guidelines and standards for women landowners to use to evaluate tenants.

The second day will include such topics as: how to run your business-should it be a corporation or partnership? An

Texas' Major Crime Shows Big Increase

Major crimes reported in Texas in 1986 increased 14.9 percent compared with 1985, according to DPS Director Jim Adams.

In 1986, Adams said, 1,235,834 serious crimes were reported by the 798 law enforcement agencies in Texas, compared with 1,075,656 offenses the year before.

"This is a most unfortunate increase, coming as it does at a time when Texas' economic condition has put budgetary pressures on many of the state's criminal justice agencies," Adams said. "The law abiding public needs to make every effort to learn and practice crime prevention techniques."

Adams pointed out that the crime increase exceeded Texas' population growth, which was 1.9 percent in 1986.

The overall crime rate in Texas was 7,408.2 offenses per 100,000 population compared with 6,570.9 in 1985, an increase of 12.7 percent.

Of the seven major categories of crime, the largest increase was in reported robberies, which rose by 26.3 percent in 1986. The second largest increase was aggravated assault, which climbed 23.3 percent.

"The two most violent crimes, murder and rape, showed the smallest increases," Adams said. "Murder was up 6.2 percent and rape increased by 2.9 percent."

Seventy percent of all murders and 55 percent of reported rapes were cleared by arrests in 1986. The overall clearance rate for index crimes was 20 percent.

"It's not possible to authoritatively document one specific cause for the crime increase and opinions vary among police officials and criminal justice professors in various localities around the state," Adams said. "They have cited such causes as insufficient prison facilities, early release of felons, unemployment, influx of illegal aliens, drug and alcohol abuse, population increase, and insufficient resources for probation and parole supervision."

"Many police officials believe part of the problem lies in the fact that many criminal acts don't result in meaningful

punishment," the DPS director continued. "It appears that there are an increasing number of offenders who have no fear of the consequences of committing criminal acts. They don't expect incarceration commensurate with the crime committed."

Adams also pointed to a 1986 study by the National Institute of Justice, which found that 56 percent of those whose urine was tested at the time of their arrest in New York City and Washington, D.C. had been using illegal drugs such as cocaine, heroin, PCP, methadone or amphetamine during the previous 24 to 48 hours.

"In addition, another 10 percent, although testing negatively, admitted regular drug abuse," Adams said. "The study concluded that this represented a far greater involvement of drug use by criminals than previously expected."

Adams said the Texas crime statistics reflect that increased flow and trafficking of illegal drugs in the state.

Arrests for sale or manufacturing of drugs were up 6.7 percent in 1986, Adams said, while arrests for drug possession were down 5.6 percent.

Arson cases increased from 8,192 cases in 1985 to 8,974 cases in 1986. Total property loss from arson was \$122 million.

individual's income tax and estate planning considerations have the majority effect on the answer to the question. Many farms can have income taxed at 15-18 percent if the owners want the farm to expand.

Estate planning is a special need for single people who own farm/ranch land, since one person can give away or pass on an estate of \$500,000 in 1986 without gift or estate taxes. This amount goes to \$600,000 in 1987 so most women won't have a serious tax problem unless they own a farm or ranch or other investments. Estate tax rates on the amount over the exempt amounts are from 34% to 60%. This indicates why many women that want to look at the special tools to change farm valuation in an estate.

The last day will include a discussion of planning ideas to save on estate taxes and make estate administration easier.

Planning to sell part of the property on an installment is a consideration for many. It can be good, or bad, depending on the individual situation. Oil and

gas interests can be managed for large income tax savings, and this is usually done in conjunction with estate planning.

The seminar leader will be Wayne A. Hayenga, of the Texas Agricultural Extension Service. He is an economist and attorney with extensive experience in tax planning as an advisor to farmers, ranchers and agribusiness firms.

The registration fee of \$80.00 per person includes all seminar materials and lunches for all three days. The workshops will be held in Austin at Holiday Inn North, 6911 North I-35, in Corpus Christi at the Holiday Inn (Emerald Beach), 1102 South Shoreline, in Lubbock at the Holiday Inn Civic Center, 801 Ave. Q and at Dallas/ Ft. Worth at the Holiday Inn, 4440 W. Airport Freeway. For registration information contact your Texas County Extension Agent or Wayne Hayenga, Agricultural Economics Department, Texas A&M University, College Station, TX 77843-2124. Phone: (409) 845-2226.

Enochs News
 by
Mrs. J.D. Bayless

Mr. and Mrs. Bill Key visited with his sister, Mrs. Robert Butler who is in the Hospitality House in Littlefield. They also visited with Jason Butler in Littlefield, Mrs. Venlea Edwards of Amherst, and Larry Howard and daughter from Lubbock who were in Littlefield.

Enochs Cemetery Association had their annual meeting Saturday, April 11, 1987 from 11 to 2 p.m. This is the second meeting since the last organization.

The meeting was in the Enochs, and Bula Community Center. There were 43 present. Everyone enjoyed the good lunch and visiting. New officers were elected.

G.H. McCall of Harlington, died 5 a.m. Saturday after a lengthy illness. He was a former resident of Enochs. We wish to express our sympathy to the family.

We wish to welcome Mr. and Mrs. Morris Phillips back to our community. They moved the past week near their daughter and husband, the D.M. McBee's.

Muleshoe Journal & Bailey County Journal
Dear Friends:

We love the Bailey County news - We moved to Bailey County in the 1930's -- no house, nothing to live in until my daddy, A.J. Neutzler and family, and Fred Mueller, later my husband, moved into Watson School house teacherage. Then, my daddy, A.J. Neutzler, and husband, Fred, and Carpenters built a barn and later a house so we could move from Coryell County, Gatesville, Texas.

Later, a house was built, it's still there. Fred, my husband, died after an accident -- later I married Albert Ellis, a veteran of War I.

Later, we moved to Tatum to take care of Mr. and Mrs. Jno. Richardson and children as they went to school here at Tatum, New Mex. Now all are married and Jno. Richardson, Larma, our daughter, and John are still here.

Our deceased are buried in Baileyboro Cemetery. Thanks for keeping the graves clean -- we plan to be buried there also.

So you see we still pay taxes our land in Bailey Co. Also, thanks for the news from Bailey Co.

Love,
Clara N. Ellis
Tatum, N.M.

Wheat Alternatives

Recent freezing temperatures have damaged much of the Texas wheat crop. Farmers, participating in the 1987 wheat program, who feel the freeze has destroyed potential grain production may not be aware of the farm program alternatives available to them.

Prevented planting or failed acreage provisions allow, under certain conditions, the farmer to dispose of the wheat and plant the failed wheat acreage to any other crop. The second crop acreage will not count for any farm program participation purposes. To qualify for this provision, two conditions must be met.

(1) The crop failure must have occurred prior to that crop's certification date. The final date for wheat certification in Bailey County is May 15.

(2) The second crop must be planted prior to the normal planting date of a second crop in a double cropping situation. That is, if wheat is normally harvested on June 15, one could possibly plant the second crop on June 20.

If the second crop in a failed acreage situation is planted before this date, it would qualify under these provisions, and not be considered planted for farm program purposes. Normal spring planted crops have no double cropping alternative, so in the event of a failed spring planted crop, any second crop would automatically meet these requirements.

An example should help clarify this situation. Assume a farmer has a 100 acre wheat base and a 100 acre cotton base. Having decided to participate in the farm program, he plants his permitted 72.5 acres of wheat and 75 acres of cotton.
