No sooner do we get through proving that our judges are not guilty of ignorance and carelessness, than we indict a bishop on a charge of "hornswagging", but they all come clear in the end, and the taxpayers foot all the bills.

LIONS OBSERVE 9TH ANNIVERSARY TUESDAY NIGHT

International President Was Principal Speaker Filling Out Interesting Program

Lions with their ladies observed the 9th anniversary of the local club Tuesday evening with the hall in gala Halloween color, serpents, toys and streamers and the assembly bedecked with hats in keeping with the Halloween decoration scheme.

Boss Lion G. L. Boykin presided in his usual gracious manner setting every one at ease right from the start that meant a full evening's entertainment with profit from remarks of the principal speakers.

Rev. Robt. S. McKee led in a sing-song that was followed by the invocation offered by Rev. W. M. Murrell.

The luncheon period dispensed with, the program was taken up with the "Carl Venth" trio appearing as the first number, this trio being composed of Mrs. G. L. Boykin, Mrs. Loyd Stallings and Miss Fray Stallings, assisted by Mrs. C. W. Webb.

Mrs. Rita Foster Stocking appeared in a reading, "The Bishop's Silence."

The principal speaker of the evening was Julian C. Hyer of Ft. Worth, President International of the Lions clubs. His theme was built around the poem, "The House by the Side of the Road", placing the public in the "middle" of the road by way of illustrating his remarks. In the course of his remarks he stated that the Lions clubs in Texas outnumbered that of all other civic clubs combined, with a total of twenty-six hundred clubs in all nations.

The Rotary club was represented by R. E. Drennon, B & P Women by Miss Norma Rhodes, the Legion by H. R. Kerbow who was accompanied by Mrs. Kerbow. Boyd Meader of McLean, chairman of Group 31 of Lions clubs, and Geo. Moffett of Chillicothe were also especially invited guests. A total of 65 were present to assist in the celebration of the ninth anniversary.

Mrs. Nora McMurtry met with the superintendents of schools of Childress, Hall and Collingsworth at Wellington Tuesday where plans for a seven months course of study was discussed. The state department is approving a seven months school course of study which may be adopted in several of the rural schools having short terms.

Pleasant Valley's school is again looking open after the cotton picking season is pretty well under control.

DISTRICT COURT TAKES UP DOCKET MONDAY MORNING

Special Verdict of a Hundred Called in Hess Tyler Case On Murder Charge

A special venire for a hundred men has been issued from which to select a jury to serve in the Hess Tyler case in which he is charged with the murder of a young man at Ell, Hall county several months ago and given the death penalty at Memphis at the following term of court. The case comes to Donley on a change of venue. This case is set for November 2nd.

The Grand Jury adjourned Wednesday after having returned one indictment. They will again be in session next Monday when more information will have been supplied.

Civil suits tried this week up to Wednesday evening resulted in a verdict for the plaintiff in each case. Those tried: Shamburger Lbr. Co. vs Dee Fletcher, suit on account; Shamburger Lbr. Co. vs E. Price, F-C on note; Shamburger Lbr. Co. vs W. A. Riddle, F-C on note; Abbie Parker Pincucane vs James E. Pincucane, divorce.

STRONG WARRIORS FAIL TO HOLD LOCAL BRONCS

Reid Runs Wild to Lead Scoring Spree of Broncos Against Miami Friday

Fred Reid showed his heels to the Miami Warriors in scoring three of the four touchdowns made in the game between the Broncos and the Warriors here last Friday, making the score 24 to 0 in favor of the Clarendon team.

During the first quarter the game was fairly even, but as the game got hot the Broncos led by Reid scored 18 points. Andis made the first touchdown by a thrilling 50 yard run. The Broncho interference was working most of the time which paved the way for the scores. Andis made another touchdown only to be called back to receive a penalty for a Clarendon man holding.

Coache Hutton used most of his substitutes in the game. McMahan, Mann, O'Neil, Jackson, Cooke, Cox Brown, and Estlack were used to replace the first string men. Contrary to expectations the Warriors failed to show up to advantage against the strong Broncho eleven.

The Broncos are looking more like the champion team that the fans are wanting. It looked like they would be handicapped at the first of the season when the eligibility rule was so strictly enforced but it seems to have strengthened the team now. The first year boys are trying mighty hard to make the team and the coaches are giving them all of the training possible by sending them into the games to substitute for the regulars. If there was any doubt about a strong team at the first of the season, it has been overcome.

No Visible Results Noted From Utility Conference

At a meeting of the Mayor and City Commissioners here Monday when representatives of various public utility companies were asked to be present for the purpose of working out some plans by which rates might be reduced, very little was accomplished.

The manager of the West Texas Utilities announced that his company had been reducing rates at various times voluntarily, and would continue that policy in the future when opportunity afforded.

The telephone company's manager had no promises to make stating that his company was suffering from a depression in business by reason of so many discontinuing their phones.

The representative of the gas company failed to arrive and the local manager could promise nothing without the sanction of the main manager.

Mayor Cagle stated Tuesday that he would continue in his efforts to secure lower utility rates whenever and wherever possible and that he was looking for rates to "match five cent cotton."

Lon Rundell Home Destroyed By Fire Sunday Morning

Sunday morning at about 3:00 the fire department was called to the south-west part of town in answer to a call of a fire at the Lon Rundell home. There was no one at home when the fire started according to information furnished the Leader reporter. There was no definite explanation as to how the fire started, but from all reports there seemed to have been an explosion just before the fire broke out.

Rev. Ingram in Revivals Reports Conversions

Returning home from Collingsworth county Tuesday, Rev. C. B. Ingram reports thirteen conversions as a result of his ministerial efforts in that section over the week.

He states that he set three hundred as his goal at the close of the last Annual Conference, and that since he lacks only six of that number, he expects to be able to report a full quota at the meeting of the Annual Conference next month.

LELIA PIONEER DIES WEDNESDAY WHILE ON VISIT

Was Among First Settlers in Donley County And Father Mrs. Noble

Arriving at Lelia Saturday for a visit with his daughter, Mrs. Lovett Noble, Mr. Phil Jackson was stricken and died a few hours later at seven a. m. Wednesday.

Mr. Jackson has been making his home in Montrose, California for a number of years and where his wife is critically ill at this time. His funeral will be held at Canyon Saturday according to present plans.

With the exception of Mrs. Noble and grandchildren at Tulsa where he visited just before coming to Lelia, the remaining relatives reside in California.

Mr. Jackson came to Lelia Lake when it was a sparsely settled section and established his home where the family resided until a few years ago. Because of his long residence in Donley county, and the prominence of the family, he had a wide acquaintance.

A number of old friends and neighbors expect to attend the funeral at Canyon Saturday where the remains will be laid to rest beside those of relatives who passed away long ago.

Greene's Special Prices On Winter Needs This Week

You will appreciate the special prices on seasonal bargains being offered by the Greene drygoods company as advertised in this issue.

The list is not confined to a short list of specials used for "leaders", but does include winter clothing for all ages, bed clothing and suits, coats and hats and a whole lot of things you are going to need right now.

Twenty suits at \$9.55. Been a long time since suits sold for that price of this quality. Pants are down to \$1.95. A lot of fellows got left on that bargain last summer when prices were made out of the ordinary. They were sold out too soon for the customers. Read the list in this issue of the Leader and get first choice.

Bryan-Miller Company Makes Some Special Prices

Making cash prices, Bryan-Miller company has a nice lot of bargains advertised in this issue of the Leader. Suits all the way from \$11.95 up to \$23.95. Some dandy bargains in the lot, fellows, and you ought to look them over.

The list includes sheeplined coats leather jackets and other winter clothing that you will have to buy right soon. The firm is making some extra good prices in an effort to try out the week end special price plan adopted by similar stores over the state that is meeting with popular favor.

Mrs. Nora McMurtry Speaks Before Rotary Club

At the luncheon hour of the Rotary club Friday, the members were addressed by Mrs. Nora McMurtry, county superintendent of schools, who confined her remarks to her special line of work.

Mrs. McMurtry explained the tax situation, the present financial status of the various schools of the county, and the importance of tax payments at this particular time.

She also gave a summary of the equipment, valuation and number of teachers employed and other information not generally known outside her office. Her appearance at this time marked the first talk from that classification in the history of the local club and is said to have been very instructive.

Cream Prices Are Slightly Lower And Eggs Up

Prices of cream reported by M. S. Parsons today is 27 cents with a possible drop tomorrow. Eggs are scarce at 20 cents.

Turkey market has not opened with a light crop over the county. Cream shipments have not increased to any noticeable extent said to be due to the busy season in gathering crops.

SHERIFF'S FORCE CAPTURES STILL EAST OF JERICHO

Truck Load of Paraphernalia Brought to Town Attracts Attention of Many

The conglomerated mixture of alleged whiskey making paraphernalia stacked up near the jail on the courthouse lawn since Tuesday afternoon has attracted a large number of people whose curiosity has been aroused as to just how such contraptions looked.

The collection consists of seventeen barrels, said to have been full of mash at the time of capture, twelve kegs of ten gallon capacity filled with what is said to be whiskey and six empty kegs of a similar size.

A large cooker of about a one hundred and fifty gallon capacity made of copper was also taken in the raid. The worm consists of a two inch copper pipe curved around some four times inside a large galvanized tank with a keg strainer and an outlet for the liquid after it is cooled when passed through the worm under water.

The alleged still was located several days ago and watched for the purpose of capturing the operators. This idea was abandoned Tuesday when no one showed up. Two arrests were made Wednesday of this week in connection with the plant capture.

American Legion Celebrates Gain in Membership

Forty members of the Aubyn E. Clark Post celebrated a membership campaign that netted them eighty-seven members at the closing Tuesday evening in their hall, doughnuts and coffee being the principal items of a refreshment served them.

Arrangements were made by a committee composed of C. Huffman, Clifford Decker and Tom Tucker who were appointed at the previous meeting.

Plans for the Armistice Day celebration on November 11th were discussed. This matter is in charge of H. T. Burton, Ralph Andis and C. E. Miller. Beyond a monster parade, no definite plans have yet been made toward a program for the day.

Miss Mae Bennett Seriously Ill At Amarillo

Friends here have been advised that Miss Mae Bennett underwent a serious operation at Northwest Texas Hospital at Amarillo Tuesday.

Miss Bennett was taken suddenly ill some three weeks ago and for a time her friends were alarmed about her condition. She improved for several days only to be taken worse the last of the week when she was taken to Amarillo with the operation as an only means to save her life. Her condition today is reported to be slightly improved.

Agriculture Class Judges Poultry at Claude

G. L. Boykin, teacher of the high school class in agriculture, was accompanied to Claude the first of the week by Odell Banard, Harry McCracken and Hollis Evans who composed the judging team in the poultry judging contest.

Alternate judges of the class were John Harlan and Chas. Word. The class from the Clarendon school judged white leghorns, R. I. reds and barred rocks. The class had been carefully coached by E. V. Quattlebaum, Donley county's leading poultryman of Rhode Island Red production and prize winners. Results of the judging has not been announced to this date.

AUTO ACCIDENT RESULTS IN DEATH OF YOUNG LADY

Texas Tech Student Killed Monday Was Formerly a Clarendon Resident

Miss Bonnie Nell Gordon, aged 17 and a freshman at Tech College at Lubbock, was instantly killed late Monday afternoon when a light auto in which she and three others were riding overturned as they crossed the first dip one mile east of Lubbock.

Miss Frankie Barnhardt, a cousin, received critical injuries and the two young men, also students were slightly injured.

She was a daughter of Mr. and Mrs. Fred Gordon who formerly resided in Clarendon and who moved to their extensive farm location some ten miles south of Miami about two years ago.

The funeral was held at Pampa at 2:30 Wednesday, the services being conducted by the pastor of the Methodist church, Rev. Rhea Johnson, who was assisted by Revs. W. M. Murrell and E. B. Bowen of Clarendon and Rev. Chisum of Miami.

Besides her parents, she is survived by a brother and two sisters, Mrs. Durwood Skelton of Clarendon, Mrs. Kelly Hamblen of near Pampa, and Fred Gordon, Jr. of near Miami.

Those attending the funeral from Clarendon were Mr. and Mrs. J. H. Hurn, Mr. and Mrs. J. B. Haile, Mr. and Mrs. O. T. Smith, Mr. and Mrs. R. T. Darnell and Mr. Enoch, Mrs. E. R. Reeves, Mrs. J. B. Baird Mr. and Mrs. James Haile, Mrs. Loyce Davis, Mrs. L. W. Davis, Mrs. Sam Braswell Jr. Jerome D. Stocking.

And the following classmates and associates: Misses Luree and Sylvia Burson, Joise Mae Davis, Lois and Wynia Lee Alexander, Elgin Patrick, Julia Mae Caraway, Nadine Haile, Latrice Benson, Edna Montgomery.

Scores of friends of the family from Miami, Pampa and other sections were present for the last rites and a profusion of flowers in loving memory from her many friends accompanied the casket to its last resting place.

Scores of friends inn Clarendon mourn with the bereaved family that meant much to the church, school and social life when Clarendon was the family home. No family ever stood higher in the estimation of our god citizens, and no misfortune has ever elicited more genuine sorrow, sympathy and regret.

Mr. and Mrs. Byron Alexander and family were here Wednesday visiting his parents, Judge and Mrs. J. J. Alexander and other relatives.

BRONCS TO PLAY WELLINGTON TEAM THERE TOMORROW

Local Team Expects to Win Sectional Title in Game With Skyrockets

Coaches F. A. Stocking and John Hutton feel confident that the Broncos will win a victory over the Wellington Skyrockets on Powell Field Friday afternoon of this week. While they feel that victory is certain, nothing is being left undone to whip their players into shape for any emergency.

If the Broncos win over Wellington, they will hold the sectional title. Wellington in a conference game met defeat at the hands of the McLean Skyrockets recently. They also lost to Shamrock in a practice game.

Clarendon's probable starters will be with Watson and Easterling ends; Behrens and Martin tackles; Morris and Greene guards; Watters center; Andis quarterback, Reid and McMahan halves; E. Watson fullback.

A large crowd from Clarendon will join the Pep Squad in backing up the local team and the number of faithful backers who never miss a game will accompany the boys to the deciding battle.

Gentle Reminder.

For the 'steenth' time let us pass on the recommendation of a mighty good doctor—"Don't fail to plant turnips or something for green fodder during the winter."

Georgia Wakes Up.

News comes from Georgia that they are turning their tobacco barns into sweet potato curing plants and transforming cotton warehouses into canning plants. We've been expecting some one to start something sensible for some time.

Said a Mouthful.

Recently a banker made the following statement: "Give me the man who holds on when others let go; who pushes ahead when others pull back; who knows no such word as can't, and I'll show you a man who will succeed no matter what obstacles befall him."

Cream Prices Rising.

With the upward trend of cream prices, good milk cows naturally grow in demand and are bringing more money than a month ago. It is predicted that good cows will soon be selling for around seventy-five dollars again.

Dairy cows mean a weekly pay check, and with some good sows and laying hens, it looks like more and more that the farmer is going to suffer least after all.

Totin' Fair.

When we get to the point of taxing bank deposits and notes just as we do other property, the average tax payer will be relieved some what. Intangible assets, as these two items are termed, escape a just taxation and have all these years.

A farmer who owns an equity in a farm, is taxed for full ownership value. The man who holds notes against that same farm, does not pay taxes on the notes. He should be made to pay taxes on his notes and relieve the farmer of a part of the taxation.

Amos 'n Andy Stays.

Those who like their line of stuff, will be glad to learn that the con-

medal voted by Congress in October of 1928.

For more than fifty years Edison conceived ideas and turned them into useful service by hard work. He disclaimed any honor for being a genius, stating that his successes were due to hard work and study alone.

Now that he is gone, millions thank him for the thousand of labor-saving devices, the inventions that mean entertainment and more knowledge that might not be ours had he not lived. No other man since the birth of Christ was so universally known. He gave freely of his life that humanity might be benefited rather than to accumulate money. America and the world has lost the greatest man of all time and his name shares the universal acquaintance of the Deit.

SALESMAN GETS AWAY WITH CASH

Not so many weeks ago another smooth tongued salesman, with a pleasing personality, was in Beaver soliciting the merchants for advertising in a so-called Beaver County Directory. This young man represented a publishing house which carried his own name as president. He gave his address as Elkhart, Kansas.

This young man evidently found the picking pretty good here in Beaver, judging from the yell sent up by a number of the local merchants. Many inquiries are now be-

ing made as to the young man's whereabouts.

It seems, as the story goes, that he received the copy for a number of ads, collected the cash for them and promised that the directory would be ready and delivered in two weeks. Up to this time no merchandise has been delivered and the merchants who fell for the scheme are minus from two to twenty dollars each, depending on the size of the bait they swallowed.

These kind of schemes have been cussed and discussed time and time again in the Chamber of Commerce meetings and in the columns of this newspaper, warning the business men not to fall for such poor medium.

The Herald-Democrat does not want every penny that the local merchant spends on his advertising but if we could receive only one-half of the money that is absolutely wasted on such as the above schemes, we would not only be giving the merchants his money's worth, but the money would be

kept in Beaver where it rightly deserves to be kept.

Give this matter a lot of thought and the next time one of these fly-by-night artists comes around, think of your local newspaper, and profit by the mistakes some have made in the past.

—Beaver Herald-Democrat.

TWO MILLION DOLLARS PAID IN WAGES AND SALARIES...

A REAL CONTRIBUTION TO WEST TEXAS' PROSPERITY

PROVIDING a livelihood for over 1,200 employes... many of whom are your friends and neighbors... the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual payroll of over \$2,000,000.00.

Two millions of dollars is a powerful agency toward the stabilization of business conditions... Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds.

Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth.

These employes are genuinely concerned over their company's activities. They are working for West Texas... its growth and development... just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company.

Every dollar you spend for electric services... and more!... has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30c out of every dollar you spend for electric service—a sum which goes back into this "Land of Opportunity" in salaries and wages paid to West Texan employes.

Do You Know?

... that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10c a day? This is made possible through a major transmission line electric system and an organization accustomed to doing large things in a large way.

SAFE

TEMPLE OF TRUTH
By the Apostle

Such a headache! Such a headache! Been down south with the Goodwoman visiting her kin folks and a few of mine. If we skipped any, we don't know it. Got down the family history and checked up on 'em and they are all there and then some.

She pushed the Old Apostle into a nest of old maid aunts who took a delight in showing the old man that they did not have much use for men folks. They made us dig 'taters, make home made lye soap and put out the week's washin' and he got nothing but his dinner and that at the second table. Such a world! It was the only time in over 49 years that the Goodwoman was in her glory and hog hebbun.

One old maid got so bold as to say "where would you men folks be if it wasn't for us women?". And the Old Apostle reared back and said, "in the Garden of Eden old sister." That shut her up for a while, believe me. She was also reminded that she was a hard-boiled egg yesterday, a chicken today and would be a feather duster tomorrow. In fact she's about reached the feather duster stage already.

No, we didn't get any bridle gray on the trip and ham was as scarce as sympathy in the home of the old maid aunts we visited.

We never saw the like of grass widows in a coon's age. The Old Apostle looked at grass widows until he got hay fever.

They are so hard up down east that men are growing beards for a disguise so they can go to town without being dunned. Great idea! That's why the Apostle has been partial to a flock of whiskers. He may be a "beaver", but he is not bothered with bill collectors.

Yes sir, and they fed us on one-eyed peas. They eat all they can and make salve out of some and rub it in. Skinney women who want to fatten out a perfect form have found the salve made from one-eyed peas to do the job in two week. Just rub it on folks, rub it on.

And barbers rub skunk grease on the head of a jelly bean so that he can tell when he gets a haircut.

It was some trip taking it all-around. The Apostle rode the coupling pole of a truck, a two cylinder jitney and made a visit into Jack county on a mule, but he saw the folks. They are not much for style since Hoover prosperity hit 'em down in the Cross Timbers, but they have a world of good stuff to eat. In fact everything except bridle gray and ham and most of them have that coming on. We saw boys 12 years old that never saw a hog till this fall. Hogs are

coming back with a bang and folks are beginning to realize that they must live at home. We need more of it right here in old Donley county too.

While the men were too busy to visit a with us, we visited with the women folks and what we heard about the absent kinsmen and kinswomen would fill a book. If half of it is true, over half of them ought to be hanged and the rest sent to the pen. But no one believed anything they heard and the women kissed each other when they met like nothing had been said. This is a general custom and we don't claim to have kin folks that are any better than the average.

The men folks did not gossip, but they told a bunch of lies that were hard to beat but they didn't have anything to brag about after the Apostle unloaded on 'em. We believe in representing old Donley county in a liar's convention or anything that bobs up. Just beat 'em at anything and everything is our motto.

Seriously speaking, we are proud of our relatives and they showed us a good time. We enjoyed it thoroughly and in fact we expect to name grandchildren after about two dozen of the best of 'em. And another thing, we saw 'em first and it won't be necessary for them to come to see us.

We thought we had the best country when we left here last week, and when we got home we could swear it. There is nothing like home and the turnips are coming right along and we are looking for some old home spun sausage, spare ribs and back bones to hit the kitchen any minute. If there is anything else to be told about the trip, the Goodwoman will have to tell it. Far be it from us to drag any skeletons out of the family closet or chunk our folks to their backs. We'll lie to 'em and about 'em, but at this distance, we mean to tote fair and nothing else.

And another thing! Mr. Kemp over at the Clarendon Motor Company where they sell you a dandy good car at a bargain and service that is unbeatable, has asked the Apostle to select one person each week for a free wash and grease job. Our advice to you is to see the Apostle in the meantime. If you happen to have twenty dollars in loose currency, he will select you for the free job. We believe in giving service for the money and we are looking for the 20 dollars right now. They have all the skilled help and machinery to service your car—we'll vouch for that and a square deal like you seldom find anywhere.

If you don't think a grease and wash-up is worth the \$20, don't come around. You'll just have to take your chances like the rest of the folks. This is the only free thing in town, folks. Get in on it before Mr. Kemp changes his mind.

Wake Up Your Liver Bile Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute, 25c at all stores. © 1931, C. M. Co.

THE "HIDDEN QUART"
That Stays up in the Motor and Never Drains Away
PROVES ANY OIL WOULD BE BETTER OIL IF GERM PROCESSED
Other good oils lubricate working parts after the motor starts and oil is pumped from the crankcase through the motor, which takes several minutes. But Germ Processed Oil stays up in your motor at all times and lubricates working parts safely during the starting period... when almost half of all motor wear takes place! A "hidden quart" stays up in your motor and never drains away. Only Germ Processed Oil can give you this sure protection at all times, because only Germ Processed Oil can penetrate and combine with metal surfaces... an exclusive characteristic called "penetrating lubricity." So you can see... any oil would be better oil if Germ Processed!
But only Conoco makes Germ Processed Oil... for Conoco owns exclusive patent rights for North America. Don't be contented with oil that lacks the germ process. Stop at any station displaying the Conoco Red Triangle and fill with Conoco Germ Processed Motor Oil. Save your motor from wear... keep it young and powerful!

Mrs. J. H. Duckett gave her mother a surprise candle birthday Friday. This her seventy-sixth milestone was a very pleasant one. Dinner being over, grandmother was led into her room where

another surprise awaited her, as her two daughters and 17 grandchildren and 16 great grandchildren had sent presents. It is the wish of her kindred neighbors and friends that many more such occasions are in store for her.

Sunday school was held at the regular hour with a fair attendance. Misses Gertrude Dingler and Marie May were guests in the Yates home of Clarendon Sunday.

J. S. Cook and family of Sunnyview visited in the home of his son Olen Sunday.

J. H. Duckett received the sad news of the death of his brother in Byers Colorado. The community extends sympathy.

News reached here of the marriage of Mr. Clarence Jackson of Clarendon to Miss Betty Baker of Memphis. Mr. Jackson is a young business man of Clarendon, and Miss Baker is our very efficient primary teacher, and very popular. May their pathway of life be strewn with flowers and happiness.

On November the 5, Miss Buttrill, Home Demonstration agent, will can a beef in the home of Mrs. H. M. Reed. At this meeting the various cuts of meat and their value will be shown. This is regular club day but open house will be held and the entire community has an invite to attend.

Leeta Rampey recently had an attack of appendicitis but is reported better at this meeting.
 Messrs. Tyson Hankins and J. A. Standfield of Cee Vee Texas called in the Duckett home Sunday.

Mrs. W. H. Patrick, Mrs. John F. Blocker, Lois Alexander, Bill Carroll, Archie Watters, and John Blocker, Jr. motored to Pampa Saturday to see the Amarillo-Pampa ball game.

for ANY BABY.

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician.

Mr. and Mrs. E. F. Bryan of Amarillo spent the week end here with their daughter, Mrs. G. F. Keener and family.

Mr. and Mrs. W. A. Massie spent the week visiting friends in Amarillo.

W. C. D. CLUB

The W. C. D. Club met at the home of Mrs. Frank Jackson Wednesday with a hundred per cent membership in attendance. Miss Buttrill was present giving a very interesting talk on child welfare, also discussion on an adequate diet. Mrs. Jackson then took charge of the program. She took the club down to the basement where she demonstrated the 4-H pantry. She had a very neatly arranged pantry and a generous supply of canned goods. Each lady resolved to go home and arrange her pantry as Mrs. Jackson had done. Mrs. Jackson deserves a lot of credit for her pantry as she cut, and fitted all the lumber which made up the pantry shelves, also painted it. She then took us up stairs where she showed her recipe and emergency file. The afternoon was spent in a very pleasant and profitable way.

Those present were Mesdames Bert Smith, E. E. Shipman, Burly Brown, Sloan Baker, Jess Grimes, Wess Mabry, Henry Scott, Clyde Roden, Frank Jackson and Misses Buttrill, Mary Lee Mabry, Mildred, Celest and Madge Brown and Vee Smith. We were very glad to have as visitors Mrs. Fish of Clarendon, also Mrs. Hawkins of the community.

A miscellaneous shower was given at the home of Mrs. W. B. Baker Saturday afternoon honoring Mrs. Clarence Jackson, formerly Miss Betty Baker. The ladies met at Mrs. Frank Jackson, going from there together to the Baker home.

Mrs. Clarence Jackson opened the packages and all enjoyed seeing the beautiful gifts.

Refreshments of hot chocolate and cake were served by Mrs. Baker assisted by Miss Mildred to Mesdames, Mabry, Crow, Champeon, Combest, Hill, S. Baker F. Jackson, Clarence Jackson, Misses Mary Lee and Hattie Loo Mabry, Rachel and Inez Crow, Dorothy Nell and Gene Baker and E. F. Jackson, Jr.

STORY WITH A MORAL

A tale going the rounds in Phoenix tells how an old bachelor found attached to a pair of socks a note from a factory girl, pining for a soul mate. He responded and after waiting with high hopes for some

days received this:
Dear Mr. Blank: Your note addressed to my mamma, pleases me very much. I am now eighteen years old. It's odd you should have been all this time getting her note, but I suppose the merchant from whom you bought the socks did not advertise.—The Branding Iron.

"More genuine satisfaction than any car I ever owned"

THE FORD is good-looking. It is safe. Comfortable. Speedy. Reliable. Long-lived. Economical. Everything a good car should be.

There is, too, an added something about it that brings enthusiastic comments from every one who has ever driven a Ford . . . the joy it puts in motoring.

"I have been a car owner continuously for nearly 20 years," writes a motorist connected with a leading university. "During this period I have bought eleven new automobiles. Eight of the eleven were in the middle-price field, one cost three thousand dollars, and the last is a Ford I purchased thirteen months ago.

"In the light of this experience I can say in all sincerity that I have derived more genuine satisfaction from the Ford than any car I ever owned. In

saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want at a price I can afford to pay."

When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it.

After thousands of miles of driving you will say "it's a great car." Its economy will save you many dollars.

### Chevrolet Appoints a New Advertising Manager

Detroit, Mich., Oct. 20.—Appointment of R. H. Crooker as Advertising Manager of the Chevrolet Motor Company, succeeding R. K. White, who has been transferred to the Oakland division of General Motors in a sales capacity, was announced here by H. J. Klingler, vice-president and general sales manager of Chevrolet.

Promotion of Mr. Crooker, who was formerly assistant advertising manager, places the administration of Chevrolet's large annual advertising budget in the hands of a man eminently qualified by previous experience for the post.

Starting on the Detroit News during school vacations, his entire career has been spent in various phases of advertising or sales promotional work, with such well known national organizations as the Burroughs Adding Machine Company; the old Chalmers Motor Car Company, where as advertising manager he administered the first million dollar budget in the automobile industry; the Federal Motor Truck Company, and the Camp-Ewald advertising agency, from which post he joined Chevrolet as assistant advertising manager little more than a year ago.

His successor as assistant is W. C. Byers, formerly sales promotion manager of Chevrolet's region at Cincinnati. Both posts were filled according to Chevrolet's established policy of promoting men within the organization.

### Curious Religious Sect Migrating to Old Mexico

El Paso, Texas.—Sixteen thousand Doukhobors, members of a pacifist sect, plan to migrate from Canada to Mexico, a party of them going by way of El Paso this winter. Mexican government officials, who at first opposed the trek have withdrawn their objections.

The Doukhobors want to leave Canada because of conflicts with dominion officials regarding World War Military service, registration of births and death and compulsory school attendance.

Peter P. Veregin, son of the man of the same name who headed the Doukhobors before they left Russia 30 years ago, is present ruler. He has inspected 600,000 acres of land which the group expects to purchase and occupy.

About 150 trains will be required to move the colonists, their cattle, implements and household belongings. Transportation will cost approximately \$1,500,000.

Some 5,000 persons plan to make the trip and it will be as great, if not greater than the migration of the Mennonites from Canada to Mexico a few years ago.

Judge Templeton of Wellington had business here Wednesday.

Mrs. Frank Abrahamson and son Freddie, Mrs. R. C. Weatherly, and Mrs. John Miller all of Amarillo, spent the week end in the home of Mr. and Mrs. R. G. Bryan of this city.

### "Ghost House" Story

Twelve of Clarendon's well-known citizens are going to be seen in an unique and surprising situation on the nights of October twenty-ninth and thirtieth immediately before Hallowe'en. The mystery play, "Ghost House" which the ladies of the Christian Church are presenting is the reason for this situation which contains all the suspense, action, and thrills attendant upon the reading of a dead man's will and his subsequent ghostly return to confound the sight and shatter the nerves of his earthly survivors. Ghoulish noises, groans from the basement, the lawyer abducted, and servants terrified—these are the circumstances that confront this group of twelve people when these acts of mystery go on the boards next Thursday and Friday nights, preceded by an atmospheric children's pageant and interspersed with ghost dances from the chorus girls selected for these specialties. Their friends are bound to be surprised at the strange things that have happened to these people—at how differ-

ent from their natural selves they appear.

There is the loud-mouthed detective who strikes terror to all hearts, except the ghosts'. Clarendon will see Ira Merchant in this role. And there is a newspaper reporter, a glib, merry youth who has a good deal to do with solving the mystery. Earl Humphreys takes this part. And the greatest surprise is in store for the friends of Isobel Wright. They will be allowed a glimpse of her as she will be many, many years hence, gray-haired, poised, and authoritative, an aristocratic woman who doesn't believe in spooks but, nevertheless has to admit that seeing is believing. The role of her niece, the ingenue heroine who has a weakness for newspaper reporters, is charmingly played by Ruby Hahn.

A couple that is pretty certain to be popular with audiences is Richard and Elizabeth Bates, an agreeing and much-agreed with husband and wife, these roles being hilariously filled by R. E. Paxson and Jane Bownds. Watch for Richard and Elizabeth. You'll like them. The roughly-treated lawyer is o-

bbigly played by R. H. Carver while a mysterious stranger is seen in the person of P. B. Gentry. The last heir to the dead man's fortune and one whose interest is far greater than his biased exterior would lead one to expect is Donald Kent, a wastrel nephew, played by Frank White.

And lastly, but most amusingly, are the crew of variously frightened servants—Mandee, the fat, jolly superstitious cook, Oliver the correct English butler whose chief concern is that no one will forget just how long he has been with the family, and Paulette, the maid, who makes up in speed of tongue whatever she lacks in proficiency with the dustmop. Mandee is played by Lucille Wright, Oliver by Joe Bownds, and Paulette by Ruby Humphreys.

These people are very much at home in their new and different roles and a treat is in store for Clarendon when it sees the metamorphoses.

"Ghost House" is being staged under the direction of Jane White, who is a representative of the National Producing Company of Kansas City.

Mrs. J. E. Teer returned home Tuesday from a visit with relatives at Dallas and Ft. Worth.

Mrs. Dorr Ellis and son, Dorr Neal visited her parents, Mr. and Mrs. John Blocker last week. Mr. and Mrs. Blocker and Mrs. W. H. Patrick accompanied them home Friday.

Mrs. C. E. Miller is visiting her parents, Mr. and Mrs. Davis of Dallas.

W. E. Bray, formerly county clerk of this county, was up from Dallas the fore part of the week. His family is living in Denton where the older children are in college.

Clarendon registered a quarter of an inch of rain Tuesday night. The fall over the county is said to have been general. Rains over the week covered the Panhandle.

### Celebration of George Washington Anniversary

The George Washington Bi-Centennial Commission was created by a joint resolution of Congress approved December 2, 1924.

Associate Director Sol Bloom of Washington City has requested me to appoint a committee for the City of Clarendon, to make plans for the celebration next year, 1932. I have appointed the following committee:

Rev. Robt. S. McKee, Mrs. John T. Sims, Sr., Miss Anna Moores, Rev. E. N. Shepherd, Mrs. H. T. Burton, Sam Braswell, Sr., R. E. Drennan, Mrs. Paul Shelton, and J. C. Estlack.

I therefore request the citizens of Clarendon, Texas, to aid and assist the above named committee in their efforts to make the celebration a big and rousing success.

Respectfully,  
W. P. Cagle, Mayor

### Industrial Possibilities of Texas

By COL. WM. E. TALBOT

(Editor's Note—Following is the fourth of a series of articles by Col. W. E. Talbot, agency manager for the Southland Life Insurance Company and the prime mover in the campaign for Texas industries, in which he discusses the possibilities of Texas from an industrial standpoint. In the first article he asked the question "What manufacturers does Texas have and what can we probably manufacture?" Other articles will follow.)

#### STORY NO. 4

Our investigations have brought out clearly the advantages that can accrue to a community from the building up of an industrial structure. This solves problems that are not usually considered as being related. Every city has its unemployment, its need for charity, and decreased buying power when the products of the farm are selling below production cost.

As an illustration, there are five food firms in a certain county. These employ 337 people. The monthly payroll is around \$35,000.00. They spend annually for raw material, \$100,000.00. The percentage of their sales in this county is 11 1/2 per cent, showing the necessity for their going to foreign fields, which is ex-

pensive, to sell their products. These products are comparable with any on the market.

Therefore, it is with our people to solve the problems outlined above. Isn't it logical to assume this? You are going to buy canned goods anyhow, and if by simply insisting on getting the home products you could double their present local capacity, wouldn't it mean an increase of 337 employees, an increase to \$70,000.00 a month in payroll, and to \$1,600,000.00 spent with our farmers for their products?

And just for a moment think of this: Suppose any county got 25 per cent of the total that was shipped in. It would run into hundreds of thousands on payrolls plus millions on raw material produced. The solution of our economic problem lies within our grasp, if we will simply patronize those who are spending their money with us, and where the entire dollar remains where we have an opportunity to get it back.

When are we going to wake up? (Copyright 1931 Southland Life Insurance Co.)

## Merit-Fed Flocks WIN AGAIN!

NICOMA PARK, near Oklahoma City, is the largest poultry colony east of the Rockies—and in the egg laying contest of 1930, lasting eleven months, MERIT-fed flocks won the first five places, and seven out of the first ten prizes! Furthermore, MERIT POULTRY FEEDS were adjudged FIVE PER CENT BETTER THAN THE NEXT BEST IN THE CONTEST, figured on a cost per dozen eggs basis. And only thirteen flocks—out of the forty-three flocks totaling 35,527 fowls entered in the contest—were MERIT-fed!

MERIT-fed flocks were the outstanding winners because MERIT EGG MASH is an outstanding ration. Its formula keeps the three egg-making organs of the hen working full time, and provides the essential nutrients in exact proportions to develop a good yolk, white and shell. Protein is not less than 18%; fat is not less than 3 1/2%; NFE, not less than 50%; and crude fibre, not more than 7%. To increase your egg profits... test out MERIT!
