LEGISLATURE GOES HAYWIRE

The eclipse of the sun was overlooked by the Legislature in introducing resolutions of investigation on 22 counts Wednesday, including Highway Department.

COMMISSIONERS COURT APPROVES BUDGET MONDAY; WILL DISPENSE WITH BOTH COUNTY AGENTS AFTER OCT. 1ST

Committee From Taxpayers League Makes Suggestions. County Judge's Salary is Set at \$1200 Per Year. Other Changes Are Made.

At 2 o'clock p. m. Monday, the tax payers league committee of Donley County, Texas, met with the Commissioner's Court and made many suggestions as to the Budget. The Committee from said League was composed of W. H. Patrick, chairman, and Dr. B. L. Jenkins, W. T. Link and J. T. Patman. Their recommendations were in substance as follows: Mr. Patrick, suggested that the rate remain as it was shown in the Budget being 62 cents on the \$100.00 valuation, and that the valuation be cut 15%. He went on in detail to show to the court that by using the probable collection on Delinquent Taxes and the probable increase of tax payments on account of lowering rate and valuation would cause more people to pay their taxes and enable the County to meet its expenditures as easy as it would be with the higher valuation. They also recommended that the board of prisoners be cut to 55 cents per day including safe keep, also recommended the elimination of the jail guard deputy that the County pays for. They further recommended that the road and bridge fund be more economically spent and suggested that the Commissioner's Court pool their resources and organize a system by which they could eliminate waste of time and money by all working together and get all the roads worked for about \$10,000.00 against approximately \$20,000.00 heretofore. They also stated to the court that at this time the money paid for Home Demonstration and County Agent would better serve the people by eliminating that cost. In the matter of the road business and many other expenditures it was suggested that those expenditures be made by competitive bids, that the County might get the best service for the least money.

The Commissioner's court in further deliberating on the Budget as made out and submitted by County Judge Alexander, as the law provides, made the following changes. The Judge's salary which was set at \$1500.00 in the Budget was by the unanimous vote of the Commissioners, set at \$1200.00 per year. The County Treasurer's commission was set at 1 1/4% for receiving and 1 1/4% for disbursing and not to exceed \$1200.00 per year. The Commissioner's court by a vote of 3 to 1, fixed the fee for board and keep of prisoners at 70 cents per day. There was no action taken on the Home and Farm Demonstration agents in the Budget by reason of the fact there was no money available to pay them, it was the further order of the court by unanimous vote that the services of the Home Demonstration and County Farm Agent, with Donley County be terminated on October 1st, 1932.

With the above changes the Budget was approved as filed and submitted by unanimous vote of the Commissioners.

The Commissioner's proceeded to take up the matter of making a tax levy for the year 1932, as follows, to-wit:

Jury Fund: There shall be levied and collected on each \$100.00 valuation of taxable property, 7 cents on the One Hundred Dollar Valuation for Jury Fund.

General Fund: There shall be levied and collected 30 cents on each \$100.00 valuation of Taxable property for Road and Bridge Fund.

There is no levy made for Jail Sinking Fund as there is a surplus of more than \$3000.00 in said fund.

Total Tax Levy for county purposes is therefore SIXTY TWO CENTS (62) on each \$100.00 of taxable property in Donley County for the year 1932.

The School Tax is levied and assessed as follows: Same as last year in all districts.

In Martin School District No. 18, there is levied for Sinking Fund and Interest Payment 20 cents on the \$100.00 valuation of Taxable property in said District.

Colorado Mountains Nude Of Snow And Ice

Returning from Colorado Saturday, C. R. Skinner reports that the glacier ice on Long's Peak has disappeared for the first time in 32 years of his personal knowledge. Snow is found only on the north side of the tallest peaks due, he said, to the extremely warm weather.

He made the trip over the Continental divide and saw little snow and a great deal of hot weather. He visited his sons, Homer and Hobart at Denver and saw all the nearby summer resorts. He was accompanied by Bernard James of Richmond, Virginia who, with his wife, is visiting in the Van Eaton home here.

Jot Montgomery is Killed By Own Gun Monday

Former druggist and twice mayor of McLean, Jot Montgomery was well known over a wide section. News of his death came as a shock to his many friends here who had known him since his boyhood days at Memphis.

He is said to have left McLean to make his home at Duran, New Mexico for the benefit of his health. It is believed that ill health caused him to resort to self destruction.

Besides his widow, he is survived by S. F. Montgomery, president of the First National bank at Memphis, and two sisters.

W. E. Ayers is Buried Here Wednesday Afternoon

Mr. Ayers, among the oldest residents of Donley county in point of residence as well as age, died at his home here Tuesday morning at the age of 83 years and 29 days.

Services were conducted Wednesday afternoon at 3 o'clock by Elder G. K. Wallace of Lelia Lake at the local Church of Christ. Interment in Citizens cemetery.

The only known relative here is W. Bert Ayers of Windy Valley. Mrs. George Martin of Brownsville is a daughter.

WHOA! TAKE THE OTHER ROAD!

John E. Puryear Receives Representative Lead

Returns from Saturday's primary over Gray, Wheeler, Donley and Collingsworth counties embrace in the 122nd district, show John E. Puryear to have won his nomination over Judge Ivy E. Duncan of Pampa by a majority of 980 votes.

The vote by counties: Donley--Puryear, 1467; Duncan, 638.

Collingsworth --Puryear, 1746; Duncan, 796.

Gray--Puryear, 1312; Duncan, 2,880.

Wheeler--Puryear, 1489; Duncan, 720.

Totals--Puryear, 6,014; Duncan, 5,034.

Mr. Puryear is a farmer of Collingsworth county residing some six miles east of town. During his campaign, he was assisted by his daughter, Miss Margaret who made speeches at gatherings and whose efforts no doubt helped him in a great measure to achieve a victory.

DONLEY COUNTY HAS EXCELLENT ROAD MATERIAL

Highway Improvement On No. 5 Demonstrates Caliche Value

Reports of satisfactory tests made of road material in this county by the Highway Department some time ago, is further verified at this time when applications of a caliche mixture is being placed on Highway 5.

Long strips have been repaired by a topping of this excellent material east of town and between Lelia and Hedley. Other tests of practically the same material may be found on the highway between Martin and Ashtola.

The grade of Caliche found in this county is not the same as that of the South Plains and eastern New Mexico, being slightly of a clay content. While this is true, the material packs down and becomes solid with the addition of very little moisture, and does not blow off as other natural materials.

N. M. Lawler, highway foreman of this district, has a number of men on the highway, all local labor, and this crew is bringing the road bed up to a high state of utilization.

VAWTER REVIVAL WILL CLOSE HERE SUNDAY NIGHT

Special Round-The-World Program at Pastime On Monday Night

One of the most outstanding features of the Christian church revival was the public demonstration given by the boys and girls on Wednesday night. A large number of children who have taken the course of Bible study under the direction of Howard House, took part in the graduation exercises. About two hundred Bible questions were asked and answered and many Bible references given with a readiness that astonished those who heard them.

There have been nearly thirty to date, who have united with the church. A baptismal service was held on Tuesday night just before the regular services at the tent. About one hundred have read the book of Acts since the meeting began.

Sunday night will be the closing service of the revival. Another sacred concert will be given beginning at 7:15.

On Monday night at the Pastime theatre, the Vawter party will give a trip around the world and concert. The first part of the program which will begin promptly at eight o'clock, will be devoted to pictures taken by the members of the evangelistic party in 43 different countries. The trip includes Europe, Asia, Africa, Australia and the South seas. These pictures are all in color. The second half of the program will consist of the concert features including selections on the chimes, marimba, piano and saxophone by all the party. Mrs. Vawter will sing a group of old southern songs, in costume. She will also sing a group of concert numbers and songs for children. Billy Reeves will sing and whistle. Howard House will play several Scotch selections, dressed in the Scotch Highland kilts. He will also draw a group of comic pictures, cartoons and trick pictures. The evangelistic party will leave Tuesday for Stratford, Texas where they will begin a meeting the same night.

County commissioner H. I. Cagle of Collingsworth county visited his brother, Mayor Cagle here Saturday. He was accompanied by Bob Scott and Percy Haroldson.

Oldest Residents Present At Pioneer Reunion

Some interesting facts were brought out from an inspection of the "book of registration" at the Old Settlers Reunion picnic recently near Hedley.

Those present having resided longest in Donley county were J. L. Reid and son Jack of Lelia, and Mrs. J. D. Stocking and Mrs. R. A. Chamberlain of Clarendon, all of whom had resided in Donley county 45 years.

Ex-mayor H. W. Taylor and Mrs. Taylor and Judge J. J. Alexander of Clarendon were next in line for honors with 43 years to their credit.

T. L. Naylor of the Naylor community and J. C. Latimer of Hedley each have resided in the county 42 years.

Mr. and Mrs. W. I. Rains and John P. Devine have spent 41 years each in Donley.

Mr. and Mrs. S. A. Killian, Frank Kendall, Mrs. Mary Shelton, Mrs. C. A. Wood each have a credit of 40 years spent in Donley.

LAST RITES FOR MRS. T. N. NAYLOR IS HELD SUNDAY

Prominently Identified With County Development For Forty-Two Years

Funeral rites for Mrs. Fanny Naylor, aged 80, were conducted by Rev. E. B. Bowen at the First Methodist church here at 3 p. m. Sunday. She died in the local hospital Saturday afternoon following a short illness.

Mrs. Naylor passed away some five years ago. The family came to Donley county from Denton county in 1890. They located fourteen miles northeast of Clarendon where the family has since resided.

Naylor community, Naylor rural route of the postal department and Naylor school received their names from the settlement of this family. Schools and churches received financial and other encouragements from these good citizens who have left their names indelibly impressed upon that pioneer section where they first settled in the new county. She is survived by four daughters, Mrs. L. P. Fields and Miss Lou Naylor of Amarillo, Misses Minnie and Ava of Clarendon. Her sons are P. O. and T. E. of Clarendon, J. V. of Portales and H. B. of Mangum.

JOHN E. PURYEAR

While here Tuesday, Mr. Puryear said, "I am grateful for the excellent support given me in this county, and harbor no ill will in any sense against any who did not vote for me. It will be my pleasure to serve all the people alike to the best of my ability."

REVIVALISTS IN SPECIAL PROGRAM FOR ROTARIANS

Music And Art Combined To Make Club Members Have Enjoyable Hour

President O. L. Jenkins rushed the formal part of the program of the Rotary Club Friday to permit of more time for the special program arranged for by Judge A. T. Cole.

The first number presented by the revivalists was a whistling duet "The Mocking Bird," by Mrs. C. R. L. Vawter and her brother, Billy Reeves, with Howard House at the piano.

For the second number, Mr. House drew a picture of "The House by the Side of the Road" while Mrs. Vawter sang and accompanied herself on the piano.

The third number "In the Dawn" was sung by Mrs. Vawter with Mr. House at the piano.

Each of the above numbers was a pleasant surprise to members, and more especially those who had not been attending the Christian revival at the big tent, and who were consequently not familiar with the skill of those who appeared on the program. At this time.

Rev. C. R. L. Vawter gave an interesting account of his travels in Australia. He related an instance of where 330 miles of railroad was laid across the desert in which there was not a curve of as much as an inch for the entire distance. His description of animal life was especially pleasing. His description of ancient temples of Assyria and Egypt, and the method of scientific excavation in the interests of science was both entertaining and instructive.

Lelia Lake Public School To Open Next Monday

The Leader is requested to announce the opening of the public schools at Lelia Lake on September 5th.

There will be no radical change in the teaching force. Only one change is noted according to Mr. Thomason. Miss Wilma King will have charge of the primary department. She succeeds Miss Loraine Stogner who is to teach in New Mexico this term near where her family resides.

Guy Wright Becomes New Deputy Sheriff

According to a statement of Sheriff Pierce, Guy Wright has accepted a deputyship in his office. Guy is a son of the late Charley Wright who resided south of town, and the family has resided here for a long number of years. Guy was an employee on the J A ranch for several years.

Due to extensive financial interests, Frank Jackson of Giles was forced to decline appointment as announced in the Leader in order that he might continue to look after his personal affairs.

COUNTY COUNCIL IN 2 DAY SESSION AT WORD RANCH

Seventy 4-H Club Girls And H. D. Ladies Have Interesting Session

The Donley county council sponsored an encampment for the 4-H club girls at the Word ranch Thursday and Friday. Seventy club girls and ladies of the H. D. clubs from over the county were in attendance.

Three bountiful meals were served from 4-H club pantry stocks. Gathering late in the afternoon, the time was given to stunts and singing.

Friday morning, 4-H club girls attending the Short Course, gave reports of their interesting experiences on the trip and at College Station. Bernice Self, winner of the Dallas fair trip last fall, gave an interesting account of her trip. Outstanding club histories were read. The remainder of the forenoon was spent in playing games, singing and practicing yells.

In the afternoon, the Council went into session. The girls entertained with such songs as "Flowing," "Dreaming," and "Texas." Bernice Self of Lelia Lake expressed the appreciation of the club girls to the Council for the wonderful fully good time afforded them as guests of the Council.

After the business meeting, members of the Council were entertained by Mrs. Horace M. Reid who gave a full report of her trip to the Short Course as delegate of the County Council.

Thirty-five 4-H club girls from the Ashtola, Hedley, Giles and Bray clubs visited the home of Jessie J. Tomlinson of Lelia Lake for an inspection of her bed room with which she won in the district bed room contest.

Mrs. John Aulif, sponsor for the Hedley 4-H club girls, took them in a truck to Lelia to inspect the bed room prize winner.

First Bale of Cotton Gets Here Saturday

The first bale of cotton grown this year was ginned by a local gin Saturday afternoon. It was brought in by W. E. Shepherd of Brice. The bale weighed 585 and sold at 9 cents. The premium given by the Chamber of Commerce was \$8.

The first bale grown in Donley county to be marketed here was ginned Monday and was the property of J. H. Ticer who resides three miles northwest of town. Nine cents was paid for the cotton and the Chamber of Commerce gave Mr. Ticer \$12 as first premium for having brought in the first bale of the season.

"MA" FERGUSON TAKES SLIGHT LEAD OVER STERLING

Contest Expected Following State Democratic Meet At Lubbock 13th

Latest tabulated returns gives Mrs. Miriam A. Ferguson 476,031 and Gov. Ross S. Sterling 473,742. This gives Mrs. Ferguson a lead of 2,289 votes based on complete returns from 249 out of 254 counties.

County Executive Committees will meet Saturday and canvass votes of each county. The State Executive Committee will pass judgement on September 12th. It will then be up to the State Democratic convention at Lubbock on the 13th to pass final judgement before the contest is carried to court for final adjudication.

It is claimed that a number of Sterling voters "scratched" the pledge at the top of the ballot. Ferguson supporters claim that this act constitutes a "mutilation" of the ballot contrary to the intent of the Primary law. Of course he Sterling supporters claim otherwise, and this may be one of the big deciding factors should the matter reach the courts, which it will.

Not Patriotic.

Since the government is asking all the women folks to use more face dope to help balance the budget with a special tax, how about the women who still cling to corn starch?

We Grow Impatient.

Up and down the highways of every land there drives a type of motorist who best can be described as a parasite. Literally, he lives on the bounty of others. Approaching a crossroad, he roars through; the other fellow is always the one to slow down. Assuming that he is the only one in crowded traffic who is in a hurry, he cuts in and out of the lanes with no regard for the rights of others. He trades brazenly on their desire to avoid accidents—and bumped fenders. In short, he is an unqualified nuisance.

Darwin, were he alive today, would doubtless counsel us not to be too hastily provoked at this sort of individual, pointing out that the law of natural selection would eventually operate. And so it does, and will. But we grow impatient.

And So to School.

While economists and prophets are scrambling over themselves looking for corners around which Dame Prosperity is said to be loitering, the calendar reminds us all that this is September, the month-when-school-starts.

It brings its opportunities. Chief of them is encouraging and making it possible for boys and girls to take advantage of the best means our civilization has yet devised for developing responsible and capable men and women: schools. It is hardly necessary to marshal statistics to make the point that few jobs are available and that idleness is a prolific source of juvenile delinquency. Equally obvious is the fact that, with many adults out of work, it becomes socially desirable that the trailing period of boys and girls be lengthened.

Very important, at this time, is the personal counseling of youths with their understanding elders. The teen age is the hero-worship age, and no man is a greater hero to a boy than he who, successful in his own business or profession, takes a sincere and intelligent interest in the youngster's welfare. That needs but to be tried to be proved.

WISDOM FROM EDISON

"When the government enters business, it simply mixes a lot of politics with a little business." The late Thomas Edison said that.

The experience of the past few years has demonstrated the truth of this. We have seen government in the farming business, printing business, and a multitude of others. We have seen it regulate and restrict others. The result has been a tremendous extension of the Federal bureaucracy—at the taxpayers' expense.

"Keep government to the business of governing" would be a good motto.

Miss Beatrice Drew visited her parents in Seymour this week, returning today. Drew, Margaret and Lalar Belle Wilkerson, children of Mrs. Richard Wilkerson, returned with her.

EACH IN HIS OWN TONGUE

William Herbert Carruth

A fire-mist and a plane;
A crystal and a cell,
A jellyfish and a saurian,
And a cave where cavemen dwell;
Then a sense of law and beauty,
A face turned from the cloud,
Some call it Evolution,
And others call it God!

A haze on the far horizon,
The infinite, tender sky,
The ripe, rich tint of the corn-field,
And the wild geese sailing high,
And all over upland and lowland,
The sign of the Goldenrod
Some of us call it Autumn,
And others call it Go!

Like tides on a crescent sea-beach,
When the moon is new and thin,
Unto our hearts high yearnings
Come welling and urging in—
Come from the mystic ocean
Whose rim no foot has trod—
Some of us call it Longing,
And others call it God!

A picket frozen on duty,
A mother starved for her brood,
Socrates drinking the hemlock,
And Jesus on 'he rood;
And millions humble and nameless,
The straight, hard pathway trod,
Some call it Consecration,
And others call it God!

TO THE VOTERS OF DONLEY COUNTY:

I am taking this opportunity to thank each and every citizen of Donley County for the fine support which I received at last Saturday's Election; and in the future as in the past I will do my best to enforce the laws of this State and to protect the Public Interests. In as much as no one man can protect the Public Interests by himself or enforce the laws alone, I would greatly appreciate the continuance during the next two years of the same whole hearted support from the citizens of this County which I have received in the past.

Wake Up Your Liver Bile —Without Calomel
And You'll Jump Out of Bed in the Morning Rarin' to Go
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

THE CANNING SEASON
Thousands of dollars have been saved during the past two years by a judicious use of the canning method of preserving a food supply in Donley county.
Supplies are more abundant at this time, and the thrifty farmer is taking advantage of this fact.
Storing up food and feed helps to make the farmer more independent—it makes him money.

Theme: "THE TEMPLE BUILT BY GOD, THE HOUSE IN WHICH I LIVE
VIII The Tools of the House, The Hands"

Text: Ex. 4:4. Did you ever thank God for the hands you have? "Put forth thine hand." Look at it. It is one of the most important parts of the body. With the skill of the hand, man works wonders. He can overcome the power of the lion, utilize the power of the horse, invent instruments, and become a master. It is said that there are no two hands exactly alike. Not even in the same family. The lines in the palm of the hands are different. How wonderful is the skill of God who made us!

The hands are the tools of the body. You use your hands more than you use any other part of the body. You grasp, you build, you paint, you write, plough, make bread, and many other things. It can be a vise, a wrench, a lever, or a spade. You can train your hands to do almost anything. You would be helpless without your hands. Your hands have a language of their own. With them you can welcome or threaten. You can be kind, or you can curse with your hands. You may touch with love or strike with hate.

The hands are splendid things, when put to good use, given for the service of God. The hand follows the heart. If your heart is right with God, your hands will do what is right. It is not enough to keep your hands clean by washing. You must keep them clean by conduct. Think for a moment. How much good the hand of love may do! How different is the hand of a thief.

There are three hands that I want you to look at. There is a lesson in each. There is your mother's hand. Respect it. It was the first hand that you ever noticed. It was her hand that did so much for you before you could help yourself.

Second, there is your own hand, the gift of God to you. Your character is written upon it. You must use your hands well, for it is your

Mr. and Mrs. Jack Bailey and children spent Saturday night at Brice visiting her sister Rev. and Mrs. Melton Evans and brother, Mr. and Mrs. John Jones.

Mr. Millard Starks and Mr. and Mrs. Heckle Starks returned home Thursday after spending last week with his brother, Mr. and Mrs. Jasper Starks and other relatives in Memphis, Tenn. They report a most enjoyable visit, as Mr. Starks spent his boyhood days there, meeting his old friends and schoolmates. It was a great treat to him when he went with the "boys" to cut a bee tree in the timber for the first time in a good long time, and eat honey out of the tree. They went out on the steam boats at night where they were loading freight to go down the Mississippi River. Crops were very good but say Donley county, Texas looks good

enough for them.

DILLARD-GERLACH

It recently became known here that J. W. (Billy) Dillard and Miss Edna Gerlach of Memphis were married at Hollis, Oklahoma on August 23rd completing a romance begun several years ago here at Clarendon College.

Mrs. Dillard is the accomplished daughter of Mr. and Mrs. C. Gerlach of Memphis where she graduated from the high school in 1925 and finished Junior College here.

Mr. Dillard graduated from the public schools of Clarendon and the Junior College where he was numbered among the best athletes and most popular students. He taught at Alanreed last term and has been elected principal and coach of the Alanreed school this term. He is a son of Hon. and Mrs. R. J. Dillard of Clarendon.

BOOMER-TAYLOR

The Methodist Episcopal Church South was the scene of one of the season's most attractive weddings Friday morning, August 26th when Miss Athlyn Taylor, daughter of Mr. and Mrs. W. W. Taylor, of Mr. Bert Boomer of Groom were united in marriage.

Floor baskets filled with pink and orchid seasonal flowers were used to add color to an embankment of ferns which made a lovely background for the impressive ceremony. Tall white cathedral candles which were lighted by Sam M. Braswell Jr., a fraternity brother and former school-mate of the groom, were effectively used in the decorations.

Mr. Rhodin Chase gave a short concert at the organ while the crowd gathered then accompanied Miss Helen Martin who beautifully sang "At Dawning" by Cadman. Lohengrin's wedding march was played as the bridal party entered. Soft organ music was played while the marriage vows were read by the Rev. E. B. Bowen, pastor of the Methodist church. Mendelssohn's wedding march was used as the recessional.

Mama, Papa, Big Sister and Babe

Here they are, a good part of the Didriksen family. Lily Didriksen, left, Ole Nickolay Didriksen Babe's dad, then the Babe, herself, and Babe's mother. The picturesque seaman from Norway who turned cabinet-maker in Beaumont insists that you spell the name with an "e." "We're no Swedes," he says. "We came from Norway. Swedes spell it with an 'o.'" The photo was taken when Dallas welcomed Babe, the world's greatest athlete, at a big banquet.

The bride entering with her sister, Miss Dorothy Joe Taylor, maid-of-honor, was attractively attired in a modish compose of navy blue and white with all accessories in harmony and carrying a bridal bouquet of white rose buds intertwined with greenery, met the groom and his best man, Mr. Emmett Smith of Groom, who had entered from the south vestibule at the altar.

Shortly after the ceremony, the couple left for Amarillo where they spent a few days before taking up residence in Groom.

Mrs. Boomer is a native of our city, a graduate of our schools, student of C. I. A. at Denton, popular member of the young social set and has a host of admiring friends who are interested in the news of her marriage.

Mr. Boomer, a former Texas University student, is at present associated with the Grain and Elevator company of Groom.

Out-of-town guests were: Mr. and Mrs. Geo. Boomer and son of Groom, Dr. and Mrs. Foster, Miss Margaret Foster, Mr. and Mrs. Burgan, Mrs. Slay all of Groom, and Miss Moore.

Mrs. Belle Self and daughter of Dallas visited her parents, Rev. and Mrs. Ingram over the week end.

Summer Queen

Miss Mildred Richeson of Mansfield, Texas, who was chosen Summer Queen of Simmons university, Abilene, recently. The choice was by popular vote. She's a Southern beauty of the old fashioned type—but not necessarily an old fashioned girl.

To The Voters of Commissioners Precinct No. 1:

As I am not going to be able to see each and all of you again personally, I am taking this means of thanking you for the loyal support which you gave me Saturday. Its true I was not elected, but I know that the vote which I received came from honest people and not prompted from no promise from me, except an honest administration of the affairs of the office had I been elected.

Just such friends as these make life worth living and lighten our burdens.

Respectfully,

Furnish Your Home Now

With school starting and fall coming on we naturally think of fixing up the home. Furniture is cheaper now than it has been for years and with the price of raw products going up it is reasonable to believe that furniture will be higher soon.

New merchandise is coming in all along. We suggest that you come in at your earliest convenience and let us show you how reasonable you can furnish a room or a whole house. We have a good assortment of new furniture to select from; also most anything you will want in second-hand and used furniture, stoves, etc.

**Department of Commerce
Of Junior College**

The Department of Commerce of Clarendon Junior College will again be under the supervision of R. H. Carver, who has just returned from the University of Oklahoma, where he received his Master of Business Administration Degree on August 5.

During the first semester the following courses will be offered: Principles of Accounting, Stenography, and Commercial Law.

A special effort is going to be made to make the courses available for special students who wish to take one or more courses for no credit. Special students are invited to enter, especially the Stenography and Accounting courses.

The typewriting laboratory work of the stenography course, and the accounting laboratory work for the special students not taking the work for credit may be arranged for most any hour that will suit the convenience of the special student.

The special students may get practice sets in accounting in most any field that they are interested in, and may work them out under

the supervision of the instructor. Mr. Carver will be glad to consult with any student, relative to any course in Commerce.

The fees charged are lower than those charged by other Junior Colleges for such courses. The typewriting fee is \$4.50 for each semester. The matriculation fee is \$5.00 for each semester. The library fee is \$3.00 for each semester, if the library is used.

A New Wrinkle in Money

In the days of Petroleum V. Nasby it was a common custom to use coon skins and other fur hides as currency in local dealings, but a closed bank in Raymond, Wash., has gone this idea one better. Or it may be the absence of coons and so on precludes the use of skins for money.

However it may be, the officials of the closed bank issued what is called "Oyster" money. It is made of pieces of wood and has a large oyster reproduced on the back. This "oyster" money was issued in denominations of 25 cents, 50 cents \$1 and \$5, and is backed by the deposits in the bank. The final date of redemption for the queer money is July, 1933.

**How One Woman
Lost 10 lbs. in a Week**

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go lighter on fatty meats, potatoes, butter, cream and pastries—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any drugstore in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

ARKANSAS SOBERS UP

Arkansas is sobering up after a rather immoral and dangerous jag. True, the headache hasn't subsided, but a decided improvement is noticed and it is safe to say that the patient is well in the way to recovery.

When money was flowing freely, Arkansas discarded her better judgement and blindly launched into a spending orgy of state funds that has been equaled few if any times in the nation.

The worst part of it was we were content to permit professional politicians to rule the roost and spend our money. We knew that they played a dis-

honest brand of political football, but we were money drunk and didn't care—at least enough of us didn't care to make much difference at the polls. The steam roller, well oiled with taxpayers money, ran roughshod over the opposition and the politicians continued to tighten their grip around the neck of the state.

Starks Visit With Tennessee Friends Recently

Mr. Millard Starks returned the last of the week from a trip back to his old home 'stomping grounds' in Tennessee where he spent his boyhood days.

The folks showed him a real time by cutting a bee tree, visits to steamboats on the Mississippi river and other events which he experienced in his younger days.

He was accompanied by his son Heckle Starks and Mrs. Starks. A part of the time was spent in Memphis where they have a number of relatives as well as many friends of the elder Mr. Starks.

CARD OF APPRECIATION

We wish to express our sincere and heartfelt appreciation to our friends and relatives for the many kindnesses shown us during the recent illness and death of our dear mother and grandmother and for the beautiful flowers which brightened her last resting place. May God reward you.

State Aid Notice is Given School Trustees

The State Aid Applications for the Rural Schools have been compiled and are ready for the signatures of the rural trustees. These applications are being called very early this year, the 15th of September being the final date.

Donley County received \$6,582.00 Aid during the year 1931-32 for Teacher's Salary and for High School Tuition. Teacher's Salary Aid went to the rural teachers, while Tuition Aid was paid to Independent Schools attended by high school pupils from rural districts.

Wherever a one, two, or three teacher school is classified to teach high school subjects, it prevents pupils from these districts receiving the benefit of the High School tuition law. The law provides that a pupil in high school grades when his grade is not taught at home may attend any high school in the State of Texas and his tuition will be paid by the home district or if the home district funds are exhausted, by the State of Texas from the Rural Aid Appropriation.

All trustees are requested to come to the office to sign up their state aid applications. The schools eligible for aid are as follows: McKnight, Sunyview, Giles, Windy Valley, Fairview, Goldston, Bray, Chamberlain, Pleasant Valley, Ash tola, Skillet and Hudgins.
