## Emergency Crop Loans Are Available To Farmers Who Reduce Production

C. Hogan, field supervisor for government crop loans was here this week arranging for the work to begin the last of the week of making crop loans to farmers of Donley county. The committee serving last year has kindly consented to serve again this year. They are U. J. Boston, M. G. Allen and J. D. Swift. The county agent, T. R. Broun will supply information relative to blanks, etc.

The counties included in Mr. Hogan's district are Donley, Cottle, Motley, Hall, Childress and Collingsworth. Of these counties, four paid one hundred percent on crop loans for 1933. Collingsworth and Cottle counties paid 99 32-100ths. This is the highest record made in the three states of Texas, New Mexico and Arizona, which includes the Dallas regional office, according to Mr. Hogan.

### Must Co-operate

It is required by the law that borrowers, as a condition to receiving an emergency loan, must furnish proof of co-operation, which will be similar to that recently announced as applicable to other borrowers who apply for loans under the Farm Credit Administration.

### List Farmers

Each applicant must obtain clearance through or furnish a certificate of co-operation with the Agricultural Adjustment Administration. The production control associations will make available lists of those who have signed acreage control contracts. Farmers who are on this list, if otherwise eligible to borrow, will be able to obtain loans.

County councils of the production control associations will certify to representatives of the Farm Credit Administration the names of any farmers who, while not signing acreage control contracts, are co-operating by not increasing their production contrary to the acreage control program.

### No Acreage Increase

Where county councils have not been set up, Farm Credit Administration representatives will be instructed to make no loans to farmers who are planning to increase production.

For the time being, according to Governor Myers, the various regional emergency crop loan offices will handle the applications for loans from the \$40,000,000 fund, and these offices will be under the immediate direction of the Emergency Crop Loan Division, which is placed under the supervision of the Production Credit Commissioner, S. M. Garwood, and the Governor.

## War Grafters Hit As Clarendon Has Big Legion Parley

### Speakers Sound Warning that Improvement Must Be Made in Law Enforcement

"The time has come when Legionists must stand solidly back of a more rigid law enforcement to rid the nation of leeches who robbed our nation during the war and for fourteen years thereafter," was the statement of Judge John Lee Smith of Throckmorton before a Legion body here Thursday night of last week.

Major E. A. Simpson of Amarillo made the first address in which he is said to have warned against a bloody revolution unless some change was made in our social order and a more equitable enforcement of laws brought about for the protection of the public.

Other speakers on the program were Alan Beville, A. Naylor, Sam Pryor and others.

The program and banquet had been arranged to observe the 15th anniversary of the American Legion organized in France at the close of the World War. Sixteen new members were secured by the local Post for the month making a total of 136 here. C. L. Boykin is commander.

Miss Lucile Polk visited with her father over the week end.

## B & P Women Observe Third Annual Banquet

On the evening of March 16th the Dining Room of the Girls Dormitory was a gay scene, when Ruth Teat, Mildred Martin and Lotta Bourland acted as hostesses to some forty five business and professional men of Clarendon and Lelia Lake and twenty club members as the Business and Professional Women celebrated their third annual Public Relations Banquet.

Clever use of candles, wishing wells, flags of Ireland and shamrocks made an attractive banquet table at which a delicious three course dinner was served.

Lottie Lane, President of the Club acted as Toastmistress and welcomed the guests in a most pleasing manner, after which all joined in the singing of Irish songs.

Katherine Stark and Lotta Bourland told in song the latest table etiquette, then Rhoda Weidman gave a "Toast" to our bosses and Mr. Sam M. Braswell cleverly responded. To the delight of all Annie Ruth Johnsey played two trombone solos, but the house echoed with laughter when Zell Rodgers, Katherine Stark, Julia Mae Caraway, Mildred Martin and Fanny Perry presented a one act comedy, "Be A Little Cuckoo." As comedians, these girls are A-one and made the play a "howling success." All declared the evening very delightful.

## Seth Parker's Double Will Be Seen Here

Seth Parker, the most beloved of all radio entertainers is to be impersonated at the College Auditorium, Thursday evening, March 29th, by the well known dramatic artist and singer, Mr. John Howard of Lincoln, Neb. Mr. Howard has all the ear marks of the real Seth Parker in appearance, singing voice and ability to tell the stories which have made Mr. Parker famous. Mr. Howard will be assisted by a full company of local artists and singers.

Old fashioned costumes and old familiar songs and loads of fun from our local Cephus and Lizzie will make this a delightful evening of entertainment.

Spend an evening in "Jonesport, with Seth Parker." This entertainment is being sponsored by the "Come As You Are, Men's Bible Class" of the First Christian Church.

The price of admission will be within reach of all.

## Summer Water Rate Reduced After April 1st

The City announces a reduced water rate for the summer months that lawns and flower yards may be more properly cared for. The present rate is 50 cents a thousand. The reduced rate will be \$1.50 for the first 3,000 gallons of water used, 30 cents a thousand for the next thousand and 20 cents a thousand for each additional thousand gallons used.

## Baptist Revival Continues Through the Week

Rev. R. C. Campbell is preaching some interesting sermons at the First Baptist church this week according to statements of many who have heard him. He is a gifted orator, has a wonderful delivery, knows his Bible and has the talent to present a subject so that even the smallest child can understand.

The morning service is from 10 to 11 and the evening services begin at 8 o'clock. The public is cordially invited to attend any or all of the services.

## Mrs. J. A. Patterson Has Serious Illness

The serious illness of Mrs. Patterson has caused her friends serious concern for the past several days. She was brought from her home near Whitefish to become a patient at Adair hospital.

The family formerly resided near Goldston for some time and have a wide and favorable acquaintance in Donley county.

## HAPPY DAYS

## PAINTINGS OF COWGIRL ARTIST ARE SEEN HERE

### Western Scenes Are Shown At Club Room Where Big Crowds View Them

Paintings of Amy Mears Jackson, "cowgirl artist" of the Panhandle, were shown at the Club Room Thursday and Friday under the auspices of the Les Beaux Arts club. Mrs. Jackson is said to be the only artist who actually brands her pictures with a branding iron, using the "half circle" instead of her name or initials.

Paintings of exceptional merit are Gypsum Slum, Vienna Snow, another Josephine Nunn mounted on a horse, the flower yard of Judge C. B. Reeder, and Happy Glen Crossing, a landscape scene near the Amarillo Country Club. Her western pictures include an Indian etching "The First American," and others that remind one of the Remington pictures of real western wild life.

The design for the State University rings for graduates was taken from her picture. She has sketched on four continents and in over half of the states in the union.

A beautiful exhibit of pottery was shown during the two days and included the ware of Van Briggie, Sophia Neucomb, Roseville, Quimper, Jugtown and other specimens, similar specimens having been shown here in the past.

These exhibits are being brought to Clarendon through the efforts of the Les Beaux Arts club, and are admired by hundreds upon every occasion. The public is deeply indebted to the arts club for the privilege of viewing art specimens without going to the art centers of the larger cities.

## School Trustee Election Comes April 7th

Due to the fact that the terms of two of the members expire, an election will be held on Saturday April 7th. Those whose terms expire are O. C. Watson and E. P. Shelton.

Other members of the Board are F. E. Chamberlain, president, J. R. Porter and W. W. Taylor elected in 1932, and O. W. Latson and Odos Caraway elected in 1933.

## CWA BULLETIN

Information has been received that, effective April 1st, the C. W. A. will be replaced by a work relief program similar to the old R. F. C. Each family will be budgeted according to its needs, but no definite instructions have been given as to what arrangements will be made to take care of these needs. Every person employed will be strictly eligible for relief.

## Palmer Motor Company Has Taken Ford Agency

According to an announcement of Doss Palmer, owner of the Palmer Motor company here, a Ford agency has been added to his otherwise well equipped service.

A line of Fords of the various models will be stocked and a complete line of Ford parts installed to meet every demand of the Ford motoring public.

Additional shop equipment will be added to take care of every need.

Mr. Palmer has been in the garage business here for more than five years during which time he has endeavored at all times to give the public every service that could be expected.

## Trades Day Tickets

On each new and renewal subscription within the first zone, the Donley County Leader will give three Trades Day tickets. It is a mighty good time to renew. If you should not be reading the Leader every week, keep up with your county and the bargains offered by local merchants by subscribing now. Whether you want to take advantage of this offer or not, we will be glad to have you visit the Leader office Friday or Saturday. Come in and make yourself at home. Saturday is our regular visitor's day, but come Friday if you like. We want to neighbor with you and bring the children along, too.

A communication from Dr. and Mrs. J. T. Gray, expressing appreciation for flowers, was read.

In view of Zone Meeting Apr. 5, it was voted to cancel regular luncheon on Apr. 3.

Lion Braswell announced the Zone Meeting and Ladies' Night for Thursday, Apr. 5, with Vice Pres. Osenbaugh and Dist. Gov. Harrington to be present. In this connection, he urged the club to make every effort to secure the new members necessary to reach our goal of a 100% increase.

Guests were introduced as follows: Judge A. J. Fires and Rev. R. C. Campbell, a member of the Lubbock Lions Club, each of whom were called upon to speak.

Lion Patrick spoke urging our co-operation with the courts, especially in fulfilling our obligation to jury duty.

## Clarendon Boy Wins Athletic Honors at Ft. Worth

The 12th annual Southwestern Exposition Track and Field Meet held at Ft. Worth during the week at T. C. U. gave a Clarendon Junior College lad an opportunity to win twice in competition with hundreds of picked athletes from Oklahoma and Texas.

Hubert Reavis won first in 120-yard high hurdles. Time 15.8. He won second in 220-yard low hurdles making two well deserved honors.

Hubert was accompanied to Ft. Worth by Sam Barrow Thursday, the boys returning Sunday.

## Clarendon's Monthly Trades Day Program Begins Friday On Full Summer Schedule

### Code Is Due to Cut Baby Chick Surplus

Farmers and others who expect to buy baby chicks this season should file their orders early to be sure of receiving the number and breed of chicks wanted, according to representatives of the co-ordinating committee of the Hatchery Code which became effective in January.

The unusual production of supplies of chicks is not expected this year, because provisions in the Hatchery Code make it inadvisable for hatcherymen to have large surpluses, it was explained.

In recent years, competition in the hatchery business is said to have been so keen that many hatcheries have made it a practice to set more eggs than were necessary to produce the number of chicks for which they had orders. The result has been heavy overproduction with low prices, especially late in the season, it was pointed out.

Chicks can no longer be placed on the market below the individual seller's cost of production by those who came under the Hatchery Code. This provision is expected to prevent the production of heavy surpluses, because the chicks cannot be "dumped" on the market at bargain prices. Farmers who have been in the habit of waiting for late season bargains are advised to consider the possibility that such cheap supplies may not be available this year.

Improvements in the quality of baby chicks is expected to follow the code ban on below-cost sales. Buyers would benefit from such improvement in breeding stock, it is pointed out.

## Car License Due March 31st The Last Day of Extension

Motorists who took advantage of the extension of time for payment of automobile license will have to buy the tags on or before March 31st in order to avoid penalty.

The extension granted by an act of the Texas legislature in special session ends the last day of this month, and the penalty goes into force after that date. March 31 was set by the act as the time limit for auto license payment not only for 1934 but for future years.

After March 31 a penalty of 20 per cent or an estimated average of about \$2 to each auto, will be imposed. Because of confusion caused by the action of the legislature, no penalty was charged persons registering their cars and trucks between Jan. 31 and the time the legislature finally passed the bill granting extension.

## Shrub And Flower Exchange To Be Held Soon

The Les Beaux Art Club will sponsor a Shrub exchange at the Club Room April 7th. This exchange will be for both rural and town ladies who have shrubs to exchange. If any one has any shrubs to dispose of before then, if they will either call Mrs. J. D. Swift, Mrs. W. W. Taylor or Mrs. J. D. Stocking, they will gladly get them and take care of them.

## Passion Week Services Will Be Held Nightly

Special services will be held each night next week, except Saturday, at the Presbyterian Church. These services will culminate in a Communion Service and Reception of new members on Easter Sunday morning. The pastor of the church, together with the pastors of some of the other churches, will preach each evening. The hour of meeting will be 7:30 p. m. The public is invited.

## Express Delivery Zone Has Been Extended

G. L. Green, manager of the local express office announces that the zone heretofore limited to a delivery of the business district only, has been changed to include all parts of town.

There is to be no extra charge for the extra service, this ruling having been put into effect all over the nation this week.

In addition to offering quality merchandise at a fair price, sixty-seven merchants and business men of Clarendon have banded themselves together in an organization known as the "Clarendon Trade League" offering a plan whereby buyers may share an interesting part.

Due to the fact that the postal laws will not permit a newspaper to publish a statement making reference to tickets or drawings it is impossible to give trades day plans in full detail. Circulars distributed explain the facts that cannot be printed.

It may be recalled that several years ago merchandise was given at stated times before the City Hall. Immense crowds gathered and tickets were brought in by the bushel. Excitement ran to a high pitch. Buyers shared in the profits and valuable gifts were carried off each monthly period.

The new Trades Day plan begins Friday of this week. In making purchases, ask your merchant to explain the details, or better still, secure a circular and read all about the "new deal" in merchandising.

One noticeable fact is called to your attention. Never before have so many lines of business been represented in an effort to attract trade to this point. At the same time it is fully realized that quality and prices are the principal factors in making satisfied customers—buyers who buy week after week and month after month.

Quality will not be in any sense sacrificed. Prices will be made that will be an inducement for purchasers from the first day to inform friends and neighbors where profitable purchases may be made, and that in Clarendon.

Come in Friday for the Inter-scholastic League meet that will continue over Saturday. It will be a good time to visit with old friends, talk with the neighbors from other sections of the county and generally have an enjoyable time while making purchases.

## Sheriff Advises Shotgun Remedy For Peeping

Several complaints have been made by citizens in the west part of town recently protesting against "peeping Toms" loitering near homes at night.

Sheriff Pierce in each instance advised the use of a shotgun when peepers were detected near windows. Some states make a man a murderer under such circumstances, he said, but Texas still allows a man to protect the sanctity of his home against unwelcome intruders.

## DISTRICT COURT CONVENED HERE MONDAY MORNING

### W. J. Noel of Hedley Chosen Foreman of Grand Jury This Term

Judge A. J. Fires found a light docket facing him when District Court opened here Monday morning. The Judge has recovered from his recent illness and is himself again.

W. J. Noel was selected as foreman of the Grand Jury. The other members are Arthur Ranson, R. T. Darnell, John Gerner, W. A. Foovey, W. L. Goldston, Bill C. Bromley, T. E. Naylor, Walter Clifford, G. G. Reeves, Ed Kinslow, Ike Rains.

Neeley Veazey is door bailiff and Hugh Riley and Walter Ginn are riding bailiffs. No bills have been reported up to noon today though some are expected. Quite a number of investigations are underway. District Attorney John Deaver and County Attorney R. Y. King are grand jury advisors.

In charging the Grand Jury Judge Fires stated "while Uncle Sam says 3.2 beer is non-intoxicating in fact, the Dean law in Texas says spirituous liquors with more than one percent alcohol are intoxicating and the Dean law still is in the statute books."

HUNGRY WARDS WANT GRUB—NOT FOOD.

Up in Amarillo Monday hungry wards of the government CWA asked for something to eat. They complained that butter and cereals formed the menu at present, and meat and bread material was most needed.

Many of those protesting Monday were widows with dependents. A woman under those circumstances would be a pretty good judge of food values so far as those varieties sustaining life are concerned.

THE DRY WEATHER MENACE.

From time immemorial mankind has ever looked to the soil for all wealth and comfort. Our neighbors in some instances stick to a discussion of the weather.

Early rains mean much to the stockmen. Even more than to the farmer. While it is the devout wish of every one that early rains come, we will be compelled to follow the usual order of procedure in waiting—patiently if possible.

INDIANS MAKE VIGOROUS PROTEST.

Over in Oklahoma, the last home of the Comanches, Kiowas, Caddoes, Cherokees and other tribes, there has come much misgivings among the members of these tribes lest they be turned over to the tender (?) mercies of the financial ingenuity of the white man.

They met at Anadarko Wednesday in a protest meeting to the U. S. Commissioner of Indian affairs. Educated Indians are taking the lead in an attempt to fireball any effort to remove from them government protection in the possession of their property rights.

WHY DOCTOR'S BILLS ARE HIGH.

A Dallas surgeon tells the public that doctor's bills seem high because they come unexpectedly. No money has been saved for that purpose and therefore the amount appears in some instances to be excessive.

He also calls attention to the fact that a fourth of the people incur three-fourths of the medical and hospital bills. His talk was along a line seeking to find out why such is the case, and remove the cause, if possible.

People who remain in a stuffy, hot room on a cold day where there is no moisture in the air naturally are surprised to find that they "take" cold easily. The doctor is not surprised.

Those who suffer from hay fever do not take sufficient interest in their own cases to learn that certain food eaten will produce hay fever conditions as quickly as pollen, etc.

Some people never have a cold because they keep the feet warm and dry, and do not subject the body to sudden changes of temperature. Doctors every year try to teach us something for our own good. Few of us take the trouble to listen, and pay a penalty.

STRANGER GETS SPECIAL FAVORS.

Local merchants who pay an occupation tax for the privilege of maintaining a business in Clarendon, paying taxes and contributing to special funds along with the daily run of business, cannot understand why others are privileged to come in and sell on the streets without paying any kind of a tax.

Frequently an apple pedler from a distant state parks on the street, disposes of his wares, frequently at the same price as the local grocer, goes his way and nothing is said or done about it.

Now local grocers are asking themselves why such conditions are permitted to exist. Is it possible that no one has ever thought about the matter—ever protested. The big argument would naturally be that these pedlers sell to the consumer for less money than the local grocer, and that the public is therefore more entitled to the reduction rather than the tax money which is a small item.

Pedlers do not always sell for less. They do not pay any tax. They do not contribute to the community one penny in money or service as do the local merchants.

OUR MOST CRITICAL PERIOD.

Those who follow closely the trend of affairs as affecting the stability of our national government, claim that the most critical period is upon us this week.

First, the threatened strike of railway employees of 21 standard unions unless the 10 percent wage reduction is abolished, keeps Gen. Johnson of NRA fame and other national leaders "burning midnight oil."

Second, employees of the large auto industries are clamoring for more pay to meet rising prices of food and clothing—even rents. They are denied the right of collective bargaining by the auto manufacturers though given that right under NRA.

While all of this disturbs the mind of those who have the best interests of the nation at heart, lesser leaders complain that the billionaire robbers of the nation that brought about all our misery are permitted to continue grabbing every government dollar that is turned loose among the people.

This is said by many to be the most critical period under the present administration, if not in the history of the nation. Only the future can determine this.

SOME LADIES SURELY ARE PUZZLING! THEY MAY HATE YOU LIKE BLAZES UNTIL THEY CAN USE YOU FOR SOME THING—AND THEN WHY THEN YOU'RE THE DEAREST THING ON EARTH.

Hell hath no fury like a woman's corns—or man's either if you want to know it.

The reformed drunkard was in charge of the devotional services. "We will have a word of prayer by Brother Smith as a chaser," he announced.

Some men must have had a horrible past considering the sour expressions they wear.

That Xmas card we got back Monday bearing the notation, "I knew you by your underwear" didn't go over so good with GW. When she got to raising so much purgatory about the source of it, I pulled out a Xmas card that arrived Dec. 22nd which read, "Hello old Whoosis! From your darling little Pantie-waist." Now there is some reason to this melofahess business.

A child that has a habit of falling down and screaming every time something does not suit it, is not suffering from "nerves." It's the parents and the neighbors who do the "nerve" act.

Well after all these years along comes Barney Buffington of Amarillo to prove that the bite of the Gila (hela) Monster is not fatal. This lad had to go clear out to the tropical forests of Arizona between Williams and Ashfork to get the biting done properly. The forest is petrified and among the old chunks these lizard reptiles loll around and cuss the country of their birth. From the earliest, we are told that when one of these lizards bit you anywhere on the body, limbs or even snipped the hair or ears, you just had to lie down to keep from falling—it was sure death. This crazy boy walked along the highway—lonesome like—looking for a hitch because he was tired of hiking, and up pops the lizard. The boy naturally admired the red and white gills on the jaws of the blamed thing, poked it inside his shirt and proceeded to make a menagerie out of his manly bosom. The speed at which he got rid of the lizard after it bit him is not known, but he is getting well of the bite. I've slept with these pesky things "in and out" on about two occasions. When the lizard climbed in, I went

out and took to the cactus country. No standing around to see if the bite would be fatal. No sir, not me.

A lot of people think the "vinegarone" is deadly poison. My kids played with them in New Mexico. The bugs stink but if they ever did bite, sting or scratch any one, I've never heard about it. Some people seem to think the centipede is a bad egg. He may be if given plenty of time, but if the place is poulticed with damp soda right soon after the sting, the place will hardly turn red. That's the remedy that the best doctor would use if you called him. There is a hardshelled cricket affair known to the Mexicans as a "chatz" that burrows in the sand in that desert country that is said to be a bad actor. Like other things, it has a bad rep but no victims so far as I ever heard about.

This advice is all free. Don't come around taking up my time trying to "pay off." Every one ought to see the southwest at least once. I've seen it for years over and over again and find it more interesting each time.

What do you know about it? A school teacher tells us that most girls join the basketball team to reduce her weight. All we got to say is, that if the thing works out that way, there will be more basketball teams before summer than we can shake a stick at.

Poultry has or is going up, or possibly down. Frank Hommel up at the Sinclair station has traded his flaming red model T for 30 pullets.

Sitting at the banquet table of the Business and Professional Women's club Friday night, one could not help making a comparison of today with yesterday in the world of women. By her own efforts, woman has taken her place in the affairs of the nation. She is filling high positions in the professions as well as the holy places in

the homes.

Did you ever stop to think what a dreary, desolate old world this would be without woman? There would be no love, no courtship, no sentiment, no millinery, no cosmetics, no lovely dresses, nor things with lace, ruffles, frills, gored, hemstitched and cut on the bias; no old maids, grass widows or step-mothers, few children and no mothers-in-law.

Woman has ever been the inspiration of the poets, the most beautiful model for the sculptor, the most perfect subject for the painter, the grandest theme of the orator. Her image is in the heart and brain of all the mighty workers of the world.

Even He who created the countless stars, set numberless worlds whirling in their eternal orbits, filled infinite space with light and form, would not attempt her creation until he had some experience. So all other things He created first, then understanding the big job that He was about to undertake, and wishing to be in the pink of condition that the creation would be more nearly perfect, He rested. Man was caused to fall in-

to a deep sleep and a rib was taken from him, and out of it woman was made. When that rib was taken, it left our heart so exposed, left such a deficiency in our anatomy, that nothing but the finished product has ever been able to remove that feeling of "goneness" since.

Woman, you are the last and best of God's gifts. You are with us from the cradle to the grave. You endow the dimpled babe with the measureless wealth of a mother's love. In the business world you add dignity and refinement. Your skill has placed within the reach of children toys of happiness. Your sunny smile and cheerful disposition have chased away the clouds of office care and brought forth the sunlight of hope and a better day. Through your deft fingers the keys of happiness have been touched that sent music through the souls of men. Your association with us in the business world inspires us to higher and nobler effort. Through your ingenuity, better business methods have been evolved. I thank you for the courtesy and wish your Club continued success that it so richly deserves.

### HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swelling out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at any drug store in America.

If not joyfully satisfied after the first bottle—money back.

Mr. and Mrs. J. J. Smith of Hubbard City is visiting their daughter Mr. and Mrs. B. F. Kirtley and son Basil who has the measles and doing nicely and we hope will soon be back in school again.

### ASHTOLA SCHOOL NEWS

Friday evening at the school auditorium the Ashtola Pirates and Piratas presented "The Pastry Cook and the Pirates," an operetta in three acts, in which fierce looking pirates, good looking bakeshop girls, and low respecting policemen vied with each other to entertain the audience. The story was told in smart, pungent dialogue, interspersed with rollicking songs and dances. The proceeds will go mostly to buy baseball equipment.

We are working intensively this week to get ready for Interscholastic league meet which is to be at Clarendon this week end. We are entering in many events: Volley ball, tennis, debating, spelling, arithmetic and declamation. The following were selected to represent the school in declamation Melton Gregg, Junior boy; Chris-

tine Knox, junior girl; Athlyn Drennon, senior girl. Athlyn has the measles however and probably will not be able to participate in any events, so we will send if possible our second place winner Viola Barker.

The Goodnight boys tennis team came down Monday afternoon for a practice tournament. The Goodnight team composed of Smith and Williams defeated Mason and Tomlinson, Ashtola team in doubles while Hatley of Ashtola won from in singles.

Mr. Eason brought a large rattlesnake to be added to other specimens in our school. Earlier this year he brought a coyote and a huge eagle both of which have been mounted and placed in the hall. We appreciate very much Mr. Eason's co-operation he has shown.

The seniors have selected their senior play. They choose "The Wild Oats Boy" a comedy drama by Lillian Mortimer and voted to put it on free.

### ASHTOLA

Mr. A. T. Morris returned home Sunday from Buffalo, Kansas where he attended the funeral of his father.

The operetta, presented by the Pirates and Paratas was a great success and enjoyed by all who attended.

Mr. and Mrs. Fox and daughter of Tell, Texas visited with their daughter, Mrs. Sid Thomas, over the week end.

Mrs. Drennon has had another stroke of paralysis and is in a serious condition.

Mr. James and daughter, Mildred went to Spearman to visit her mother, who is very ill.

Well, you surrounding communities haven't anything on us. We have two "brand new" cases of measles. We give all the honors to Athlyn Drennon and Raymond Slater.

Mrs. Ted Price is here visiting her mother, Mrs. Drennon.

Miss Gladys Holley spent the week end with her parents, Mr. and Mrs. W. P. Holley.

Mrs. M. T. Crabtree, Mrs. J. A. Tomb and Mr. and Mrs. Edley Crabtree left Tuesday for a short visit going east. Mrs. Tomb will visit at Wichita Falls, Mrs. M. T. Crabtree is visiting relatives at Dallas while Mr. and Mrs. Edley Crabtree will visit her sister, Mrs. C. M. Whitmore at Refugio, Texas.

Baseball is going to start at Chamberlain before long, and from the looks of things now our team will be no scrub team. The senior have been playing soft ball with the juniors to give them practice. They will enter in the tournament.

We are going to get another play to present at an early date. The play has not yet been decided on but we think it will be a mystery play. Some of the pupils from our school saw the play at Hudgins Friday night. They seemed to have been well pleased with it.

Wednesday, Sloan Baker is going to bring out some judges to see who is going to be in declamation. We are going to try to have a junior ball club and we hope that we will win.

We think that we have a pretty good chance in athletics.

We wont have a girls baseball team this year.

There are only about eight junior girls.

We want to have a good time on the track meet this year.

We only have one junior boy in declamation this year. There is three junior girls in declamations.

It's getting to be a naait with us. Of course, we mean playing tennis. You seldom look out without seeing the tennis players in their places. We surely get vexed at the sandstorms some time when they keep us from playing, but despite all, we are progressing nicely.

that some who were coming out for tennis are now sick with the measles.

**Golden Sandstorm Club Report**  
 The Golden Sandstorm club met March 15, vice-president Tommie in charge.

Bernice read the constitution and by-laws of the club. They were adopted.

The boys had their try out last week and we are glad to report that Tommie Allen will represent us in singles at the county meet. E. J. Myers and James Reynolds will play doubles.

The program for this time was given. Roll call answered by the biggest lie you could tell.

Margetta Cruise will play singles in girl's tennis, and Rubye Jones and Ruth Davis will play doubles. We are sorry to report

Jokes—Marie and Billie. Song—By the club. Declarations were given by La Nelle, Tommie, Maxine and James. The program for next time was not read.

# Our Weekly CHURCH CHAT

W. E. FERRELL  
Minister First Christian Church

"The Christian and His Bible"  
Text: "Oh, how I love thy law, it is my meditation all the day." Psa. 119:97.

The true Christian loves his Bible. There are good reasons for such love.

I. ITS AUTHORSHIP. It is the word of God. Its contents were dictated by eternal wisdom. Its laws are the laws of heaven. Its teachings are the teachings of Jehovah. It is the embodiment of the eternal mind. A king of England once wrote a book for the edification of his son. He gave it the title, "Basilikon Doron" a Royal Gift. How much more may the Bible be called "A Royal Gift," since its author is the King of Kings, not only is the Bible Royal, but a parental gift—the gift of our heavenly Father—a book dedicated and designed for the eternal benefit of His children.

II. ITS CONTENTS. The very first sentence of the Scriptures expels a dark cloud of ignorance. It tells us that in the beginning, God created. Not only created man but created many other things for man's happiness. It is divine wisdom for the first to the last. It contains sufficient information concerning God and the Eternal Home, for us to understand, and

## DOROTHY DARNIT

assists us in making the journey successful.

III. ITS STYLE. Here one finds the most majestic imagery, the sublimest figures, and the noblest strains of eloquence. Here is found poetry unparalleled for grandeur, pathos and fire. Here are touching pictures of life, history and biography.

IV. ITS POWER. It enlightens leads one out of darkness into light. It leads from slavery to freedom. It leads from death and sin to righteousness and eternal life. It helps to over come sin and its punishments.

V. IT IS SUITABLE FOR ALL OF OUR NEEDS. It is the guide book of youth, the staff of old age, a lamp that relieves the gloom of illness, ignorance and sinfulness. It is a garden of healing balm for the wounded spirit. It is the only book which contains light enough to guide us through the valley of the shadow of death. It is a lamp unto our feet and a light unto our path." A true Christian loves his Bible.

**Why Liquid Laxatives Do You No Harm**

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. *Not will a mild liquid laxative irritate the kidneys.*

The right liquid laxative will bring a perfect movement, and with no discomfort at the time, or afterward. The wrong cathartic may often do more harm than good.

An approved liquid laxative (one which is most widely used for both adults and children) is Dr. Caldwell's Syrup Pepsin, a prescription. It is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as they may do in the case of cathartics containing mineral drugs. Ask your druggist for Dr. Caldwell's Syrup Pepsin. Member N. R. A.

### COLLEGE BANQUET AT ANTRO HOTEL FRIDAY EVENING

Students and Ex-students To  
Have Banquet Every Year  
During Month of March

Last Friday evening, March 16, some 60 students and ex-students of Clarendon Junior College gathered at the Antro Hotel where they enjoyed themselves in the form of a banquet and special entertainment. Familiar faces were to be seen, and old memories recalled as conversations drifted into the

reminiscing of former college days. The spacious dining hall of the hotel had been artistically decorated with streamers of green and white, the school colors, which blended in effect with similar crepe streamers interwoven and suspended above the narrow tables by tall green candles. Place cards of green and white further carried out the color scheme of the evening.

A very select menu of fruit cocktail, Virginia baked ham, pickles, 'cole slaw', English peas, carrots, creamed potatoes, hot rolls, bananas with whipped cream, and coffee was served and thoroughly enjoyed; after which the following program was rendered to the great satisfaction of all present:

Selections by Orchestra.

Toastmaster—Bill Word.  
Toast to ex-students—Jo Ella Stewart.  
Response and toast to faculty—Helen Lawler.  
Response and toast to present students—Frank Stocking.  
Piano Duo—Louise Smith, Delphia Bones.  
What the Ex-students are doing—Bill Word.  
Saxophone Solo—Gus B. Stephenson.  
What Progress the Junior College has made—Supt. H. T. Burton.

The selections rendered by Gus B. Stephenson and his orchestra were very pleasing during the eating period and reflect much talent upon the part of the players. Bill Word, as toastmaster, got off a crack or two that brought smiles and laughs from even the most sedate. Miss Jo Ella Stewart gave a toast to the ex-students and thanked them for the liberal discounts they had made on books sold to the students succeeding them. Miss Helen Lawler responded to Miss Stewart's remarks by cleverly stating that the books had been good books, with but little usage to mar their beauty and that the ex-students wished them to be well taken care of. Miss Lawler also paid tribute to the faculty who had not only been faithful and true companions as teachers, but had also proven themselves as wise counselors.

Frank Stocking, as a member of the College faculty, responded to Miss Lawler and also gave toast to present students. He stated that it had been a pleasure to teach the ex-students and watch them as they stepped forth into their chosen fields of work and that the faculty would always be interested in their success. To the present students he directed his remarks briefly and to the point when he said: "The present is all yours, to make the best of it as you see fit. We cannot urge success upon you—you must command and hold it by your own merits."

Misses Louise Smith and Delphia Bones rendered a very pleasing piano duo which added greatly to the harmony of the evening's program. Bill Word gave a smattering idea of what some of the ex-students were now doing and where they were stationed. The talk was very interesting as well as informative.

Gus B. Stephenson gave a saxophone solo of the usual high quality. Renditions by this orchestra leader are always pleasing and enjoyable to his audience.

The principal speaker of the evening was Supt. H. T. Burton, who in a very impressive and informative manner, gave details and facts concerning the progress of the Junior College of this city of which he is very familiar. He brought out the fact that Clarendon and surrounding territory is very fortunate in having a junior college right in its midst. It was further brought out during his talk that Clarendon is the smallest town in Texas with a junior college; and that Donley county has the least per cent in criminals of college age than any near by county. The school is an asset to be proud of—offering to the boys and girls of the communities around, a chance for an education of which otherwise would be impossible in a great many instances. Immediately following Supt. Burton's talk, it was decided to have this banquet, composed of students and ex-students, sometime during March of each year. A special committee, with Mr. Robt. Dillard as chairman, will compose a special school song for Clarendon Junior College by the time for the next banquet gathering. A committee was also appointed to send out invitations to ex-students sometime before the next banquet date.

#### Infant Dying at Borger Is Buried Here Monday

M. H. Jr., aged 18 months and a son of Mr. and Mrs. Mace H. Trout of Borger, died there Thursday. The body was brought here Monday and buried beside relatives in the local cemetery. Measles is said to have caused the death of the infant.

A number of relatives and friends accompanied the sorrowing family. Mr. Trout is a grandson of Uncle Bob Mace of Lelia. Mrs. Elizabeth Cochran of San Diego, California, mother of Mrs. Trout, came for the funeral.

Several deaths have been attributed to measles in both Borger and Amarillo, fatalities being limited mostly to children under five years of age.

Misses Lucile Polk and Dollie Lee Cook and Mr. Dayton Couchman drove over from Brownfield to spend the weekend with Miss Lucile's father, C. L. Polk.

#### McCracken Infant is Buried Here Tuesday Afternoon

George Dale, aged three months, son of Mr. and Mrs. G. P. McCracken, was buried here Tuesday, Rev. W. E. Ferrell, pastor of the First Christian church saying the last rites. The Buntin mortuary was in charge of funeral arrangements.

The family resides on the J. R. Dale farm in the Goldston community.

#### Aged Stranger Passes Away At Adair Hospital

C. L. Pangle, aged 81, died Monday at Adair hospital and was buried Tuesday. Rev. Ferrell officiated at the grave and the Buntin mortuary had charge of the funeral.

The deceased had worked near Hedley previous to coming to Clarendon where he found lodgement at the Rutherford rooms. He was taken seriously ill some three weeks ago and was taken to Adair hospital where he was given every attention. He had a brother and nephew at Gunter, Texas. He was buried by the county as he had no means and no relatives able to bear the expense.

#### Rambling Cowboy Music For Local Dance

Radio listeners have often heard the excellent music made by the Cowboy Ramblers over broadcasting station KGRS of Amarillo. The boys will come down Friday night of this week to make music for the dance at the opera house.

This stringed band is made up of violins, banjos, bass viol, guitars, etc. This will be their first appearance in Clarendon.

#### Higher Court Affirms Case Nolan C. Wood

The case of Wood attracted an unusual amount of attention when on trial in county court here some months ago. Wood was charged with being intoxicated at the opera house on July 3, 1933.

The case on trial the first time resulted in a hung jury, three to three. On a second trial, he was adjudged guilty. Each trial consumed three days during which time more than thirty witnesses testified, the greater number being for the defense.

The case was appealed to the higher court and Judge Lowe was notified Friday that the verdict had been confirmed.

#### Woman Becomes New Sheriff Gray County

Despite the bad record of the lady sheriff in the Dillinger escape, county commissioners of Gray county appointed Mrs. C. E. (Fannie) Pipes sheriff of that county last week following the sudden death of her sheriff husband.

"It might also be remembered that 'hick' officers in Arizona arrested Dillinger, and we feel sure that our lady sheriff of the great southwest can keep him in jail if given the opportunity," said a prominent Gray county citizen here Tuesday.

#### Lee Gunn Seriously Ill At Adair Hospital

Brought to the hospital Tuesday, Lee Gunn of Hedley, aged 37, is said to be in a serious condition suffering from a spinal affection.

#### Boy Scouts to Honor Mothers With Program May 13th

Mother's Day this year falls on May 13th. This is a splendid opportunity for the Scout Troop to hold a special program for the mothers of the Scouts or a Parents' Day program. The wise Scoutmaster realizes that part of the effectiveness of the individual Scout in the Troop and his joy in the Scout Program is influenced by the attitude of the home toward Scouting and Scouting activities.

Of course Scouts will want to do some special Good Turn to their mothers on this day. This is certainly an occasion for the Scout son to present to his mother the Miniature Pin of his rank that has been developed especially for the use of the Scout Mothers.

Mr. and Mrs. Otis Martin of Flippin, Arkansas visited his parents, Mr. and Mrs. W. D. Martin the latter part of last week returning to their home Sunday.

Mr. and Mrs. Lucian Bones, Mr. and Mrs. Roy Blackman and Mr. and Mrs. Johnny Beard returned home Tuesday from Ft. Worth where they attended the Fat Stock Show.

#### Educational Conference At Canyon March 23-24

Canyon, March 14.—Dr. Doak Campbell, nationally known educational specialist, is to be one of the principal speakers at the Northwest Texas Educational Conference, which will be held in Canyon, March 23-24, according to announcement of Superintendent Ferman Sawyer of Canadian, president of the Conference, and Dr. J. A. Hill, president of the West Texas State Teachers College.

Members of the program committee are highly pleased that Dr. Campbell's services have been secured. His main address to the conference will be "Conditions that Call for revision of the Curriculum." Dr. Campbell is a member of the faculty of the George Peabody College, Nashville, Tennessee.

Other Texas educators will appear on the two day program with Dr. Campbell.

According to Dr. J. A. Hill, this is a great conference of citizens, and not just a conference of teachers. State Senator C. C. Small will be one of the speakers on the two-day program.

#### Former Donley Convict Held In Clovis Jail

Joe Dunwoody, given 99 years from this county on a charge of complicity in the murder of night watchman Richey at Hedley, and who was pardoned by Gov. Sterling within a few months thereafter, was arrested at Clovis Thursday and lodged in jail.

He was accompanied by four men in a bullet-scarred auto containing several guns, burglary tools and other suspicious implements, it is claimed. A search by the officers east of there disclosed a cache of an acetylene torch, burglary tools and explosives alleged to have had some bearing in a recent Kansas bank robbery.

Mr. and Mrs. Geo. E. Ragland were in Wellington Monday.

Billie Milton Bromley who received a severe cut on his leg just below his knee Thursday while playing at school is improving nicely.

Mr. and Mrs. Homer Mulkey returned home from Dallas Friday.
