CLARENDONITES ENJOY PAGEANT

One Hundred Thousand From Seventeen States See Crucifixion

To make connections with a nation-wide hook-up, the Easter pageant did not begin in the natural amphitheater 22 miles northwest of Lawton Sunday morning until 4 o'clock.

Thousands had arrived early Saturday afternoon to secure places of advantage. Mr. and Mrs. J. H. Hum of Clarendon were among the early arrivals. No one slept through the night as the field of cars covering 160 acres were constantly being watched over with flood lights.

Others from Clarendon to see the pageant were Mr. and Mrs. Claude E. Lindsey, Mrs. L. D. Perry, Misses Fannie Perry and Carrie Davis. Loud speakers were used enabling those at a distance to hear every word said.

"Angels" appeared on the mountainside after the prologue and descended to the manger in a Bethlehem stable to pay homage to the Christ child.

The 2,500 actors, assembled from Oklahoma and Texas, presented 24 tableaux depicting events in the life and death of Jesus.

From the betrayal by Judas in the Garden of Gethsemane to the cross, the tableaux moved rapidly.

Roman guards dragged Jesus before Pontius Pilate and as a rabble of Jews gestured and called upon Pilate to sentence Christ to die, the Roman governor washed his hands.

With guards on all sides, Jesus was led up Mount Olive, carrying his heavy cross.

Two ragged thieves already were stretched out upon crosses when Jesus and his guard arrived at the mountain top. Guards nailed Jesus to the cross and he suffered—darkness fell upon the scene.

As the dawn broke over the mountains, angels stepped from Jesus' tomb, frightening two Roman guards away. There followed the resurrection sermon.

Art Goebel, Bartlesville, Okla., aviator, sky-wrote a message, "Peace on earth," as 2,500 voices sang the finale.

Band Parades and Displays New Uniforms

The Clarendon High School Band marched on the streets here Tuesday afternoon and rendered peppy airs. The occasion was the first public display of the new uniforms which the members are proudly wearing.

An improvised band stand on the old Grammar School square at the south end of Kearney afforded the band an opportunity to delight the public with a concert.

Sunday Was Hottest April Day in Eight Years

Ten days after the weather man registered below freezing, the weather god hung up a new record over an eight year period when the thermometer here reached 96 Sunday afternoon at 3 p. m.

Insect pests and flies took advantage of the vacation spell of warm weather and some species flew in swarms Sunday afternoon. Blossoms yet hanging to fruit trees killed in the freeze of over a week ago, apparently was furnishing sustenance for the pests.

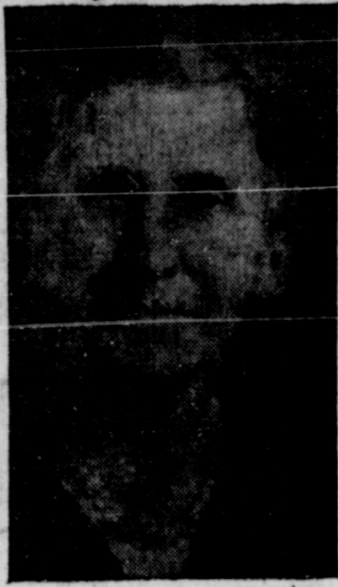

FRANK STOCKING WINS PROMOTION

Native Son is Appointed to Place on Tariff Commission

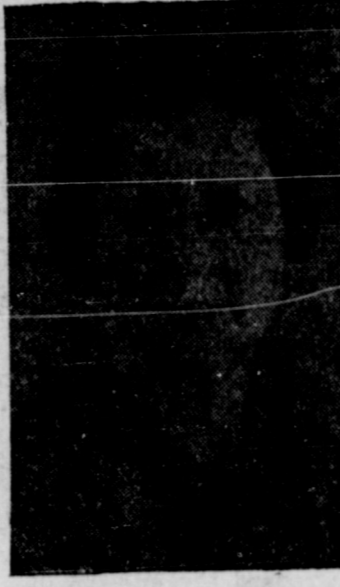

Instructor in history and science in Clarendon colleges, both the old and the new, for more than ten years, Frank A. Stocking left here in 1934 to accept a position as statistician under the NRA in Washington.

He has recently been appointed commodity expert on the United States Tariff Commission with headquarters to continue in Washington.

ELECTED TO CLUB LEADERSHIP

MRS. O. L. FINK

MRS. J. FRANK HEATH

Mrs. Fink is president of the Clarendon Home Demonstration Club which has for its purpose the study of home problems, including food, clothing and everything that goes toward making a home more pleasant and enjoyable. A short history of the Club appears in this issue.

Mrs. Heath is president of the Mother's Club which has for its purpose the study of children, their food, clothing and training. The local club limits its membership to thirty members, the maximum number being easily maintained since organization in 1919.

Pioneer Hotel Man Again Visits Here

Sees Lots Improvement After Absence of 33 Years

It was in 1903 that John T. Nugent left Clarendon to 'go west' as a young man. At 75 he is again looking over the old town this week. He operated the Windsor hotel located where the Antro is now, and which burned in 1892. He first came to Clarendon in 1889 when it was a typical frontier town, though of a more law-abiding type than most of them.

Leaving here he stopped for a mere 10 years in Dalhart where he saw the killing of Tom Black and several other frontier 'sports' common in that day.

At present he is a resident of Tucson, Arizona where he has been for many years. His visit now is but a stop-over on his way to his childhood home in Lexington, Kentucky. He wants to see the races and will be an interested visitor through the derby.

He is writing a book of his life and visits the old home for a start. Another visit will be made here for material for that book which will be his personal history. Mr. Nugent has never married.

Resettlement Administration Makes Loans to Farmers

First loans for cooperative services in Texas were made last week by the Resettlement Administration, according to information from the office in Memphis.

Loans are made for the purchase of stallions, jacks and bulls as well as farm equipment. The rate of interest is interesting, and those in need of such assistance, are directed to the Memphis office.

Bob Land, formerly in the county agent's office here, is connected with the Memphis office.

Rev. Brister Will Conduct Revival at Waka

A simultaneous revival in the Canadian Baptist Association will begin at Waka, Ochiltree county, next Sunday, the 19th. Rev. C. M. Brister will have charge of the services.

This revival will continue over a period of two weeks, and is one of several to be conducted at the same time in the upper Panhandle.

Wheat Growers to Receive Benefits on Contracts

The AAA announced Friday that it will pay 21½ cents a bushel in benefit payments on allotments to be made to wheat growers who signed crop control contracts and adjusted their wheat plantings before January 6, 1936, the date of the AAA invalidation.

Patrick Re-Elected Museum Board Head

Centennial Commission Will Contribute \$25,000 Toward Building Fund

An addition to the present Museum building is assured by President W. H. Patrick, in a talk made the members at Canyon Friday. The new structure, for which an appropriation of \$25,000 has been made by the Centennial Board, will be under way soon.

Two hundred and sixteen plates provided for the banquet Friday night were sold before noon of that day. J. Frank Dobie was speaker at the banquet.

John McCarty, editor of the Amarillo News, was elected a member of the Board to succeed Judge A. J. Fires, whose term had expired.

In addition to the re-election of Mr. Patrick, all other officers of the Panhandle-Plains Historical Society were re-elected.

Secretary L. E. Sheffy reported that 26,623 people had registered at the Museum during the past 12 months.

Two gifts accepted during the day were the desk and chair of the late Wilbur C. Hawk, and a history of the Episcopal church in Clarendon by Mrs. J. B. McClelland.

Murals painted by Harold Bugbee of Clarendon, and Ben Carlton Mead of Amarillo, both West Texas artists, attracted a great deal of attention and merited special mention in the talk of J. Frank Dobie. These murals practically cover the east and west walls of the Museum.

Mrs. Susan Janney Allen of Pembroke, Bermuda Islands, was a delighted guest during the convention. Miss Allen has made many valuable gifts to the museum collection, and much more than any other one individual. Her most valuable gift is a collection of American Indian artifacts of many different tribes.

Easter Cantata is Attended By a Large Number

The cantata at the Methodist church Sunday evening is said to have eclipsed any previous effort in that line. The program was directed by Miss Anna Moores much to her credit in diplomacy and skill.

A number of the singers of the town and church choirs readily lent support to the impressive Easter observance.

Old Timer Observes Birth Date Sunday

Helped in Defending Denver Against Plains Indians During Civil War

Because of obscure information, and having been left to shift for himself in his boyhood days, Alfred Mumford Estlack was denied the guidance of a mother's hand before he became old enough to remember her face.

At any rate, he celebrated his 87th birthday Sunday at the home of his son, J. C. Estlack, with whom he has made his home for some time. Mr. and Mrs. Richmond Bowlin and Mr. and Mrs. A. H. Baker were ready to lend their presence. Mr. Bowlin is about the

OUTSTANDING WOMEN OF DONLEY COUNTY

(An Editorial)

With this issue the Leader begins publication of a series of pictures of outstanding women of Donley County. In every town and community there are women whose contributions to progress and civilization are little known outside their respective communities.

Foremost historians have almost totally excluded women from the picture of world progress. It is the object of this publication to pass out credit where it is deserved.

From time to time men's pictures will be featured, but the "forgotten woman" is the principal object of our attention at this time. Women have done much toward making Donley county a better place in which to live. Right here in Clarendon most worthy accomplishments are due to women of our town most every week. Very few know who these women are, or what they have done toward benefiting humanity. Your consideration and cooperation is appreciated by us, and will be appreciated more on the part of the public as facts become known.

RURAL TRUSTEES ELECTED APRIL 4

Pickering and Baley Are Re-Elected to Places On County Board

In the trustee elections held April 4th, returns of which have come in this week, the vote shows that W. M. Pickering and Edwin Baley were re-elected to the Board. Both men have served faithfully for a number of years. Slayton Mahaffey of the Martin community was third choice in the race in which a number of men's names were considered in the various voting boxes.

Trustees elected in the rural school districts are:

Watkins: G. P. Folley, Chamberlain: H. H. Mann, Martin: A. C. Hartzog, Glenwood: C. T. McMurtry, Sunnyview: Loyd Moreland, Fairview: Ernest Wood.

Hudgins: L. M. Putman, Whitefish: Dave W. Turner, Midway: Porter Arnold and A. A. Pierce. Four elected at Giles are: W. B. and R. O. Profit, Jess Boone, T. E. Bailey.

McKnight: C. W. Williams, Windy Valley: J. H. Rieffe, Bairfield elected three, and are: Clarence Bairfield, Fain Kent, R. F. Wiedman, Goldston: C. L. Risley, Ashtola: J. M. Graham, Smith: C. A. Crow, Jericho: George A. Shoop, Bray: L. M. Spier, Skillet: G. E. Hunter.

It is said that a few votes in each of the Watkins and Skillet votes will be challenged.

Homer Mulkey and Little Tot Have Car Accident

Sunday afternoon when Mr. Homer Mulkey very graciously took little Miss Charlotte Ann Dooley, aged 19 months, for a car ride, little did he expect to show the little lady any thrills. Apparently the little lady showed Mr. Mulkey the thrills.

Nearing the turn in highway 5 in the west edge of town, the little lady climbed up to the open car window. In an effort to retrieve her, the car slipped off the shoulder of the dump and turned over.

Mr. Mulkey received a bad cut across the fingers of one hand. Otherwise, there was no damage done. The little lady is a daughter of Mrs. Jo Veta Dooley, and a granddaughter of Mr. and Mrs. Walter Wilson.

Colored Baptist Revival Now In Progress Here

Special seats are provided for the white folks who attend the Baptist revival being conducted by Rev. J. P. Williams of Wellington, for the colored people on the north side.

Rev. Williams is a revivalist of note, well known among the colored and other church people of the Panhandle.

Special music and a choir will be a part of the service beginning Sunday, it is announced.

Singers To Gather At Chamberlain Sun.

Announcement is made by Bill Todd, principal of the Chamberlain school, that a song fest will be held at the school building beginning promptly at 2 p. m. Sunday, April 19th.

Mr. Todd states that a number of the best quartets in this section will be there to display their skill and please those who delight in hearing skilled voices.

A cordial invitation is extended the public to hear the singers on the above date.

MAN IS DISOWNED BY HIS BROTHER

Mother and Sister Turn Him Down Until Birth Mark On Arm is Shown

Some twenty-three years ago Bates Jones, a young man of near Hedley went West to seek his fortune. He finally located at Phoenix, Arizona where he has resided for some time, and is recognized as a good citizen.

The hankering to come back and see his mother, sister and brother near Hedley recently became so strong that the trip was made. At night Bates Jones, his wife and daughter arrived at the Frank Jones farm north of Hedley. The usual alarm awoke Miss Montie Jones who asked the "stranger" what he wanted.

Hearing the conversation, Frank Jones got up and investigated after his sister had failed to recognize the visitor. Frank was just as positive as his sister that he had never seen "this" Bates Jones before. It was then that Mrs. S. M. Jones, the mother, came out to see "what it was all about."

"This man says he is Bates Jones," Frank told his mother, "but he does not look like him to me."

"Shine a light on him and I can tell if he is Bates Jones, I would know my own son anywhere," Mrs. Jones remarked. The light shining in the face of the stranger failed to convince her. "My son has a birth mark on the upper part of his left arm," Mrs. Jones said. At that the "stranger" smiled and bared his left arm.

This was enough and Bates Jones and his family were received with open arms. He was the son who had been gone 23 years. A visit of several days was made and old times recalled. Mr. Bates Jones also visited a daughter, a trained nurse in Pampa, while in this section. It turned out to be a most happy reunion of the family, but it took a birth mark to bridge over the ravages of 23 years that had made a big change in the appearance of the Arizona man.

Bland Is Elected Giles School Head

Eleventh Grade Will Attend Hedley High School After This Term

In an organization meeting of the Giles school board held at the school building Tuesday afternoon, J. W. Bland was unanimously selected as chairman. A. E. Ranson was elected secretary. Claude Nash was selected as tax assessor. Other members of the board are W. B. and R. O. Profit, Jess Boone and T. E. Bailey, all four elected April 4th.

Members of the equalization selected are E. H. Watt, Harry Hartzog and J. A. Lemons.

Harry Hartzog was elected principal of the school to succeed himself. Misses Pauline and Alleen McCants were elected intermediate and primary teachers.

The Board voted to transport the eleventh grade to the Hedley school next term, and apply for transportation and salary aid. Supt. Sloan Baker met with the Board and aided in making out the budget for the 1936-37 term.

C. W. Bennett is in Dallas for medical treatment.

New Jersey Balloon Floats to Texas

While in the pasture Saturday, Loyd Heffner, residing some fifteen miles northeast of Clarendon, found a heavy red rubber balloon that had burst, only a portion being found.

The balloon had been tied with a string and rubber bands. The only marks of identification were "Air Cruisers Inc., Clinton, N. J., February 4, 1936."

It is presumed that a message had been placed inside the balloon as is the custom in making air current experiment tests.

FRANK WHITLOCK

Mr. Whitlock has been a barber for 33 years, thirty of them being spent in Clarendon. He began the study of beauty culture 15 years ago. At present he is recognized as one of the most skilled beauticians in the southwest. At a recent convention of beauticians in Amarillo, Mr. Whitlock was paid a distinct compliment for his skill when he was selected as one from 250 operators to demonstrate new methods of hair dressing. There are only four male beauticians in the Panhandle, the other three residing in Amarillo. Mr. Whitlock is assisted by his daughter, Mrs. Lucile Garrison, who has had several years experience.

Fischer Will Discuss Old Age Pensions Friday

Announcement is made that J. S. Fischer, district supervisor of Old Age Assistance, will be here Friday, April 17th, and will speak in the district court room at 3 p. m.

Mr. Fischer will explain the old age assistance act and give such other information as may be desired by those interested.

Warning to parents: In taking children to wet climates, the tots are apt to get nervous when it rains unless the phenomenon is carefully explained.

It Snowed Mud—
We don't expect the readers of the Hale Center paper who live out side of the Panhandle of Texas to believe this, but Sunday afternoon it snowed mud here for half an hour. That's right. We folks who live here are acquainted with the unusual and unexpected weather this country affords, and snow in April, accompanying stinging sand behind a 40-mile blizzard doesn't even make us lift our eyebrows in surprise.

Editor Deskin Wells Says—
It is too early to form definite conclusions, but a good many of the farmers believe that the new farm program will be more satisfactory than the old one. In the first place, the administration of the program will be simplified. In the second place, it has a long-range value that was missing from the first program. Even at the beginning it is apparent that the new program will cause the farmer to be conservation minded, and this is a development of the utmost significance to agricultural communities.

ON TEXAS FARMS
Minnie Fisher Cunningham
Extension Service Editor
The new farm act to be based on the conservation of our soil" comments The Farmer-Stockman in an editorial in March 15 issue, "will be just as valuable as we make it.

If we take the attitude that the conservation of the soil is made the excuse for paying cash benefits to farmers, we will do merely those things necessary to get the money.

Up to this good day we have mined our soil of the store of fertility which nature put in it. Few of us have farmed to maintain the fertility. That farm is an exception which is as fertile as the day it was broken out.

That sort of farming can't continue. Sooner or later it runs its course. The gullied hillsides and the dead, hard soils which contain no longer a proper store of humus testify to our destruction.

In the past three to five years

we have done, in total, a fine lot of terracing. But the known total of land terraced as compared to that needing terracing, does not comprise a record of which we can be proud. The big job is still ahead of us.

In fact, we have not yet reached the point that we are holding our own. We are losing soil faster than we are saving it. This new program can reach every farmer in the South during the first year of its operation. If we mole-heartedly accept the program, we can, in 1936, make a most definite start in conserving the soil resources on each and every farm.

—this new farm bill will be offered to every farmer engaged in growing any of the major crops. This set-up is perfect for getting the maximum results in the shortest possible time. If we do our whole part, we will find at the end of three to five years that we have stopped our loss of soil and have, at last, started the process of building back to a once more productive agriculture.

MUSEUM SIDELIGHTS
Canyon, April 10.—Side lights on the Panhandle-Plains Historical Society meeting at Canyon, April 10th.

Judge H. E. Hoover of Canadian is the only living ex-president of the organization, which is 15 years old. It has had only three other presidents—Thomas F. Turner, pioneer lawyer of Amarillo, O. H. Nelson of Romero, who brought the first registered herdfords into the Panhandle, and T. D. Hobart of Pampa, onetime president of the Southwestern Cattle Raisers Association. Mr. and Mrs. Harold Bugbee of Clarendon were present. Mr. Bugbee is an artist, three of whose paintings hang in the Panhandle-Plains Historical Society Museum. Mrs. Bugbee (nee Kathryn Patrick) has made a unique collection of signatures of old timers.

Newspaper men who were present at the business meeting Friday afternoon were Olin E. Hinkle of the Pampa Daily News, Clyde Warwick of the Canyon News, Frank Hill of the Tahoka News, Garford Wilkinson of the Amarillo News Globe, and Frank Reeves of the Fort Worth Star Telegram.

Four who never miss the Panhandle-Plains Historical Society meeting are Mr. and Mrs. J. T. Christian of Claude and Mr. and Mrs. H. M. Timmons of Amarillo. The Timmons' write authentic feature stories of pioneer life.

R. P. Smyth, who laid off the town of Plainview and who has been state Representative from his district is a member of the Board of Directors of the Society. Mrs. J. A. Hill of Canyon recently completed a lower pliocene landscape in oils to be used as a background for an exhibit in the museum.

Horace Russell, Amarillo stationer and one of northwest Texas most widely read men, has been a guiding influence in the Historical Society since its organization in 1921.

The honor guest of this year's meeting was Miss Susan J. Allen of Pembroke, Bermuda, world traveller and first Benefactor of the Museum.

Miss Laura V. Hammer, first county superintendent of Potter county and author of "No-Gun

Man of Texas," always attends the meetings of the Historical Society. Dr. Hattie M. Anderson, first secretary of the Society, served as recording secretary for the business meeting this year. Dr. J. A. Hill says, "The museum movement in Texas, Oklahoma and New Mexico, started right here. The work which was begun less than 15 years ago has kindled an enthusiasm for history and museums which has spread over the entire state."

THE GREAT CONTROVERSY
W. Wallace Layton, Minister
Identity of the N. T. Church Article XV

In the year 1607-1608, another denomination was launched along with the rest. John Smyth of Amsterdam Holland broke with the Presbyterian church, and started what is now known as the "baptist" church. They made a rapid growth in the next few years and by 1611 were found to be numerous in England. The Baptist church was first introduced in America by Roger Williams who came over on the "Mayflower", in 1639. Baptists glory in claiming an unbroken apostolic succession from the days of the Apostles up to this very hour, but they have thus far failed to "rattle the chain" of Apostolic succession back of the year 1607 in Amsterdam Holland. There are seventeen branches of Baptists today, and if each claim such succession I wonder just which one of these branches would be recognized by the Apostles? Their creed "The Philadelphia confession of faith" consists of Calvinistic theology plus congregational government.

The next outstanding reformer was John Wesley. He was a member of the Church of England, and became dissatisfied with the cold formality, and emptiness of their services and undertook to bring about a reformation within the

Church of England. Because he was so methodical in all his endeavors, he and his associates were nicknamed "Methodists", and the name is still used today to designate one of the large denominations. Though Wesley's effort to reform the Episcopal church failed, his work went on and his followers crystallized into another denomination. Thus the Methodist church had its origin in 1929, but was not officially named "Methodist Episcopal Church" until the year 1784. Until 1910 it taught Calvin's doctrine of "Hereditary total depravity." It still holds to Luther's doctrine of "justification by faith only." There are ten or more branches of Methodists existing today.

PARTING
My life closed twice before its close;
It yet remains to see
If immortality unveil
A third event to me
So huge, so hopeless to conceive
As these that twice befell.
Parting is all we know of heaven,
And all we need of hell.
—Emily Dickinson.

Friendship

There is only one way to win friendship - - - the fact is there is only one way to win anybody's friendship - - - and that is to be known as you are. A man, or a corporation, may have all the good qualities in the world, but unless they are known they will never be appreciated.

We of this bank frankly regard the citizens of this community as our neighbors and friends, and with our initiative to further contribute to the welfare of this community your loyalty and friendship must be maintained.

Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car: More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

TEMPLE OF TRUTH By the Apostle

A poet some ages ago stated that "a dewdrop reflects the whole universe." That's why we cut out having any dew in the Panhandle. We Panhandlers believe in strict privacy.

Copied from the Wichita News: Preceding the sermon, Rev. Snow, who is unmarried, will discuss "The kind of a girl I should like to marry." Gordon Ellis, music director, and the choir will sing "Creation."

A man may be ever so accurate in matters of business, but in love he is said to become a creature of impulse, and as irresponsible as a motor car backing down hill on a slippery highway.

A Scotch lad of 12 swallowed a quarter and coughed up a dime. They begin the saving habit young.

Fish are that much like humans. They come in variety all the way from bullheads to suckers, and bite at any kind of a skin game be it wood, rubber or tin.

Social Information: The popular new dance is known as the "stream-lined fox trot" which begins with a free-wheeling whirl, glides into a knee-action strut all of which ends abruptly with a hydraulic break. It's great stuff, young folks.

It is now claimed that nude statuary should not be placed on the campus of the Denton college for young ladies. Being nude, they are more susceptible to chigger bites.

Do you know what four animals will let you run into them any old time rather than move off the highway? They are: a Jersey cow, burro, hog or a Mexican. They've all been tried, brother, they've been tried.

The Lone Vigil— "Here lies the body of Thomas Gray; He died maintaining his right of way. He was right—dead right—as he rolled along. But he's just as dead as if he'd been wrong."

If you don't like your neighbor, switch to more yeast and dated coffee.

Maybe You Knew Him A lad ran into the office of a Panhandle publisher and said: "Say, mister, there's a tramp out there who says he hasn't eaten anything for six days." "Bring him in," said the editor. "If I can find out how he does it, I can keep this paper going another week."

Is it really love when the letters read in court refer to underwear sizes?

Casting About— Down in Jack county last summer the hill folks were having a wonderful revival. The preacher was of the "powerful movin'" type. One of the sisters overcome by the "the power" flung herself sprawling into the aisle. One of the men started to pick her up but the old preacher exclaimed, "Don't tech her! don't tech her! Leave her lay where Jesus "thowed" her.

Of all the vices to which human nature is subject, treachery is the most infamous and detestable unless it be ingratitude. Either one is a compound of fraud, cowardice and revenge.

The College Hill Widow says that if the government had paid for not raising hell instead of hogs, she would of been a widow five times instead of seven as she is now.

There was an old lady from Tucson Who went to bed with her shucson. This caused such a dream That she awoke with a scream, And was unable to continue her snucson.

A fellow arrested and charged with drunkenness in El Paso last week put up the alibi that he was merely eating peanuts and sucked a goober hull down his windpipe. "That's what made me talk like I was drunk," he told the police judge. Anyway, a fellow who hasn't anything else to do but eat goobers while driving an auto, ought to take up knitting. It's more dangerous.

Listening in to the broadcast of the commercial program Tuesday night, the mainest subject was

It sounds like a lively stable graduate veterinarian trying to imitate one of these grads from the state school.) Your ensemble should be of faintest tints with negligee to match—(Whoa! Must a stepped into the "ladies rest room." Better switch to Brinkley for bull frog blues in blank verse.)

SUNNYVIEW SCHOOL NEWS

By Ivon Ellis

Sunday was a big day at Sunnyview. To tell the truth it was the first type of gathering in a number of years.

The students of Miss Lopez Whitt's room and Miss Orene Riley's room rendered a very interesting Easter program, which was enjoyed by everyone present.

Believe it or not but they organized a Sunday school at Sunnyview about 11 o'clock. We had 57 members present and hope to increase in number next Sunday.

The following officers were chosen: Mr. Z. D. Davis—Supt. Mr. J. A. Hall—Asst. Supt. Miss Dollie Hall—Secy-Treas. Mr. Jim Cannon—Song leader. Mrs. Ivy Williams—Pianist.

The following people were chosen as teachers of the various classes: Mrs. Gene Hester—Women's class. Mr. Jim Cannon—Men's class. Miss Orene Riley—Young People's class. Miss Eula Haley—Junior class. Mrs. W. J. Whitt—Card class.

We decided to meet at 2:30 o'clock on Sunday afternoon. Talk about Hard times, well if you could have seen the dinner table at Sunnyview you wouldn't think it was very hard times. The only trouble we need a number of such dinners during the year.

After dinner, we had a number of guests to come. Some of the guests were splendid singers. We had some real singing until 2:30 o'clock, then we had a recess. During the recess most all children and young people hunted Easter eggs. The prize for finding most number of eggs for the small children was given to Edna Lou Lamberson, who found 16 eggs. The prize for finding the most eggs for the young people was given to Pauline Riley, who found 22 eggs.

After recess, we sang until 5 o'clock or at least till everyone had a very enjoyable day. We also extend an invitation to everyone to come to our Sunday school next

Sunday as well as singing on Sunday night. We appreciate having people from other communities to visit us Sunday and please don't let it be your last visit to Sunnyview!

Is any oil any different?

Change to the different oil... alloyed

and be kind to your wallet

We'd rather see you change to any fresh oil, before we'd have you risk watery Winter dregs in your crankcase any longer. Any fresh oil is better for you than that.

But when you change to Germ Processed, don't do it just to change your brand of oil; do it to change your whole brand of lubrication!

That's how different this alloyed oil is. And here's why: the patented Germ Process of alloying oil gives it an "affinity" for metals... not only for steels and iron, but for every type of bearing metal now in use, no matter how carefully it must be lubricated.

With alloyed oil actually merging into every inner engine surface, and with the high-durability Germ Processed oil-film also in between the moving parts, your engine is doubly summer-safe. You can streak along on days that shimmy with heat. But your heat indicator needn't jump, and your oil level needn't slump. Not with this different, alloyed oil... High time for you to say "Drain," but be selfish—say Conoco Germ Processed. Continental Oil Company.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor There is Always Worship Fellowship :: Service

Are you a christian? Has the world found it out yet? Does your life justify your claim of christianity? If not your influence is bad. Perhaps worse than if you denied any allegiance to God whatever. We are known by what we do, not by what we claim to be. Few people serve satan better than sleeping saints. We cannot afford to be careless and listless and indifferent in our christian lives. The time demands that we be busy in the things that build character. If we are careless in our christian lives, if we are indifferent about our church relationship, if we are not zealous for the salvation of the lost, the world will have contempt for us, and mock at our churches, and laugh at us when we try to win them to Christ. Live your religion. Measure your life by the rules regulating righteous living as set out by the Sermon on the Mount. Attend your church services every Lord's Day and mark the progress that you make toward a strong stalwart christian character. Muscles are developed and made strong by use. The same thing is true of our devotional life. The First Baptist Church will be happy to have you in her services next Sunday. The time for the evening services is 7:00 o'clock

for the Training Service, and 8:00 for the Preaching Service.

Greatest Star Trio in History of Films Brought Together For Ambitious Filmization of Faith Baldwin's Widely-Read Novel of Business Man Torn Between Conflicting Demands Of Home and Office—Showing Wednesday & Thursday

Individually among the most popular stars of the film world; collectively the greatest star triumvirate of them all, Clark Gable, Jean Harlow and Myrna Loy will be seen together for the first time in Metro-Goldwyn-Mayer's new giant production, "Wife Versus Secretary," filmization of the widely-read Faith Baldwin novel.

The new picture which comes to the Pastime Theatre starting Wednesday, was directed by Clarence Brown whose recent triumphs were "Ah Wilderness!" and "Anna Karenina." It was produced by Hunt Stromberg, responsible for such hits as "Rose Marie," "Forsaking All Others" and "Naughty

Marietta." Norman Krasna, John Lee Mahin and Alice Duer Miller collaborated on the screen adaptation.

Sanford, the successful business man very much in love with his wife, Linda, played by Miss Loy. Jean Harlow as Whitey, the secretary, is the "other woman" who brings about an emotional crisis in the life of her employer.

MYRNA LOY

Van, millionaire magazine publisher, returns from a vacation to find Whitey, his secretary, in complete command of his affairs. He conceives the idea of combining his magazine with another, thus gaining control of the field.

Linda, his wife, visits the office while Van sees Whitey only as an efficient secretary. Linda sees her as a woman. She is not jealous, but a series of incidents convince her that it would be well if Whitey were out of Van's office.

Dave, just another young fellow on a salary, wants to marry Whitey. When she refuses him, Dave is convinced that she loves Van.

Linda begins to consider Whitey a menace to her happiness and

New York, N. Y.—IT'S TRUE! that the largest skating rink ever used for a motion picture production has been constructed for scenes in "Wife vs. Secretary", says Wiley Padan. And, IT'S TRUE! that the surface of the rink is made of 'hypo', the same chemical solution used in the developing of photographs, the final result being known as 'hot ice'. It is not affected by heat or cold and does not need refrigeration—thus making an ideal skating rink under the blistering studio lights!

quarrels with her husband, but they patch up their differences. Van suggests a second honeymoon trip to Havana. When the time arrives for the trip, he finds that he cannot take Linda. In order to swing the magazine deal he must go alone and attend a convention of magazine publishers.

Whitey makes a discovery concerning the activities of a rival magazine which might ruin Van's plan. She telephones him and he urges her to take the first plane to Havana. After two days and nights of nerve-racking work they put the deal through. Then they relax, enjoying a dinner and a few dances together. It is two A. M. when they arrive at the hotel. Whitey enters Van's room to get her notes. The telephone rings. Whitey answers. It is Linda.

Believing that Van and Whitey have tricked her, Linda plans to sail for Europe. At the boat she

finds Whitey who tells her she is a fool to leave—that if she does, Van will turn to her. She admits frankly that she wants Linda to go, but she also tells her that Van would never be happy with anyone else, although she is willing to take him second best. Linda is apparently deaf to her plea and Whitey returns to the office. Van is hers for the taking. But her earnestness has convinced Linda, who returns to find Van waiting for her with open arms. Dave and Whitey are reconciled.

Mrs. C. E. Griggs and her sister, Mrs. Harris of Hobart, Oklahoma, are visiting another sister, Mrs. Temple, at Mt. Pleasant, Texas.

Mr. and Mrs. Houston Miller of Canadian spent Sunday here with their daughter, Mrs. Otis Jackson and husband, and his sister, Mrs. Eula Cox.

Chevrolet Sales Break All Records During March

Detroit, April 14.—Chevrolet sales in March, 126,119 units, were the highest for any month in the history of the company, it was announced here today. A new record was set also for first-quarter sales, which totaled 272,149, a gain of 97,839 over the same period last year. The previous high record for a single month had stood ever since May, 1928, totaling 122,437. The largest previous first quarter record was 248,875 units in 1929.

Sales of used cars by Chevrolet dealers were 165,170 in March, and 481,834 (a new record) in the first quarter.

OBTUSE

Now some there are who sit and mourn,
And can no comfort find.
The reason for their grief, it seems
Is just that they're that kind.

They have a right to do their will
But just take this from me.
The bird who's always in a grouch
Is damn poor company.

Miss Ruby Dell Scoggins and Miss Margaret Gerner of Canyon spent the week end with relatives and friends.

"I'm Going to Be Rich Some Day"

You'll smile patronizingly when you hear some child say "I'm going to be a millionaire." But there's a deep seated thought there. Even in the very young, there's an understanding of the comfort of security and financial safety. And when you start a child off in life with a good savings account and a training in the use of a bank's facilities, you've given it a good lead in life's battle. You may not be "rich" some day—but by utilizing the aids a good bank can give you—in savings and a dozen other ways—you'll have a good start.

Car Collision Damages One Car This Morning

An unavoidable accident caused serious damage to the coupe driven by Mrs. Van Allen Kent this morning when Gene Noland struck the coupe with his car. Nobody was hurt, and Noland got busy repairing the damaged car of Mrs. Kent, which proves that an auto mechanic comes in handy most any time where accidents must happen.

Vestal Mosley to Make Home In Corpus Christi

Having tried Colorado, Vestal Mosley is moving his family to Corpus Christi for the benefit of his son's health. They have been residing in Amarillo for some time. They were accompanied as far south as San Antonio by C. J. Talley, father of Mrs. Mosley, who is a health seeker in a lower altitude.

Three Old Residents Are Ill This Week

Henry W. Taylor, ex-mayor and for more than thirty years a merchant in Clarendon, has been critically ill for several days, though he is improved at this time. He has been practically an invalid for more than a year due to an apoplectic stroke.

J. H. Clark, for many years a local ginner, continues ill but is improving. Emory A. Sloan shows little improvement following an illness of some three weeks.

Borger Attorney Will Oppose Congressman Marvin Jones

John H. White, former member of the legislature, and for several years a practicing attorney of Borger, has announced that he will make the race seeking the office now held by Marvin Jones.

History Clarendon Demonstration Club

Pressure Cookers Introduced In Donley County in 1917 Become Invaluable Aid

In the progress and development of Donley County, the ladies are due a large share of the credit for the progress made. It was in 1917 that Mrs. Gillo was sent to this county by the Extension Department of the State A & M College.

Mrs. Gillo came primarily as missionary since her principal work consisted of acquainting our women with the pressure cooker. The opportunity was eagerly grasped and the pressure cooker has been a household necessity here since that time.

Mrs. Gillo organized the first Home Demonstration club at Goldston. Mrs. Ida Chitwood was the second H. D. agent to work here coming in 1919. She organized two clubs in Clarendon, the latter in 1922.

Miss Richmond followed Mrs. Chitwood and Miss Williams came in rapid succession. The last named married in 1924 leaving the county without a demonstrator.

The Clarendon club continued interest in the work until 1927, when Miss Eula Keys took up the work as county demonstrator. A part of the funds to pay her salary was raised by the Clarendon club.

Matrimony wrought havoc in the club work since the Department will not employ a married lady as a demonstrator. Miss Keys married in 1929 and her place was taken by Miss Harvey Thompson. She resigned within a few months to enter school at Denton, and was succeeded by Miss Nora Smith who resigned in 1930.

Miss Martha Buttrill, generally credited with being "the best demonstrator the county ever had," was sent here in September of 1930 and remained for approximately two years. Her administration fell a victim of the depression, and a lack of county finances caused a cessation of the work.

At the present time, the Clarendon and Chamberlain clubs are the only ones active in the work. Mrs. O. L. Fink is president of the Clarendon club, her efforts being credited largely with the continued interest at the present time.

Membership number is restricted to 25. There is a waiting list all the time. When a member, for any reason drops out, a new one is voted in by a majority vote.

Mr. and Mrs. Earl Lovell and three sons of Lubbock were here over the week end visiting in the home of his parents, Mr. and Mrs. S. H. Lovell.

OLD TIMER—

(Continued From Page 1)

same age, and Mr. Baker's birth date is the same as Estlack's.

As a young man, he spent several years in and near Littleton, Colorado making that section headquarters. During Civil War times he aided in defending the white settlements of Denver and nearby country against attacks of the Sioux, Cheyenne and Arapahoe Indians. The Ute Indians of Colorado assisted the whites.

The more important battles were fought at Julesburg, Alkali Flats and O'Fallon's Bluff, in which the whites and Utes were victors. He assisted Major Shivington, General Crook and Custer on several occasions, and vividly recalls the battle of the Little Big Horn.

He came to Tascosa in 1883, and has been a citizen of Texas practically ever since. Except for a slight deafness, he has all his faculties, walks without a cane and takes long walks for exercise.

He knew Chas. Goodnight and the Dyer brothers one of whom is the father of Sam Dyer here, in San Louis Valley in Colorado before they came to the Palo Duro country.

JAIL—

(Continued From Page 1)

by working out the fine on some public work in progress at the time.

Those given jail sentences of more than one day, will have the same opportunity. There will be no partiality shown, it seems. In both instances, the Sheriff is empowered with authority to employ a guard over the 'convicts' while doing duty on the public work.

No rate of compensation was named by the commissioners in the order passed, but it is to be presumed that the "salary" will be not less than that allowed for lying in jail, which is \$3 per day.

The order makes no reference to those already due the county on fines in the days when they could claim poverty and throw the burden on the county. Others who are of a disposition to break into jail on some petty charge merely to get a place to spend the winter in comfort, will no doubt give old Donley county a wide berth.

Singing School Sponsored By Church of Christ

The church of Christ announces to the public, and invites all to attend the singing school which begins next Monday night, April 20 and continues every night thereafter, closing on May 1st.

Bro. H. P. Cooper of Shamrock, Texas has been secured to conduct this school. Bro. Cooper is widely known in Clarendon and throughout Donley County as a capable instructor of music and teacher of its rudiments.

There is nothing that can so spiritualize the worship as well rendered singing, from well trained voices. The voice is the instrument which God gave us to use in singing his matchless praises so let us one and all take advantage of this opportunity to better ourselves for rendering unto Jehovah these songs of adoration.

Remember the time April 20 through May 1 inclusive. All are invited to attend.

Pampa News Radio Station Well Received Here

Without any announcement being made in the papers of the district, radio fans of Clarendon stumbled onto a loud station Sunday coming in at about 16 on the dial. There was much speculation until the announcer explained that the youngster in the play-yard of broadcasting stations was none other than KPND, the new Pampa Daily News station.

The reception came in loud and clear. The program was great with enough variation to make it interesting all the way through. Crowds listened to the Centennial program of the Jaycees.

It is to be hoped that this new station may be heard at night as the KGNC station at Amarillo is drowned out by other stations on the same wave length as KGNC. Gilmore N. Nunn, general manager of the Pampa daily, was master of ceremonies over the new station.

Ansel Barton of Antelope Flat visited in Clarendon Saturday and Sunday.

Fred Buntin returned from Ft. Worth Wednesday bringing his father, P. A. Buntin home. Mr. Buntin has been visiting his daughter, Mrs. McConnell for some time.

Publishers Visit Clarendon Monday Afternoon

A party of men from Amarillo visited in Clarendon for a short time Monday afternoon.

In the party was John L. McCarty, editor of the Amarillo News and Norris Ewing, manager of the News-Globe Publishing Company. Mr. McCarty is president of the Panhandle Press Association that will convene in Amarillo Friday and Saturday of this week. He was made a member of the directory board of the Panhandle-Plains Historical Society at Canyon last week.

Mrs. Ed Speed and Mrs. Nolie Simmons accompanied their mother, Mrs. W. E. Hardin to Sudan Monday where they will visit Mrs. Clarence Cannon, another daughter of Mrs. Hardin.

Mr. and Mrs. W. C. Stewart and Mr. and Mrs. R. E. Koener of Pampa spent the week end in Dallas with Mr. and Mrs. Frank Simmons. Mrs. Stewart was taken ill and remained in Dallas.

Mrs. J. H. Clark and Mrs. Van Allen Kent were Amarillo visitors Monday.

Mr. W. P. Cagle and Mrs. John M. Bass spent the week end with relatives in Lubbock.

Mr. and Mrs. F. M. Neaves and Betty Blanche of Lefors were here Saturday visiting the lady's parents, Mr. and Mrs. J. D. McAdams.

Mrs. Bess Rolf and son Jack of Little Rock are here for the sum-

mer. Mrs. Rolf came to be with her parents, Mr. and Mrs. E. A. Sloan, Mr. Sloan having been quite ill for some time.

Johnny Russell Beville of Amarillo visited Geo. Wayne Estlack Tuesday.

Mrs. Harry Moore and little daughter, Bobby Jean, of Amarillo, are spending the week in the J. A. Warren home.

Mrs. Geo. Green returned home Monday night after attending the Presbyterian at Dallas and also visiting in the Worth Green home there.

Mrs. Fred Chamberlain who attended the Presbyterian at Dallas returned home Tuesday.

Miss Lillian Murphy who has been visiting at Jacksboro returned home Tuesday night.

Mr. and Mrs. Karl Adams and daughter June visited in Pampa Sunday.

Dust and Moisture

Make a Bad Combination Against Clothing Values

At this season when you perspire and dust settles on the coat collar as the most likely place, if not kept clean, you will soon notice that the cloth color is fading. Dust and moisture will cause any color to fade. It injures the fabric as well.

Have your clothing ready at all times, protected from damage by having the articles cleaned now. You may need them in a hurry.

Our methods of dry cleaning are right up to the minute. The machinery is the latest. Our years of skill is at your command. The cost is no more than ordinary cleaning and pressing.
