Rotary Holds Installation Of New Officers

The regular noon meeting of the Muleshoe Rotary Club was opened by President David Tipps. Gary Montgomery gave the invocation and Randy Field led the pledge of allegiance to the American flag. Terry Hutto led the group in singing "Home on the Range" and "Smile-Sing A Song". Guests were welcomed by Tipps. They were Candice Hutto, Sally, Amanda and Susan Messinger, Kevin King, Dr. James Bell, Alice Liles, Reagan McElroy, Riley Byers, Jake Adair, James Cox, Aaron Purdy, Payton Rennels, and Marie Bass. The media was given a note of appreciation.

The Fourth of July Celebration was discussed as new business. The club has agreed that the sale of hamburgers, sausage on a stick, sausage wrapped in a flour tortilla, and chicken will be sold on Main Street of Muleshoe, between the Muleshoe Trade Center and Lambert Cleaners during the celebration on July 5th. Volunteers were confirmed.

A new officer installation was performed by J.D. Cage. Officers for the 1993-94 year are as follows: President-David Tipps; Vice-President-Charles Moraw; Secretary-Robert Lepard; Treasurer-Sam Harlan; and directors-Mike McDearmon, Nick Bamert, James Turnbow, and Bill Moore.

The installation followed a noon meal of fried chicken, corn, green beans, mashed potatoes, gravy, cantelope, salad, hot rolls, tea and homemade ice cream. The meeting was adjourned after the installation.

Final Certification Date Released By ASCS Office

The following article was submitted by Danny Noble, County Executive Director, Bailey County ASCS office:

FINAL CERTIFICATION

The final date to certify or request aerial measurement service on all spring seeded crops, conservation use acreage (CU), and ACR, is July 15, 1993. A complete acreage report must be filed including all program crops, sunflowers, soybeans, alfalfa, vegetables, and etc., by this deadline. An accurate certification is very important. SO DON'T GUESS. The reported acreage cannot differ from the spot checked acreage by the larger of 5 percent or 1.0 acre, not to exceed 10.0 acres, or the farm could be ineligible for program benefits.

MEASURING SERVICE

REMEMBER!!! As soon as we get your farm measured, you will be notified of the measured acreage and you only have 5 workdays in which to adjust (if any), and certify your acres in this office. Please notify this office if you have to adjust prior to plowing anything up. If you are ready to harvest a crop and have not received your measured acres, please call and we will measure your acreage upon request so you can certify prior to harvesting. Failure to certify prior to harvesting could cause your farm

to be out of compliance.

FAILED ACRES

Any program crop that has failed due to drought, excessive moisture, hail, or for any other reason beyond the producer's control, must be certified and an ASCS-574 (Disaster Application) filed BEFORE the crop is disturbed in order to be eligible for program benefits.

GHOST ACRES

Acreage of a subsequent crop for harvest planted behind failed acres are considered as "Ghost" Acres and are not eligible for history credit or price support loans.

MAINTENANCE OF ACR, CUPAY AND CRP

Weed control measures MUST be carried out in a timely manner on acreage designated as ACR and CU for Pay throughout the calendar year. Weed control measures also MUST also be carried out timely on CRP land throughout the Lifespan of the CRP Contract. Failure to control noxious weeds, wind and water erosion, could result in total loss of farm program benefits, and/or your CRP Contract.

EMERGENCY FEED PROGRAM

Bailey County has been approved as of June 22, 1993, for EFP. The County Committee is authorized to implement EFP.

2. Producers may be eligible if pasture conditions are below normal.

3. It will be to the producers advantage to apply early.

4. Producers need to make an appointment to apply.

5. The EFP program is separate and apart from Emergency Haying and Grazing.

For further information about EFP, please contact the Bailey County ASCS Office at 806-272-4538 and talk to Laverne Winn.

EMERGENCY HAYING AND GRAZING

Bailey County submitted an application to implement emergency haying and grazing in May, 1993, to hay and/or graze ACR and CU for Pay during the Cont. Page 6, Col. 1

Regional Meeting Draws Crowd From Area Towns

A number of ladies from Amarillo, Hereford, Friona, Stratford and Muleshoe, all members of the Women's Division of the Chamber of Commerce, convened at the Bailey County Civic Center Saturday morning for the Regional Meeting. Registration began at 9:15 a.m.

Nancy Kidd, president of the Jennyslippers, made the introductions and Alene Bryant led the group in the pledge to the flag. The invocation was given by Bailey County Judge Marilyn Cox, and Mayor Robert Montgomery gave the welcome.

Dan Henson, president of the Westex R.C. & D. (Resource Conservation and Development) area was the morning speaker. The Westex R.C. & D. area includes: Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Gains, Dawson, Andrews, Martin, and Midland.

In 1962, Congress approved a law designed to provide resource development and environmental protection in Multi County areas. The Soil Conservation Service is responsible for administration of the program.

Hanson explained that a large number of foundations have big money that if they don't give it away they will have to pay IRS taxes on it.

The purpose of the R.C. & D.

program is to accelerate the conservation, development, and utilization of natural resources to improve the general level of economic activity and to enhance the environment and standard of living in authorized R.C. & D. areas.

Any member of R.C. & D. (Jennyslippers are members) may select a project and R.C. & D. will take the project and tell the applicant where the money is available.

During the past year, Wes-Tex sponsors used the RC&D Grant Research Center in Magnolia, ARK, for 15 different projects. All of Wes-Tex grant each requests are routed through the Big Country RC&D Area.

Following Henson's speech, Marvon Raef from "Patches of Paint" gave a demonstration.

A noon salad luncheon, prepared by the Jennyslippers, was served.

The afternoon session began with Jenda Bruns, Account Executive CFP showed a video about the "Women Investment Club." She explained that the Women Investment Club is a national organization. Ms. Bruns also answered questions the group had concerning women investing.

Members of the different organizations shared some of their clubs had been doing in order to help the Chamber of Commerce.

At 3 p.m. those who wished

took a tour of the Heritage Foundation.

Door prizes, donated by the local merchants were given throughout

the day.

Senator Bivins Town Hall Meeting Tuesday

With the conclusion of the 73rd Legislative Session and no special sessions called, Senator Teel Bivins, R-Amarillo, announced plans to visit with Senate District 31 constituents at a series of town hall meetings.

Bivins will be in Muleshoe with a meeting scheduled at 11:30 a.m. on Tuesday, July 13 in the Muleshoe State Bank Community Room, 101 West American Blvd.

With this second term, Bivins was instrumental in passing legislation to reform trucking regulations in Texas, reform products liability laws, implement Caller ID, and revise the state's Penal Code.

"The 73rd Legislative Session was the most productive I've seen since being in office. We in the Crown of Texas fared better than we have in years, with legislation and appropriations. At the same time, Texas lived within its means, not passing a tax bill for the first time in four biennia," Bivins said.

Bivins added, "School finance was the only sour note of the session. About all you can say for that bill is that it kept the schools open an avoided massive consolidation. Legal challenges have already been filed in court which, if successful, could send us back to the drawing board for a fourth time."

As a member of the Senate Finance and Senate Education Committees, Bivins worked throughout the session on public education finance and cutting state spending. He was appointed to the Conference Committee on the Appropriations Bill.

"We were able to bring a lot of those state dollars to the Panhandle with funding for our higher education institutions and even a pharmacy school in conjunction with Texas Tech. I'm excited to point out to constituents how lucky we are to have West Texans holding key positions in the legislature, and a Panhandle delegation that works together as a team," Bivins commented.

Bivins will travel the 25 counties of Senate District 31 for several days to hold town hall meetings.

PRESENTING THE DOOR PRIZE---Nancy Kidd, right, president of the Jennyslippers, presented the big door prize to Sylvia Engram of Friona, at the Regional Meeting Saturday. The door prize was a gift certificate from Patches of Paint. (Journal Photo)

Avoid Jet Lag- Learn To Reset The Internal Clock

Airline travelers have two clocks to reset when crossing time zones--the wristwatch and the body's internal clock.

A common problem with travelers, jet lag can be avoided to some degree by learning to reset the internal clock, says Dr. James Frost, professor of neurology at Baylor College of Medicine in Houston.

The body's clock, which regulates the various hormones and body functions in a 24-hour period, is normally in sync with the environment's day/night cycle.

"Jet lag occurs when this relationship is disturbed," said Frost, who characterizes jet lag as "the desire to sleep during the local day, sleeplessness at night, and general fatigue with reduced physical and mental activity."

While trips with time differences of more than three hours can confuse the internal clock, Frost says the biggest problems occur on trips with eight- to 12-hour time differences.

"The body cycles are almost completely reversed from those of the new location," he said. "You want to sleep while everyone else is starting a new day."

Frost recommends five steps to minimize jet lag.

***On the plane, immediately adopt the sleep/wake schedule for the destination.** "Set your watch to the new time, and sleep only when it is appropriate for that destination," Frost said. "Travelers need to get into the mode of the new location as quickly as possible."

***Upon arrival, avoid napping during the day.** Although some people will be fatigued, a long nap will not help to adjust the internal clock. If necessary, Frost suggests a brief, one-hour nap.

***Spend time outdoors during the first few days.** "Sunlight is one of the major factors in synchronizing your internal clock," Frost said.

***Avoid or minimize coffee, caffeine and alcohol consumption.** In flight and during the first few days, drink only at levels you are accustomed to or less.

***Do not use sleep medications.** These drugs simply delay the adjustment process and do not allow normal sleep.

"We cannot change our internal clocks instantly," Frost said. "But, by sticking to a plan, most people will be less tired on the second day, and the internal clock will be in sync by the third day."

America's Team Joins Forces With Texas Ford Dealers

Dallas Cowboys owner Jerry Jones announced today a major addition to the Super Bowl champions' 1993 lineup.

In a Texas Stadium news briefing, Mr. Jones said Texas Ford Dealers have become the Cowboys' official automotive sponsor.

The agreement gives the Texas Ford Dealers exclusive rights to promote their cars and trucks through the Cowboys. About 160 independent Texas Ford dealers, ranging from Texarkana to El Paso and from Waco to Sherman, are participating in the sponsorship. Terms of the agreement were not disclosed.

"As America's best-selling truck for 16 years, Ford Truck complements the Dallas Cowboys' image as America's Team," Jones said.

"And, just as the Cowboys did last year, the Ford Taurus fought its way to the top and became the best-selling car in America," he added.

Also on hand for the news briefing was a number of Texas Ford dealers, including Jimmy Payton of Grapevine, chairman of the North Texas Ford Dealer Advertising group, and Ed Kultgen of Waco, chairman of the Texas Outstate Ford Dealer Advertising Group.

"We're looking at the possibility of a number of promotions, including pre-season and regular season ticket give-aways and a Cowboys special-edition Ford car or truck," Mr. Payton said.

"Ford's print and broadcast advertising also will tie in heavily with the Cowboys," Mr. Kultgen

added. "The Cowboys are Texas' team and the Ford pick-up is Texas' truck."

Ford's F-Series pickup was the best-selling vehicle -- car or truck -- in America last year for the 11th consecutive year. It has been the best-selling truck in America since 1975.

Ford had five of the ten best-selling vehicles in America last year with F-Series, No. 1; Taurus, No. 3; Explorer, No. 5 (the best selling compact utility vehicle); Ranger, No. 7 (the best-selling compact pickup); and Escort, No. 9 (the best-selling compact car).

The company also had the top-selling full-size van/bus, Econoline and Club Wagon; the top-selling large utility vehicle, Bronco; the best-selling middle-specialty car, Thunderbird; and the best-selling small specialty car, Mustang.

Ford outdistanced its nearest competitor in car and truck sales by 490,652 vehicles in 1992 -- its largest victory margin ever.

"There's nothing like winning to help you increase your share of the market," Mr. Jones said. The Cowboys' share of NFL Properties has risen from 3.4 percent in 1989 to the top spot of 16.9 percent at the end of last year.

"And Ford Division's share of the total vehicle market was 20.2 percent in 1992, the division's largest share since 1978," Mr. Payton added. "That makes this a pretty damned good marriage."

Crank Up The Ice Cream Freezer For July 4th Picnic

Texas dairy cows worked extra hard to supply the cream for all the homemade ice cream Texans will crank out on the Fourth of July.

Between January and May, dairy cows produced 2.6 billion pounds of milk, enough to yield about 225 million pounds of heavy cream.

"Many people don't realize it, but Texas is a major dairy state," Agriculture Commissioner Rick Perry said. "Milk production was valued at \$766 million in 1992, 11 percent higher than in 1991."

Though a lot of cream ends up in milk, yogurt and other products, plenty will be available for rich homemade ice cream.

Another good way to keep your summertime cool is by topping off the picnic menu with commercially packed Texas ice cream, yogurt, ice milk or mellorine.

There's a big selection to choose from. Perry said Texas manufacturers produced more than 36 million gallons of ice cream in

1992, putting the state in third place behind California and Pennsylvania.

Double Ring Ceremony Unites Gatewood, Baker

Mr. and Mrs. Rodney Carlton Baker
(nee Kathryn Zonell Gatewood)

Double ring wedding vows were solemnized by Kathryn Zonell Gatewood and Rodney Carlton Baker on Saturday, April 10, 1993 at 4 o'clock in the afternoon at the New Covenant Church of Muleshoe, Texas. Rev. Jimmy Low officiated.

The bride is the daughter of J.C. and Zona Gatewood of Muleshoe. The groom is the son of R.H. and Nadine Baker of Morton, Texas.

The ceremony was performed in front of a large brass candelabra Arch intertwined with silk greenery and amethyst flowers flanked by two smaller brass candelabra arches also intertwined with silk greenery and amethyst flowers. The Baptistry drapes were accented with two large amethyst bows on each side of the top of the drapes with curled silk ribbons flowing from them connecting two large golden bells in the center.

The bride was escorted and given in marriage by her father, J.C. Gatewood. She wore a romantic gown of white crystalline satin. The bodice, beaded with sequins and pearls on schiffliace, featured an off-the-shoulder ruffle neckline, short puffed sleeves and a Basque waistline. The ball gown skirt was accented in the back with a bustle and flowed to floor length. To complete her attire, she chose a satin and lace hat highlighted with a filamer-edged pouf. She carried a long beautiful cascade of white silk flowers accented with raspberry and amethyst flowerets, with long flowing ribbons accented with small white pearls.

For "Something Old", the bride wore a 1954 Six pence in her shoe. For "Something Borrowed", she wore a pearl necklace borrowed from a bridesmaid. "Something New" was her dress and hat, and "Something Blue" was her garter.

Julie Payne, cousin of the bride, of Margate, Florida served as maid of honor. Attending her as bridesmaids were Mrs. John Fenter, of Sebring, Florida, and Mrs. Kurt Miller of Muleshoe. They were attired in tea length dresses, with full skirts of Amethyst taffeta with shallow V-necklines and basque waistlines accented with large amethyst bows. The bodices had large puffed sleeves. They wore Amethyst rhinestone earrings, a gift from the bride. They carried bouquets of large rubrum lilies with flowing raspberry and amethyst ribbons.

The groom was attired in a black tuxedo. The groom's best man was Bill Hodnett of Lubbock.

Groomsmen were DuWayne Baker of Levelland, brother of the groom, and Lynn Nolen of Lubbock. They wore black tuxedos.

Flower girl was Kenley Baker, daughter of the bridegroom, of Lubbock. She wore a dress identical to the bride's attendants. She carried a white basket accented with raspberry ribbons and bows and filled with love knots of white ribbon. Ring bearer was Kaleb Baker, son of the bridegroom. Ushers were Christopher Gatewood, brother of the bride and Clint Baker, of Levelland, nephew of the groom. They also served as candlelighters. Registering the guests was Tammie Killough. A picture of the bride in her wedding attire was on the registration table along with the bride's throw-away bouquet of white and amethyst silk flowers, and two matching silver candleholders holding mauve tapered candles.

Musical selections included "The Wedding Song", "Just Between You And Me", and "Everything I Do, I Do It For You" sung by Vannett and Don Field of Dora, New Mexico. Wedding music was provided by Anita Taylor of Earth.

White long stemmed roses were presented by the bride to her mother and the groom's mother. The bride's mother wore a powder blue tea length dress with a multicolored brocade jacket edged with blue lace. The groom's mother wore a pink dress with a dark long sleeved decorated in pink roses. Both mothers wore corsages of white sweetheart roses and white trim.

A reception followed in the fellowship hall. The reception table was covered with a white lace cloth over an amethyst liner

accented on both ends with amethyst bows and connected with rolled ribbons. A floral arrangement of silk raspberry, amethyst, and mauve flowers with silk greenery centered the table, and beside it the bride's bouquet. A three-tiered wedding cake feathered a bride a groom on top. The groom was dressed in a black cowboy hat, and a golden rope lassoing the bride and groom together, was fastened in front with golden boots.

The white iced cake was accented with rubrum lilies and oval miniature pearls. The bride and groom served each other punch out of silver wine goblets. The punch was served in a crystal punch bowl. Mixed nuts and mints were served in silver servers. Next to the reception table was a smaller table decorated with a large silver candelabra with long tapered mauve candles and coffee was served from a silver tea service. The table was covered with a white lace tablecloth. Members of the house party were Barbara Mills, Brenda Lackey, Kathie Rollston, and Diane Grumbles.

For her going away dress, the bride wore a light blue tea length full-skirted dress with a v-neckline, empire waistline and large puffed

sleeves. The dress was highlighted with white flowers, and her corsage was white silk flowers trimmed in white ribbon.

Out of town relatives included Sharon Hutson of Breckenridge, Linda Hall of Ft. Worth, Rose Lee and Kenneth Powell of Tulia, Stephen Powell of Chicago, Ill., Ted, Beckie and Joshua Millen of Amarillo, ShaRita and Meagan Wesley of Decatur, Mickey, Leah, and Lance McMaster of Decatur, Keith and Kelly Coats of Lubbock, Doris and Lacy Baker of Levelland, Kim Gatewood of Lubbock and Jennifer Payne of Dallas.

The rehearsal party was at Leal's Mexican Restaurant in Muleshoe Friday evening following the wedding rehearsal.

The newly wedded couple enjoyed their honeymoon in Colorado Springs, Colorado.

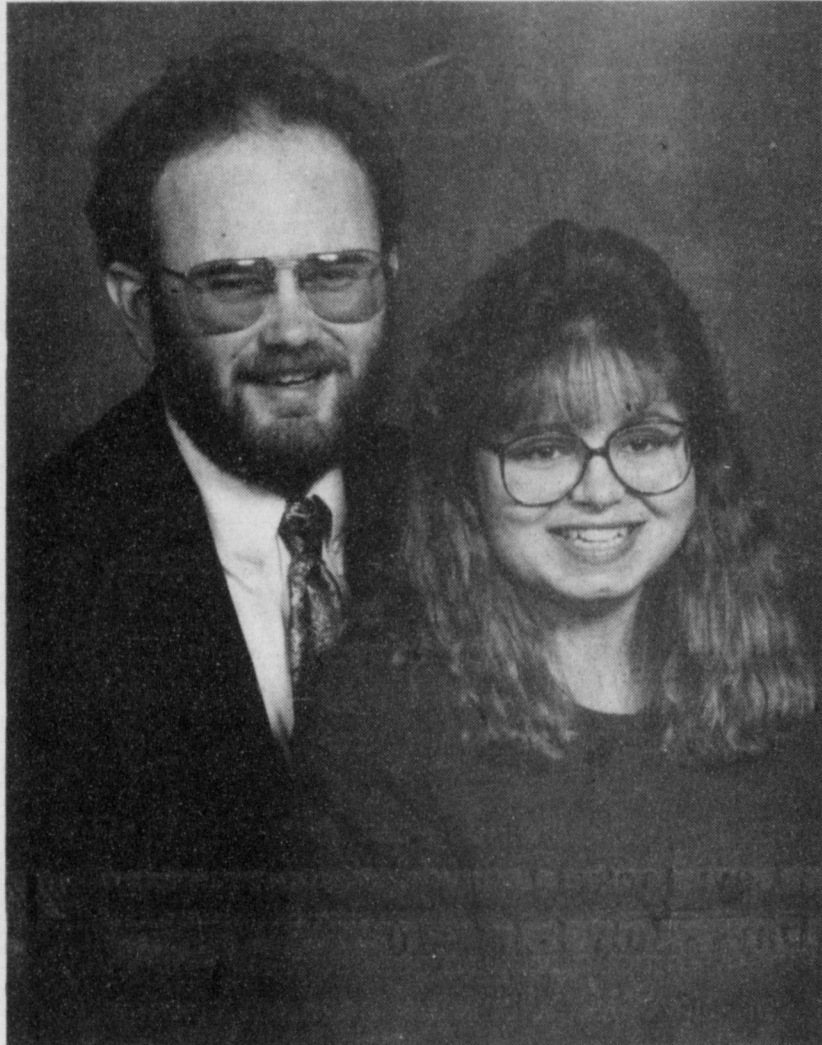

They are making their home in Lubbock, where the groom is employed by Health Star and the bride is employed by Methodist Hospital.

Microwave Tips

Chocolate candies are easy to make with a microwave.

Chocolate melts smoothly without scorching. Melt some in a glass casserole and dip your favorite cookies or nuts into it, with two forks.

If chocolate begins to harden before you're finished dipping, remelt on Medium for 15 to 30 seconds.

*Summer Reading Club
Ends With Awards*

A good crowd was on hand at the Muleshoe Area Public Library Wednesday afternoon for the Awards program for the 1993 Summer Reading Club. Clips from The Wizard Of Oz were shown to finish the story...and yes, Dorothy got to go back home to Kansas, and the Scarecrow got a box of brains, and the Lion got his medal for bravery, and yes, the tin man got the heart he had wished for! (And if you listen very hard, you could hear his heart-beat!)

A drawing was held for a number of items that were donated by Sponsors of the Reading Club.

The Award program followed, with every boy or girl who read books, and brought a list of books they had read back to the library, was presented a certificate, those who read 20 books got a gold seal added to the certificate. Those who read 40 (or more) got the 1993 official pin added. Nine T-shirts were given to kids in each age group who read the most pages. The children were served refreshments which concluded the program for the day, and for the summer. It is hoped that they will continue to read and enjoy it!

Those receiving T-shirts for reading the most books were: K-1st grade-1st, Brant Wedel; 2nd, Nicholas Dial; and Lauren Edler, 3rd. 2nd and 3rd grades-1st, Jamie Wedel; 2nd, Bailey Barrier; and Kayla Copp, 3rd. 4th and 5th grade-1st, Kamal Bhakta; 2nd, Liz Torres; and Eric Posadas, 3rd.

ENGAGEMENT ANNOUNCED-Royce and Connie Barnes are pleased to announce the engagement of their son, Doug to Miss Amy Jo Bloodworth, the daughter of Carl and Laveta Bloodworth of Sundown. Doug and Amy plan to be married Saturday, Aug. 21, at 3:00 p.m. in the First Baptist Church in Sundown. The bride-elect is a 1990 graduate of Sundown High School and a 1992 graduate of South Plains College with an associate degree in Science. She is presently employed with B.A.R. Treating Service, Inc. in Levelland. Doug graduated from Lazbuddie High School in 1991 and has an associate degree in Law Enforcement from South Plains College. He is presently self-employed in farming in the Lazbuddie area where the couple plan to live.

point average while enrolled in 12 or more credit hours during the spring semester.

The Progress Community and School Reunion will be held on Sunday, July 4th from 1:30 to 5 p.m. in the fellowship hall of the First United Methodist Church.

More than 1,800 students at Texas Tech University received degrees during the spring commencement exercises. Among those receiving degrees were: Jonessa Gay Jennings, who received a Bachelor of Arts Degree in Office Systems Tech and Administration; Christina Diana Mata, Bachelor of Arts Degree in English; and Brandon Richard Wilson, Bachelor of Business ADM Finance.

Miss Jennings graduated Suma Cum Laude, and Wilson graduated Magna Cum Laude.

The Bailey County Division of the American Heart Association held its Annual Meeting for the year recently.

It was announced that the board members have raised money and done educational programs throughout the year.

Thirty-seven cents of every dollar raised goes to fund much-needed research into the mysteries of cardiovascular disease.

Science has provided the answers to many questions, but many more remain to be answered.

Tissue Plasminogen Activator (tPA) is one of the new "miracle" drugs made available to hospitals

through the work of researchers.

tPA moves quickly through the blood stream of a patient having a heart attack to dissolve the clots causing the infarction. Another method of fighting heart disease is the education provided to the public by local volunteers.

Outgoing president of the division, Virginia Bowers, congratulated the members on their division's earning the Award of Achievement in fund raising. She was presented a plaque by incoming president, Elizabeth Watson.

New board members were elected. The board will meet again in September.

More than 2,600 Texas Tech University students qualified for the academic honors lists at the end of the 1993 spring semester.

Students on the President's List earned a perfect 4.0 (A) grade point average while enrolled in 12 or more semester hours of classwork. Students finishing 12 or more hours with a grade point average of 3.5 to 3.9 qualified for the Dean's List.

Students making the honor rolls included the following:

Jeremy Sean Bruns, junior, Music Performance Major, Dean's List; Jerry Bob Graves, senior,

Political Science Major, Dean's List; and Kelly Kay Conklin Heidel, senior, Multidisciplinary Studies Major, President's List.

enough time" can be heard in workplaces across the land. But that may soon change as an overwhelming number of executives (83 percent) in a new survey believe that employees are willing to trade other benefits-including pay- for more rest and relaxation time.

The study was developed by Accountemps, the world's largest temporary staffing service for accounting, bookkeeping and information systems professionals. It was conducted by an independent research firm which polled 150 executives from the nation's 1,000 largest companies.

They were asked, "Do you think employees would favor buying and selling vacation time for cash or benefits?" The responses:

Yes 83%

No 16%
Don't Know 1%

"Employees have come to realize that every benefit offered to them, even vacation time, has a dollar value associated with it," said Max Messmer, chairman of Accountemps. "They can also see the advantage of trading one benefit for another to fit their individual lifestyle and needs.

"By offering employees the opportunity to select their mix of benefits- whether it's more vacation time, pay or insurance coverage-companies can increase their attractiveness as a place to work without adding to overall expenses."

There are more than 150 Accountemps offices in the United States, Canada and Europe.

Some Bloopers Say a Lot!

Almost everyone likes bloopers-everyone, that is, except for the "bloop-ee" involved. *Reader's Digest* has been tickling the funny bones of its readers for years with the verbal slips recorded in "Pardon, Your Slip Is Showing." We've even seen a proliferation of television programs wholly devoted to TV bloopers.

who gives us life and breath and sunshine and a thousand other benefits? Why are so many simply "galled" by the prospect?

Some give, of course, the old, and rather moldy, excuses. (Probably the very fact that we feel we need an excuse says more than any number of excuses).

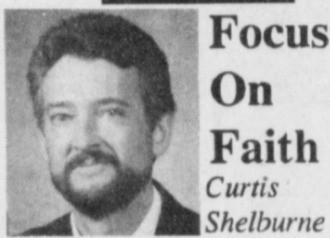

"Those people in church are a bunch of hypocrites!" That's hardly news. So, by the way, are the people outside. "All have sinned," Paul wrote, and that's true of all of us whether we sit on church pews or sleep in on Sundays. One of the most important things we're doing by the very act of bowing before the Great Physician is admitting our weakness and our deep need for healing--from self-righteousness as well as from other serious spiritual ills.

"But I can be a Christian and not attend church." In the same vein, I suppose that a soldier is technically a soldier even if he goes AWOL. But he won't remain a soldier long. And he won't be winning many battles.

The real question is not, "Do I have to attend church?" The deeper question is, "Why, honestly, do I not want to?" Surely Christians should want to bow before their Creator in worship with others as a loving community of faith.

Do we? Are we glad to go to church, or are we simply galled by the prospect? Just asking.

Curtis Shelburne at the minister of the 15th & D Church of Christ in Muleshoe.

Focus On Faith

May I suggest another fertile field in the blooper market? Church bulletin bloopers! I've seen (and made, unfortunately) some notable ones. In fact, I saw one just the other day.

The blooper in question appeared in an article on church attendance. The essay began with a very appropriate verse of Scripture into which had crept a very inappropriate but revealing typo. It read, "I was gald when they said unto me, let us go into the house of the Lord" (Psalm 122:1).

I know lots of folks who could say the same thing, don't you? Me, on some days. But what about those who are "galled" every time someone suggests going into "the house of the Lord" to bow before the Creator

Letter To The Editor Policy

The Muleshoe Journal and Bailey County Journal welcomes letters to the editor on issues of concern to readers. Such letters must meet certain qualifications in order to be considered for publication.

Letters must bear the writers signature, address and phone number in order that the authorship may be confirmed. Under some circumstances we will delete the name of the writer, if, in our judgement, the request to do so is justified.

Letters should not exceed 300 words and must meet standards of good taste as well as legal guidelines. Letters attacking another person, a church or specific religion will not be published. Comments on issues are encouraged in order to maintain a forum for discussion of public views.

GYM GETS NEW SCORE BOARD---After 38 years of service the score board in the high school gym was retired and a new one took its place this week. The score board was donated by First Bank of Muleshoe and Coca Cola. Tommy Gunstream, president of the bank, and Coach Randy Adair are shown with the score board.

Ozone Reduces Lung Capacity
Exercise indoors on hot, humid days

The sun is shining, the temperature tops 90 and you've been stuck in the office all day. Now it's five o'clock and a jog in the park sounds like the perfect way to get some fresh air.

Think again! Hot, humid days are not the time to be exercising outdoors because there can be an increase near the earth's surface in the level of ozone, a powerful chemical that forms when

pollutants from automobile and industrial emissions react in conditions of high temperature and sunlight. This bad ozone is not to be confused with the ozone layer 15 miles up in the earth's stratosphere that protects us from harmful ultraviolet rays.

Short-term exposure to ozone may cause a temporary decrease in lung capacity, according to Dr. William Eschenbacher, medical

director of Respiratory Care Services at The Methodist Hospital in Houston. This decrease could be especially harmful to those with asthma or lung disease.

"A person with lung problems could wind up in the emergency room after exercising on a hot, humid day when the ozone level is at its highest," Eschenbacher said.

Ozone is not the only danger lurking in the humid air. Allergens, which make breathing difficult for many, are more highly concentrated when the humidity is high.

Heat exhaustion is also a danger when high temperature and high humidity puts too much stress on the body's natural cooling mechanism, Eschenbacher warns.

So does this mean the jog is off and you should go home, watch television and pour a little extra gravy on your meat loaf and mashed potatoes in protest of all the conflicting warnings about health and exercise?

No way! If you know your lungs are in good shape and you have never been diagnosed with asthma,

Eschenbacher suggests you just be extra cautious not to overwork yourself when exercising in the heat and humidity. Those whose lungs function at 100 percent normally may experience a short-term loss of lung capacity from ozone. It will probably go unnoticed, but painful breathing is a warning sign.

Eschenbacher seriously advises people with asthma and those who have been diagnosed with any type of lung or heart disease to stay inside as much as possible when

the humidity is high and the smog is at its thickest. Exercise is best performed indoors during the summer months or any other time of year when temperatures rise.

"Most of us already spend 95 percent of our time indoors. We just need to be smart about the time spent outdoors," Eschenbacher says.

Sexuality-A Part Of Life

Contrary to some myths, there is sex after 60 says, a psychologist at Baylor College of Medicine in Houston.

"Sexual expression can continue to be a part of life into our sixties, seventies and beyond," said Dr. Naomi Nelson, an assistant professor of neurology at Baylor. "We know in terms of etiquette how to eat soup in a restaurant, but we don't know what society says is an appropriate expression of sexuality among older people."

Nelson says people get caught up in social customs and behavior and miss the big picture of what it's like to be a sexual being all of their lives.

A major obstacle that many aging people need to overcome is the perception that they will lose the physical ability to have an active sex life. There are physical changes but, Nelson said, sex can still be a part of a healthy, active person's life.

Doctors say some older men might have a slower arousal period, but that doesn't mean the libido or desire has decreased. There may also be a less forceful ejaculation. This is not a sign of trouble as much as it is a sign of normal aging.

Women may also experience dryness during arousal as they age, which may be a sign of the normal aging process.

"Men and women should not be frightened by such changes," Nelson said. "Although, it is also a good idea for elderly men and women to talk with their physicians and discuss their concerns."

It is generally accepted that the more physically active people are sexually, the better their sexual organs will function.

"Physical changes are not the only barrier to being comfortable with sexuality," Nelson said. "The

elderly need to fight stereotypes about sexual attitudes and behaviors and have frank, open discussions with their mates."

Even though some elderly couples may still have a sex drive, they often do not feel comfortable talking about sexuality with their partners. Nelson's advice is to stop thinking of sex as something to be enjoyed only in youth.

"Stop thinking of sex as something in the past. Think of sexuality as a part of life, and, as long as you still have life, live it to the fullest," Nelson said.

The Texas Folklife Festival Is Looking For Folk!

Some 22 years ago, O.T. Baker and his small band of staff and volunteers set out for town across the state, rounding up Texans who had preserved the ethnic traditions and pioneer skills which helped form the Lone Star State. In 1972, the first Texas Folklife Festival featured 2,000 participants who shared their food, crafts, music, dance, and stories with Festival visitors. Now in its 22nd year, the Festival is looking for NEW folk who can join with charter members and long-time participants in demonstrating their skills and crafts to visitors of all ages.

If you have a "new" old skill or a craft that's been handed down through the decades and would like to share your knowledge, the Folklife Festival is looking for you. Whether your specialty is handcrafting a saddle, making hominy, tinsmithing, or any of the hundreds of pioneer skills required in early Texas, come join this fun and educational event and help preserve the ethnic and cultural folkways of Texas.

For more information about participating in the 1994 Texas Folklife Festival, write the Texas Folklife Festival, Institute of Texan Cultures, P.O. Box 1226, San Antonio, Texas 78294.

West Texas Senior Sports Classic Set

The University Medical Center West Texas Senior Sports Classic, a multisport event specifically devoted to adults ages 50 and older, is set to hit the City of Lubbock August 18-21, 1993. This four day event is designed to provide West Texas senior adults with an opportunity to display athletic talents in a professionally run and exciting competition and to promote the UMCWTSSC philosophy of "Fitness and Excellence through Competition."

The University Medical Center West Texas Senior Sports Classic is a member of both the Texas Senior Sports Organization and the United States National Senior Sports Organization. The Sports Classic is conducted by the City of Lubbock Parks & Recreation Department and is underwritten by the University Medical Center. The individual sports events will be conducted by local sporting clubs which encourage senior members to participate.

Separate tournament events will include: Archery, Basketball Freethrow, Bowling, Bridge, Cycling (two time trials and the "Over-The-Hill Tour"), Disc Golf (9-hole), Golf (36-hole), Roadrace, Swimming, Tennis, Track, Discus, High Jump, Javelin, Long Jump, Standing Broad Jump, and Pole Vault. Venues will be located across the city and will include: The Lubbock Memorial Civic Center, MacKenzie State Park, Lubbock Tennis Center, Meadowbrook Golf Course, Lubbock Archery Range, and the Campus of Texas Tech University.

All individual sporting events have separate men's and women's competitions with 5-year age divisions, starting at age 50. Medals will be presented to the first, second and third place finishers in each event.

The registration fee is \$6.00 per person and there is a \$1.00 entry fee per event entered. Those entering the 36-hole Golf or Bowling will be charged an additional fee to cover expenses. All participants will receive a commemorative T-shirt with their registration. The registration deadline is August 13, 1993.

An all day Opening Ceremony will be held at the Lubbock Civic Center on August 18. It will

include a 15-county Arts & Crafts Fair, the largest Senior Health Fair on the South Plains (sponsored by University Medical Center), a terrific Senior Information Market, fun competitions, entertainment, a dance contest, and special awards. This event is free.

Closing ceremonies will be

held at a banquet, Saturday night, August 21, in the Civic Center Ballroom and will include dinner, dancing, awards, and entertainment. The cost of the banquet is \$8.00 per person and tickets must be purchased by August 13.

For more registration information, contact Peter Laverty, 806-767-2710, or write UMCWTSSC, 2001-19th, Lubbock, TX, 79401.

Travel Tips For People With Arthritis

The thought of traveling for people with arthritis may bring to mind additional pain, inconvenience and frustration. There are however, many ways to make traveling more enjoyable and comfortable, reports the Arthritis Foundation.

"The key to traveling successfully is advanced planning," said Marty Cook, President of the Northwest Texas Chapter. "The first step includes making realistic and flexible plans that fit your interest and capabilities. Advance planning also includes deciding on type of transportation, hotel accommodations, travel insurance and whether to use a travel agent."

The Arthritis Foundation offers seven basic tips for saving your joints and energy when traveling:

*Begin a trip or outing well rested.

*Set aside time to rest at your destination before beginning activities.

*Prevent stiffness with simple range-of-motion exercises such as ankle circles, shoulder circles, wrist and hand exercises, and leg lifts.

*Accept help and special services when needed.

*Ask tour guides how much walking is required.

*Do not let yourself get overtired.

*Plan ways to spend time by yourself in case you are unable to join or keep up with group activities.

In addition the Foundation offers the following luggage and packing tips:

*Use lightweight luggage with shoulder straps or wheels.

*Ask porters to carry your luggage whenever possible, use luggage carts when assistance is unavailable.

*Pack lightly--most hotels have laundry facilities.

*Take comfortable clothing that you can get on and remove easily.

*Check weather conditions ahead of time to decide what type of clothing to bring.

*Always travel in low-heeled shoes with good support.

For more information or to request a free copy of the brochure "Travel Tips", contact the Arthritis Foundation-Northwest Texas Chapter; 3145 McCart; Fort Worth, TX 76110; 817-926-7733 or outside Fort Worth call 800-283-7733. In the Wichita Falls area call 817-723-0346 or in Lubbock the number is 806-795-0931.

The Arthritis Foundation is the source of help and hope for an estimated 37 million Americans who have arthritis. The Foundation supports research to find ways to cure and prevent diseases, and seeks to improve the quality of life for those affected by arthritis.

Governor Signs Bill For Inmate Work Programs

Governor Ann Richards signed into law House Bill 864 which will allow incarcerated inmates in county jails waiting to be transferred to the Texas Department of Criminal Justice (TDCJ) to volunteer for county inmate work programs. Current law only allows persons who are in jail awaiting trial, or who have been convicted of a misdemeanor to participate in such programs.

"Implementing meaningful work, rehabilitation and educational programs continue to be major issues that face today's criminal justice system. Encouraging a positive work ethic is a vital component to the mission of TDCJ," said Governor Richards.

"I commend Rep. Johnson on sponsoring this bill and local sheriffs for supporting it. The state needs more of these of productive work programs for inmates."

Rep. Johnson echoed the Governor's sentiments. "The general public wants inmates to work. Most inmates would rather work than sit in a cell all day, and our local communities can benefit from inmate work programs."

Rep. Johnson worked closely with East Texas sheriffs in formulating the bill and credits them with the idea. "They were instrumental in developing the idea," he added.

"The result of passage of H.B. 864 is a win-win situation. Many people have felt that these prisoners should be utilized in a productive manner. County projects and cut down in disciplinary problems are only a few of the benefits from this program," stated Sen. Haley (D-Center).

H.B. 864 clarifies existing law and permits local sheriffs to institute work programs and have all qualified inmates participate voluntarily. Studies show that skills the majority of the inmates claim to have do not prove to be valid.

Provisions in H.B. 864 also allow for inmates who voluntarily participate in these programs to be awarded good conduct time. It is the responsibility of the local sheriff to certify good conduct time earned.

Services For Glen McCleskey Held Sat.

Services for Glen McCleskey, 82, of Earth were held Saturday, July 2, 1993 at 11:00 a.m. at Earth Church of Christ, with Denny Sneed, minister, officiating.

Burial was in Earth Cemetery, under the direction of Parson's-Ellis Funeral Home, Earth.

McCleskey died July 1, 1993 at 5:00 p.m. at St. Mary's Hospital in Lubbock.

He was born March 19, 1911 in Washington, OK and married Opal Victoria Blasingame on July 25, 1932 in Holdenville, Ok.

McCleskey had been a resident of Earth since 1935, moving here from Holdenville, OK. He was a mechanic for Dent Farm Supply and a member of Earth Church of Christ.

Survivors include his wife, Opal Victoria McCleskey of Earth, TX; three daughters, Norma Barden and Virginia Barden, both of Springlake, TX and Shirley Largent of Lubbock, TX; two sisters, Ruby Foster of Godley, TX and Fay Roberson of Holdenville, OK; eight grandchildren and 10 great-grandchildren.

Florencia Martinez Services Held Saturday in Sudan

Services for Florencia Martinez, 85, of Sudan were held at 11:00 a.m. Saturday at Immaculate Conception Catholic Church in Muleshoe, with Father Joseph Augustine officiating.

Rosary was said at Ellis Funeral Home Chapel of Chimes in Muleshoe. Burial was in Sudan Cemetery under the direction of Ellis Funeral Home, Sudan.

Martinez died June 30, 1993 at Muleshoe Area Health Care Center. She was born December 2, 1907 in George West, TX. She married Sabas Martinez on November 18, 1927 in Mathis, TX. He died Feb. 21, 1975.

Mrs. Martinez had lived in Sudan since 1974, moving there from Muleshoe. She was a homemaker, and a member of Immaculate Conception Catholic Church of Muleshoe.

Survivors include five sons, Julian Martinez, Pat Martinez, Nat Martinez, and Joe Martinez, all of Lubbock and Frank Martinez of Sudan; two daughters, Rosa Limon of Sudan and Paula Benavidez of Mathis, TX; 49 grandchildren, 66 great-grandchildren and 3 great-great-grandchildren.

The disposition of the good conduct time will be used by the director of TDCJ.

Sponsors of H.B. 864 are Rep. Jerry Johnson (D-Nacogdoches) and Sen. Bill Haley (D-Center). The bill will become effective on August 30, 1993.

HEALTH NEWS

Medications can be great at relieving pain and suffering and increasing a person's quality of life, but if not used properly, they can be hazardous.

"Seven percent of all involuntary hospitalizations are prescription related. The most common reason for complications is failure to follow usage directions," said Patrick Pritchett, director of Pharmacy at Methodist Hospital.

When your doctor prescribes medication, make sure you understand how to correctly use it. Also, make sure you:

- *Tell your doctor about all medications you are currently taking and any past side effects. Include vitamins, laxatives, muscle relaxants and birth control pills.

- *Ask about possible side effects or any special precautions that should be taken.

- *Ask about the drug's effect when combined with alcohol, tobacco or coffee, if appropriate. Ask if there are any foods that should be avoided.

- *Report any unexpected symptoms to your doctor immediately. Common trouble signs include rash, nausea, diarrhea, dizziness, headache or stomach pain.

- *"Serious complications may result if you don't follow doctor's orders," said Pritchett. It may help to use the following guidelines:

- *Never take medicine without checking the label to make sure it's what you think it is. Turn on the light for safety when you take medicine at night.

- *Pay close attention to special warnings such as "don't mix with alcohol" or "do not take with milk."

- *Don't skip doses, adjust doses or use old medicine to mix with the new. Never let another person take your medication.

- *Take all your medication, even if you are feeling better. Symptoms may return if all medication is not taken.

- When children find medications, the colorful pills look like candy to them. That is why tamper-proof containers are so important.

- If you do not have small children or you have arthritis, you may not need hard-to-open, tamper-proof bottles.

- Finding a helpful pharmacist is another resource in handling all your medication. "It's a good idea to get all your medication from the same pharmacy," Pritchett said.

George Mitchell, Senate Majority leader:

- "There will be less in the way of taxes," commenting on compromise economic program of Clinton Administration.

★ **Make your life have the right . . .**

on others

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NOTICE TO BIDDERS

The Bailey County Commissioners Court will receive bids until 10:00 a.m., Monday, July 12, 1993, for the purchase of fuel for all Bailey County vehicles and road equipment. Purchases will be made through pumps with the use of key cards. All fuel purchases by the Precincts, as well as diesel purchases by the Ambulance Service, will require storage tanks, which may need to be furnished. Bailey County is required to pay state taxes, but is exempt from federal taxes. Bailey County is a bonded user of diesel fuel.

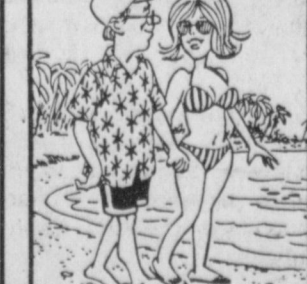

Separate unit bids will need to be submitted for gasoline, regular and unleaded, and for diesel fuel.

Please submit bids for entire county and/or by individual precinct.

The bids shall reflect the percentage above wholesale cost of fuel per tank wagon. This percentage shall remain in constant throughout the term of the agreement. Payment will be made from General and Precinct funds. The Commissioners Court reserves the right to reject any or all bids and to waive formalities. Bids should be submitted to the County Judge's office, 300 South 1st, Muleshoe, TX 79347, prior to the above date and time.
