Two Boys Are Sent To Reform School For Robbery Here

Williams Tells

By Fred L. Williams

Congratulations—

This department wishes to join those merchants whose messages appear in this issue of The News in extending hearty congratulations to Homer Mulkey on the completion of his new theater, "The Cozy", here.

Mr. Mulkey has left nothing undone to make of his new theater one of the finest small town show houses in this section of the state. It is modern and complete in every detail, and is a distinct asset to the town.

Mr. Mulkey is a thoroughly experienced theater man, having operated the popular Pastime Theater here for many years, and the addition of the new theater will enable him to offer more entertainment to theatergoers of the county.

Congratulations, Mr. Mulkey. May your new enterprise be all that you hope for it to be.

The Answer—

Quite a number of people have inquired about the correct answer to the problem published in this column last week concerning the profit or loss shown by a man in a certain horse trading deal, stating that it was rather confusing.

The correct answer is that the man made a profit of \$20. But it can be proved that he didn't—that he came out even.

So now you know the answer—or do you?

An Apt Description—

Dude Gentry opined as how he knew the definition of the word "transpire", about which some question was raised in this department last week. And his definition was pretty accurate.

We referred to the dictionary to get the exact definition and found it to be defined thus: "Excrete, pass through."

"Hmmm," said Dude. "Pass through. Well, I guess you would say that Shamrock 'transpired' the Bronchos, eh?"

To say nothing of Groom.

Bad and Good—

Dude is also credited with this true story of a coincidence:

He was in attendance at a football game between two well known college teams. One of the backs broke through the line and made a beautiful run. The safety man made a desperate attempt to make the tackle, but missed the ball carrier who romped on across for the touchdown.

One lady, sitting by Dude, made the remark:

"Too bad."

Another lady, next to her, said:

"Oh, no. That was fine!"

"But that was my son that tried to tackle him," said the first lady.

"And that was my son carrying the ball," was the reply.

About the Bronchos—

The Bronchos lost another football game, and many of the Clarendon fans appear to be more than somewhat disgruntled over the fact that two heavy plasters have been administered to the locals in a row. Most of the fans, however, realize what the Bronchos were up against in their last two games.

Shamrock and Groom both had teams on the field that greatly outweighed the locals, and the players of each of those teams have had considerable more experience than the young, light local squad.

As far as alibis for the losses are concerned, I don't think an alibi in either instance is due. The Bronchos are light, and inexperienced, and do not have the timing and teamwork that many of the teams of the district have displayed. But any bunch of youngsters that have the fighting hearts that the locals have, are not going to be too easy to handle.

I have seen quite a little football, but I do not believe I have ever seen small men get in there (Continued on Page Eight)

YOUTHS CONFESS BURGLARIZING HOUSES AND ENTERING SCHOOL BUILDING.

Two youths, Virgil Counts, 15, and Paul Mann, 14, both of Amarillo, were sentenced there this week to the reform school until 21 years of age, according to Sheriff Guy Pierce. Local officials report the youths confessed to burglarizing two residences in this city and the South Ward school building, as well as two houses in Brice. The youths allegedly committed misdemeanors in Amarillo and were charged with robbery at Durant, Oklahoma.

Counts and Mann, released from the reform school only one and one-half months ago, were enroute to Brice to pick cotton when they stopped in Clarendon and entered the residences of Ed Duncan, Mrs. Will Lott and the South Ward school building. The two boys aroused suspicion at Brice and the farmer for whom they were picking cotton carried them to Amarillo. Before reaching Amarillo, the youths escaped but were taken into custody by the Amarillo officers a few hours later.

The school building was entered Tuesday night. Desk drawers were rifled, papers burned, obscene language written on the boards and the rooms turned into a chaos. The home of Ed Duncan was entered Wednesday night and it is reported the two accused youths stomped a birthday (Continued on Page Eight)

1,231 BALES ARE GINNED IN COUNTY

STAPLE BRINGS 10 1-2 CENTS; SEED ADVANCE TO \$34 A TON.

Gins in Donley County this morning reported a total of 1,231 bales of cotton ginned to date. To October 9, the Clarendon gins and the Lelia Lake gin reported 477 bales ginned. This week's report, which includes a report from the Goldston gin, reveals that 754 bales have been ginned since October 9.

The local crop is bringing about 10 1-2 cents a pound at present market prices, and cotton seed have advanced to \$34 a ton, with some gins reporting higher seed prices.

Bulldogs To Go To Plainview Friday

The Clarendon Junior College Bulldogs will meet the Wayland College Jackrabbits at Plainview Saturday afternoon at Plainview, in the first game for the newly organized local college squad.

The Bulldogs have been working out every afternoon, and for the past week have been engaged in scrimmage sessions with the High School Bronchos. Although handicapped by a lack of material (only about 15 players being included in the roster) Coach Hazelwood has the boys rounding into shape, and it is believed that they will put up a good battle in their initial encounter Saturday.

County Agent Explains Method of 12-Cent Cotton Adjustment Payment

Cotton producers may make application with the buyers of their cotton for the adjustment payment on the difference that exists between the average of the ten spot market and 12-cent cotton, according to H. M. Breedlove, county agent.

"This does not mean that the government will pay the difference between what the buyer pays for the cotton and 12 cents," Breedlove stated. "For example, if the buyer pays 10 1-2 cents for cotton and the average of the

COMMUNITY MEET HELD IN HEDLEY

MANY ATTEND SINGING AT HEDLEY FRIDAY; MAY BE HELD REGULARLY.

A community program was given Friday night at Hedley in the high school auditorium with a large crowd in attendance. Officials received many requests to make the singing a regular event with a set date in each month on which to meet.

W. C. Payne, superintendent of the Hedley schools, was in charge of the program and made a short talk on the purpose of the meeting, to bring citizens of Hedley together by an evening of singing and good fellowship.

Superintendent Payne introduced Sloan Baker, county superintendent, who led the group singing. String music was furnished by a string band and the grammar school chorus was the featured attraction on the program. The school children were led by Sid Thomas, coach, and Roscoe Tros (Continued on Page Four)

BRONCHOS BEATEN BY GROOM TIGERS HERE FRIDAY NIGHT

LOCALS DEFEATED BY SCORE OF 26 TO 0 IN NON-CONFERENCE TILT.

Led by the fast-stepping Dodd, flashy halfback, the Groom Tigers defeated the Clarendon Bronchos 26-0 under the lights at College Field here Friday night in a non-conference tilt. Dodd made three of the four touchdowns chalked up by the Tigers, and was the most consistent ground gainer on the field.

The Tigers, outweighing the locals an average of eight pounds to the man, carried the battle practically all the way through the game, the lighter Broncho forward wall being unable to stop the smashing charges of the Tiger offense.

Groom's first score came early in the first quarter when Wilson broke through left tackle and raced 45 yards for the touchdown. Helton's try for extra point was not good.

The second score came in the second period, and two more counters were scored in the last stanza, Dodd doing ball-toting chores on each occasion. In the second quarter Dodd plunged through the line for 4 yards to cross the pay stripe after several long gains to bring the ball in scoring position. Helton's kick for extra point was good.

Dodd plowed through center for 9 yards and a touchdown in the fourth quarter, and repeated the performance from the 15-yard line again in the same quarter. On each occasion the ball had been advanced across the field by long gains, most of which were accounted for by Dodd. Helton's attempt for point after third touchdown was no good, but Wilson bucked the line for extra point after the last touchdown.

The Broncho forward wall all through the game managed to hold the visitors to one, two and three downs with little or no gain, but Dodd managed to rip off 10 or 15 yards or more in the pinches.

The Bronchos never seriously threatened to score, being unable to get their offense to click against the powerful Tiger defense. Strawn turned in several (Continued on Page Four)

POST OFFICE WANTS TO LEASE BUILDING

LEASE ON PRESENT BUILDING EXPIRES APRIL 1, 1936.

A. S. Page of Fort Worth, post office inspector, was in Clarendon Wednesday, and announced that the department is advertising for another building to house the local postoffice after April 1, 1936, the date upon which the lease on the present building expires.

Mr. Page stated that anyone who owns a suitable building can obtain particulars regarding the requirements and lease by consulting the bulletin board at the local post office.

He also stated that the change in location would have no bearing on the proposed new federal building here.

TRENCH SILO IS MADE IN HEDLEY

Two hundred Donley County farmers were present last week at the Claude Bain farm near Hedley when County Agent H. M. Breedlove conducted a trench silo demonstration.

The trench silo, which is arousing much enthusiasm among the Donley County farmers because it may be economically constructed and proves very effective in this section, was built by Mr. Bain under the supervision of the county agent.

FOOTBALL TALKED AT LIONS MEETING

MEMBERS URGE CITIZENS CO-OPERATE WITH TEAM AND COACHES.

A general discussion of football was participated in by members of the Lions Club at the regular meeting in the Anstro Hotel Tuesday night.

Lion Burton started the discussion with remarks pertaining to criticism that had been heard since the local high school team lost its second game of the season last week-end. Lion Burton stated that the boys were fighting against overwhelming odds in their last two games, and added that in his opinion there was no room for criticism of the team or the coaches, in that the local squad was extremely light and inexperienced, and that they were playing much heavier and more experienced teams.

Other members of the organization made talks along lines similar to those of Mr. Burton's (Continued on Page Eight)

Entrance was gained in both instances through back windows.

Bronchos Will Go To LeFors Friday

The Clarendon High School Bronchos will go to LeFors Friday night, where they will meet the powerful LeFors Pirates under the lights.

The locals, who were defeated 26-0 by the Groom Tigers here Friday night, will "shoot the works" in an attempt to get back into the win column after the reverses they have suffered in their last two tilts here.

The next home game on the schedule is slated for Friday night, October 25, when they will engage Mobeetie on the local gridiron.

A large crowd is expected to follow the Bronchos to LeFors Friday.

Business Men Congratulate Mulkey On Opening of New Theater Here

In this issue of The News will be found two pages of congratulatory messages from business men of Clarendon to Homer Mulkey, upon the completion of his new Cozy Theater here. Formal opening date of the new theater has been set for Friday, October 18.

Mr. Mulkey, who has successfully operated the popular Pastime Theater here for the past 25 years, stated that the new show, which is modern throughout, will feature action pictures and serials. He said that the Pastime will continue to show the high type pictures it has shown in the past, and that with the opening of the Cozy he will be able to offer theatergoers a wide variety of high class entertainment.

ALL PRODUCERS ELIGIBLE TO VOTE ON CONTROL PLAN

CONTINUANCE OF AAA PROGRAM URGED BY COUNTY ASSOCIATION PRESIDENT.

Every eligible corn-hog producer in Donley County, as well as each of the 260 contract signers, is entitled to vote in the national corn-hog referendum Saturday, October 26, according to Bert Mayfield, president of the County Corn-Hog Control Association.

According to Mr. Mayfield, all farmers have a stake in the question. It is important, the Donley County president says, to get the judgment of every eligible producer on the matter, if he favors a corn-hog adjustment program to follow the 1935 program which expires on November 30, 1935.

All operators and owners, or their officials representatives, of farms which produced corn or hogs in 1935 may vote whether they signed the corn-hog contracts in the past years or not. Community committeemen will determine the eligibility of voters. Each person is entitled only to one vote regardless of the number of farms he may own or operate, no matter where located.

The corn and hog industry, on the one hand, has a choice of continuing a production adjustment program designed to hold corn acreage down to a safe, desirable level and preventing an excessive increase in hog numbers. The alternative is to release control of both corn acreage and hog production at the risk that during the next three years the increase in hog production from the 1935-36 level will be greater than for any previous period in the country's history with consequent disastrous hog prices, Mr. Mayfield said.

In the years before the AAA, every corn-hog producer would have had to deal with this prospect in his own individual way, with no means of guessing what the industry as a whole intended to do, and with no means of bringing about concerted national action to meet the problem. Now with their production control associations and their voluntary contract system, farmers as a whole (Continued on Page Four)

Cannery Changes To New Location

The Donley County cannery was removed from its location Saturday to the adjoining building north, as the building formerly occupied by the cannery was leased by the Salmon Dry Goods Company.

Mrs. J. M. Acord, supervisor, reports that officials are well pleased with the co-operation received from the workers, since the inauguration of the new percentage basis whereby the worker ceives 20 per cent, the relief commission 30 per cent, and the producer 50 per cent of all foodstuff canned in the establishment.

An average output of 500 cans daily with only 10 workers is reported by Mrs. Acord. Peas, beans, greens and sweet potatoes have been canned this week.

PALMER TO HAVE NEW FORD HERE SATURDAY

A new 1936 model Ford V-8 will be on display at the Palmer Motor Company showrooms here Saturday, October 19, according to an announcement by Doss Palmer, manager, this week.

Small Damage Is Done By Gin Fire

Fire which broke out in the Fitzgerald Gin Tuesday night at 8 o'clock in the cotton storage room caused an estimated loss of \$25.

Until the fire department reached the gin, employees kept the blaze under control with fire extinguishers. The fire department extinguished the blaze almost immediately and no damage occurred to the machinery or building.

## SPORTSMANSHIP

The thing that distinguishes a genuine sportsman from a "bum sport" is that those who have the spirit of sportsmanship not only knows how to win gracefully, but how to lose uncomplainingly. The difference between a genuine sportsman and the other kind is that your real sportsman never tries to shift the responsibility for his failure upon somebody else.

We have long believed that the sporting attitude toward life is the soundest of all philosophies of living. Try your best to win, but if you lose don't be too quick to blame somebody else for your failure. Nine times out of ten, people get whatever rewards their individual ability, character and industry entitle them to. But it is our observation, also that about nine times out of ten the man who fails is ready to lay the blame upon the government, or the capitalists, or the boss, or anybody but himself.

True sportsmanship does not imply taking defeat lying down. The true sportsman never knows when he is licked. He never accepts defeat as final, but continues to strive to the end of the game. He observes the rules of the game rigidly. If he doesn't like them, he may try to have them changed, but so long as the rules are as they are, he follows them.

We hear a great deal of whining in these days of depression, but every little while we run across a real sportsman, who hasn't let circumstances kick him, but is starting out afresh to try to win the game of life. To every such man we take off our hat.—Stephenville Empire-Tribune.

## YOU CAN'T EXAGGERATE THESE HORRORS

A few weeks ago readers of an important New York daily received a gruesome surprise. In an account of a serious automobile accident, the paper no longer confined itself to a bare and colorless statement of facts. Instead, it presented all the gruesome details, chronicling the mashed, oozing skulls, and compound bone fractures, the bleeding wounds of the victims. And it announced that it would continue this policy, in the belief that it would help bring public realization of the horror of automobile accidents, and assist in creating real public cooperation in making our streets and highways safer.

This is partly the result of the famed Reader's Digest article, "—And Sudden Death", by J. C. Furnas, which has received national attention. Mr. Furnas pointed out that an effective picture of motor accidents "would have to include motion picture and sound effects, too—the flopping, pointless efforts of the injured to stand up; the queer, grunting noises; the steady, panting groans of a human being with pain creeping upon him as the shock wears off. It would portray the slack expression on the face of a man, drugged with shock, staring at the z-twist in his broken leg, the insane crumpled effect of a child's body after its bones are crushed inward, a realistic portrait of an hysterical woman with her screaming mouth opening a hole in the bloody drip that fills her eyes and runs off her chin. Minor details would include the raw ends of bones protruding through flesh in compound fractures, and the dark red, oozing surfaces where clothes and skin are flayed off at once".

Horrible—nauseous—disgusting? Yes—but these details are not one iota too much so. They are part and parcel of thousands of accidents each year. Somewhere, at this moment, the gruesome scene is being enacted again. The New York newspaper, which is to do its best to give a true picture of major automobile crashes, has set an example that should be emulated throughout the country.

## "AT YOUR OWN RISK"

Perhaps the most heartening thing about President Roosevelt's neutrality proclamation is the fact that it lays down a new policy for American citizens in time of foreign war—namely, the fact that any citizen who sticks his head into a mess overseas does so strictly on his own hook.

"Any of our people who voluntarily engage in transactions of any character with either of the belligerents do so at their own risk," says the president.

Here is a sound principle that ought to be made a part of our permanent policy. Think what trouble it would have saved us in the stormy years following 1917! Strictly adhered to, it would have enabled us to stay out of that war.

When foreign nations are at war, the place for Americans is at home. The man who travels in the war zone, lends money to the fighters, or sells goods to them has only himself to blame if he gets into a jam.—Wichita Falls Record-News.

## ALPHA DELTA PSI

The members of the Alpha Delta Psi Literary Society gathered last Thursday evening at 7:30 o'clock in the basement of the girls' dormitory for their weekly meeting. The attendance was greatly increased over that of the past few meetings, and much more interest in the program was manifested by those present. If the interest now prevalent in the society can be maintained, much worthwhile work can be done.

The programs for a series of meetings in the future are to deal with the lives and works of contemporary writers.

The program for the evening was enjoyed by all present. Upon completion of the formal part of the program, certain business matters were discussed and decided upon. A new office, that of publicity man, was given to Robert Nichols. After the business of the society was completed, the meeting was adjourned until next Wednesday night at 7:30, the new meeting date of the Alpha Delta Psi.

## A TO Z

My dear public, this is one week that this column isn't going to have a lot of H. S. football talk in it. I will simply say—there was a game Friday night and there were two scores; one 26 and the other 0.

I guess I will say a little more about football though. The C. J. C. Bulldogs, as you know, will journey to Plainview Saturday night to play the Wayland Jackrabbits. Here are some teams and their scores with Wayland. First, the Picadors, Texas Tech freshmen beat them 28 to 7. The N. M. I. of Roswell handed them a 19 to 0 beating, then last week-end, the Pan-Aggies of Goodwell, Oklahoma, trounced them 44 to 6. You never can tell, but maybe our own Bulldogs can take the long-ears for a cleaning. We hope they can.

## CAMPUS DIRT

Why was Harold McDaniel dancing in his stocking feet at Sarah Virginia's dance last Saturday night?

I believe Drew Wilkerson should have stayed on the south side of the building last week instead of walking around to the north side and seeing things he will not tell about.

Hubert Reavis asked us to announce that poster painting is not his profession. Maybe you noticed the little Poster Sale carried around at the football game Friday night.

The latest bustup: Anna Moores Swift and Keith Swinburne. Wonder why?

Son Grady and Albert Cobb did some grand tackling last Friday. We were glad to see Jelly back in the game.

Virginia Williams is sporting a new permanent this week and that may explain why some of the boys keep rolling their eyes.

Anna Moores Swift had a birthday last week and a dinner party, too.

The best spot on the goofy bird roost goes to H. W. Lovell this week. He just adores bananas sliced on his hamburgers.

A group of crestfallen college freshmen ambled out of the senior class room last Tuesday looking slightly bewildered. They had just finished an intelligence test or, as Dorothy Phelps says, it turned out to be an ignorance test.

Norris Dewey knows how to entertain himself. Last Sunday he started out to try to find some shoe polish and ended up by making a clock. He must have had an inspiration.

## PEEK-A-BOO

By PEEK

It is rumored, and rumors have been thick this week, that Mr. Drennan had a birthday Wednesday; is anyone sufficiently rich to give him the present he so richly deserves—to be "Carried Back to Old Virginy"? Also it is rumored that Alex and Jack argue over chemistry, as well as everything else. And again it is rumored that Bill Johnson hates to see his name in the paper.

Pig Green says there are horse thieves in the chemistry class. Oscilla McCauley has lovely eyes; Lillie Jewell Barns, too.

Glancing about the building, I see: Jimmy Bourland waxing sarcastic; Gladys Salmon always hurrying; Mrs. Rundell taking taking all things seriously; a bonny lad from Lelia Lake expressing his opinion about Wilfred Hott's singing.

Now to become serious. Peek has heard, from reliable sources, that the senior class is proud of its representatives on the local team, and, believe me, it has a right to be proud of them—real players, real sports, real boys, every one of them. The juniors bay be considered next time, or if good old Peek forgets, they can get some obliging person to boost them next year. D'ya know Peek feels like we are gonna win this Mobeetie game? Anybody want to bet?

Sarah: "Do you love me, Dear?"  
Harold: "Dearly, sweetheart."  
Sarah: "Would you die for me?"  
Harold: "No, my pet. Mine is an undying love."

## COLLEGE FRESHMEN TAKE REQUIRED EXAMINATION

Tuesday morning and afternoon the freshmen of Clarendon Junior College were required to take an English and psychological intelligence test required by the new state educational program. College freshmen all over the state will have to take these tests this

year as well as in the future. The results of the local tests will be compared with other results over the state, and will help the local officials learn how the students of this school compare in general intelligence with other students.

## Officers Elected By Owissa Troop

The Owissa Camp Fire Troop met Monday afternoon at 4 o'clock on the college steps for the purpose of electing new officers for the coming year.

Kathleen Ryan presided, as she was the former president, and the following officers were elected: June McMurtry, president; Jo Word, vice president; Phoebe Ann Buntin, secretary and treasurer; Jo Ann Thompson, reporter; and Jean Teat, sergeant-at-arms.

This camp fire troop will meet every Monday afternoon at 4 o'clock. All members are urged to attend.

## PRESS CLUB MEETING CALLED FOR MONDAY

There will be a meeting of the Press Club next Monday afternoon, October 21, immediately after school in Miss Headrick's room. The object of this meeting is to find out whether or not there is enough interest in this organization to make it possible to continue during the remainder of the year. Everyone who writes for the Broncho Range and everyone else interested in writing is urged to come. If there are enough students present, a regular meeting date will be set and officers will be elected.

## Luncheons Served By Home Ec Girls

The second-year home economics girls are taking turn about in serving lunches to members of the faculty and outside guests. There are 21 in the class, and three girls are working together each time to prepare a meal for eight guests. These three girls are entirely responsible for the menu, the preparation and the serving of the meal. One girl acts as host, another as hostess and the other as maid. One of these lunches was given last week, and three more are planned for next week, thus making all of the members of the class partly responsible for one luncheon. The hostess must keep in mind the calories contained in the food they serve, in order to serve a correctly balanced meal, and they must also work on a budget in the preparation of the lunch.

The home economics department is very proud of the new draperies in three of the home economics rooms. The draperies are of a light tan material and were block-printed by members of this department.

## College Program Staked Tonight

The one-act play and miscellaneous program for the benefit of the College Athletic fund will be presented on the stage of the College Auditorium tonight at 7:30 o'clock. The admission charge will be only 10 cents for all students and 15 cents for adults, which should make possible an overflowing crowd.

call to which each member answered with a peculiar personal. Following the roll call, Cynthia Mae Eller gave a discussion of "Family Tree of Family Names". Another interesting article, "What Is Behind the Name?" was given by Lowell Lafon. In "For Every Young Couple", Anna Moores Swift discussed the origin of many common personal names.

From this talk it was learned that the name of Swift once belonged to a fleet-footed family and the first person named Bass was so called because of his fishing ability. Next, the talk, "What's in a Name", was presented by Mary Frances Dewey. Arthur Chase concluded the program with a popular piano number.

## BEAUX ARTS BREAKFAST HONORS MRS. L. S. BAGBY

The Les Beaux Arts Club entertained with a lovely breakfast Saturday morning in the home of Mrs. J. W. Evans, naming Mrs. L. S. Bagby, president, as honoree.

Decorations of yellow dahlias, marigolds, nasturtiums, and roses were artistically arranged in translucent blue vases about the reception rooms, and pyramids of orange and yellow flowers outlined in blue cellophane formed centerpieces on the tables of the breakfast room.

On entering the breakfast room, each guest found in her chair a "baby picture" of the club member seated on her right. To this picture was attached a rhyme which cleverly exploited some characteristic of the adult who was once the infant portrayed.

Mrs. U. J. Boston graciously presided as toast-mistress, and during the breakfast toasts were given as follows: Miss Anna Moores to Mrs. Evans, whose home has been so generously at the disposal of the club; Mrs. W. G. Word to the out-going president, Mrs. W. W. Taylor; and Mrs. Boston to the new president and honoree, Mrs. L. S. Bagby.

Following the breakfast, the club went into a business session, during which two new members were added, Mrs. T. S. Barcus and Mrs. J. L. Kerby. A painting of blue bonnets in a woodland scene by the well-known artist, Mrs. Grace Palmer and which was purchased by the club, was dedicated to the memory of Mrs. Mantie Trent, who had been a faithful and most beloved member of the Les Beaux Arts Club.

Enthusiastic reports were given on the recent flower show and thanks were voted to the West Texas Utilities and to the Clarendon Furniture Store for their kind assistance in making the flower show a success.

Present were Mesdames W. G. Word, M. R. Allensworth, J. D. Swift, J. H. Morris, C. B. Morris, J. D. Stocking, W. W. Taylor, J. Perry King, U. J. Boston, J. W. Evans, and Misses Mary Howren, Anna Moores, Katherine Ross of Dallas, and Temple Harris.

## ACTION PICTURES AND SERIALS ARE TO BE FEATURED

Construction work on the new Cozy Theater is practically complete and Homer Mulkey who owns the new show and will operate it in connection with the popular Pastime Theater has announced that the formal opening date has been set for tomorrow night, Friday, October 18.

The new theater, one of the most modern small town show houses in this section, is located in the old Boshier Building on Kearney Street, and is the third theater to be housed in the building, which has been completely remodeled and modernized.

The front of the building is very attractive, being along modernistic lines in colors of black white and green. Interior decorations are artistically designed with the latest type of acoustical board being used on the ceiling and wall panels.

Three hundred and fifty seats have been installed and Mr. Mulkey states that more may be added at a later date. The projection machines are housed in a modern fire-proof projection room, which is adjoined by a balcony provided for colored patrons of the show. A new sound screen and modern sound equipment have been installed.

Mr. Mulkey states that the new theater will feature adventure and western films and serials. The attraction booked for the opening night is Tom Mix's latest production, "The Miracle Rider."

"The Pastime Theater will continue to show the finest type of films," Mr. Mulkey stated, "and with the opening of the Cozy I feel that I will be able to afford theatergoers of Clarendon and Donley County a complete variety of theatrical entertainment that will please the most discriminating."

I have endeavored to make of the Cozy one of the finest little theaters in this section, and cordially invite you to be on hand at the opening performance.

The Cozy will feature action pictures and serials at moderate admission prices. The picture which has been selected for the opening night is "The Miracle Rider," in which your old friend, Tom Mix, makes his return to the screen after a long absence.

This latest Western thriller is in serial form, a feature length run of which will be made Friday and Saturday, to be followed by two-reel episodes on succeeding Fridays and Saturdays.

The Pastime Theater will continue in the same high type pictures which it has shown in the past, and with the addition of this new theater, I feel that I will be in a position to offer theatergoers of Clarendon and Donley County a complete selection of the very best sort of theatrical entertainment.

Don't miss the opening of the Cozy Theater. Remember the date, Friday, October 18. I'll be expecting you.

## OPERATES THEATER SUCCESSFULLY FOR THE PAST 25 YEARS

Homer Mulkey, owner of the new Cozy Theatre constructed at a total cost of approximately \$4,000, remarked in an interview this week, "In my life I have had only two short years of schooling—and that in a country school—but I've received it in other ways since." Mr. Mulkey, who for the past 32 years has figured prominently in civic affairs, opens his second theater in this city Friday.

Mr. Mulkey was born in Kentucky on December 14, 1875. Together with his parents, he moved to Texas at the age of six years, residing in Collin County. Three years later, his parents moved to a farm near Vernon, then called the lower Panhandle. It was at this place that Homer Mulkey, at the age of nine, attended school for two years.

Having been offered a position as clerk in a general mercantile store at Mansville, Oklahoma, he moved to that place when 18 and made his residence there for three years. After moving from Mansville, he became connected with a photograph company at Roswell, New Mexico. To secure funds to purchase photograph equipment, Mr. Mulkey worked two years on the XIT Ranch at Texline, at the end of which time, he purchased equipment of his own.

He was married in 1901 at Claude, Texas, to Miss Lema Duke. Mr. and Mrs. Mulkey moved to Childress in the same year and purchased a studio in that city.

The Wright Studio of this city was purchased by Mr. Mulkey in 1903 and was operated by him until 1901, the year in which Mr. Mulkey purchased the theatre from Mr. Harness, naming it the Pastime. In the past 25 years, Mr. Mulkey has enlarged the Pastime three times and re-decorated the building a number of times. The theatre, however, has never changed locations during the 25 years Mr. Mulkey has been owner. Since Mr. Mulkey started his career in the motion picture business, Mrs. Mulkey has assisted him, being in charge of the ticket window.

The Cozy Theatre is the latest contribution to Clarendon by the enterprising local theater man. During the 33 years Mr. Mulkey has been a resident of Clarendon, he has experienced business success as a recompense for youthful struggles. The Cozy, the Pastime, and a beautiful brick

The body of George McConnell, former resident of Clarendon, was brought to this city from DeQueen, Arkansas, Friday afternoon for burial. Interment was made in the Citizens Cemetery in the family plot.

McConnell was born in Iowa in 1870, and was a long time resident of this county where he owned several farms. He was stricken with paralysis three years ago while living on his farm near Clarendon. His brother, O. McConnell, came to this city and carried him to DeQueen, where he resided until his death on Oc-

Lion Kirby expressed his appreciation of the remarks that had been made, and announced that the Bronchos would go to LeFors this week-end where they will meet the LeFors High School Pirates Friday night.

So much time was taken up in this discussion that the committee in charge of the program for the day was asked to save the program for the next meeting.

### DRAMATIC CLUB FORMED IN CITY

**ADULT DRAMATIC CLASS  
FORMS CLUB; INTEREST  
AMONG MEMBERS GREAT.**

On the evening of September 8, a group of local young people met in the home of Mrs. Maurine Lackey, adult education teacher, and formed the nucleus of a new dramatic club for Clarendon.

The club has been initiated with the name Phi Kappa Sigma. The purpose of the organization is to take into its folds all those who have dramatic talent, little or great. From these members, consequently, will arrive stellar productions such as have been seen in the past.

The club is working on at the present a three-act comedy farce entitled "The Adventures of Grandpa." This play is guaranteed to arouse a chuckle in even the most sophisticated or hard-boiled, as well as begin a slight nostalgia for the good old days when "drummer was drummer." In approximately four weeks the first appearance of this production will begin.

The club, upon organization, elected the following persons as officers to serve for the ensuing year:

President, Walter Wilkerson; vice president, Donald Mason, and secretary-treasurer, Floirine Goodson.

The club wishes to welcome all new members to join the classes and become an amateur Barrymore. Meetings are being held at Mrs. Lackey's home in this city.

### Williams Tells—

(Continued from Page One)  
and hit with the ferocity that some of those Bronchos display. Cornell and Holtzclaw, for instance, diminutive backfield aces, each weighing 135 and 140 pounds respectively, turned in some of the most vicious tackles and blocks in that Groom game that I have seen in many a day. And Grady, somewhat heavier, played one of the best defensive halfback games I have ever witnessed. I'll venture to say that some of those Groom backs who were "busted" a few times by these boys will carry me out in this statement. And the Broncho line, although unable to withstand the onslaught of the heavier forward wall of the Tigers consistently, were in there on every play mixing it up and fighting their hearts out.

And the thing that appeals to me most is the fact that they're fighting just as hard at the last as they are at the beginning. The fact that they were hopelessly beaten in the last quarter of each of the two games did not slow them up a bit. Some of the most vicious tackles turned in by the locals were made in the last quarter of each of these games.

You can get a bunch of boys like that down, but you can't keep them down! They'll show us some real football yet this year, and within another year or two, you're going to again hear a few of the towns in this district saying, "Well, if we can just get by Clarendon—!"

After all, there's a lot in the way the game is played. And Coaches Kerby and Stults are to be congratulated on the fact that they have a bunch of nice, clean, hard-playing youngsters, who are thoroughly imbued with the proper spirit of sportsmanship and fair play.

Power to you, Bronchs!

The home of Mrs. Will Lott was burglarized Thursday morning and approximately 60 cents was taken, the house also being relieved of many small articles. Upon reaching Brice, the boys burglarized two houses there, Sheriff Pierce said.

Contrary to a report from Amarillo, Counts and Mann did not escape from the custody of a Clarendon officer but from the farmer by whom they had been employed.

I. B. Pierce checked the finger prints left in the buildings burglarized here with those of the Amarillo youths and Sheriff Guy Pierce brought the boys back to Clarendon, where they confessed to burglary in this county.
