Garbo Subject of More False Reports Than Any Other Hollywood Star

Greta Garbo and Freddie Bartholomew in "Anna Karenina"

As the goddess of modern mythology, Greta Garbo holds the world's championship. More myths have been woven around her name than any motion picture star. She has been the center of hundreds of rumors. She has been reported in love with half a dozen men at a time, yet she may not have known one of them. She is God's gift to the false rumor circulator, the inspiration to Dame Gossip, the delight of the headline writer.

CHURCH CHATS

"GIVING THANKS"

"Oh, Praise the Lord All Ye Nations." Psa. 117. 1, 2

The words of the sweet singer of Israel should be our National Doxology at this time of the year. Thanksgiving time is here again. It brings to us as a nation another beautiful opportunity to express our gratitude to God for His goodness towards us.

"Giving thanks to God" is not alone a religious duty, it is rather a spiritual privilege. The person who has nothing to be thankful for is to be pitied.

Gratitude is interest we owe to God for the life he has lent to us and for the blessings that He has so lovingly bestowed upon us.

I. Giving thanks to God is a privilege. There is a great evil in regarding Thanksgiving only as a duty. It is a pleasure to possess a thankful heart. Someone has beautifully said, "A thankful heart is not only the greatest virtue, but it is the parent of all other virtues."

II. Giving thanks to God should be a Christian's permanent attitude. "I will bless the Lord at all times; His praise shall continually be in my mouth." It is a good thing to have a national day of Thanksgiving once a year. (Continued on Page Seven)

At The First Baptist Church

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

We are happy to announce that Rev. Jas. A. Howard, missionary for District Ten, will preach at the Baptist Church Sunday morning. I have no hesitancy in recommending this man and yielding my time from your pulpit to him for that hour. He is to give a message on missions, which will be supremely interesting from start to finish.

I am sure by this time you have heard about the services last Sunday. There is coming up out of the radiant east a new day for the old historic First Baptist Church of Clarendon. We are recommending this man and yielding my time from your pulpit to him for that hour. He is to give a message on missions, which will be supremely interesting from start to finish. We feel sure that every member of the church will want to have a part in this signal victory of your church's history, therefore, we are giving you a chance, whether it be large or small. We knew you would feel slighted, or overlooked, or left out if we did not give you a chance to make it unanimous, hence our solicitations this week and next. If the committee does not see you bring your offering to the church Sunday morning or evening which will be far better. We had rather have you without your offering than to have your offering without. (Continued on Page Eight)

Julia Mae Caraway and Robert Land Are United In Marriage Here Sunday

Miss Julia Mae Caraway and Mr. Robert C. Land were united in marriage at eight o'clock Sunday morning, November 24, 1935, at the beautiful College Hill home of the bride's parents, Mr. and Mrs. Odos C. Caraway. Father Robert Schindler of Groom, Texas, read the vows of the impressive ring ceremony.

White chrysanthemums, flanked by white tapers in crystal candelabra, greatly enhanced the beauty of the living room of the home and lent a truly connubial atmosphere for the occasion. The wedding party entered the room to the strains of the Wedding March from Lohengrin, played by Miss Mantie Graves, who also played "I Love You Truly" during the ceremony. Preceding the bride and groom were the maid of honor, Miss Mary Frances Caraway, sister of the bride, and the groom's attendant, Mr. Winford Gattis. The lovely bride wore a black suit, trimmed in white fur, with white accessories, and carried a crystal rosary, the latter a gift from Father Schindler. Her attendant wore black crepe, trimmed in white and silver.

Those who attended the wedding were Dr. and Mrs. J. W. Evans, Miss Lois Alexander, Miss Madeline Kelley, Mrs. W. H. Martin; the bride's brother-in-law and sister, Mr. and Mrs. Clarence Heironimus of Kellerville, Texas; her aunt and cousin, Mrs. Eva Rhodes and Miss Norma Rhodes, and her parents, Mr. and Mrs. Odos C. Caraway.

Immediately after the ceremony, Mr. and Mrs. Land left on a trip to Rogers, Texas, where they will visit the groom's parents, and from there will go on to attend several of the various football games to be held this week-end. They are expected to return to Clarendon Sunday and will be at their home in the east part of the city.

Mr. and Mrs. Land are both prominent members of the younger social set of Clarendon and are very well known in this community. The bride is the daughter of Mr. and Mrs. Odos C. Caraway, pioneer residents of Clarendon. She attended the Incarnate Word College in San Antonio and has since been at the home of her parents. She is an active member of the Business and Professional Women's Club.

Bride-Elect Honored With Kitchen Shower

Mrs. W. H. Martin honored Miss Julia Mae Caraway, bride-elect of Mr. Bob Land, with a kitchen shower at her home Thursday afternoon, November 21. The guests were received in the living room of the home, which was beautifully decorated with bowls of white and yellow chrysanthemums placed at vantage points. After the delightful social hour, the hostess brought in the many beautiful and useful gifts and placed them before the honoree.

After the gifts had been admired the guests were invited into the dining room and a delicious luncheon was served buffet style. A beautiful cloth of Normandy lace over green covered the dining table and a huge bouquet of white and yellow chrysanthemums formed the centerpiece. Green tapers in Dresden china candle holders added their charm to the appearance of the table. The luncheon service used was also of Dresden china silver. Coffee and tea services graced each end of the table and were charmingly presided over by Miss Mantie Graves and Miss Norma Rhode.

The guest list for this very delightful affair included the honoree, Miss Caraway, Mesdames A. L. Chase, Ralph Kerbow, Lillian Bagby, J. T. Patman, Eva Rhode, L. B. Marrell, Joe Bownds, Odos Caraway, A. R. Letts, Ruth Teat, O. C. Watson Jr., John T. Sims, Sr., J. W. Evans, Fred Chamberlain, A. W. Hicks, H. M. Breedlove, C. T. McMurtry, C. E. Killough, Miss Nadine Haile, Ruth Hartzog, Mildred Martin, Norma Rhode, and Mantie Graves.

Clarendon Couple Married Tuesday

Miss Melba Johnston and Mr. Lloyd Risley were quietly married at the home of Rev. J. Perry King at 3:30 o'clock Tuesday afternoon, November 26. Miss Clara Harris was the only attendant at the wedding. Immediately after the ceremony Mr. and Mrs. Risley left on a wedding trip to El Paso and Old Mexico. They are expected back in Clarendon Sunday, returning by way of San Antonio.

Both Mr. and Mrs. Risley are well known in Clarendon and have many friends here to wish them every happiness. The bride is the daughter of Mr. and Mrs. V. V. Johnston of the Chamberlain community. She is a graduate of Clarendon Junior College and has been attending the State Teachers College at Canyon. Mr. Risley is the son of Mr. and Mrs. A. F. Risley, pioneer residents of Clarendon.

The young couple will be at home in Clarendon upon their return.

Professional Women's Club. Mr. Land is the son of Mr. and Mrs. L. H. Land of Rogers, Texas. He attended the Rogers High School of that city and later the Texas Agricultural and Mechanical College at College Station. He is now connected with the Cotton Adjustment Administration here, and is an active member of the Clarendon Lions Club.

Clever Debate At Study Club

"Resolve that tasting is more important in the art of cooking than any of the other four senses" was the subject of a clever and interesting debate held Friday afternoon when the Pathfinder Club met at the club rooms.

Roll call was answered with the name of a favorite dessert. During the business meeting, a resolution was adopted asking all Clarendon merchants to handle and feature Texas products.

Mrs. C. T. McMurtry argued in the affirmative and Mrs. Fred Buntin in the negative. Mrs. McMurtry presented her subject in rhyme and Mrs. Buntin used two tables of food, one well cooked but poorly arranged and the other in contrast, in her debate. The affirmative won the debate.

"Kitchen Kingdom" was beautifully recited by Mrs. Clyde Douglas and Mrs. U. J. Boston gave a topic on health, discussing the effect of disposition, ideals, and ideas on one's life.

Roy Chapman Andrews, guest editorial writer for the American Magazine, says in his article on adventure that the youth of America are clamoring for adventure when it is all around them, only waiting for them to open their eyes and ears. One of the greatest points in Andrews' article was: "Imagination and knowledge are the prerequisites of adventure."

According to this article adventure awaits us in our own back yard if we only have the imagination and knowledge to discover it.

For those interested in foreign languages, what would be a greater source of adventure than to look deeply into the language, discover its origin, its peculiarities, and its romanticisms?

In math there might be a theorem to prove, a law to work out, or a problem with an inter-

CAMPUS DIRT

Everyone praised the banquet for the delicious food, but Anna Moores and Dorothy Phelps said that the best part of all was the olives they brought with them.

The piano duet by Dorothy Powell and Arthur Chase was a huge success, especially that part where they dropped the music.

At the auction sale at Lelia Lake the other night, Billie Howard bought an engagement book. He figures that since he has grown a mustache (three hairs on one side and four on the other, by actual count), he will need a book to keep track of his dates.

And Captain Strawn walked straight to a girl at the banquet and asked her to eat by him. Brave boy!

What was Rankin reading in the library that was so funny that he shattered the golden silence of the library by shouting with laughter?

esting history to look into.

The chemistry laboratory could serve as the scene for an adventure story to an imaginative person with knowledge of that subject.

I do not know of a subject that calls for more daring than English. Acquiring an understanding of words of famous authors is an adventurous undertaking, but trying to put the ideas of one's own thoughts into words is an exciting adventure almost equal to discovering new lands.

If proof is required for the above-mentioned, watch Miss Howren's eyes light up as she proves a tricky theorem, or see the sparkling depths of Miss Hall's eyes as she talks fluently in a foreign language, or listen to the enthusiastic element in Miss Headrick's voice as she discusses a favorite author. These have found excitement and adventure in knowledge and imagination; why shouldn't we?

Dinner Given By Home Ec Class

The Second Year Home Economics Class entertained the members of the school board and their wives and the members of the high school faculty on Wednesday evening, November 20, in the home economics department.

Nell Cook was hostess for the evening and received the guests with Miss Maurice Berry, instructor of the department. Attractively set tables were placed in the main room of the suite, and members of the class served a well cooked turkey dinner in a capable and gracious manner. LaVerne McMurtry was in charge of the activities in the kitchen. After dinner, the guests spent an enjoyable hour playing games and engaging in conversation.

1935 BRONCHOS

(Editor's Note: During the next few weeks, the outstanding players on the Broncho squad will be described in this column.)

Colvin Lane, a senior, is a rather tall boy who has brown hair and brown eyes. He has a reputation of never talking during a game. He gets in a game and really fights. He has played every minute of every game this year, even though he was ill twice. He's the kind we need.

C. P. Jones is a senior who started playing football here last year. He comes to school on the Ashtola bus. He is of medium height and has light blue eyes and bright red hair. He gets angry when anyone calls him "Red", so maybe it would do some good for the boys to call him that during a game to give him that fighting spirit.

Truett Holtzclaw is short and blond. "Little Horsie," as he is called, is stepping right into his big brother's footsteps, gaining a great popularity with his personality. He says one of his secret ambitions is to play a girls' football team. Ask him why; he'll

Lean. Shamrock took the lead in the first period when Trostle, Shamrock guard, who formerly attended school here, scooped up a blocked punt and crossed the McLean goal line, and then kicked goal for extra point. McLean, however, took charge in the second period and completely outplayed the Irish. After tying the score, the Tigers threatened to score on two other occasions, barely missing a field goal once. The two teams will play the tie off tomorrow at Pampa.

The game at Pampa on Thanksgiving Day between the Amarillo Sandies and Pampa Harvesters will also draw a record crowd. By scores of previous games, Amarillo should win by a very large margin; however, they will not win by more than three touchdowns.

SPORT SHOTS

Last Thursday the Bronchos finished their schedule when they played the Wheeler Mustangs. After holding the Mustangs scoreless in the first period, the Bronchos yielded three touchdowns in the final period to lose by a score of 19-0. As this was the last game of the season, Coach Kerby let all the subs go into the game and play at least a few minutes during the last half. Although the Bronchos have not won all their games, they have done quite well this year; so here's to them and their coaches and hopes for a better season next year.

Those teams left is the Class B race in Region 1 are Hereford and Dalhart, who will play this week for the championship of District 1, Panhandle in District 2, McLean and Shamrock in District 3, and Matador in District 4. Over 5,000 fans saw the McLean-Shamrock teams battle to a 7-7 tie last Friday night at Mc-

Meeting of College Students Thursday

The college students met Thursday to discuss several points of importance.

It was suggested that the college adopt the old Clarendon College song. This will be decided upon at a future date.

The most talked of current issue in the college now is the "Curtain Club", which is now being organized. Dean Drennan urged at the college assembly that everyone take part in this club, not only as a source of pleasure, but also as a source of personal aid. The students are to try out for different parts in the play to be presented soon, so that it can be determined to what characterization they are best suited.

Mr. Drennan then made a short talk, emphasizing that it will be necessary for all to do their best, regardless of the importance of the roles they are asked to take.

Ralph Grady is a young player but he's climbing fast. He ranks as well as players who have had considerably more experience. The pep squad never fails to cheer when Grady goes into the game. They know he'll fight. He is tall, has brown hair, brown eyes, and is considered a "heart breaker" by a certain gang of girls at school.

Fred Easterling is a senior who had the luck of being elected sergeant-at-arms of the senior class this year. Fred is tall, has brown curly hair and blue eyes, and is considered a grand sport in all

activities in which he takes part. Of course, he shows more interest in football than anything else, and he has certainly proved that he can play.

Have you ever heard Gene Butler express his opinion about football? Well, if you haven't, you have an idea of what he thinks of it if you saw him play in the game with McLean. Gene is just a Junior, so there is another promise of an excellent player next year. He seems to get the most enjoyment out of teasing the girls. He is of medium height,

TWO-TREAD, AIR-COOLED Tires Never Wear SMOOTH

When you put two-tread, Air-Cooled tires on your car, it's just like getting a new set of tires free. Air-cooled tires will give you practically twice the safe mileage delivered by the ordinary tire.

When the first tractive tread wears off, a new tread design actually wears on—your tires take a new lease on life with a second sharp tread design ready for thousands of additional miles.

Get the very latest in the way of tires—double your safe mileage at half the cost with the new Seiberling Air-Cooled tire.

AIR-COOLED TWO-TREADS
The patented holes which carry off destructive heat generated internally as all tires have another important function. As the first tread wears off the holes become grooves forming the second anti-skid tread.

TALKING PICTURE TO BE SHOWN HERE

JOHN DEERE DEALER SPONSORS PICTURE ILLUSTRATING TRACTOR OPERATION.

Clarendon Grain Co., local farm equipment dealer, will hold open house for the farmers of this vicinity to see the new talking motion picture, "Sheppard & Son," a sequel to "Partners," shown here last year. He will be aided by representatives of the John Deere organization.

Farmers in other localities, who have seen the picture, declare it to be a short course in modern farming, with new and better ways of doing things, new ways of saving money, new methods to increase crop yields.

The picture is the story of Mr. Sheppard and his son, Dick, who made such a hit last year. A feature of the picture is the trip through the 10 great John Deere factories and shows you how modern agricultural implements are made. The picture also takes you out into the fields to see how each of these machines operates and what it will do.

On the same program will also be a picture, "Murphy Delivers the Goods," a service picture which shows you how to get the most from your John Deere tractor with animated drawings of the working of the motor and cooling system. This picture is declared to be decidedly worth while, and suggests many helpful hints in adding to the economy and satis-

faction to be derived from a tractor. The meeting will be in session from 1:30 p. m. to 2:30 p. m. on Tuesday, Dec. 3, at the Cozy Theater in Clarendon.

"We invite every farmer in this section to be our guest and we particularly want the boys to come," C. W. Bennett, manager of the Clarendon Grain Company said.

"We are planning to make this a sociable affair, but at the same time a very worth while one to the farmers and their families. We are counting on a big crowd coming in to enjoy the big day with us."

John Deere Day is proving exceptionally popular with farmers as evidenced by the picture above which shows an interested group at one of these meetings.

NOTICE TO PARENTS AND GUARDIANS

In accordance with the state laws of Texas all children within the state between the ages of six and 16 are required to attend school at least 120 days during each school year. The compulsory term of the Clarendon Independent School District begins November 25th, 1935 and ends May 15th, 1935. 48-1tc W. W. Taylor, Secretary

Church Chats

(Continued From Page 2) But it is far more beautiful to celebrate Thanksgiving every day of the year. Is it not true today, that we are ever ready to pray for things we want, but too often we forget to thank the giver after we receive the blessings?

Thanksgiving is not an artificial pump, it is a spontaneous spring, bubbling over with gladness and cheer. It is the very essence of religion expressed in gratitude. Let us therefore make known our religion by expressing our gratitude. When the world begins to echo and re-echo with the songs of Thanksgiving, we shall be on the verge of the greatest revival the world has ever known. May the day hasten when the beautiful spirit of Thanksgiving shall girdle the world and make glad the heart of our Heavenly Father.

BURGLAR GETS BOUQUET AT CHAMBERLAIN SCHOOL

A burglary at the Chamberlain school teacherage last Saturday evening netted very little for the burglar, outside of one lamp, one bouquet of flowers and some cosmetics.

Occupants of the teacherage were in Clarendon at the time the burglary is alleged to have been perpetrated.

Valuable articles were overlooked, although excellent fingerprints were obtained by the sheriff's department, according to information received from reliable sources.

LINK TO ADDRESS FATHERS AND SONS

BANQUET WILL BE HELD DECEMBER 9 AT FIRST CHRISTIAN CHURCH.

Plans are being made to accommodate a large gathering at the Fathers and Sons banquet, which will be held in the basement of the First Christian Church Monday evening, December 9, at 7 o'clock, according to members of the arrangement committee.

W. T. Link, lawyer of this city and former judge of Donley County, has been chosen as the principal speaker for the occasion, and is expected to bring a message

of wide interest to the fathers and sons and visitors.

"We hope to make this the outstanding Fathers and Sons banquet ever held", stated Ardis Patman, president of the group and representing the sons in the list of officials. He is ably assisted by directors Bill Greene, merchant, and Sloan Baker, county school superintendent, representing the fathers, and by Rufus White and Jimmy Bourland, representing the sons.

Rev. E. D. Landreth, pastor of the First Methodist Church, will give the father's address and Robert Nichols will speak in behalf of the sons.

Tickets are now on sale by directors of the organization or may be reserved by telephoning Bill Greene or Sloan Baker.

Drive on Speeding

(Continued from Page One)
less driving in this part of the Panhandle will be made within the near future, it has been stated.

The patrolmen will arrest persons driving recklessly or exceeding the present speed limit of 45 miles per hour.

According to latest reports several speeders were arrested at Memphis within the last few days for fast driving, in violation of the speed law which has been in effect four years.

"Do you have any overshoes?" was the question asked at several establishments. It was learned that overshoes had not been needed by the buying public in the past several years, because of the infrequency of the rains that have fallen here.
