

LIBRARY NOTES
(By Mrs. C. A. Burton)

The most interesting thing that I can possibly tell you is that some new books are on their way to the library. I hope they may be on the shelves by the time you read this. They are as follows:

"Always Tomorrow," Ruby M. Ayers. "Angel in the House," Kathleen Norris. "Bandit of Paloduro," Charles Ballew. "Beloved Stranger," Grace Livingstone Hill. "The Blanket of the Dark," John Buchanan. "Blithe Baldwin," Ethel Hueston. "Brothers on the Trail," Max Brand. "Cappy Ricks Comes Back," Peter B. Kyne. "Clear the Trail," Charles Alden Seltzer. "The Code of the West," Zane Grey. "Donna Celestis," Ethel M. Dell. "Fu Manchu's Bride," Sax Rohmer. "Golden Rain," Margaret Whiddemer. "The Greater Courage," Margaret Pedler. "The Hash Knife Outfit," Zane Grey. "Honor Bound," Faith Baldwin. "Maiden Voyage," Kathleen Norris. "Matched Pearls," Grace Livingstone Hill. "Mr. Porker Pyne, Detective," Agatha Christie. "Pollyanna's Debt of Honor," Harriet Lummie Smith. "The Prison Wall," Ethel M. Dell. "The Purple Ball," Frank L. Packard. "The Rancher's Revenge," Max Brand. "The Ransom," Grace Livingstone Hill. "Sanders of the River," Edgar Wallace. "Stay out of My Life," Sophie Kerr. "Thirteen at Dinner," Agatha Christie. "The Trail of Fu Manchu," Sax Rohmer. "Wild Horse Mesa," Zane Grey. "For the Honor of the School," Ralph Henry Barbour. "Ruth Fielding in the Great Northwest," Alice B. Emerson. "Ruth Fielding on the St. Lawrence," Alice B. Emerson. "Anne's House of Dreams," L. M. Montgomery. "The Bobsey Twins on Blueberry Island," Laura Lee Hope. "The Bobsey Twins on the Deep Blue Sea," Laura Lee Hope. "The Texas Almanac for 1936." Mystery stories are so popular these hot summer days, and none

Worley Will Ask Showing Of Tugwell's 'Dust Bowl' Movies Be Discontinued

Eugene Worley of Shamrock, youthful delegate to the Democratic national convention, recently demanded that the party take steps to prevent display of the Resettlement Administration's "Dust Bowl" moving picture.

EUGENE WORLEY

Worley, a state legislator from the 122nd legislative district, said he would offer a resolution at the national convention asking Dr. Rexford Guy Tugwell to withdraw the film from distribution and to destroy it.

"The picture is a libel on the great Texas Panhandle," he said. "Worley said the picture, 'The Plow That Broke the Plains,' was grossly unfair to the so-called 'Dust Bowl' recently splashing in welcomed rain.

"That cameraman selected isolated spots for those pictures," complained Worley. "They show pictures of bleached bones. Maybe those bones were of coyotes or horses. They don't bury all the carcasses up there, you know.

"There are other scenes just as misleading. It doesn't fairly represent the Texas Panhandle, or even the dust bowl. The Texas

are more thrilling than those by Sax Rohmer, Agatha Christie and Edgar Wallace. Kathleen Norris, Grace Livingstone Hill, Faith Baldwin, Ethel M. Dell, Margaret Pedler, all these and many others are perennial favorites, fulfilling so perfectly the need expressed in the sigh, "Oh for a book and a shady nook," these delightful mornings or hot afternoons. To many readers nothing is so satisfying as a good Western—some even feel that there is only one author worthy of the name and that is Zane Grey. I have tried not to forget their longings. How I longed for at least a dozen more for the

Panhandle is far from being a desert. It is a rich agricultural region, and home of the nation's finest, most hospitable and courageous people."

boys and girls. Even through the hot weather some of our readers are enjoying the added leisure of the long days in doing some of the more solid reading for which they have not had time before—some of our splendid biographies and histories as well as travel books.

Remember we are open four afternoons a week, Mondays, Tuesdays, and Thursdays from 3:30 to 6, and all afternoon Saturdays. Practically every opening day since summer began has brought us "summer memberships."

DUB SHOTS
(By DICK COOKE)

Only 15 golfers were out Sunday to vie for the golfballs given by the club. Otis Jackson, Dude Gentry, Alex Cooke, Fred Buntin, J. T. Patman and Frank Whitlock emerged victorious and were awarded prizes.

In the low score bracket Alex Cooke, Dude Gentry, Al Cooke and A. N. Wood collected 74's for a four-way tie, with Gentry winning on the sudden death hole with a well-played birdie 3. Alex Cooke had a par four for runner-up with the others slipping over 4.

Otis Jackson took the next division with a 78 while Freddie Buntin got an 82 for runner-up. J. T. Patman won in the last quintet with an 85. Frank Whitlock, 87, was runner-up.

Tentative plans for next Sunday's play is an inter-city match. Tournament officials are in hopes of securing the old rivals, the Memphis Country Club. However, the challenge has not been accepted. Officials are strong in their assurance that even though a match is not scheduled with some neighboring town, some interesting play will be had.

Youth has its day, or will have its day in future tourneys in Clarendon. Most of the sub-par

rounds being turned in new are by lads either in their teens or just out of them. If the kids don't get under par in at least one round a day they feel that something is radically haywire.

The old regime is "whistling past the graveyard" in their belief that age and experience, combined with tournament pressure will get them by this summer's tournaments. Possibly, possibly, but the youngsters will take their toll before falling by the wayside. However, I'm not out on a limb with a positive statement that young heads will den the crowns of Clarendon's last two major tourneys, the boys are too eager to chase butterflies over the hills, but take a tip and

watch the kids. To Lillian Murphy goes my personal nomination of being one of Clarendon's most ardent feminine golf fans. Besides following every match in the past city tournament, Lillian manages to get in several rounds on her own hook each week. Few of the city's fairer sex care to expose their complexions for such strenuous exercise in summer sun and wind.

Night Automobile Accidents Serious

Last year during daylight there were 14,000 fatal automobile accidents as against more than 19,000 during dusk and darkness. But total accidents in daylight exceeded the number during dusk and darkness by more than 130,000.

The fatal accident record during dusk and darkness, in proportion to all accidents in such periods, was 92 per cent greater than the daytime experience. The tremendous loss of life during hours of darkness constitutes one of the strongest arguments against the present-day prac-

tice of driving too fast. There is no way to explain the high rate of death per accident at night except by the fact that many operate cars at speeds during darkness which do not permit them to stop within the range of the illumination provided by headlights. Under such conditions lives are crushed out whenever the unexpected happens. Either highways must be illuminated and the lighting of streets improved, or drivers must remember and act on the warning: WHEN THE SUN GOES DOWN, SLOW DOWN.

Adjusted Pay On Cotton In 1935 Is Over \$20,000,000

Special to The Clarendon News. Washington, June 11 — More than \$20,000,000 has been paid out on the 1935 cotton crop to co-operating producers in eight-een States, of which \$3,555,113 went to growers in Texas, according to the Agricultural Adjustment Administration.

The adjustment payment plan was intended to insure a higher return to producers by the Government paying them the difference between the 12¢ per pound and the daily average price of middling seven-eighths-inch staple cotton on the ten designated spot markets.

Checks have been going out at the rate of 1,740 daily from State disbursing offices. As of May 30, 1936, there were 501,303 checks issued. This number, however, represents payments to a larger number of beneficiaries. One check is made covering an application and the recipient in turn divides the money between those entitled to share in it.

Cully A. Cobb, director of the Southern region, said that the bulk of the price payments probably would be made in the next few weeks. He urged producers who have not applied for payment to do so as soon as possible since reports indicated that producers in some sections are slow in submitting their applications and that a greater number of applications could be handled than are being submitted.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q.—When was the Aes mission established at San Augustine? R. E. T. Tyler.
A.—In 1715 by the Franciscan Fathers.

Q.—How old is the town of Odessa? M. O. R. Talpa.
A.—The town was opened with a public lot sale, May 19, 1886.

Q.—When was the Beeville Bee first published? R. E. L. Wharton.
A.—It was started in May, 1886, by Dr. C. S. Phillips and W. O. McCurdy, and was combined with the Picayune, as the Bee-Picayune, about twelve years ago.

Q.—Where and what is the "Steamboat House"? A. G. Balingier.
A.—It was Sam Houston's home at Huntsville, in which he spent his last years, and was so named because of its resemblance to a steamboat of that purchase. It has been purchased by Col. J. E. Hoxey, of Houston, and presented to the State of Texas to be removed to Sam Houston State Park, Huntsville, Texas, where another of Houston's homes is located.

Q.—When did Charles Goodnight acquire his Palo Duro Canyon ranch? O. L. T. Fort Worth.
A.—The first purchase of 12,000 acres was made in 1877.

Q.—Why was Leonora Corona selected as a soloist for the opening day of the Texas Centennial at Dallas?
A.—First, because she is a noted and accomplished Metropolitan Opera singer, and then because she began her career as a choir singer in Dallas. She is a native Texan.

Q.—How large is the noted King Ranch? A. J. C. Orange.
A.—It contains approximately 1,140,000 acres, which is more than the area of Delaware.

Q.—When was the first election held for officers of the Republic of Texas? E. M. P. Smithville.
A.—September 1, 1836, Houston receiving a large majority of all the votes cast for president.

Q.—Could Texas legally be divided? A. R. T. Lubbock.
A.—Yes. The resolution admitting Texas into the Union provided that it might be divided into as many as five states if the population is sufficient and the voters so decide.

Q.—How much carbon black is produced in the Panhandle gas field? V. T. Alto.
A.—The 1935 production was 125,546 tons, with a total value of \$10,551,680.

Q.—Where is the "Enchanted Rock"? R. L. O. Montague.
A.—Near Fredericksburg, in Gillespie county. It is probably the largest one-piece granite rock in the world.

Q.—Does Texas have the largest Browning collection in this country? R. G. L. Temple.
A.—Yes, at Baylor University, Waco.

Q.—Did Texas take any part in the revolution of Mexico against Spain from 1810 to 1821? T. D. Amarillo.
A.—No. Texas had only a few thousand civilized inhabitants at that time and they were so distant from the seat of government that they felt little or no concern about it.

At The First Baptist Church

HERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE
"But seek ye first the Kingdom of God, and His righteousness; and all these things shall be added unto you." What would be the result in Clarendon, if all Christians should put first things first in their lives? No one knows, because it has never been tried. The strange thing about it is that God ever blesses us at all, since we put everything else first before His righteousness and His kingdom's interest. Let us try out this great promise of the Father and watch the windows of heaven open and his blessings descend upon us as the dew of the morning. Be in your place the next Lord's Day morning, the first day of the week, with Christ's kingdom interest and righteousness uppermost in your heart and mind and see how delightful an experience it will be. You will be blessed, the community will be blessed, your loved ones will be blessed, because God's promise will be fulfilled.
Regular services Sunday morning and evening at the First Baptist Church. You will never wear out your welcome in her services.
J. Perry King, pastor.
ST JOHN BAPTIST EPISCOPAL CHURCH
Second Sunday After Trinity
Holy Communion and sermon by the rector, 11 a. m.
The celebration of the Holy Communion is in thankful remembrance of St. John Baptist in whose honor this Church is named.
A cordial invitation is extended to all to worship with us in this service.

Margaret Sullivan Plays Stormy Star In New Film Comedy

Margaret Sullivan, noted screen star, is cast, appropriately enough, in the role of a screen star in Walter Wanger's production, "The Moon's Our Home," Produced for Paramount, the picture opens at the Pastime Theater Prevue Saturday night and shows Sunday and Monday, with Henry Fonda, Henrietta Crossman, Charles Butterworth, and Beulah Bondi featured in important roles.

YOUR MOVE, HENRY!

Checkers is fun—when you have the right person to play with. And Henry Fonda seems to have in Margaret Sullivan exactly that person. The occasion is one of the quieter moments in Walter Wanger's new comedy-romance, "The Moon's Our Home," which opens Prevue Saturday night, Sunday and Monday at the Pastime Theatre.

GOLDSTON NEWS

(By Mrs. G. R. Grant)

There was very good attendance at Sunday School Sunday morning.

We are having dry hot weather these days. A rain would be very acceptable.

Mr. and Mrs. Eichleberger attended church at Clarendon Sunday morning and took dinner with Mr. and Mrs. Everett Stevens.

Mr. and Mrs. Zoro Hudson visited with Mrs. Dilli Sunday afternoon.

Neely Veazy and family visited relatives at Happy last Sunday. Mrs. Veazy stayed and will visit with her sister this week.

Carl Dilli visited over the weekend with relatives at Amarillo.

Mr. and Mrs. W. L. Goldston visited with Mr. and Mrs. Brock Sunday afternoon.

Mr. and Mrs. Alfred Pegram and children and Mr. and Mrs. Jack Pegram of Quail visited over the week-end with relatives here.

Fontayne Elmore made a trip to Arkansas the last of last week. Mr. and Mrs. Curtis Johnston visited here with his parents last Sunday.

Mr. and Mrs. Clyde Hudson and Mr. and Mrs. Grant visited with relatives at Memphis last Sunday.

Mr. and Mrs. Crow visited last Sunday with Mr. and Mrs. Otis Spier.

The ladies of the Goldston Quilting Club met with Mrs. Jim Pegram Tuesday of this week. About thirty were present. One quilt was finished and another lacked but a little of being finished and a third was more than half out. A covered dish lunch-

They meet, fall desperately in love without knowing their real identities, marry, separate, and are brought together again in this scrappy, adventuresome, and wildly romantic comedy.

Carpenter Answers Pension Questions

This is the fourth of a series of questions asked by citizens of this state and answered by Orville S. Carpenter, executive director of the Texas Old Age Assistance Commission. Q. Did the United States Government have any part in drafting the Texas Law? A. The Texas Legislature drafted the Texas Old Age Assistance Law in such form as to enable Federal cooperation. In preparing the bill the Legislative Committee had the assistance and advice of a representative of the National Social Security Board. Q. How many applications for assistance have been received? A. About 190,000. Q. How many applications do you believe will be approved by July 1? A. Approximately 40,000.

Q. What about the payments to those old people whose applications have not been approved by July 1?

A. The Commission will continue investigating applications for assistance, and as each application is approved, the applicant will receive a check for all payments beginning July 1. Aged applicants who are found to be eligible after July 1 will receive back payments. This, of course, concerns those who applied before July 1, and are subsequently found eligible.

Q. Payments will be based upon need as required by law?

A. Yes. Payments will not only be based upon need but upon the amount of need. Old people who need more money will receive larger grants than those whose needs require less.

Q. Is it true that after the first job of investigating the 190,000 applications, the operating expenses of the Commission will be paid by the Federal Government?

A. Yes. We believe that a large part, if not all, of the actual costs of operation—after the 190,000 applications have been investigated—will be paid by the

U. S. Government. The 5 per cent expense allotment allowed Texas by the Social Security Board will be sufficient, we believe, to cover the ordinary running expenses of the Commission.

WHAT'S IN A NAME?

If names mean anything one of the naval officers at the Texas Centennial Exposition should go far in his profession. He was christened John Paul and his surname is Roach. He is a lieutenant, junior grade and executive officer of the Texas Bluejacket Company. Paris, Texas, is his home.

PAVED ROUTE NOW OPEN TO AMARILLO

GOODNIGHT STRETCH COMPLETED; PAVED DETOUR CLADUE TO CONWAY.

With the completion of the short stretch of road on Highway 5 near Goodnight Saturday, within two weeks, they estimated.

motorists may now travel from Clarendon to Amarillo on pavement by taking the paved detour from Claude to Conway. The last gap from Hedley to Clarendon is rapidly being filled, according to highway officials, who said Wednesday that all four coats had been applied to Lelia Lake. The Highway 5 project should be completed in Donley County within two weeks, they estimated.

PROMINENT PEOPLE SLATED TO SPEAK AT SHORT COURSE

CENTENNIAL YEAR FARM COURSE FEATURES WELL KNOWN SPEAKERS.

College Station, June 17—In announcing the main speakers of the daily General Assembly periods of the Centennial Year Farmers' Short Course, Director H. H. Williamson of the Texas Extension Service said: "In selecting speakers, consideration was given to farm activities, including organization; crop production and utilization; national agricultural policies; business, and industry and information about our State." Carl B. Fritsche, manager-director of the Farm Chemurgic Council from Dearborn, Michigan, will speak the first day, July 20, Monday, on "Factory Crops from the Farm."

On Tuesday, between 11 and 12 o'clock, Edward O'Neal, president of the American Farm Bureau Federation from Chicago, Illinois, will speak on "Moulding National Policies for Agriculture." O'Neal has been a national figure in farm organization for over 10 years.

On Wednesday, Dr. Minnie L. Maffett from Dallas, will speak on "Success in Business and Industry—A Cooperative Venture." Dr. Maffett has been active in business and professional organizations for a number of years.

Thursday, Mrs. Helen Higgins Davis, former Women's State Home Demonstration Agent of the Texas Extension Service, now living in Arlington, Texas, will talk on the topic "Know Texas."

Also on Thursday at the General Assembly period, G. B. Dealery, president of the Dallas News, will announce the State winners of the Centennial Farm and Home Demonstration Contest.

Friday will be devoted to some speaker from Washington, D. C., on the new Agricultural Conservation program.

"Erosion control work on the Soil Conservation Service projects is serving as a guide in the fight to control erosion and conserve the soils of the nation," said H. H. Bennett, Chief of the Soil Conservation Service, U. S. Department of Agriculture, during a recent visit to Texas.

Commenting on his visit to Soil Conservation Service experiment stations and project areas in Texas, Bennett said: "One heavy rain on cotton land at the erosion experiment station at Tyler early this month swept off soil at the rate of 63 tons per acre and lost 31 per cent of the precipitation in run-off. On the same kind of land, but which was covered with grass, not a particle of soil was lost and the loss of rainfall in run-off was reduced to three-tenths of one per cent."

"Last year at the erosion experiment station at Temple, land with four per cent slope in cotton lost 105 tons of soil per acre and 25 per cent of the precipi-

WPA Meeting To Be Held Here Saturday

A meeting of local WPA employees will be held in the lobby of the old Denver Hotel building Saturday afternoon, June 20, at 3 o'clock. The purpose of the meeting is to attend the nationwide staff meeting of the Works Progress Administration that is being conducted by radio.

A radio has been installed for the occasion. Harry L. Hopkins, national administrator, will be the principal speaker.

All WPA employees and other interested parties are urged to attend the meeting.

REALISTIC SCENERY

Scenic backgrounds on the stage of "Cavalcade of Texas," huge spectacular production at the Texas Centennial Exposition in Dallas, are so realistic that the man-made rocks and mountains appear in photographs and under the performance lights as actual landscape.

tation in run-off. At the same station Bermuda grass lost only three-hundredths of one ton of soil per acre and only four hundredths of one per cent of the rainfall by run-off. These records show that by the proper use of vegetation we can greatly decrease soil losses on our farming lands."

Remarking on the erosion control work being done on the Texas Soil Conservation Service watershed projects and camps visited, Bennett said that in spite of the record rains of the past week that erosion control measures applied to the farms of cooperators with the Service held to a degree of 95 per cent effectiveness while on untreated neighboring farms soil losses were tragic and terrible.

"This work is so good," Bennett continued, "that it marks a real historic step in the agricultural history of Texas."

May Rains Help Wheat, Too Late For Small Grain

Special to The Clarendon News.

Austin, Texas, June 13—Soaking rains the last ten days of May over Texas were too late for small grain, but checked further deterioration of wheat, according to the June report of the Division of Crop and Livestock Estimates, Department of Agriculture.

Latest estimates place wheat output in Texas at 13,598,000 bushels from the 2,092,000 acres remaining for harvest, indicating a yield of 6.5 bushels per acre. This condition is 36 per cent of normal compared with 37 a year ago and 65 per cent for the ten-year average (1923-32). Indicated

output for 1936 compares with 10,010,000 bushels in 1935 and 41,083,000 for the average in five years, 1928-32.

Prospective production shows little change from the figure of a month previous. Yield per acre is lowest since 1925, the worst drought year in history.

Oats is 46 per cent of normal compared with 72 per cent a year ago; barley, 44 per cent compared with 63; Irish potatoes, 67 and 70. Tame hay gained 24 points during May to a reported condition of 72 per cent on June 1, compared with 71 for 1935. Wild hay figures are 77 and 78 per cent, respectively.

Peach production is estimated at 930,000 bushels compared with 1,891,000 a year ago. Grapefruit was 71 per cent of normal June 1 compared with 79 May 1 and 28 per cent a year ago. Oranges are 76 per cent compared with 82 a month ago and 36 per cent a year ago.

How To Reduce Varicose Veins

Rub Gently Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you should quickly notice an improvement. Continue to apply Emerald Oil until the veins and bunches are reduced.

Moore's Emerald Oil is a harmless, yet most powerful penetrator and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed. It has brought much comfort to worried people all over the country.
