## Fathers and Sons Banquet Will Be Held Here Monday

**Williams Tells**  
By Fred L. Williams

**Bill Gone—**  
With Editor Fred Williams suddenly called out of town on business, this department was tossed around all week with none of the force on The News wishing to take the responsibility of pinch-hitting for such an eminent columnist. However, as press time rolls around we realize that the winner of the football guessing contest must be announced so as not to disappoint the millions of participants, so here it is.

**It's Science Now—**  
Perhaps the reference to the contest as guessing is in error for in looking over the submitted answers we find that every entry picked the two winners this week. The only thing to mar the perfect record is that all contestants were more or less shooting at the moon in their scores. The winner missed the total 18 points while the others ranged as far away as 56.

**Betts Wins—**  
With McLean and Wheeler the victors you would have had to guess a total of 27 points to hit the bulls-eye. Linwood Betts was the lucky picker when he decided on a total of 45 points; and although that's quite a ways from taw, he was closer by six points than his nearest competitor, who was Alex Cooke with a total of 51.

**The Payoff—**  
So now if Mr. Betts will come around to the office, the boss will give him a buck for his foresight. (In case the boss has a buck when he gets back from his trip. But if he hasn't, he will just pass it off.)

**We'll Take A Chance—**  
We have no authority to do this but we will give you a crack at another dollar next week. The teams playing are Shamrock vs. McLean and Lefors vs. Lakeview. This will be doubly interesting for contestants as they not only will have the opportunity to guess the winners and the total of points made, but they can guess all week whether they will get the dollar if they win.

**Money or Check—**  
Don't, however, hold back on account of the money. We will practically assure you that your cleverness will be rewarded. And if we can't find a dollar around handy, we'll be glad to give you a check.

**Here's Something—**  
We got this in the morning mail. We don't know who, when, and we don't know exactly "what" it is. It was signed by a person by the name of Anonymous, which all goes to prove that you can't trust these foreigners. Anyway it was addressed to Williams Tells "personal" we opened it. And what did we find. Well, what did we find?—We are not sure. Anyway it will knock out the old white space in this column and that is all we're after so here it is:

**You Try It—**  
My friend William Tell, If it won't raise Hell, What has gone wrong With this political throng?

Just a few weeks ago Everyone seemed to know Roosevelt would get it on the chin, And Alf Landon would surely slip in.

From what I hear someone was wrong, Landon went out before the first gong, I haven't seen him since that awful fray, But he is a sight to behold, some people say.

I tipped my hat to that Landon (Continued on Page Eight)

## FUNERAL SERVICES FOR W. D. JORDEN HELD IN AMARILLO

**PIONEER ASHTOLA CATTLEMAN AND PHILANTHROPIST DIES SUNDAY.**

Funeral services for W. D. Jorden, 81, of Ashtola, pioneer cattleman, oil man and philanthropist, who died Sunday in Marlin where he had gone for treatment, were held Tuesday afternoon at 3 o'clock in the Blackburn-Shaw Funeral Parlors in Amarillo. Burial was in an Arkansas City, Kansas, cemetery.

Always reticent to publicize his philanthropic deeds, Mr. Jorden donated liberally to all worthy charitable causes and rendered aid to a number of worthy people. He has educated a number of young boys and girls and has three proteges in school at the present time, one of whom finishes New Mexico Military Institute this year.

Jorden came to Oklahoma in 1878 from Chicago where he had been reared. In 1890 he went with the Bureau of Animal Industry as livestock inspector, following 12 years in which he had been employed by Dean Brothers. While inspector he was situated at St. Louis and later at Quannah. For about 15 years he had charge of the eradication of the Texas Fever tick from South Texas to the north line of Texas and Oklahoma. He then became associated with the American Livestock Loan Company of Denver until 1917, being general superintendent of all their ranches located in the Panhandle.

Later he formed a partnership with M. K. Brown at Pampa, and they operated the 2-Bar Ranch which was located north (Continued on Page Eight)

## SOCIAL SECURITY BLANKS SENT OUT

**MUST BE COMPLETED AND RETURNED TO POST OFFICE BY NOVEMBER 21.**

Social Security report blanks were mailed to employers in Clarendon Monday morning and must be filled out completely and returned to the local postoffice not later than Saturday, November 21.

Blanks mailed Monday were to employers only and ask only seven questions concerning the business. Wage reports will be required later in order that the Social Security Board may keep an accurate account of individual earnings. Employers will be notified in due time as to these reports.

The Social Security Act provides for retirement payments from the Federal Government at the age of 65. Benefits are based on the wage record of the individual and are of three types; monthly, lump sum payments and death benefits.

Monthly benefits will range from \$10 to \$85. All benefits will be based on the total wages for work done in this country after December 31, 1936. To qualify for the monthly benefit, which will be paid on January 1, 1942, the individual must be 65 years old, his total wages must be \$2,000 or more and he must have earned wages for at least 1 day in each of 5 different calendar years.

Lump sum payments will be paid to individuals who reach the age of 65 but do not qualify for monthly benefits. The amount paid them will be equal to 3 1/2 percent of their total wages.

Death benefits will be paid to the estates of individuals who die before drawing monthly or lump sum benefits. The amount paid them will be equal to 3 1/2 percent of their total wages.

Rabb Harrison of Memphis was in Clarendon Wednesday.

The program for the night is as follows: Music by Ray Robbins' orchestra; song, led by R. E. Drennan; Invocation, by Rev. Austin; Dinner; Address to Fathers, by Allen Patman; Response, by Tom F. Connally; Reading, by Billie Ralph Andis; Song, by quartet; (Continued on Page Four)

## \$840,000 FEDERAL FUNDS FOR TEXAS

**SOCIAL SECURITY BOARD APPROVES GRANTS FOR PUBLIC ASSISTANCE.**

Public assistance grants totaling \$840,000 were approved for Texas by the Social Security Board Saturday which represents the federal share of expenditures for aid to needy aged during November. It was estimated that 96,000 individuals are receiving this form of assistance in the state.

Based upon a law passed by the State Legislature on October 31, the board approved of Texas' new plan for assistance to the needy aged. This law repeals the former state old-age assistance law, the main difference being that the State Board of Control now supplants the former independent Texas Old-Age Assistance Commission as the state administrative agency for old age assistance.

## Campfire Troop To Sponsor Doll Show

**VERY STRINGENT LAWS TO BE IN EFFECT THIS YEAR ARE ENUMERATED.**

## ALLEGED HOLD-UP VICTIM IS JAILED

**CLAIMED SHOT IN FOOT BY COMPANION ON TRAIN; PHYSICIAN DISAGREES.**

A man giving his name as Joyce Corner of Washington, was confined to the county jail here Monday morning on a vagrancy charge, following his claim that he had been shot in the foot in a hi-jacking on a west bound freight train near Giles, when an examining physician discredited his story.

The physician told officers that the wound could not have been inflicted by a gun.

Sheriff Pierce quoted the man as saying that he was riding the train with another man. His companion, he said, hi-jacked him, shot him in the foot and jumped off the train.

Questioning of trainmen, Pierce said, threw no light on the case. No one had seen a man answering the given description in the vicinity of the alleged hold-up, he stated.

Conner was brought to the Adair Hospital in Clarendon, where the examination was made.

## Lee Sutton Dies At Hospital Here Friday

Lee Sutton, about 60, died in the Adair Hospital Friday morning at 3:30 o'clock. Funeral services were held at the Buntin Funeral Chapel Friday afternoon. Rev. L. A. Revis officiated.

Sutton had been ill in the county hospital for about 4 years. He is survived by one daughter living in St. Louis.

**RECEIVES BURNS**  
M. R. Allensworth received painful burns about his hands Sunday night when he extinguished a blaze in the rear of his car. Mr. and Mrs. Allensworth were returning from Amarillo when papers on the floor of his car caught fire.

No damage resulted from the fire, it was reported.

## Martin Funeral Is Conducted Friday

With the impressive ceremony of the Masonic Lodge, J. W. Martin was buried near his wife in the Claude Cemetery Friday morning, following a brief service at his home in Clarendon, conducted by Rev. Robert S. McKee.

Mr. Martin died at his home of a heart attack at 8:15 last Tuesday night following a two-day's illness.

Friends from all over the Panhandle gathered at the grave and silently paid their last tribute, while messages of condolence poured in from every section from those who were unable to attend. A parting remark by a misty-eyed pioneer friend of Mr. Martin probably expressed the sentiment of the entire crowd. "Those flowers banked high upon the grave will fade and die, but the good things Johnnie did in this life will live forever."

Pallbearers were chosen from the Clarendon and Claude Masonic Lodges and were H. T. Burton, John F. Blocker, C. C. Powell, F. E. Chamberlain, Joe Horn, and John Sims from Clarendon, and Jim Christian and Will Bennett of Claude.

## TICKET SALE FOR CIRCUS IS HIGH

**FARLEY FLYING DUTCHMEN WILL SHOW HERE NOVEMBER 20.**

Advance ticket sales for the "Cal Farley's Flying Dutchmen Circus" which will be presented by the Chamber of Commerce and the Lions Club for the benefit of the High School Band at the High School auditorium here Friday night, November 20, indicate a capacity crowd, according to Ray Robbins, who is in charge of the program.

The ticket sale opened Monday of this week, Robbins said, and had by Wednesday night reached a peak above expectancy.

The Flying Dutchmen Circus, radio stars performing daily at 12:45 over radio station KGNC in Amarillo, will come to Clarendon with their full company of approximately 30 performers. Dutch Mantell, the man with a thousand faces, will head the group as master of ceremonies. Singing, dancing, and varied entertainment will be featured.

## Donley Calves Make Good Showing at Fair

Two Donley County calves, belonging to Floyd Lewis and Pat Slavin, placed 15th and 21st, respectively, out of 300 baby beeves fed by Texas boys, at the Centennial Junior Live Stock show in Dallas last week.

Panhandle baby beeves placed high in the show with Erwin Schultz of Channing, third in the heavy class; John Troy Whatley of Groom, seventh. Two calves entered by Wolter Britten of Carson County, placed eighteenth and thirtieth, while Billie Wilson's McLean entry was 25th.

Funeral services for Mrs. Bolen Lawrence, 41, sister of Arthur DeHart of Clarendon, who died early Monday in an Amarillo hospital, were held Tuesday afternoon at 2:30 at the First Baptist Church in Claude.

Besides Arthur DeHart, Mrs. Lawrence is survived by her husband, two sons and one daughter, Murland, Gene and Emeline, all of Amarillo; her parents, Mr. and Mrs. E. M. DeHart of Dallas; two brothers, Earl DeHart of Panhandle and E. M. DeHart, Jr., of Dallas; three sisters, Mrs. O. H. Blackstone, Mrs. Theo. Powell and Miss Minnie DeHart of Dallas and Mrs. G. W. Barnes of Vickery, Texas.

## Transfer Hedley Pastor To Turkey

## 88-18 Road Group Holds Preliminary Meeting at Dallas

**TIGERS DEFEAT BRONCHOS IN FINAL GAME FOR LOCALS**

**McLEAN HARD PRESSED TO CHALK UP 13-0 VICTORY OVER CLARENDON TEAM.**

A battling band of Clarendon High School Bronchos, weakened by injuries and showing a dearth of reserve material, dropped a bitterly contested grid battle to the McLean Tigers in that city Friday night, to wind up their current schedule. The final score was 13-0.

Paced by the speedy Captain Laswell, the Tigers outclassed the locals in a manner very appropriately indicated by the final score. The Tigers appeared to have just about a 13-point better team than the Bronchos on this night—no more nor no less.

McLean's first score came midway in the second quarter after Wingo recovered a fumble made by Cooke on the Clarendon 40-yard stripe. Only six plays were necessary from this point for the smashes of Braxton and Laswell to cross the pay stripe, Braxton going over for the score from the 11-yard line. Laswell's pass to Nicholson was good for extra point, and the Bronchos found themselves trailing 7-0.

The Tigers' second touchdown came early in the final frame after a fumble by McLean in the third quarter had given McLean the ball on the McLean 40, and the end of the quarter found them on the Bronc 15. Three plays were necessary in the fourth quarter to lug the leather over the pay stripe, with Humphries carrying over from the 9. Nicholson's attempt at (Continued on Page Eight)

## PROGRESS MADE IN RED CROSS DRIVE

**APPROXIMATELY \$50 TAKEN IN AT ONE BOOTH HERE SATURDAY.**

Approximately \$50 was subscribed at one booth Saturday by the local chapter of the American Red Cross as the annual drive for new members completed its first week. Dr. A. W. Hicks, chairman of the committee here, could not be reached for a statement on the exact figures.

Mrs. W. H. Patrick, Mrs. T. H. Ellis and Mrs. Allen Jeffries reported the \$50 from their booth in the postoffice.

In a statement last week, Dr. Hicks pointed out that the local chapter operated solely upon funds derived during this drive. "We are anxious to create as substantial a fund as possible in order that the work planned for the forthcoming year may be adequately carried out."

In discussing the national organization, Hicks cited numerous occasions where the Red Cross was called on to render aid in stricken communities. This assistance included floods, shipwrecks, earthquakes, fires, tornadoes, hurricanes, typhoons, epidemics, explosions, bombings, landslides, and other forms of disaster.

## Wrist Watch Lost In Accident Found

A wrist watch, presumably the one lost by Miss Zoe Allen of Amarillo when she plunged from a car to the roadside a few weeks ago, was unearthed by highway workmen west of town Tuesday.

The watch, minus the band and case, was found near the place where Miss Allen was said to have been dragged by the car in which she was riding when she fell out the door while attempting to latch it as a precaution against possible hi-jackers.

Miss Allen received only minor cuts and bruises in the accident.

## Delegates To Meet With State Highway Board Named; Projects Mapped.

Following a meeting of the directors of the 88-18 North-South Highway Association here last Thursday at which time a motion was passed to send delegates to a hearing of the State Highway Commission in Austin November 23 and 24, representatives of the body met with Harry Hines, chairman of the commission in Dallas Saturday to confer before appearing at the hearing.

Attending the conference were G. G. Reeves of Clarendon, Garnet Reeves and Jim Collins of Pampa, J. A. Lacey of Turkey, and Judge Comback of Matador.

The body hopes to send approximately 50 delegates selected from every town in the association which includes Ochiltree, Roberts, Gray, Donley, Hall, Motley and Dickens, to the November hearing to ask for designation of a state highway from the state line north of Perryton south as far as the commission sees fit to designate.

Work on the Turkey-to-Clarendon highway would be placed as No. 1 project, it was decided at the meeting.

A. L. Chase, G. G. Reeves and J. M. Hill met here Monday afternoon to select delegates to represent Donley County and formulate plans for the petition to be presented at the commission hearing.

Following is the brief which will be presented by the delegates at the hearing: To The Texas State Highway Commission:

This delegation of the members of the "88-18 North-South Highway Association" representing the Counties of Ochiltree, Roberts, Gray, Donley, Hall, Motley, and Dickens, comes before you to request and urge designation of the following gaps in State Highways No. 88 and No. 18:

Project No. 1  
From State Highway No. 18 at Turkey, Texas, north to Clarendon. (Continued on Page Eight)

The group will also seek to promote county-wide interest in poultry farming and will disseminate economical and profitable methods in poultry raising.

## PIGSKINS PARAGRAPHS

By DICK COOKE

"Thus endeth the first lesson." The Wheeler Mutangs are wearing the district crown by virtue of their 14-to-0 victory over the Lefors Pirates Friday night.

The wiry little Ponies twisted and bucked their way around all opposition for the honor of placing the flag over their home coral for the first time in the history of the school.

The Mustangs fought their way through eight district games to come out unmarred, with the exception of the 0-to-0 tie with another set of horses, the Clarendon Bronchos.

And Clarendon should be proud of the fact that they were the only team to hold the champions scoreless. And had the gods of fate been kind, the Bronchos could have won that game as easily as they lost it.

The Wheeler lads will prob-

ably meet the Paducah Dragons in the bi-district tussle soon. The Cottle County boys downed a tough club from Spur 6-to-0 last Friday to practically cinch their district.

Sharp claws were too much for flying hooves and the McLean Tigers ripped out a 13-to-0 victory over the Clarendon Bronchos in the Tiger lair last Friday night.

The defeat slipped the Bronchos down into a tie with Memphis for the lead of the second division. The Bronchos finished the season with 3 won, 3 lost, and two tied for a .500 average, while the Cyclones won 4 and lost 4 for a .500 percentage.

Wellington kicked Shamrock further down the ladder when they trimmed the Irishmen 12-to-7 in a great Armistice Day game in Wellington Wednesday night. The Shamrocks went higher than the beautiful display of fireworks that were a part of the holiday program, and handed Wellington a touchdown when they hit the line three times and then fumbled on fourth down almost on their own goal line. The Rockets pushed it over for

## NAYLOR

(By Mrs. Richmond Bowlin)

Mrs. R. E. Beach surprised her husband Sunday by giving him a big birthday dinner. All the children and grandchildren, his mother, other relatives and friends were there. Covers were laid for R. E. Beach, honoree, Mr. and Mrs. J. J. Beach and children of Hedley, Mrs. J. S. Beach of Hedley, Mr. and Mrs. Woodrow Davis, Mr. and Mrs. Virgil Nichols of Borger, Jack Beach, Margaret Beach, R. L. Beach, Lesley Pickering, and Mrs. R. E. Beach. Mr. and Mrs. A. E. Tidrow,

the deciding 6 points of the game.

There was no doubt of the superiority of the Wellington club, however. They seemed to gain at will. Working reverses, laterals and passes off of tricky formations, the Skyrockets reeled off long gains around their heavier, slower, opponents.

Wellington's passing attack Wednesday night reached the acme of the game in Class B football. No other club in the district has pitched and caught the ball with the apparent ease the Skyrockets did in that victory.

Here's where they stopped last week:

Team	G	W	L	T	Pct.
Wheeler	8	7	0	1	.938
Wellington	8	7	1	0	.875
McLean	7	5	2	0	.714
Shamrock	7	4	2	1	.643
Clarendon	8	3	3	2	.500
Memphis	8	4	4	0	.500
Lefors	7	1	6	0	.143
Lakeview	7	1	6	0	.143
Mobeetie	8	0	8	0	.000

The curtain will be drawn this Friday when the McLean Tigers mix with the Shamrock Irish at Shamrock and the Lakeview Eagles tangle with the Lefors Pirates.

McLean and Shamrock will be fighting for third place, while the Eagles and Pirates will be battling for seventh. As far as Wheeler, Wellington, Clarendon, Memphis and Mobeetie are concerned, the outcome of these games will not change their standing.

## Willie Glenn Parten Weds Rufus White

Miss Willie Glenn Parten and Mr. Robert (Rufus) White were married Wednesday, November 11, at 6:00 p. m. at Clinton, Oklahoma. Rev. Roy W. Pfaff, pastor of the First Methodist Church of that city, read the vows for the quiet ceremony.

The bride is the daughter of Mr. and Mrs. J. G. Parten of Waxahachie, Texas. She is an ex-student of Trinity University of Waxahachie, and is a graduate of Texas College for Women (C. I. A.), Denton, Texas. For the past two years she has been librarian at the Clarendon Junior College and before coming here held a position as librarian of the Ferris High School, Ferris, Texas. She is regarded as a valuable member of the college faculty and during the two years spent here has sponsored two literary clubs, the Alpha Delta Psi and the Palo Duro. She is also sponsor of the pep squad and has been a member of Junior Les Beaux Arts Club.

Mr. White is the son of Mr. and Mrs. Frank A. White, Sr., of this city, and is very well known in this community. He is a graduate of Texas Technological College at Lubbock, and is at present employed at the First National Bank of this city.

Mr. and Mrs. White are now at home at the Latson Apartments.

## Pathfinders Resume Travelogue

The Pathfinder Club met in regular session at the club room Friday, November 13, with the vice president, Mrs. J. W. Evans, presiding in the absence of the president, Mrs. L. N. Cox. Mrs. Cox was attending the State Federation meeting in San Antonio.

Miss Lottie Lane was elected treasurer to fill the vacancy made when Mrs. John Bass moved to Lubbock.

Mrs. C. A. Burton voiced the appreciation of the city committee to the Pathfinder Club for its loyal support of "Our Library," which was started, put on its feet and sponsored by the club and to which the club still contributes \$1.00 per member annually.

The Travelogue was resumed under the able leadership of Mrs. J. W. Evans who took those present on a visit to the "Famous Shrines of Virginia."

Mrs. Fred Buntin gave a complete history of Philadelphia from its inception by William Penn, November, 1682, until the present time. From her paper it was learned that Philadelphia was "first" in many things. "It established the first circulating library, the first fire insurance company, introduced the first public waterworks, organized the first American volunteer fire department, had the first paved and lighted streets, the Walnut Street Theater was the first American theater, the first stock exchange was started there, and of quite as much interest to many persons was the fact that the first ice cream soda was concocted by a Philadelphia druggist."

The club was taken to Washington by Mrs. W. C. Stewart. Using Capitol Hill as a pivot she carried the members through the Washington of today, up Pennsylvania Avenue to the Capitol Building, through the White House, the Statuary Hall, the National Congressional Library, the Supreme Court building and many other points of interest, too numerous to mention. The hostesses, Mrs. L. E. Thompson and Mrs. H. T. Burton, served delicious refreshments.

### EDITOR'S CORNER

The Flying Dutchman Circus to be presented Friday night, November 20, for the benefit of the Clarendon High School Band certainly deserves the backing of the entire student body and the public. Let's all turn out and help the band in the drive for new equipment.

Wandering into the auditorium the other day, I found a number of students trying out for the new mystery play The Curtain Club is now working on. Mr. Kerby graded the students trying out for parts while they read lines from "The Raven"—"Deep into the darkness, peering, long I stood there wondering, fearing, doubting, dreaming dreams no mortal, etc. etc., Merely this and nothing more." I understand this play will be presented like a play should be presented with everything being run off with a clock-like precision. Everyone will know his lines and everyone will act his part. As yet, the assignment of parts has not been made. The Club will begin their regular meetings with the one tonight, Thursday, at 7:30.

I want to make an appeal to all the reporters to the page to please cover your meetings, stories, and other reports and place them in the news box in the library by 8:30 Tuesday morning, preferably by 3:30 Monday afternoon. All the class reporters will also please cooperate with the staff by getting your articles in on time. It is necessary that the copy be in at this time as "The News" asks that it be in by Tuesday noon. We urge all the contributors to please cooperate with the staff in getting the copy in on time.

### OUR BOOK SHELF

The new Lloyd C. Douglas novel, "White Banners," is centered around another of Mr. Douglas's impracticable philosophies. It, like the "Magnificent Obsession," charms the reader into going on and on oblivious to time. The book does so, not because it is a great book, but because it is a ridiculous book. It is tripe-colossal tripe.

Of course, there is a human interest element present in the book that has its merits. Hannah is the heroine, and she enters the story a very sad and dejected figure. She becomes affiliated with the household of Professor Ward and remains in that home for twenty-five years. During that time she makes the lives of the extravagant and irresponsible Wards, and she finds that she can boss anyone and make him like it. This accomplishment, of course, is the result of Hannah's secret belief that for each noble sacrifice you make, you get something back from him, or it, or them (Mr. Douglas, as usual, never decided whether his new-found Diety was singular or plural). Hannah believes in a theory of nonresistance, and through the use of this impracticable theory, she accomplishes almost super-human feats.

There is much more to the story, but it is all centered around Hannah's secret belief, and throughout the book, when a difficult and perplexing situation arises in her life, or in the life of a friend, she merely applies her belief and talks for thirty minutes about secret courage, non-resistance, and strength from "Outside" and all troubles fade away.

"White Banners" is very far-fetched, being written in the usual confusing Douglas style. It contains many of Mr. Douglas's inevitable paragraphs of secret strength, courage, power, and the like. If you are interested in worrying yourself into a frenzy over three or four hundred pages of completely illogical philosophies read "White Banners."

### PITCHES FROM THE BRONCHO

Wedding bells are ringing on the campus again. It seems that they periodically for a number of years.

Butler is said to resemble Raymond. You might try in the movies, Butler.

## Flying Dutchman Circus To Be Friday Night

Cal Farley's Flying Dutchman Circus will be presented at the College Auditorium Friday night at 8 o'clock. The presentation will provide a variety of entertainment. This "Circus" has made numerous appearances over the Panhandle and everywhere the performers have been their program has been lauded as being very entertaining. This presentation is being brought here for the benefit of the Clarendon High School Band. The proceeds will go directly for new band equipment, for the band at this time is very much in need of a new bass drum and a new bass horn. This is the beginning of a drive for funds for the new equipment, and Mr. Rob-

bins expects to realize a nice profit on this first presentation. There will be no outside expense, whatever; so the band will get the benefit of all the money that is taken in. Everyone is urged to help out in this drive for funds. The band boys have been working hard the past week selling tickets. If you have not already bought several tickets, please do so immediately or come out Friday and see the show. Everyone might well come out tomorrow night and enjoy a variety of entertainment and benefit the band. Price of admission is fifteen and twenty-five cents.

## Book Week Is Being Observed By Local Schools; Prizes To Be Awarded

To stimulate children's interest in beneficial reading, Book Week was established in 1919. Instead of falling into oblivion as many such observances have done heretofore, Book Week has flourished. Each year more enthusiasm has been added, until now, this week, in 1936 it is being met with various activities. In the beginning, the week was called "Children's Book Week" but as high schools and then colleges became interested, the first word in the title was left off. The theme for 1936 Book Week is "Books to Grow On." It is to be noted that modern books being written for children have taken a more realistic tone; that is, they deal more with the everyday life of the child. Condescension is an omitted characteristic; no more does the author "talk down" to his reader.

In Clarendon High School and College, Book Week is being fittingly observed. Prizes are being given to the high school students having read the most books, and to the college freshman having read the greatest number of pages; namely, Glenn Deal, 9th grade; Edith Shelton, 10th grade; Otis Rolls, 11th grade; and Jack Baldwin, college freshman. A treasure hunt was given the college Sophomores in the form of questions pertaining to books. The prize will be awarded to Beatrice Garmon, whose paper contained the fewest mistakes. Money for the prizes is being furnished by the library fine fund.

It's dangerous to get Joan Thompson angry. Ask Charlie Murphy as he seemed to be very upset Monday.

Have you heard the new "Drunkard's Song?" If not, get Dorothy Kerbow to sing it for you; she does a swell job.

Otis Rolls was most surprised of all when it was announced that he had won the book prize in the Senior Class.

Attractive new coiffures have been seen on Ruth McDonald, Kathleen Ryan and Joan Thompson.

The Senior Class is said to resemble a kindergarten more than a dignified class room during quiet period. This is due to the fact that so many are requested by Miss Harris to sit down or walk in again in the proper way.

Gene Baxter was seen throwing rocks at some girls. And we thought "Butch" was a gentleman!

Jimmy Bourland was busy being biology prof. the first part of this week. The students are quaking in their shoes for fear that Jimmy will get in a few words as to their grades.

The seniors are being slowly enlightened on the subject of personal essays, and someday hope to be able to write one.

Mrs. L. L. Kinder of Frederick, Oklahoma, was a week-end visitor in the A. N. Wood home.

## Broncos Complete Year's Schedule

The Broncos ended their current schedule last week when they dropped the last game to the McLean Tigers 13-0. The Broncos put up a good fight, however, even if they did lose. Besides playing a fine defensive game, the Broncos displayed a spirited offensive drive throughout.

The Broncos were especially unlucky when toward the last of the second quarter, they blocked a McLean punt and then completed a pass to McLean's one-foot line only to have the half end before the ball could be plunged over. Undaunted by this, however, the boys came back in the second half and ripped off numerous long gains. Their passing attack was also clicking very well, though it failed to make the necessary touchdowns in the end.

Many of the boys played their last game of high school football in this contest Friday. Those boys included on this list are Cornell, Butler, Noble, McClenny, Rolls, Cole, and Slavin. All these boys turned in a fine performance in their last game. More power to you, Broncos! The remainder of this year's squad will be back to comprise the Broncho squad for 1937.

## Judge Todd Talks To Students Monday On Prevention of Tuberculosis

Tuberculosis was the subject of the talk given by Judge Todd to the high school and college students Tuesday, November 17.

Judge Todd emphasized the prevention of the disease, rather than the cure. Lots of rest, milk, raw eggs, fresh fruits and vegetables, no smoking, and the cultivation of a happy outlook on life are prescribed for the tuberculous patient. These are also prescribed for the young person who would avoid the disease. The importance of deep breathing was demonstrated with two balloons, one of which had a hole in it

to signify the lung cell of the tubercular person. Exercise and fresh air were two elements of healthful living mentioned.

Judge Todd described the symptoms of tuberculosis as a tired, listless feeling, lack of appetite, indigestion, nervousness, pale of face, and spots of temperature on the cheeks.

Psychology applied to healthful living is the philosophy of this man's life. He urges everyone to master himself before he attempts to master others and not to take life too seriously. "Get a lot of fun out of life," instructs Judge Todd, "I do."

### Play-By-Play Report of Broncho-Tiger Grid Battle

**First Quarter**  
Cole kicked off for Clarendon to Laswell on his own 10. Laswell made a beautiful return to his own 40. Laswell, on the first play from scrimmage, plowed through right tackle for 5, and Braxton added five more for a first down on the 50. Laswell picked up 5 more through the line, but the play was called and Clarendon received a 5-yard penalty, giving the Tigers a first down on Clarendon's 45. Laswell tried left guard and got 1 yard. On the same play he made 5 and a first down. Humphries skipped around his own right end for 7, and Braxton plowed through for a first down on the Broncho 28. Laswell picked up 8, and Braxton failed to gain on the next play. Laswell added 1 more, but on fourth down Watson fumbled and the ball went over.

Holtzclaw tried right tackle and got 2 yards. Cornell squirmed through center and zigzagged up the field for 10, but the play was called back and Clarendon chose to take the penalty when McLean was charged with off-side. On second down, Cornell fought his way to the 36-yard strip and a first down. R. Grady fumbled on the next play and Barnes recovered for McLean on Clarendon's 32.

Humphries picked up 7 over right tackle Laswell got 1. Laswell made a first down on Clarendon's 22. Braxton failed to gain at right end. Noble broke through on the next play and threw Braxton for a 2-yard loss. Watters stopped Laswell for a 1-yard pickup. Cornell intercepted Laswell's pass on his own 10, and twisted and side-stepped beautifully all the way to McLean's 45.

J. Grady tried to get around right end, but was thrown for a 2-yard deficit. Cornell plowed through right tackle for 4. Cornell's pass to Grady was good, and he was downed on the 36, just short of a first down. On fourth down Cornell knifed through the line to the 32, where he fumbled, and the ball was recovered by a McLean player, but the play was called back as both teams were off side. Cornell again plowed through to the 32 for a first down. Holtzclaw was dumped for a 3-yard loss on an attempted wide end run. J. Grady swept wide around left end to regain the 3 yards. Cornell's pass was intercepted by Watson on the 20, and he returned to the 29.

On the first play of the series a McLean back fumbled the ball and McClenny pounced on it for the Bronco on the 26-yard stripe.

On a reverse over left tackle, J. Grady picked up 2. Cornell smacked right tackle for 2 more. Holtzclaw got 5 over left tackle, but was short of a first down by less than a yard. Cornell was thrown back on the 22 on fourth down, and the ball went over to McLean.

Humphries swept around right end for a brilliant 18-yard gallop and was downed on his own 40-yard line as the quarter ended.

**Second Quarter**  
Bogan went in for Humphries for McLean.

Laswell was smacked down for a 1-yard loss when he tried to circle his left end. Watson got 2 through center. Braxton slanted off right tackle for 8, just short of a first down. Laswell was hit hard by Robinson for no gain as he tried to crash through for the first down, and the ball went to the Bronco on downs on the McLean 49.

Cooke went in for J. Grady for Clarendon.

Cornell crashed left tackle for 1 yard. Cooke fumbled on what was to have been a pass play, and Wingo recovered for the Tigers on Clarendon's 40.

Braxton ripped through for a first down on the 30. Laswell picked up 4 at left end. Braxton hit off right tackle to the 17 and another first down. Laswell swept around left end for 4. Braxton picked up three off right tackle. Braxton got 2 more at right end. Braxton smashed off right tackle for a touchdown. Score: McLean 6, Clarendon 0.

McGowen went in for Cooke for Clarendon.

Laswell passed to Nicholson for extra point.

Score: McLean 7, Clarendon 0.

Nicholson kicked off for McLean to Cole on his 30, and he returned to his own 45½. Cornell's long pass slipped through Rolls' fingers for an incompletion. Cornell's pass to Holtzclaw was good for a first down on the Tiger 42. Cornell passed to Rolls

for 3. Cornell dashed through left tackle and scampered to the 35, but the play was called back and Clarendon drew a 5-yard penalty. Cornell's pass to Grady was good for 10, and Holtzclaw was hurt on the play. Clarendon was penalized 5 yards for excessive time out. Cornell's two attempted passes were incomplete, and the ball went over to McLean on their own 39.

Laswell picked up 1 at left end. Braxton got 4 off right tackle. Laswell got 4 at right guard. Bogan kicked to R. Grady, who momentarily fumbled but recovered and was downed on his own 16.

Cornell kicked over Laswell's head, but the latter raced back, picked up the ball on his own 25 and scampered back to his own 45 before he was pulled down.

Bogan went around right end for 4. Braxton went off tackle for 1. Braxton picked up 5 on the same play, but the play was called back and the Tigers drew a 15-yard penalty. Bogan's kick was blocked by Robinson, and Rolls picked the ball up and scampered to McLean's 16 before he was downed. Grady hid out on the sideline, and Cornell's pass to him was good, Grady going all the way to the 3. And, with the Bronco pounding on the door, the half ended before another play could be called.

**Third Quarter**  
Humphries went in for Bogan for McLean.

**BACTERIA ARE AS DANGEROUS AS IN WINTER AS IN SUMMER ...KEEP YOUR FOOD BELOW 50°!**

**DANGER**—Above 50° bacteria multiply rapidly, causing foods to spoil.

**SAFETY**—Below 50° bacterial growth is effectively retarded.

• If you could see food under a microscope you would know why any refrigerator that cannot maintain temperatures below 50° is dangerous. For above 50° bacteria multiply by the millions—on meat, on leftovers, in milk. They endanger health, lower resistance to disease and waste your food money.

And don't be fooled by winter weather. Outside temperatures are varying and uncertain—but it's always summer in your kitchen. If the temperature where your food is kept is not in the Safety Zone—below 50°—all the time, there's danger.

 lad,  
 To have been in his shoes I'd  
 given all I had  
 But someone fooled that gallant  
 bird,  
 Say, William, do you think he be-  
 lieved all that he heard?  
 Now I'm glad that I'm just a

country lass,  
 I don't know much about that  
 elephant and ass,  
 And William, maybe some of  
 those other people, too,  
 Would know more about the  
 piggy wiggy's wee-wee,  
 And the old cow's moo-moo."  
**That's Over—**  
 What do you think about all  
 this?—Well, that's just what we  
 think too.

**88-18 Road—**

(Continued from Page One)  
 endon, Texas, connecting with  
 State Highway No. 88, this gap  
 comprising approximately 39  
 miles as set out on maps accom-  
 panying this request.

**Project No. 2**  
 From a point 9 miles east of  
 Pampa, Texas, on State Highway  
 No. 33, due north through Gray,  
 Robert, and Ochiltree Counties,  
 connecting with Federal Highway  
 No. 83, approximately 7 miles  
 south of Perryton, Texas, as set  
 out on maps accompanying this  
 request.

The designation of these two  
 projects will complete a north  
 and south highway from Federal  
 Highway No. 83 to Del Rio, Tex-  
 as, forming a continuous high-  
 way from Canada to Old Mexico,  
 with Del Rio as the point of en-  
 try into Mexico. This being the  
 ultimate object of the "88-18  
 North-South Highway Associa-  
 tion."

The "88-18 North-South High-  
 way Association" believes that  
 the opening of the Turkey to  
 Clarendon gap (Project No. 1)  
 is of vital importance for the  
 following reasons:

1. It would open a direct north  
 and south route from the Pan-  
 handle oil fields on the north to  
 the West Texas oil fields on the  
 south.

2. It would provide a much-  
 needed outlet to the south for  
 traffic from Federal Highways  
 Nos. 60, 66, and 370 and from  
 State Highway No. 88. At present  
 there is no north-south high-  
 way crossing of the Prairie  
 Dog Fork of the Red River be-  
 tween Canyon, Texas and Estel-  
 line, Texas, a distance of approx-  
 imately 110 miles. This condition  
 necessitates a circular route for  
 north and south bound traffic  
 originating in the towns along  
 this route.

The "88-18 North-South High-  
 way Association" further believes  
 that the opening of the Pampa  
 to Perryton gap (Project No. 2)  
 is very necessary for these rea-  
 sons:

1. It would serve north and  
 west of the present town of  
 Skelkytown. Following the sale  
 of the ranch they became asso-  
 ciated with Ware, Ware and Gar-  
 ner.

At the time of his death he  
 had a large amount of oil develop-  
 ment on his property and he  
 owned a ranch at Asntola. He  
 also continued to lease joint  
 properties located in Carson and  
 Hutchinson counties, operating  
 there with John McClelland.

**Tigers Defeat—**

(Continued from Page One)  
 conversion was no good.

Clarendon made a strong bid  
 for a score late in the second  
 frame, and there is small doubt  
 that the tally would have been  
 made had there been time for  
 one or two more plays. Braxton  
 attempted to kick from his own  
 30, but Robinson charged in fast  
 and blocked the punt. The ball  
 was scooped up by Rolls who  
 scampered to the McLean 16. On  
 the next play R. Grady hid out  
 on the sideline, and took Cor-  
 nell's pass nicely, but he had  
 been spotted just as the play  
 started and was thrown on the  
 3-yard line at which point it  
 was a first down, but the gun  
 sounded for the end of the half  
 before another play could be  
 organized and thus the Broncs'  
 only serious scoring threat was  
 ended.

Cornell played the steadiest and  
 most consistent game that he has  
 turned in this season. He accoun-  
 ted for by far the major part of  
 the yardage gained from scrim-  
 mage by the locals, and his pass-  
 ing would have accounted for  
 many yards more than are shown  
 on the records had his mates  
 been able to hold the ball. Time  
 after time, he chunked perfect  
 strikes, only to see them drop  
 through the receiver's hands for  
 incompleteness. And his kicking,  
 with the exception of one bad  
 punt, was little short of sensa-  
 tional. Three times he broke  
 through the line, cut away to the  
 sideline and seemed to be "on  
 his way" only to be pulled down  
 after nice gains by the speedier  
 McLean backs. Cornell stood head  
 and shoulders above any individ-  
 ual player on the field, however,  
 both offensively and defensively.

Outstanding performances also  
 were turned in by Robinson, No-  
 ble, Butler, Rolls and Waters.

McLean's star performers were  
 Laswell, Humphries, and Nichol-  
 son.

**Six Counties Raise  
Half of Demo Fund**

Six Texas counties contributed  
 more than half the \$275,000  
 raised by the state in the recent  
 Democratic Campaign fund drive,  
 it was reported this week.

Pre-election contributions made  
 by Dallas, Tarrant, Harris, Bexar,  
 Nueces and Travis counties to-  
 taled \$150,531, with contributions  
 made directly to national head-  
 quarters and not yet recorded,  
 expected to swell the six-county  
 total.

Donley County democrats con-  
 tributed approximately \$125 to  
 the fund, according to J. H. Mor-  
 ris, member of the committee.

**GINNING INCREASES**

Donley County ginnings in-  
 creased 1,186 bales over the same  
 period last year, according to a  
 Bureau of the Census report as of  
 November 1. Prior to November  
 1 the total number of bales  
 ginned reached 4,819 for 1936,  
 while 1935 showed a total of  
 3,633 for the same date.

**Former Foard County  
Sheriff Is Convicted**

Q. R. Miller, former Foard  
 County sheriff, was found guilty  
 by a federal court jury in Louis-  
 ville, Kentucky, of passing \$1,100  
 in spurious \$20 federal reserve  
 notes last May, and was sen-  
 tenced to 10 years in Atlanta  
 penitentiary and fined \$300 by

Judge Hamilton Saturday.  
 The bills were said to have  
 been passed on the eve of the  
 Kentucky derby, according to  
 witnesses, who identified Miller  
 as the offender. Defense witness-  
 es testified that Miller was in  
 New York at the time.  
 Miller is under indictment in  
 Hopkins County, Kentucky, in  
 connection with a \$10,000 holdup  
 of a wholesale liquor store.
