LIBRARY NOTES

By Mrs. C. A. Burton

Again we are approaching Book Week with its significant slogan "Books Are Bridges." It will be celebrated from Nov. 10 to 16.

Recently there came an invitation to the meeting of the Southwestern Library Association in Phoenix, Arizona, for Oct. 30-Nov. 2nd. Theme of the meeting will be "Extending the Library's Sphere of Influence." This will be the first meeting since the beginning of the war years.

"The Razor's Edge" by W. Somerset Maugham has sold to date 1,556,222 copies.

Lippincott's report that 1,000,000 copies of Betty MacDonald's "The Egg and I" have rolled off the press. The publishers announce that one hundred thousand yards of cloth were used, and enough paper to cover an area of five hundred and eighty acres.

Archibald Mac Leish will receive a Legion of Honor decoration from the French.

Ernest Hemingway will return to New York next month to start the revisions on his new novel.

It is reported that a million Bibles are stored in the Adjutant General's office depots through-

out the country. Any religious, educational, or charitable or similar institution can obtain them free. Most of them are pocket size, some of the King James version, while some are a version prepared for men of the Jewish faith.

Ernest Thompson Seton, world famous naturalist, author and lecturer died on the 23rd at his home at Seton Village, his wild sprawling 2,500 acre estate near Santa Fe, New Mexico. He was 86 years old, and was one of the first authors in this country to specialize in animal stories, particularly for children. He is to be cremated. Mrs. Seton announced that the estate will later become Seton Foundation.

The number 150,000,000 million was reached by Pocket Books with the printing of Ilka Chase's "Past Imperfect."

Sept. 28th was set aside in Groesbeck, Texas, as Garland Roark Day, so proud was the town of the author of "The Wake of the Red Witch." There was a parade, and the christening of a launch, the Red Witch, on the lake. Foreign rights have already been arranged for Sweden, Denmark, Australia, France, Spain, and Argentina.

On the 28th of this month Henry Holt will publish "The Noble Voice" by Mark Van Doren, a study of ten great heroic poems by Homer, Virgil, Lucretius, Chaucer, Dante, Spenser, Milton, Byron and Wordsworth. Scribner's announces that Taylor Caldwell's "This Side of Innocence" has reached the 1,000,000 mark—the highest record of all her best sellers.

Warwick Deeping, English author of popular fiction, has just had printed his 77th book, "The Impudence of Youth."

About 550 species of native grasses are found in Texas, which is approximately one half the whole number of species found in the United States.

NURSE LOSES FAT SAFELY AYDS WAY

Get slimmer without exercise

Walker B. Healy

Dr. Walker B. Healy, pastor of the First Presbyterian Church of Hot Springs, Arkansas, will be the speaker on the Presbyterian Hour next Sunday, Nov. 3, at 7:30 A. M., over an independent network of southeastern radio stations.

Dr. Healy was born in Lynchburg, Virginia, and took his college work at Lynchburg College. He was graduated from Union Theological Seminary, Richmond, Virginia, in 1935, and his first post was that of assistant pastor and director of religious education in the First Presbyterian Church of Houston, Texas. From there he went to the pastorate of the Presbyterian church at Monticello, Arkansas, and a few

years ago began his present work at Hot Springs.

The subject of Dr. Healy's address will be "Better Homes for a Better World."

This radio broadcast can be heard in Clarendon over radio station KGNC, Amarillo.

CARD OF THANKS

May God bless each and every one who showed us so much kindness and help during the illness and death of our son and brother. We thank you every one.

Texas is by far the leading grain sorghum producing state of the Union.

Natural gas was first produced and consumed in Texas at Corsicana in 1901.

Approximately 17,000 persons are engaged in trapping in Texas each year.

There are known to exist in Texas between 60 and 75 minerals that are of commercial value.

A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak

production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING

Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

Forces of Attraction Keep a Comet in its Course...

and OIL-PLATE Your Engine!

BASIC forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where

it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

BETTER OIL-PLATE NOW!

HALL—McDANIEL

The wedding of Miss Shirley Hall and Victory Harold McDaniel of Ft. Worth and formerly of Clarendon, was held last Saturday night in the First Christian church at Corpus Christi. The bride is the daughter of Mr. and Mrs. C. M. Hall of Corpus Christi and Harold is the son of Mr. and Mrs. Ed McDaniel of Ft. Worth. After the wedding the couple left for a wedding trip to Mexico City and Acapulco. They will make their home in Ft. Worth.

Mrs. McDaniel attended Stephens College and is a graduate of Texas Tech at Lubbock and received his first schooling here in Clarendon.

KILL KARE KNEEDLE CLUB

Mrs. H. C. Brumley entertained guests and members of the needle club in her home Thursday afternoon. The rooms were decorated with lovely roses and dahlias. The usual fancy needle work and pleasant conversation were enjoyed. Mrs. Brumley and assisting hostess Mrs. Dawkins served a lovely plate refreshment to guests. Mrs. Love from Clovis, N. M., Mmes. Moreman, Frank White Jr., Geo. McCleskey, Leck Goldston, Joe Goldston, Rolfe Brumley, and members, Mmes. Lowe, Land, Hudson, W. B. Sims, H. Mulkey, Noland, Drafkin and Misses Ida and Etta Harned and hostesses Mrs. Brumley and Mrs. Dawkins.

CLARENDON H. D. CLUB

The Clarendon Home Demonstration Club will meet Friday, Nov. 1st at 3 p. m. at the home of Mrs. M. C. Rampy.

TROTH IS ANNOUNCED OF ANNA MOORES SWIFT

Announcement has been made by Mr. and Mrs. James D. Swift of the engagement of their daughter, Anna Moores, to Emmett Owen Simmons, son of Mr. and Mrs. Nolie R. Simmons.

The wedding will take place November 19th.

KAPPA SUB-DEBS

The Kappa Sub-Debs were organized Monday afternoon in the home of Juanita Carpenter with Donna Ree Bryan and Portia Hay as co-hostesses. This organization will take the place of the Kappa Kappa sorority as a more Democratic trend for a social club. All activities will be after school hours.

The following officers were elected: President, Sue Smith; Vice-president, Elise Norwood; Secretary, Louise Underdown; Treasurer, Louva Hunt; Reporter, Lovey Stanley; Parliamentarian, Treva Nell Trussell; Sponsor, Mrs. Rufus White.

The Halloween motif was carried out in favors and napkins.

Delicious refreshments were served to the following charter members: Elise Norwood, Layma Tatum, Lovey Stanley, Jo Kidd, Nita Heath, Patsy Pittman, Louise Underdown, Sue Marie Smith, Treva Nell Trussell, Juanita Carpenter, Ardith Warren, Jo Ann Blackwell, Joy Hoggatt, Dorothy Jean Tatum, Louva Hunt, Donna Bryan, Portia Hay, Alma Louise Murphy, Lucy Brown, Mae Morris, Betty Brown, also charter members, were not present.

Mrs. James Patman and son Tommy from Hume, Mo. visited Mr. and Mrs. J. T. Patman last week.

F. H. A. OBSERVE F. H. T. WEEK

The local F.H.A. Chapter observed the past week, as a week set aside by Governor Stevenson as F. H. T. or Future Homemakers of Texas week.

During the week about sixty packages were sent to the World Christmas festival sponsored by the World American Youth for Youth. The packages, contained Christmas gifts to children in foreign countries. This was one of the main F.H.A. projects for the year.

On Friday of last week the F.H.A. furnished an interesting chapel program for the local high school. The program was directed by Miss Betty Risenhoover and was very interesting to all.

The F.H.A. held one of its regular meetings at the lunch hour last Wednesday. Each girl brought her own sandwiches and the hostesses, Sybil Head, Portia Hay, Joveta Maxey, Margaret Robison, Ladelle Cox and Mrs. Hoggatt, furnished drinks and desserts. During the meeting plans were made for a Halloween party next week.

The second year Homemaking girls have finished their unit on canning and are now studying about kitchens. They are making miniature kitchens which is associated with this unit. In studying kitchens they are learning to make them more attractive and convenient.

HALLOWE'EN PARTY

Members of Mrs. Boston's Class in the Intermediate Department of the Methodist Church entertained with a Halloween party Wednesday night, Oct. 23, in the basement of the church. Each member invited a guest.

The play rooms of the church were gayly decorated with black and orange crepe paper and pumpkins.

When all the guests had arrived the lights were turned off and games were played by candle light. In one corner of the room was the fortune teller's tent. Everyone who entered to have his fortune told had to drink of the witches brew. This was presided over by "Swamie" Guy Alden Wright who was quite clever in his predictions for the future.

Bobbing for apples was another popular game of the evening.

Refreshments of sandwiches, orange sodawater and pop corn balls were served to about 20 boys and girls.

Jackie Brooks, Reporter

PRESBYTERIAN AUXILIARY

The Auxiliary met at the church and Mrs. Robinson gave the last intensive Bible lesson. Sixteen ladies were present.

The Auxiliary will meet next week at the church for a Home Mission study. A special Home Mission offering will be taken at that time, Nov. 6th.

SAWS WOOD, WRITES BOOK

The fact that he is totally blind hasn't prevented Monroe L. Fox, above, from maintaining a heavy work schedule. Owner of a Jude ranch near Chama, New Mexico, purchased through a Veterans Administration-approved loan, the ex-Seabee rife, saws wood, does carpentry work and has written a book. The blast from a Jap bomb blinded Fox on Iwo Jima.

PATHFINDER CLUB

The Pathfinder Club met October 25th in the club room with Mrs. E. D. Landreth presiding in the absence of the president, Mrs. Joe Ritter.

During a short business meeting the time of meeting was changed from 3:30 to 4:00.

A Bible program was rendered with Mrs. C. A. Burton discussing "The New Revised Version of the Bible."

Mrs. U. J. Boston read three selections from the Revised Bible. She read the 14th chapter of John, the 13th chapter of Corinthians, and the story of the Prodigal Son. Mrs. E. D. Landreth sang "The Penitent," which is a story of the Prodigal Son.

The hostesses, Mrs. R. Y. King and Mrs. Curtis Mears, served refreshments to members and guests.

MRS. A. D. BLANTON HONORED ON HER 80TH BIRTHDAY

Mrs. A. D. Blanton was honored on her 80th birthday Sunday, October 27th by having all her children present with the exception of one son, Ray Blanton, who lives in Arkansas.

Those present were Mrs. Herbert Davis, Ashtola; Mrs. Jewel Smelser Blanton and family, Odessa; Grooms Blanton and family, Dill City, Okla.; H. A. Blanton and wife and little John Lee, Dallas, Texas.

Others including grandchildren, nieces, and nephews were Mr. and Mrs. Milton Davis and son Jerry of Goodnight, Mrs. Hearld Blanton and daughter of Ashtola, Mr. and Mrs. Gilbert of Odessa, Mr. and Mrs. Ebbin Holman of Amarillo, Mr. Earl Blanton. Also a friend, Miss Gladys

Monday of Mangum, Okla. and some of her neighbors called during the day. Everyone wished Mrs. Blanton a very happy birthday and many, many more in the future. Mrs. Blanton received a large beautiful platform rocker from the children as a birthday gift.

Mr. and Mrs. Gilbert Bryan and children returned home Monday from Okla. City where they had been visiting and attending to business.

Mrs. Verna Lusk and Mrs. Ava Eltoff of Richmond, Calif. and Lloyd Hefner of Amarillo were dinner guests of Mr. and Mrs. Bill Lane Friday evening.

Mr. and Mrs. A. S. Graves of White Deer visited his sisters, Mrs. J. T. Patman and Miss Mantie Graves Sunday.

Mrs. Lola Barns and Mrs. L. L. Wood were shopping and visiting in Amarillo Tuesday.

Mrs. Joe Ritter and Miss Chloe Darden returned by plane from Houston where they attended the Grand Chapter of the Eastern Star last week.

Mr. and Mrs. Victor Smith had for weekend guests his sister, Mr. and Mrs. Frank Goforth of Los Angeles, Calif. and his mother, Mrs. Bell.

Mrs. Estelle Johnson and Mr. Reed Smith and daughter Sue were in Vernon Friday to see the Amarillo-Vernon football game. Sam Johnson, son of Mrs. Johnson, is a star player on the Vernon team.

Mrs. Wade Hilliard and children are visiting her mother, Mrs. R. M. Morris. Mrs. Morris' health is somewhat better at this time.

OUR DEMOCRACY — by Mat

Freedom of the Press

THE RIGHT TO PRINT ONE'S IDEAS WAS FIRST ESTABLISHED IN AMERICA BY THE TRIAL OF JOHN PETER ZENGER, ARRESTED IN 1735 FOR CRITICIZING THE ROYAL GOVERNMENT IN HIS NEWSPAPER, ACQUITTED ON THE GROUNDS THAT HE HAD PRINTED THE TRUTH.

THROUGH FREEDOM OF THE PRESS AND FREEDOM OF SPEECH—THE PEOPLE OF OUR DEMOCRACY HAVE ALWAYS ENJOYED THE CONSTITUTIONAL PRIVILEGE OF FREE AND OPEN DISCUSSION—ESSENTIAL SAFEGUARDS OF GOOD GOVERNMENT.

Irrigation Now Being Studied In County

Irrigation in Donley County is now being studied by various agencies and on Thursday night, Oct. 25th a meeting was held at the Lelia Lake school house by interested farmers to discuss irrigation. H. M. Breedlove, county agent, called the meeting and requested the services of Mr. Grace, irrigation specialist for the soil conservation service as the speaker. Twenty-five farmers heard Mr. Grace discuss this phase of agriculture and the types of soils and farms that could be profitably irrigated. A tour was held on the morning of the twenty-fifth, leaving from the office of the county agent at nine o'clock in the morning and visiting several types of farms. Twelve interested farmers attended this tour and visited types of farms that would not be profitable to irrigate.

It is impossible to tell about the water supply for irrigation, and it is planned at this time to try to put down some test wells to determine the water supply. The test wells will certainly determine whether certain parts of the county can be irrigated as well as the slopes of the land.

Interested farmers are now working with the county agent to arrange a plan for the test wells and try to get one or two demonstrations to try out irrigation.

Mr. and Mrs. Johnnie Tholl announce the arrival of a daughter named Sharon Ann, born October 5th at Hampton, Va. Mrs. Tholl will be remembered here as Miss Jean Piercy.

Mrs. Clarence Piercy returned home this week after spending the past three weeks with her daughter, Mr. and Mrs. Johnnie Tholl and family at Hampton, Va.

Mrs. Nova Mears, former first grade teacher here, has been offered a position as 1st grade teacher in the Pleasant Valley school at Amarillo.

Mr. and Mrs. John H. Gilbert from the ranch spent Sunday with homefolks here.

Mrs. Barcus Antrobus and daughter Sarah Ann are visiting her husband, Barcus Antrobus this week.

Mr. and Mrs. Mayfield returned home Sunday night from a visit at Texarkana and Ft. Worth.

Robert Summers of Canyon and Mr. and Mrs. Chas. Summers of Amarillo visited their mother the past weekend.

Mr. and Mrs. Stevens and daughter Carolyn of Wichita Falls visited the weekend with her mother, Mrs. E. M. Ozier.

Mr. and Mrs. Carl Gilliam of Lubbock visited relatives here the weekend.

Mrs. Clyde Gilbert had for guests Tuesday her mother, Mrs. A. L. Cobb and sisters, Mrs. J. E. Johnson and Billie and Johnnie Cobb of Claude and Mrs. Hugh Brisson of Okla. City.

Mr. and Mrs. John L. Norris left today (Thursday) to make their home at Roswell, N. M. after a few days visit with homefolks.

Mr. and Mrs. L. L. Wood were Amarillo shoppers Tuesday.

Mrs. Lena Antrobus and Mrs. O. C. Watson are visiting relatives at Okla. City and Ft. Worth.

Odell Davis of Canyon spent the weekend with homefolks.

Rev. and Mrs. H. W. Hanke and a niece visited their daughter, Mary Nell, at Ft. Worth Monday and Tuesday.

Mrs. J. L. McMurtry visited her sister, Mrs. Frankie Moore at Cordell, Okla. the weekend.

Dan Boston from Amarillo visited homefolks the weekend.

Miss Della Wood was a dinner guest Wednesday of Mrs. Walt Butler.

Miss Della Wood called in the homes of Mrs. L. L. and Mrs. J. D. Wood Wednesday evening.

Mr. and Mrs. Harris Tucker of Las Vegas, Nevada are visiting his mother, Mrs. J. R. Tucker.

Miss Ruth Tucker of Ft. Worth spent the weekend with homefolks.

Mr. and Mrs. Winkcompleck from Claude visited her sister, Mrs. Vada Carpenter Sunday.

Mrs. M. S. Parsons, Mrs. Carl Bennett and Mrs. A. W. Simpson were in Amarillo Tuesday.

Mrs. C. W. Kinslow of Memphis visited relatives in Clarendon Monday.

The first registered Hereford cattle were introduced in Texas in 1876, when W. S. Kard brot some to his ranch near Henrietta. Many died of cattle fever and the first immunized registered breeding herd was established by him in 1885.

The mocking bird is officially recognized as the state bird of Texas.

Since V-J Day the number of patients in Veterans Administration hospitals of Texas, Louisiana and Mississippi has increased 42 per cent, VA medical service officials report.

The total on V-J Day was 5,296 compared with 7,503 on September 30th of this year.

The number of patients in VA hospitals throughout the nation has increased 29 per cent, since the Japanese surrender.

To meet the mounting need for veterans' hospitalization, VA will construct nine new hospitals in the tri-state Dallas branch the next two and one-half years.

WHY "GET UP" AT NIGHTS?
It's not necessary. Raise the pH of the fluid in your bladder with CITROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CITROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.00 at your druggist. For sale by Douglas & Goldston Drug Co.

Veterans News

The Veterans Administration this week urged veterans who have National Service Life Insurance to designate beneficiaries for their insurance if they have not already done so.

Don Pray, VA's director of insurance in Texas, Louisiana and Mississippi, explained that the Insurance Act of 1946 completely changed the situation with respect to beneficiaries. The old provision for an automatic order of succession, in the event no beneficiary was named, is no longer in effect for insurance maturing after July 31, 1946.

Under the new law, Pray said, if the insured is not survived by a designated beneficiary, the insurance proceeds will be paid in a single sum to his estate at his death.

A veteran who does not designate beneficiaries exposes his dependents to the risk of unnecessary expense and delay, Pray pointed out.

A 200-bed general medical and surgical hospital at Marlin, Texas was among 13 new Veterans Administration hospital approved last week by President Truman.

This brings the total of new VA hospitals planned for the Texas, Louisiana and Mississippi area to ten. Additions to existing installations also are planned.

New hospitals previously announced will be erected at New Orleans and Shreveport, Louisiana; Big Spring, Bonham, Dallas, El Paso and Houston, Texas; and Tupelo, Mississippi. Another hospital will be built in Mississippi at a site to be selected later.

Fewer veterans were paid readjustment allowances for unemployment during the week ending October 12 than in any week since last January, Ray R. Adams, Readjustment Allowance Director of VA, reported. During that week about 1,222,000 veterans claimed unemployment allowances, a nation-wide survey revealed.

The pecan, officially adopted state tree of Texas, produces an annual crop varying from 5,000,000 to 45,000,000 pounds.

STAND UP AND BE COUNTED!

President Truman recently told the nation that his New Deal administration had come within a hair's breadth of confiscating every head of cattle off our Texas ranges. He admitted that public opinion was the only thing that stopped him.

Last May 24, the New Deal Secretary of Agriculture, using war-time powers in peace-time, ordered our farmers to sell half their wheat immediately and at prevailing prices, **whether they wanted to or not—OR ELSE**. The order was rescinded only when public opinion forced the New Deal to retract.

Both these decrees were Socialistic in their very nature. They are indistinguishable from similar decrees in Russia. And the only thing that stopped the New Dealers from making them permanent was the fear that it would cost them the national elections on November 5.

But what do you think is going to happen if America elects another New Deal Congress on November 5? What do you think is going to happen if another Democratic majority puts the radicals in the saddle in Washington again with no fear of elections for two more years? **State Socialism, such as was fondly contemplated by the Truman administration, will be forced down the public's throat whether it likes it or not.**

The only way you can prevent State Socialism from becoming a tragic reality in America is to elect a Republican Congress on November 5. If you want to support the Democrats running for State offices, that's all right, but **VOTE FOR THE REPUBLICAN CANDIDATE FOR CONGRESS.**

Because this is true as Gospel, the Panhandle today is being swept by the greatest political tidal wave in its history. Hundreds upon hundreds of life-long Democrats have pledged themselves to vote for Frank T. O'Brien, the Republican candidate for Congress, because they want to have a voice in our Federal government instead of turning it over lock, stock and barrel to the Communists in Washington. Even if your present Congressman were a Conservative, the very fact that he is a Democrat would help to give the New Dealers enough votes in the House to dominate the nation as it has never been dominated before.

The November 5 election is not a matter of party against party. It's a matter of America against Russia. It's a matter of YOU, THE PEOPLE, AGAINST FEDERAL DICTATORSHIP.

The time has come for good American citizens to **STAND UP AND BE COUNTED**. Tell your friends you've had enough. Tell them you're going to vote for Frank T. O'Brien at the November 5th general election because you want to free this great and troubled nation from the dictatorship of Harry Bridges, Dave Dubinsky, Tom Pendergast, Ed Kelly, Walter Reuther, John L. Lewis, Caesar Petrillo, Henry A. Wallace, Mayor Hague and the other un-American individuals who have become our lords and masters.

This isn't Nazi Germany or Fascist Italy. It isn't even Soviet Russia, though many of the New Dealers have tried their best to make it so. If an honest American citizen is afraid to stand up and admit that he is on the side of Democracy against the forces of Communism then the future of this great nation is in grave peril.

The only way we can save ourselves from Nationalism is to elect a Republican Congress in 1946. And in the Panhandle that means casting your vote for Frank T. O'Brien, of Potter County, and against your present New Deal Congressman.

IT'S TIME TO STAND UP AND BE COUNTED AS A REAL AMERICAN IF AMERICA IS TO BE SAVED FROM STATE SOCIALISM.

THE MONKEY'S DISGRACE

Three monkeys sat in a coconut tree discussing things as they're said to be. Said one to the other, "Now listen, you two: There's a certain rumor that can't be true. That man descended from our noble race. The very idea is a disgrace. No monkey ever deserted his wife. Starved her babies and ruined her life; And you never knew a mother monk To leave her babies with others to bunk, And pass them on from one to another. Till they scarcely knew who was their mother. And another thing you'll never see: A monk build a fence 'round a coconut tree. And let the coconuts go to waste, Forbidding all other monks to taste. Why, if I put a fence around a tree Starvation will force you to steal from me. Here's another thing a monk won't do: Get out at night and get on a stew, Or use a gun or club or knife To take some other monkey's life. Yes, man descended the ornery cuss; But, brother, he didn't descend from us. —The Yellow Jacket.

Makes Aerial Raids on Insects

Two former pilots for Uncle Sam now are conducting aerial warfare against insects out around Fort Collins, Colo. Leslie L. Craig here points out a dust spray dispenser attached to their plane. An equally effective liquid spraying device can also be used. A Veterans Administration approved loan helped establish Craig and his partner, Charles J. Morrison, in their unusual business.

YOU DON'T HAVE TO VOTE FOR THE DEMOCRATIC NOMINEE

Article Six, Section Two, of the Texas State Constitution guarantees the right of qualified Texas electors to vote as they choose—and expressly provides that "this provision of the Constitution shall be self-enacting without the necessity of further legislation."

The Supreme Court of Texas has ruled, in the case of Koy vs. Schneider (218 S. W. Reporter, page 479):
"EVEN AFTER PARTICIPATING IN THE PRIMARY, THE QUALIFIED VOTER IS LEGALLY FREE TO VOTE AS HE CHOOSES IN THE GENERAL ELECTION."

You owe no legal obligation to someone who's picking your pocket.
You owe no moral obligation to a party that has been stolen from you by the Northern radicals and big city machines.

HAVEN'T YOU HAD ENOUGH?

SERVICES HELD FOR H. C. HAYES, JR. MONDAY

Funeral services were held at the First Baptist church Monday afternoon for Henry Clifford Hayes Jr. with Rev. Chas. B. Robinson officiating.

Mr. Hayes passed away at his mother's home here Saturday after a quite lengthy illness. He had been living here for the past five weeks.

He is survived by his wife and one daughter, Barbara Jane Hayes of Hartlingen; his mother, Mrs. H. C. Hayes; five brothers, Allen of Houston, George of Alvin, Price of Amarillo, Eddie of Amarillo and Rollin of San Antonio; three sisters, Mrs. Mamie Holligan of Clarendon, Mrs. Ruth Millerberg of Hartlingen, and Mrs. Jewel Ginter of Lubbock.

Pallbearers were Bud Anderson, John H. Wood, Johnnie Johnson, Emmett Simmons, Penny Johnson and Dick Vallance.

Burial was in Lakeview Cemetery at Lakeview with the Womack Funeral Home in charge of arrangements.

Bronchos Defeat Wheeler 31-6

The Clarendon Bronchos turned in one of the best games of the season last Friday night when they trounced the Wheeler Mustangs 31-6.

The Bronchos rolled over into high gear late in the first quarter and drove down to the 3 yard line where Jordan plunged over for the first counter. About midway of the 2nd quarter Mayo plunged over from the 3 yard line after the Bronchos had driven from their own 45 yard line in three plays. In the third quarter Mayo took a 12 yard pass from Bulman for the third counter and Lowe put the pigskin over the uprights with plenty to spare for the extra. The fourth score came in the fourth quarter when Harp shook off half of the Mustangs and ran through the center of the line for 46 yards and the counter. Lowe took a 37 yard pass from Bulman late in the fourth quarter for the final tally which brought the total to 31.

The Mustangs made their only counter in the fourth quarter. They recovered a Bronco fumble on their own 33 yard line and drove straight down the field to the four yard line and C. Robertson plunged on over for the tally.

The entire Bronco team showed themselves well all through the game. The line did an excellent job right along with the backfield. The Mustangs made very few yards outside of the one touchdown drive in the fourth quarter.

Mrs. C. C. Carpenter and baby from Sweetwater spent ten days with Mrs. Carpenter's parents, Mr. and Mrs. W. W. Crawford. Mr. Carpenter spent the weekends with them.

Mrs. J. D. Wood and daughter Evelyn Jean, Miss Della Wood, Mr. and Mrs. Lonnie Wood were evening guests Sunday of Mr. and Mrs. Arlie Wood.

Miss Della Wood was a dinner guest Sunday of Mr. and Mrs. L. L. Wood.

MRS. RENA JANE HOWELL BURIED AT HEDLEY

Funeral services were held at the First Baptist church at Hedley Sunday afternoon for Mrs. Rena Jane Howell with Rev. W. H. DeBord officiating, assisted by Rev. H. T. Harris.

Mrs. Howell, age 63, passed away at her home at Hedley last Saturday. She had been a resident of that locality for a long number of years and was a member of the Baptist church there.

She is survived by seven sons, Elmer of Hedley, Emil of Dalhart, Delbert, Myrl and Hobert all of Los Amles, Colo., Cory of Dalhart, R. J. of Hedley; two daughters, Mrs. C. H. Brall of Dalhart and Mrs. C. L. Harris of Hedley; 22 grandchildren and 6 great grandchildren; one sister, Mrs. Pearl Bryant of Brownfield and two brothers, George Goin of Claude and C. L. Goin of Clarendon.

Pallbearers were Bill Allen, Aubrey Hartman, Winfred Doherty, Marshal Stone, Hobart Moffet, J. L. Harris.

Burial was in Rowe Cemetery at Hedley with the Womack Funeral Home in charge of arrangements.

CLARENDON CLINIC-ADAIR HOSPITAL

Dismissals—
H. R. King, Lelia Lake, Ranelle and Martha Nichols, Clarendon, Patsy Emmons, Clarendon, Weldon Ledford and Mrs. James Swearingner of Ashtola and Wanda Mitchell of Hedley.

Surgical Patients—this week.
Miss Inez Skinner and Jim Henson, Clarendon.

Medical Patients:
Mrs. W. M. Montgomery and Thomas Leoper.

New Arrivals:
A son Allen Olvis to Mr. and Mrs. O. L. Cotton; a daughter Sharon Ann to Mr. and Mrs. R. H. Alexander; a son Richard Louis to Mr. and Mrs. John Dickson and a daughter to Mr. and Mrs. Cesario Cardenas.

Texas 36th Div. Pictured In History

AUSTIN — Just off the press and in the mails for distribution to subscribers is a 360-page pictorial history of Texas' own 36th Division's combat from the bloody shores of Italy through France, Germany and Austria, it is announced by President Carl L. Phinney, Dallas, of the Division Association.

Publication of the history consummates an agreement made with the soldiers of the Division when they were on occupation duty in Germany. After deactivation of the Division, the Association agreed to fulfill all terms of the contract, although the price of the history had been set overseas so low there was question whether or not publishers in the United States could deliver on all promises.

Through more than 200 pages are pictures and text that tell the story of the Division's gallant fighting through the torturous Italian mountains and winter; its rout of the enemy from Rome and north; its brilliant drives through France; its conquering of the vaunted Siegfried Line that was supposed to guard Germany; and its rapid push through Hitler-land on into Austria, where it was pursuing the Boche when surrender came. Through 150 pages are a roster of the more than 50,000 soldiers of the Division in combat.

All initial subscriptions having been filled in accordance with contract, the book is now available to others. To veterans of the Division, a price of \$4.20 has been set. That includes, also, one year's membership in the 36th Division Association, which has a headquarters address of Box 2174, Capitol Station, Austin, Texas. To all others and the general public, the price is \$5.00 per copy.

Texas has approximately 85 per cent of all Angora goats in the United States.

Farm Diseases Cured By Germ War Research

Schenectady, N. Y.—Biological or germ warfare research may sound terrifying to all of us, but one consoling thought is that this research has proved valuable in the control of some cattle and poultry diseases which heretofore were incurable.

Several vaccines have been developed, according to Dr. Gerald Wendt of New York City, editorial director of Science Illustrated magazine, who spoke at a General Electric Science Forum program here over WGY. Dr. Wendt also mentioned several ways by which crop growth could be retarded or regulated for the farmers' economic advantage.

"Vaccines have been developed, giving thorough protection to hens from the total fatal diseases of fowl plague and Newcastle disease," Dr. Wendt asserted. "A completely satisfactory vaccine is also being produced for controlling rinderpest, a disease now

absent from North America, but to which many thousands of our cattle are susceptible. The same is now true in Canada, where, as a result of wartime research, a vaccine is available which gives complete protection."

Of far more interest to American farmers are other magic-like results obtained in the laboratories of the University of Chicago by the staff working under the direction of Professor Ezra J. Kraus, and at Camp Detrick, Frederick, Md., under Dr. A. J. Norman of Iowa State College, Dr. Wendt said.

"For example," the editor-scientist pointed out, "a chemical that can destroy the edible tubers of a potato crop when used at the rate of only one pound per acre also can be used at harvesting time when it will cause the plant to wither without injuring the tuber."

"Another chemical can be utilized to eliminate weeds during the growing season without injuring the potato plant in the least."

"While some of these chemicals are persistent killers, others can be employed to clear the soil of

weeds, but then rapidly disappear, so that useful crops, weed-free, can be planted on the same soil during the same growing season.

"Other uses for growth regulators are to increase the yield of apples by two or three tons per acre without loss of quality; to produce blueberries without seeds, and tomatoes of increased size; to retain leaves and fruit on trees for a longer period of time, and to delay the sprouting of potatoes and fruit trees in spring until weather conditions are more favorable."

Dr. Wendt declared that eventually any living plant process may be brought under control through critical use of some growth-regulating substance. He said "this means that every agricultural or horticultural practice which affects growth development, ripening or storage, can be influenced to economic advantage."

Texas leads the nation in the production of natural gas, producing more than 40 per cent of the nation's supply. Louisiana is second, California third and Oklahoma fourth.

Charcoal Aids Winter - Long Apple Storage

Schenectady, N. Y. — Cornell University scientists have found that a container of charcoal in an apple cold storage will help to keep the fruit fresh longer by delaying the ripening process. By the new treatment, about 20 per cent is added to the storage life of apples.

"The slower the respiration of the apples, the longer they live—or stay crisp and fresh—which ever way you want to put it," say Dr. C. E. F. Guterman of Ithaca, N. Y., director of agricultural research at Cornell, and Dr. R. M. Smock of the university's Pomology department. They spoke over WGY in a General Electric Farm Paper of the Air address.

"We did a series of experiments on twelve varieties of apples, using various forms of controlled atmosphere," the two scientists reported. "Our experiments showed that if just one per cent of the

apples in a storage chamber are ripier than the others, they will give off enough ethylene gas to ripen the rest twenty-five per cent faster. It took quite a while to find that out; for we made about fifty different experiments looking for that answer before we found it."

Drs. Guterman and Smock revealed that the new method is based on the theory of the gas mask.

"The trick is done by hanging perforated canisters full of activated charcoal and bromine in the storage room, and using suction fans to draw the air through the canisters," they pointed out. "The charcoal takes the gas out of the air, the clean air goes back into the room, and the apples stay crisp and young much longer."

"At first, we used small lots of apples in little storage rooms built specially, but during the past two years we have made fifteen tests in actual commercial storage, and the treatment appears to add about twenty per cent to the storage life of McIntosh apples," Drs. Guterman and Smock asserted.

They explained that the char-

coal is made from coconut shells, heated to the temperature that will burn out the organic matter and leave practically pure carbon. It takes about 2½ pounds of charcoal for each 250 bushels of apples. The equipment, including the fans and charcoal cylinders, costs about half a cent a bushel for the winter season.

In addition to lengthening the life of storage apples, the charcoal does "a pretty good job" of preventing a storage disease called "scald" and a "perfect job" of absorbing odors.

"The cost of this particular research was about \$25,000," the two scientists said. "It may mean as much as \$500,000 more profit to the apple growers in a normal year, with normal prices."

VETERANS OFFERED TRAINING OPPORTUNITIES IN FORT WORTH

The Fort Worth Public Schools through the Technical Institute, a special school set up to offer training to Veterans, has courses that run six hours a day, five days a week, twelve months in the year in Machine Shop Practice, Automobile Mechanics, Aircraft Mechanics, Electrical Appliances, Motor Winding and Electricity, Refrigeration Repair, Radio Repair, Auto Body and Fender Repair and Refinishing, Welding - Electric and Acetylene, Air Conditioning, Diesel Mechanics, Printing, Linotype Operation, Mill and Cabinet Making, Architectural Drafting, Mechanical Drafting, Commercial Art, and Business Education—which includes Typing, Shorthand, Bookkeeping, Filing, Office Machines along with Salesmanship, Business English, Commercial Arithmetic and Commercial Law.

Veterans who are eligible for training under the G. I. Bill of Rights may enter training immediately in the following courses, in which there are several openings in each: Machine Shop Practice, Aircraft Mechanics, Air Conditioning, Refrigeration Repair, Auto Body and Fender Repair and Refinishing, Welding - Electric and Acetylene, Electrical Appliance Repair, Printing, Linotype Operation, Mill and Cabinet Making, Architectural Drafting and Mechanical Drafting.

The Business Education Department will accept new students in January.

Veterans who wish to enroll where there are openings should report immediately. For those courses where there are no openings at the present time, a letter of application should be written and Veterans will be notified to report when there are openings. Veterans writing should indicate course wanted.

There are around 1300 Veterans in training at the present time, with more than 700 attending full time, the balance attending on a part-time basis and in evening school. Veterans who enroll full time are furnished a kit of tools valued up to \$100.00 based upon requirements of the specific trade. Those Veterans who complete courses become the owners of the kits of tools.

Under the G. I. Bill of Rights, tuition, supplies, books, class room supplies and tools are paid for by the Veterans Administration. Single Veterans draw \$65.00 a month subsistence, while married Veterans, or those with dependents draw \$90.00 a month in subsistence.

Veterans enrolling must present their discharge and separation papers upon entrance.

Veterans writing in should address mail to Technical Institute, 600 Park Street, Fort Worth 6, Texas.

Full-color reproductions of paintings by several well-known artists are now available in limited quantity. This series of 12 paintings depicts the uses of electricity in modern life. Sets may be obtained, as long as they last, by writing to Dept. 6-237, General Electric Company, 1 River Road, Schenectady 5, N. Y.

Donley County Leader, \$2.50 year

Pretty Lucky!

You're lucky in a lot of ways, young fellow! Perhaps you've never thought about it, but you're lucky to live in the Gulf South, the area served by United Gas. People all over the country envy your dependable, low-cost natural gas. Your Mother can tell you the convenience and cleanliness of natural gas for cooking, water heating and refrigeration... your Dad knows the economy of natural gas for heating your home or operating the factories in your town. Yes, you're lucky, all right, and so are the residents of 313 cities and towns in the Gulf South... people whose supply of natural gas is backed up by the production, transmission and distribution facilities of...

UNITED GAS... SERVING THE Gulf South

Weekly SURPLUS NEWS WAA

Texas, with its many flying services and veterans enrolled in flying training courses under the G. I. Bill, has been one of the largest buyers of surplus aircraft sold by War Assets Administration. A total of 16,775 planes have been sold by WAA since V-J Day. Veterans have bought more than half of the four principal types of transport planes which have been put into service on non-scheduled lines since the end of the war.

If you thought WAA sold only large items of surplus, such as tractors, locomotives and barracks, take a look at some of the small items purchased recently from Fort Worth WAA. R. B. Dawson of Tullia bought a putty knife; Jess McGuire of Amarillo went home with two pitchforks; William A. Crow of Brownwood found a paper cutter he wanted, and Winfred Atwood of Fort Worth bought a water tank. While the smaller items cannot always be purchased singly, they are available at site sales as parts of merchandising lots. WAA has sold thousands of such lots remaining to be sold at site sales.

If you should happen to want it, Fort Worth WAA regional of-

fice will sell you a million bottles of Ethyl Hexanedoil, Dimethyl Phthalate and Indalone. That's Bug Repellent to you, son. The price is 2c per bottle for priority claimants and wholesalers, and 3c to small retailers, who may buy a minimum of 50,000 bottles.

If you are interested in chemicals, here's your chance to buy anything from Acetone to Xylol from a stock of \$35,000,000 worth of surplus industrial chemicals now being offered in a national sale campaign by War Assets Administration. Quantities of some of these chemicals are located in practically all of WAA's 33 regions. The Inter-Regional Sales Division in the Fort Worth regional office is prepared to locate the material in any of the regions. All sales are subject to priority regulations.

Poor Roadway Illumination Due to Cause High Traffic Accident Rate This Year

Unlighted streets and highways in Texas will be the scenes of over 4850 night-time traffic accidents this year with the fatal accident toll amounting to over 630 if the present nationwide increase in motor vehicle accidents continues, according to The Street and Traffic Safety Lighting Bureau's office of informational services, Cleveland, Ohio.

Traffic accidents are already up 20 percent over last year, said the Bureau which has just completed

an analysis of the motor vehicle accidents in Texas based on 1945 figures.

The study showed that 4032 accidents and 523 fatal accidents occurred on unlighted Texas roadways in 1945. A total of 1302 fatal accidents were recorded for last year with 694 occurring during hours of darkness when there was only one-third the volume of daytime traffic.

Installation of modern traffic safety lighting at hazardous sections of Texas' urban and rural streets and highways would reduce these night-time accidents and deaths by at least 50 per cent said the Bureau. At the present time the majority of Texas' streets and highways are lighted inadequately for traffic safety.

The Bureau urged that both the Texas state government and municipalities could greatly reduce this high toll of life if they followed the examples of the state of New Jersey, and such cities as Detroit, Salt Lake City and Hartford, which at the present time are installing adequate street and highway lighting in order to increase traffic safety conditions.

GERMICIDAL LAMPS DISINFECT AIR

About as big as a shoebox and weighing only twelve pounds—that's one way of describing a portable electric air sampler which was recently designed to give a reasonably accurate "count"

of the germs borne by the air. Developed in the laboratories of General Electric's Lamp Department, this germ counter samples the air and deposits it in culture dishes for analysis. The cover design shows bacteria concentration in the air of a crowded public place, at spaced intervals.

By taking count of germs before and after installation of G-E Germicidal Lamps, scientists have been able to prove that these lamps disinfect the air they irradiate, killing the bacteria in it.

Ultraviolet energy of certain wavelengths will kill germs. The tubular Germicidal Lamps produce this ultraviolet.

But these lamps not only disinfect the air, they can also control

the enormous food wastes caused by mold. The familiar woolly mold formation is a plant that grows from tiny, microscopic mold seeds that are floating on air currents everywhere. When they settle on food, warmth and moisture encourage their growth into the visible plant.

Bakeries, pharmaceutical laboratories, meat handlers, soft drink bottlers, and other food processors are already using G-E Germicidal Lamps to reduce their mold losses—hospitals, military barracks, factories, and schools are using them to disinfect the air.

Ellis County produces the largest amount of honey of any Texas county, with 439,406 pounds.

The Manhattan District Project of the Army Engineers, which developed the atomic bomb, has ordered a one-hundred million-volt atom smashing x-ray machine, or betatron, from General Electric.

ASHTOLA

By Mrs. Keith Swinburn
(Too late for last week's issue)
All members of Ashtola Needle Club and their husbands are urged to attend our Halloween party Friday night, Nov. 1st. Members may also invite guests. We are planning to play 42. Members will bring pumpkin pie with whipped cream and coffee will be

served. For further details consult Mrs. Slaton Mahaffey, secretary.
Ashtola Sunday school held its annual election of officers and teachers last Sunday. Mr. Slim Henders was elected local superintendent.
Mrs. E. C. Dewey attended a birthday party given at the home of her daughter Floy Dell at Down, Texas last week (Thursday). The occasion was in honor of the latter's daughter Lynn. Other guests included Mrs. W. D. Bryson and son Bill, also guests

from Amarillo were present.
Mr. and Mrs. Earl Butler of Borger entertained at a birthday dinner party the 13th, the occasion also being a family reunion. Those present were Mr. and Mrs. W. A. Poovey, Mr. and Mrs. Ben Lovell and sons James Reed and Joe Tom, Mrs. Leo Wallace and daughter Patsy, Mr. and Mrs. Joe Clyde Butler and baby, Billy, Ramsey, Mr. and Mrs. Willard Cook, Le Roy Butler, Mr. and Mrs. Tate Poovey and family and Mrs. J. R. Cowan.
Mr. and Mrs. Allen Whisenant

and baby of Amarillo spent Friday with Mr. and Mrs. Bud Henderson.
Mr. and Mrs. Jack Scott and Earl Evans of Tucumcari, N. M., Mrs. Merle Thompson and Miss Laura Mae Harp of Amarillo spent the weekend with their parents, Mr. and Mrs. C. B. Harp.
Mrs. Mary Sue Longon and children of Hedley, Mrs. Waters of Clarendon visited with Mr. and Mrs. Ed Mahaffey Sunday.
Mrs. H. W. Lovell and her daughter, Mrs. Beulah Ven Eman are making an extended visit in Dallas and Brownwood.
Mrs. M. S. Swinburn left Friday to spend several days with her daughter, Mrs. Thell Drennan and family of Anson. Mrs. Drennan has been in Houston this week attending Eastern Star activities.
Homer Hardin of Canyon spent the weekend with homefolks.
Mrs. Burk De Bord recently visited Mrs. Fred Mulkey.
Mr. and Mrs. Hall Hardin and Mr. and Mrs. Keith Swinburne were dinner guests of Mr. and Mrs. Marvin Jones last Sunday.
Mr. and Mrs. Otis Denny and family of Amarillo were guests of Mr. and Mrs. Van Knox last week.
Mr. and Mrs. John Nickels of Memphis visited her sister, Mrs. Goble Barker Tuesday.
Mrs. Brinson is in the hospital at Groom receiving treatment for several days.
Mr. J. E. McCollum of Dallas visited Mr. and Mrs. W. E. Poovey Sunday.
Mrs. Jack Eddings of Clarendon, a dear friend in this community, is in Groom hospital recovering from a recent operation.
Lu McClellan visited Mr. and Mrs. Horace McClellan Sunday.
Earl Evans of Tucumcari visited his grandparents, Mr. and Mrs.

S. G. Evans Monday.
Mr. and Mrs. Ed Mahaffey and Mr. and Mrs. Keith Swinburne visited Mr. and Mrs. Fred Mulkey Thurs. evening of last week.
Miss Nova Lee Barker is helping out at our school, supplementing her sister's absence, Mrs. Doyce Graham who is staying with Mrs. J. M. Clark in Clarendon while Doyce is hospitalized. Miss Barker is staying with her aunt and uncle, Mr. and Mrs. Goble Barker.
Mr. and Mrs. Hugh Knox from Vega and Mr. and Mrs. Mirza Crain from Goodnight visited at the home of Mr. and Mrs. Van Knox last Sunday.
Lt. Comdr. Margaret Swinburne, who is stationed at Bethesda Naval Hospital of Bethesda, Maryland reports that it is an everyday occurrence to see President Truman involved in beach activities, Washington, D. C. being approximately 20 miles from this base. Cordell Hull, former secretary of State is recovering from his recent illness at this same Naval Hospital.
Mr. and Mrs. J. R. Brandon and Mr. and Mrs. Slaton Mahaffey attended the carnival at Clarendon Saturday night.
The regular meeting of the Ashtola Needle Club was held last week (Thursday). Mrs. Slayton Mahaffey and Mrs. Burk De Bord were hostesses. We enjoyed a quiz program after the business meeting. Then delicious refreshments were served and Polyanna gifts were distributed. We were proud to have Mrs. Otis Denny and sons of Amarillo as our guests.
The eldest son of Mr. and Mrs. Otis Denny underwent a tonsillectomy last weekend at the hospital in Groom.
Little Linda Kay Hardin, daughter of Mr. and Mrs. Hall Har-

din expects to go to the hospital in Amarillo next week to undergo a tonsillectomy.
Aliens who served in the Armed forces of the United States during World War II have less than three months left to qualify for quick citizenship under the Second War Powers Act of 1942, the Veterans Administration warned this week.
The act expires on December 31, 1946, and affects all aliens who enlisted or were inducted into the service before December 28, 1945.
Recent reports indicate that approximately 100,000 servicemen and veterans have failed to take advantage of the right to obtain American citizenship as provided under the Act.
Those affected are not required to file the customary declaration of intention, need not have lived in the United States for any specified time, are not required to speak the English language or meet educational tests.
Honorably discharged aliens who wish to take advantage of the law should apply to the nearest office of the Immigration and Naturalization Service or inquire at their nearest VA office.
Six thousand books—all brand new—are on their way to war veterans in the 11 Veterans Administration hospitals of the Southwest.
Roy E. Eury, Special Services

director for VA's Dallas Branch, said both fiction and non-fiction obtained from the Army are being distributed among VA hospitals in Texas, Louisiana and Mississippi.
These books will boost the number of volumes in patients' libraries to nearly 50,000 Eury said.
During September, patients in veterans hospitals in the tri-state area checked out 10,140 books and showed a strong preference for fiction, or "escape" reading.
One book-loving veteran at the Legion, Texas, hospital set some kind of a record, reading 1,500 books during his two-year stay at the tubercular hospital.
Approximately 8,100 children in Texas, Louisiana and Mississippi, whose fathers died as a result of World War II service, are receiving monthly compensation benefits, VA reported this week. Throughout the country, about 90,000 children are receiving these benefits.
The second largest meteor crater in the United States is ten miles southwest of Odessa. It measures approximately 600 feet in diameter.

ANNOUNCES

A New Service

TO POULTRY AND LIVESTOCK FEEDERS

Purina Chows, Purina Sanitation Products, and Purina Farm Supplies now available at our store.

We are pleased to announce that we have been appointed the local authorized Purina Farm Supply dealer. This appointment carries with it the welcome opportunity to serve each farmer in our community personally and to do our share in the growth and development of this entire farm area.

Purina's complete programs of feeding, sanitation, and management have proved their worth to you in the past. Our facilities and those of the Ralston Purina Company are readily available to assist you in the building of a profitable personal program for the future. We are ready and anxious not only to supply your farm needs, but to help you solve any specific poultry and livestock feeding, sanitation and management problems you might have.

OTHER SERVICES AVAILABLE AT OUR STORE

- CUSTOM GRINDING
- WE BUY AND SELL ALL KINDS OF GRAINS—

Come in and let us show you the Products, Literature and Services we have to help you

From where I sit... by Joe Marsh

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

What Is CREDIT ???

It's simply faith... the faith folks have that you'll pay your obligations promptly. Guard it like a precious jewel. Once lost it takes years to recover. Once gained, it makes the best friend you'll ever have.

If bills are oweing, you can wipe the slate clean with a bank loan and repay us by the month. Best of all... you keep your credit good.

Announcing OUR GRAND OPENING

Saturday, Nov. 2nd

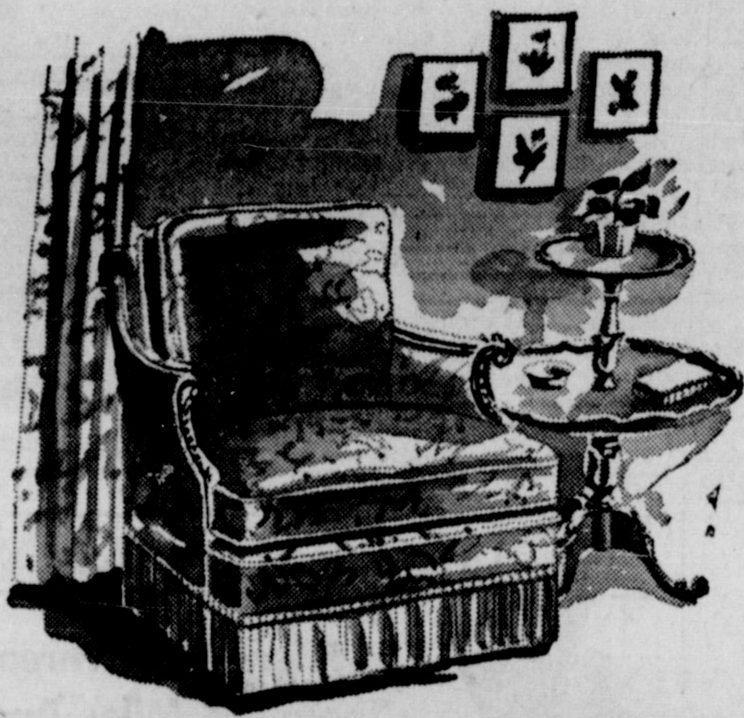

IN OUR

New Location

Across Street from Mulkey Theatre

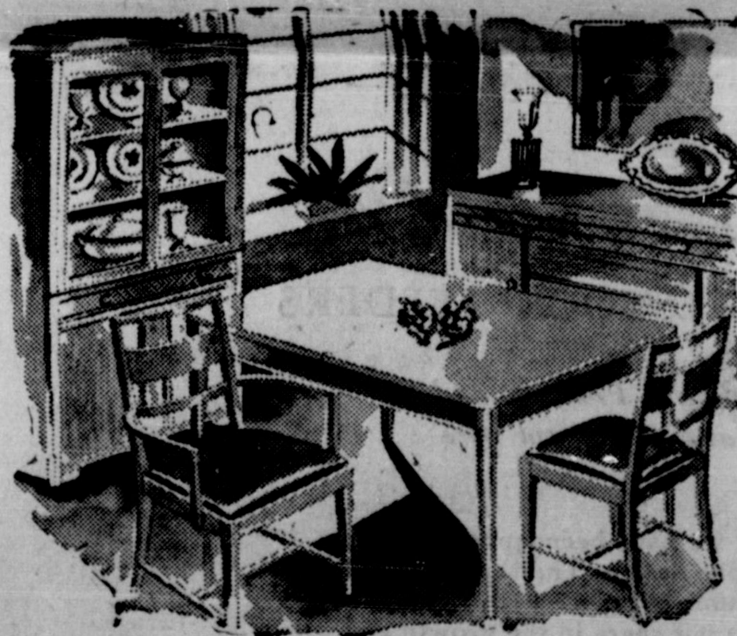

We Cordially Invite Your Inspection

Of Our New Store

A BEAUTIFUL
PLATFORM ROCKER
WILL BE GIVEN AWAY FREE
TO SOME LUCKY PERSON
VISITING OUR STORE
ON OPENING DAY

EVERYONE INVITED

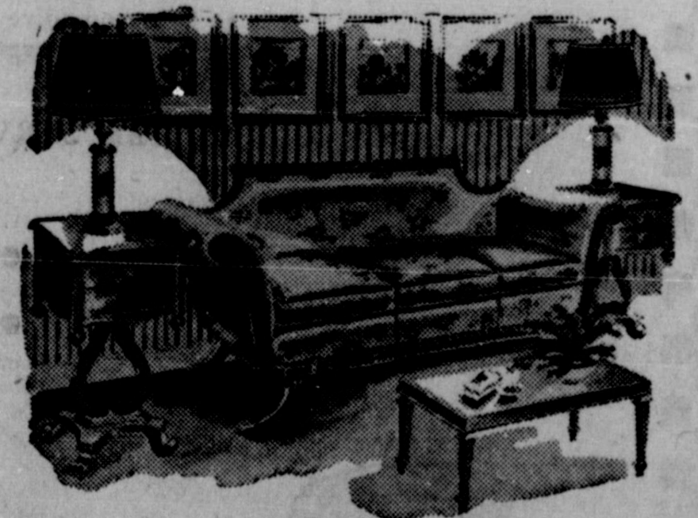

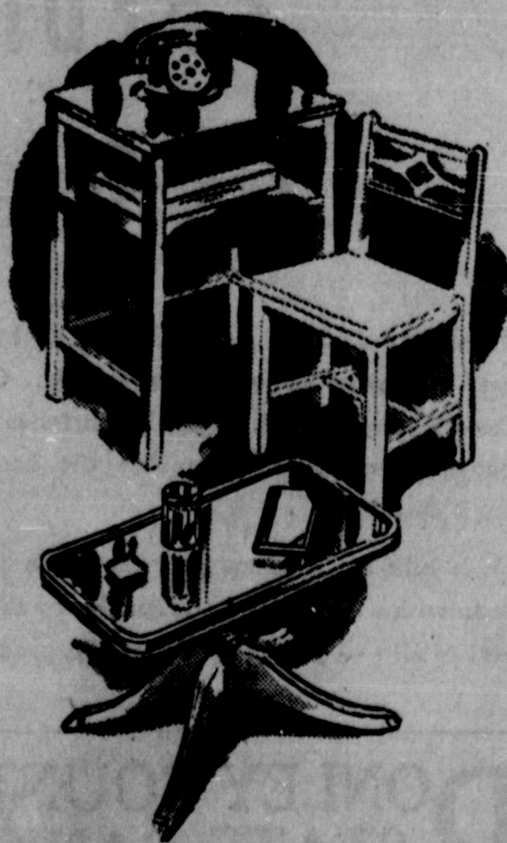

Recently, we purchased the old Connally Building and have completely remodeled the downstairs floor space in order to have a modern building and also have enough space whereas we can properly display our household merchandise and render a more efficient service to our many customers.

During the operation of this firm our business (through your patronage and goodwill) has expanded to the point where a much larger space was necessary to carry on our business as it should be. We want everyone to know that we deeply appreciate your patronage and welcome your visits to our store at all times.

You will find the following Appliances
at our store

- SERVEL REFRIGERATORS & Hot Water Heaters
(for natural and Butane Gases)
- FARNSWORTH RADIOS & Phono-combinations
- DEXTER WASHING MACHINES
- EUREKA VACUUM CLEANERS
- CONSOLCO WATER SOFTENERS
and Lots of Small Appliances.
