LES BEAUX ARTS CLUB

Mrs. Lorena Ratcliff, Amarillo, was guest speaker when Les Beaux Arts Club met at Patching Club House Friday afternoon, April 4. Mrs. Ratcliff, a representative of the Cosmetic Department of White and Kirk, spoke on the subject, "Putting Your Best Face Forward." How to apply and use make-up, the importance of every day use of cosmetics, and their continual use were some of the highlights discussed. She stressed the fact that the art of using make-up and cosmetics is something everyone must learn to do for herself. Adding to the program, she told of the Elizabeth Arden Beauty Resort in Phoenix, Arizona and the Maine Chance Resort in the state of Maine, describing the place and the treatments that people receive there.

The hostesses, Mrs. George Benson and Mrs. W. K. Hardin, assisted by her daughter Cheryl, arranged an Easter egg tree to decorate the tea table. Gaily decorated Easter eggs sprinkled with glitter and paint, and jonquils made the tree outstanding. Fancy sandwiches, Easter cookies and punch carried out the Easter theme. Mrs. Forest Sawyer presided at the crystal service.

Decorating the entertaining rooms were Easter egg arrangements designed and decorated by each Beaux Arts Club member.

Approximately thirty-five members and guests attended this "Guest Day" program. Easter guests in the home of Mr. and Mrs. L. M. Putman were Mrs. and Mrs. W. E. Gooding and family of Plainview, Mr. and Mrs. Lawrence Hauck and boys of Melton, Mr. and Mrs. Bob Kidd and son, Mrs. Raymond King and children, and Mr. and Mrs. L. M. Putman, Jr. and son.

MOTHERS STUDY CLUB

Mothers Study Club met at 7:30 p. m. at Patching Club House Tuesday, April 8. Meeting was called to order by the president and the Parents Prayer was read by Patsy Robertson. Roll was called by Norma Putman and a business meeting followed. Plans were discussed for the raising of funds for the treasury and it was decided to have a grab bag at the next meeting. Mrs. Harmon will present it in musical form. Plans were made and the menu worked out for the annual spring luncheon. One new member, Jeanie Johnson, was voted in the club.

Meeting was adjourned and refreshments of Cokes, coffee, and pecan pie were served to Joan Kidd, Janie Hill, Patsy Robertson, Rosie Harper, Betty Baker, Jo Ann Jones, Norma Putman, Jo Ann Edens, and Beth Cockerham by the hostesses Bernice Owens and Melba Edwards.

WELCOME HOME PARTY HONORS COLLEGE STUDENTS

Fourteen mothers of college students entertained with a dance at the Legion Hall Friday evening, April 4th. The hall was decorated with pennants from various colleges and the stage was attractively marked with Easter baskets filled with large Easter eggs in gay colors, and pennants. Hi-fi music was provided for dancing.

The refreshment table was very inviting with a polka-dot cloth. Centering the table was an Easter egg tree, miniature eggs topped with hats in school colors and lettered with the name of a college hanging from its branches. Miniature pennants edged the cloth. Soft drinks were served throughout the evening and sandwiches at eleven o'clock.

Approximately 150 young people enjoyed visiting and dancing.

New Story Book Helps Parents Ease Moving Day For Children

Parents with the problem of preparing children for the experience of moving to a new home will find a helpful approach in a new story book published this month by Rand McNally in the Elf book series.

Called "Moving Day," the story is designed primarily for children 3 to 6 years of age. It tells of a boy and girl, Jimmy and Susie, who are moving with their family to a new home in a different state. With 35 million Americans moving to new homes each year, the case of Jimmy and Susie is familiar to most families. Unless the right explanations are made in advance, small children often feel their whole world is being destroyed when moving day comes. In this story the children learn of moving as a family adventure and are shown that their world moves with them. The whole family goes together, along with all their toys and pets and other familiar possessions.

HUGHES QUILTING CLUB

Spring Seminar Of Jehovah's Witnesses To Be Held In Borger April 18 - 20th

The spring seminar of Jehovah's Witnesses Texas Circuit No. 9 will be held April 18-20 in the Central Elementary School at Borger, Texas. Assembly department heads met in Sayre, Oklahoma March 17 with Mr. Randall V. Davis, the circuit supervisor, at which time preparations were initiated to accommodate an expected 700 delegates from the 29 congregations of the Texas Panhandle and Western Oklahoma.

In the preliminary meeting at Sayre it was indicated that this will be the most important assembly of Texas Circuit No. 9 to date. Such a conclusion results from the contemplated assembly program and objectives.

The program, built around the theme, "Fulfilling Our Ministry," aspires to a more effective Christian educational effort in the circuit, and will aid the witnesses to form a closer bond of understanding and friendship with those to whom they minister.

The witnesses stress the need of continuous education and ministry improvement to keep them abreast of the times and enable them to bolster the spiritual foundations of an age in which many feel insecure.

Mr. S. J. Landrum, who released this information, will head the assembly delegation from Pampa.

Explaining the witnesses' purpose in attending, Mr. Landrum said, "We desire to more adequately fulfill our Christian obligations at home. We are confident the special instruction provided at the Borger assembly will aid us to do so. So our objective is to absorb the information offered there and pass its benefits on to our friends when we return."

The special free public lecture which will climax the meet Sunday, April 20, at 3 p. m. is, "Facing the Future Without Fear." It will be given by the convention chairman, Mr. Kenneth R. Savoy, representing the Watchtower Bible and Tract Society of Brooklyn, N. Y.

'SNUFF SAID

AMERICANS USED some 37,000,000 pounds of snuff last year. Curiously enough, the fair sex continue to take more than half the supply... as pretty Del Marks will attest. Often referred to as America's oldest tranquilizer, the powdered, blended tobacco favorite of our ancestors was first used by the American Indians and subsequently favored by some of the most prominent people in our history. George Washington was one of its proudest users, and even carried his own snuff mill when on a trip of any length. The figures accompanying Miss Marks, were fashioned from packages of 37 of the more than 60 brands of snuff marketed throughout the U.S.

Visitors through the Easter holidays in the Odos Caraway home were Mrs. Clarence Heironimus of Andrews, Texas and sons Charles and Walter who are students at Texas Tech, also Mr. and Mrs. Norris Miller of Garden City, Kansas.

Eddie Joe Baten, a student at North Texas State College, Denton, spent the Easter holidays with his parents, Mr. and Mrs. Joe Baten.

Mr. and Mrs. Joe Gibson and children of Panhandle were guests Sunday in the home of Mr. and Mrs. Redell Henson and family.

Visitors in the home of Mr. and Mrs. George Thompson Sunday were Mrs. Odell LaGrone and children of Amarillo, Mr. and Mrs. Chauncey Hommel and children, George Thompson, a student at Texas Tech, and Miss Marjorie Bural of Groom.

Mrs. Benny Edens and boys of Spearman spent the past week here with her parents, Mr. and Mrs. A. D. Estlack. Mr. Edens returned them home Monday.

Mrs. James A. Patman left Wednesday for her home in Hume, Mo. after spending the past ten days in the home of Mr. and Mrs. J. T. Patman.

Mr. and Mrs. W. E. Esslinger and David from Long Beach, Calif., Mrs. W. E. Allee of San Antonio, Texas visited J. M. Allee and family over the Easter weekend.

John Payne left Monday afternoon by plane for New Orleans where he is a student at Tulane University. He spent the ten day Easter holiday with his mother, Mrs. Louise Payne and grandmother, Mrs. J. W. Murphy.

Mr. and Mrs. Joe Murphy and family and Mrs. L. McGilvray of Amarillo were guests Sunday in the home of Mrs. J. W. Murphy.

Easter visitors in the home of Mr. and Mrs. John Rhodes were Mr. and Mrs. Wayne McElroy and children of Hereford and Mrs. Howard Stewart and girls of Dumas, also Mr. and Mrs. Marvin Jones.

Mrs. Howard Stewart and girls visited awhile Sunday with Mrs. W. H. Stewart and Mrs. Mazie Eichelberger.

Miss Ila Pool of Pampa and Mrs. Carl Pool and Brenda of San Angelo were week end visitors in the home of Mr. and Mrs. Jess Pool.

Mr. and Mrs. W. E. McBride visited Sunday with their daughter and family, Mr. and Mrs. Clayton Mann and sons.

Mr. and Mrs. Earl Morrow and children of Amarillo visited Saturday in the home of his parents, Mr. and Mrs. Kenneth Morrow.

Mr. and Mrs. Carroll Lewis, Mr. and Mrs. Gordon Moore and Pat, and Mrs. E. L. Lewis visited Sunday in the Leland Lewis home.

Mr. and Mrs. C. R. Brown of Friona and Mr. and Mrs. Joe Brown of Amarillo were week end visitors in Clarendon.

Mr. and Mrs. Barney Baten of Memphis were visitors Sunday afternoon in the home of Mr. and Mrs. Joe Baten.

Mrs. Regan Bain and Miss Evalyn Warren were Wellington visitors Tuesday.

Farm Housing Loan Program Expanded

An expanded farm housing loan program, designed to speed up farm building construction improvement as well as act as an additional anti-recession measure, was announced today by Walter T. McKay, Farmers Home Administration State Director, according to James D. Gouldy, the agency's local County Supervisor.

Now an owner of a farm in agricultural production and on which the operator plans to produce at least \$400 worth of farm commodities for sale or home use may qualify for the 4 percent long-term housing loan provided that he meets other standard eligibility requirements.

Formerly an eligible applicant had to own a farm that produced a more substantial part of the operator's annual cash income.

Loans may be made to build, improve, or repair farm houses or other essential farm buildings, and to provide water for farmstead and household use. Mr. Gouldy said that in addition to financing major construction, the loan funds can help meet many other needs for farm and farm home modernization such as adding bathrooms, utility rooms, better kitchens, and many other improvements to the home as well as to farm service buildings. While tenants and farm laborers are not eligible, the owner may borrow to do the construction work or make improvements for them.

The loans are made to farm owners who need credit to finance building improvements or repairs, but find that adequate credit is not available through banks or other regular credit channels. The interest rate is 4 percent and loans may be amortized over periods up to 33 years.

Eligibility for loan assistance is determined by the three-member County Farmers Home Administration committee, and applications are now being accepted in FHA county offices.

Mr. and Mrs. Frank Hommel visited in the home of her mother, Mrs. Oma Forkner, at Memphis Sunday.

Mr. and Mrs. Earl Graham and girls of Tucumcari, N. Mex. visited Saturday in the home of Mr. and Mrs. Mutt Graham and children.

Mr. and Mrs. Billy Gene Graham and son of Borger visited Monday in the home of Mr. and Mrs. Mutt Graham.

Mr. and Mrs. Glenn Wallace visited homefolks thru the week end.

Wardens Begin Dove Banding; Big Crop Seen

AUSTIN—Mourning doves are already beginning their spring nesting, according to the Director of Law Enforcement of the Game and Fish Commission. Reports received by him from wardens throughout the state indicate a tremendous crop of "seed birds" this year.

"We had a big harvest of doves last September and October," the Director said. "There were many of them left, however. During the winter months literally thousands of big fine doves stayed in the mesquite thickets and river bottoms all over Texas. There was plenty of good feed for them. Now they are beginning to nest."

First nesting was reported by Warden Clarence Jones in Northeast Texas two weeks ago. Jones found the nest with two eggs on Feb. 28.

Wardens this year will again tackle the job of banding young birds. Thousands of doves will be banded throughout the state by the wardens. When these banded birds are killed the bands should be returned to the warden or sent in to the Austin office so they can be checked. In this way, migration and age of the doves can be checked against the records.

Mr. and Mrs. Glenn Hoggatt and children of Tulia visited in the Ralph Grady home thru Easter.

Mr. and Mrs. Billy Hill and Tony of Amarillo visited in the A. M. Moss home over the week end.

Mr. and Mrs. O. D. Stephens and girls visited in the W. G. Johnson home at Hedley Sunday.

Mrs. Ruth McCune of Tulia visited Sunday afternoon with Mr. and Mrs. C. E. Killough.

Mrs. Dorothy Campbell of Amarillo was an Easter visitor in the home of her parents, Mr. and Mrs. F. A. White, Sr.

Mr. and Mrs. J. R. Brandon spent the Easter holidays in Houston.

Mr. and Mrs. Robert Allen and children of Houston are spending their vacation with her parents, Mr. and Mrs. Bryan Armstrong.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we received two books for the younger set—The "Bobbsey Twins' Forrest Adventure" by Laura Lee Hope and "The Haunted Showboat" of the Nancy Drew mysteries by Carolyn Keene. These two series are very popular with my young reading patrons. Betty Smith's recent edition "Maggie—Now" will interest my adult readers as "A Tree Grows In Brooklyn" fascinated them. This book was a memorial book for Mr. Frank Phelan Sr.'s section of shelves. There is an excellent collection of books, beside the Encyclopedias that are in memory of him.

A friend's friend in California's Sacramento, sent the Library seven recent plays. Six are three act plays and one two acts. They are: "Anastasia" by Elaine Perry presentation 1954 at the Lyceum Theatre, "Anniversary Waltz" directed by Moss Hart—presented by Hymen & Hart at the Broadhurst Theatre, N. Y. 1954; "Plain & Fancy" presented by Hallmar & Gardner 1955 at the Mark Hellinger Theatre; "Tea & Symphony" presented by Playwrights' Co. in association with Mary K. Frank, at the Ethel Barrymore Theatre, New York 1953; "The Desperate Hours" presented by Erskine & Haynes at the Ethel Barrymore Theatre, 1955; "The Rain Maker", a romantic comedy presented, at the Cort Theatre 1954, and "Caine Mutiny Court-Martial" by Herman Wouk, first performance Granada Theatre, California 1953. These plays are quite an asset to our shelves, and so recent compared with our shelf of old ones, but our copies are still presented. A friend told me that she missed her good play contacts since she was so far from a city in the west, but often purchased and read the best ones.

We sincerely desire your patronage for we manage for most of the popular books, in both fiction and non-fiction.

Then we have two recent dated sets of encyclopedias, and some other reference books. We cleaned out an old book case of Mrs.

Burton's this week and discovered some rare books of poetry. One by Mrs. McCrary's mother, Mrs. Lettis and quite a few others you could appreciate.

THE LIONS DEN
or
The Roar of the Lions
By the Liontamer

Hosted at the regular luncheon meeting of the Lions Club last Tuesday noon was Dean Cook of Nunn Electric Co., Amarillo, guest of Lion Bill Williams; Gene Long, local Farm Home Administration Agent and Scoutmaster of Troop 37 Boy Scouts of America, guest of Lion Flip Breedlove; and Mr. Shales, Goodyear Tire representative from Plainview, Texas, guest of Secretary A. R. Henson.

The Club was honored with the presence and fellowship of these guests and an invitation was extended for other meetings.

The program, arranged by Lion Drennan, was presented by Anthony Thibodeaux, minister of the First Christian Church of Wellington, who is conducting a series of revival services at the local First Christian Church during the week April 6 through April 13.

In a short talk the minister challenged the club with a very vital and meaningful as well as mysterious question, "What is your life?", "Home life?", "Business life?", "Social life?", "Church life?"

The writer deems it sincerely regrettable that due to mistaken identity and poorly developed premises from the facts in hand that the guest speaker was placed in bonds by the County sheriff. We hope that should this kind of treatment be proposed on any future occasion that all of the hand bills be read and ascertain the nature of the crime for which the person is wanted and what is the nature of the reward. However, on the brighter side is the spirit of helpfulness displayed by the local membership of the Club. The officers of the Club furnished the leadership and every member of the Club joyfully joined in satisfying the demands of the law and gained the speakers release in a matter of seconds.

It is evident that a fine brand of fellowship prevails at the Lions Club weekly luncheon meetings. Immediately following the program the Board of Directors met to discuss a proposed sale of the wrestling ring owned by the club and a committee was appointed headed by John Gillham to appraise the equipment and report to the Board.

FARM NEWS

from the County ASC Committee

CONSERVATION RESERVE

Producers who have not designated their Conservation Reserve acreage must come to the office and do this before April 15th as this is the last day in which to make such designation covering your contract.

SECOND QUARTER FOR ACP PRACTICES

We have gone into the second quarter covering ACP practices and approvals. With the season one of the best for quite some time, producers may take advantage of this opportunity to improve their land by establishing additional acreage of vegetative cover in crop rotation to retard erosion and improve soil structure by planting grasses such as Sand Love, Blue Grama, Sorghum A l m u m, Perennial Sweet Sudana, and others included in the A-3 Practice of the Donley County Handbook.

CONSERVATION RESERVE DEADLINE

We would again remind all producers who might be interested in placing cropland in the Conservation Reserve part of the Soil Bank program that April 15th, 1958 is the final date to sign a contract under the 1958 program.

ACREAGE RESERVE DEADLINE

Notices of available funds have been mailed to all producers who had signed a request to place their cotton in the acreage reserve program of the Soil Bank. In other words all producers whose names appear on our waiting list, and April 14th, 1958 is the deadline for signing the Agreement. All of those who have received these notices are urged to come to the office by the 14th, to sign their agreement, as this is the deadline for an Acreage Reserve Agreement under the 1958 program.

PLOWIN' Out the CORNERS

Mrs. D. C. Peden of Goodnight, Texas sends us some good clippings and we will use them from time to time. The following little poems are a part.

'Tis easy enough to be pleasant,
When life flows along like a song,
But the man worth while,
Is the man that can smile,
When everything goes dead wrong.

We have welcoming words for the stranger,
And smiles for the sometimes guest,
But oft for our own,
The bitterest tone,
Though we love our own the best.

"If the world seems tto be going against you, perhaps you need to do an "About face."

Most of us have heard the old adage which says: "If at first you don't succeed, try, try again." The following is a success story that had its many failures. This successful person:

Failed in business in 1831.
Defeated for the Legislature in 1832.
Beaten in business again in 1833.
Elected to the Legislature in 1834.

1834. Sweetheart died in 1835.
Had a nervous breakdown in 1836.
Defeated for speaker in 1838.
Defeated for Presidential Elector in 1840.
Defeated for the Land Officer in 1842.
Defeated for Congress in 1843.
Elected to Congress in 1846.
Defeated for Congress in 1848.
Defeated for the U. S. Senate in 1855.
Defeated for the U. S. Vice-President in 1856.
Defeated for the U. S. Senate in 1858.
Elected President of the U. S. in 1860.
Re-elected President in 1864.
Shot to death in 1865.
This is the "Believe It Or Not" record of the great Abraham Lincoln. We could not expect any more disappointments than befell this great statesman.

Mrs. Bernice Womack sends us a good Baptist joke which we enjoyed and will use at this time. So we do say "Three Cheers" to this good Methodist for sending it in.

"Three Baptist Deacons who struck up an acquaintance with a Methodist minister on a golf course decided to surprise the latter by attending his services. They arrived late and all the seats were taken. When the minister saw them enter, he was pleased and excitedly whispered to an usher, "Get three chairs for my Baptist friends." The usher didn't quite understand and asked the pastor to please repeat his request. "Give three chairs to the Baptists," he whispered again. The usher still puzzled but determined to carry out the request, as he understood it, stepped to the front, assumed a pep leader stance and left the audience wide-eyed with amazement when he yelled, "All right, everybody - - All together - - Three Cheers for the Baptists."

E. J. Chenault went to Bowie last Thursday to check on a niece, Mr. and Mrs. M. P. Turner, whose home was hit by a tornado Wednesday afternoon. The Turner's two story brick home located four miles northwest of Bowie was completely destroyed. They saw the tornado coming and got in their car and fled out of its path. Mr. Chenault reported. He returned home Friday morning.

THE LIONS DEN or The Roar of the Lions

By the Liontamer

Hosted at the regular luncheon meeting of the Lions Club last Tuesday noon was Dean Cook of Nunn Electric Co., Amarillo, guest of Lion Bill Williams; Gene Long, local Farm Home Administration Agent and Scoutmaster of Troop 37 Boy Scouts of America, guest of Lion Flip Breedlove; and Mr. Shales, Goodyear Tire representative from Plainview, Texas, guest of Secretary A. R. Henson.

The Club was honored with the presence and fellowship of these guests and an invitation was extended for other meetings.

The program, arranged by Lion Drennan, was presented by Anthony Thibodeaux, minister of the First Christian Church of Wellington, who is conducting a series of revival services at the local First Christian Church during the week April 6 through April 13.

In a short talk the minister challenged the club with a very vital and meaningful as well as mysterious question, "What is your life?", "Home life?", "Business life?", "Social life?", "Church life?"

The writer deems it sincerely regrettable that due to mistaken identity and poorly developed premises from the facts in hand that the guest speaker was placed in bonds by the County sheriff. We hope that should this kind of treatment be proposed on any future occasion that all of the hand bills be read and ascertain the nature of the crime for which the person is wanted and what is the nature of the reward. However, on the brighter side is the spirit of helpfulness displayed by the local membership of the Club. The officers of the Club furnished the leadership and every member of the Club joyfully joined in satisfying the demands of the law and gained the speakers release in a matter of seconds.

It is evident that a fine brand of fellowship prevails at the Lions Club weekly luncheon meetings. Immediately following the program the Board of Directors met to discuss a proposed sale of the wrestling ring owned by the Club and a committee was appointed headed by John Gillham to appraise the equipment and report to the Board.

FARM NEWS

from the County ASC Committee

CONSERVATION RESERVE
Producers who have not designated their Conservation Reserve acreage must come to the office and do this before April 15th as this is the last day in which to make such designation covering your contract.

SECOND QUARTER FOR ACP PRACTICES
We have gone into the second quarter covering ACP practices and approvals. With the season one of the best for quite some time, producers may take advantage of this opportunity to improve their land by establishing additional acreage of vegetative cover in crop rotation to retard erosion and improve soil structure by planting grasses such as Sand Love, Blue Grama, Sorghum, Alnum, Perennial Sweet Sudana, and others included in the A-3 Practice of the Donley County Handbook.

CONSERVATION RESERVE DEADLINE
We would again remind all producers who might be interested in placing cropland in the Conservation Reserve part of the Soil Bank program that April 15th, 1958 is the final date to sign a contract under the 1958 program.

ACREAGE RESERVE DEADLINE
Notices of available funds have been mailed to all producers who had signed a request to place their cotton in the acreage reserve program of the Soil Bank. In other words all producers whose names appear on our waiting list, and April 14th, 1958 is the deadline for signing the Agreement. All of those who have received these notices are urged to come to the office by the 14th to sign their agreement, as this is the deadline for an Acreage Reserve Agreement under the 1958 program.

Growing Flowers Can Be Entertaining

LUBBOCK — Growing flowers can be just as entertaining as any sports event and the time to start "training" is now, says a Texas Tech horticulturist.

Edward W. Zukauckas, assistant professor of horticulture at Tech, points out that while the cheerless crowds may not exist, the challenge of proper timing and showmanship is present for any gardener.

For instance, if you wish to have gladiolas blooming in your yard in mid-July, better start planting gladiola corms (bulbs) sometime between April 1 and May 15, Zukauckas advises.

Because the number of days between planting and blooming

varies from 70 to 120 days for gladiolas, it's a good idea to plant corms at various times. This gives you a greater span of time for blooming flowers in your yard, he added.

The Tech horticulturist names a number of varieties that excel in this area. Among the All-American selections are varieties such as "Apple Blossom," "Caribbean," "Royal Stewart," "Emperor," and "Maytime."

Standard varieties that do well in this region are "Spic and Span," "Burma," "Mother Fischer," "King David," "Jene," "Sans Souci," "Traveler," and "Prospector."

With spring officially here, it's time to start cleaning the trash out of the flower beds, the Tech horticulture department reminds. It would also be a good idea to

watch for plant disease at this time, especially on roses, Zukauckas said. Mildew is the danger for roses this year, so spraying with any one of a number of mildew controls containing a copper or sulphate base is advisable. Spray every two weeks.

Litterbags May Be Answer To Cleaner Highways & Parks

AUSTIN — Highway business is picking up. Any member of a highway maintenance crew can tell you—but this time it's bad news. Picking up litter thrown on the highways of the nation costs more than \$50,000,000 a year in tax dollars used to clear trash from the highways and rights of way.

In an effort to combat the trash-throwing litterbug in Texas, the Texas Highway Department recently conducted a survey to see if the distribution of litterbags to motorists, as recommended by the national Keep America Beautiful, Inc. and other organizations, would reduce the litter problem along Texas highways. A litterbag is a paper sack for stowing away the normal debris which collects in a car or truck during a trip. During a four-month test period (June, July, August, and September), the Texas Highway Department through its seven Highway Travel Information Bureaus at various entry points on the Texas border distributed 50,000 litterbags to motorists. The litterbags were furnished by the Texas Motel Association.

At the completion of the test period, a poll of 200 highway maintenance foremen throughout

that a wide distribution of the litterbags to both local and out-of-state motorists through the facilities of filling stations, restaurants, motels, hotels, and allied tourist services might do a great deal toward making Texans conscious of the litterbug problem.

All personnel polled suggested that a widespread educational program be initiated to boost the use of the litterbag. Motorists don't realize that the habit of tossing litter on Texas highways is not only costly and dangerous, but is also against the law. Violators can be fined up to \$200.00 and costs.

One foreman commented, "There are two relatively new innovations in automobiles which will help hold litter to a minimum—air conditioning and the built-in rubbish compartments. People are reluctant to roll a

window down in an air-cooled automobile and get a blast of hot air just to throw something out the window. In some 1958 models, the manufacturers have installed a simple litter compartment which will keep a lot of rubbish off the roads. Perhaps the service station attendants could empty them as a free service. However, at present, the best solution seems to be the litterbag."

Though progress has been slow, indications are that one day Texas highways and roadside parks may be free of unsightly litter—and the litterbug vanquished by the litterbag plus a genuine desire among motorists to keep the roadsides clean.

The Mason-Dixon Line is now the boundary line between Maryland and Pennsylvania.

Vases of dignity should never be broken.

Adherence to these rules is part of our tradition.

the state was taken to get their opinions of the litterbug. The fact that very few of the bags were found discarded along the roadsides indicated that the bags were being used, emptied, and re-used by the travelling public. Approximately 70 percent of the foremen were in favor of the litterbag idea for reducing highway cleanups.

that the worst litterbugs were local people, not the out-of-state visitors nor motorists from another area of the state, but local residents who discarded trash, bottles, and cans from automobiles and trucks. As one foreman put it, "People will do things at home they wouldn't dare do away from home."

 TEXAS PRESS ASSOCIATION

AUSTIN—It's "needing" time in Texas. That is the period when those in office start feeling the barbs of those who have their eyes on the same office.

Filing deadline for the summer's primaries is May 5. In any pre-election period the "outs" have a busy season of looking for "bugs under chips." Any likely looking "bug" is hauled out to test public reaction on its value as future campaign fodder against the "ins."

But this year no one has to look hard. Texas' problems are all too obvious. Unemployment highs persist stubbornly into spring weeks. Oil, the state's No. 1 moneymaker, is seriously bogged down. A multi-million-dollar deficit in state revenues is in prospect.

Hence: an open season for "viewing with alarm" and pro-

pect of lively campaigns if some head runners line up for major offices.

NO MORE SPECIALS
 He sees no need of a special legislative session now, says Gov. Price Daniel, because the state government is already pushing an anti-recession program.

Governor Daniel's statement was in reply to a demand by the president of the Texas AFL-CIO for an 8-point program to combat unemployment. Jerry Holleman challenged the governor to back up his philosophy of "states rights" by meeting "states responsibilities." His "points" included revision of unemployment compensation laws, speeding up spending programs for buildings, highways, water projects, etc.

Daniel retorted that Holleman's demands took no note of work already moving apace. Texas, he said, "did not wait for a recession to exercise its responsibility of providing highway, water conservation, attraction of industry, increased salary and building

construction programs. "This is one reason the situation in Texas is much better than in most other states. "I have every confidence," said the governor, "that the prophets of gloom and doom will not talk us out of a continuation of our unparalleled progress."

WATER BOARD COMMENDED

Governor Daniel fired back a specific reply to the AFL-CIO's urging to "push the water conservation program."

Water conservation has been one of Daniel's "most-pushed" projects since gubernatorial campaigning days.

Daniel said, in effect, the new Water Development Board had moved in a cloud of dust to get organized, set up rules, establish procedures, begin hearings and give preliminary approval to two projects—all within 90 days after taking oath office.

Two projects, if finally approved, would lend \$5,000,000 to the Sabine River Authority for a new lake and \$350,000 to the Williamson County Water District No. 1 for a water diversion project.

TEC IN FUSS PARADE

Internal fussing contagious with state boards has spread to the Texas Employment Commission. AFL-CIO is stoking the fire from outside.

TEC's member representing labor, R. F. Newman, blasted the fess into orbit by accusing the other two members, Chairman Perry Brown and Maurice Acers, of dealing him out of policy de-

isions. Brown represents the public and Acers the employers.

Argument focused initially on policy toward employees within TEC itself. Newman contended morale of TEC's 2,000 employees was shot. They live in fear, he said, of knife-in-the-back retaliations, salary cuts and demotions when their decisions offend trade groups, corporation lawyers or volunteer legal counselors.

Acers retaliated in a letter to trade organizations and employers charging Newman and "representatives of organized groups" with using the recession to gain their own ends.

That brought AFL-CIO leaders

into the fray. State President Jerry Holleman fired back that Acers was flagrantly wasting state funds for propaganda purposes. Acers was also accused of denying just claims for unemployment compensation and forcing workers to go to court for rightful benefits.

Acers had a reply for that, too. Merely another attempt by AFL-CIO to influence commission policies, he said.

TEC supervises collection of unemployment taxes from employers and payment of benefits to unemployed workers.

Payments to the jobless hit a record high of \$1,568,958 in one week, according to the Texas Employment Commission's latest report.

Number of persons filing compensation claims inched up from 89,309 the previous week to 92,435.

TEC's mid-February report showed some 75,000 persons covered by unemployment insurance out of work. At that time it was hoped that approach of spring would bring the usual pick-up in jobs.

Instead, unemployment has increased more than 20 per cent.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

TRAGEDY

Tragedy struck in the Rogers' household last week. Peppi passed away. Peppi was the dog, but he was as near a member of a human household as an animal could be. Although he showed deep affection for all of us, his favorite was obviously Mrs. Rogers in whom he had the most complete faith and trust. He would romp and play with all of the children, but when he was in trouble or needed someone to understand him, he would bypass all of us and go to Jean. According to the veterinarian, he contracted some kind of virus and was just never able to shake it off. No one gave up hope until the very last, but it just seemed to be God's will. As one of the children put it, "I don't know whether there is a dog heaven, but I am sure that if there is, that's where Peppi has gone."

ANONYMOUS LETTERS

It is not unusual for Members of Congress to get anonymous or unsigned letters. Some of these have threatening tones, others may be critical of some particular division of the government or private industry, while others express opinions and feelings concerning current issues. Sometimes the letters contain statements of reasons why they are not signed, or a fictitious signature is used. These reasons vary all the way

from fear of retaliation from those being criticized or threatened, to lack of desire of being associated with the subject matter. The signatures range all the way from none at all to such titles as "irate taxpayer," "a friend," "constitutional advocate," "fighter for freedom," "anti-socialist," "interested American," "confirmed states righter", and others. The most recent of this type of letter coming into my office was signed, "A. Tneutitsnoc". The subject matter had to do with the need for tax reform. The letter started off by pointing out that the writer was one of the "little" men of this country. I continued to read the letter and found that he was deeply disturbed about a publication which pointed out several different types of alleged loopholes in the tax laws that were available to people in the high income brackets. The writer proceeded to condemn such practices on the part of those enjoying large incomes, while bemoaning the fact that there is no escape hatch for the so-called "little" fellow whose taxes are deducted from his pay check. Certainly, the writer of that letter had an excellent point, and one in which I have been interested for a long time. The people of this country have always been most willing to pay whatever taxes were necessary for the proper defense of the country and the conduct of the Constitutional form of government under which we are supposed to operate.

However, they all feel that the tax burden should be spread equally and that some select few should not have access to con-

cessions that are not available to all. The tremendously heavy burden of taxation that has been the lot of the U. S. citizen for the past several years makes it all the more necessary that every possible effort be made to afford the so-called "little" people tax relief.

I was starting out to write my views on the subject to the party above-named when my secretary discovered that there was no address and that the signature on the letter was not the name of anyone, but was "a constituent" spelled backward.

Frankly, I would appreciate it if everyone who writes would sign their name. Whether we agree or disagree on a subject, we live in a country where every citizen has the right to express himself without fear of retaliation. I feel very deeply about the freedom of speech, and I do hope no one will hesitate to sign their right name to any mail addressed to my office.

THE PRESIDENT'S PRESS CONFERENCE

The newspapers here have praised the President's recent press conference. They take the position that the President came forth with some affirmative views for the first time in several of these conferences — the most notable being the President's position with relation to our future activities in moving into outer space. The columnists and commentators seem to think that the President's position on this subject, in conjunction with the excellent results that have been attained by the Army and Navy in putting satellites in orbit, will

do so very much toward regaining the "face" that we lost because Russia was the first to accomplish entry into outer space. The great fear that seemed to engulf many of our people immediately after the Russians sent up their two "sputniks" seems to have calmed, and it is generally conceded now that we were not nearly so far behind as some propagandists would have had us believe. The President's statement as to our future plans has proved most reassuring.

SOCIAL SECURITY INFORMATION

Did you receive monthly social security benefits in 1957 — even for one month? Did you earn over \$1200 in 1957? If your answer to both of these questions is "yes" then according to John R. Sanderson, manager of the Amarillo Office you must file an annual report of your 1957 earnings with the Social Security Administration on or before April 15, 1958. This applies to those beneficiaries who were under the age of 72 throughout the month of January 1957.

If you are receiving social security benefits monthly, you may earn up to \$1200 a year without any loss of benefits. If your earnings exceed \$1200 however, you will generally lose one month's benefit for each \$80 or fraction of \$80 by which your earnings exceed \$1200. If your annual report is not filed on or before April 15, 1958, you may lose additional benefits as a penalty. Regardless of how much you earn in the year, you will receive your check for any month in which you did not earn more than \$80 in employment or render substantial services as a self-employed person.

Sanderson emphasized that earnings from work of any kind, whether covered by social security or not, must be included in

this annual report. If you were entitled to monthly benefits in 1957 and your earnings were more than \$1200, file your annual report of earnings with the Social Security Administration promptly so that any necessary adjustments can be made in your case without delay. Failure to file a report, or filing after April 15th, can result in a penalty which could mean an additional loss of benefits to you. If you wish further information or assistance in completing your report, telephone, write or visit the social security office at Amarillo, Texas.

If you are between the ages of 17 and 65 and fish outside your county you'll need to buy a fishing license, which costs \$2.15.
