BROWNWOOD, TEXAS, THURSDAY, JANUARY 12, 1933

NUMBER 3

POL. 52

ORDINANCES FOR YEAR 1932 BROWNWOOD

Ordinances governing and certain affairs of the citizens of Brownwood passed by city council in the year 1932—an average of one new ordinance per month for the year, range in scope from the price of gas meters to the refunding of \$90,000 indebtedness from selling the time and can file his name for office election to the discontinuing of the reinstating of the later Fire Department.

Standard Milk ordinance for amending the ordinance passed March 29 regulating the grading of dairies. The ordinance allows a dairy, if it is graded because of bacterial count, to be graded if two later counts show improvement. If the dairy has a grade on account of bacteria it may receive a reinspection statement that the fault has been corrected.

Ordinance creating a full paid department and discontinuing the volunteer department passed March 29. The ordinance repeals an ordinance which provided that a house be connected to the sewer system before city would be turned on in the special election to determine if F. Smith could sell his Side Gas Company was in another ordinance.

Ordinance for 1931 was made a law in an ordinance approved June 28 with the amount of taxes ranging from 2 cent in February to 16 per cent in July.

Ordinance showing picture shows other forms of entertainment Sunday were prohibited in an ordinance passed September 6.

Homestead Amendment Affects Tax Renditions for This Year

Having been advised by State Comptroller George H. Sheppard that all homesteads valued up to \$3,000 would be exempt from state taxation this year, Mrs. J. L. Karr, Brown county tax assessor, issued a statement today asking property owners to specify what kind of property they own in making renditions.

Mrs. Karr began taking assessments for 1933 January 1 and will continue this work until April 30. It is to the interest of the taxpayers to see the assessor as soon as possible about the exemption on homesteads, the states and continues.

"I especially request that all people be careful to inform the person taking their rendition whether or not they are rendering a homestead. That is important where more than one piece of property is owned by one person. You understand, just one residence or separate piece of property is exempt, regardless of whether it is valued

at one hundred dollars or three thousand dollars.

"It will not be exempt from county, road, school, municipal or district taxes, however.

"Here is the definition of a homestead: Farms consisting of any number of acres up to two hundred, whether in one tract, or several tracts; as much as 200 acres will be exempt.

"City property consisting of one or two or more lots where they are in the same block, lying adjacent to each other, are eligible for homestead designation.

Exemption of homestead from state taxes was voted as a constitutional amendment by the people in the general election last November. The state waives taxes on the first \$3,000 of valuation on homesteads. If a man's homestead is valued at \$4,000, he will pay state taxes only on the additional \$1,000. If valued at \$3,000 or less no tax will be levied.

AUTHOR TELLS OF VILLA TALE

EL PASO, Texas, Jan. 9.—Shooting of a mother and three children by a grade on the capture of Pancho Villa in his ranks was no worry to the famous bandit chieftain, according to J. Frank Dobie, Texas author, who recently visited here after a tour of Northern Mexico.

As Dobie relates the incident, it occurred in 1913. The author, who was a loyal officer attached to Villa's brigade, disappeared.

Villa later found his former captain in a house where he had stopped to get a drink. He questioned him about his desertion, and when informed the captain had given up his command because of a wife and three children, demanded to see them.

The bandit chieftain looked them over.

"Is this all that detains you?" he asked.

"Yes, my captain nodded.

Villa calmly drew a pistol and shot all four.

"Is there anything else to detain you?" he questioned his officer.

"No, my general," replied the captain, and saddled his horse and rode off.

Dobie will include in his books on legends of Northern Mexico several tales of Villa.

The rat poisoning demonstration at Clio will be held Friday night, instead of Thursday night as was announced in Monday's Bulletin, County Agent O. P. Griffin stated today.

A demonstration will also be held at Early Friday night. Mr. Griffin will attend either the Clio or Early demonstration and Joe B. Lindsey of San Angelo, of the U. S. Biological Survey, will attend the other.

Several demonstrations have been held this week and the further schedule includes: McDaniel, tonight (Wednesday); Clabber Hill, Thursday, 2 p. m.; Dulin, Friday, 2 p. m.

Auto Fatalities Number 118 SEATTLE, Jan. 6.—The automobile fatalities of Seattle for the year to the middle of December was listed at 118. R. Takahashi, 65 year old Japanese rancher, was the latest victim.

1932 BUILDING TOTAL \$35,000

Although Brownwood's building permits for 1932 were far short of the previous year's record, they compare favorably with records of other cities of similar size in the state. The permits here are said by builders to be pretty good considering that everywhere building was slow in 1932.

The total of the Brownwood permits for the year was \$35,000, according to figures furnished by Henry Mount, architect, while in 1931 the permits were more than \$211,000. The only building job of any considerable size in the last year was the Southwestern Post Association building. Most of the other permits was for repair work.

Figures for the year in larger cities of the state are: Austin \$5,173,326; Houston \$2,874,140; Dallas \$2,351,414; Longview \$1,648,848; San Antonio \$1,541,158; Fort Worth \$1,450,249; Galveston \$1,017,835; Tyler \$732,552; Wichita Falls \$719,143.

Other cities are: San Angelo \$258,597; Corpus Christi \$183,351; Corsicana \$91,929.

City Marshal of Alvin Trains Dogs On Bi-Weekly Runs

ALVIN, Jan. 9.—About twice a week the farmers and the dairymen around Alvin lift their heads and listen to a scold that is beginning to grow familiar to them—the long drawn bay of bloodhounds on the trail.

Rural negroes look at one another and grin knowingly when they hear the pack.

"That's Mister Will working out his dogs," they say, and resume their work.

"Mister Will is Alvin's city marshal; Will Uzzell, and the dogs are Tom and Jerry and Lottie, man hunters, who with Marshal Uzzell constitute the little city's police force."

"We used to have a lot of petty thieving going on around here," Uzzell explained, "but somehow or other, since I got my dogs, it has plumb quit."

Tom and Jerry and Lottie arrived about three months ago and promptly tracked down three youths who had burglarized a dairy farm on the outskirts of Alvin. Uzzell trains them by taking them on a "run" on an average of twice a week.

The dogs are his personal property. He tried to persuade the city council to buy them as an economy program prevented the investment. So he bought them himself.

Homer Beckham is arrested on charge of aggravated assault.

Homer Beckham of Zephyr, charged in county court with an aggravated assault, was arrested Sunday at Zephyr by Sheriff Hallmark and Deputy Jim Sandlin.

The aggravated assault charges against Beckham were filed several weeks ago in connection with an attack on an officer who sought to arrest him. Beckham was subdued at the time but escaped from a deputy sheriff while being brought to jail in Brownwood.

COMMISSIONERS SET RATES OF EX-OFFICIO PAY

Fixing of ex-officio salaries of county officers for 1933, election of a new court house janitor for 1933, fixing of the wage scales to be paid for county road work this year and the approval of deputies named by various officers held the major attention of the Brown county commissioners court in the regular weekly session Monday.

Ex-officio salaries for the year 1933, as fixed by the court, are about the same as for the past year with only a few minor reductions. The salaries as fixed by the court, follow: County Judge, \$200 per month; county commissioners, \$150 per month; county clerk, \$100 per month; district clerk, \$41.67 per month; sheriff, \$185 per quarter; sheriff, \$50 per month for guarding prisoners; county home demonstration agent, \$100 per month; janitor, \$75 per month; district court stenographer, \$128.57 per month; stenographer for county judge, \$75 per month.

The only reduction from last year in the foregoing ex-officio salaries as made in the amount paid the sheriff for the keeping or guarding of prisoners in the county jail. The sheriff has been drawing \$75 per month for this service.

Reduce Auditor's Salary

The commissioners court voted to continue the office of county auditor for an indefinite time but reduced the salary for this office from \$167 per month to \$150 per month. R. C. Cotcher is the county auditor and will continue in that position.

The wage scale to be paid for road work in Brown county, as fixed by the court Monday, follows: single hands, \$1.50 daily; wagon and team, \$3.00 daily; double team (for road dragging work, etc.), \$4.00 per day.

G. E. Williams, of May, was elected court house janitor by the commissioners Monday, effective February 1. E. C. Thormartin has been court house janitor for a number of years and will continue to serve until the end of this month.

Mrs. J. L. Karr was authorized by the court yesterday to notify all persons registering automobiles for 1933 that have not been rendered for county and state taxes to render their cars for tax purposes. Mrs. Karr was advanced \$200 per month for deputy hire during the months of January, February, March, April and May. She was also voted an advance of \$100 per month for deputy hire during June, July and August.

Fees due four county officials on criminal cases in which the convicted persons laid out their fines in jail or worked them out on the county road gang were ordered paid by the court. The approved fee bills were: A. E. Nabors, county attorney, \$7.40; M. H. Denman, former sheriff, \$7.87; Roger Bolter, \$12.20; O. E. Kitchin, constable, \$20.95.

Continue Telephone Pay

The commissioners voted to continue paying for telephones used by county officers at least for the months of January and February.

Various office holders at the court house have been worried over the prospect of having to pay for their telephones or have them taken out. The officers had a petition ready to present the court had there been an adverse vote on the telephone business.

J. Cade was appointed justice of the peace for Precinct No. 3 by the court.

The deputizations of L. L. Walton and S. A. Chambers as deputy sheriffs for precinct number 6 and 2 respectively were approved by the commissioners.

The deputization of Helen Beckley by District Clerk Allen D. Forsythe was also approved.

Lon Willis was granted a permit to establish a light-testing station at 211 West Baker.

An estimate of W. G. Alexander of \$49.10 for material used in the Coggin Avenue loop of Highway No. 10 was approved and ordered paid.

A slight change was made in the contract with the contractor for the building of two concrete culverts on a road that connects the Brownwood-Cross Cut road with Highway No. 7.

Callaway to Get \$500 Reward For Election Fraud Conviction

Good news was delivered to at least one man in Brownwood today by The Bulletin. When Gib Callaway was called by this newspaper this afternoon for additional information on an Associated Press dispatch that stated he had been named to receive \$500 reward for assisting in revealing election fraud, the reward had been granted.

"He was glad to get the news, but said he had not received the money as yet. He made application for the reward some time ago.

The Associated Press dispatch, under an Austin date line, said "Sterling Order Reward Paid."

Governor Sterling has ordered \$500 reward paid to Gib Callaway of Brownwood for his work in revealing alleged election fraud.

"Accompanying Callaway's claim to the reward was a certified copy of court proceedings showing conviction and sentence of W. D. Carroll, Comanche, to two years in prison for making false canvass of votes in the primary election last August."

Carroll was charged with election fraud following the reopening of the ballot box and counting of the votes cast in the August election at box No. 1 at Comanche. The box was re-opened by the county Democratic committee and the recount changed the result in some of the county races.

Assisted in Indictment

Mr. Callaway went before the grand jury and assisted in getting the indictment against Carroll, he said today. Later in the trial he assisted the state in the prosecution.

The \$500 reward to any person who could prove election law violations was offered by Governor Sterling in a proclamation shortly after the election.

After a vigorous indictment of liquor and a plea for the preservation of the eighteenth amendment by Dr. J. W. Hunt of Abilene at the prohibition rally held in Howland Park Sunday afternoon the audience voted to adopt resolutions to be sent to Texas senators and congressmen at large and the representative from this district in the state legislature expressing the sentiment of the mass meeting in congress against the repeal amendment or the weakening of the state or national prohibition laws.

The resolution commended Hon. Thomas L. Blanton, congressman from this district on his recent vote in congress against the repeal proposal and expressed appreciation of his stand in congress against the liquor traffic.

It was also voted that the committee offering these resolutions should formulate plans for the organization of Brown county forces for prohibition, to be reported for action at an early date.

Attacks Beer Move

"If we need a rank poison we need beer," Dr. Hunt said in his address, discussing the efforts now being made in congress for the legalization of the manufacture and sale of beer.

The eighteenth amendment was adopted like other amendments to the constitution. Dr. Hunt declared, with the exception that it was adopted by the most overwhelming majority ever given any amendment. He related incidents of saloon days to show the evils that existed under the legalized liquor traffic. He was frequently applauded during his address.

Introducing Dr. Hunt, Dr. Thomas H. Taylor, president of Howard Payne College, had declared that various resolutions were the two greatest enemies of the people and that if they prevailed the history of our civilization and progress would be turned back four hundred years.

Rev. I. K. Floyd, pastor of Auburn Avenue Presbyterian church, presided at the rally, which was opened with a song service led by Rev. C. T. Aly, pastor of the Belle Plain Baptist church. Miss Elva Scott sang "Lord, Thou Art Our Shepherd," with piano accompaniment by Mrs. Edna Savage Saunders.

Committee Appointed

Before the address of the afternoon Chairman the asked for suggestions as to organization and Dr. A. E. Prince moved a committee on resolutions be appointed to report at the conclusion of the address. The audience having voted in favor of this motion, the chairman announced the following committee: Frank H. Sweet, chairman; Urban Schulze (Bangs), Thos. H. Taylor, J. H. Montgomery, D. K. Doyle and C. B. Guyer (Bangs).

Judge Sweet made a verbal report for the committee, outlining resolutions as already stated. On motion of R. R. Holloway the resolutions were adopted and the committee instructed to formulate county organization plans to be presented to a later meeting.

Twelve local ministers, mostly pastors of Brownwood churches, were on the rostrum during Dr. Hunt's address. A large number of Bangs citizens attended the meeting. Dr. Hunt spoke to a large crowd at Bangs Sunday morning.

NOW, MR. KING!

LOS ANGELES, Calif.—James L. King, detective of Southgate, drove into Los Angeles on business car. He parked it carefully, left it to do his business, and returned to find it gone. He rushed to city hall and gasped that his police car was stolen. Sirens shrieked as radio cruisers got on the job. And then King, remembering he was a detective, decided to snoop himself. He retraced the scene of the crime and there, in all its newness, was the car, apparently untouched. King is still wondering whether he was dreaming.

GETS 50 YEAR TERM

SAN ANTONIO, Texas, Jan. 7.—(AP)—A jury in District Judge W. W. McCrory's court today assessed a term of fifty years in the state penitentiary against Eugene Banskup for his part in the shotgun slaying of Deputy Sheriff George L. Zangold last September.

Reopening of Bank Is Now in Prospect

Reopening of the Citizens National Bank during the coming week was in prospect today as the directors of the institution, with the advice of representatives of the United States Banking department, perfected a plan under which the bank will be able to resume business on a basis of permanency. This plan is outlined in a statement to depositors by the directors of the bank, appearing elsewhere in The Bulletin today, and is as follows:

All depositors in the bank will be asked to sign agreements to restrict withdrawals of accounts upon a basis which will enable the institution to make an orderly liquidation of its assets, so as to avoid the tremendous losses incident to forced liquidation under receivership and at the same time to protect the interests of depositors in the bank.

Condition Thoroughly Solvent

"Since we reopened the bank a year ago," President F. S. Abney said today, "we have paid our depositors half a million dollars in cash, under the restricted withdrawal agreements made last December and early in January. At the same time we have realized to the fullest extent the economic condition of the people of this section, and have pursued a policy of leniency toward borrowers whose notes we hold, and have collected approximately \$100,000 from our notes against withdrawal schedule, and words, that we have lived up to the letter of our agreement with the people when the bank was reopened last January 12th, and that the people have treated us fairly so far as economic conditions would permit.

"Our bank is thoroughly solvent, with abundant assets to cover all liabilities, and more; and all we need is a little more time in which to make the necessary readjustments incident to economic conditions. We feel sure our depositors will be willing to help us by agreeing to a restricted withdrawal schedule, and that we will be able within a few days to resume business on a safe and sound basis which will guarantee the permanency of the bank as a Brownwood institution."

No Additional Capital Required

No additional capital will be required, according to the directors, in the reopening of the bank, and no reorganization will be necessary. The bank, according to the directors, has ample cash for all operating requirements, provided there is protection against withdrawal of deposits at a rate in advance of the collection of notes.

"We are trying to protect the interests of our depositors, which is our first duty, but for the welfare of the community we are also trying to protect the interests of our stockholders whose notes we hold, and we would like, if possible, to protect the interests of our stockholders who made it possible for this bank to resume business last January," the directors stated today. "By resuming business on a basis of permanency, every depositor will have full assurance of the recovery of every dollar in the bank, while under normal conditions the recovery of deposits by receivership action is at the rate of only a few cents on the dollar. But our customers will also be protected against harsh collection methods which almost invariably are employed under receivership—methods which would place untold hardships upon hundreds of business concerns and individuals whose notes we hold."

Hopes for Co-operation

"For these reasons, we are confident our depositors will give us their cordial co-operation, and we are urging them to do so at once. The Banking Department is expecting us to complete the signing of withdrawal agreements by next Monday, and if it can be accomplished by that time the bank will be reopened for business during the coming week."

County Teachers To Meet at Cross Cut Friday Night

The next meeting of the Brown County Teachers Association will be held at Cross Cut next Friday night, January 13. The program has been announced as follows: General Assembly; Song by the audience; Invocation, Rev. Mr. Mauldin. Address of welcome, Supt. W. T. Hughes of Cross Cut Consolidated Schools.

Response, Supt. W. B. Jones of Blanket, president of the association. Brief program of entertainment by pupils of the Cross Cut school. Sectional meetings: A—Superintendents; B—high school teachers, Chairman, Supt. Arla E. Hallford of Groevener schools.

C—Primary and grade teachers, Chairman, Miss Morris, of Zephyr schools. D—Athletic coaches, Chairman, Weldon Chambers of the May schools. Brief business meeting. Adjournment. Refreshments by Cross Cut P. T. A.

HAS NINE GRANDPARENTS

HEARNE, Texas, Jan. 11.—(AP)—Winfred Maurice, infant son of Mr. and Mrs. Donald McLeary of the city, born December 29, has nine grandparents. Maternal grandparents are Mr. and Mrs. Luther A. Self, of Hearne; Mr. and Mrs. J. A. Pettie, Sr., of Fort Sullivan, great grandfather and great grandmother. Paternal grandparents are Mr. and Mrs. W. W. McLeary, of Hearne, Mr. and Mrs. E. H. Melson of Franklin, great grandfather and great grandmother, and Mrs. Jane McLeary of Hearne, great grandmother.

There are said to be more than 900 languages in use on the continent of Asia.

WICHITA FALLS, Jan. 10.—City officials here refused to delay a hearing on telephone rates and have requested that executives of the Southwestern Bell Telephone company appear before them on the night of January 18 to explain why business and residential service charges should not be reduced. Rates in other cities are cited by the city in asking for a reduction. Service in those cities is inferior to that given in Wichita Falls telephone company officials replied.

HOLLAND WILL SPEAK

HOUSTON, Texas, Jan. 10.—Col. Frank Paul Holland of Dallas, noted Texas livestock authority, will be the principal speaker at a meeting of South Texas cattle raisers here on January 31st. It has been announced by President J. W. Sartwell of the Fat Stock Show. Colonel Holland is editor of Farm & Ranch and is president of the Texas Feeders-Breeders Association. The meeting will be sponsored by the Chamber of Commerce, co-operating with the Fat Stock Show Association. Cattlemen throughout the South Texas area have been invited to attend.

REVERSED DECISIONS

LONDON.—It was agreed between Ernie Hockaday and Phil Durlay, two boxers, and Miss Tilly Lambert, that Hockaday and Durlay should fight a six-round bout with Miss Lambert's hand in marriage as the prize. Hockaday won the decision but the girl disagreed with the judges and said she intended to "walk out" with Durlay. She became engaged to Durlay, but again the decision was reversed, for the engagement was cancelled recently.

MORE ACCIDENT DATA

WASHINGTON, D. C., Jan. 9.—The Aeronautics Bureau of the U. S. Department of Commerce has issued a new bulletin regarding air traffic accidents during the first six months of 1932. It shows that an average of 39,814 miles were flown for each accident during this period. Miles flown per fatal accident were 357,752.

WOMAN SLAYER OF POLICEMAN GETS CLEMENCY

COLUMBIA, S. C., Jan. 10.—(AP)—Governor Blackwood of South Carolina today commuted to life imprisonment the death sentence of Mrs. Beatrice Ferguson, an expectant mother, who was convicted of murder for the slaying of Elliott Harris, a rural policeman at York.

A determined campaign in behalf of Mrs. Ferguson has been carried on for several weeks by citizens of North Carolina who opposed the execution of a mother shortly after the birth of her child. Many petitions asking clemency have been received by the Governor, and while other delegations, including prominent citizens, have called on Governor Blackwood asking him to commute the unfortunate woman's death sentence to a life term in prison.

Mrs. Ferguson's plight has attracted national attention.

It was also noted that the committee offering these resolutions should formulate plans for the organization of Brown county forces for prohibition, to be reported for action at an early date.

Mrs. Byers Of Bangs Is Hurt In Auto Accident

Mrs. M. J. Byers, aged Bangs woman, was badly shaken up but not seriously injured, when the automobile in which she was riding collided with a car driven by G. P. Mitcham at the Austin avenue subway at 2:30 o'clock this afternoon. The car in which Mrs. Byers was riding was driven by Mrs. Irene Barnes, also of Bangs. Witnesses say Mrs. Barnes, who was driving toward town on Austin avenue, started to turn to the left into Brady avenue directly in front of the subway. Mitcham was driving through the subway away from town. Both cars were considerably damaged, but no one else was injured. Mrs. Byers was rushed to Central Texas Hospital in a McInnis Funeral Home ambulance. Reports

were that her injuries were serious. LANDS ON MARSH BERLIN - Sometimes when plane is in difficulty, it can be particularly about the landing. It chanced that a German inventor has invented a tread for amphibians which will be able landing in marsh land. It trends make it possible for the plane to pull out of soft muddy ground. They do not, however, move off enough to allow the plane to take off again. They must be removed for takeoffs.

Mrs. Byers Of Bangs Is Hurt In Auto Accident

Mrs. M. J. Byers, aged Bangs woman, was badly shaken up but not seriously injured, when the automobile in which she was riding collided with a car driven by G. P. Mitcham at the Austin avenue subway at 2:30 o'clock this afternoon. The car in which Mrs. Byers was riding was driven by Mrs. Irene Barnes, also of Bangs. Witnesses say Mrs. Barnes, who was driving toward town on Austin avenue, started to turn to the left into Brady avenue directly in front of the subway. Mitcham was driving through the subway away from town. Both cars were considerably damaged, but no one else was injured. Mrs. Byers was rushed to Central Texas Hospital in a McInnis Funeral Home ambulance. Reports

were that her injuries were serious. LANDS ON MARSH BERLIN — Sometimes when plane is in difficulty, it can't be particularly about the landing. It is changed. Consequently, a German plane has invented a tread for amphibians which will be able landing in marsh land. It trends make it possible for the plane to pull out of soft muddy ground. Renewing the Old Fight.

TEXAS prohibitionists, realizing the necessity for immediate and concerted action in protection of the constitutional amendment and enforcement legislation which makes this a dry state, are reorganizing their forces and strengthening their defenses for a showdown battle expected to begin when the Legislature convenes in regular session.

The plan of the anti-prohibitionists is to provide for local option control of the liquor business in Texas, with provisions against the return of the saloon. Opposing this plan, the dries will contend for the continuance of absolute prohibition under the present state constitution.

The prohibitionists, however, are not to stop there. They are taking up again the campaign for personal beetotalism such as was waged during the twenty year period before prohibition was enacted, and by every means available will attempt to induce the people to practice prohibition as well as to vote for it.

The prohibition battle began in Texas back in the eighties, and has been waged intermittently since that time. Now the forty-year old fight is to be renewed more vigorously than ever, and all the bitterness of the old local option campaigning may be injected into it.

Fairness to the Railroads.

IN A LETTER published on this page two or three days ago, Mr. Tom W. Posey made some pertinent statements relative to the economic position of the railroads serving this community, and pleaded for the wholehearted support of the roads by all the business interests of Brownwood.

Technocratic Farm Relief.

THE FARM RELIEF plan now before Congress is another of the series of legislative proposals for setting aside the law of supply and demand in order to give agricultural stability on a high price level and without regard to the volume of production.

Wheat, cotton, hogs and tobacco are the four major crops to be stabilized under the provisions of the pending proposal for farm relief. The government will determine the quantity of each of these staple products which should be produced each season in order to meet the market demand, and allotment limits will be provided for each farmer to indicate the proportionate production of each crop he should undertake to raise.

Under this plan the "processors" will be taxed only upon the wheat, cotton, hogs and tobacco consumed in the United States, and such of these products as are exported will be sold on a basis of world markets.

The government would assume responsibility for fixing the "parity" price of these four major crops, and in the hands of a new Washington bureau there would be placed authority for fixing the variable tax necessary to equalize the price paid for them.

Better feeding methods and better management has lessened the losses from disease in poultry, raised the standard of quality, and lowered the unit cost of production.

OUT OUR WAY

1932 AGRICULTURAL AIMS AND ACHIEVEMENTS IN COUNTY ARE SET FORTH IN ANNUAL REPORT

The annual report of County Agent O. P. Griffin to the extension department of A. & M. College gives some interesting facts regarding the agricultural activities in Brown county in 1932.

The work of his department centered around three objectives, the county agent states, these being: Economical production, to prepare to do without money so far as living was concerned and to market cash crops for the best price possible.

Better feeding methods and better management has lessened the losses from disease in poultry, raised the standard of quality, and lowered the unit cost of production.

By cooperation in marketing producers have saved themselves \$20,000 in selling of turkeys and grain.

Dairy cooperators have demonstrated that good dairy cows, good pastures, and correct feeding methods still yield an income in spite of unheard of low prices for dairy products.

Beef cattle fed on the farm where the feed is raised have paid the highest price for grain of any market except for poultry.

Throughout the year Brown County Council of Agriculture has paid the local salary appropriation for support of county agent work.

Conditions were such that it appeared advisable to enter the work under three objectives: economical production, prepare to do without money so far as a living was concerned and to market cash crops for the best price possible.

Farmers of the county were very fortunate in having an organization already going to assist in carrying out this program. Supplementing this was the local newspaper which rendered invaluable assistance in every part of the work.

Field Crops Field crop demonstration work in Brown county was carried on with cotton, wheat, oats, milo, hegar, cane, potatoes and truck crops.

Cotton There was little or no complaint about short staple cotton in Brown county. Weather conditions were more favorable this year, but the improved condition in the county staple is largely due to nearly all farmers planting better seed.

Milo and Hegari The acreage of milo and hegar was comparatively high all over the county this year. Two demonstrations reported a yield of milo over two tons of heads per acre. There were six milo demonstrations which averaged 3,970 pounds of heads per acre, on 1-2 acres, 15 cooperators

mentioned under turkeys, local cooperatives marketed 5,245 bushels of barley for \$850, 16,566 bushels of wheat for \$5,886.63, and 101,080 bushels of oats for \$14,471.71.

CITRUS GROWERS OF RIO GRANDE VALLEY PLAN FOR INSTITUTE

EDINBURG, Tex., Jan. 12. (AP)—Citrus growers of the Lower Rio Grande Valley will attend the second annual Valley Citrus Institute, to be held at Edinburg College, on January 17, 18 and 19.

A partial list of the citrus authorities who will attend includes Prof. Robert W. Hodgson, citrusiculturist of the University of California, who is nationally recognized as an authority on the culture of citrus fruit.

Turkeys This has been the best turkey year of the past eight years. The birds remained healthy, feed was plentiful and the range was good.

Beef Cattle Reports from the three demonstrations under way at the end of last year show 40 calves with a final weight of 31,568 pounds and a value of \$1,736.

Dairy There were 62 cows in dairy demonstrations producing 508,065 pounds of milk and 26,462 pounds of butter fat.

COTTON BEING MOVED FROM COMPRESSES AT CHICKASHA, OKLAHOMA

CHICKASHA, Okla., Jan. 12. (AP)—Order received by cotton compresses of Chickasha to ship by December 31, thousands of bales of cotton to Texas or other points have caused cotton men of the city to fear that Chickasha is to lose the title of being one of the most important concentration points for cotton in the southwest.

The order for shipment of cotton from storage in Chickasha followed the decision handed down by Judge C. C. Chastain that all cotton held in storage here on January 1, is subject to ad valorem taxation.

Cotton men claim that other states including Arkansas, Texas and Tennessee and, in fact, other concentration points in Oklahoma do not levy an ad valorem tax on cotton held in storage on January 1st of each year.
