Cooke County College begins major expansion project

by Elaine Schad

The Cooke County College Board of Trustees this week approved final architectural drawings for a new library, technology center and for major renovation to the existing library.

The college will begin the bidding process by the end of this week, with bids scheduled to be opened Oct. 19. The board will hold a special noon meeting on Oct. 16 to award the bids.

CCC's first major expansion project since the college was established in the early 1960s is a result of a \$1.2 million bond approved by voters in May. The project includes construction of a new 13,000-square-foot library

building at an estimated cost of \$850,000. Conversion of the existing library building to house at least seven new general purpose classrooms at an estimated cost of \$240,000. Additionally, the college plans construction of a new 8,500-square-foot vocational training and continuing education center at an estimated cost of \$475,000.

The new facilities are needed for a burgeoning enrollment, which has increased by more than 50 percent the last three years and has exhausted available classroom space, said CCC President Dr. Luther Bud Joyner. The board heard this week that CCC set another all-time record enrollment

for the fall semester. Enrollment on all campuses is 3,174 students, an increase from 3,070 students in the fall of 1988.

In another matter, the board set a \$25 per person fee per four-month period for use of the newly-remodeled fitness room when it opens to the public in coming weeks. The fee will pay for supervision of the facility.

The board also hired Marilyn Christiansen as an instructor of vocational nursing and Timothy Owens to work as a liaison between the college and Gainesville State School for the education of residents at GSS while they are in Gainesville and then as they return to their hometown environments.

PUTTING THE FINISHING TOUCHES on the new roof of the Knights of Columbus Hall are employees of JAW Construction Co., 1 to r, Dan Bezner, Jesse Walterscheid and Bruce Bezner. The seams on the 24-gauge steel roofing fit together like a ziplock bag with no exposed screws. The roof, at a cost of \$10,000, sports a baked-on enamel finish with a 20-year rust-through guarantee.

Dave Fette Photo

October events are next for Muenster Centennial activities

Attractions and events of the Muenster Centennial year reflect creative planning, enthusiasm and execution of projects by all involved in carrying through to completion of the memorable time.

A fun-filled weekend in Dallas is the next Centennial activity to be offered to local citizens.

On Saturday, Oct. 14, main focus of attention will be on the meeting of, and attendance at the German Day Ball of, the Lord Mayor of Muenster, Westfalen, Germany and Mayor Ted Henscheid of the City of Muenster, Texas, and their

spouses. The ball will be in the Grand Kempinski Hotel of Dallas.

Muenster citizens are invited to attend the event at which this community will be spotlighted in celebration of its 100 years.

Tickets for the ball are available through Alvin Fuhrman at Muenster Telephone Corporation.

The following day, Sunday, Oct. 15, Muenster citizens are urged to visit the State Fair of Texas where this community will be honored at "Muenster Day at the Fair."

A special booth will be set up in the huge entertainment tent for

Muenster's use. Muenster products for sampling and brochures will be offered to interested Fair-goers.

There will be great German-style entertainment at the Fair, promising a great way to spend an October Sunday.

Locally, the Centennial quilt is now on display at the Old Theatre Mall. Tickets are available from all the merchants in the Mall. First ticket buyers were Lenny and Christel Vogel. Drawing for the prized quilt will take place in December of this year.

Hornets go to the air to secure 20-8 victory over S&S Rams

The Muenster Hornets defeated the Sadler-Southmayd Rams 20-8 Friday night to notch their second win of the year, bringing their record to 2-0. The Rams dropped to 1-1. Another good home crowd watched as both teams corralled themselves with penalties early, then witnessed as the Hornets exploded for 14 first half points.

"S&S did a good job of bottling up our running game," said Coach Bill Jump. "They moved around a lot up front, so it took us a while to adjust." The Hornets drove their first possession deep into Ram territory only to be thwarted by a 15-yard holding penalty. James Hennigan, the Hornets' leading rusher, was limited to 60 yards on 20 carries. Mike Vogel added 48 yards on some tough running up the middle. "They really geared up to stop our wide game," said Jump, "but Mike, Marshall Smith and Scot Vogel did a good job of moving the football between the tackles."

With the running game struggling, the Hornets decided to go to the air. "We have a lot of confidence in Jerry's (Brawner) ability," replied Jump, "and we have a bunch of guys that can catch the football, as witnessed by the fact that we had six guys catch passes in the game."

The aerial show opened in the second quarter as Brawner launched a 54-yard bomb to Marshall Smith for the Hornets' first TD. Brawner toed the extra point to make it 7-0. Following the Hornet kickoff, the Rams were allowed only 3 plays and were forced to

punt. The Hornets regained possession with just over 3 minutes remaining in the half. The "Big Red" offense proceeded to march 66 yards in just 6 plays to up the mark to 14-0, the final play coming on a 16-yard strike from Brawner to Terry Felderhoff.

The second half opened with much of the same. Both teams played well defensively and neither was able to score.

The Hornets reached the end zone again in the fourth period, as Scot Vogel powered over from the 1. Vogel's plunge capped a 36-yard drive set up by a Ram turnover.

The only Ram score came on a 52-yard ramble on the last play of the game. The play came against Hornet subs. "Our guys really wanted a shut-out," said Jump, "but, with a 20-point lead and seconds to go, we did not want to

risk getting any of our starters hurt."

"Again, our defense dominated the game," Jump added. The Hornet stoppers limited the Rams to only 60 yards passing and 77 yards on the ground. Middle linebacker Scot Vogel, again, led the "Big D" with 12 stops. Cornerbacks Marshall Smith and Yancy Culp had great games with several key stops and an interception apiece.

Others singled out by Jump for fine defensive games were linebacker Troy Pagel with 9 tackles and a sack, Donnie Boydston with 7 tackles, and defensive tackle Jeff Hellman with 6 stops.

"We proved this week that we are not a one-dimensional team," said Jump. "Our bunch will do it with the run, the pass, good

Please See HORNETS, Page 2

JAMES HENNIGAN (22) turns the corner to outrun a Ram. We can't identify the Hornet blocker on the ground who probably made that little bit of difference for the ball carrier. Dennis Shoup Photo

Fundraiser planned for Finnell

Friends of State Rep. Charles Finnell, of the 80th House District, announced plans recently for the Finnell Fish Fry to be held Thursday evening, Oct. 19, honoring the veteran legislator and wife Kay. The fundraising event, in support of the 1990 re-election of Rep. Finnell to the Texas House of Representatives, is set for 6:30 p.m. at the Holliday School Cafeteria, and is open to the public according to Don Talley, Treasurer of Committee for Responsible Representation. The buffet-style meal and brief address by a statewide-elected official are scheduled in addition to musical entertainment with the rural flavor of the nine-county district. Tickets at \$15 per person are available from the Committee at Box 639, Holliday, Texas 76366, or by calling (817) 586-1131, according to Talley.

Muenster ISD complies with AHERA on asbestos ruling

The Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519), signed by President Reagan in October 1986, required the EPA to develop regulations for addressing the asbestos problems in private and public schools. A year later, EPA published the Asbestos-Containing Materials in Schools Rule which stipulates that all public and private elementary and secondary schools inspect for friable and non-friable asbestos, develop asbestos management plans that address

asbestos hazards in school buildings, and implement response actions in a timely fashion.

Inspection of the Muenster ISD school buildings was conducted by qualified personnel from the Region IX Education Service Center in Wichita Falls. Results revealed that no danger to any student or school employee exists at this time. Six classrooms in the high school building and 5th-6th grade wing have 9"x9" floor tiles containing 1-3 percent chrysotile, non-friable asbestos. Muenster ISD is fortunate because the potential for asbestos fiber release and exposure is at a minimum. The inspectors have advised the school administration that these floor tiles pose no immediate danger to the health of students or staff. The tiles have been sealed and coated twice with EPA-

approved wax. This process will be repeated every six months to comply with EPA regulations.

Charles Coffey, Muenster ISD's superintendent, stresses that Muenster ISD will comply with all present or future requirements of our state or federal regulatory agencies and will keep parents and students informed of actions taken to meet these requirements.

Qualified personnel will reinspect every three years to determine the condition of the floor tiles. At some time in the future, carpet may be placed over these tiles, or they may be removed by certified asbestos contractors.

Muenster ISD's Asbestos Management Plan is available for inspection by the public in the Administration Building during regular business hours.

VV buses vandalised, \$300 reward offered

by Elaine Schad

The Valley View School District is offering a \$300 reward for the arrest and conviction of those responsible for the vandalism last week of six of the district's eight school buses.

Six windshields and three side windows were broken, possibly with a hammer or something similar, said Justice of the Peace

Royce Martin. Estimated damage was \$1,600. All the buses were housed in the district's bus barn at the time, said Principal Benny West.

Any information received will be confidential. Contact the Cooke County Sheriff's Department at 665-3471, Martin at 726-3539 or West at 726-3522.

Good News!

The salvation of the just is from the Lord; he is their refuge in time of distress. PSALM 37:39

Letters to the Editor

Dear Editor:

The Muenster Jaycees have been given an ultimatum, either repair the F-84-F Thunderstreak jet plane which has been a major attraction in the Muenster Park since 1971 or let the Air Force reclaim it.

To bring it up to Air Force standards will cost approximately \$4500.00, and, after it is refurbished, it will not be an object on which children can play.

The plane was repainted last year, but the Air Force wants it people-proofed. The Muenster Jaycees are appealing to the people of Muenster to find out if the plane has enough meaning to residents to spend the money for repairs or if people would just as soon let the plane go back to the Air Force.

Comment boxes will be placed in the local stores, so please take a few minutes to let the Jaycees know what you, as citizens, think should be done.

Neal Flusche,
President,
Muenster Jaycees

Dear Editor:

On behalf of the children and adults served by the Red River Chapter of the Muscular Dystrophy Association, I would like to thank the citizens of North Texas and Southern Oklahoma for a job well done.

\$129,802 - a record! These funds were raised during the 1989 Jerry Lewis Labor Day Telethon seen on KXII TV-12.

We would like to thank the area media, event sponsors, our valuable volunteers and Pledge Center Coordinators who came together to defeat 40 muscle - destroying diseases.

A special "THANK YOU" to KXII TV-12 in both Sherman and Ardmore for making 1989 a record-breaking year.

Over 3,000 volunteers made the 1989 Labor Day Telethon the most successful Telethon in the Texoma area.

To everyone that participated, watched the show and pledged their money during the show ... "THANK YOU, TEXOMA!"

Sincerely,
Jimmie Jones
District Director

P.S. We urge everyone to honor their pledge. Your help is the hope of MDA patients everywhere.

Watson joins real estate staff

MARGARET WATSON

Mrs. Margaret Watson has joined the staff of North Texas Sales Group, as a real estate marketing associate for Cooke, Montague, Denton and Wise counties. Mrs. Watson completed the required courses at Cooke County College and has worked in real estate for one year, specializing in residential, farm, ranch and commercial property listings.

She is married to George Watson and they reside north of Callisburg where they own and operate a beef cattle and quarterhorse ranch. The Watsons have three daughters and four grandchildren.

Don Flusche is the managing real estate broker of the North Texas Sales Group with offices in

Muenster. Mrs. Joann Hess, office manager, invites everyone to come in to meet Mrs. Watson and get acquainted with their method of advertising real estate on a national level. Mrs. Watson said, "We need more listings to fill the orders for prospective buyers."

Sept. 23-30 is Rural Health Week

To recognize the Texas Rural Health Association and its efforts to ensure continued availability of health care services, the Texas Senate in August passed a resolution designating the week of Sept. 23-30 as "Texas Rural Health Week."

"The causes of the present crisis in our rural health care delivery system are complex and not easily resolved; with the leadership of organizations like the TRHA and the combined efforts of all Texans, we will continue to seek positive and effective solutions to the critical situation," Sen. Carlos Truan said in the resolution he sponsored.

The Texas Rural Health Association was formed in 1985 to advocate the improved availability and accessibility of health care services to Texas' rural areas. It will hold its fifth annual conference Sept. 27-30 in Corpus Christi.

With the theme, "Rural Health Care - Towards the Year 2000," the conference will bring together health care professionals, administrators, educators, policymakers and other community leaders to discuss problems common to many communities and identify potential solutions. The conference will combine sessions of general interest with smaller, interactive workshops that will explore more specific topics related to rural health care.

"There are no simple solutions to the problems in our state's rural health care delivery system," Jim Shannon, president of the TRHA, said. "However, the Legislature creating the Center for Rural Health Initiatives assures that we can look forward to some real improvements." Shannon's role as TRHA president is one facet of his public relations position at Brazos Electric Cooperative, headquartered in Waco.

"Our goal at Brazos Electric is not only to provide dependable, economical electricity, but also to enhance the quality of life for residents in our service area," said Richard E. McCaskill, Brazos Electric's executive vice president and general manager. "The Texas rural health care delivery system is now in very poor condition, and we feel it needs all the help we can give."

Currently, 52 Texas counties have no hospitals and 14 counties are without physicians. The number of Texas rural residents affected by the health care crisis exceeds the total populations of

Alaska, Delaware, Nevada, Vermont and Wyoming combined.

A.G. Edwards, Inc. announces stock dividends, increases cash dividends

The Board of Directors of A.G. Edwards, Inc. has declared a 10 percent stock dividend on the common shares of the firm.

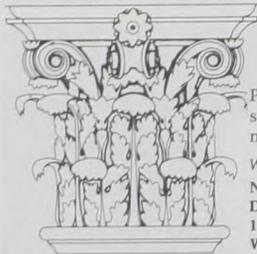

At the same time, the Board declared a quarterly cash dividend of 17 cents per share, to be paid on the old as well as the new shares.

Since the firm has been on a regular quarterly rate of 17 cents per share, this represents an increase of 10 percent in the cash dividend.

Both the stock and the cash dividends will be paid on Oct. 2, 1989 to stockholders of record Sept. 8, 1989.

A.G. Edwards, Inc. is a holding company whose primary subsidiary is the St. Louis-based brokerage firm of A.G. Edwards & Sons, Inc.

The common stock of the holding company is listed on the New York Stock Exchange (AGE).

defense, kicking game, or whatever it takes."

Jump commended the offensive line, consisting of Hellman, K. Vogel, Bierschenk, Hudsph, Colwell, McDaniel, and Black for providing the protection needed for Brawner to complete 8 out of 10 passes for 144 yards. He also singled out Marshall Smith who caught 3 passes for 86 yards. "Marshall played great on both sides of the ball." Senior center Michael Bierschenk was also heralded by Coach Jump. "He had a great night against an outstanding noseguard," reported Jump. "That matchup was a key

Continued from Page 1

factor in our offensive success, and Michael did not allow their noseguard to be a factor," replied the coach.

This week, the Hornets open up their road show as they travel to Nocona for a 7:30 p.m. contest against the Indians. "Nocona has good size and they are hungry for a win," said the Hornet mentor. "We are determined for them not to be fed this week." Follow the Hornets as they will attempt to pick up victory number 3! Remember, support the Hornets in Indian Territory Friday night at 7:30 p.m.!!

STATE CAPITAL
HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN-Capitol politics focused mainly on election campaigns last week, with several startling revelations coming to surface, including:

- A key lawmaker will quit the Legislature, considered the first casualty of successive media reports about lobbyist contributions to lawmakers.
- Texas Rangers pitcher Nolan Ryan has Texas Farm Bureau support if he'll try to strike out Agriculture Commissioner Jim Hightower.
- Two Democrats running for lieutenant governor competed for headlines with different ethics reform proposals.
- Attorney General Jim Mattox named a campaign spy he said was placed by the opposition's campaign, and called for State Treasurer Ann Richards to apologize. She didn't.

Schlueter to Exit
One of Speaker Gib Lewis' top lieutenants, Killen state Rep. Stan Schlueter, said he will not seek re-election and concentrate instead on family and business.

Schlueter, a seven-term veteran, chairs the powerful Calendars Committee and was considered a top contender to be speaker some day.

Recent news reports revealed he has taken large contributions from lobbyists and regularly spent

\$9,000 monthly from his political fund, partly to lease an Austin residence.

Schlueter cited real estate and investment setbacks due to the recession. He recently bought a \$272,000 home in Austin's exclusive Estates of Barton Creek.

He is considered a Capitol Hill insider's insider. Capitol watchers predict he very well could play a role next session as a successful lobbyist.

Ethics Reform Plans
Two candidates for lieutenant governor, state Sen. Chet Edwards and Comptroller Bob Bullock, released ethics reform plans last week.

Edwards, who developed the issue last spring, wants Gov. Bill Clements to call a special session on ethics reform before the Nov. 7 election and he proposed outlawing lobby-paid vacations for lawmakers. The governor is in Africa until Sept. 25.

Bullock, who is shrewd enough to sense when an issue becomes valid, unveiled his detailed plan, which includes cross-auditing political bank accounts with tax returns, comparing lobbyist spending reports with actual spending records and punishing offenders with fines, expulsion and criminal penalties.

Pitch to A Pitcher
Ryan, who owns a cattle ranch near Alvin, said he will wait until after the baseball season ends to decide whether he'll attempt to unseat Hightower.

The Farm Bureau, largest agriculture group in the state, has vowed to oust an incumbent they regard as too liberal with either a Democrat or Republican candidate.

Ryan declined to say which party he'd choose, but most experts agree Hightower is unbeatable so far in the Democratic primary. The news also signals that the Farm Bureau has apparently given up the idea of recruiting Walt Garrison, a former Dallas

Cowboy fullback and bullrider.

Campaign Spying
Attorney General Jim Mattox, who has yet to announce for the governor's race, accused Richards' campaign of sending a "spy" into his headquarters for information.

Her campaign denied the charge, implied Mattox was a political low-life for insinuating it, and refused to apologize.

Mattox named a Mexican national, Evaristo Hernandez, as the Richards' volunteer who entered his headquarters three times claiming to be a Mattox supporter.

Mattox campaigners recognized Hernandez working a Richards campaign booth at the Mexican-American Democrats convention. Mattox said Hernandez admitted working for Richards for six weeks.

Candidate List Grows
Railroad Commissioner John Sharp officially entered the race for Comptroller, saying he favors funneling illegal drug tax revenues back to local law enforcement.

His Republican opponent, Houston businessman Tommy Fatjo, immediately blasted Sharp for serving as Texas campaign manager for presidential candidate Michael Dukakis of Massachusetts. Meanwhile, two Republicans in the governor's race disagreed on how to prevent a state income tax.

Kent Hance seeks a constitutional ban; Clayton Williams seeks to use veto power. While Hance painted Williams as soft, insiders know a constitutional amendment, requiring two-thirds majority in each house, is probably out of reach at this time.

Kay Bailey Hutchinson, a Dallas lawyer-businesswoman, became the first Republican to announce for state treasurer. Her goal is to restore the state's AAA bond rating, and she rapped Democrats for leading state government into deficit spending. Her campaign co-chairs are Roger Staubach and Anne Armstrong.

NOTICE OF VOTE ON TAX RATE

The City of Muenster conducted a public hearing on a proposal to increase your property taxes by .0799% increase over the effective tax rate of .39507 percent on Sept. 18, 1989 at 7:30 p.m. in the City Hall.

The Muenster City Council is scheduled to vote on the tax rate at a public meeting to be held on Sept. 25, 1989 at 7:30 p.m. at City Hall.

THE HOME of Denise and Dwayne Pagel has been honored with the "Yard of the Month" award for September by the Muenster Garden Club. The committee in charge cited in particular the well-tended lawn and beautifully blooming late summer and early fall flowers in a front flower bed. Receiving most credit for the award was the attractive and suitable landscaping around the pool area in the backyard overlooking the lake. A sign has been put in place in the front yard of the home, indicating the award. **Dave Fette Photo**

Cut the fat — Be Heart Smart!

by Evelyn Yeatts,
County Extension Agent
"Cut the Fat and Cholesterol for Life." That's the message from the American Heart Association in presenting "Food Festival," a statewide nutrition education event held last week, Sept. 10-16.

The goal is to improve public awareness of the relationship between high cholesterol, high-saturated fat diets, and cardiovascular disease.

The County Extension Office will be offering in-depth information on Heart Healthy Living in a mailout series currently being offered. The free mailout series will include information on:

- Low cholesterol meals
- Saturated fat-polyunsaturated fat, what is the difference?
- Reading food labels
- Avoiding too much sodium
- Adding fiber to the diet
- Soluble or insoluble fiber
- Recipes for heart healthy eating

To receive the mailout series, call the County Extension office at 668-5412.

Cholesterol is a soft, fat-like substance found among the fats in the bloodstream. Your body gets cholesterol in two ways - from your liver and from the foods you eat. The cholesterol we get directly from foods, however, is the type we can control.

Dietary cholesterol is found in foods from animals such as red meat, whole milk dairy products,

seafood, chicken, turkey and cornish hen.

Two types of fat also play an important role in determining your cholesterol level: saturated fat which raises the level of cholesterol in the blood, and unsaturated fat which can reduce blood cholesterol.

Saturated fats are found in animal products such as beef, veal, lamb, pork and ham; in butter, cream and whole milk; and in cheeses made from cream and whole milk. Saturated fats are also found in many solid vegetable shortenings, in coconut oil, cocoa butter, palm oil and palm kernel oil.

There are two types of unsaturated fats - polyunsaturated

and monounsaturated. Oils from vegetable products such as safflower and sunflower seeds, corn, soybeans and cottonseeds are polyunsaturated. Monounsaturated fats are found in olive, canola and peanut oils and certain plants such as avocados.

So to make it simple, just remember that cholesterol and saturated fat are hardest on your heart and that monounsaturated and polyunsaturated are the easiest.

A low-fat, low-cholesterol diet will help keep your heart healthy. You can learn more about how to select, prepare and serve great-tasting, healthful foods by enrolling in the mailout series in the County Extension Office.

Muenster 4-H Club plans upcoming events and projects

reported by Jordon Bayer
Muenster 4-H held their first meeting Tuesday, Sept. 12, at 7 p.m. at Sacred Heart School. Twenty-three new members enrolled along with all old members. Everyone was welcomed into the club.

The club recited the Pledge to the Flag, the 4-H Motto, the 4-H Pledge and Prayer led by their presidents, senior president Werner Becker and junior president Michael Becker.

All upcoming events were discussed including: **Planning for the 4-H Achievement Banquet**, set for Oct. 2; a **4-H Parent/Leader Rally** on Monday evening, Sept. 18 at Cooke County Electric Co-op in Muenster at 7 p.m. (the purpose of this rally is to give parents and leaders a better understanding of 4-H's "learning by doing" project work and to explain how parents can get involved); the opening meeting of the **1989-90 4-H County Council**; the **4-H Poster Contest** honoring National 4-H Week, also in honor of National 4-H Week the 4-H County Council is sponsoring a **4-H Carnival** on Saturday, Oct. 7, from 9 a.m. to 1 p.m. on the parking lot of the North Texas Bank and Trust on Hwy. 82 in front of Walmart.

Dairy and Livestock Judging - this activity began Sept. 11. Check

with Extension Office by Sept. 15, 1989 for Dairy or Livestock Judging.

Rural Youth Day - the State Fair of Texas, Saturday, Sept. 30. Free passes are available in the Extension Office.

4-H Shooting Sports Leader-Coach Training Workshop - Oct. 27-29 at the Texas Lion's Camp at Kerrville. This workshop is designed especially for those leaders who want to learn how to manage a shooting sports project.

1990 Houston Livestock Show Calf Scramble - 4-H calf scramble dates Feb. 18-25. Contact the Extension Office by Sept. 13.

Fort Worth, Houston, San Antonio Livestock Shows - contact the Extension Office for a list of dates and entry information.

Muenster 4-H Family Day - Oct. 15, 1989, at 12:30. Each family is to bring two covered dishes for lunch. Pins and certificates will be passed out. Games will follow.

Muenster 4-H Fundraiser - starting Oct. 9 and ending at the November meeting, we will raffie a small TV. Prizes will be awarded to the top and second place seller of tickets.

Sign-up sheets were out for refreshment committee, foods project and Senior Share-the-Fun. Recreation was led by Sheryllyn

Sicking. Refreshments were furnished by Paul and Donna Bayer. The meeting was adjourned.

For more information about 4-H, contact club managers Evelyn and Jerry Sicking at 759-4388 or Becky Felderhoff at 759-4884, or the County Extension Office at 668-5412.

Muenster has a friend in Dallas's Teddy Trept

(Special to The Enterprise)
Muenster could have no better benefactor and friend than Teddy Trept of Dallas. Teddy is the chairman of the German Day Council of Dallas.

As chairman, Teddy has spearheaded the recognition of Muenster at the German Day celebrations this year at the Grand Kempinski Hotel and at the State Fair. Teddy, who recently celebrated his 82nd birthday, made numerous trips to Muenster to coordinate the event, meeting with the Chamber of Commerce, Centennial Committee and Mayor Henschel. Teddy also made, and paid out of his own pocket for, numerous telephone calls to Germany to arrange for Dr. Jörg Twenhoven, the mayor of

Münster, Westfalen, Muenster's namesake, to visit Muenster and attend the German Day Ball.

Earlier in the year, he was instrumental in bringing the Dallas Frohsinn Singing Society to perform at the opening ceremony of the 1989 Germanfest. This busload, along with a busload from the German-American Club of Arlington, gave us good representation from Dallas for our 1989 Germanfest.

A great way for us to show our appreciation to the German community of Dallas, especially Teddy Trept, is to have a good group of people from Muenster at the German Day Ball. Make arrangements now to attend the Ball at the Grand Kempinski on Oct. 14 and Muenster Day at the Fair on Oct. 15. While you are at the Ball or at the State Fair, go up to Teddy Trept and tell him "thank you" for the recognition Muenster is receiving.

For more information on German Day, call the Chamber of Commerce office at 759-2227 or Alvin Furman at 736-2251 for additional information.

Lindsay demands improved service

by Elaine Schad
The Lindsay City Council will inform the Houston company which has the city's cable franchise that they may seek legal action if service is not improved within six weeks.

The council, at its regular September meeting, discussed the many complaints the city is receiving because of alleged poor service, said Mayor Don Metzler. "We're very unhappy with the cable franchise," he said. "We may seek legal action if that's what it will take."

Wilkes-Gore Associates Cable Television Company of Houston services about 125 homes in Lindsay. Residents have complained of the channels constantly going off

and on, as does the pay-for-view channels, said Metzler. The weather channel has never worked, he said. "We've got citizens calling their 800-number almost daily," he said. "We're hoping we'll get their attention. I don't think it would take much to fix."

In another matter, the council passed an ordinance abandoning a section of Third Street from Willow to Pecan, and will issue quit claim deeds to the effect within a couple of weeks. The two-block-wide strip has been a source of controversy in recent months, with adjacent property owners disagreeing as to the ownership of some of the area. Metzler said any citizen concerned about the ordinance may contact him.

The council heard a report from Tim Morris Engineering on the paving project. The city will proceed to put the project out for bids and hope to review them within the next few weeks. Depending on the weather, the paving may be postponed until the spring, Metzler said, but at least the city will have some actual cost figures to work with in the meantime.

T. Boone Pickens to be guest speaker at lunch

T. Boone Pickens will be the guest speaker at a luncheon at the Wichita Club on Sept. 28, according to Ralph Knighton, club manager. Pickens will be speaking in the main dining room of the club, located on the fifth floor of the Oil and Gas Building. The meeting is open to Wichita Club members and their guests.

The event will be the first in a series of special luncheons to be held in a cooperative effort between the Wichita Club and the

North Texas Oil & Gas Association (NTOGA).

Pickens is a widely recognized Texas entrepreneur. Upon graduation from Oklahoma State University, Pickens went to work for a major oil company. While there, he encountered the slowness and inefficiency of a large corporate bureaucracy. That experience began to shape his business philosophy and practices.

Tom Haywood, executive vice president of NTOGA, said, "Mr. Pickens' views are controversial, especially in regard to exploration strategies. However, his entrepreneurial successes are so great, I know people will want to hear his views."

Pickens began Petroleum Exploration, Inc. in 1956 with \$2,500. He now commands an empire worth \$2.5 billion. His controversial ideas set in motion events that are helping to bring about the restructuring of corporate America.

Daring and innovative thinking is now the Pickens' trademark.

MR. and MRS. BEN FLEITMAN
... on their wedding day, Aug. 22, 1939 ...

Lacy honored on 6th

LACY ENDRES

Lacy Endres, daughter of Phil and Marlene Endres, turned six on Sept. 3. She was honored with two parties.

After school on Sept. 1, a surprise Barbie doll cake was waiting for Lacy and her friends when she arrived home from school. The children enjoyed playing games and watching Lacy open her gifts. Cake, ice cream and refreshments were served to guests.

Among those attending were classmates and friends, Holly Hartman, Kimberly Klement, Mattie Sicking, Luke Endres, Jennifer Hoedebeck, Elizabeth Fette, and Ashley Hess; and relatives, Ricky, Kelly and Sandy Endres; Sharlene, Shannon and Dainah Hartman; Judy Pagel; and Lisa Russell.

On Sept. 3, Lacy helped her mom make and decorate her birthday cake with pink and red roses. The cake was served to visitors along with ice cream and other refreshments. Pictures and home movies were made of the special occasion.

Helping Lacy celebrate were her grandparents, Ed and Clara Endres and Maurice Pagel; aunts and cousins, Sharlene Hartman and Shannon and Dainah; Glenda Russell and Lisa and Amanda; and Judy Pagel.

Ben Fleitmans celebrate anniversary

Ben Fleitman and Josephine Hellinger were married 50 years ago in St. Mary's Church of Gainesville on Aug. 22, 1939. Their golden wedding anniversary was celebrated on Sunday, Aug. 27, at a reception hosted by their children in Sacred Heart Community Center meeting room. More than 100 friends and

relatives attended. Children and their families attending were Richard and Mary Helling; Christine Fleitman; Helen and Lloyd Prescher and Brett, Bart, Dianne, Debbie, Dana and Brian; Ann Marie Skinner and son Lee; Gus and Paula Fleitman and Randy, Jan, Melinda, Kerry and Kristen; Pauline and

Jimmy Prescher and Jay, Jeremy, Joey and Julie; Ben Jr. and Carol Fleitman and son Matthew; Betty Gilpin and daughters Tammy and Brandy; Kenny and Susan Fleitman and sons Russell and Phillip; and Charles and Beverly Fleitman.

Granddaughters Dianne Prescher and Jan Fleitman presided at the guest book.

The anniversary cake was baked and cut by Natalie Hess. Punch

was served by daughters and daughters-in-law.

Mr. and Mrs. Ben Fleitman Sr. still live on their farm south of town. He has retired from farming and from work at Community Lumber Company.

Guests at the anniversary party came from Gainesville, Valley View, Denton, Pilot Point, Nocona, Oklahoma City, Okla. and Wagner, Oklahoma.

New Arrivals

Fleitman

Carol and Ben Fleitman Jr. announce the arrival of their son, Mark Joseph, on Sept. 18. He was born on Friday, Aug. 11, 1989 and weighed 9 lb. 9/4 oz. and was 22 inches in length. Mark joins a brother, Matthew, age 4 1/2. Grandparents are Mr. and Mrs. Diamond Fuhrmann of Lindsay and Mr. and Mrs. Ben Fleitman Sr. of Muenster. Mrs. Pauline Block and H.S. Fuhrmann, both of Lindsay, are great-grandparents.

Richey

Tiffany Richey, age 4, is happy to announce the birth of a baby brother, Colby Ray. He was born to Todd and Brenda Richey on Friday, Sept. 15, 1989, at 7:27 a.m. in Denton AMI Regional Medical Center. He weighed 7 lb. 5 oz. and was 20 inches in length. Grandparents are Red and Carol Henschel and Wendell and Rita Richey of Muenster. Colby and Tiffany's great-grandparents are Dora Henschel, T. Miller and Mimi Cain, all of Muenster, and Herman and Irene Richey of Gainesville.

Wilde

Shirley and Gregg Wilde are excited about the arrival of their first daughter, Kaitlin Nicole. She was born in Gainesville Memorial Hospital on Saturday, Sept. 16, 1989 at 1:10 a.m. and weighed 7 lb. 11 oz. and was 20 inches long. She joins two brothers, Jeffrey, 9, and Matthew, 6. Grandparents are Ray and Marcy Wilde and Evelyn Monday, all of Muenster. Their great-grandparents are Sadie O'Connor of Muenster and Mr. and Mrs. A.B. Monday of Crab Orchard, Tenn.

Felderhoff

Floyd and Marceline Felderhoff announce the birth of a son, Justin Walter Felderhoff, on Sept. 17, 1989 at 1:14 p.m., weighing 7 lb. 15 1/2 oz. and measuring 20 1/2 inches in length. In Midland Memorial Hospital. Grandparents are Celine and Walter Bartel and Betty and Henry Felderhoff, all of Muenster. The great-grandmother is Mrs. Margaret Truembach, also of Muenster. Floyd and Marceline live at 5007 San Antonio, Midland, TX 79707. She is the former Marceline Bartel.

Felderhoff

Garry and Stephanie Felderhoff of Gainesville are parents of twin girls. The babies were born Sept. 19, 1989 at Wilson N. Jones Hospital in Sherman. Jaci Lynn was born at 1:30 p.m. and weighed 6 lb. 5 oz. Laci Marie was born at 1:31 p.m. and weighed 5 lb. 15 oz. The babies were transferred to Dallas Methodist Hospital on Wednesday, Sept. 20. The twins have a sister, Mandy Jo, age 3. Grandparents are Wendell and Rita Richey of Muenster and Leo and Rosina Felderhoff of Gainesville. Great-grandparents are Herman and Irene Richey and Mrs. Richard Cain of Muenster.

Directory to be printed

Sacred Heart Church is arranging to participate in the publication of a pictorial church directory. Parishioners are urged to participate to make available a wonderful record of all members.

Each participating family will receive an 8x10 color family portrait at no cost plus a complimentary directory.

Sign-up times for appointments will be after Masses this Saturday and Sunday.

Photographing days will be during the weekends of Oct. 28 and Nov. 4.

Catholic Daughters of America will be in charge of record-keeping

and sign-ups. For further information, please call Dorothy Fisher 759-2751 or Lucille Lutkenhaus 759-2962.

This announcement was also included in last Sunday's bulletin at Sacred Heart Church, in which Father Victor Gillespie said, in part, "Many people have told me that we need a new Parish Directory, and I agree. But this will take a lot of work by some people and the cooperation of all of you. The Catholic Daughters of the Americas have kindly agreed to assist the project, and I am grateful to them."

Bindel reunion held

The descendants of the late Peter and Mary Bindel had a reunion at the pavilion in the Muenster City Park Sunday, Sept. 17, for noon lunch. Some 160 family members gathered with their covered dishes.

Cities represented were Goldthwaite, Windthorst, Gainesville, Pilot Point, Henrietta, Grapevine, Lewisville, The Colony, Wichita Falls, Argyle, Archer City, Bedford, Whitesboro, Myra.

The little children enjoyed the

park, swings, slide, etc. some played volleyball, tennis. Others played cards and visited.

The last reunion was in 1985 and the one before was 1981.

There were five children of Peter and Mary Bindel: Frank Bindel and Marie Fleitman Bindel; Hattie Grewing and John Grewing; Elizabeth Derichsweiler and Bill Derichsweiler; Helen Steinberger and Fred Steinberger; and Herman Bindel and Regina Bindel Moore.

Bride-elect honored with bridal luncheon

Penni Hess, bride-elect of Floyd Haverkamp, was honored on her wedding day with a champagne bridal luncheon in the home of Mrs. Bill Hamer.

Following a toast to the bride, lunch was served from a beautifully appointed table covered with a white linen eyelet cloth centered with a ceramic cherub epergne, filled with ivy and blue cornflowers, standing beneath were ceramic dolls dressed in wedding attire.

Attending were the bridesmaids Laura Hess, Mindy Klement, Vicki Fisher and Connie Klement.

Special guests were the bride's mother, Monica Hess; her maternal and paternal grandmothers, Marie Herr and Caroline Hess.

The hostess gift was a Dutch oven in the bride's selected cookware pattern.

Penni and Floyd were married Saturday, Sept. 9, in Sacred Heart Church.

Twins feted on birthday

Brenda and Bob Thompson came from Fayetteville, North Carolina on Friday, Sept. 15, to celebrate Brenda's 40th birthday with her twin brother, Glenn Cler. A party was held on Sunday evening at the home of their mother, Armella Cler.

Family members brought a covered dish. Attending from Gainesville were Wayne and Debbie and daughters, Tamie and Amy, and son Tony came from Fort Ord, California on a two-week leave; Marcia and James and children, Cheryl and Jimmy; Charles and Alyce and children, Leslie and Elizabeth, all of Lindsay; Glenn and Glenda and daughters, Kim and Stacie; Tim Cler; Kevin and Barbara Jo and daughter, Shalane, of Roanoke.

Bob and Brenda left Monday morning from DFW Airport.

Brenda and Glenn's actual birthday is Sept. 11.

RICKY ENDRES

Ricky Endres scores the big 4

Ricky Endres celebrated his fourth birthday with a football theme birthday party. His cake was decorated like a football.

Guests enjoyed watching Ricky open his gifts and cards. Pictures and home movies were made of the occasion. Guests were served cake, ice cream and other refreshments.

Among those attending were Ricky's parents, Phil and Marlene Endres; his sisters, Lacy and Kelly; his brother, Troy; grandparents, Ed and Clara Endres; godparents, Stan and Janet Endres; aunts and cousins, Sharlene Hartman and Shannon; Glenda Russell and Lisa and Amanda; Rhonda Hartman and Holly and Courtney; Laurie Flusche and Katie; and Luke Endres.

WHAT SITS OUT BACK, RUNS SUMMER AND WINTER, AND SAVES YOU MONEY?

A heat pump. And there are three good reasons you should get one.

A HEAT PUMP COOLS, HEATS AND SAVES.

Replace your old air conditioner with a new electric heat pump. It's a high efficiency air conditioner in summer. While, in the winter, it's the most energy efficient heating system you can own. On even the coldest days, a heat pump system operates efficiently and will provide all the warmth you need.

A HEAT PUMP CAN SAVE \$130 A YEAR.

Compared to a gas furnace, a heat pump is more energy efficient. And TU Electric's low rates make heating and cooling your home with a heat pump an even better value. Tests have shown you can save \$130 or more a year by installing a heat pump.*

GET MORE INFORMATION.

You can find out more about the amazing heat pump, including details on rebates, from your local heat pump dealer.

TU ELECTRIC
A Commitment To Service

*Typical costs based on 1,658 sq. ft. home comparing 9.0 SEER heat pump to 9.0 SEER air conditioning unit with a gas furnace, using TU Electric rates. (\$0.085/kWh winter electric rate, \$0.065/kWh summer electric rate.)

"Rainbows" designed to help children deal with grief

A child is a miniature adult with the same feelings of grief and despair for a loss as an adult, but with less life experience to help them deal with their feelings of grief. Sacred Heart Parish is pleased to announce that it will sponsor a program, Rainbows For All God's Children, which is designed to help provide the emotional stability that a child needs to verbalize his or her own feelings and begin to deal with them.

The program is open to all area children, kindergarten through eighth grade, who are living in single-parent families, step-families, or families that are going through painful transitions. It consists of 12 sessions, divided into two six-week semesters. In addition, each six week semester is concluded with a wrap-up session that includes the parents and children. The first semester will be held this Fall and the second semester will be in the Spring.

During the weekly sessions the children are divided into groups of three to five according to age and each group will be facilitated by a sensitive, caring adult. The facilitators are trained and provided with the materials needed to help these children put their feelings into words, work through their grief, build a strong sense of self-esteem and begin to accept what has taken place in the family.

The weekly support groups will begin Tuesday, October 10 at 3:45 p.m. and will be held for six consecutive sessions. Each session will last approximately 45 minutes. The last session which involves the parent and child begins at 3:45 p.m. and lasts until 6:30 p.m. The parents will also be required to attend an orientation during the first week in October.

Adults who will be facilitators will attend a workshop on Saturday, September 30. Local coordinators for the Rainbows Program are Barbara Fuhrmann, Jeanne Greathouse and Emily

Klement. Both parent and child must register to participate and deadline for registration is October 2. Dates for the weekly sessions are October 10, 17, 24, 31 and November 7 and 14. For further information call 759-2511 or 759-4121 and ask for any of the coordinators. The application below can be completed and returned to the church office in the convent or mailed to Sacred Heart Church.

This Christian program will help children share their feelings through workbook activities, sharing and discussions. "I think many children in our community could benefit from this program. If they are helped to go through the grieving process now, they will be happier and healthier as teenagers and adults," comments Barbara Fuhrmann, director of religious education in Sacred Heart Parish.

Everything will be completely confidential. The children are required to sign an agreement that they will not discuss what they hear outside of the discussion groups.

Annual meeting attracts 1,000 homemakers

by Evelyn Yeatts, County Extension Agent-H.E. Nearly 1,000 members of the Texas Extension Homemakers Association took part in the group's annual educational conference in Corpus Christi, Sept. 12, 13 and 14. Local leaders attending the conference were: Imogene Zimmerman, Liberty Belles Club; T.E.H.A. Chairman Mary Wambaugh, Callisburg Club; and Adeline Sicking, Muenster Extension Homemakers Club.

The conference was under the leadership of Threasa Leatherman of Weatherford, president of the statewide homemakers organization. The professional conference was held at the Corpus Christi Bayfront Convention Center. Leatherman said the association offers members a means to continue education through a variety of subject matter, provides opportunities for training and experience in personal development and

leadership, and affords group organization training to enhance and promote action in analyzing community affairs and public problems. Workshops were conducted in citizenship, health and safety, membership and leadership, family life, natural resource use and cultural arts. State recommendation will be carried out in these areas locally under the direction of the Cooke County Delegates - Zimmerman,

Wambaugh and Sicking. Nueces County Judge Robert Barnes addressed the group at the opening general session. Officers of the Extension Homemakers Association besides the president are Pat Bandelman of Dale, vice-president; Mary Abrahamson, Palacios, secretary; and Betty Billington, Grandview, treasurer.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1989

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$600 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$150 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$600 million of Texas water development bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, co-insurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing, or fabricating."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

would enable the legislature to provide, by general or special law, that members of a hospital district board may serve terms not to exceed four years. Currently, hospital district board members' terms are two years.

The proposed amendment will appear on the ballot as follows: "Authorizing the members of a hospital district governing board to serve four-year terms."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 40 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip mental health and mental retardation institutions, youth corrections institutions, and state law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the terms "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment

providing a bill of rights for crime victims."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize local governments to invest their funds as provided by law."

PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

Estos son los informes explicativos sobre las modificaciones propuestas a la constitución que aparecerán en la boleta el día 7 de noviembre de 1989. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1-800-252-8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

MRS. DAVID HERMES
... nee Melissa Knapp ...

Vows exchanged

Melissa Knapp, daughter of Kenneth and Pat Knapp of Amarillo, and David Hermes, son of Richard and Edna Hermes of Lindsay, were married on Sept. 2 in a Nuptial Mass and double-ring ceremony in Blessed Sacrament Catholic Church of Amarillo at 2 p.m. The groom is also a grandson of Joe Hoenig of Muenster and the late Susie Hoenig.

The bride is a 1988 graduate of Tascosa High School in Amarillo and attended Cooke County College.

The groom is a 1976 graduate of Lindsay High School and is a self-employed building contractor.

Rev. Richard Vaughn was celebrant of the Mass and officiated for the ceremony. The altar was decorated with lighted candles, a pair of pink and white floral arrangements at the sides, and a large floral centerpiece. The unity candle was placed on a pedestal, and decorated with pink and white flowers and ribbons.

The bride was presented at the altar by her father. She was wearing a nostalgic, elegant white wedding gown of tulle over taffeta with a high lace collar embroidered with pearls, a sheer yoke, a gathered tulle drape over the shoulders, and long fitted lace sleeves. An overskirt of gathered tulle formed a puffed effect. The skirt swept into a short train.

Her fingertip veil was attached to a brief hat embroidered with pearls, and her bridal bouquet was a cascade of pink and white flowers.

Jimmy Arendt of Aubrey, a friend of the groom, was best man. Duane Neu of Denton, a friend, and Kenny Hermes of Sanger, a cousin of the groom, were groomsmen.

Dwayne Hermes of Dallas, groom's cousin, and Leroy Hermes of San Angelo, groom's brother, were ushers.

A nephew of the bride, Jeremy Lang, was the Mass server.

Participating in the wedding liturgy were Ronnie Hermes, groom's brother, who gave the Readings, and Shirley Krueger and Beverly Fisher who presented Offertory gifts at the altar.

Wedding music included a song composed by Kevin Knapp, "Promises," and "Here We Are," a duet sang by Kathy Steven and Kevin Knapp and the "Our Father." Chris Parra was organist, presenting traditional wedding marches.

RECEPTION

The bride's parents hosted the reception following the wedding in the Church Parish Hall.

Tracy Ward presided at the bride's book, registering 100 guests.

The bride's table was covered with a white lace cloth over deep pink. It held two, two-layered cakes with a fountain in the middle, below a connecting staircase, with miniatures of the bridal couple and their wedding party.

Reception assistants were Cynnamen Fansher, Missy Owen and Kim Payne.

A special table held the bridal portrait and a floral arrangement.

A party followed the reception at Big Texan Inn.

The rehearsal dinner was held at Big Texan Restaurant in Amarillo. A sack party was held on Aug. 19 at the home of the groom's parents, honoring the couple.

MRS. GARY AUGUST HESS
... nee Margo Marie Mitchell ...

Couple united in double ring ceremony Sept. 16

Margo Marie Mitchell of Gainesville became the bride of Gary August Hess of Lindsay on Saturday, Sept. 16, in a 5 p.m. Nuptial Mass in St. Peter's Catholic Church of Lindsay. The double-ring ceremony was officiated by Father Denis Soerries, OSB, pastor.

Parents of the couple are Grady and Jean Mitchell of Gainesville, and Paul J. and Sissy Hess of Lindsay.

The couple exchanged vows before the main altar which was decorated with carnations, gladioli, greenery, white bows and lighted candles.

Given in marriage by her father, the bride was wearing a formal wedding gown of white satin designed by Mori-Lee, with lace sleeves, fitted to the wrists and puffed at the shoulders. Pearl embroidery created highlights in the full skirt and aisle-wide sweeping train.

Her illusion veil was attached to a wreath of flowers.

ATTENDANTS

Tony Quick of Oregon, a friend of the bride, attended as maid of honor. Bridesmaids were Sherry Hess of Lindsay, groom's sister; Tonya Mitchell of Gainesville, bride's sister; Jeannie Hellinger of Lewisville, a friend of the bride. They wore matching tea-length New Royal blue satin dresses.

Doug Schmitz, a friend of the groom, stood for him as best man.

Groomsmen were Jeff Parsons of Moss Lake, Craig Hellinger of Lewisville, both friends of the groom, and Troy Huchton of Lindsay, cousin of the groom.

Ushers were Tracy Huchton, David Fleitman and Scott Fuhrmann, all of Lindsay, and Kevin Mitchell of Gainesville.

Mass servers were Tommy Huchton and Hank Huchton and Garrett Hellinger, all of Lindsay, and all cousins of the groom.

The organ was played before

and during Mass by Clara Hellinger and she provided her own accompaniment for vocal selections.

RECEPTION

A reception followed at the Lindsay Cafetorium. DeeJay was Jay Anderle for dance music.

Della Rose Voth baked, decorated and served the bride's cake. Dorothy Fisher of Muenster made the groom's cake.

Cake servers were Amy Fisher, Melissa Fisher and Loretta Reiter, all of Muenster, Gina Hess and Amanda Hellinger, both of Lindsay, and Jessica Berend of Windthorst.

Out-of-town guests included Margurite Van Mandet of Amarillo and Tonya Quick of Oregon. Others came from Windthorst, Gainesville, Lindsay and Muenster.

Following the wedding, the couple left for a wedding trip to Colorado. When they return, they will reside in Lindsay.

The bride is a 1989 graduate of Callisburg High School. The groom graduated from Lindsay School in 1984.

Adam celebrates sixth

ADAMBAYER

taking and a pinata filled with candy, which the children enjoyed breaking open, added to a fun afternoon.

Refreshments of a "Batman" birthday cake, ice cream, cupcakes and punch were served after opening of gifts.

"Batman" helium-filled balloons were given to each little guest as they went home.

Guests included Adam's kindergarten classmates: Shawn Hess, Nathan Hess, Daniel Rohmer, Crystal Hale, Grant Hartman, Ashley Klement, Kevin Hermes, Mitchell Endres and Christopher Luttmer, and cousins Eric Walterscheid; Michelle, Neil and Nicole Bayer, and their parents, Bill and Annette Bayer; and special guests, Adam's grandmothers, Louise Bayer and Sis Klement.

Adam Bayer celebrated being six years old on Sept. 16, 1989, with a party the next day, Sunday, in Muenster City Park, from 3 until 5 p.m., hosted by his parents, Tom and Joyce Bayer, and his sisters Rhonda, Cheryl and Jennifer.

Decorations were in his favorite "Batman" theme. Games, picture

MRS. RICHARD GLENN SCHOECH
...nee Beatrice "Tissey" Sandoval...

Kingsville is site of vows

Beatrice "Tissey" Sandoval and Richard Glenn Schoech, both of Kingsville, were married June 24 at St. Gertrude's Catholic Church of Kingsville.

Rev. Frowin Schoech of Subiaco, Ark., uncle of the bridegroom, officiated at the evening ceremony.

The bride is the daughter of Estella Villanueva and Ruben Sandoval, and the bridegroom is the son of Mr. and Mrs. M.A. Schoech, all of Kingsville. He is also the grandson of Mrs. Tillie Schoech of Muenster and the late Andy Schoech.

Given in marriage by her parents, the bride wore a white satin gown fashioned with a beaded bodice, sweetheart neckline and short puffed sleeves. The full skirt and cathedral-length train were accented and hemmed with satin bows and Venise lace.

Maid of honor was Melinda Cuevas of Sarita.

Bridesmaids were Melissa Dawson and Cindy Salinas, both of Kingsville, and Rosie Canto of Riviera.

Flower girl was Trisha Foster of Kingsville.

Best man was Buddy Windham of Kingsville.

Groomsmen were Melvin Schoech of Houston and Arnold Schoech of San Antonio, brothers of the bridegroom, and Curtis Compton of Kingsville.

Ring bearer was Bobby Sandoval of Kingsville, nephew of the bride.

Following a reception at the parish hall, the couple took a wed-

ding trip to Cancun, Mexico. They will reside in Kingsville where they are students at Texas A&I University. The bride is a sales representative for a local department store, and the bridegroom is employed with Dynallectron Corporation at the Kingsville Naval Air Station.

MHS frosh elect officers

On Tuesday, Sept. 12, the Muenster Public School freshmen class held their first class meeting in which they chose class officers and favorites.

The officers are: Kody Truebenbach, president; DaLana Walterscheid, vice-president; Joy Tisdale, secretary-treasurer; and Marlene Hess, reporter.

The class favorites are Lori Graham and Kody Truebenbach.

Homemakers meet Sept. 13

The Muenster Extension Homemakers met Wednesday, Sept. 13, in the home of Florence Williams with 18 members present. Guests were Beverly Norvell of Gainesville and Marie Ford and Ann Kirk of the Ross-Point E.H. Club.

The meeting was called to order by President Dorothy Fisher. The club prayer and the Pledge of Allegiance were recited. The inspiration, "Building the Bridge," was read by Florence Williams. Lucille Lutkenhaus and Armella Lutkenhaus gave the council report.

For the lesson, Marie Ford and Ann Kirk assisted Lucille Lutkenhaus and Armella Lutkenhaus in teaching members the craft of Chicken Scratch.

Members participated in an informative flag quiz.

Coming events are the Arts and Crafts Sell-O-Rama on Nov. 10-11 and the Cultural Arts Exhibit. The next meeting will be held Oct. 11 at the home of Lucille Lutkenhaus.

The hostess served refreshments of chocolate torte and coffee.

Baptisms

Kieninger

Mason Luis Kieninger was baptized Sept. 2, 1989 at St. Mary's Catholic Church in Gainesville, Texas. Fr. Nicholas Fuhrmann baptized him after the 4 o'clock Mass on Saturday. Darrell Swirczynski, an uncle, and Mrs. Emily Howard, grandmother, were his baptismal sponsors.

Mason wore the baptismal gown and cap worn by his great-grandmother, Hildegard Swirczynski, 70 years ago. The gown was handmade and the cap hand-crocheted by his great-great-grandmother, the late Mrs. Frank Trubenbach. Also, he wore a gold chain and cross given to him by his grandmother, Emily Howard.

Attending the ceremony were his parents, Ludwig and Dea Kieninger; great-grandmother, Hildegard Swirczynski; Jill Kralicke, a great-aunt, and son, Travis, from Grapevine; Darrell and Sharon Swirczynski, uncle and aunt, also from Grapevine; Mr. and Mrs. O.L. Howard, grandmother and step-grandfather, of Alvarado, Texas.

Also attending were Fred and Deida Kieninger, uncle and aunt, along with their children, cousins Stacey and Tommy, from Lake Kiowa.

After the baptism, the group went to a local restaurant.

Rohmer

Amanda Marie Rohmer was welcomed into the Catholic Church when she received the Sacrament of Baptism Sunday, September 10 during a ceremony in Sacred Heart Church.

Father Victor Gillespie was the celebrant. Godparents were the baby's aunt and uncle, Alyce and Charlie Cler. Amanda wore a gown and blanket which were made by her great-grandma, Mrs. Clem Hofbauer, and worn by her mother, Laurie, and her grandmother, Mary Evelyn Hermes.

Following the ceremony cake and punch were served at the home of Amanda's parents, Bill and Laurie Rohmer. Later guests enjoyed supper and swimming at Denise and Dwayne Pagel's home.

In attendance were Amanda's brother Daniel; grandparents, William and Mary Evelyn Hermes and Tony and Marjorie Rohmer; and great-grandparents, Mrs. Clem Hofbauer of Muenster and Mr. and Mrs. Julius Hermes, Sr. of Lindsay.

Also aunts, uncles and cousins Alyce and Charlie Cler and Leslie and Elizabeth; Cheryl and Royce Martin and Jon and Carrie; Debbie Bradshaw and Byron; Denise and Dwayne Pagel; Pam and Kenneth Sidwell; Kim Rohmer and Nicole; Kenny and Cindy Rohmer and Jayna and Kaly; Terry and Lisa Rohmer; and Renee and Adam Schneiderjon.

Rite of Acceptance begun 9/10

On Sunday, Sept. 10, at the 10:30 a.m. Mass, four persons were accepted by Sacred Heart parish for preparation leading to the sacraments of initiation and full communion with the Catholic faith.

They were Janice Ashley and her sponsor, Monica McCoy; Eric Weems; Geri Williams and her sponsor, Janie Taylor; and Bill Bivin and his sponsor, Angelo Nasche.

They will continue with the Rite of Christian Initiation process every Sunday morning after dismissal at the 10:30 a.m. Mass. This follows an ancient tradition in which the catechumens were dismissed from Mass after the homily.

The RCIA is a year-long process leading to the sacraments of initiation at Easter and ends Pentecost Sunday.

News of the Sick

Mrs. Werner Becker Sr. (Rita) is a surgical patient at AMI Denton Regional Medical Center. She fell at her home on Wednesday afternoon, Sept. 13, breaking her left hip. Get-well cards will reach her addressed to Mrs. Rita Becker, Room 413, AMI, 4405 N. Interstate 35, Denton, TX 76201.

Ed Endres is a patient at Medical City. He had a successful surgery Tuesday, September 19 and is doing well. His address is Medical City, 7777 Forest Lane, Dallas, TX. 75244.

GRADUATES OF 1954 from Muenster High School and Sacred Heart High School are, 1 to r, front - Helen Jetzlesberger, Chris Hesse Cupit, Bernice Walterscheid Mollenkopf, LaQueta Cain McCullem, Edna Swirczynski Smith, Marilyn Miller Bayer, Hank Mages Dieter; middle - Clara Flusche Hermes, Carrie Ann Gehrig Walterscheid, Julia Wolf Klement, Alma Henscheid Herr, Earline Walterscheid Mages, Alice Koelzer Hermes, Frankie Owen Hermes, Bertha Neusch Knabe, Mary Nell Hellman Newman, Jo Ann Starke Snyder; back - Gene Walter, Ed Pick, Jerry Henscheid, Albert Zimmerer, Wilmer Walterscheid, James Mollenkopf and Willie Walterscheid.

Classes of '54 reunite

A combined reunion of the graduating class of 1954 from Sacred Heart and Muenster Public School was held on July 1. The event marked their 35th year since graduation.

The evening of festivities began at 5 p.m. with Holy Mass which was celebrated in Sacred Heart Church by Father Victor Gillespie. Offertory gifts were presented at the Altar by Clara Hermes and Willie Walterscheid.

The group moved to the Knights of Columbus Hall for an evening of reminiscing. It was decorated with red and white balloons and flowers. The colors were chosen because they are the colors of both schools.

Gene Walter gave the invocation before the meal which was catered by the Hermes Sisters. Willie Walterscheid was master of ceremonies, assisted by Mary Nell Newman. A welcome was given by Willie and Mary Nell led a prayer for the four class members who are deceased, Albert Knabe, Gilbert Knabe, Ernest Bayer and Delbert Walterscheid. Music for the evening was furnished by Danny Wolf.

Gifts were presented to winners in the following categories: Best Preserved, Jerry Henscheid and Chris Hesse, SHS; Gene Walter and Mary Nell Newman, MPS; Most Changed, Albert Zimmerer and Jo Ann Starke Snyder, SHS; Ed Pick and Earline Walterscheid Mages, MPS; Least Changed, Willie Walterscheid and Hank Mages Dieter, SHS; Gene Walter and Mary Nell Newman, MPS;

Grayest Hair, Albert Zimmerer and Anna Margaret Hacker Temple; Least Hair, Wilmer Walterscheid; Most children, Alma Henscheid Herr; Most grandchildren, Hank Mages Dieter; Youngest child, Bertha Neusch; Oldest child, Carrie Ann Gehrig Walterscheid; and Greatest Distance Traveled To Attend, Gene Walter who traveled 1800 miles.

The next class reunion is planned for 1994 to celebrate 40 years since graduation from high school.

Trojans add to Tigers woes, 27-0

Tiger Head Coach John Sims assembled his players on the field after the game last Friday in Windthorst. He told them he was gratified and pleased with the obvious improvement they had made in one week. The Windthorst-

Larry Switzer, made the first of several good punts under pressure. The punting game was one of the highlights for the Tigers. Switzer punted 7 times for a 29-yard average. Good hang time and pursuit by the Tigers kept the return

The 2nd quarter was mostly defense. The Trojans had fumble problems while the Tigers could not sustain a drive. Tiger seniors Randy Miller, David Rohmer and Tony Grewing were not allowing very much yardage. Finally,

The Tigers will welcome Cistercian Prep of Irving for their first home game this Friday. Sims commented that the Hawks lost eight seniors last year as Sacred Heart did, but they have a fine passer and he expects a tough game. The game starts at 7:30 p.m. on Tiger Field.

CHRIS HESS (11), takes the handoff from Tiger quarterback, Shawn Dangelmayr and runs to the right, following the blocking of Ryan Hess (30) against the Trojans. *Dave Fette Photo*

Cubs fall to Trojans

The Sacred Heart Junior High hosted Windthorst last Thursday on their season opening. Jason Hofbauer began the game, kicking to the Trojans. The visitors began their first drive on their own 40-yard line, moving the ball to the Cubs 23, when Michael Schribner circled around the left end for the first touchdown of the night. The extra point attempt failed and Windthorst led 6-0.

The Cubs began their first drive on their 35-yard line, runs by Chris Pagel, Neil Berres and Aaron Berres took the Cubs to the Trojan 47 when a few miscues forced a punt early in the second quarter.

Windthorst threatened to score on their second possession moving to the Cubs 10-yard line, when Jeremy Bayer recovered a fumble on the 14. Sacred Heart moved the ball to the 22, but turned possession back to the Trojans. One play later Weldon Bayer recovered a fumble and the Cubs were again in control. But good turned to bad when the Cubs were caught in the end zone for a safety - Windthorst led 8-0. The Trojans attempted to score once more but time ran out.

Sacred Heart took the opening second period kick-off. After picking up on first down, Hofbauer punted to the visitors. Windthorst started on their own 37-yard line, moving the ball downfield when, with 35 seconds remaining in the quarter, Schreiber circled the left end for 6 points. A pass from Chris Bachman to J.C. Langford gave the Trojans a 16-0 lead.

The ball zigzagged between the teams as time ran out.

Tiger fans! Wear red and white!

Sacred Heart Cheerleaders are requesting that Tiger fans wear red and white to the football game Saturday night (Sept. 23). The Tigers are playing Cistercian at 7:30 p.m. on the Tiger Field. Wearing red and white will show the Tigers they are supported by their fans.

Coach wins contest

Sacred Heart Football Coach John Sims scored highest in last week's Enterprise football prediction contest with 20 correct choices out of 25 possible. The 26th choice, Lakehill vs. Balch Springs, was a 14-14 tie and thus was thrown out.

Mickey Haverkamp of Muenster and Bonnie Stoffels of Gainesville also had 20 correct picks. Sims, however, was only 2 points away from the actual score of the tiebreaker game, Muenster 20, S&S 8. Sims predicted 21 to 7 to win the \$10. First prize. Haverkamp and Stoffels were both nine points away from the tiebreaker.

Prizes are available at the tiebreaker sponsor of the week, Neil's Kerr-McGee.

Close behind the winners were Carol Grewing, Alan Hudspeth, John Bartush and Duane Haverkamp with 19 correct choices.

jans had just beaten them 27-0, but they weren't humiliated as at Era in their season opener.

Sims commented again later that the defense showed real improvement. He singled out junior linebacker Shawn Dangelmayr for defense. Sophomore Chris Hess spent a lot of time in the Trojan backfield. Sims said, "Chris is aggressive anyway, we showed him a few tricks to get through their line and he uses them."

Tiger kicker Larry Switzer started the game, landing the ball on the Trojan 30. They returned quickly on big runs by Monte Schenk and Bradley Veitenheimer to the Tiger 30-yard line. There, a Trojan fumble was recovered by Sacred Heart's Chris Hess. The Tigers started from their own 29, but got nowhere. Number 88,

average down to just under 4 yards. Switzer was forced to run with the ball twice.

Windthorst runner J.T. Hoffman took the first down play 48 yards for a touchdown and then kicked the extra point.

The Tigers made it to their own 45 on the next series on 3- and 4-yard runs by junior Ryan Hess and a face mask penalty against Windthorst, but then were forced to punt. Windthorst started moving again, traded fumbles with SH before Chad Steinberger scored from 29 yards out on a crossback. Hoffman kicked again and the score was 14-0 with 2:27 left in the first quarter. Tiger fans got a bit more excited when Chris Hess took the ball around right end for 15 yards before a Ryan Hess fumble ended the drive.

Monte Schenk passed to end Kevin Magness for a 33-yard Trojan score just before the half. With 0:33 seconds on the clock, Hoffman kicked, making the score 21-0 as the half ended.

The third quarter seemed filled with Tiger defense again with good performances by Larry Switzer, Shawn Dangelmayr, Jason Endres and Darrell Mullins. Switzer stopped a Trojan drive on the Tiger 2-yard line when he recovered their fumble.

Early in the fourth period, Windthorst had a score called back for a clipping penalty but immediately made it again on a 16-yard pass from Schenk to senior John Lindemann. Hoffman's kick went wide and the score was 27-0 where it stayed. A series of Trojan penalties helped the Tigers move to the Windthorst 31 only to turn the ball over on downs. The Tigers stopped the Trojan second team, then drove the ball from their 29 to the Windthorst 21 where they bogged down. Time ran out with Windthorst in possession. The Trojans had 352 yards total offense against 62 for the Tigers.

Fans found out later that freshman Larry Switzer had been taken to Bethania Hospital in Wichita Falls. The possible neck injury turned out to be a pinched nerve. He was released shortly and returned to practice Wednesday. Darrell Mullins played his first game of the season after missing Era. Coach Sims expects valuable help from him at tackle.

Lindsay Knights whip Nocona Indians

The Lindsay Knights went to Nocona last Friday night and outplayed, outrushed and generally outplayed the Indians by a score of 19-0.

Lindsay received the kickoff but lost yardage and had to punt. The Indians then drove deep into Lindsay territory on runs by senior running back Marty Coffman and a 28-yard gain by senior Richard Beverage. Then, the Knights' defense stopped them. Lindsay junior David Parsons slapped down a Rocky Phipps pass. The defense, led by junior Chris Sanders and seniors Joel Metzler and Tracy Huchton, gave only 3 yards. Nocona chose to salvage the opportunity with a field goal, but it was blocked by sophomore Jesse Barnes.

The Knights took over on their own 25-yard line. Barnes and Parsons 7-yard runs went to the 39. Hermes passed to Lance Sandmann for 17 and Joel Metzler for 35 yards to put the Knights at the 10. A Nocona penalty and 3 yards by Parsons set up a Parsons touchdown run of 2 yards with 3:33 left in the first quarter. Tracy attempted the extra point kick but it was blocked by Beverage of Nocona.

There was no scoring for the rest of the half. It was a defensive battle. Scott Hermes recorded a 47-yard punt. Joel Metzler recovered an Indian fumble to stop a drive. Nocona got a Knight fumble and, in the last two minutes, Tracy Huchton sacked up the Indian quarterback on the

Knight 15-yard line.

In the third quarter, the opponents traded downs. More defensive help came from Knights Marty Neu, Chad Sandmann, Kenny Fleitman and Matt Zimmerer. Sophomore Fred Hughes handed Nocona a five-yard loss when he downed Phipps behind the line.

A 24-yard pass in the fourth quarter from Hermes to Sandmann set up the next Lindsay score. Several short-and-goal attempts finally resulted in a 1-yard TD by Parsons. The two-point try afterward failed.

Nocona tried to get going again but an 8-yard quarterback sack by Knight Chris Sanders messed it up after Phipps had already lost 12 yards to the Knight defense. Soon

after, Nocona defensive back Jerry DeBorde intercepted Hermes but the Indians didn't take advantage of the turnover. Beverage punted 33 yards from his own nine. Lindsay started at the Indian 42 and ran right through them with a sustained rushing attack resulting in Kevin Parsons' third touchdowns with 1:41 left in the game. Tracy Huchton made this kick and the score was Lindsay 19, Nocona 0.

David Parsons kicked off and Phipps went to the air again only to see Lindsay junior Marty Neu intercept it. The Knights took the ball and watched the clock run out on their first victory of 1989.

Lindsay's schedule pits them against Whitewright Friday at 8 p.m., there.

KEVIN PARSONS, (22) drives across the goal-line for one of his three scores against Nocona. Quarterback, Scott Hermes, (5) signals TD in the backfield.

Gene Hermes Photo

PATRICK CORCORAN, (86) tries hard to intercept for the Knights as Indian, Jerry DeBorde misses it.

Education stressed for hunting

Texas Parks and Wildlife Department officials said National Hunting and Fishing Day on Sept. 23 will be a good time for Texans to become more aware of the importance of hunter education.

Hunting and Fishing Day was established by Congressional resolution in 1971 to recognize the sportsman's vital role in conservation. NHF organizers say hunters and fishermen have contributed more than \$7 billion for conservation programs.

Steve Hall, hunter education coordinator for the Parks and Wildlife Department, said the state has approximately 2,400 hunter education instructors across the state to teach the 10-hour course. Persons born after Sept. 2, 1971 are required by state law to complete the courses before hunting in Texas. Hall said interested persons should contact a local game warden, TPWD field office, or call toll-free 1-800-792-1112 to locate a volunteer instructor in their area.

Baseball's "walk" record is held by Babe Ruth: 2056 walks.

Fina All-State honors scholastics, academics

Fina Oil and Chemical Company, the main operating subsidiary of American Petrofina, Incorporated, has announced the formation of the Fina All-State Scholar-Athlete Team. This program is open to all men and women participating in interscholastic varsity sports and will replace the Fina Academic All-State Football Team.

The team will consist of 12 Texas high school scholar-athletes. Each member will receive a \$3,000 college scholarship. Fina will honor the 12 members of the team, along with their parents and coaches, at a June awards banquet in Dallas.

A candidate must be a high school senior who has participated in varsity athletics at the interscholastic level, be in the top 10 percent of their class, and have a grade average of 90 or above. Although they must have received a varsity letter, athletic ability in itself is not the major determinant in the selection process. In addition to athletics and academic achievement, the candidate will be

judged on leadership and participation in worthwhile school and community activities.

"Broadening the field for this prestigious award will enable any high school senior, male or female, who excels in the classroom, is active in his or her community and school, and letters in a UIL varsity sport to compete with the best in the state for the honor of being named to the team," said Ron W. Haddock, president and CEO of American Petrofina, Incorporated. Haddock added, "Sports teach young people the value of commitment, dedication and excellence. It is therefore fitting that the program evolve to include all UIL athletics. We at Fina are proud to recognize their superlative achievements."

The Fina Academic All-State Football Team began in 1985 to accentuate the fact that the talent, dedication and enthusiasm of high school football players extended far beyond the playing field. In an atmosphere of negative publicity and education reforms to end athletic abuses, Fina made a commitment to recognize the young people who excel not only in football, but also in the classroom and the community, instead of giving all the attention to those few who have failed. The new Fina All-State Scholar-Athlete Program expands the program to provide eligibility to other scholars, male and female, who participate in other sports.

Application forms are being sent by Fina to all high schools in Texas. The deadline for entries is Dec. 8. Sixty-four finalists will be named in late January and the 12 team members will be announced in March.

American Petrofina, Incorporated is an AMEX-listed company engaged in crude oil and

natural gas exploration and production; natural gas marketing; petroleum products refining, marketing and transportation; and chemical manufacturing and marketing. Organized in 1956, it is a part of an international group of companies affiliated with Petrofina S.A., headquartered in Brussels, Belgium.

CONTEST RULES:

1. Only one entry per person per week. Persons entering must be 12 years old or older.
2. This page of schedules, results, predictions, pictures and the contest itself is supported by the advertisers appearing here. Each ad contains a scheduled high school, college or pro game for Friday, Saturday or Sunday of the week of publication. Read each ad and circle the winner. Entries on forms other than this newspaper page will not be accepted.
3. In order to determine the prize winners in case of ties, you must predict the score for the tie breaker game listed in the featured ad above.
4. Print your name, address and phone number clearly in the space provided.
5. Deliver the full contest entry to The Muenster Enterprise BEFORE 5 p.m. FRIDAY, the week of publication. Mailed entries will be accepted only if postmarked before Friday, 5 p.m. Address for mailing entries is P. O. Box 190, Muenster, Texas 76252.
6. The featured ad is picked at random each week. It contains the tie-breaker listing and is one of the winner/loser picks. Winner will pick up their prizes at that business each week on or after Tuesday of that week.
7. To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: The Unknown Biological Father of Baby Girl Fiore,
Respondent:
GREETINGS:
YOU ARE HEREBY COMMANDED to appear and answer before the Honorable 235th District Court, Cooke County, Texas, at the Courthouse of said County in Gainesville, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Harry DeVrieze and Denise DeVrieze, Petitioners, filed in said Court on the 16th day of August, 1989, against the Unknown Biological Father of Baby Girl Fiore, Respondent, and said suit being numbered 89-366 on the docket of said Court, and entitled "In The Interest of Baby Girl Fiore, A Child," the nature of which suit is a request to adopt said child.
Said child was born the 14th day of August, 1989, in Gainesville, Texas.
A hearing has been set on the 9th day of November, 1989, at 9 o'clock a.m. in the 235th District Court of Cooke County, Texas.
The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption.
The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.
ISSUED AND GIVEN under my hand and the seal of said Court at Gainesville, Texas, this 6th day of September, 1989.
Bobbie Calhoun, Clerk,
235th District Court
Cooke County, Texas
/s/ Joy Huddleston, Deputy

New bluebonnet colors now available

by Craig Rosenbaum,
County Extension Agent
Texas Agricultural Extension Service horticulturists in cooperation with seed producers, bedding plant growers and vegetable farmers have domesticated the bluebonnet wildflower into a new multi-million dollar bedding plant.

People often ask how did such a wonderful project begin and why hadn't it been done before. In 1982, a terminally ill entrepreneur and Texas naturalist named Carroll Abbott, known to some as "Mr. Texas Bluebonnet," implanted in the mind of Extension horticulturists a dream of planting the design of our state flag comprised entirely of the state flower to celebrate the 1986 Texas Sesquicentennial. This seemingly simple proposal and the achievements required to make it a reality have involved thousands of people, created a multi-million dollar agricultural industry, generated tremendous publicity for Texas A&M, and is still producing new products and wildflower knowledge with no apparent end in sight.

Since the beginning, development of unusual bluebonnet types has been the main driving force of this project. All of the other developments including rapidly germinating, chemically-scarified seed, bluebonnet transplants, commercial seed production and early-blooming plant types were all necessary ingredients needed to find and proliferate the colors required (blue, white and red) to plant the initial floral goal, a Texas state flag.

BLUE: The blue bluebonnet was, of course, already available. The only thing needed to be done with this color was to enhance seed germination and formulate a commercial production technique which would ensure a dependable seed supply.

WORTHINGTON BLUE: This is one of the most striking of all the bluebonnet colors. The color is best described as sky blue or the color of the sky on a clear day. This color strain was named for the Worthington Hotel in Fort Worth because of their continuing support for the bluebonnet development program. It makes a striking display whether planted alone or mixed with other colors.

WHITE: The white strain of bluebonnet was familiar to most local botanists yet still unknown to the majority of Texans. Photographers always treasure the opportunity to find a rare white bluebonnet nestled among the blues to enhance their artistic attempts. Consequently, many people knew where white populations existed.

ABBOTT PINK: The development of a pink bluebonnet was thought to be an impossible task. Even Carroll Abbott considered

location, purification and proliferation of the pink, and eventually red, bluebonnet a bit farfetched. This great plantsman had roamed the fields of Texas his entire life and had seen only three pink bluebonnet plants. Most of his native plant friends had never seen even one!

In searching for the pink strain, the same criterion used to successfully locate and purify the white bluebonnet strain was used. People were asked to collect only seed from pinks in large groups so that natural selection would have already bred some of the blue out of the pinks. However, the pinks were indeed so rare that only four locations throughout the entire state were reported. The "mother lode" of pinks was found within the city limits of San Antonio. Once a gene source was located, the pink and shades thereof were added to the bluebonnet color spectrum.

Because the pink strain of bluebonnet was so rare and so special, it has been named after the mentor of this project. The 'Abbott Pink' bluebonnet is now a reality. Its unique and subtle beauty will always serve as a reminder of Carroll Abbott's dedication and inspiration to all who love and appreciate nature's rarities.

OTHER COLOR STRAINS: Like Carroll Abbott himself, the pink bluebonnet is full of surprises. The 'Abbott Pink' strain is providing wonderful "bonus" color hues which none could have initially imagined. The purification of a pink bluebonnet strain will eventually lead to the creation of an entirely new color variant which will make the bluebonnet without a doubt the most revered state flower in history to a certain segment of the Texas population. Geneticists indicate that for every color in nature, there exist hues or shades of that color. For instance, within the pink bluebonnet there should exist a series of shades of darker pink and, eventually, red. Another spectrum of colors should exist when blue color shades are mixed with dark pink or red to create lavender or possibly even maroon. Now isn't there a group of Texans whose hearts and loyalties lie in College Station which might show a subtle interest in developing a maroon colored state flower? Sounds as if the Aggies may have done it again!

Let me emphasize that these additional colors of the state flower were not genetically created by man; these colors have existed for as long as bluebonnets have bloomed. The additional colors, which already existed in nature and have for hundreds of years, were simply isolated, purified and grown in large numbers. No plant breeding or genetic manipulation of bluebonnets has been done except by God. All of these colors

have been developed to enhance the Texas state flower. ALL of these colors, by law, are legally the state flower. Now, for the first time in history, color patterns of the state flower can be planted and enjoyed. And, since these colors are all naturally occurring selections, they complement each other perfectly, making design and color selection almost foolproof. There is nothing prettier than a mixed bed of pink, white and blue bluebonnets. Through working with Mother Nature, the Texas state flower can now be raised to new heights of beauty and enjoyment.

A few hasten to add: "If a bluebonnet flower is white, it shouldn't be called a bluebonnet, it's a whitebonnet." The state flower is the bluebonnet, written as one word. A color variant of that flower would be properly described with the name of that color, PLUS the name of the flower. Consequently, the terms white bluebonnet, pink bluebonnet, and maroon bluebonnet are correct.

Be advised that from all packets of seed or flats of transplants of bluebonnet color strains such as white, 'Abbott Pink' or 'Worthington Blue,' there will be some plants which will bloom with the standard blue color. The new color strains are not 100 percent pure and thus will occasionally exhibit the ancestral blue and possibly other hues as well. Also, be advised that in bluebonnet stands which have been allowed to naturally reseed the mixing of blues with pinks or whites will, in several years, result in reversion to the blue color due to cross-pollination and the subsequent masking of the less dominant color strain.

Now is a perfect time to purchase and plant bluebonnets. While local nurseries have good supplies of transplants and chemically-scarified seed in blue, white and 'Abbott Pink,' an ill-fated windstorm roared through the commercial planting of 'Worthington Blue,' greatly reducing seed availability. Thus, for 1989, the only way to purchase seed of this newest of the new bluebonnet color strains is to attend the "Fall Is For Planting" seminar scheduled for Saturday, Sept. 23, in the South Texas Room of the Will Rogers Memorial Center in Fort Worth. Sponsored by Region 5 of the Texas Association of Nurserymen, this free and very interesting program will feature presentations on the new bluebonnets, as well as on native plants, fall bulbs, tree selection and fall lawn care.

In addition to plant materials, your participating local nursery or garden center is offering free of charge the special Extension publication entitled "Texas Bluebonnets-Texas Pride" which tells all about proper cultural techniques, how to achieve winter-long color through interplanting and little known facts in the fascinating history of Texas bluebonnets.

For a super Christmas or birthday gift for your gardening friends or for anyone who loves bluebonnets, you can also purchase buttons or T-shirts featuring the newly-created and very beautiful bluebonnet logo commemorating this breakthrough in bluebonnet culture. Your friends will love you for it!

County Agent's Report

by Craig Rosenbaum

Wheat variety results
The recent rains have made conditions ideal for fall plantings of small grains. Each year, Dr. David Marshall, Plant Breeder with the Texas Agricultural Experiment Station at Dallas, conducts some

indepth demonstrations involving both hard and soft wheat varieties in the Blacklands. Yield data last year was varied due primarily to the susceptibility of some varieties to the late freeze conditions that existed in North Texas. Producers should take this into account and look at the other information presented in the following charts.

One of the problems showing up in Cooke County in recent years has been the incidence of Barley Yellow Dwarf Virus (BYDV). This is a viral disease transmitted by insects, primarily greenbugs, during the fall and winter. Varieties are fairly selective as to their susceptibility to this disease. Therefore, producers can

eliminate some of the problems through variety selection.

Leaf rust is probably the most devastating disease attacking wheat today. This disease has the ability to mutate and attack varieties at varying degrees of severity. Again, producers can eliminate some of the disease problems through varietal selection. The variety data listed below is primarily for comparison and information. Again, the yield results from this '88-89 trial should be interpreted in conjunction with the other problems associated with the varieties.

If you have questions about any of these results, please contact the County Extension Office.

Market Report

by Bill Hamer

The sale of 524 cattle and 18 hogs was reported last week by the Muenster Livestock Auction. Hogs were weak at \$1.00 to \$2.00 lower; cows were strong at \$.50 to \$1.00 higher; stocker calves were strong and active; feeders were \$1.00 to \$2.00 lower; and bulls were strong at \$.50 to \$1.00 higher.

HOGS

Good to Choice..... \$180-275 lbs.
..... \$38 to \$40
Good Butchers..... \$125-180 lbs.
..... \$30 to \$33

COWS

Good to Choice..... \$50 to \$56
Medium to Good..... \$46 to \$50
Canners to Cutters..... \$44 to \$48
Hard Kinds..... \$30 to \$40
Stocker Cows..... \$48 to \$65
Cow w/Calf at Side..... \$600 to \$800

STOCKER CALVES

Steer Calves..... \$90 to \$134
Steer Yearlings..... \$78 to \$85
Heifer Calves..... \$75 to \$105
Heifer Yearlings..... \$70 to \$82
Heifer..... 2 yrs. \$62 to \$72

BULLS

Good to Choice..... \$62 to \$66
Medium to Good..... \$59 to \$62

Crop insurance and federal disaster prog. update

by Craig Rosenbaum,
County Extension Agent

Monday, Sept. 25, several meetings will be held throughout the county to inform small grain producers of current information on Federal Crop Insurance. The final sign-up date for Wheat, Barley and Oats is Sept. 30, 1989 for the 1990 crop.

Ken Stokes, Economist with the Texas Agricultural Extension Service, will update producers on the criteria and rules regarding Federal Crop Insurance. Tim Gilbert, County ASCS Manager, will be at the meetings to update producers on the new Federal Disaster Program. This week, Tim has been at meetings to get facts and figures for this program.

The meetings will be held Monday, Sept. 25, at the following times and locations: 7:30 a.m., W.B. Hudspeth, Inc. at Era; 9 a.m., Cooke County Electric Co-op at Muenster; and 11 a.m., Cooke County Fairgrounds at Gainesville.

Country Tidings

by Ruth Smith

News of the Sick
Mr. and Mrs. Jack Berry are making daily visits to the hospital in Denton to visit their son, James, who is a patient there.

Friends visit
Mr. and Mrs. Will Payne and Troy of Arlington, accompanied by their friends Alford and two sons Carlos and Chat, and another friend, Bradley, spent the day Sunday visiting Mrs. Juanita Greanad, Mr. and Mrs. Ran Greanad and Matt.

Atterberrys visit local relatives
Mr. and Mrs. J.L. Atterberry of California arrived at DFW Tuesday. After spending the night in Dallas with relatives, they came to Forestburg to visit Joy's mother, Mrs. Oma Wakeman, and other relatives in the area.

Maberrys visit in Daingerfield
Mr. and Mrs. Marvin Maberry Sr. drove to Daingerfield Monday to visit their son, Marvin Jr., and granddaughter, Marla Bullard, and family. They returned home Wednesday.

Weekend with grandparents
Kenda Hutson of Saint Jo spent the weekend with her grandparents, Mr. and Mrs. Kenneth Hutson.

Personal
Miss Lois Bewley and Clyde were in Gainesville Friday.

Personal
Harold Brown of Era visited his mother, Evelyn Brown, Tuesday afternoon.

Personal
Donnie and Debbie Mask have moved into the old Jim Hall place in Leo.

Guests of Mrs. Berry
Mrs. Brenda Haverkamp of Gainesville had lunch with Mrs. Josephine Berry Sunday. Byron Berry of Denton visited Mrs. Berry Saturday. Then Sunday, Byron and son Colby visited Mrs. Berry.

Blankenships attend funeral
Mr. and Mrs. John C. Blankenship of Lindsey, Oklahoma spent Wednesday and Thursday visiting Mrs. Louise Shults. They all attended the funeral of Weldon Penton.

Visiting and entertaining
Mrs. Anna Lee Fortenberry and Mrs. Charlotte Fortenberry of Slidell spent Tuesday with Mrs. Becky Richardson, Chari and Laura.

Thursday, Mr. and Mrs. Tom Richardson, Chari and Laura visited Mrs. Anna Lee Fortenberry at Slidell. Chari Richardson visited with her cousin, Ethan Fortenberry.

Kim Richardson spent Sunday afternoon with Chari and Laura Richardson.

Mrs. Edith Richardson of Gainesville visited Sunday afternoon with Bill and Norma White, Tom and Becky Richardson, Chari and Laura. Other visitors were Mrs. Charlotte Fortenberry of Slidell and Don Richardson of Sherman.

Personal
Mrs. Laura Belle Jackson and Mrs. Jewel Dill were in Gainesville Monday.

Bible Study continues
The Bible Study in the home of Mr. and Mrs. Ted Jackson, sponsored by the Forestburg United Methodist Women, was well attended Tuesday. Everyone seemed to enjoy the study of the Book of Ruth. Rev. Larry Kruger is the teacher. Refreshments were served after the study.

The sad truth about CD's...

They can't give you 8.55%* tax-deferred.

A tax-deferred annuity from Prudential-Bache offers you the opportunity to watch your money grow without the impact of current taxes. And tax-deferred annuities are the only investment that provide you with safety of principal and tax-deferred competitive yields, guaranteed by the issuing company.

Unlike other investments you pay no current income tax. Instead, your money is busy earning 8.55% interest, without being reduced by taxes.

To find out more, just call or send in the coupon below.

*Interest rate guaranteed by the issuing company only for a specified period, subject to change without notice.

Prudential-Bache Securities, P.O. Box 31600, Dallas, Texas 75231
Attn: Richard L. Rogers, Vice President-Investments
817-665-7612, In Muenster 817-759-2725

Please send additional information on tax-deferred annuities.
